Director would also forward this information to	558

Kane: "Which Boards and Commissions?"	560

	proper depository for this information would be with	566
	the State's Attorney of that county or the U.S.	
	Attorney in that particular district."	567
Kane:	"Why not the other boards and commissions?"	569
Stearn	ey: "Because they're not prosecutorial agencies."	571
Kane:	"I realize that"	573
Stearn	ey: "shall be prosecuted by the appropriate	575

Kane:	"Which agencies and boards are you cutting out? The	5 <b>7</b> 9

Kane: "Are those two agencies in the existing Bill?"	607
Stearney: "Yes. No, no, they're not mentioned specifically,	609
they're mentioned just appropriate law enforcement	610
agency. But, I'm making certain that this is where	611
the information should go. Any evidence of that the	
Director believes he has evidence of, should be	612

District Attorney for that district."	
Speaker Redwond: "Any further discussion? Question is on	615
the Gentleman's motion for the adoption of Amendment	616

Speaker Redmond: "Third Reading. 1994. Representative	621
Schraeder, for what purpose do you rise?"	622
Schraeder: "Point of personal privilege, Mr. Speaker."	624
Speaker Redmond: "State your point."	626
Schraeder: "Mr. Speaker, I don't normally ask for point of	628
personal privilege, but I think today I should and $$ am $$	629
going to and have. There is a leading proponent of	· 630
ERA on the House floor at this moment, who apparently	
supplied false information to the news media and that	631
information was circulated to my home district. I	632
resent very much, anyone implying my integrity and I	633
would request that Representative who is now retiring	
from the General Assembly, would communicate to the	634
news media that I did not make any commitment to	635
support ERA and support my position that my integrity	
is still intact. I resent very highly that any would	636
insinuate that I went back on my word."	
Speaker Redmond: "Adjournadjourn Representative Dyer."	638
Dyer: "Point of personal privilege please."	640
Speaker Redmond: "Proceed."	642
Dyer: "I am, I believe, the Member retiring from the General	644

Assembly and I would like to say that at no time have	645
I personally mentioned Mr. Schraeder's name to the	646
press. I did not communicate with him. His	
communication was with members of his own party and I	647
would like to just say, that I respect his integrity	648
to the fullest. And, I believe there's been a	
miscommunication here. There may be other Members on	649
this floor of my own party, who's integrity is in	650
question, but not Mr. Schraeder's."	
Speaker Redmond: "Adjournment Resolution. I think we've	652
exhausted this subject. She has indicated that she	653
didn'tshe didn't mention you so it would appear to	654
me that that would suffice."	
Clerk O'Brien: "House Joint Resolution 106. Resolved by the	656

Emil Jones: "Yes thank you, Mr. Speaker, I move that we	665

Speaker Redmond: "Fiscal note been filed?"	695
Clerk O'Brien: "Fiscal note is filed."	697
Speaker Redmond: "Third Reading. Third Reading. Are there	699
further Amendments? Okay. No, we can't do that. Any	700
further Amendments from the floor?"	
Clerk O'Brien: "Ploor Amendment #7."	702
Speaker Redmond: "Is Representative Flinn on the floor? Out	704
of the record. I think you abuse the Fiscal Note Act,	705
quite frankly, Representative Skinner. And that won't	706
happen in the 82nd session. We will accelerate the	
Senate Bills Third Reading. Senate Bills Third	707
Reading, 1506. Don't tell me. Don't tell me. Yeah,	708
Roll Call for attendance. Please be careful about	709

Ewing: "Mr. Speaker, on a lighter note, is there any dress	711
code for the Lady Members of this House? I mean can	712
they wear night clothes into session? I think you	713
made a mention of that to one of the Members and I	
just don't think we should have that kind of carrying	714
OD. "	
Speaker Fedmond: "Representative, we had an effort to	716
establish a dress code, Representative Conti, as I	717
recall introduced such a Bill and I have the Roll Call	718
in my office and it didn't carry."	
Ewing: "Maybe Representative Barnes should be in charge of	720

Speaker Redmond: "Senate Bills Third Reading. 1506."	723
Clerk O'Brien: "Senate Bill 1506. A Bill for An Act	725
extending the corporate limits to the Metropolitan	726
Sanitary District of Greater Chicago. Third Reading	727
of the Bill."	
Speaker Redmond: "Representative Mahar."	729
Bahar: "Thank you, Mr. Speaker and Ladies and Gentlemen of	731
the House. I ask leave to bring 1506 back to the	732
Order of Second Reading for purposes of an Amendment."	733
Speaker Redmond: "Representative Mahar asks leave to return	<b>7</b> 35
it to the Order of Second Reading. Does he have	736
leave? No objec Representative Mugalian."	
Eugalian: "Objection."	738
Speaker Redmond: "Skinner and Mugalian bave objected.	740
Parliamentarian come here. David. If objection has	741
been raised, you have to move that it be returned to	742
the Order of Second Reading and that takes 89 votes.	
Representative Mahar."	743
Sahar: "No I want it to go back to Second Reading, for	745
purposes of an Amendment."	J
Speaker Redmond: "No, that isn't a matter of course. We	747
asked leave, and leave has been denied, because	748
there's been objections. So, the next procedure is to	749
move that it be returned to Second."	
Mahar: "I would so move that it be returned to Second	751
Reading for purposes of an Amendment, Mr. Speaker."	<b>7</b> 52
Speaker Redmond: "Representative Mugalian."	<b>7</b> 54
Mugalian: "Mr. Speaker, I would like to speak to that	<b>7</b> 56
motion. I have discussed this matter with the	757
Sponsor, we have had a candid and sincere conservation	
about it. He has introducedhe is sponsoring a Bill	<b>7</b> 58
that would annex to the Sanitary District of Greater	<b>7</b> 59
Chicago some property in Rich Township, that is in his	<b>7</b> 60·
district and we have no objection to that. But, the	
purpose of this motion as he has told me, is to annex	761

