

Speaker Flinn: "The House will be in order. The Members will be at their seats. We'll be lead in prayer by Father Krueger."

Rev. Krueger: "In the Name of the Father, the Son, and the Holy Ghost Amen. O Lord, bless this House to Thy service this day. Amen. Abraham Lincoln said: As I would not be a slave, so I would not be a master. This expresses my idea of democracy. Let us pray. Almighty Father, Who hast endowed all mankind with the inalienable right to human dignity and freedom, grant that the members of this House of Representatives ever hold fast to Thy divine principles. Direct their thinking, O Lord, that they always consider that which is in harmony with Thy plan for humanity as they ponder and enact legislation that will effect the people of this State. May they establish a leadership, and an example, that will afford initiative to other legislative bodies to make this great nation a living witness to the principles of democracy and everywhere recognized as a champion of liberty and equality. Through Christ our Lord we pray. Amen."

Speaker Flinn: "Turn Representative Ropp on so we can be led in Pledge of Allegiance."

Ropp: "I pledge allegiance to the flag of the United States of America and to the republic for which it stands, one nation, under God, indivisible, with liberty and justice for all."

Speaker Flinn: "Introduction of First Reading."

Clerk Hall: "House Bill 2733. Committee on Elections. A Bill for an Act to amend the Election Code. First Reading of the Bill. House Bill 2734. Committee on Elections. A Bill for an Act to amend the Election Code. First Reading of the Bill. House Bill 2735, White. A Bill for an Act to amend the Retailers Occupation Tax Act. First Reading of the Bill."

Speaker Flinn: "Senate Bills, First Reading."

Clerk Hall: "Senate Bill 23, Sam Wolf. A Bill for an Act to

further to fluctuate certain compacts between the State of Missouri and Illinois made and entered into September 20, 1949. According to Bi-State Metropolitan Development District and Bi-State Developmental Agency. First Reading of the Bill. House Bill, or Senate Bill 142, Sam Wolf, McPike. Representative Capperelli, chairman on the Committee on Executive to which the following Committee Bill for introduction, House Bill 2736, action taken April 11, 1979."

Sharp
 Speaker Flinn: "Messages from the Senate."

Clerk Hall: "Messages from the Senate by Mr. Wright, Secretary."

Mr. Speaker, I'm directed to inform the House of Representatives that the Senate has passed Bills of the following title which the passage of which I'm ask concurrence: House of Representatives; to wit: Senate Bill 97, Senate Bill 265, Senate Bill 347 passed the Senate April 10, 1979, Kenneth Wright, Secretary."

Speaker Flinn: "Roll Call for Attendance. Chair recognizes Representative Madigan."

Madigan: "Mr. Speaker, would the record show the following excused absences. Representative Kosinski, because of the illness of his wife. Representative Katz because of legislative business. Representative Braun because of illness. Representative Schraeder because of illness. Representative Garmis because of legislative business."

Speaker Flinn: "If there's no objections the record will show it. Representative Ryan, do you have any excused absences?"

Ryan: "Yes, Mr. Speaker. Representative Oblinger for legislative business."

Speaker Flinn: "If there's no objections the record will show. On the Calendar in the order of Third Reading appears House Bill 573. The Sponsor desires to take it back to Second Reading for the purpose of amendment, I understand. Representative Ewing."

Ewing: "Yes, Mr. Speaker, just one moment please."

Speaker Flinn: "Before you get started there, the Clerk will take the roll on the Attendance Roll Call. Representative Ewing."

Ewing: "Mr. Speaker, this is House Bill 573, which is an attempt to straighten out the out of state withholding problem as far as audits for businesses and industries in the State of Illinois."

Speaker Flinn: "Representative Ewing, first I think we've got to ask for unanimous consent to take it back to Second. We haven't done that yet. Is there any object-

tion? There's no objection. House Bill 573 is back to Second Reading."

Ewing: "Mr. Speaker, I don't know if the amendment has been distributed."

Speaker Flinn: "I am informed that the amendment has not been distributed. Would you take that out of the record. Leave it on Second Reading. House Bills, Second Reading. On the Calendar under Second Reading appears House Bill 13. Representative Kelly. He's not on the floor, take it out of the record. House Bill 189, Bowman. Representative Bowman. Take it out of the record to request the Sponsor. House Bill 191. Representative Marovitz. Is he on the floor? Take it out of the record. House Bill 348, Representative Harris. Representative Bill Harris on the floor? Take it out of the record. House Bill 383, out of the record at the request of the Sponsor. House Bill 388, Representative Harris is still not here. Representative Winchester, did you want to handle that? Your hyphenated Cosponsor."

Winchester: "Mr. Speaker, are there any other amendments filed to House Bill 388? If not, I would like to move that on to Third Reading."

Clerk Hall: "House Bill 388. A Bill for an Act to establish a voluntary program whereby private forest landowners may earn sufficient monies to insure agreement perpetuation of scientific resource management of their forest land. Second Reading of the Bill. Amendment number one and two were adopted."

Speaker Flinn: "Are there any motions pertaining to these amendments?"

Clerk Hall: "No motions filed."

Speaker Flinn: "Are there any Floor Amendments?"

Clerk Hall: "No Floor Amendments."

Speaker Flinn: "Third Reading. House Bill 429, out of the record at the request of the sponsor. House Bill 472, Representative Kucharski. Representative Kucharski."

Read the Bill."

Clerk Hall: "House Bill 472. A Bill for an Act to amend the Illinois Housing Development Act. Second Reading of the Bill. No Committee Amendments."

Speaker Flinn: "Any Amendments from the floor?"

Clerk Hall: "Amendments number one, Mautino. Amends House Bill 472 on page three, line three and so forth."

Speaker Flinn: "Representative... who's amendment is... Representative Mautino, Gentleman from Bureau."

Mautino: "Thank you very much, Mr. Speaker. Speaker and Ladies and Gentleman of the House. Amendment number one is very simple. It says of that \$50,000,000 appropriated in this legislation, 50% of it will be spent in those counties for the population of over 3,000,000 and 50% of the money will be spent in those counties with lesser population than 3,000,000, and I would ask for your support on this particular amendment."

Speaker Flinn: "Representative Madigan."

Madigan: "Mr. Speaker, Ladies and Gentleman of the House. I do not plan to oppose the amendment offered by Mr. Darrow and Mr. Mautino, I simply wish to explain to both of them that if and when they sit down with the agency, they'll be told by the agency and by the most legitimate bond council in this state, that they are placing a provision in this Bill which will impinge upon the ability of the agency to sell his bonds and if this particular agency cannot sell his bonds, there will be no housing development and there will be no loan programming as proposed by Representative Kucharski's Bill. As I said, I don't plan to oppose the amendment, I understand the import of what you're attempting to do. I simply wish to advise you now of what you will be told at a later date and I might also suggest, that Representative Lechowicz who has traveled this route before can advise you just as well as I can. Thank you."

Speaker Flinn: "The chair recognizes Representative Kucharski."

Kucharski: "Yes, thank you, Mr. Speaker. Just to let the Sponsor of the Amendment to speak, I have to no objection to the Amendment though."

Speaker Flinn: "Representative Mautino, to close."

Mautino: "Thank you very much, Mr. Speaker. Ladies and Gentleman it may or may not be a valid point as brought out by the majority leader. I would like to bring to your attention that we are not attempting to amend the total appropriation at this time with this amendment. Total appropriation, I think, would be affected by the availability of bonding ratings if we were to do this on the \$800,000,000 appropriation for the agency. What we're talking about here is the \$15,000,000 amendment for housing, that is in addition to the bonding authority of \$800,000,000. I don't see that we would be in any way jeopardizing the ratings of the bonds for this particular agency, and I'd ask for your support."

Speaker Flinn: "The question is shall amendment number one be adopted to House Bill 472? All those in favor say 'aye', those oppose. The ayes have it. You wish the Roll Call? There are a number of people wishing Roll Call. Let's take a Roll on the thing. All in those in favor of amendment number one vote aye and those oppose vote no. Have all voted who wish to vote? Representative Lechowicz is recognized."

Lechowicz: "Thank you, Mr. Speaker and Ladies and Gentleman of the House. What Amendment number one is attempting to do is to provide that half of the money be distributed downstate, half of the money be distributed to counties over a million. I have no objection to that, but let me tell you we had meetings with Chapman and Culler last year at the First National Bank and they were quite hesitant the fact of making any outline of this distribution to provide the funds within the statutes because of the serious consequences of selling the bond. Now this is a new program, it's a program that's worked quite

successfully, thank God, in the city of Chicago, and I have no objection to the program, but I do think that you're seriously limiting the authority in the selling of bonds and I believe may I think that we're making a sad mistake by adopting this amendment not only in this legislation, but for IDA and the purpose that IDA was created. And I strongly encourage that the membership reconsider and vote no."

Speaker Flinn: "Is there any further discussion? Representative Mautino. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there are 68 voting aye, 30 voting no, and 16 voting present. And the amendment is adopted. Are there further amendments?"

Clerk Hall: "No further amendments."

Speaker Flinn: "Third Reading. Representative Greiman, for what purpose do you rise?"

Greiman: "Been a request for a Democratic conference that will take, I'm told, about a half hour in room 114, and I wonder if we could have a recess for that purpose."

Speaker Flinn: "Representative Ryan, is there any reason that the Republicans would want a conference at the same hour. I don't see Representative Ryan. OK, just one moment, we have a piece of business to take care of here first. Could I have the Members' attention please? I have the pleasure of introducing what we believe to be the oldest former member of the Illinois Legislature, former member of this House, Martin Lowman, who is 98 years old and soon will be 99."

Lowman: "Thank you Ladies and Gentleman. I'm mighty glad to be down here for a few minutes. I used to be here and I come down here and Governor Small. Shanahan was the Speaker in my day. I remember when I first came in here, a greenhorn, and one of the fellows introduce a Bill that cut the heel a size of a womans shoe. So we nick-named him... we named him heel, some shoe heel, something,

and do you know that doggone Bill got out of the Committee and got on the floor of the House and we had a heck of a time with it. High-heel Kirby, that was his name. High-heel Kirby. I want to tell you, I just want to take up a minute. Few minutes of your time, I know the House is busy, I know what it's all about, don't worry about that. But I wanted to give you a little of my career. Of my background.. Of my city of Pekin which is now a city of 35,000, I was city alderman four years. I was city clerk four years. I was city commissioner four years, and I spent 30 years right here in Springfield in the House and the Senate. Two years of that...two years also as Justice of the Peace. I was out of school at the age of 11. I worked ever since. My trade is a butcher. I knew how to ride a cattle pony and drive the cattle, and I knew how to skin them and I could tell a soup bone from a slaughter house snake very easily. Now I don't want to take up any more of your time, but I'm mighty glad to be here again. I drove through the darnedest rain you ever saw in your life to get down today, 66 miles, but we made it. Glad to be here. I don't know whether I'll be here before Christmas, but I do wish you all a Merry Christmas and a Happy New Year."

Speaker Flinn: "That's just great, just great."

Lowman: "Thank you very much for your time."

Speaker Flinn: "That Bill sounded more like it made more sense that some of them we got here today. The House will stand in recess for about a half hour for the purpose of a Democratic conference."

Speaker Madigan: "The House will be in order. The Members will be in their chairs. Representative Mautino will be seated. And where were we Mr. Clerk? Representative Jaffe, would you come to the podium? Representative Capperelli, Representative Kosinski, Representative

McAuliffe. Would Representatives Capperelli, Kosinski, and McAuliffe please come to the podium. And at this time I would like to turn over the chair to Representative Pullen for purpose of an announcement."

Pullen: "Thank you, Mr. Speaker. Ladies and Gentleman of the House I take very great pride in introducing to you today, the 1979 Class AA State High School Basketball Champions, the Main South Hawks from Parkridge, Illinois. Their slogan is 'We are the Hawks' and it's now 'We're number one' and boy are we proud of them. The coach who is with us today is the genius of strategy, Quitman Sullens, and he is assisted by coach George Burbur and I would like Mr. Sullen's to introduce the fellows."

Sullens: "Thank you very much. I don't know about the genius of strategy, but kids make you look good as a coach or bad as a coach and this is the case, these kids made me look very good and a super group of kids to work with. Starting down here is Jimmy Whalerwonder, manager, Tony Seans, taller fellow here Tim Luckler, Johnny Jitson, Mike McArthy, manager Joe Sonello, Chris Theodore, Brian Sir, Dave Hoshier, Dan Fiddler, Jay Highler, and our low point guard, Johnny Crawl."

Pullen: "Oh, Representatives McClain, the Gentleman from Adams, also known a Pussy."

McClain: "Thank you ver much, Madame Chairman, those of us from Quincy, Representative Marilou Kent and I heartily congratulate you. You did a tremendous job against I thought the best team in the state. We thought. And Mrs. Kent was there and I got to watch on the replay and Jay Highler and you're a heck of a ball player, Penny Pullen told us that eight or you're all very good in academics so that had something to do with you're defeating us. I'm sure because, I'm sure talent wise you're probably equal to us so you must have out thought us just a hair. But I congratulate you and Mrs.

Kent congratulates you."

Matijevich: "Nobody from Quincy's got brains, that's the truth."

Pullen: "Mr. Matijevich's, you are out of order sir."

McClain: "He sure has forgotten nominating for Speaker, he ought to keep his mouth shut."

Jaffe: "John, if they're like McClain, they don't have any talent either."

McClain: "I wish Mrs. Kent had gotten up. Thank you very much, congratulations to all of you."

Pullen: "Thank you."

Speaker Madigan: "Representative Van Duyne."

Van Duyne: "Thank you Mr. Speaker. I just wanted to give thema vote of thanks too. I won the pool."

Speaker Madigan: "Is Mr. Flinn in the chamber? Mr. Flinn."

Speaker Flinn: "On the Calendar under Second Reading appears House Bill 563. Take it out of the records. Request of the Sponsor. House Bill 625, Representative Chapman. Out of the record the request of the Sponsor. House Bill 665, Representative Kempiners."

Clerk O'Brien: "House Bill..."

Speaker Flinn: "Read the Bill please."

Clerk O'Brien: "6..."

Speaker Flinn: "Read the Bill. Representative Kempiners, you don't want to have the Bill, you want to..."

Kempiners: "Well, I would like to call Representative Darrow has an Amendment that was introduced and if it's been distributed, I'd like to call it but I don't know whether it's been distributed yet."

Speaker Flinn: "What's the number of the amendment?"

Kempiners: "Should be amendment number five."

Speaker Flinn: "It has not been distributed."

Kempiners: "Then let's hold it till next week."

Speaker Flinn: "Out of the record. House Bill 668, out at the request of the Sponsor. House Bill 750, Representative Skinner. Out of the record. House Bill 751. Read

the Bill."

Clerk O'Brien: "House Bill 751. A Bill for an Act to amend sections of an Act in relation to censng and operating railroads. Second Reading of the Bill. Amendment number one was adopted in Committee."

Speaker Flinn: "Are there any motions pertaining Amendment number one?"

Clerk O'Brien: "No motions filed."

Speaker Flinn: "Any Floor Amendments?"

Clerk O'Brien: "No Floor Amendments."

Speaker Flinn: "Third Reading. House Bill 794, Representative Matijevich. Representative Matijevich, House Bill 794."

Clerk O'Brien: "House Bill 794. A Bill for an Act to amend sections of an Act requiring certain types of Bills introduced in the General Assembly have provided a note indicating the fiscal effect thereof. Second Reading of the Bill. No Committee amendments."

