Speaker Redmond: "House will come to order. Members please be  
in their seats. We will be lead in prayer by Reverend  
Krueger, the House Chaplain."

Krueger: "In the Name of the Father, the Son, and the Holy  
Ghost. Amen. Oh; Lord, Bless this House to Thy service  
this day. Amen. Calvin Coolidge said:

'The Nation which forgets its defenders  
Will be itself forgotten.'

Let us pray; We thank Thee, Oh, Lord, for Thy continued  
blessings to our peoples in this Western world. We thank  
Thee for the pioneers who opened the way, for those who  
laid the foundations of our National life and for those  
who laid down their lives for our country's honor and in-  
tegrity. Grant that we may ever dedicate ourselves to the  
unfinished work they so nobly advanced and give increased  
devotion to the cause for which they gave the last full  
measure of devotion that government of the people, by  
the people, for the people shall not perish from the  
earth with malice toward none, which charity for all, with  
firmness in the right as God gives us to see the right.  
Let us strive on to finish the work we are in to bind  
up the Nation's wounds, to care for all who need our care,  
and to do all which may achieve and cherish a just and  
lasting peace among ourselves and with all the Nations.  
Through Jesus Christ, our Lord. Amen."

Greiman: "Representative Borchers."

Speaker Redmond: "Is Representative Borchers on the floor?"

Greiman: "Well, take it out of ;the record until he.."

Speaker Redmond: " Take it out of the record."

Greiman: "Yeah, till he comes in."

Speaker Redmond: "House Resolution 121 Representative Hoxsey."

Speaker Redmond: "House Resolution 121, Representative Hoxsey."

Hoxsey: "Yes, Mr. Speaker."

Speaker Redmond: "Proceed."

Hoxsey: "Ladies and Gentlemen of the House, House Resolution 121 was introduced by me in answer to a request from my constituency. This Resolution will simply establish a Commission of 6 people from the General Assembly 3 appointed by the Speaker of the House, and 3 appointed by the Minority Leader to have some hearings this summer and take testimony from people who wish to give us the information that they have in regard to activities by cults in Illinois. Now, we are trying to keep this totally in the gray area so that we don't confuse the Constitutionality of the project. No religious organization operating legitimately in Illinois has anything at all to hear from this legislation. We hope to simply look for the possibilities of illegal operation by cults in Illinois. The people of Illinois have a right to be informed so that if we have a religion for personal profit situation, the people of Illinois may be forewarned. The Commission will operate without compensation, holding the hearings and making a report back to this General Assembly in October. We have absolutely no basis for the Attorney General's Office in Illinois to investigate operation of cults other than the accounting of funds. Lying in Interim-Study is a vehicle that could be used should we find that we are actually being overrun in the State of Illinois by cult activities that border on illegal operation or operation by a coercion. What they are using to coerce young people to join their organization is a question. And all we want to do is hear the testimony and evaluate it for what it may produce. I would ask you to cooperate with me and the people of the State of Illinois to bring forth facts for our consideration. I would ask you for a favorable Roll Call."

Speaker Redmond: "Representative Johnson."

Johnson: "Mr. Speaker, and Members of the House, with all due respect to my colleague from this side of the aisle, for whom I have the highest respect and with whom I normally agree, I think everybody ought to look at this Resolution and not just regard it as another Resolution on the Board to be voted green because somebody thinks it's something we ought to do. I've looked at this Resolution and have also looked at some of the supportive materials that I've been sent by the Sponsor and her Cosponsor of this Resolution. And I think we've got to look at it in light of what the First Amendment and the 14th Amendment really mean to this country and I assume their counterpart provisions mean to the people of Illinois. What is a cult to someone, can be someone else's religion, and vice versa. And I think if we go to the place of interjecting ourselves as government in to the individual religious beliefs and activities of individuals who are citizens, we really begin the potential for a witch hunt here in Illinois and also around the country. Now, I think if there are abuses of cults in terms of kidnapping and the other sorts of abuses that we have seen, we can deal with those through the Criminal Laws. But once we give the authority for a Commission, and I frankly think this is blatantly Unconstitutional Resolution anyway, but once we give the authority to a Commission, or any other group of people that go out and have the discretion to bring in witnesses and subpoena witnesses and so forth, we really have created the groundwork for something that just flies in the face of freedom of religious association in Illinois and around the country. And I think before you vote on this, you'd better realize what the potential ramifications are. There's no problem here in Illinois; I'm sure we have some activities that some people don't think are properly operating. If they aren't and they are violating the Criminal Laws of Illinois