to the Metropolitan Sanitary District of Greater	162
Chicago, real estate entirely located within the	
Second Legislative District. This is a situation	763
which has in no way been discussed with any of the	764
Legislators of the Second Legislative District. It	
turns out, that there has been an attempt to annex	765
this property covertly and without the knowledge of	766
the Members of the Second Legislative District who	767
oppose this annexation. And, for that reason, I	
oppose the motion to return this to Second Reading."	768
Speaker Redmond: "Representative Karpiel."	770
Karpiel: "I concurI concur with Representative Mugalian.	772
I'm also from the Second District and we object to	773
bringing this back to Second for an Amendment."	
Speaker Redmond: "Anything further. Representative	775
Skinner."	
Skinner: "Mr. Speaker, although the Sanitary District hasn't	777
been bold enough to try to move into Kane County yet,	<b>77</b> 8
at least in this part of my district, it has	<b>77</b> 9
attemptedthere is a connection. The East Dundee	
Fire Protection District will loose significant	780
territory if the property in question is brought into	<b>7</b> 81
the Sanitary District and they adamantly oppose this	782
loss of territory. I would suggest that the residents	
from the City of Chicago who wish to save the City of	783
Chicago, have also a very large stake in this. And, a	784
huge housing development is proposed for the Hoffman	
Estates area, and that is what we're talking about	785
here. Now, obviously some people are going to make a	<b>7</b> 86
lot money. Among those people, is not my seatmate who	787
is sponsoring the Amendment. The developers are going	
to make a lot of money. And, I think that the people	788
from the City of Chicago should ask themselves,	789
assuming they are not aligned with these developers,	
where the people are going to come from who are going	790
to move to Hoffman Estates. Those people are going to	791

2.2.

792	come from your districts which will mean there will be
	fewer of you in 1992, after the 1990 census. If you
793	want to save the City of Chicago, what it seems to me
794	the City of Chicago's residents Representatives should
795	be trying to do, is minimize the number of people
	moving out of Chicago. The passage of this motion
796	will maximize the number of people moving out of
797	Chicago. So, I would urge you to vote 'no' on the
	motion to bring this back to Second Reading and let's
798	take care of Representative Mahar's parochial
	interest, which is in his legislative district and
<b>7</b> 99	doesn't effect anybody elses."
801	Speaker Redword: "Representative Epton."
803	Epton: "Thank you Mr. Speaker, Ladies and Gentlemen of the
804	House. Cur seatmate certainly needs no defense. His
805	integrity is not at all open to question, he's one of
806	the most responsible Members of this Legislature.
	Unfortunately he has been placed in the position of
807	inadvertantly trying to please some Members, some
808,	individuals who asked him to do the particular motion
, 4 ~	he is making. So, I have to agree with all of the
809	individuals who have spoken. Certainly there should
810	be no reflection on this Bill, each individual should
	vote as he or she feels on the merits of the proposed
811	Amendments which will be as Representative Mugalian
812	and Karpiel have suggested. But, certainly in no way
813	should Representative Mahar be caught in the middle of
	this altercation."
815	Speaker Redmond: "RepresentativeI can't see who's back
816	there. Representative Birkinbine, will you please sit
817	down? The rules say you have to. Representative
	Totten."
819	Totten: "Thank you, dr. Speaker. I move the previous
	question on this good motion."
821	Speaker Redmond: "The Gentleman has moved the previous
822	question. The question is, shall the main question be

put. Those in favor say 'aye', 'aye', oppose 'no'.	823
The 'ayes' have it. Representative Mahar to close."	
Mahar: "Thank you, Mr. Speaker. I'd ask for a favorable	825
vote."	
Speaker Redmond: "Question's on the Gentleman's motion that	827
leave be granted to return Senate Bill 1506 to the	828
Order of Second Reading for the purpose of an	829
Amendment. Those in favor vote 'aye', oppose vote	
'no'. Requires 89 affirmative votes. Representative	830
Matijevich."	
Matijevich: "Mr. Speaker, Ladies and Gentlemen of the House,	832
I would urge a 'no' vote on this also. The	833
Metropolitan Sanitary District has said that they	834
don't even need legislation, that they have the power	
right now. I don't believe they do, but as long as	835
they have communicated that they do, why should we as	836
the Legislature get involved in this issue. There's a	
dispute with them and the county authorities in Lake	837
County. And, Itherefore I'd appreciate what you're	838
doing right now, thank you."	839
Speaker Redmond: "All voted who wish? Clerk will take the	841
record. On this question there's 42 'aye' and 59 'no'	342
and the motion fails. Representative Mahar. Anything	843
further, Representative Mahar?"	
Mahar: "Well, the Bill is now on Thirdstays on Third	845
Reading and"	
Speaker Redmond: "That is correct."	847
Bahar: "And I would move for the passage of Senate Bill 1506	849
as it stands. I might say that this Bill is sponsored	850
by the Senator from the minth district and myself, in	851
the interest of a annexation for Rich township, which	
involves a developmenta commercial development	852
expansion of an industrial plant that's already there.	853
There is no opposition in our area to this, either by	854
local municipalities or the Members of the General	
Assembly and there is no opposition to the	855
•	

Metropolitan Sanitary District and therefor I'd ask	856
that we approve and you vote favorably for Senate Bill	•
1506."	
Speaker Redmond: "Representative Mugalian."	858
Mugalian: "Mr. Speaker, I just thought I would state in	860
advance in the form of a statement as to why I'll be	861
voting 'present'. I think there is still an Amendment	862
on this Bill that annexes to the Sanitary District	
some real estate in the Second Legislative District.	863
That also was done without consultation with	864
Legislators in the Second Legislative District.	
Accordingly, I'll be voting 'present'."	865
Speaker Redmond: "Anything further? Question is shall this	867
Bill pass? Those in favor vote 'aye', oppose vote	868
'no'. Have all voted who wish? Campbell, will you	869
please sit down? Have all voted who wish? Clerk will	
take the record. On this question there's 103 'aye',	870
2 'no', and the Bill having received the	871
Constitutional Majority, hereby declared passed.

Collins: "Thank you, Mr. Speaker and Ladies and Gentlemen of	8 <b>7</b> 9
the House. I ask leave to return Senate Bill 1510 to	880
the Order of Second Reading for the purpose of an	881
Amendment."	
Speaker Redmond: "Does the Gentleman have leave? Hearing no	883
objection, leave is granted. It'll be on the Order of	884
Second Reading. Mr. Clerk."	
Clerk O'Brien: "Amendment #4, Conti-Bluthardt. Amends	886
Senate Bill 1510 on page 1, by deleting the title and	887
inserting in lieu thereof the following and so forth."	888
Speaker Redmond: "Who's the Sponsor? Representative Conti."	890