Speaker Flinn: "Are there any Amendments from the Floor?"

Clerk O'Brien: "None."

Speaker Flinn: "Third Reading. House Bill 808, Representative Stuffle on the floor? Out of the record, request of the Sponsor. House Bill 816."

Clerk O'Brien: "House Bill 816. A Bill for an Act to amend secitons of the Senior Citizens Disabled Personal Property Tax Relief Act. Second Reading of the Bill. Amendment number one was adopted in Committee."

Speaker Flinn: "Are there any Amendments...motions pertaining to Amendment number one?"

Clerk O'Brien: "No motions filed."

Speaker Flinn: "Any Amendments from the floor?"

Clerk O'Brien: "No Floor Amendments."

Speaker Flinn: "Third Reading. House Bill 824, Representative Kelly. Out of the record. 826 out of the record, request of the Sponsor. 836, Representative Mahar."

Clerk O'Brien: "House Bill 836. A Bill for an Act to amend an Act in relation to State Revenue sharing. Second

Reading of the Bill. No Committee Amendments."

Speaker Flinn: "Are there any Amendments from the floor?"

Clerk O'Brien: "None."

Speaker Flinn: "Third Reading. House Bill 839, Representative Marovitz."

Clerk O'Brien: "House Bill 839. A Bill for an Act making an appropriation of the Capital Development Board. Second Reading of the Bill. No Committee Amendments."

Speaker Flinn: "Are there any Amendments from the floor?"

Clerk O'Brien: "None."

Speaker Flinn: "Third Reading. 884."

Clerk O'Brien: "No Floor Amendment?"

Speaker Flinn: "Third Reading. House Bill 1010."

Clerk O'Brien: "House Bill 1010. A Bill for an Act in regard to insanity defense. Second Reading of the Bill. Amendment number one was adopted in Committee."

Speaker Flinn: "Any motions pertaint to Amendment number one?"

Clerk O'Brien: "No motions filed."

Speaker Flinn: "Any Amendments from the floor?"

Clerk O'Brien: "No Floor Amendments."

Speaker Flinn: "Third Reading. 1032. House Bill 1032."

Clerk O'Brien: "House Bill 1032. A Bill for an Act to amend sections of the Game Code. Second Reading of the Bill. No Committee Amendments."

Speaker Flinn: "Any Amendments from the floor?"

Clerk O'Brien: "Floor Amendment number one, Rigney. Amends House Bill 1032 on the second page of line 8 and so forth."

Speaker Flinn: "Representative Rigney on the floor? I understand that the Sponsor had him in on the floor, but

table the one and adopt another Amendment. So we'll take this out of the record for the time being. House Bill 1047."

Clerk O'Brien: "House Bill 1047. A Bill for an Act to amend sections of the Park District Code. Second Reading of the Bill. No Committee Amendments."

Speaker Flinn: "Any Amendments from the floor?"

Clerk O'Brein: "None."

Speaker Flinn: "Third Reading. House Bill 1130."

Clerk O'Brien: "House Bill 1130. A Bill for an Act to amend sections of the River Conservancy Districts Act. Second Reading of the Bill. No Committee Amendments."

Speaker Flinn: "Any Amendments from the floor?"

Clerk O'Brien: "None."

Speaker Flinn: "Third Reading. House Bill 1165."

Clerk O'Brien: "House Bill 1165. A Bill for an Act to amend sections of an Act to revise the law in relation to township organization. Second Reading of the Bill."

Speaker Flinn: "Take it out of the record."

Clerk O'Brien: "Out of the record."

Speaker Flinn: "Request of the Sponsor. House Bills Third Reading. Before we go to Third Reading, let's go back to House Bills Second Reading, Short Debate Calendar. It's on page two. There are only three Bills at the top of page two. Oh I'm sorry, there are six of them here with some more. OK. House Bills Second Reading. Short Debate Calendar. Clerk will read the Bills. House Bill 66."

Clerk O'Brien: "House Bill 66. A Bill for an Act in relation to employment discrimination. Second Reading of the Bill. Amendment number one was adopted. This Bill has been read a second time previously. Amendment number one was adopted."

Speaker Flinn: "Are there any motions to the Amendment? Pertaining. Representative Terzich you desire the floor here?"

Terzich: "Yes. Mr. Speaker on House Bill 66 I move for adoption of Amendment number one. It's a technical error. All it does is it changes the, gives it proper spelling for employees from 'employes' to employees and this was recommended by the Legislative Reference Bureau, and I move for adoption of Amendment number one."

Speaker Flinn: "What is your pleasure, Representative Terzich?"

Terzich: "I move for adoption of Amendment number one."

Speaker Flinn: "Is there any discussion? If not, the question is shall we adopt the Amendment number one to House Bill 66? Those in favor say 'aye', those oppose say 'no'. The ayes have it. Any further Amendments?"

Clerk O'Brien: "Floor Amendment number two, Terzich. Amends House Bill 66 in section two by deleting 'employees' and so forth."

Terzich: "Well, again, this is a similar Amendment by the Stan Johnson from the Legislative Reference Bureau which simply corrects technical errors."

Speaker Flinn: "Representative Leinenweber are you asking for the floor?"

Leinenweber: "I'm not sure exactly what happened. It appears that Amendment number one was adopted in Committee was there a motion?"

Speaker Flinn: "I think it was and we went through the mechanics of doing it again."

Leinenweber: "Oh. OK."

Speaker Flinn: "It was on the Consent Calendar and we should have asked for permission to leave it on. I guess when we get done with the Amendments."

Leinenweber: "Right. I had to bring it back for this particular Amendment number two."

Speaker Flinn: "We're on Second Reading."

Leinenweber: "Right. So I want to adopt Amendment number two which is at the request from the legislative Reference Bureau put the Bill in proper order."

Speaker Flinn: "OK. Proceed. Is there any discussion on

Amendment number two? If not, all those in favor say 'aye', those oppose. The ayes have it, the Amendment is adopted. Any further Amendments?"

Clerk O'Brien: "No further Amendments."

Speaker Flinn: "Does the Gentleman have leave to leave the Bill on Second Reading, Consent Calendar? Third Reading, Short Debate, I'm sorry. Hearing none, we'll remain on Short Debate Calendar. 112. House Bill 112."

Clerk O'Brien: "House Bill 112. A Bill for an Act to amend the Illinois Marriage and Dissolution to Marriage Act. Second Reading of the Bill. No Committee Amendments."

Speaker Flinn: "Is there any Amendments from the floor?"

Clerk O'Brien: "None."

Speaker Flinn: "Third Reading. House Bill 158."

Clerk O'Brien: "House Bill 158. A Bill for an Act to amend sections of the Illinois Motor Carrier and Property Law. Second Reading of the Bill. Amendment number one was adopted in Committee."

Speaker Flinn: "Are there any Amendments from the...are there any motions pertaining to Amendment number one?"

Clerk O'Brien: "No motions filed."

Speaker Flinn: "Are there any Amendments from the floor?"

Clerk O'Brien: "No Floor Amendments."

Speaker Flinn: "Third Reading. House Bill 377."

Clerk O'Brien: "House Bill 377. A Bill for an Act to amend Sections of the Judgments Act. Second Reading of the Bill. This Bill has been read a second time previously. Amendment number one was adopted in Committee."

Speaker Flinn: "Are there any motions pertaining to Amendment number one?"

Clerk O'Brien: "No motions filed."

Speaker Flinn: "Are there any Floor Amendments?"

Clerk O'Brien: "Floor Amendment number two, Terzich. Amends House Bill 377 in paragraph A and D in Section 18F and so forth."

Speaker Flinn: "Representative Terzich."

Terzich: "Yes Mr. Speaker. Again, this at the request of Enrolling and Engrossing and the Legislative Reference Bureau, this Amendment corrects errors that were found in the Enrolling and Engrossing and it just adds semi-colons after 'or her' and after '19--' semi-colon and corrects the spelling of the word 'defendant' and simply technical Amendment and I move for adoption of Amendment number two."

Speaker Flinn: "Any discussion? Hearing none. The question is shall Amendment number two be adopted to House Bill 377? All those in favor say 'aye', those oppose. The ayes have it the Amendment is adopted. Any further Amendments?"

Clerk O'Brien: "No further Amendments."

Speaker Flinn: "Third Reading. Does the Gentleman have leave to keep the Bill on Short Debate? Hearing no... leave is granted. Hearing no objections. House Bill 523."

Clerk O'Brien: "House Bill 523. A Bill for an Act to amend sections of an Act in relation to the adoption of persons and repeal and Act therein names. Second Reading of the Bill. Amendment number one was adopted in Committee."

Speaker Flinn: "Are there any motions pertaining to Amendment number one?"

Clerk O'Brien: "No motions filed."

Speaker Flinn: "Any Amendments from the floor?"

Clerk O'Brien: "No Floor Amendments."

Speaker Flinn: "Third Reading. House Bill 655."

Clerk O'Brien: "House Bill 655. A Bill for an Act to amend Sections of an Act protifying the powers and duties of the Department of Mental Health and Developmental Disability. Second Reading of the Bill. Amendment number one was adopted in Committee."

Speaker Flinn: "Take it out of the record at the request of the Sponsor. House Bill 905."

Clerk O'Brien: "House Bill 905. A Bill for an Act to amend

sections of the School Code. Second Reading of the Bill. No Committee amendments."

Speaker Flinn: "Are there any amendments from the floor?"

Clerk O'Brien: "None."

Speaker Flinn: "Third Reading. On the Calendar under House Bills Second Reading, appears Bill 889. Has the Bill been read? Read the Bill."

Clerk O'Brien: "House Bill 889. A Bill for an Act to amend sections of the Code of Criminal Procedure. Second Reading of the Bill. Amendment number one was adopted in Committee."

Speaker Flinn: "Is there any motions pertaining to amendment number one?"

Clerk O'Brien: "No motion filed."

Speaker Flinn: "Are there any amendments from the floor?"

Clerk O'Brien: "Floor Amendment number two, Breslin. Amends House Bill 889 on page one between line 19 and 20 and so forth."

Speaker Flinn: "Representative Breslin. Representative Breslin that's your amendment. The lady wishes to withdraw the amendment. Are there any further amendments?"

Breslin: "Oh, oh, oh."

Speaker Flinn: "Withdraw. Are there any further amendments from the floor?"

Clerk O'Brien: "No further amendments."

Speaker Flinn: "Third Reading. House Bills Third Reading. Will be on priority call. Calendar priority call. We'll go right down the line starting with House Bill 95, Representative Deuster."

Clerk O'Brien: "House Bill 95. A Bill for an Act to repeal the requirement the County Superintendent of Schools maintain a list of text materials used in any school subject in his jurisdiction. Third Reading of the Bill. Representative Deuster."

Deuster: "Mr. Speaker, Ladies and Gentlemen of the House.

House Bill 95 as it was amended yesterday, accomplishes

two purposes. First of all, it repeals an obsolete requirement of the Illinois School Code that the Regional Superintendent of Schools maintain a list of all of the text material and educational material used in the schools. I introduces the original Bill at the request of my own Regional Superintendent of Schools, Bill Thompson of Lake County and I have in my hand a letter from the Superintendent, Regional Superintendent of Schools of Cook County, Richard Martwick, indicating that he too believes that that portion of the law is obsolete and should be repealed. Secondly, the Bill as it was amended yesterday, as you will remember from the debate on Second Reading, confities and guarentees the right of the public, any member of the public who's interested, to inspect text and instructional material used in the public schools. Amendment one to House Bill 95 provides that any member of the public may inspect all text and instructional material used in the public schools. That is a safe-guard, of course, to guarantee that the people and the taxpayers have a right to know to look at the text materials if they're interested and that's what the Bill does. I'd be happy to answer any questions. I think it is a simple Bill and a good Bill and deserves your support."

Speaker Flinn: "Any further discussion? If not, the question is shall House Bill number 95 pass? Those in favor vote aye, those oppose vote no. Have all voted who that wish? Have all voted that wish to vote? The Clerk will take the record. On this question there are 117 ayes, 14 voting no, and 14 present. The Bill having received the Constitutional Majority is hereby declared passed. House Bill 148, Representative Deuster. Read the Bill first."

Clerk Hall: "House Bill 148. A Bill for an Act to amend sections of the Illinois Marriage and Dissolution of

Marriage Act. Third Reading of the Bill."

Speaker Flinn: "Representative Deuster."

Deuster: "Mr. Speaker, Ladies and Gentlemen of the House.

House Bill 148 came out of the Committee unanimously.

It's a very simple Bill. I believe it was on the Consent Calendar. All that it does is add one word to the Illinois Marriage and Dissolution of Marriage Act, to make sure that where there is a divorce or dissolution of marriage, the county clerk does not have an obligation or duty to send the certificate all over the United States to the different states. The law now says that they should that this should be sent to... pardon me, the law now provides that this would be sent to the department which means the Department of...forgot the Department. And it simply inserts the word in front of the department 'Illinois' so that we know that there duty is just to send the record to the Illinois Department of Public of Health, I'm sorry. All it does is add the word 'Illinois'. The county clerk, circuit... clerk of the Circuit Court in Lake County asked that this Bill be introduced and the clerks support it. Very simple, and I would urge your support for the Bill."

Speaker Flinn: "Is there any further discussion? If not, the question is shall House Bill 148 pass? Those voting...Those in favor vote aye, those oppose vote no. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there are 149 ayes, 0 nays, 0 voting present and the Bill having received the Constitutional Majority is hereby declared passed. For what purpose does the gentleman from Cook, Representative Capperelli arise?"

Capperelli: "Yeah. I would ask leave of the appropriate rules at the House Executive Committee to meet in the Speakers Office while we stay in session. We got caught in a twist on one Bill which we have to clear

so it will be heard next week."

Speaker Flinn: "The Gentleman has asked leave to suspend the appropriate rules so that the, his Committee can hold a short session in the Speakers Office while we're still in session. Is there leave? Hearing no objection the leave is granted."

Capperelli: "Will you all report to the Speakers Office? Thank you."

Speaker Flinn: "House Bill 14. 14. Representative Daniels Bill. Read the Bill."

Clerk Hall: "House Bill 14. A Bill for an Act to amend sections of the Illinois Municipal Code. Third Reading of the Bill."

Speaker Flinn: "Representative Daniels."

Daniels: "Mr. Speaker, Ladies and Gentlemen of the House. House Bill 14 requires that the corporate name of a municipal water commission be an appropriate name indicative of the area involved. It also requires that the corporate authorities of each municipality belonging to a¹ water commission approved by Resolution the decision of the water commissioners to accept new members by a majority of those members. Representative Walsh had an A¹ Amendment to the Bill which was a relatively simple^P Amendment applying to his area alone and I would move for adoption and passage of this Bill."

Speaker Flinn: "Is there any discussion? If not, the question is shall House Bill 14 pass? Those in favor vote aye, those oppose vote no. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there are 140 voting aye, 0 voting nay, and 1 voting present and the Bill having received the Constitutional Majority hereby declared passed. Add Farley to those among yes. Representative Farley, in order to vote yes, you must sign a slip down in front I forgot about the rule change. House Bill 311."

Clerk Hall: "House Bill 311."

Speaker Flinn: "Out of the record. The request of Sponsor.
House Bill 329."

Clerk Hall: "House Bill 329. A Bill for an Act to amend
sections of the Senior Citizens and Disabled Persons
Property Tax Relief Act. Third Reading of the Bill."