we can deal with them. But I think we really have at least the seedlings of something that's very very dangerous to the Constitutional guarantees of this country. And notwithstanding the publicity that resulted from Jones-town and otherwise, I don't think we ought to put our automatic stamp of approval on something that's going to come back to haunt us time and again. If we do this now, the next time we have something that makes the headlines then we're going to wipe out some other Constitutional guarantee. And I don't want to do that; I really don't think Representative Hoxsey wants to do that. And I certainly hope that the other Members of the General Assembly will join me in, although respecting the intentions of the Sponsor of this, on voting 'no' or present on House Resolution 121."

Speaker Redmond: "Representative Greiman."

Greiman: "Thank you Mr. Speaker, and Ladies and Gentlemen of the House, I join Representative Johnson in many of his sentiments expressed. The language of this particular Resolution is particularly difficult for, in terms of squaring with the First Amendment. It asks for an investigation of, 'relationships of cults and religious freedom'. That is precisely what is not allowed. That inquiry is precisely what we cannot look at. Because that deals with the minds of men and rather than their activities. And we probably could have or might be able to have something that would look to for example, exemptions from taxation of religious organizations or cults. But certainly not the relationship of cults and religious freedom. I served on the Committee that heard the testimony with respect to this Resolution and I have to believe that in listening to the definition and description of what a cult was, early Christianity, early Islam, early Judaism, would have fit the exact pattern of what a cult was described as by the very people who had been, young people who had been in cults, who have been disillusioned. We understand

this is a problem but the problem in this case, the investigation in this case, is more odious because if it's trampling in ignorance of the First Amendment that Congress shall make no law, no law, respecting the establishment of religion. And it is for this reason that I will join Mr. Johnson in voting 'no'."

Speaker Redmond: "Representative Friedrich."

Friedrich: "Mr. Speaker, Members of the House, when Representative Hoxsey brought this Resolution to the Executive Committee I was prepared to vote against it, but after hearing the testimony of some of the young people who were there, I think this is an area in which we do have an interest. This does not mean we're going to pass laws against religion at all. But we've got some people performing operations under the guise of religion which are nothing more than organized fraud. And I think this is something that is the concern of the people of the State of Illinois and it bears investigation by the Legislature."

Speaker Redmond: "Representative Pullen."

Pullen: "Mr. Speaker, Ladies and Gentlemen of the House, I do not see how it can possibly be Unconstitutional for us to set-up a Commission to look into something. As a matter of fact, whenever any of us, at least in my case, when I have had constituents call me concerning their children who have been kidnapped by cults, and I attempt to do something about these cases, I have been told that because of their using the Book of Religion, it is impossible to do anything even when it is an activity that would be considered illegal for anyone else. Now any true religion does not have to worry about Legislation that takes away the immunity from illegal acts because they would not commit illegal acts. I think that it is a very responsible thing to set-up a Commission to look into whether there might be something that we can do to distinguish between the two so that we can protect the young people in Illinois

from the illegal act of certain cults. If we do not set up a Commission to look into this, then there will be Legislation brought in without any study to try to curb their activities and that might be dangerous to the First Amendment to our Constitution. There surely must be things that we can do to curb the illegal activities of certain cults without affecting our Constitutional freedom of religion. This Resolution seeks to find a way to do that without doing damage to the Constitution. I think it's one of the most important Resolutions that has come before us this spring. And I urge everyone for the sake of the freedom of your constituents to practice their beliefs to vote 'aye' on this Resolution. Thank you."