Conti: "Mr. Speaker, it's just a aban effective date	892
change on the Amendment to 1985 instead of 1981. The	893
township officials asked me to enter this Amendment	894
and I ask for a favorable vote."	
Speaker Redmond: "Representative Skinner."	896
Skinner: "Just an effective date change, Representative?	898
I've heard of trying to sneak things through this	899
Legislature, but this is just unbelievable. There was	900
only one change made to improve assessments of real	
estate in the State of Illinois last year and it was	901
the Bill you're trying to repeal basically. What we	902
did was do a series of studies over the last eight	
years and what we found was that the smaller the	903
assessing jurisdiction, the worse were the township	904
assessments. The worse were the real estate	
assessments. We have margins of error in townships of	905
under one thousand people which exceed one hundred	906
percent. This does not affect Cook County. It	
doesn't do anything in Cook County and yet two Cook	907
County Representatives are conspiring together to try	908
to roll back the only progress that's been made in	÷
real estate assessment reform during this Legislative	. 909
Session. There is no other progress. Now, let me	910
tell you what the Bill did, that they're trying to	911
repeal. Excuse me. Now, that everyone's awake. The	
Bill"	
Speaker Redmond: "Tell us about your replacement."	913
Skinner: "Yeah, well she's quiet, shy, retiring, pretty.	915
That's one replacement. Representative Campbell is	916
the Sponsor of the Bill that the Amendment attempts to	917
repeal. What the Bill did, was said that in	
recognition of the fact and it is a fact, that in the	918
smallest township jurisdiction, the smallest township	919
by population in the State of Illinois, the	
assessments are the worst in the state. In fact,	920
they're so had you can't even get statistics in most	921

of them, that starting next year the"	921
Speaker Redmond: "Representative Conti for what purpose do	923
you rise?"	
Skinner: "One thousand"	925
Conti: "Mr. Speaker, first of all let me clarify. He's	927
talking about the Bill, now I just don't want the	928
people to think that I tried to put something over.	929
It does change the effective date. That's all it	
does, is change the effective date. Now the merits of	930
the Bill is entirely different, now this is a	931
qualification for assessors. And, that's why we're	
changing the effective date in the State of Illinois.	932
There are some assessors that have been in office for	933
some eighteen to twenty years. They've tried to pass	934
the examination, they haven't had time to pass the	
examination to become an assessor. If you are going	935
to qualify people to run for office, they should be	936
appointed and not elected. I'm not trying to put	937
anything over. This is changing the effective date	938
and I still stick with my first statement that I made.	
It changes it to 1985 instead of 1982. Now, I agree	- 939
with him. The percentage of error in the marginin	· 340
the percentage of error in township government. But,	•
if we had to take a test to run for office in this	941
House, I think that Pat Quinn would get his Amendment	942
through and quite a few of them would not able to	943
getpass the test to run for State Representative.	
Now, all we're asking for, is the assessors to take	944
time to go to this school and to change the effective	945
date. Now, if he's going to go into the merits of the	
Bill, that's entirely different."	946
Speaker Redmond: "Representative Skinner."	948
Skinner: "May I assume that was his closing argument? It	950
certainly wasn't any point of personal privilege or	951
point of order. It was a point of clarification	952
perhaps. Thank you very much. He was trying to roll	

back the only other minor improvement in assessment	953
reform that occured during the General Assembly,	954
ahlastlast year. This is athis is a Bill	
which was agreed upon by the township assessors	955
statewide, which said that those townships that have	956
more than twenty-five thousand people, in those	
townships the assessor would have to pass a very	957
simple test. It would have to be a simple test,	958
because I passed it. You could pass it to,	
Representative. Anyone who has any experience	959
whatsoever in real estate could pass this test in a	
three day period. The tests are given every summer at	960
Illinois State University. There is reallyanybody	961
thatwell anybody that doesn't pass this test, let	962
me tell you, you don't want them to be your township	
assessor. There are, it seems to me, severe problems	963
in some large townships. Getting elected township	964
assessor, is not dependent on one being able to be a	
decent township assessor, as they have for example in	965
the City of Bloomington or in the township of	966
Algonquin in my county. A lot of the townships which	÷.,
have over twenty-five thousand people, are qualified.	· 367
Now, if the Representative would like to cut out the	968
qualifications for Cook County, that's one thing. I	969
don't care whether the assessors in Cook County are	
qualified at all, because they hardly do anything in	970
Cook County. They don't assess real estate, the last	
I saw, the only thing the assessors in Cook County	971
did, was count the number of trailers in trailer	972
parks. Alright, if he wants to change the Amendment	
to limit it to Cook County, I would support that.	973
But, in downstate Illinois the assessments are	974
extremely important and in some townships the	
townships margin of error is over fifty percent. And	975
that isthat is just to high, Representative. So, I	976
hope that you will withdraw this Amendment and offer	

Fr.

another one that effects only Cook County that takes	977
care of your problem and doesn't screw up my districts	978
assessors, or it makes my districts homeowners a	979
chance to get a decent set of assessments. Thank	
you."	
Speaker Redmond: "Representative Kornowicz."	981
Kornowicz: "Speaker, move to the previous question please."	983
Speaker Redmond: "The Gentleman's moved the previous	985
question. Question is, shall the main question be	986
put. Those in favor indicate by saying 'aye', 'aye',	987
opposed 'no'. The 'ayes' have it, the motion carried.	
Representative Conti, to close."	988
Conti: "Mr. Speaker, just simply, it does not cut out the	990
qualifications as Cal Skinner would like to have you	99 <b>1</b>
believe. I said it changes the effective date for the	992
qualifications. If I would have been here when this	
Bill wasI was here when this Bill passed, I did	993
vote against the qualifications because I still feel	994
that when you're qualifyingand the same way with	
the attorneys or the insurance brokers, it's like	995
continued education, that when you're going to start	<sup>2</sup> . 996
qualifying people to run for public office, then they	•
should be appointed and not elected. It does not cut	997
out the qualifications, the Bill is not going to be	998
disturbed other than the effective date to take care	999
of some of the township assessors that have been in	
office for eighteen to twenty years. And, if they	1000
cannot pass the examination in time to file for this	1001
coming election next April. They still will have the	
qualifications on the Bill that was passed two years	1002
ago. This is changing the effective date, so those	1003
that have been in office for sixteen and seventeen	
years will lose out on their retirement for another	1004
term that they cannot run for public office because	1005
they didn't qualify in time for the filing of the	
election. This is not my Amendment, it's not my idea,	1006