Speaker Flinn: "Representative Kornowicz. Take it out
of the record. House Bill 413. Out of the record.
House Bill 420, out of the record. House Bill 675.
Read the Bill."

Clerk Hall: "House Bill 675. A Bill for an Act to regulate
the practice of public accounting and to repeal certain
Acts therein. Third Reading of the Bill."

Speaker Flinn: "Representative Brady."

Brady: "Yes, Mr. Speaker and fellow Members. We started to
discuss this Bill before. It's a continuing education
Bill for certified public accountants only. The
Certified Public Accountant Society has asked for this
Bill to be mandated by the Department of Registration
and Education. I urge your favorable support."

Speaker Flinn: "Any further discussion? Representative
Walsh."

Walsh: "Well Mr. Speaker and Ladies and Gentlemen of the
House. In spite of the excellent sponsorship of this
Bill, I rise to oppose it because in my view it is
probably one of the worst Bills that we will have before
us in this session of the legislature. It indicates
a new philosophy that I'm afraid might be taking hold
that we ought to look into very carefully for the
benefit of our constituents. And that is the question
of continuing education for professions and trades
for licensed people. We have some 85 or 90 licensed
trades of professions in this state. This is the
first effort to provide for continuing education. I
suppose that if this is successful, that we'll have
many others. Now what continuing education means, Mr.
Speaker and Ladies and Gentlemen of the House, is that

the association to which these people who are licensed belong, provides for rules and regulations by which their membership remains licensed and they use the state as the enforcing arm. Now that's purely and simply, Mr. Speaker, an effort to control the number who are practicing that profession. In this case public accounting. Now when the numbers are controlled that means they're reduced, that means there are fewer of these people available to offer these services to your constituents. I noticed that this Bill passed the Veterans Affairs Regulation and Reg. and Reg., whatever that is, Committee 12 to zip. Now, it was placed on the Consent Calendar. Someone wisely, not I, removed it from the Consent Calendar and it should have been removed from the Consent Calendar. I submit to you that at that meeting and I was not there but I might as well had been. I'll tell you what happened. There was a witness from the Department of Registration and Regulation, there was a witness from the Association that is interested in this, and there were no other witnesses. And you know why there weren't any other witnesses, because the only people against this are, should be the people. And the Committee laid down and said, 'Well since there's nobody against this, it must be good, let's pass it out'. Well I submit to you that it isn't any good and if you are doing your job as Representatives of the people, then you ought to dismiss this out of hand. I must say that the Committee in this instance, is almost guilty of misfeasance. They're not the only Committee, unfortunately, that is guilty of this, but the Committee ought to, and all Committees ought to take into consideration what is right for the people. What this thing does is limit the number of people that will be in public accounting and therefore, drive the prices up for the services that your constituents need. I think you ought to be able to see that.

it's as clear as the nose on your face, and I urge you to vote no on this Bill."

Speaker Flinn: "The chair, the chair recognizes the Gentleman from McHenry, Representative Skinner."

Skinner: "Yes, Mr. Speaker and Members of the General Assembly. I don't rise to attack the Committee that voted this Bill out of it, but I would point out that there are 6533 public accountants, certified public accountants and there are about 20,000 lawyers in the state. Now there are few enough CPA's in the state that we should be trying to limit their number and that is essentially what this Bill attempts to do. It's saying that any CPA that doesn't want to spend whatever time the Department of Registration Education decides is required for "continuing education" won't be allowed to practice. Now licensing has traditionally been a way to limit competition. Certified Public Accountants are probably one of the most exclusive licensed professions in the State of Illinois. It's harder to become a CPA in this state than it is to become a lawyer. The test is tougher. More people fail it than fail the Bar. I don't think that we need to impose more restrictions on CPA's than already exists. I don't think it's going to make a CPA a better CPA to be forced to go back to school. It just seems to me that we are attempting in Illinois and have been for about the last 50 years, to turn back the clock several centuries. We're attempting to recreate in Illinois the medieval guild system. Pretty soon, everyone is going to have to belong to a guild or licensed profession. And I would expect to see soon a licensing procedure for politicians. I believe that Jack Mabley has suggested such a proposal and my seat mate Representative Mahar has counter suggested that we should also have a licensing procedure for reporters. Now eventually, you get to some profession for which it makes no sense whatsoever to have a license."

Perhaps it will be garbage collectors that will be next. One just doesn't know. And it seems to me that we ought to kill this trend as Representative Walsh so pointedly said in the beginning. And I would hope that we would defeat this Bill as well as virtually every other licensing proposal that comes before this General Assembly. We need to encourage competition not stifle it."

Speaker Flinn: "The gentleman from Cook, Representative Conti is recognized."

Conti: "Mr. Speaker and Ladies and Gentleman of the House. I couldn't agree more with my former colleague, Representative Walsh. This Bill I have an awful lot of concern over because I know there are several Bills along with this Bill for continued education. Now I've got 40 employees as a real estate broker and I, not as mandated by the state do send 10 to 12 of them to school every year. And I've noticed that these private schools where they used to give \$65 courses, are now charging as high as \$350. It cost us over \$35,000 for continued education for my salesman, but if the state starts mandating this now I could see where these private schools are going to have a field day with their fees. This is just one of many Bills that will be coming out for continued education and mandating various professionals, professional institutions to continue this education and I think that this would setting a dangerous precedent and I want to call out the attention spoken mostly to most of the attorneys in the House. That anybody that's been an attorney for more than 10 years, I defy them to take the Bar examination tomorrow morning and see if they can pass it."

Speaker Flinn: "The gentleman from Cook, Representative Mugalian is recognized."

Mugalian: "Will the Sponsor yield to a few questions?"

Speaker Flinn: "He indicates he will."

Brady: "Mr. Speaker."

Speaker Flinn: "Yes."

Brady: "I don't want to take up the time of the House.

Obviously we discussed this before and the Members just didn't feel this way. Something must have been miscommunicated. Why don't we take it out of the record and see if we can straighten it out. Thank you, Mr. Speaker."

Speaker Flinn: "I think the Gentleman has a right to take it out of the record we are not on Roll Call so we'll take it out of the record, request of the Sponsor. Representative Leinenweber, what do you, purpose do you rise?"

Leinenweber: "Well I'm not sure exactly what the purpose other than to make a comment on what Representative Skinner said relevant to the Bar exam being allegedly easier than a CPA exam because more CPA's flunk their test than lawyers flunk the Bar test. Lawyers are smarter."

Speaker Flinn: "House Bill 529."

Clerk Hall: "House Bill 529. A Bill for an Act to make an appropriation to the Department of Transportation. Third Reading of the Bill."

Speaker Flinn: "Representative Schisler back there? I don't see him. Take it out of the record, he's not back there. House Bill 162."

Clerk Hall: "House Bill 162. A Bill for an Act to amend sections of the Illinois Vehicle Code. Third Reading of the Bill."

Speaker Flinn: "Representative McAuliffe, you want your Bill here 162? Take it out of the record. House Bill 192."

Clerk Hall: "House Bill 192. A Bill for an Act to amend sections of the Nursing Home Sheltered Care Homes and Home for the Aged Act. Third Reading of the Bill."

Speaker Flinn: "I don't see Representative Marovitz on the floor either. Take that out of the record. House Bill 203. Representative McMaster, you want the floor

before we read the Bill? He'd like the... Representative McMaster's recognized."

McMaster: "Mr. Speaker, I'm a little bit concerned, I don't see Representative Harold Katz on the floor. These Bills are in regard to the emergency phone number system in the state and I don't wish to call them if Mr. Katz is not here."

Speaker Flinn: "He's been excused. Take them out of the record. House Bill 203 ad 204, out of the record. House Bill 219. Representative VonBoeckman back there? Out of the record. House Bill 308."

Clerk Hall: "House Bill 308. A Bill for an Act creating the Commission on Urban Education. Third Reading of the Bill."

Speaker Flinn: "Representative McCourt. Representative McCourt is recognized."

McCourt: "Mr. Speaker and Ladies and Gentlemen of the House. House Bill 308 continues the existence of the Commission on Urban Education as a continuing legislative commission. There unique differences exist in urban education such as the verse learning, learning styles, multi ethnic background of the student population. And this necessitates the existence of such a commission. The commission was originally a established in 1972 and worked closely with the Office of Education and I solícite your affirmative vote. Thank you."

Speaker Redmond: "Representative Leinenweber."

Leinenweber: "I have great respect for the sponsor of this Bill but unfortunately, this Bill was heard in Executive Committee and on the same day that we considered a great number of sunset Bills, which indicated that the feeling of the Members of the General Assembly is that these Commissions are to have some limited life existence so that they wouldn't go on forever and ever when one of these is created. The sponsor of this Bill put what I thought was a rather incredible Amendment on this Bill

and that was to remove the deadline for this particular Commission to go out of existence. So if we pass this Bill, not only are you extending the life of a commission which has already been extended two or three times, but you're going to give it perpetual existence. This thing will be with us for the next generation. Perhaps even longer. I think it's time, either have the Sponsor take this back and put a deadline so it a sunset provision on this Bill so it will at least be consistent with the other actions we're taking or maybe it should be killed outright. I'm not familiar with the work of this commission. I don't know what it's been doing for the last several years. I don't know what impact it's had. It hasn't made much on me obviously. But I don't think that we ought to pass this Bill in this particular form at this time when we're been so concerned about sunset. We're going to create this thing and give it perpetual existence which is a bad policy and therefore I urge a no vote."

Speaker Redmond: " Representative Bullock."

Bullock: "Mr. Speaker and Ladies and Gentlemen of the House.

I'd like to say that I'm a relatively new Member of this commission and I certainly would like to be given an opportunity to join with Representative McCourt and others to undertake a federal hearing and assessment of urban education and the matters relative to urban education in terms of a teacher certification in terms of pension. We all know that many local governments and units of local governments today are finding it rather difficult to function on the air of uncertainty due to state funding and federal programs and state mandated programs. I think the Urban Education Commission serves a useful purpose and I think that if you extend the life a little bit that Representative McCourt and other members of the commission will come forth to this legislative body with

types of programs that you can support and I think you ought to give it chance to operate and I certainly would urge that you give it a favorable vote and I'm sure you're doing yourselves great honor by allowing this Commission to do its job."

Speaker Redmond: "Representative McCourt to close."

McCourt: "Mr. Speaker and Ladies and Gentlemen of the House.

This commission has an annual appropriation never exceeding \$10,000 and if at any time if the feeling of the General Assembly that the commissions is not needed, all they have to do is cease appropriating any funds for it. So I solicit your favorable vote. Thank you."

Speaker Redmond: "Question is shall this Bill pass? Those in favor vote aye, oppose vote no. Have all voted who wish? Have all voted who wish? Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there's 78 aye and 59 no. Representative McCourt."

McCourt: "Would you put this Postpone Consideration please?"

Speaker Redmond: "Gentleman requests it postpone consideration. 460."

Clerk Hall: "House Bill 460. A Bill for an Act to require issuance of credit memoranda within 30 days under the Used Tax Act. Third Reading of the Bill."

Speaker Redmond: "Representative Bradley. Wanted to tell you that starting next week it's the intention of the chair to go to the order of priority and then when we come back in we will take, on Third Reading, we will take up where we had left off. Now the effect of that is that if you take something out of the record, we may never get back to it. So I would suggest that everybody be ready when there Bill is called. That's in the rules. We go on priority of call and if you take it out of the record we may not get back there. We've got 2700 Bills to do in the next couple of weeks. Representative Bradley."

Bradley: "Well with that in mind then, Mr. Speaker, I will go ahead with House Bill 460. And what House Bill 460 is it addresses itself to a problem that many retailers in the State of Illinois have with the Department of Revenue. The Department on, of Revenue notifies the retailer when he owes a tax liability to the state rather immediately. However, on the other side of the coin on occasions where a retailer would go from a \$10,000 a month plus tax liability to a \$5,000 plus, there are occasions where the Department of Revenue does not notify the retailer that he does have a credit to his account and actually then, bills the retailer at a higher amount or sometimes for as much money as that retailer may have a credit with the state. It put some retailers to a tremendous disadvantage in so far as the amount of money that must be deposited with the state. So what we're simply asking here is that the state notify within 30 days of a credit that is coming to the retailer the same as they are doing when there is a debet so that the retailer will not have to, in some occasions, go to the bank, borrow money to pay those taxes. It also has an amendment that Representative...Marylou (Kent) has put on that maybe she would like to address herself to that amendment, but I, that's what the Bill originally does and I would ask for the support of the House."

Speaker Redmond: "Representative Kent."

Kent: "Thank you Mr. Speaker and Members of the House. The amendment that has been placed on 460 will deaccelerate the sales tax payment, therefore; giving him 30 days to make their report and this too, will enable them to be on a cash flow basis where they don't have to borrow money to have that money in ahead of time. I urge your support on this Bill."

Speaker Redmond: "Representative Friedland."

Friedland: "Thank you Mr. Speaker and Ladies and Gentlemen of

the House. The sponsor of this measure if 100% correct. It's an excellent measure to help the over-burdened business man, large and small. I urge your favorable consideration of this issue."

Speaker Redmond: "Any further? Representative Johnson. Representative Bradley, do you want to close?"

Bradley: "Mr. Speaker, just in closing in response to Representative Kents remark. She's absolutely correct and if you look at the bank check balance that we have now in the State of Illinois as we receive those statistics from the auditor, we're in much better shape financially than we were when we had those speed up attacks. So I concur her amendment and ask for an aye vote on the Bill."

Speaker Redmond: "Question is shall this Bill pass? Those in favor vote aye, oppose vote no. Have all voted who wish? The Clerk will take the record. On this question there's 148 aye and 0 nay and the Bill having received the Constitutional Majority is hereby declared passed. 565. Representative Conti."

Clerk Hall: "House Bill 565. A Bill for an Act to amend sections of an Act to establish Appellate Courts. Third Reading of the Bill."

Speaker Redmond: "Representative Conti."

Conti: "Mr. Speaker and Ladies and Gentlemen of the House. In lieu of what you, of the announcement you made, Mr. Speaker. In lieu of the announcement what you made before, if I pull this Bill, or hold this Bill back, does that mean I may not be able to get a chance to get it called again or is that next week?"

Speaker Redmond: "Well that would be, the intention is to try to give everybody a chance..."

Conti: "Well Mr. Speaker, what I'm trying to say is I'm offering the courtesy to the other side of the aisle to look at this Bill and to see what they want to do with it as far as any Amendments are concerned, and I

agreed that I would hold it. But in lieu of what you said before, if I pass this Bill up now, does that mean I may not get the possibility of calling it again?"

Speaker Redmond: "I would think there is a possibility that it may not be called. I think it's kind of remote at this stage of the game, but Third Reading is not that big right at the moment. Representative Madigan."

Madigan: "Mr. Speaker, I'm with Representative Conti privately that we will work with him on this Bill and I wish to offer that assurance publicly at this time that I Have an answer for you next week Elmer."

Speaker Redmond: "Representative Conti."

Conti: "I'm wondering whether I can get the Bill called next week. He says no."

Speaker Redmond: "I think with the Calendar with the shape that it's in now, we probably will get back to it. What I'm trying to say is that when we have six and seven and eight and nine pages of Third Reading, the chances of going back I think then will be pretty remote."

Conti: "Mr. Speaker, I'll hold the Bill up and take my chances."