Speaker Redmond: "Representative Macdonald."

Macdonald: "Thank you Mr. Speaker, Ladies and Gentlemen of the House, I, too, rise as the last speaker did, to support this very important Resolution. As a Cosponsor of this Resolution, I cannot tell you how many letters I have had from distraught parents and people who are in absolute dispare over what has happened to their young people, and their children. I also want to tell this Body that I have had three threats because I have been a Sponsor of this Resolution. And that to me is indeed Unconstitutional. I think we do have a very close line which we must follow in an investigating Committee of this kind. But I say to you what's happening in the guise of religion and in what's happening under the cloak of the Constitution, indeed does need investigation and I don't know how else to get at what's happening, obviously, with some of these cults, other than through an investigating Committee. And I urge you to vote 'ygs' and to help us try to see what we can do about this unconscionable activity under the name of religion in this country."

Speaker Redmond: "Representative Ewing."

Ewing: "Mr. Speaker, I move the previous question."

Speaker Redmond: "Question is shall the main question be put.

Those in favor say 'aye', 'aye'; opposed 'no'. The 'ayes' have it. Motion carries. Representative Hoxsey to close."

Hoxsey: "Yes, Ladies and Gentlemen of the House, this is an important question. As one of the former speakers said, we are not bothered with cults in Illinois. Well, I can show you a file that is about three inches thick from people that would disagree with him. We are bothered by cults in Illinois. The families are bothered. The greatest thing we can do for our own religious demoniation is to clarify what may be occurring here unbeknownst to us. I had no idea when I introduced this Resolution as to the extent of the activities in Illinois. I think we're approaching it in a good sense approach. I think it's the only way to approach it. And I think we should work together on this and try to come up with something that will be constructive. Our people out there in the State of Illinois have a right. they have a right to know. And if nothing else, we are going to get them informed about the activities of so called religious cults. I would again ask your favorable support on this Resolution."

Speaker Redmond: "The question's on the Lady's motion that House Resolution 121 be adopted. Those in favor vote 'aye'; opposed vote 'no'. Representative Borchers, one minute to explain his vote."

Borchers: "Well, Mr. Speaker, and fellow Members of the House, I've run into a couple of real religious fanatics in my time and I suppose not being a woman, but being a man, my position has always been 'good riddance' to bad rubbish, let them go. They want to take poison, I'm just willing to let them. furnish them a poison. I feel sorry for the families of course. But 'by jimminy' what are you going to do with religious fanatics? You can't do anything. And they have a right to be fanatics. Stupid as it is, they still have

a right to be fanatics. So I think we should just vote 'no'."

Speaker Redmond: "Have all voted who wish? Have all voted who wish? The Clerk will take the record... Representative Ewing."

Ewing: "Mr. Speaker, before you take the record I'd like the chance to explain my vote on this matter.."

Speaker Redmond: "Explain your vote."

Ewing: "Thank you. I hope that all of you who are not voting or who are voting red would consider what it would be like to have one of your children involved in the cult activities. There is absolutely no recourse for these people. It's like losing a child. What Representative Hoxsey is proposing is only to shed some light on this very secretive type of activity that goes forward in our State. It is not an interference with religious freedom. Many of the things that we do here on this House floor have the potential for interfering with our rights. But it also interferes with our rights as parents and of young people to grow up free of this type of influence. And I would urge an 'aye' vote on this measure."

Speaker Redmond: "Representative Neff. One minute to explain his vote. The timer's on."

Neff: "Thank you, Mr. Speaker, and Ladies and Gentlemen of the House. In explaining my vote, I can't understand why we don't have a good many green lights, more than we have. All Representative Hoxsey is asking in this Resolution is that we do some investigating and have a Commission, because there are some problems in Illinois. One thing we ought to keep in mind, we're not spending any taxpayers money to do this. But we have many people in the State of Illinois who are very interested in doing some further investigating on this. And I would hope that we would get more green lights."