it's the township officials, they want it. I am	1007
submitting this Amendment to this Bill and I urge a	
favorable vote."	
Speaker Redmond: "Question's on the Gentleman's motion for	1009
the adoption of Amendment 4. Those in favor vote	1010
'aye', oppose vote 'no'. Representative Collins, do	1011
you seek recognition?"	
Collins: "Thank you, Mr. Speaker and Ladies and Gentlemen of	1013
the House. I'm happy that Representative Skinner	1014
admitted that the Amendment wasn't as bad as he	1015
thought it was at first. And, I just want to clarify	
something he said. The Cook County Representatives	1016
that are trying to sneak this through, I wasn't one of	1017
them. That's Conti and some guy from up in Schiller	
Park. However, I doI do think that this Amendment	1018
is reasonable. It is the township officials	1019
Amendment. They asked us to put it on this Bill and I	1020
exceeded to it. As I understand, it only affects one	
or two people in Cook County and one of them in	1021
particular up in the Northwest area, that	1022
Representative Conti and Bluthardt are interested in.	ž -,
I would appreciate a favorable vote on this	1023
Amendment."	
Speaker Redmond: "Representative Karpiel."	1025
Karpiel: "Well, as a member of the township officials of	1027
Illinois, I hate to vote against their Amendment, but	1028
I know that in the county of DuPage, the assessors	1029
arewould be against this Amendment. They were in	
favor of the legislation that was passed last year,	1030
they feel it gives more qualified peopleah makes	1031
people be more qualified to do the assessing in DuPage	
County and I would certainly urge a 'no' vote on this	1032
Amendment."	
Speaker Redmond: "Representative Pullen."	1034
Pullen: "Mr. Speaker, Ladies and Gentlemen of the House. I	1036
don't understand why the House takes a good firm	1037

action at one point, and then takes it back later.	1038
Because, some people are not competent enough to	
fulfill the requirements of the law and now we're	1039
going to grandfather them in and let them hang in	1040
there for a while longer so that they can continue	
their bad practices in office. And, I urge a 'no'	1041
vote,"	
Speaker Redmond: "Representative Oblinger."	1043
Oblinger: "Mr. Speaker and Members of the General Assembly.	1045
I don't know how many of you have been assessors but	1046
for eight years I was the assessor of the City of	1047
Springfield and everybody in that office within one	
year had passed this examination, including me. It	1048
was not that difficult. We held sessions. It is not	1049
difficult when you have a Board of Review and a person	1050
in charge of that Board who gives some kind of review	
courses and I don't think they need any more time,	1051
they should have been qualified when they started."	1052
Speaker Redmond: "Representative Griesheimer."	1054
Griesheimer: "Thank you Mr. Speaker. I find it sort of	1056
unfortunate that probably one of our most competent	1057
Legislators is perpetuating the conceptive	1058
incompetence in office. And, that's what this is all	
about. What we tried to do before, is get some	1059
competence in the assessing practices of our state	1060
which don't merely effect each individual person, but	
it effects every school district in this state. Every	1061
time there's a bad assessment made, it affects the	1062
school aid formula as to the money you're getting and	
indirectly imposes more taxes on those of us that do	1063
have competent assessors. So, I would suggest most	1064
strongly, we vote 'no' on this. Anybody that can't	
pass this test, just doesn't belong in office."	1065
Speaker Redmond: "Representative Robbins."	1067
Robbins: "I don't know anything in the test that they take	1069
for assessing, which teaches a person how to assess	1070

the soil, how to assess the productivity. The main	1071
thing that they have complained about, is the	
difference in some sales to foreign companies and	1072
corporations or sales for developers, which throw the	1073
whole assessing line in agriculture out. This should	
pass. This Amendment should go on the Bill to allow	1074
these people the time to go to the universities to	1075
learn how to assess according to the university. Then	
maybe, we will have a competent assessing and will go	1076
ahead and raise the taxes over the state to where only	1077
foreign corporations can afford to buy the farm land."	1078
Speaker Redmond: "Representative Campbell."	1080
Campbell: "Mr. Speaker and Ladies and Gentlemen of the	1082
House. I rise in opposition to this Amendment, for	1083
the simple reason that for years we've been trying to	1084
get uniformity on real estate assessments and so forth	
throughout the State of Illinois. And, two years ago	1085
or last year, I passed a series of Bills to do this	1086
very thing and one of the reasons was to give them	
more education so that there would be more uniformity	1087
among them. A number of groups, at that time we heard	1089
of no one in opposition. The assessors, the	
Supervisor of Assessments, the Governor's Task Force,	1090
a great number of groups agreed that this was the way	1091
to go, that it would certainly be an improvement.	
And, I certainly think that it was an improvement and	1092
now we're trying to kill it before it gets started.	1093
And, I think it's a mistake and I ask you to vote 'no'	•
on this Amendment."	1094
Speaker Redmond: "Representative McMaster."	1096
McNaster: "Thank you, Mr. Speaker. We talk about experience	1098
in assessing and assessing practices upon the floor of	1099
this House. Perhaps some of you don't know, but I	1100
served as a tax assessor for eight years. I	
participated in the reappraisal of our county who was	1101
one of the first counties, if not the first in the	1102

1102	state to go to property record cards, a complete
1103	reappraisal. Following that, I served for five years
1104	as Chairman of the Board of Review in my county. I
	think I have probably run the gamut as far as
1105	experience in tax assessing is concerned. I think
1106	that those who will say that the legislation that was
1107	passed a year or so ago by Representative Campbell,
	had no opposition from township officials. Let me
1108	say, that not all township officials would agree with
1109	him. Perhaps some of them do, some of them don't. I
	see no harm in supporting this Amendment of
1110	Representative Conti's. It is not killing the idea of
1111	having qualified tax assessors. I think that I tried
1112	to pass qualifications for tax assessors in prior
	years and was shot down by various people who said
1113	exactly what has been said today. If you're going to
1114	qualify people for duties before they run for office,
	you will have a difficult time finding anyone to run
1115	for office. I think that the elective process for tax
1116	assessors, township officials, county officials, state
1 ~ 1117	officials is one of the best things that we can have.
*.	I am against appointive offices. I think we should
1118	support this Amendment. Give the people who are
1119	involved an opportunity to qualify themselves for the
	job. We are not killing the idea that has been
1120	proposed and passed by this House. I urge support of
1121	this Amendment and let's get this thing over with and
	get moving onto other duties that we have this
	morning."
1123	Speaker Redmond: "Representative Friedrich."
1125	Friedrich: "Mr. Speaker and Members of the House. I think
1126	sometimes when Representative Skinner speaks, he talks
1127	like one of the bureaucrats in the Department of
	Revenue. Some of these guys don't know an arms length
1128	sale from a bale of hay and they can't fight their way
1129	out of a paper sack. I'm an appraiser and I'm a real