Speaker Redmond: "OK. 580."

Clerk Hall: "House Bill 580."

Speaker Redmond: "580."

Clerk Hall: "A Bill for an Act to amend sections of the Illinois Vehicle Code. Third Reading of the Bill."

Speaker Redmond: "Representative Neff."

Neff: "Thank you Mr. Speaker and Ladies and Gentlemen of the House. House Bill 580 is sponsored by the Motor Vehicle Laws Commission to correct an error that we made in 1975 in passing House Bill 1252 which increased the fees for all recreational vehicles and unfortunately the recreation trailers were also included in this increase. What we were trying to do was to raise the prime abusers of the bin fee on the pick-up trucks and vans which the RV place, not the RT place. As we know, all our T plates are towed by a licensed vehicle which is already paid as

flat rate for the privilege of using our roads and therefore, they are paying another tax besides this. Now I want to make sure also that everybody understands the difference between an RV plate and an RT plate. An RV plate is a motorized self-contained unit. Most of the RV plates are nothing more than vans or pick-up trucks with camper shells inserted the bed of the truck. We attempted to rectify this last year with House Bills 31, 32. It passed the House by 132 to 8 votes however, we all know what the fate of our Bills was when it went over to the Senate Rules Committee and it was never heard in the Senate. This legislation has been approved by the Secretary of State, the State Police, the Department of Transportation and the Motor Vehicle Laws Commission. I would solícite a favorable support on House Bill 580."

Speaker Redmond: "Any discussion? Representative Conti, you seeking recognition? You're flashing. Question is shall this Bill pass? Those is favor vote aye, those oppose...Representative Dunn, pardon me. Representataive John Dunn."

Dunn: "Thank you Mr. Speaker. I really wanted to ask a question according to the Roll Call, I guess I won't do that."

Speaker Redmond: "Have all voted who wish? Clerk will take the record. On this question there's 116 aye and 2 no and the Bill having received the Constitutional Majority is hereby declared passed. 617."

Clerk Hall: "House Bill 617. A Bill for an Act to amend the Illinois Highway Code. Third Reading of the Bill."

Speaker Redmond: "Representative Van Duyne. Representative Bradley, Representative Ryan, Representative Madigan, I can't see Representative Van Duyne."

Van Duyne: "Thank you, thank you Mr. Speaker."

Speaker Redmond: "Parliamentarian. Proceed. Representative Daniels, pardon me."

Van Duynes: "Presently under Illinois law, the law mandates that...

Speaker Redmond: "...needs a haircut. Go ahead."

VanDuynes: "County Superintendent of Highways is mandated for a six year contract. And I consider this to be an unnecessary restriction on the authority and the function of the County Board and this Bill, since the, makes it just a little bit more simple in that it gives the County Board a discretion liability to belong and it allows them to negotiate with the asperit for the job for the terms of a minimum of two years to provide the continuity of the office up to a maximun of six years in result. The County Boards have to hire and pay these people and more important ant put up with them for the term of their contract so I think it follows that they should play a permanent part in determining the length of their contract. It came out of the County and Twonships Committee 11 to 1. I ask for an aye vote. Thank you."

Speaker Redmond: "Representative McMaster."

McMaster: "Mr. Speaker, Ladies and Gentleman of the House. For your information I urged the no vote on that Committee. Let me explain something to you. Superintendent of Highways at the County level is an educated man a professional man, to ask him to move from one end of the state perhaps to the other end, in order to be employed by a specific county as a County Highway Sup. and to be in the position of moving for two years, for two a year period I think is very unfair to that kind of an individual. I certainly feel that we have had no problems currently with a six year term for a County Highway Superintendent and I don't really know why we want to change it. I do know that one of the lobbyists for county people appeared at the Committee hearing and registered in support of the Bill, but he also made the remark that it was certainly not one of their more important Bills that they were working

on this year. I certainly feel that to be fair and to maintain a good County Highway program, that you should go ahead and hire your County Highway Superintendents for a period of six years and I think it's very unfortunate, I don't like to oppose Leroy on a Bill, but unfortunately, this is one that I do not believe in and I would appreciate a no vote."

Speaker Redmond: "Representative Kane."

Kane: "Would the Sponsor yield to a question?"

Speaker Redmond: "He will."

Kane: "Under the present law in which County Highway Superintendents are given six year terms, what are the provisions for removing that Highway Superintendent in less than a six year term?"

Van Duyn: "Doug, if you're asking me the question, I presume, and I really don't know, but I presume that it's no different than any other contract signed by two people agreeing in that he's got to do something wrong. There's got to be some kind of a cause before his contract could be revoked and I think even more specifically, that would be written in the terms of his contract."

Kane: "Mr. Speaker, Ladies and Gentlemen of the House. I rise in opposition to this Bill. I think that given the kind of condition that our county highways are in, that we need to be able to get the best qualified individuals to serve in that position as possible. Two years is too short a time to make a dent on county highways. It doesn't allow a new county engineer the time to put together an overall plan for the improvement of the highways in the county. I think that six years is a good period of time. It has worked well in the past. There are provisions in the statute for the removal of a County Superintendent of Highways if he does not his job well. And I would urge the defeat of this Bill."

Speaker Redmond: "Representative Robbins."

Robbins: "Mr. Speaker and Members of the House. I urge the passage of this Bill to allow the County Board the flexibility that you do in other contracts. The fact that a man can initiate a contract for two years or he can initiate a contract for six years and the County Board can go along with whatever contract they want to do. I think it's time we returned a little bit of the freedom back to the people, say 'You've got to do this of you've got, or you can't do nothing'. Let's give a man an opportunity to work for two years and it may be lesser salary and go in and increase his salary after he's shown a new term of a new County Board of his capability instead of freezing him at six years on a lower salary. This law does not keep the County Board from issuing a six year contract. You can have a six year contract under this law just as you have now. If the man has a good program and wants to keep it going, but give the County Board and the man that is working as a Highway Superintendent the right to do what they think is right. Thank you."

Speaker Redmond: "Representative Skinner."

Skinner: "I have a question of the Sponsor. I would like to know why this Bill is necessary? Why isn't working now?"

Speaker Redmond: "Representative Van Duynes."

Van Duynes: "Cal, I don't know why it's necessary either, but I just think, I can ask you, answer the question by asking you one. Why is it necessary, or why is it mandated by the State of Illinois that any one individual, and the only one in the whole state that I know of that is ordered to give, by the state to the County Board to give a man a six year contract. Even our own administrator of the Department of Transportation for the whole state is not mandated to give a six year contract. I do not have a six year contract, neither do you. No one else in the state that I know of is mandated, I don't even

know how to say it, is mandated to have a six year contract. It's the usurpation of the County Boards authority. It give the County Superintendent of Highways a ax or club to hang over the head of the County Board. They become lackadaisical. They become unresponsive and in some case irresponsible. And I'm going to tell you something else, there is no way that you can fire a man with a six year contract unless you practically catch him at the airport with money hanging out of all pockets that belongs to the county. And you know that and I know that. I have no special vendetta against anybody accept from the philosophical point of veiw, that I just pointed out to you. And I want to also point out to you that my County Superintendent of Highways has just signed, last month, a six year contract. So this is no vendetta against him. I think that it is absolutely unreasonable for the state to mandate to a County Board which is charge with the responsibility of paying these people, hiring them, and overseeing them, and they're the people that are suppose to be responsible to the people in that county to make sure that those roads are maintained and cared for properly and I think it's an unnecessary restriction on their obligation to the people. And as I say, it's no big deal, but some of the people seem to be a making the big deal. The only people that I know of that are against this Bill is 102 people, the County Superintendents of Highways. If you think that there are not, is not supporting this Bill, ask your County Board members."

Skinner: "Mr. Speaker, I haven't had contact with any of the County Superintendents of Highways in the state, and I likewise have had no, I've had no problem with any of the County Superintendent of Highways in any of the five counties I represent. They all seem to be highly professional people. And I just don't see a reason for

the Bill. I don't think the case has been made by answering the question, 'Why is this Bill needed' with the counter question, 'Well, why isn't it needed'. It's up to the person proposing the change to make the case for the change and I don't think that case has been made."

Speaker Redmond: "Representative Ewing."

Ewing: "Mr. Speaker, I move the previous question."

Speaker Redmond: "Question is shall the main question be put?"

Those in favor say 'aye' aye, oppose 'no'. The ayes have it. Motion carried. Representative Van Duyne."

Van Duyne: "Thank you, Mr. Speaker. I'd just like to make two more points if I could. You take the situation where the case of a young engineer just out of college and is looking for a job of this nature. Now, County Boards being what they are, they're very conservative usually, and I think in the six year mandate actually discriminates against the young engineer. Really, most County Boards that I know would not hire a young fellow who is untried for a six year period. They are in, more or less, eliminating him for some kind of consideration. Also, I'd like to point out as Robbins did previously that this does not mandate that the man is regimented' to a two year term. If he's a decent County Superintendent of Highways, he still can get his six year contract. He can also get a five year contract. He can get a four year contract. He can get a three year contract and the minimal qualifications are he can get a two year contract within which to insure continuity. And I think it's a logical, reasonable approach and I just simply ask you for an aye vote."

Speaker Redmond: "Question is shall this Bill pass? Those in favor vote aye, oppose vote no. Have all voted who wish? Have all voted who wish? Have all voted who wish? Clerk will take the record. On this question there's 65 aye and 73 no. The Bill having failed the received

Constitutional Majority is hereby declared failed.

638. Lost, lost, lost."

Clerk O'Brien: "House Bill 638. A Bill for an Act to amend sections of the Public Community College Act. Third Reading of the Bill."

Speaker Redmond: "Representative McGrew."

McGrew: "Thank you Mr. Speaker and Ladies and Gentlemen of the House. House Bill 638 is I think very simple in its report. What it does is take the State Superintendent of Public Instruction off of the Community College Board and adds a member appointed by the Governor this is in keeping with procedure that we have done with all the rest of the boards, by removing him. The only purposed that he served was some sort of a coordination and that has been taken care of by the Joint Committee on Education that passed the House in 1975 and it is now in session. I ask for its adoption."

Speaker Redmond: "Any discussion? Question is shall this Bill pass? Those in favor vote aye, oppose vote no. Have all voted who wish? Clerk will take the record. On this question there's 141 aye and 4 no and the Bill having received the Constitutional Majority is hereby declared passed? 654. Representative Sandquist."

Clerk O'Brien: "House Bill 654."

Speaker Redmond: "Out of the record. 672."

Clerk O'Brien: "House Bill 672. A Bill for an Act creating the Illinois State Fair Authority. Third Reading of the Bill."

Speaker Redmond: "Representative Kane. Out of the record. 704."

Clerk O'Brien: "House Bill 704. A Bill for an Act to amend sections of the Illinois Pension Code. Third Reading of the Bill."

Speaker Redmond: "Representative Terzich."

Terzich: "Yes Mr. Speaker. House Bill 704 amends the General Assembly Retirement Article of the Pension Code."

It extends from December 1, 1977 to December 1, 1979, the cut off date for when a Member may resend his election not to participate in the General Assembly retirement system. This Bill has been approved by the Pension Laws Commission. The cost of this proposal has been anticipated in the funding requirements of the system, thus, no additional cost would be involved, and I would urge your favorable support."

Speaker Redmond: "Representative Conti?"

Conti: "Mr. Speaker, will the sponsor yield to a question?"

Why should there be an arbitrary cut off date on it if they can opt do it anytime they want to pay the amount, why should you have a cut off date on it?"

Speaker Redmond: "Representative Terzich."

Terzich: "Alright, yes Mr. Conti. This is normally the recession type for Amendments now to be honest with you I don't know why they always amend a different system, but it's normally..."

Conti: "No, Bob, what I'm saying is you've got a date, a cut-off date of December 1, 1979. Now if somebody wants to opt into this thing, in 1983, 1985, why should you arbitrarily have a cut off date on it. As long as they're willing to pay the amount, it's not going to cost the state anything. As long as there willing to pay the amount into the system, why do you have a cut off date?"

Terzich: "Again, I personally, I don't know why they have a continuous cut off date because normally all of the systems do come in, they do request for a recession of the opportunity to reconsider. Now why they have that date Representative Conti, I really couldn't answer that."

Speaker Redmond: "Representative Getty."

Getty: "Mr. Speaker, will the Gentleman yield for a question?"

Terzich: "Yes."

Getty: "Mr. Terzich, if somebody were to have taken their money out ten years ago and now be a member and wish to go back in, say they had \$100,000 that they had pre-

viously accumulated and they'd have to put back in."

Terzich: "You're being generous."

Getty: "At what rate would they put the money back in. What would be the rate of interest?"

Terzich: "The rate that they are actuarially assuming which is based upon actuarial assumption provided by the actuary, is normally four or five percent. Which would generally reflect what the interest rate would be had the money been invested in the pension systems."

Getty: "Do you mean the pension fund is only earning four percent?"

Terzich: "I said an actuarial assumption. There are some systems that may earn more. Some may earn less depending upon their investments."

Getty: "Alright now, at this time, do you know what the current money market rate is? Current prime interest rate?"

Terzich: "Well that's a prime interest rate. You have to appreciate that not everybody can earn prime interest rates. I know the prime interest rates are quite substantial and I know that a many, many bankers, including the one that I had my money in the bank in doesn't even pay me that. I get six percent I think."

Getty: "Well, do you know any place where you could borrow money at four percent?"

Terzich: "The actuary assumes a percentage and the reason for this is that their assumption on the percentage is on an average. Like I say, they may be high, they may be low. The prime interest rate may be high today it may be low tomorrow. The interest that they earn on there systems may be five years ago or ten years ago may have been only three percent. So they came out with an actuarial assumption."

Getty: "Well, Mr. Speaker and Members of the House. I'd like to address the Bill."

Speaker Redmond: "Parliamentarian, would you please come to

the podium. Proceed Representative Getty."

Getty: "I think before you vote on this Bill, every Member of the House should realize the import. Now I have no objection to having any Member of this House who is eligible, get back into the retirement system. If through inadvertance or necessity at some time. He had to withdraw his funds. However, I think that that Member should pay back at a fair rate of interest. I submit to you that four percent interest is not a fair rate of interest. If this Bill were to pass and to be signed into law, we would all, each and everyone of us do very well. If we were simply to withdraw our money for six months, pay it back by December 1 and the interim, earn 10% in money market certificates and we'd only have to pay back at the rate of four percent. I suggest to you that when this legislation was originally drafted, and I believe the original Act goes back to 1939, this might have been a very fair rate of interest. But I suggest to you in 1979, the rate of interest of four percent is not fair and I would submit that an Amendment to require the payback to be at a reasonable rate of interest is in order. And I would not support the Bill until such time as we had the payback at a reasonable, fair rate of interest."

Speaker Redmond: "Representative J.J. Wolf. Representative Gene Hoffman."

Hoffman: "Thank you, Mr. Speaker Ladies and Gentlemen of the House. In all défference to the last speaker, I think there's some confusion. The law now says four percent. The only thing we're changing is the date. Let me suggest to those of you who are new Members of the House, that the benefits which we receive from the General Assembly system are actuarily determined by what we contribute, what is matched by the state and the interest at four percent would earn the increase that we earn on our, on our contributions in the market today only reduces the funded liability for the system."