Speaker Redmond: "Have all voted? Representative Schlickman."

Schlickman: "Well, Mr. Speaker, and Members of the House, I think adopting this Resolution would be as silly and inappropriate as the Resolution calling for a Legislative Committee to study the air crash by the DC 10 near O'Hare Field last Friday. We do not, we do not, Mr. Speaker, Members of the House, have the competency to investigate that crash. We don't have the competency to investigate and explore the very very sensitive relationship that arises out of the First Amendment, religious freedom and the prohibition on Government to either promote or inhibit. And I would urge a 'nay' vote."

Speaker Redmond: "Representative Jane Barnes. One minute to explain her vote."

Barnes: "Mr. Speaker, and Ladies and Gentlemen of the House, I rise in support of this Legislation. It's just like everything else. We're never really concerned until this concerns ourselves or our families. And if you had heard the boy that testified before this Committee, and said under mesmerization that he would get in a wheel chair and pretend that he was crippled and collect over \$350 every day because he thought that this was the thing to do. If one of your children was under the spell of somebody else you certainly would be voting 'aye' on this Resolution. Now, I'm religious and I go to church every week, but if my religion were participating in this, I'd welcome investigation so I could defend my religion. I urge more 'aye' votes on this good House Resolution to protect the children in our Districts. "

Speaker Redmond: "Representative McPike. McPike. One minute to explain your vote."

McPike: "Well, thank you, Mr. Speaker. There was so much noise I missed some of the testimony. I presume that this is the vote on the House Committee on Unamerican Activities."

Speaker Redmond: "Representative Chapman. Chapman. Have all voted who wish? Representative Wikoff."

Wikoff: "Thank you Mr. Speaker. I want to explain my 'yes' "

vote and urge a few others, but it's look like you've got enough votes. Take the record."

Speaker Redmond: "Have all voted who wish? Representative Johnson?"

Johnson: "How many votes does this take?"

Speaker Redmond: "89. Clerk will take the record. On this question there are 95 'ayes', and 41 'no'. The Bill (sic) having received the Constitutional Majority..., the Resolution is adopted. Representative Mike Getty, for what purpose do you rise?"

Getty: "Mr. Speaker, Members of the House, Senate Bill 269 is presently on First Reading. It's not been assigned to Committee. That Bill is identical to House Bill 830, which was the subject of very extensive hearing in the Judiciary Committee and Subcommittees. It is absolutely identical and at this time in the interest of saving the time of the Committees I would move that Senate Bill 269 be referred to.. moved to Second Reading without reference to Committee. I've consulted with both the Majority and Minority Leaders and also the Minority Spokesman in the House and it has... or the Committee rather and it has his.. all of their approval."

Speaker Redmond: "Representative Getty would you repeat the motion?"

Getty: "The motion is to move Senate Bill 269 to Second Reading without reference to Committee."

Speaker Redmond: "You've heard the .. you've heard the motion. The question is on the Gentleman's motion. Those in favor vote 'aye'; opposed vote 'no'. Representative Collins."

Collins: "Mr. Speaker why does refer.. advancing a Bill to Second Redding save more time than tabling a Bill if it's truly identical?"

Speaker Redmond: "Representative Getty."

Getty: "Because we did not reach that Bill on Third Reading. But it's identical to the conditions that Bill was after

extensive hearings on Third Reading. "

Speaker Redmond: "Representative Schlickman."

Schlickman: "Did the House Bill pass the House?"

Getty: "The House Bill did not pass the House..."

Schlickman: "Well, then I object.."

Getty: "This Bill is identical. It's the same condition in which it was here."

Schlickman: "I object."

Getty: "...after our hearing. "

Schlickman: "I object. It was my understanding that the House Bill had passed, but since it hasn't passed, I object."

Speaker Redmond: "Representative Johnson."