е	estate broker and I can tell you the that a lot of	1130
s	sales should not be used for comparables in	
đ	determining whether the assessor's doing a good job.	1131
A	And, I would put some of those assessors up against	1132
s	some of those whiz kids in the Department of Revenue	
¥	when knowing when an arms length sale or a good	1134
С	comparable is. Now that's what's going on, he's	
g	getting his information from them, when he says	1135
t	there's so many bad assessments. When the truth of it	1136
i	is, I've talked to supervisors of assessments and some	
0	of the things they're trying to impose on thebeing	1137
i	imposed on them by the Department of Revenue. And I	1138
С	can tell you now, I'll take the local assessor and the	
1	local supervisor of assessment any time over somebody	1139
£	from the Department of Revenue."	
Speaker	Redmond: "Representative Stanley."	1141
Stanley:	"Yeah, I rise to support this for I think a little	1143
đ	different reason isin Cook County there's 30	1144
t	cownships now have more than twenty-five thousand	1145
р	people. The township assessors in Cook County, their	
r	cole is highly questionable in the sense that we have $\frac{1}{2}$	1146
a	county assessor and what do they do. Maybe	1147
R	Representative Skinner is right, they go around and	
1	ook at trailer courts and try to put people on the	1148
r	colls. Maybe what we are talking about, is looking at	1149
r	edefining that role of township assessor's in Cook	1150
C	County and maybe that means abolishing them. I'm not	
s	sure they re necessary."

keep this good piece of legislation intact, that he	1334
did impugn my integrity, but for the benefit of the	
oldtimers, I don't have to explain, but for the new	1335
freshmen that come down here, I've served some six	1336
terms down here and some 34 years in public office and	
never once will I represent amisrepresent a Bill.	1337
I still say I'm not changing the qualifications, I'm	1338
just asking for an effective date change in this.	1339
And, I hope that no one thinks that I was trying to	
pull a fast one here this morning."	

Speaker Matijevich: "Clerk, further Amendments?"	1341
Clerk O'Brien: "No further Amendments."	1343
Speaker Matijevich: "No further Amendments. Third Reading.	1345
The Gentleman from McHenry, Representative Skinner in	1346
rebuttal."	
Skinner: "No, not in rebuttal, in apology. The	1348
Representative is absolutely correct, I misread what	1349
he was attempting to do. I thoughtI had been told	1350
that there was an extremely sneaky Amendment that was	
coming on one these Bills. This was not the extremely	1351
sneaky Amendment, this was just the slightly sneaky	1352
Amendment. And, it didn't change the qualifications,	
it just delayed them. He's right."	1353
Speaker Matijevich: "Closer to June 30th, they get much more	1355
sneakier. AhAre there Members that want their	1356
Bills returned to the Order of Second Reading for	1357
purposes of Amendment? The Gentleman from DeKalb,	-
Representative Ebbesen. Is that Senate Bill 1712? Is	1358
that 1712 Joe?"	
Ebbesen: "Ah yes, Mr. Speaker, but the Sponsor of the	1360
Amendment, I don'toh, is Representative Getty	1361
there. If Representative Getty is over there, why I'd	1362
like to"	
Speaker Matijevich: "Yes, he's on the telephone."	1364
Ebbesen: "Return the Bill to Second for"	1366
Speaker Matijevich: "Leave to return Senate Bill 1712 back	1368
to the Order of Second Reading. Leave. Senate Bill	1369

Clerk O'Brien: "Amendment #7, Domico-Getty. Amends Senate	1371
Bill 1712 as amended, in the title and the	1372
introductory clause of Section 1, by inserting after	1373
Sections the following and so forth."	
Speaker Matijevich: "The Gentleman from Cook, Representative	1375

Getty: "Mr. Speaker, Amendment #7 to Senate Bill 1712 is an	1377
Amendment that would incorporate the provisions of a	1378

Bill which passed out of this House and unfortunately	1379
did not get out of the Rules Committee in the Senate,	
through a mixup. And, all it does is provide for an	1380
inflain effect an inflation endorsement here that	1381
lifts the bid requirements from 5 to 10 thousand and	1382
the emergency maximums from 20 to 40 thousand. There	
has not been an increase, I'm advised, since 1969.	1383
Now, in 1980, the amounts are well within the original	1384
intent of this Act, as modified by	
inflamentinflation. I would move for the adoption	1385
of the Amendment."	
Speaker Matijevich: "Representative Getty moves for the	1387
adoption of Amendment #7 on Senate Bill 1712. Is	1388
there any debate? None. All in favor say 'aye',	1389
opposed 'no' and Amendment #7 is adopted. Further	
Amendments?"	
Clerk O'Brien: "No further Amendments."	1391
Speaker Matijevich: "Third Reading. The Gentleman from	1393
Cook, Representative Leverenz for what purpose do you	1394
rise?"	
Leverenz: "I just had questions on 7 and it's gone already.	1396
Thank you. "	
Speaker Matijevich: "Yeah. You got to be quick around	1398
here."	
Leverenz: "I just wondered who paid."	1400
Speaker Matijevich: "There's a request by Pat Grossi.	1402
Senate Bill 1707. The Gentleman from Cook,	1403
Representative Grossi asks leave of the House to	1404
return Senate Bill 1707 back to the Order of Second

Grossi moves to suspend the rule for the purpose of	1406
returning Senate Bill 1707 to the Order of Second

Representative Getty."

a bit of merit. Representative Grossi very kindly
agreed to accommodate the Sponsor's Bill which passed
out of this House I will say, however, is a very
controversial Bill having to do with the subject of
rape. It is controversial because the Amendment
that's proposed would go far beyond the scope of what
was intended in a very substantial review of our
criminal law some three years ago. The Bill in its
present form should not be amended, because it
accomplishes something which is very meaningful and
important. To place a controversial Amendment on the
Bill at this time, would be to place that Bill into
jeopardy. I think that there is no question that
Representative Grossi is the Gentleman that he indeed
is, is trying to accommodate another Member. At the
same time, I think in all fairness he is putting his
own Bill in jeopardy. And, I think we should not
permit this Bill to be moved back for the purpose of
an Amendment at this time. The Bill in its present
form provides for a very much needed pay increase for
the Prison Review Board. There is no controversy
about that. It's needed. It provides for a revision
of certain aspects of the Code of Corrections. There
is no controversy about that. I suggest to you, it
ought to stay in its present form."

Speake Stiehl."