Benefits in a retirement system are based actuarially on contributions and accumulated earnings at a particular level. The four percent earnings is what makes the benefits at the level they are. If we earn 10% on our money in the money market or on our investment in the money market from the system, this reduces our unfunded liability. This Bill in its form is a perfectly fine Bill. It let's people in who might not have gone in otherwise. If you want to change that rate, then that issue should be addressed on it's own. It is not being addressed here and I would urge your support of this legislation."

Speaker Redmond: "Representative Conti, for what purpose do you rise?"

Conti: "Mr. Speaker and Ladies and Gentlemen of the House. I rise for a purpose of an introduction for Anne Willer, Emil Bouček, and Bill, Bill Walsh, my former colleague from the Park View, Park High School from LaGrange Park up in the left hand corner there, and is headed by Terry Walsh, our colleagues son is up there too, Terry Walsh."

Speaker Redmond: "The gentleman from Peoria, F.F. Tuerk."

Tuerk: "It's F.J., incidentally."

Speaker Redmond: "Oh, I thought it was F.F."

Tuerk: "Mr. Speaker, you know, I have to keep correcting you all the time Mr. Speaker. Would the Sponsor yield to a question?"

Speaker Redmond: "He will."

Tuerk: "My illustrious seat mate wants to know and he was a little bashful to ask this question, what you meant by the term 'recession of the opportunity to reconsider'. Now would you speak in English rather than Czechoslovakian or whatever language you spoke."

Speaker Redmond: "Representative Terzich."

Terzich: "...The. What it simply means that it would merely extend a date in which the recession of election, which

means the election of not to participate in the system they file, by a Member who originally decided that they did not want to participate and now have changed their mind. The change has become routine over the years, and the commission has constantly approved the, been approved by the Pension Laws Commission. We have 17 systems of which all of them allow this right. The interest that I did mention to you that what they would have to pay for this is in the Bill. It has been at four percent. It has been assumed by the actuaries I personally don't see anything wrong with it. The previous speaker that made the statement was simply assuming that the current interest rates what have you. But need-less-to-say we all are aware that these fluctuate and that would be based upon your investment or what you returned would be add so that has been figured into it. There has been... there is no additional cost involved through the system."

Speaker Redmond: "Representative Dunn. Representative J.J. Dunn. Macon County. Representative McGrew. Representative Matijevich."

Matijevich: "Only, Mr. Speaker and Members to urge quick passage of this because I think that all of us are aware that there can be Members who may serve a term and then leave the General Assembly not aware that they may run for election again and we ought to allow that Member or Members to opt into the Pension system. And I, if anything, I would agree with Representative Conti, that we probably shouldn't have the cut off date but since there is a cut off date in the Act, we ought to amend it and I would urge your quick passage of it."

Speaker Redmond: "Question is shall this Bill pass? Those in favor vote aye, oppose vote no. Have all voted who wish? Representative Breslin."

Breslin: "Mr. Speaker, Ladies and Gentlemen, I have a conflict of interest in this Bill and therefore will be recorded as

not voting. Thank you."

Speaker Redmond: "Have all voted who wish? The Clerk will take the record. On this question 124 aye and 8 no and the Bill having received the Constitutional Majority is hereby declared passed. Representative Boucek, if you don't remember where you left your hat and coat last night, while you've asked the chair I'll tell you where it is. Representative Boucek."

Boucek: "Mr. Speaker, the coat was returned to me by a very honorable, honest Republican who works down in the Ratskeller. So I got it back. Everything was in the pockets and a little bit more."

Speaker Redmond: "I just didn't know whether you knew where you left it."

Boucek: "No, I knew sir."

Speaker Redmond: "There was another one there, do you know who owns that one?"

Boecek: "No I don't know. I was delighted to see you down there at the prayer breakfast service."

Speaker Redmond: "Adjournment Resolution. Don't be misled this is just a..."

Clerk O'Brein: "House Joint Resolution number 36. Resolved the House of Representatives of the 81st General Assembly the State of Illinois. The Senate concurring herein. That when the House of Representatives adjourns on Wednesday, April 11, 1979, it stands adjourned until Wednesday, April 18, 1979 at 1:00 p.m.. And when the Senate adjourns on Wednesday, April 11, 1979, it stands adjourned until Wednesday, April 18, 1979 at 12:00 noon."

Speaker Redmond: "Representative Madigan on the Adjournment Resolution."

Madigan: "Mr. Speaker, the Adjournment Resolution provides that when we leave here today, we will return on Wednesday, April the 18th at 1:00 in the afternoon. I move for the adoption of the Adjournment Resolution."

Speaker Redmond: "Questions on the gentlemen's motion for the

adoption of the Adjournment Resolution. Those in favor indicate by saying 'aye' aye. oppose 'no'. The ayes have it. The motion carries. Adjournment Resolution's adopted. 707."

Clerk O'Brien: "House Bill 707. A Bill for an Act to amend sections of the Illinois Horse Racing Act. Third Reading of the Bill."

Speaker Redmond: "Representative McBroom."

McBroom: "Yes, Mr. Speaker, Members of the House. House Bill 707 is a companion Bill to House Bill 706 that passed the House a week or so ago. It creates that the Illinois Horse Racing Advisory Commission, want to point out to the Members that it is entirely advisory, there's nothing mandatory about the actions that might be taken by this Commission. I'd be glad to indicate to the Members who the members of the Commission might be. The Director of Agriculture, the State Fair Manager, the Director of Business and Economic Development and so forth. I appreciate a favorable Roll Call Mr. Speaker."

Speaker Redmond: "Representative Flinn."

Flinn: "Would the Gentleman yield for a question?"

Speaker Redmond: "He will."

Flinn: "Representative McBroom, what is the need for such an Advisory Commission? What, who got some good out of it?"

McBroom: "The, let me respond, Representative Flinn, by telling you who the other members are and then I'll attempt to answer your question. The other members, as I said the State Fair Manager, Director of Agriculture, Director of Business and Economic Development, Dean of the University of Illinois Land Grant College, the chairman of the Illinois Racing Board, and one member from each of the three zones of the Illinois Association of Agriculture Affairs. Now, this Commission would meet, Representative Flinn, at least two times a year. It could meet more often than that. And your question was, 'What is the

need for it'. It has been indicated by me, to me, by some of the individuals who understand the procedure far better than I do, that they're not always sure that the Governor, any Governor, whomever it might be; gets all the information that he should have from the State Fair Manager. It's just a commission to kind of oversee and make recommendations to the Governor that he might not get otherwise. That's the purpose of it Representative Flinn."

Flinn: "Thank you."

Speaker Redmond: "Question is shall this... Representative Barnes."

Barnes: "Thank you very much. Would the Sponsor yield to a question?"

Speaker Redmond: "He'll yield."

Barnes: "Representative, I wasn't quite clear of the real necessity for this Advisory Board. You said that this was a companion Bill to a Bill that has currently been acted upon in this session. Is that correct?"

McBroom: "Yes, the subsidy Bill has passed, Representative Barnes. It's a three Bill package. The appropriation Bill is still on the Calendar. The subsidy Bill has passed."

Barnes: "Well, as I understand, the Bill that's before us right now, this is a subsidy Bill. This is not a Bill for appropriation request, is it?"

McBroom: "There's no appropriation whatsoever in this Bill, Representative Barnes. Yes, this could be addressed as a subsidy Bill too. But the main Bill has already passed the House."

Barnes: "What was the main Bill?"

McBroom: "706."

Barnes: "What did it do. I'm trying to get to a point here. It seemed to me, you're saying that this a substantive Bill. Was 706 an appropriation request? Or was it a money Bill or what was it? So we can understand fully

what you're saying here."

McBroom: "The original Bill amended the Agricultural Fair Act and increased grants to 4-H and..."

Barnes: "Was that the Bill, Representative, that, that had as part of the law that it was writing in a ongoing cost of living increase for the rates and these people that we are voting on now will be the ones that will monitor and insure that Bills rates are increased each year proportionally?"

McBroom: "Yes..."

Barnes: "... That is the Bill."

McBroom: "Yes."

Barnes: "I just want to advise the Members of the House and when 706 came up, one of the questions that came up at passage time as I understand it hadn't came up before. Written in the 706, was the first time for anyone that I know in any piece of legislation here, was a provision tied to the Consumer Price Index which in fact wrote into law a cost of living increase of which we can't be certain what it will be relative to the premium of the prizes taken out of the dollars that are put into the Agriculture Premium Fund as I understand. And I just want to advise the Members that this is a companion Bill. I don't know who or what action that these people that will be this Advisory Committee will have with that, but I would like to know that and I think the Members realize that those people involved here if this is the group that will be administering 706, is the people that will be involved in the determination of increasing those rates by the cost of living provision that is embodied in House Bill 706. And I would oppose it."

McBroom: "Well, Mr. Speaker, Members of the House, I can understand as chairman of the Appropriations Committee Representative Barnes concern and I'm sure that he's alluding to House Bill 708. Representative Barnes..."

Barnes: "That was the question that I asked you Representative. I wasn't sure and I asked you a specific question. That's what I was trying to get to."

McBroom: "Representative Barnes, number one, it's kind of noisy. Number two, I'm enjoying, I think, a little kabitsing on both sides of me and if you would repeat your question, I'll endeavor to answer it."

Barnes: "Thank you. I perhaps may be wrong and I wanted to be certain. I was asking if this Bill was tied to the Bill that we passed which was the appropriation Bill that related to increasing the rates relative to certain innidies from the, that's taken out of the fair, Agriculture Premiun Fund currently. Embodied in that Bill was a Consumer Price Index factor which was involved with the cost of living for future years. Now this Bill does not relate to that. I have no questions about it at all."

McBroom: "It's an Advisory Commission and it's a separate inity entirely, Representative Barnes. I'm doing my best to answer your question. I don't know if I'm doing it. It's an Advisory Commission. It's not mandatory. The other Bill can float without this Bill. I earnestly the solicite support of the Members. It's not..."

Barnes: "Well, then my follow up question is exactly what kind of impact would this Advisory Committee have? As I understand the law, the areas that this Advisory Committee would address itself to, that those budgets in the prerequisites for spending for those agencies are set by the Burea of the Budget, so I want to know exactly what kind of impact would this one have? If any?"

McBroom: "Representative Barnes. I, like you, am not a farmer. But I'm advised by people who do understand the procedure, that the agricultural community throughout the state has not had enough input in the past as to the

agricultural procedures in the state. I'm also advised, and I don't like to get into naming names or naming directors, or naming Governors, but I understand that in the past under all Governors that they did not sometimes receive the proper information from their people in the agricultural community. This Commission would be an effort to avoid that and give the Governor more information directly from the agriculture community throughout the state."

Barnes: "Well, one final question. Would this Commission that you're setting up then, in fact you serve the, I wouldn't say the authority, but the prerogative that has now hit a for been based in the Department of Agriculture and in its director?"

McBroom: "Absolutely not. It's Advisory in nature."

Barnes: "But they will be doing the same thing."

McBroom: "They'll be working with each other and it would be an opportunity for the farmers throughout the state to have some input to these various members that I just recited a minute ago. Broader based input, I feel Representative Barnes."

Barnes: "Well Mr. Speaker may I address the..."

Speaker Redmond: "Proceed."

Barnes: "I don't see, and Mr. Speaker I don't want to belabor this, but I don't see that the Advisory Committee and gets fully what its responsibilities will be. As I understand, the Director of the Department of Labor now has the authority and has the prerogative to sit down with the Governor and the Bureau of the Budget to discuss these kind of issues relative to spending as it relates to the agriculture community. Now, if this Advisory Committee and Representatives saying that it is purely advisory, it's not going to usurp that authority with simply adding another layer for people that in fact will not do any more than what the current Director of the Department of Agriculture is charged with

the responsibility of doing. Now, unless there is something there that I don't see, and that's what I was trying to get to, this is the way I see it and I still don't, I think this is an unnecessary exercise if this in fact is simply usurping powers as now vested within the Department of Agriculture."

Speaker Redmond: "Representative Willer."

Willer: "Yes, would the sponsor yield?"

Speaker Redmond: "Yes, he will."

Willer: "Representative McBroom, I apologize. You may have answered his question. It's pretty noisy around here.

What is the appropriation for this commission?"

McBroom: "None."

Willer: "It is none. There's..."

McBroom: "Yes, Representative Willer, zero."

Willer: "Ok. Thank you."

Speaker Redmond: "Representative Matijevich."

Matijevich: "Mr. Speaker and Ladies and Gentlemen of the House.

I always find it very difficult to speak in any way against Representative McBroom's Bills and I've found through the years that the administration usually gives him some Bills because they know he's a good fellow and everybody hates to vote against his Bills. But, I only want to say this in regards to this Bill. First, of all, I don't think it does anything because BOB is really going to tell you where the money's going to go anyhow. So it's not going to do anything. Secondly, and my seat mate, Representative Giorgi, often makes a joke out of the fact that there's some hipocrits with regard to gambling funds and racing funds and where it goes and people who always talk against gambling, and I'm not talking about Representatives, I'm talking about people, who speak against gambling are quick to use those moneys. And I think if we are going to have an Advisory Commission on horse receipts, horse betting receipts, the logical thing ought to be

is to put horse sprayer on there. To put on that Advisory Commission people who do bet on horses. I think that makes horse sense. Right? Don Totten? So, you know we always talk about user fees. I hear more and more on road funds for example that we ought to have user fees to people that use the highways ought to pay and so forth. So if we're going to have an Advisory Commission let's put on some ordinary people that do bet on horses. That to me would make more sense and therefore, I'm going to have a hell of a time voting against you, Ed."

Speaker Redmond: "Representative Mahar. Representative Huskey."

Huskey: "Mr. Speaker, I move the previous question."

McBroom: "Mr. Speaker."

Speaker Redmond: "Representative McBroom."

McBroom: "I've been waiting a long time for that motion Representative Huskey. I appreciate it. Representative Matijevich, we'd be happy to accept a horse player, a bookie, a jockey. We could accept an Amendment and Representative Giorgi absolutely. I'd appreciate a favorable Roll Call."

Speaker Redmond: "Representative Mahar suggested putting a horse on the Commission. The question is shall this Bill pass? Those in favor vote aye, oppose vote no. Have all voted? Representative Griésheimer."

Griésheimer: "Mr. Speaker, I just want to point out about my running mate over here. I think he's just been horsing around. I think we all ought to vote nay."

Speaker Redmond: "Have all voted who wish? That sounds like... Have all voted who wish? The Clerk will take the record. On this question there's 98 aye and 31 no. And the Bill having received the Constitutional Majority is hereby declared passed. 382."

Clerk O'Brien: "House Bill 382. A Bill for an Act making appropriation of the Commission on Inner Governmental Cooperation.

Third Reading of the Bill."

Speaker Redmond: "Representative Kozubowski."

Kozubowski: "Thank you very much Mr. Speaker and Ladies and Gentlemen of the House. House Bill 382 appropriates the sum of \$538,900.000 to the Commission on Inner Governmental Cooperation for its ordinary and contingent expenses for FY80. This amounts reflects a reduction of \$10,731,000 from last years appropriation and I would ask for a favorable Roll Call. Any discussion? Question is... Representative Bullock. Question is shall this Bill pass? Those in favor vote aye, oppose vote no. Have all voted who wish? Clerk will take the record. On this question there's 123 aye and 21 no. The Bill having received the Constitutional Majority hereby declared passed. 567. Representative Collins. Representative Collins. You have to fill out a form and we'll have to make a motion, get unanimous consent. Representative McGrew objects."