Johnson: "Well I think before you vote on this you ought to realize what Bill it is. This is the independent administration of estate Act, which completely changes the way we probate a significant portion of the estates in Illinois. And you know, if you think that ought to go through without a hearing in the Judiciary Committee, it doesn't make any difference to me, but it's a pretty significant Bill. It's a major change in our Probate Code and I think that Bills of that significance, whether or not they've had a prior hearing, is a House Bill that ought to be reviewed in terms of subsequent events and what's happened in the Senate and the House."

Speaker Redmond: "Representative Daniels."

Daniels: "Well, Mr. Speaker, Ladies and Gentlemen of the House, House Bill 830 had a full hearing in the Judiciary Committee and this Bill is identical to that Bill and as a Member of the Judiciary Committee I do support the motion to bring this to the House Floor to save the time of the House. I think we had full and ample hearing on the matter. Representative Getty spoke to me and we spoke to the Chariman of the Committee and also the Majority and the Minority Leaders of the House and I think it's a reasonable request that he has. If any Member of this House wants to

add an Amendment to this Bill they can feel free to do so on Second Reading. And in closing let me say thank God there's a change to the Probate Laws that's coming up right now. Thank God that we have finally have an opportunity to address that change and let's make sure that we're able to vote on it. In the near future let's make sure that the independent administration of estate is heard by this House and give it the necessary 107 votes."

Speaker Redmond: "Representative Sandquist."

Sandquist: "Yes, Mr. Speaker and Ladies and Gentlemen of the House, I too, rise in support of this motion. I was on the Subcommittee of Judiciary I and on the full Committee. We had extensive hearings on this very identical Bill and I think that to waste the time going through it all again is not very.. way to do it at this time and I urge some more 'aye' votes. "

Speaker Redmond: "Representative Vinson."

Vonson : "Mr. Speaker. Inquiry... How many votes does it take?"

Speaker Redmond: "107."

Vonson: "I would urge all Republicans to get on this. I would personally like to apologize to Representative Schlickman because if there's any misunderstanding at to whether the Bill had passed, it was my fault. I thought the House Bill had passed and told him that. It was not Representative Getty misleading him. We ought to pass this out because I think it's a foregone conclusion what the Committee would do. We had a very comprehensive hearing on it and I urge green votes."

Speaker Redmond: "Have all voted who wish? The Clerk will take the record. On this question there are 118 'aye' and 10 'no'. The motion passes. Senate Bill 269 is advanced to the Order of Second Reading. Representative Madigan."

Madigan: "Mr. Speaker. we are preparing to adjourn. Are there any announcements?"

Speaker Redmond: "Any announcements? Representative Polk. Any

announcements? Committee Chairman, Representative Marovitz."

Marovitz: "Ralph, Captain Ralph Capparelli asked me to announce that for those who did not have Committees or can get out of Committee early, there will be a House baseball practice at 4:00 o'clock on diamond 2 at Lincoln Park. We will adjourn early enough to make the Democratic fund raising picnic but if you'll get there on time at 4:00 o'clock diamond 2, Lincoln Park, it's the last week before the House-Senate game and the Senate's been practicing day and night in Chicago and around the State to beat us so if you can get out there today at 4:00 o'clock, please again, diamond 2, Lincoln Park. 4:00 o'clock today."

Speaker Redmond: "Representative Pullen. Pullen."

Pullen: "Yes, Mr. Speaker. I would like to make an announcement that today is Memorial Day and we should all remember our war dead. Thank you."

Speaker Redmond: "Representative Vinson."

Vinson: "Mr. Speaker, Members of the House, I have a motion on the schedule that deals with a supplemental appropriation Bill that I believe both sides of the aisle have looked at and agreed to that would bring that supplemental appropriations Bill to the House floor Second Reading. Discharge appropriations Committee. And I would like to move that motion Senate Bill... on 586."

Speaker Redmond: "Parliamentarian advises me that preferable practice is to read them a second time now and move them along... take the motion first. It's 586 is that correct?"