Stiehl: "Thank you Mr. Speaker, Ladies and Gentlemen of the House. The Amendment that I'm attempting to put on to House Bill...to Senate Bill 1707 has the approval of the Senate Sponsor. It is not, I don't consider it a controversial Bill. It passed out of this House by a vote of 121 to 26. All it does, is provide that under circumstances of exceptional, brutal or heinous behavior the court may as an alternative to existing life sentence for the penalties, impose a natural

crime of rape. This is not mandatory, it's at the	1438
discretion of the court. It's something that's very	
badly needed. The people of Illinois, men and women,	1439
have asked for this Bill. It is absolutely important.	1440
The alarming increase and the shocking brutality of	1441
many of these crimes, indicate that stiffer penalties	
are certainly needed. I have an editorial from"	1442

Speaker Matijevich: "I think you point is well taken. Will	1450
you stick to the motion?"	
Stiehl: "I would just like to add, Mr. Speaker, that this	1452
motion is extremely important. I would ask for a	1453
favorable vote. The Amendment that I want to put on	1454
here, is needed by the people of Illinois and it's

Johnson: "Mr. Speaker, Members of the House, I think	1472
everybody ought to listen to this debate, because it's	1473
somewhat of an unusual posture, but it's something	1474
that everybody could find yourselves in and we're	
really talking about a basic matter of legislative	1475
courtesy. I just want to explain to you, and I think	1476
Representative GetGrossi would concur with this.	1477
Senate Bill 1707 for all practical purposes, is mine	
and a number of other peoples Bill who believe that we	1478
shouldn't lock the Prisoner Review Board Members into	1479
a twelve years without a pay increase. It's a very	
modest increase. I think it's unanimously supported.	1480
People from around the state, doing a good job on	1481
behalf of criminal justice, true if this Amendment is	
allowed to be attached on are going to quite likely	1482
loose that opportunity and be locked in for twelve	1483
years. But, just to tell you, from a procedural	•
standpoint what happened with respect to	1484
Representative Stiehl on Steele's Bill. When it first	1485
came before the House Judiciary Committee, I was out	
of town and like good courteous Legislators, they had	1486
asked me in advance if I did or didn*t support the	1487
concept, as a Member of that Committee. I said I did	1488
not, as a number of other people did not. But,	
notwithstanding that statement, when I was gone and	1489
even though I wasn't sick and in violation of the	
rules, I was replaced on that Committee by someone	1490
else not a Member of the Committee, with no experience	1491
on that Committee who voted in favor of the Bill and	
provided the 8th vote to get it out of Committee. The	1492
Senate Rules Committee had the wisdom to defeat the	1493
Bill. Then when 1707 came to Committee,	
Representative Grossi, because he had agreed to take	1494
out the very minor part of 1707 that was his Bill,	1495
allowed this to be used as an increase for the	,
Prisoner Review Board, for a pay raise for the	1496

Prisoner Review Board Members, which is unanimously	1497
supported I think, by every Member of this House. And	
now, we're making that a totally different concept	1498
altogether. Totally unrelated and extremely	1499
controversial and it puts me in a position having been	
asked and a number of others having been asked to	1500
support the Members of the Prisoner Review Board and	1501
not keep them locked in for twelve years. To not be	
able to vote for my own Bill, because they put on such	1502
a controversial provision which was voted out of	1503
Committee in violation of the rules and which went	•
over to the Senate Rules Committee and was defeated	1504
there. And for those reasons, and a matter of	1505
legislative courtesy and if you believe the Prisoner	
Review Board Members ought not to be stuck in for	1506
twelve years without a pay raise, you ought to vote	1507
'no' on this motion to take this Bill back to Second	
Reading. I don't believe Representative Grossi cares.	1508
I believe that I do care and a good many of other	<b>1</b> 509
people here care. If Representative Stiehl and Steele	
had that opportunity for that Bill, it was introduced	1510
early in the session, it didn't make it through the	1511
process. They want to find a Bill that's	1512
noncontroversial to put it on, and the Members of the	
House don't object even though some of us may that's	1513
okay. But, this Bill is the wrong vehicle, the	1514
procedure is the wrong procedure and you're going to	
be doing an injustice to me and a number of others	1515
that can be done to you in the future if you allow it	1516
to happen this time. I urge a 'no' vote."	•
Speaker Matijevich: "The Gentleman from Madison,	1518
Representative Steele."	
Steele: "Thank you, Mr. Speaker and Ladies and Gentlemen of	1520
the House. I rise in support of this motion by the	1521
Chief Sponsor of 1707, to bring it back to Second	1522
Reading. I think this is a courtesy which any Sponsor	

is entitled to request. We've checked with the Senate	1523
Sponsor, Senator Rupp who is totally in agreement and	1524
supports bringing this back for this Amendment which	1525
is then open of course, for discussion here in the	
General Assembly. But, I say this is not a	1526
particularly controversial item. It passed previously	1527
overwhelmingly here, by a six to one margin. The	
Amendment that we are seeking to have attached to	1528
this, passed by a six to one margin overwhelmingly by	1529
the people of this House. I think it's toit's very	
clearly the intent of this House to support this type	1530
of change and I think we have that right, that	1531
opportunity. The Chief Sponsor requests it and on	1532
that basis, I would urge that we bring it to Second	
where we can attach that Amendment with the support of	1533
those here."	
Speaker Matijevich: "The Gentleman from DuPage,	1535
Representative Gene Hoffman."	
Hoffman: "Thank you very much, Mr. Speaker and Ladies and	1537
Gentlemen of the House. For those thatfor those of	1538
you who plan to be here next session, I would use this	1539
example, this Bill and this Amendment today, as an	•
example to illustrate the necessity for us to change	1540
the rules of this Body to narrowly or more narrowly	1541
define germaneness. This kind of thing is happening	
more often and more often and I don't blame the	1542
Sponsors of the Amendment at all for using the rules.	1543
But, I would suggest to those of us who are going to	1544
be here next session and we make those rules, that in	
the rules we define germaneness the way it used to be	1545
defined, where you had to be in the section of a	1546
particular chapter before you could place an	
Amendment."	
Speaker Matijevich: "The Gentleman from Macon,	1548
Representative Borchers."	
Borchers: "Mr. Speaker, fellow Members of the House, for	<b>1</b> 550