Clerk O'Brien: "House 567. A Bill for an Act to amend sections of the Illinois Highway Code. Third Reading of the Bill."

Speaker Redmond: "Representative Ewing. Ewing. Out of the record. 708."

Clerk O'Brien: "House Bill 708. A Bill for an Act making appropriation of the Department of Agriculture. Third Reading of the Bill."

Speaker Redmond: "Representative McBroom."

McBroom: "Mr. Speaker, Members of the House. This is the appropriation measure for the Bill that was, has been passed and it increases funding by 1.6 million."

Speaker Redmond: "Any discussion? Representative Bullock."

Bullock: "Mr. Speaker, will the Sponsor yield to a question?"

Speaker Redmond: "He will."

Bullock: "Representative McBroom..."

McBroom: "Yes sir."

Bullock: "I'm quite certain that this Bill will take the

normal course of events that the other Bills did, but, nonetheless, I have a question here. The funds that we have lieued to, the Agriculture Premium Fund, how are those funds distributed?"

Speaker Redmond: "Representative McBroom."

McBroom: "It goes 4-H, FAA, FFA, I mean. And McCormick placed 2,000,000,000, Representative Ropp tells me."

Bullock: "Well that's, I'm glad to hear you say that Representative McBroom, because I have a general idea that there was some inequity in terms of the distribution formula for these funds and from time to time we do have worthy projects come up on the floor of the House that affect my community in Chicago and I'm sorry that I allowed this Bill to get to Third Reading without some indication of concern and perhaps suggested a for Amendment. I don't know how you feel about the Bill but I would like to work with you on possible Amendments to this or subsequent legislation to address the distribution formula. I'm not going to oppose your Bill at this point because I don't think it really would matter based on what I've seen take place earlier. But I do think that perhaps we could work together in the future on that distribution formula."

McBroom: "I'd be happy to in any way possible, Representative Bullock."

Speaker Redmond: "Representative Dunn."

Dunn: "Will the Sponsor yield?"

McBroom: "Yes."

Dunn: "Does this Bill provide for funding for this program for the entire fiscal year, 1980?"

McBroom: "Which program, Representative Dunn?"

Dunn: "The program that, whatever program that this Bill is the appropriation for."

McBroom: "Are you, are you asking does it duplicate the budget. Is that what you question..."

Dunn: "That's what I'm getting at, yes."

McBroom: "Yes."

Dunn: "Then why do we need this Bill?"

McBroom: "Well, it was done intentionally, Representative Dunn, because when the Bill was drafted and introduced I was not prevy to know what was in the budget."

Dunn: "Do you intend to amend the budget, to reduce the Department of Agriculture budget by this amount if this Bill becomes law?"

McBroom: "Yes. That's exactly right."

Dunn: "Alright. Then one other question. Is it true that the, that there is about a million six of the total of four million five in this Bill that comes about by reason of the, of House Bill 706, I guess it was?"

McBroom: "That's an increase over the budget of 1.6. You're correct Representative Dunn."

Dunn: "And that's 1.6 out of 4.5 million. I don't have a calculator here but that's a pretty hefty percentage increase with the Consumer Price Index tie in in this in this proposal. How much can we expect this to go up in the next year?"

McBroom: "About six to seven percent, Representative Dunn, but I'm advised that the, that the budget in the past, that the funding in the past, has been so meager that there's been a dimunition of young people that even get involved in 4-H. They can't afford it."

Dunn: "Can you, just one final question. What other state government program receives increased funding each year tied to the Consumer Price Index?"

McBroom: "I, I don't, I can't, I can't answer that Representative Dunn. It seemed like a logical approach to me."

Dunn: "Do you know if there are any?"

McBroom: "I can't, I truly cannot answer you yes or no. I do, I don't know."

Dunn: "I sure hope there are none. Thank you."

Speaker Redmond: "Representative McPike."

McPike: "Will the Sponsor yield?"

Speaker Redmond: "He will."

McPike: "What was the budget for this last year, Representative McBroom?"

McBroom: "4.5, Representative Dunn, or McPike."

McPike: "Last year?"

McBroom: "Yeah."

McPike: "Your appropriating 4.5 this year."

McBroom: "No."

McPike: "What was it last year?"

McBroom: "2.9."

McPike: "You're going from 2.9 to 4.5."

McBroom: "Yes."

McPike: "That's an increase of, of over 50%. 55% in one year."

McBroom: "Well, you're right, Representative McPike. Except that the increases for going back ten years to date have been insignificant. Almost nil."

McPike: "The reason for this increase, I take it is...The reason I take it for this increase would be the companion Bill 406 that everyone else is referring to that has tied this to the Consumer Price Index. And now you're starting. I don't have any more questions. I'd like to speak to the Bill Mr. Speaker. Mr. Speaker I'd like to address the Bill."

Speaker Redmond: "Representative McPike."

McPike: "Well I think everybody understands now exactly what is happening. First of all, last week we addressed ourselves to House Bill 706 which in the future ties this program, unlike any other program in state government, it ties this program to the Consumer Price Index. Not only that, before we tie it to the Consumer Price Index, we're going to increase that base by 55% from the previous year. Now that's a pretty hefty increase. And when you come, you know when you run for election and you start talking about your priorities and say, 'Well my priorities are mental health or my priorities this year for economic purposes is education' I think

everybody should be realistic when you go back to the people that vote for you and say, 'What my priority really was, was county fairs because not only did I support a 55% increase in one year, but then I tied it to the Consumer Price Index. I wouldn't do that for school. I wouldn't do for schools. I wouldn't do that for welfare. I wouldn't do that for mental health. I wouldn't do it for anything but I would do it for this. Absolutely. I would support building and promoting county fairs. It's the number one priority. Now I think this is a disgraceful, disgraceful concept. I think that there's no way we could possibly justify a 55% increase in the base and then on top of that tie it to the Consumer Price Index. I hope you keep that in mind when you vote on this."

Speaker Redmond: "Representative Matijevich. Representative McBroom for what purpose..."

Matijevich: "Mr. Speaker, Mr. Speaker."

McBroom: "Could I address a question to Representative McPike or Matijevich."

Speaker Redmond: "Yes."

Matijevich: "Mr. Speaker."

Speaker Redmond: "This is what is know as reverse recognition."

McBroom: "Well."

Speaker Redmond: "Representative McPike."

McBroom: "I have had enough Members on both sides of the aisle express concern about the cost of living. I would be happy to tell you Representative McPike and Representative Matijevich and some of the Members over here who have expressed concern that I will see that that, the cost of living portion of 706 is removed if that would alay your concerns. I am also advised since Representative Dunn asked me a question, that there's no other program in the state that has a cost of living increase in it and I'll be happy to see that

that's removed."

Speaker Redmond: "Representative Matijevehich."

Matijevehich: "Mr. Speaker and Ladies and Gentlemen of the Assembly. I rise in support of McBrooms Bill because I think it makes logic although as you know when we passed House Bill 706 I rose on the floor and thought we ought to wait so that the companion Bill be heard at the same time. But I think it's just logical since we passed the formula Bill, that we pass the appropriation Bill that goes with it. Representative Dunn did make sense in that we have here now the whole appropriation for the county fairs, however; the Committee was aware of that and we are going to delete that from the budget so I think that this Bill now ought to passed out."

Speaker Redmond: "Representative Charles Campbell, the Gentleman from Vermillion."

Campbell: "Mr. Speaker I move the previous question."

Speaker Redmond: "Question is shall the main question be put? Those in favor indicate by saying 'aye' aye, oppose 'no'. The ayes have it. The motion carried. Representative McBroom to close."

McBroom: "I'd appreciate a favorable Roll Call Mr. Speaker."

Speaker Redmond: "Question is shall this Bill pass? Those in favor vote aye, oppose vote no. Have all voted who wish? Have all voted who wish? Representative Ropp."

Ropp: "Mr. Speaker and Members of the House. I'd just like to mention that I think that a lot of people have expressed concern that some of these programs are going up rather significantly. Might I point out that to the people who are involved in the 4-H program, this means \$10.50 from a \$5.50 so \$10.50 in comparison to the good and to the possibility that these young people will not be on public aid, mental health, or in corrections in a few years, I think is an exceptionally good point and if you can show me any other program in the state government where we can only spend \$10.50 to do

as fine a job as we can get returns from 4-H and FFA then I'll put in with you. I urge more favorable votes on this particular Bill."

Speaker Redmond: "Representative Bullock to explain his vote."

Bullock: "Mr. Speaker, I'll be quite brief. I've listened to this debate and I had formulated an opinion prior to the Roll Call. I think that Representative McBroom has every intention of doing what's right, but I think that in order of fairness to this House and to the citizens of the State of Illinois, that we ought to hold this Bill and of course the only way we can do that is not get sufficient vote. Because I think we are obviously going to sustain what is obviously an unfair, unequitable basis at which this cost of living escalator and other programs are included. I'm going to vote no on this Bill, but I'm going to vote no in a constructive manner because I hope Representative McBroom and others will help us work this obvious problem out."

Speaker Redmond: "Representative Borchers."

Borchers: "Well, as a Representative from a farming area, I have observed many times the work of the young farmers, boys and girls in my area in our local county fairs and of course the State Fair. And I think it's a great help and value for the state to show the people of the State of Illinois this legislature to show their interest in the affairs and the education of our young people who will be the next farmers to give us the food we need. And I think we should certainly support this Bill. So I do ask that you give help in the financial line to the young people of our, of our state in the farming industry."

Speaker Redmond: "Have all voted who wish? Clerk will take the record. On this question there's 86 aye and 39 no. Representative McBroom."

McBroom: "Like to put it on postponed consideration."

Speaker Redmond: "Postponed consideration. 747."

Clerk O'Brien: "House Bill 747. A Bill for an Act to amend the Illinois Insurance Laws Study Commission. Third Reading of the Bill."

Speaker Redmond: "Representative Mautino."

Mautino: "Thank you Mr. Speaker and Ladies and Gentlemen of the House. This legislation, 747 does not increase the appropriation. According to statute, we must make line item changes within our existing appropriation and this is a change of \$1700 from line item for commodities to telecommunications so we can pay the phone bills and it must be done statutorily rather than a 2% transferability."

Speaker Redmond: "Any discussion? Question is shall this Bill pass? Those in favor vote aye, oppose vote no. Have all voted who wish? Have all voted who wish? Clerk will take the record. On this question there's 138 aye and 2 no and the Bill having received the Constitutional Majority hereby declared passed. 806."

Clerk O'Brien: "House Bill 806. A Bill for an Act making appropriation the Department of Agriculture for repairing and replacing buildings of the LaSalle County Fair Association. Third Reading of the Bill."

Speaker Redmond: "Representative Breslin."

Breslin: "Mr. Speaker, Ladies and Gentlemen. This is an appropriation of \$38,380 to repair and replace buildings on the LaSalle County Fair Grounds that were destroyed by the snow of this past season. Representatives Hoxsey, Ewing, and Anderson are hyphenated co-sponsors. We would appreciate you favorable consideration as you have given to all other counties, county fair groups in the same situation. The appropriation is made from the Ag-Premium Fund. Thank you."

Speaker Redmond: "Is there any discussion? Representative Tuerk."

Tuerk: "Would the ponsor yield to a question?"

Speaker Redmond: "She will."

Tuerk: "Well now this appropriation is amended into House Bill 461 which is the Bill that has already passed the House and is over in the Senate. What is the reason for pursuing this Bill at this point?"

Breslin: "I had already introduced this Bill and Representative Hoxsey had placed this Bill as an Amendment on to your Bill so that it would have more support. So if, that's the only reason."

Speaker Redmond: "Question is shall this Bill pass? Those in favor vote aye, oppose vote no. Have all voted who wish? Clerk will take the record. On this question there's 115 aye and 28 no. The Bill having received the Constitutional Majority hereby declared passed. 39? 39."

Clerk O'Brien: "House Bill 39. A Bill for an Act to amend sections of the Paternity Act. Third Reading of the Bill."

Speaker Redmond: "Representative Terzich."

Terzich: "Yes Mr. Speaker, Ladies and Gentlemen of the House. We are now coming down the home stretch with the law revision Bill. I believe we only have four five much to the pleasure of Representative Van Duynes. House Bill 39 amends the Paternity Act. It excludes the two year period in which an action to establish paternity of a child may be initiated in any period of time when the accused conceals himself within the State. At the present time the time that the person hides himself or so on is excluded time from filing a paternity case. This would also include when he conceals himself within the state, the Bill would indirectly further the goal of forcing parents duty to support their children and I would urge support of House Bill 39."

Speaker Redmond: "Any discussion? Question is shall this Bill pass? Those in favor vote aye, oppose vote no. Have all voted who wish? Have all voted who wish? Clerk will take the record. On this question there's 148 aye and 1 no. Bill having received the Constitutional

Majority hereby declared passed. 42."

Clerk O'Brien: "House Bill 42. A Bill for an Act to amend sections of an Act in regard to redemption by the State of Illinois of real estate sold at judicial or execution sale. Third Reading of the Bill."

Speaker Redmond: "Representative Terzich."

Terzich: "House Bill 42 makes nonsubstantive changes in the states from redemption from judicial sale Act and its title. This Bill is recommended by the Pension or the Law Revision Commission and brings it in compliance with the writ Bill that we passed in the last General Assembly."

Speaker Redmond: "Any discussion? Question is shall this Bill pass? Those in favor vote aye, oppose vote no. Have all voted who wish? Have all voted who wish? Clerk will take the record. On this question there's 143 aye and 1 no. The Bill having received the Constitutional Majority hereby declared passed. 73."

Clerk O'Brien: "House Bill 73. A Bill for an Act making uniform statutory provisions for appeals in civil cases. Third Reading of the Bill."

Speaker Redmond: "Representative Terzich."

Terzich: "House Bill 73 amends various Acts by adding or amending existing language to provide for uniform statutory provisions for appeals in civil cases and also makes nonsubstantive changes and again, this has been approved by the Judiciary I Committee from the Law Revision Commission. I would urge your support."

Speaker Redmond: "Any discussion? Question is shall this Bill pass? Those in favor vote aye, oppose vote no. Have all voted who wish? Clerk will take the record. On this question there's 129 aye and 3 no. Bill having received the Constitutional Majority hereby declared passed. 80."

Clerk O'Brien: "House Bill 80. A Bill for an Act to correct references to the title of Acts concerning judgments and

decrees. Third Reading of the Bill."

Speaker Redmond: "Representative Terzich."

Terzich: "Again, this amends various Acts to update and coordinate with amended title as shown in Public Act 79 in regard to judgments. It effective immediately and it was opposed by the Law Revision Commission and adopted by unanimously by the Judiciary I Committee."

Speaker Redmond: "Any discussion? Question is shall this Bill pass? Those in favor vote aye, oppose vote no. Have all voted who wish? Have all voted who wish? Clerk will take the record. On this question there's 136 aye and 1 no. Bill having received the Constitutional Majority hereby declared passed? 84."

Clerk O'Brien: "House Bill 84. A Bill for an Act to amend sections of a Civil Practice Act. Third Reading of the Bill."

Speaker Redmond: "Representative Terzich."

Terzich: "House Bill 84 amends a Civil Practice Act, clarifies standard by which defendants motion for judgment after close of a plaintiffs case in a non-jury is be considered which is effective immediately. This is another Law Revision Bill and again passed out at Judiciary Committee I believe 13 to 0."

Speaker Redmond: "Any discussion? Representative Griesheimer."

Griesheimer: "Sponsor yield please."