Vinson: "Yes, Sir."

Speaker Redmond: "The motion is to discharge Committee and advance Senate Bill 586 to the order of Second Reading, Second Legislative Day. Is there any discussion? Representative Madigan. Madigan. Representative Brummer, for what purpose do you rise?"

Brummer: "Yes, I wonder if the Sponsor would just briefly tell us what the Bill deals with."

Speaker Redmond: "Representative Vinson."

Vinson: "Yes, Sir. It's the... it's the supplemental appropriation for the Governor's Office on Manpower. And I'd like to make clear to the Members who were wrong last week that this in no way affects my intention, nor I believe the intention of the Majority of the Members of the Appropriations Committee to deal properly with the appropriation for next year for that agency. This is simply the supplemental and is necessary for the ongoing operation of the office this year. It doesn't deal with the particular agency which is funding the organization we're all concerned with. "

Speaker Redmond: "Any further discussion? Representative Schlickman."

Schlickman: "Would the Sponsor yield?"

Speaker Redmond: "He will."

Schlickman: "According to the synopsis, it's a transfer and not a supplemental appropriation. Which is correct?"

Vinson: "It's actually a supplemental, Mr. Schlickman. I apologize."

Schlickman: "By how much?"

Vinson: "I can't tell you the exact figure right now without the staff here."

Schlickman: "Is it less than 100,000?"

Vinson: "I'm sorry."

Schlickman: "Is it less than 100,000?"

Vinson: "It's a transfer. Did I say supplemental?"

Schlickman: "Yes."

Vinson: "It's a transfer."

Schlickman: "I suggested to you that it was a transfer."

Vinson: "It's a transfer."

Schlickman: "... without a change in the appropriation."

Vinson: "That's right."

Schlickman: "Sounds okay to me."

Vinson: "Thank you."

Speaker Redmond: "Anything further? The question's on the

the Gentleman's motion that the Committee on Appropriations II be discharged and that Senate Bill 586 be advanced to the Order of Second Reading. Those in favor vote 'aye'; those opposed vote 'no'. Second Legislative Day. Have all voted who wish? Clerk will take the record. On this question there are 90...101 'aye' and 9 'no'. The motion carries. Motion on 944, for Representative Polk. Read it when we... 944, Representative Polk..."

Polk: "Mr. Speaker. Mr. Speaker, Senate Bill 944 is ... we're moving to discharge Committee so we may hear that Bill on Second Bill tomorrow. There's going to be some controversy on it tomorrow in relation to an Amendment and I'm willing to hear the Amendment tomorrow. But we'd like to move it to Second."

Speaker Redmond: "The question's on the Gentleman's motion to discharge the Committee of... Appropriation Committee II advance 944 to the Order of Second Reading. Second Legislative Day. Those in favor vote 'aye'; those opposed vote 'no'. Have all voted who wish? Have all voted who wish? Have all voted who wish? Clerk will take the record. On this question there are 91 'aye', and 14 'no'. The motion prevails. Senate Bill 944, Committee on Appropriations II is discharged with respect to Senate Bill 944. Senate Bill 1266..Representative DiPrima."

DiPrima: "Mr. Speaker, pursuant to Rule 66-A I move to discharge the Committee on Appropriations II from further consideration of Senate Bill 1266 and advance to the Order of Second Reading, Second Legislative Day."

Speaker Redmond: "Is there any discussion? The question's on the Gentleman's motion. Those in favor vote 'aye'; opposed vote 'no'. Have all voted who wish? Clerk will take the record. On this question there's 92 .. 94 'aye' and 6 'no'. The motion carries. Senate Bill 1266 is advanced to the Order of Second Reading. Second Legislative Day. Senate Bill Second Reading, 586..."

Clerk O'Brien: "Senate Bill .. 269, a Bill for an Act to Amend the Probate Act. Second Reading of the Bill. No Committee Amendments."

Speaker Redmond: "Any Amendments from the Floor?"