A SHAME

your information I just want you to know that Senator	1551
Rupp, and I know this to my own knowledge, was not	1552
pleased that the matter of the Amendment, the matter	
of the Prison Review Board was put on his Bill.	1553
Ithat was just solely for your information."	
Speaker Matijevich: "The Gentleman from Will, Representative	1555
Leinenweber."	
Leinenweber: "Well thank you, Mr. Speaker. I rise in	1557
opposition to the motion for basically the same	1558
reasons that Representative Johnson pointed out,	1559
although not nothing personal or anything like that.	
We are attempting at this stage of the game to put a	1560
Bill on that ahmaybe sounding quite good from the	1561
law and order point of view, but nevertheless it kind	
of flies in the face of what was done this last term,	1562
when we sought to divide the crime of rape into two	1563
different portions, so that it would be easier to	1564
convict. I think we are getting into an area again,	
without the proper Committee action. At late stage, I	1565
think this is the type of thing that we have to watch	1566
for, be very very careful and not try to turn all of	4 <sub>14</sub>
these Bills into other Bills which for some reason or	1567
other have not made it through the legislative	1568
process. I would suggest that this concept if it's	
good, should be put into Committee, it should be voted	1569
out of Committee. Go over to the Senate where it's	1570
heard by both Houses, that's why we have a bicameral	1571
Legislature and then if it gets through both Houses	
and them of course it has to be reviewed by the	1572
Governor's Office, this is the proper legislative	1573
process. We shouldn't try to short-circuit it and I	
join with the Gentleman from Champaign on opposing the	1574
motion."	
Speaker Matijevich: "Representative Grossi to close."	1576
Grossi: "Thank you, Mr. Speaker, Ladies and Gentlemen of the	1578
House. I agreed to bring this Bill back to the Order	1579

	1500
of Second Reading as a courtesy to the Sponsors of the	1580
Amendment. I have really no interest in the Amendment	
or the Bill as it presently stands."	1581
Speaker Matijevich: "Representative Grossi has moved to	1583
suspend the rule so that Senate Bill 1707 may be	1584
returned to the Order of Second Reading for the	1585
purpose of adding an Amendment. On that issue, those	
in favor signify by voting 'aye', those opposed by	1586
voting 'no'. This motion takes 89 votes. Have all	1587
voted? Have all voted? Have all voted who wish? The	
Clerk will take the record. On this question there	1588
are 34 'ayes', 76 'nays', 2 answering 'present' and	1589
the motion fails. Further Amendments?"	
Clerk O'Brien: "No further Amendments."	1591
Speaker Matijevich: "Third Reading. Mr. Telcser back there?	1593
Alright. On thethewhich Bills are yours Art?	1594
The Gentleman from Cook, Representative Telcser."	1595
Telcser: "Mr. Speaker, could1991 was sent to Third	1597
Reading in my absence. I wonder if you're going to	1598
bring it back to Second for Amendments."	
Speaker Matijevich: "Could the Gentleman have leave to	1600
return Senate Bill 1991 back to the Order of Second .	1601
Reading for the purpose of an Amendment. Leave.	1602
Senate Bill 1991. Amendments."	
Clerk O'Brien: "Amendment #2, Telcser. Amends Senate Bill	1604
1991 on page 1"	
Speaker Matijevich: "The Gentleman from Cook, Representative	1606
Telcser."	
Telcser: "Mr. Speaker and Members of the House, Amendment #1	1608
was adopted in Committee and I'm offering Amendment #2	1609
to Senate Bill 1991. Amendment #2 deals with	1610
recommendations from the Insurance Law Study	
Commission that deals with underinsured motorists.	1611
The Amendment deals with technical problems that came	1612
up regarding an underinsured motorist. As an example:	
If a loss occurs, the motorist is underinsured, we	1613

wanted to be sure that the language set forth that the	1614
difference between the claim and the underinsured	1615
would be taken care of by your own insurance policy to	
fill the gap between the claim and the amount	1616
available from the underinsured and that there would	16 17
not be any excessive claim that could be made. That's	1618
the essence of Amendment #2 to Senate Bill 1991. It's	1619
, a recommendation of the Insurance Law Study	
Commission."	
Speaker Matijevich: "Representative Telcser's moved for the	1621
adoption of Amendment #2 to Senate Bill 1991. On	1622
that, the Gentleman from Cook, Representative	1623
Stearney."	
Stearney: "Well, Mr. Speaker and Ladies and Gentlemen of the	1625
House, I rise in opposition to this Amendment. It	1626
seeks to amend legislation that I passed last year and	1627
which was signed by the Governor. Now mind you now,	
I'd like to point out that this Amendment was in the	1628
form of a Bill which was killed in the Senate just	1629
some several weeks ago. And, what they're trying to	
do now, is attach this here Amendment onto an arson	. 1630
Bill, an arson study Bill, a Bill meant to combat	, 1631
arson. All of a sudden now, we have dealing with the	1632
question of underinsurance and uninsured motorist	
coverage. The reason I stand against it, is first if	1633
you would notice on page six what it does do, it	1634
increases the finance charges on the sale of	
insurance, automobile insurance. In other words,	1635
we're increasing the charges to the consumer here,	1636
without ever having this gone through a Committee and	
having a hearing here in the House. Second of all,	1637
what it does, is that it seeks to tie in	1638
underinsurance with uninsured motorist coverage and	
therefore make it a higher cost to the consumer. As	1639
the Bill was originally passed last year, we left it	1640
entirely up to the consumer as to how much coverage be	1641

wished to purchase. And, if he wanted to increase his	1641
uninsured motorist coverage, he might do it and if he	1642
wanted to purchase underinsurance coverage, he might	1643
do so. This Amendment now, allows the insurance	
carriers to tie in the coverage altogether and that a	1644
policy holder would be forced to buy a single package	1645
here, and that's on page five, lines 27 through 31.	1646
You are forcing now, the consumer to purchase a higher	
package. What it's going to do, it's going deter	1647
individuals from putchasing insurance that they think	1648
is best suited for them. In other words, this is	
working against the consumers interest, it's forcing	1649
him to buy something in an increased amount or not buy	1650
it at all. Now second, it would it would preclude an	1651
individual from recovering under his underinsurance	
coverage, which he did pay for, unless he recovered	1652
against the original tort fees. This is language that	1653
should have been worked out and I was trying to work	
out, now however they've decided to run with this	1654
matter. And furthermore, there should be no	1655
requirement that in purchasing underinsurance	·
motorists coverage you have toyou could not	· 1656
purchase it in an amount greater than your uninsured	
motorists coverage. Now granted this is all a little	1657
bit complicated, but it's being worded in such a way	1658
only to benefit the insurance companies and if the	1659
Department of Insurance says they are for it, then	
they are working with the insurance companies against	1660
the consumer here. That's what they're doing because	1661
they're raising finance charges, allowing the consumer	
to pay more for that, they'd have to be forced to pay	1663
more for his uninsured coverage, underinsurance and	1664
not get anything in return. And, all I was trying to	
do since yesterday, when this Amendment crossed my	1665
desk, is work something out with the insurance	1666
industry before they ran with this Amendment, to	