Speaker Redmond: "He will."

Griesheimer: "In a non-jury trial after the plaintiff has rested and there several motions pending, I was just wondering what your opinion would be whether they should stay the proceedings at that time or considering a final judgment, or whether they should hold everything in a bay pending determination whether discovery has been completed. Do you have an opinion on that Mr. Sponsor?"

Terzich: "I would like to yield to Representative DiPrima to answer that question."

Speaker Redmond: "Representative DiPrima." It's a motion in

'arrest to judgment."

DiPrima: "I move that we adjourn."

Speaker Redmond: "Any further discussion? Question is shall this Bill pass? Those in favor vote aye, oppose vote no. Have all voted who wish? The Clerk will take the record. On this question there's 124 aye and 9 no. The Bill having received the Constitutional Majority hereby declared passed? 164."

Clerk O'Brien: "House Bill 164. A Bill for an Act in relation to the reporting investigating, and protecting of abused, neglected, and exploited children. Third Reading of the Bill."

Speaker Redmond: "Representative Barnes."

Barnes: "Thank you very much. Mr. Speaker, Members of the House. House Bill 164 is a product of both staffs and myself and members of the Department of Children and Family Services to attempt to update and change various parts of that Act to insure of providing better service toward neglected and abused children. The analysis of the Bill is correct and your, and your synopsis. Amendment number one in fact, if the Bill there was two other additional Amendments. Representative Pullen, Amendment number two which deleted the Appellate cause. Amendment number three which was worked out in conjunction with the House Bill Association to bring the Bill into conformity of a recent Supreme Court ruling and I would answer any questions relative to House Bill 164 and urge your support of the House."

Speaker Redmond: "Any discussion? Question is shall this Bill pass? Those in favor vote aye, oppose vote no. Have all voted who wish? Have all voted who wish? Clerk will take the record. On this question there's 150 aye and 0 nay. The Bill having received the Constitutional Majority hereby declared passed? 180."

Clerk O'Brien: "House Bill 180. A Bill for an Act to amend sections of the Nursing Home, sheltered care homes, and

homes for the aged Act. Third Reading of the Bill."

Speaker Redmond: "Representative Borchers. 180."

Borchers: "This Bill, 180, is to have once each year in the downstate counties the publishing of the names of all the stockholders of a particular nursing home or any nursing home. Chicago is excluded because, because the numbers of population and the size and cost of the newspapers there. Now the first Amendment that was put on was merely to clarify the, how the newspapers, how the ads would put in the newspapers. The second Amendment was by suggestion of the Committee and it was to go along with what the present rules are that the ownership must be, must be given and brought up to date every six months but to the Department of Public Health...Department of Public Health and Safety. That was to conform so now is to be published once, twice a year, I mean publicized, excuse me, I mean put on the bulletin board or an area, a door, or whatever which is a prominent place in the nursing home. I've already mentioned about Amendment number three which was to exclude Cook County. I'll appreciate the passage of the Bill."

Speaker Redmond: "Representative Freidrich."

Freidrich: "Would the sponsor yield?"

Speaker Redmond: "He will."

Borchers: "Yes."

Freidrich: "What would you accomplish with this Bill you wouldn't accomplish by making this information available to these homes for anyone who had a patient there inquired?"

Borchers: "Well, what is accomplished is if you've been reading the newspapers for the last many years, take a few years ago in Lake County, take in our own county where some terrible things have happened. We have for example a scalding death in one of our nursing homes that was just without any question pure negligence. And I feel

that by putting the names of the people that own the stock in a public place and publishing it twice a year, it will make the people that are stockholders when they have there stockholders meetings, be more careful and cautious. How the homes are managed and be more interested in seeing that all the money doesn't go in dividends to the stockholders instead of to the care of the old. If you go into the nursing homes like I have you will see often very terrible conditions. I've gone into see urine on the floor many times, lying in their own filth, water not within reach, and things of this nature may help put conscience in the hearts of the stockholders. I might tell you that there is an article in the Tribune about six eight months ago that said one of the finest places of investment today was in nursing homes."

Freidrich: "Well, let me just make a statement then. I have had some money in nursing homes and I can tell you if you think it's a good investment, you know something I don't know. Because it isn't down in my area and I it'd take me long to get out of it from a financial standpoint. I think this is just another harrassment on small business and nursing homes mostly are small business. Sometimes family owned and so on and I think, I certainly don't object to anyone being able to find out who owns the home, particularly where its absentee ownership, but I think this is just another harrassment for business and I would have to oppose it."

Speaker Redmond: "Representative Wikoff."

Wikoff: "Will the Sponsor yield?"

Speaker Redmond: "He will."

Borchers: "I yield."

Wikoff: "Weber, is there a limitation on the amount of stock that must be owned before the names are published? And the reason I am asking that, there are some basically stock, national stock, or Bills that are listed on the National Board of Trade that do own nursing homes. I

mean, every person that owns some stock in Simco for instance which owns and controls the nursing homes that all of those stockholders have to be listed."

Borchers: "No, I'm sure you'd find that the stock of Amco Corporation, John X Corporation or whatever would be just 10,000 shares a 1,000 shares in the name of the corporation their holding company whatever, that's the only thing that would have to be listed unless it was you yourself owned the stock and then your name should be listed on the, in the former place in the nursing home."

Speaker Redmond: "Representative Kempiners?"

Kempiners: "Thank you Mr. Speaker, Ladies and Gentlemen of the House. On the surface this Bill appears to be good and necessary and I certainly have no objection as others have stated to require a nursing home to make available the names of the people who own stock in that home of who own that home. I think that there are several things wrong with this Bill however. The genesis of a problem is basically that people don't care about relatives who are in the nursing home. If they did, abuse in nursing homes would not occur. If they don't care enough to go to that nursing home to see if their relative is being abused, they are not going to care enough to look in the annual publication to see who owns that nursing home. Now even if you feel that some of things ought to be published, where ought they be published? Not downstate where communities tend to be smaller and people know one another, but in the urban areas where people tend to get lost in the system. An amendment to this Bill exempts the urban area, Cook County from the provisions of this Bill. If anything Cook County ought to be included and downstate excluded. Now, again, I join with others who have objected to this Bill with regard to the publication of these names. I just think you're adding an extra cost to the nursing

home. If the Bill required that these things be made available at the reception desk, I would be more than happy to stand up and support it, but the way it is now, I just thing it's an added cost to the operation of the home and I would urge you to vote no."

Speaker Redmond: "Representative Bowman."

Bowman: "Thank you Mr. Speaker and Ladies and Gentlemen of the House. I serve on the House Human Resources Committee and I was a little dismayed to hear the minority spokesman on that Committee criticize the Bill on the grounds of the Cook County being excluded from the publication requirements. He know full well that the sponsor had that provision in the original Bill and at the request of the House Committee on Human Resources he amended it out. The Sponsor appeared before our Committee on a couple of occations. Showed every willingness to work with the Committee in drafting Amendments to get the Bill into shape. And it was very accomadating and the Sponsor in this case is being to task for decisions that were made by the House Human Resources Committee. The Committee did spend quite a bit of time working onthis Bill and it's good legislation. I think, furthermore, the publication requirements are needed downstate because people do...."

Speaker Redmond: "Representative Totten, for what purpose do you rise?"

Totten: "Point of order Mr. Speaker. The Speaker is not speaking to the Bill at all. He's speaking to history and everything else. We're suppose to be debating the merit of the Bill. We got a lot of Bills to hear, let's just keep on the subject matter."

Speaker Redmond: "Consign your remarks to the Bill, Mr. Bowman."

Bowman: "If the Gentleman had been listening I think he would have understood that we are confining the remarks to the subject matter. The point is that the publication

requirements are perfectly legitimate downstate. A lot of people move away from the town in which they were born and raised. They have, you know, very good economic reasons for moving away. They get married and move away. They join the military and move away. They're parents or relatives remain behind in nursing homes. No matter what their intentions, thejr very best of intentions, they would not be able to visit their relatives in those homes on a regular and periodic basis. And yet they are in a position to subscribe to the local newspapers and they do. How many of you have friends that have moved away from you home town who've continued to subscribed to your local newspapers? In Chicago, my ward alone, I've got 15 nursing homes, almost 2,000 beds. My office is across the street from one, I live next door to one. I can walk into any home in a four block radius and find out who the nursing home owners are. So I think it's highly appropriate the Human Resources Committee did put a lot of time in on this Bill and I think it deserves our full consideration and our support. Thank you."

Speaker Redmond: "Representative Vinson."

Vinson: "Mr. Speaker and Mr. Sponsor. I think I got on this Bill inadvertently as a co-sponsor. I think I though I was co-sponsoring another Representative Borchers Bill. Bills. And with leave of the House and the Sponsor, I'd like to be removed as a co-sponsor..."

Speaker Redmond: "Does the Gentleman have leave?"

Vinson: "If that's permitted then I would like..."

Speaker Redmond: "I think you have to sign a sheet up here."

Vinson: "OK. If that's permitted, then I'd like to move the previous question."

Speaker Redmond: "Well, I think you can't do both. Representative Harris."

Harris: "Thank you, Mr. Speaker. Will the Sponsor yield?"

Speaker Redmond: "He will."

Harris: "Representative Borchers, since this information is already public information in the regional office buildings, what would be the cost of such publications and who would pay the cost?"

Borchers: "You mean in the downstate newspapers?"

Harris: "Throughout the area you're covering in your piece of legislation."

Borchers: "Well since the, each newspaper, I think the Decatur Herald would use three dollars a line, as I recollect. So if they had a hundred stockholders for which I would doubt would be that many, would be around nearly \$1000. And generally you take the small newspapers and weekly newspapers, it's about 10, 15 cents a line. I would doubt if there was any nursing that I know of that has more than eight or nine of five of six stockholders. I might mention as far as the cost of typewriting on a piece of paper twice a year and posting the stockholders on a bulletin board for example, would be practically zero. It costs nothing except just typing a list and putting it up there. If they sold some stock, someone sold some stock, they might have to change name or two in six months or a year. So insignificant I wouldn't even bother. Chicago though the cost of the Tribune, The Daily News, and The Sun Times whatever, it's The Daily News I guess is stock, but the cost there would be a great deal and very few people will be reading it so that's why we excluded at the suggestion of the Committee, the Chicago newspapers. But downstate everyone reads the newspaper. Particularly the smaller towns. From cover to cover. Now this I can tell you so, If your all from a small town you know yourself. That that's what you do when you go home. so I see nothing wrong at all or take that this is not something that we should be concerned about. All it takes is twice a year, a typewritten list on a bulletin board."

Harris: "Mr., Mr. Speaker."

Speaker Redmond: "Representative Hoxsey."

Hoxsey: "Mr. Speaker, I move the previous question."

Speaker Redmond: "Question is shall the main quesiton be put?"

Those in favor say 'aye' aye, oppose 'no'. The ayes have it the motion carried. Representative Borchers to close."

Borchers: "I' like to say that I have gone many times into nursing homes and inspected them. I've always seen many families, particularly on the weekends, Sunday in particular, visiting their relatives there. Now there's no doubt that there are some people are never visited by their families for reasons I don't know, but they do visit their families. So if you think this is a worthless abuses, you're wrong. If a patient or perons, old person, you might be one day in that nursing home, very possible. All you've got to do is go and look at that list and see who may be one that is cutting, helping cut down on the food you eat and you'd be surprised at the rake-off, one of the greatest rake-offs right now in the State of Illinois is on the food given to nursing homes for their patients. I have gone into a nursing home kitchen and by rule taken off of the wall the menu and walked right over to the table where there eating and I've seen perhaps on the menu, Swiss Steak, on the table was Bologna sandwiches. Now things like this that brougth* to the attention of the people who, the families, or to the nursing home patient himself and will help correct these kind of injustices and these kind of rake-offs. I might, I think I've covered in relation to the question on typing and publishing adequately so I want to appeal to what may be someday you're right to know who owns the nursing homes that millions and millions and millions of dollars of state money are being paid to them. Often completely, well I would say even unjustly. They don't

deserve what they get."

Speaker Redmond: "Question is shall this Bill pass? Those in favor vote aye, oppose vote no. Representative Chapman to explain her vote."

Chapman: "Mr. Speaker and Members of the House. Representative Borchers is a knowledgeable person in matters relating to long-term care. He has spent substantial hours in forming himself on problems. The Committee on Human Resources appreciated the expertise that he brought to us through this small Bill that would make a contribution to a real problem that most of us indicate we want to do something about. I'd ask you to show your support for solving problems relating to long-term care by voting yes."

Speaker Redmond: "Representative Marovitz to explain his vote."

Marovitz: "Thank you very much Mr. Speaker and Ladies and Gentlemen of the House. This is not a major Bill and it's not going to solve the problems of the nursing home industry, but it's a good Bill and it'll take a step, maybe a small step, but it will take a step towards solving some of the abuses in the nursing home industry and in that particular industry, any step in the right direction is a good step, and therefore; I'm going to vote aye and I would solicit some more green votes."

Speaker Redmond: "Have all voted who wish? Representative Pierce."

Pierce: "Mr. Speaker, I think the Gentleman may have a good idea here, perhaps he should extend it to the stockholders of Ramsville Companies, of garbage dumps, and of other operations that are endangering public health, as well as, as well as the nursing home and when he does that I think I'll be in a position to vote for it."

Speaker Redmond: "Have all voted who wish? Representative Borchers to explain his vote."

Borchers: "In explaining my vote, I'd like to say first that we have no stock in a land fill or a garbage dump. It's

true we own land and lease some land to some people that do have a land fill but not a garbage dump, but that's beside the point. The point here is old people. All you have to do is go yourself and look at the conditions in many of the homes in this state and as someone has always said in explaining their vote, it's a step in the right direction. This is not a big Bill. All it does is publish the names of the people that own the stock and if something horrible happens like this scalding death, you'll be able to know who owns the stock and who really is responsible for what happened to that scalding, that person who was scalded to death or whatever. We had some horrible things happen in this state. I've doubt very much if you realize, unless you yourselves go and look. So I would continue to solicit your support. I don't want to, I'm going to let it rise or fall. But let it be on your own conscience, whether you feel that you don't want to help a little bit to help these old people. Helpless, some confined in their bed, not even cleaned properly. In one nursing home I went into, I found 52 incompetent old people on one of the floors and only two girls, not even nurses, taking care of them. And the stink was all over that particular floor. And when I finally forced a hearing on that particular nursing home, the state made them hire 27 more employees to comply with the law. All the rest of it was going in profits into the pockets of whoever owned it. Now just stop to think you may be that one day and it's about time to begin to pick your own interest and protect those that are there now."

Speaker Redmond: "Matijevich."

Matijevich: "I just want to commend Representative Pierce.

I know that Repre... Borchers was seated throughout the whold presentation but he was quick to rise to his feet."

Speaker Redmond: "Representative Skinner."