Clerk O'Brien: "None."

Speaker Redmond: "Third Reading. Senate Bill 586."

Clerk O'Brien: "Senate Bill 586, a Bill for an Act to Amend the Fiscal '79 appropriations for the Governor's Office of Manpower and Human Development. Second Reading of the Bill." "No Committee Amendments."

Speaker Redmond: "Any Amendments from the Floor?"

Clerk O'Brien: "None. "

Speaker Redmond: "Third Reading. 944."

Clerk O'Brien: "Senate Bill 944, a Bill for an Act to Amend the Fiscal year '79 appropriation for the State Fire Marshal. Second Reading of the Bill. No Committee Amendments."

Speaker Redmond: "Any Amendments from the Floor?"

Clerk O'Brien: "None."

Speaker Redmond: "Third Reading.. Senate Bill 1266."

Clerk O'Brien: "Senate Bill 1266, a Bill for an Act to make a supplemental appropriation to the Department of Veterans Affairs for certain scholarship payments. Second Reading of the Bill. No Committee Amendments."

Speaker Redmond: "Any Amendments from the Floor? "

Clerk O'Brien: "None. "

Speaker Redmond: "Third Reading. Representative Madigan."

Madigan: "Mr. Speaker, are there any further announcements?"

Speaker Redmond: "How much time do you need for perfunctory? Ten minutes. Representative Ryan."

Ryan: "Mr. Speaker, would you excuse Representative Dyer, due to an illness in the family? And Representative Kempiners due to illness?"

Speaker Redmond: "Is there any objection? Hearing none, Representative Dyer and Kempiners will be excused. Any ... Representative Leon."

Leon: "Committee on Financial Institutions will meet immediately after adjournment. We have about eight Bills. The meeting will take 20 minutes if the Members get there. I'd appreciate their attendance."

Speaker Redmond: "Are there any Democrats whose absence should be excused? Representative Madigan."

Madigan: "Would the record show that Representative Kosinski is excused because of official business?"

Speaker Redmond: "Let the record so show. Representative Matijevich."

Matijevich: "Mr. Speaker, Ladies and Gentlemen of the House, Appropriations I is meeting immediately after adjournment and I would urge the Members to come as soon as possible the sooner you get there there sooner we'll get through. We can do it quite hastily if we have good attendance. Thank you."

Speaker Redmond: "Representative Madigan."

Madigan: "Mr. Speaker,..."

Speaker Redmond: "Representative Jones? "

Jones: "Yes, thank you, Mr. Speaker, it's to remind the Members of the Insurance Committee we do have a meeting at 4:00 p.m. so all those individuals who are interested in playing baseball I would suggest that you be at the meeting because we have a few Bills, they aren't controversial but we will need a Quorum. 4:00 p.m. the Insurance Committee Room 122 B."

Speaker Redmond: "Representative Madigan. Madigan."

Madigan: " Mr. Speaker, I wish to announce a meeting of the Rules Committee in the Speaker's Office immediately after adjournment, A meeting of the Rules Committee in the Speaker's Office immediately after adjournment. Are there any further announcements..? They're being no further announcements, ..."

Speaker Redmond: "Representative Garmisa."

Garmisa: "Yes, Mr. Chariman, Ladies and Gentlemen of the House, the meeting of the Transportation Committee will

be in D-1 at 4:00 o'clock. We only have 3 Bills, we'd urge every Member to be there promptly at 4:00."

Speaker Redmond: "Representative Madigan."

Madigan: "Mr. Speaker, providing 10 minutes for a perfunctory session, I move that we adjourn to 10:00 a.m. tomorrow morning. "

Speaker Redmond: "You've heard the motion. Any discussion? The question is on the motion. Those in favor indicate by saying 'aye', 'aye', opposed 'no'. The 'ayes' have it. The motion carries. The House stands adjourned until 10:00 o'clock tomorrow. Rules Committee in the Speaker's Office. It'll take about 5 minutes."