Skinner: "Mr. Speaker, there are a lot of insensative people on this Bill who are voting in the way that they probably shouldn't be voting. Now most people know my friend, Weber, as sort of a right wing nut. And they don't understand that he probably does more for people in institutions in his district than any of you do in your districts. Now if you haven't a little talk with him about the employee that he has, and he puts it something like this, he says, "Well, I know people say she's crazy and she's a little old lady in tennis shoes. but she gets the information I want to get from nursing homes". And he's given this assistant of his a letter and the individual goes to a nursing home and will say, "We would like, I'm Representative Borchers representative, I would like to inspect your nursing home". Now if all of us did what he did we have the right to stand up here and ridicule his idea. And until we have, I really am ashamed of those of you who are making light of his attempt to get at something that really needs a solution. Now if you look in your digest if you're a Republican, take a look at who's supporting this. Department of Aging, in fact, former Department of Aging Director Josephine Oblinger is on the Committee and voted yes. Unfortunately she's sick today and so cannot add her voices to the, to the argument. The Illinois Nurses Association, The Illinois Association of Retarded Citizens, The United Way of Metropolitan Chicago, and the Department of Public Health. Now do you have any information available at the regional office is just great if you happen to live right across from the regional office. But if you don't live across from the regional office, it'll be very helpful to be able to, to know that information. Now think about the small towns some of the downstaters here that are voting against this Bill and tell me if peer pressure isn't a way to upgrade the care at local

nursing homes. What would happen if, if each church instead of going in and holding the hands of the patients at the nursing home and getting buddy buddy with the administrator and sort of saying, "Well, yeah, Mrs. So and So, she's not getting along to well anymore she doesn't know what she's talking about". What would happen if those church groups really took on a role of monitoring the nursing home? I would suggest to you there would be great improvement. That the Department of Public and Health inspectors will never be able to deliver. Now I guess what disturbs me more than anything else is an article that Weber didn't want to say anything about...

Speaker Redmond: "Your one minute is coming to a close Representative Skinner."

Skinner: "But which I'm going to. And I apologize for doing it."

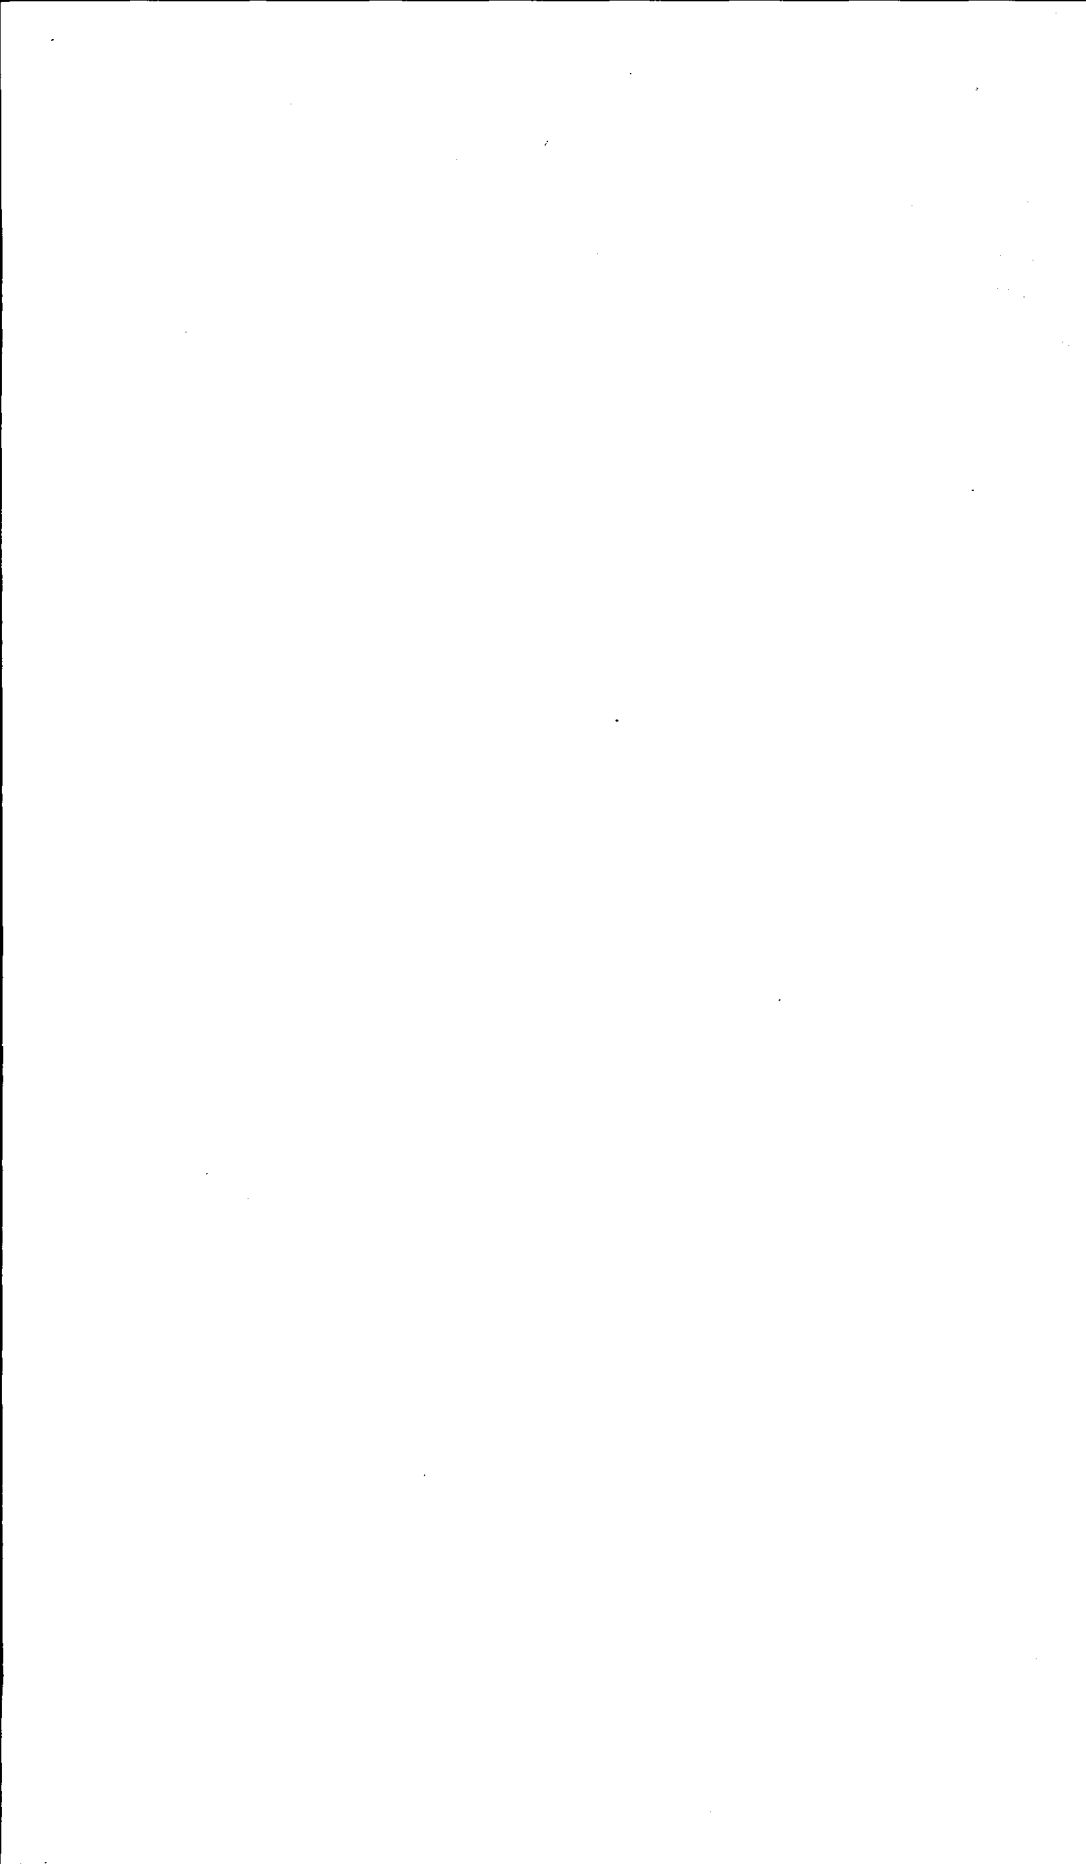

Speaker Redmond: "Representative Kempiners for what purpose do you rise?"

Kempiners: "Point of order Mr. Speaker. I very seldom interrupt another speaker on something like this but if we're going to address the Bill let's address the Bill. Nobody has stood on the floor and said there aren't problems to be addressed. What we've argued about is whether or not this addresses the problem and all I ask is that the people debating on this Bill address the Bill and not some other problem."

Speaker Redmond: "Representative Skinner bring your remarks to the floor, there's one minute."

Skinner: "Well one of the problems that exists on the has already been revealed by one Representative and I do not question his motivations, but there are legislators who do own nursing homes. In fact, according to our concurring there are many many legislators with interest in nursing homes that speak to him about nursing home interest and it seems to me that the people in a given

against the Bill."

Speaker Redmond: "Have all voted who wish? Clerk will take the record. On this question there's 73 aye and 64 no. The Bill having failed to receive the Constitutional Majority is hereby declared lost. I've been advised that the weather is getting... Representative Borchers requests to be put on Postponed Consideration. Does he have leave. Hearing no objections, leave is granted. I understand the weather up north is getting very inclimate and it's also religious holiday. so we're going to try to wind this thing down now. Motions."

Clerk O'Brien: "The following Representatives request their votes changed. Representative Johnson voting no on Amendment one to House Bill 95. Representative Johnson voting aye on House Bill 148. Representative Farley voting aye on House Bill 14. Representative Collins voting no on House Bill 382. Representative Hanahan and White voting aye on House Bill 580."

Speaker Redmond: "Do they have leave to be so recorded? Hearing no objections, leave is granted. On the Speaker's table... Representative Matijevich."

Matijevich: "Mr. Speaker you asking for motions, I have one that we have to..."

Speaker Redmond: "OK. Proceed."

Matijevich: "Mr. Speaker on the Calendar on motions, we have a motion to suspend the rule whereby you can only post 50 Bills. And this is only for the purpose that these Bills be sent to subcommittee. Representative Barnes chairman of Appropriations II, myself and Representative Peters, and Representative Wolf had a meeting with regards to procedure for our Appropriations Committees yesterday and I would ask leave to use the Attendance Roll Call so those innumerated Bills that I have on the Calendar, we suspend that rule. And appreciate it. I ask leave for the use of the Attendance Roll Call."

Speaker Redmond: "Does the Gentleman have leave? Is there any objection?"

Hearing no objection, the Attendance Roll Call is to be used in support of the motion. Representative Barnes. Barnes."

Barnes: "Thank you very much. Mr. Speaker on the Speaker's table there's two designated Resolutions. One is on House Resolution 181 from Approp. II and House Resolution 182 and with leave of the Speaker, could we go to that for, I would like to withdraw those."

Speaker Redmond: "Ok, the order on the Speaker's table. House Resolution 181?"

Barnes: "181 and House Resolution 182."

Speaker Redmond: "Gentleman have leave to withdraw House Resolutions 181 and 812? He wants to table the motion."

Barnes: "I would ask, yes, Mr. Speaker, Members of the House, I would like leave to withdraw House Resolution 181, 182. These are the Resolutions that concern itself in the Appropriations II Committee with the sitting of the hearing of the Committee as the whole for the Department of Health. This hearing has been set for April 19 within the Appropriations Committee and we would proceed in that fashion. I would like leave to withdraw House Resolution 181 and 182."

Speaker Redmond: "Does the Gentleman have leave? Representative Giorgi."

Giorgi: "Mr. Speaker, I think you ought to check what House Resolution 182 is. I think its just a congratulatory Resolution."

Barnes: "No, no. These two Resolutions are built with the same subject matter. 181 and 182."

Speaker Redmond: "Hearing no objection, leave is granted. Representative Huff."

Huff: "Thank you Mr. Speaker. I agree with Representative Giorgi. I think there's some confusion. House Resolution 182 in merely a ceremonial Resolution filed by myself."

Speaker Redmond: "I think you're referring to 183, Representative Huff. Wait a minute now. Wait a minute, wait a min

... Representative Barnes."

Barnes: "Thank you Mr. Speaker. Currently I've just spoke with the Assistant Majority Leader. Apparently there was a mix up in numbers. The 182 that they have, I believe should be 183."

Speaker Redmond: "Yours is 183, Representative Huff. 181 and 182, Representative Barnes, John Dunn are the Sponsors. See on page 11 of your Calendar. Agreed Resolutions."

Agreed Resolutions. Representative Giorgi."

Giorgi: "Mr. Speaker, House 183. Oh. Is the Clerk going to read them first?"

Clerk O'Brien: "House Resolution 183. House 184 Pullen. 185 Peters."

Giorgi: "Mr. Speaker, House 183 honors Farley's birthday. 184 by Pullen talks about the House. And 185 Peters talks about the Boy Scouts and I move for the adoptions of the Agreed Resolutions."

Speaker Redmond: "Any questions on the Gentlemans motion for the adoption of the Agreed Resolutions? Those in favor say 'aye' aye, oppose 'no'. The ayes have it. The motion carried. The Agreed Resolutions are adopted. Further Resolutions."

Clerk O'Brien: "House Resolution 186, Taylor."

Speaker Redmond: "Committee on Assignments."

Clerk O'Brien: "House Joint Resolution 35, Totten."

Speaker Redmond: "Representative Totten?"

Totten: "Mr. Speaker, I have an motion for immediate consideration on that House Resolution 35 it is."

Speaker Redmond: "What's the number Mr. Clerk?"

Clerk O'Brien: "House Joint Resolution 35."

Speaker Redmond: "Representative Totten. Representative Madigan."

Madigan: "Mr. Speaker it's rather late in the day for immediate consideration of Resolutions."

Speaker Redmond: "Representative Totten."

Totten: "I agree with the Majority Leader and I call that..."

Speaker Redmond: "Put it on the Calendar. Any announcements? Anything for the good of the order? Anyone want to explain their vote? Representative Farley you seeking recognition? Representative McPike."

McPike: "Thank you Mr. Speaker. Just for an announcement. The Unemployment Insurance Subcommittee will meet immediately on adjournment in Room C-1."

Speaker Redmond: "Anything further? Representative Madigan we'll need ten minutes for perfunctary."

Madigan: "Mr. Speaker, allowing ten minute for a perfunctary session I now move that we adjourn to Wednesday April 18 at 1:00 in the afternoon."

Speaker Redmond: "Questions on the Gentlemans motion? Those in favor say 'aye' aye, oppose 'no'. The ayes have it. Motion carried. After ten minutes perfunctary we will now stand adjourned till Wednesday at 1:00."

Clerk Hall: "Committee Reports. Representative Peirce, chairman from the Committee on Revenue to which the following Bills referred action taken April 10, 1979 reported the same back with the following recommendations: "do pass" House Bill 330. Do pass is amended. House Bill 547. Interum Study, House Bill 879. The Senate concurring herein. That there shall be submittee to the electors of the state for adoption or rejection at the general election next occurring at least six months after the adoption of this Resolution. A proposition to amend section eight of Article nine of the Constitution will read as follows: Real property shall not be sold for non-payment of taxes or special assessments without judicial proceedings. The right of a redemption from all sales of real estate for non-payment of taxes or special assessments shall exist in favor of owners and persons interested in such real estate for not less than six months for a parcel of real estate used for industrial purposes or containing a structural or structures of more than six residential units and for not less than two years for all other real property following such sales. Owners, occupants, and parties interested shall be given a reasonable notice of the sale and date of exemption for the period of redemption as the General Assembly provides by law. First Reading of this constitutional amendment. Being no further business, the House stands adjourned until next Wednesday at 1:00."