	change the language so that the individual consumer	1667
	would not be penalized. Let me tell you again, when	1668
	we allowed uninsuredcreated the concept of	
	underinsurance last year, that was Teddy Leverenz's	1669
	idea, we said it should be offered. Now the insurance	
	companies, in this Bill Amendment #4 says they need	1670
	only offer it once and if the insured doesn't take it,	1671
	never again will he ever hear of this concept because	1672
	it says that they need, the insurance company need	
	never offer it again to the insured, unless that	1673
	insured requests it in writing. And, he'll never know	1674
	about the existence. So, we created a new concept to	
	benefit the consumer and now the insurance companies	1675
	want to hide it and never have it made mentioned to	1676
	the consumer again. That's wrong. I'm trying to work	
•	it out that they should offer it at least once a year.	1677
	If we create something to benefit the consumer, the	1678
	insurance industry should not be able to hide it from	1679
	the consumer and they're still intent on running with	
	it. I ask that you vote against this Amendment, knock	1680
	it down. As a matter of fact, if this is an arson $\dot{\gamma}_{\gamma_{\gamma_{\gamma}}}$	1681
	Bill to begin with, it should remain arson and not $\sim$	
	have anything to do with increasing finance charges,	1682
	helping the insurance companies hide matters from the	1683
	public. I ask you to vote 'no'."	
Speaker	Matijevich: "The Gentleman from Cook, Representative	1685
	Epton."	
Epton:	"Thank you, Mr. Speaker, Ladies and Gentlemen of the	1687
	House. Whenever you have any lawyers involved in	1688
	discussing a particular Bill or particular Amendment,	1689
	if you have three lawyers you have four or five	
	opinions, if you have five lawyers, you have	1690
	twenty-five opinions. In this case although I	1691
	hesitate to disagree with my distinguished colleague,	
	I certainly have to give him credit for the initial	1692
	concept as did Ted Leverenz. Underinsured motorists	1693

insurance is important. Very simply to explain to	1693
those of you who may not be familiar with it, this	1694
allows a situation where if you hit someone who does	1695
have insurance, he may have minimal insurance, he may	
have fifteen thousand dollars of insurance. In this	1696
case you have an opportunity to protect yourself and	1697
if God forbid you should sustain an injury and obtain	
a judgment for a hundred thousand dollars, your own	1698
company will be forced to pay the additional	1699
eighty-five thousand dollars. To suggest that this is	1700
an insurance company Bill is in error. Nobody in this	
House over a ten year span or twelve year span, has	1701
introduced more legislation which has cost the	1702
insurance industry more money than have I. In the	
fair plan alone, it's cost them over eighty million	1703
dollars. In the automobile pool, its cost them	1704
sixty-seven million dollars. I've increase the scope	-
of the fair plan. So to suggest that when I get up to	1705
speak, I do so in favor of the insurance company,	1706
obviously is in error. If I am one of their friends,	
then they need no enemies. But, this Bill is in	4. 1707
behalf of the consumer. This Amendment does do a job.	1708
I agree that to put it on the arson Bill, is a	
unfortunate mishap. And, the reason for that very	1709
simply is because the Senate didn't do the job that	1710
they should have. Some Republican Senators for	
reasons of their own, failed to support the Bill. As	1711
a matter of fact, the Department of Insurance which	1712
sponsoredwhich helped prepare this Bill, failed to	
do their job and really blew it in the Senate. I	1713
might add, that the Illinois Insurance Study	1714
Commission held a hearing on this Bill. We had a	
great attendance by the opponents and proponents. And	1715
the original attempt solely was to help clarify a Bill	1716
which my distinguished colleague had passed	
previously, which was an excellent Bill. This	. 1717

example the question of stacking of insurance came up.	1748
There were many points in represent In answer to	1749
your question, I can provide you with a transcript at	1750
a later date. There were at least seven people who	
testified, three from the insurance industry, one from	1751
the trial lawyers, one from an alleged consumers group	1752
and I forget the identity of names of the two, but	
I'll be happy to provide them to you."	<b>17</b> 53
Leverenz: "Did the Representative who stands in opposition	1755
most vocally to the Amendment have an opportunity to	<b>17</b> 56
appear there and air his complaints?"	
Epton: "He certainly had an opportunity. It was a public	1758
hearing. It was announced and it was printed in our	1759
digest, printed in your circular that goes around of	1760
commission meetings and the subject of the hearing was	
announced."	
Leverenz: "Thank you very much. I would stand to support	1762
the Amendment inasmuch as the underinsured portion of	1763
it that I have an interest in that was lumped into 961	1764
last year. I understand at least from my reading and	
analysis of it, that there is no problem as it was	1765
explained earlier ir opposition to the Amendment, so I	1766
would urge an 'aye' vote."	
Speaker Matijevich: "The Gentleman from Cook, Representative	1768
Kornowicz."	
Kornowicz: "Mr. Speaker, move to the previous question,	1770
please."	
Speaker Matijevich: "The Gentleman has moved to the previous	1772
guestion. The question is, shall the main question be	1773
put? Those in favor signify by saying 'aye', those	1774
opposed by saying 'no' and the main question is put.	
The Gentleman from Cook, Representative Telcser to	1775

Telcser: "Mr. Speaker, Members of the House, I think the	1777
subject of the Amendment has been thoroughly	1778
discussed. As it's been explained to me, this could	1779

in fact help reduce insurance costs for the public	1779
generally. I think it accomplishes what the Insurance	1780
Law Study Commission recommended and again I repeat to	1781
the best of my knowledge and what I've been told,	1782
which I believe it would in fact in the long run help	
the consumer and I move for its adoption."	1783
Speaker Matijevich: "Representative Telcser has moved for	<b>17</b> 85

I'm not a lawyer. The Gentleman from Will,	
Representative Leinenweber to explain his vote."	1790
Leinenweber: "Mr. Speaker, Members of the House, it isn't	<b>17</b> 92
often that I disagree with my colleagues who are	1793
sponsoring the Amendment and spoken in support of the	1794
Amendment, but once again we're being asked to	
legislate in the final days of the action by Amendment	1795
rather than through the appropriate legislative	1796
process which involves Committee hearings and First,	٠.,
Second and Third Readings on the floor of this House.	1797
Unfortunately, perhaps this is an excellent Bill,	1798
unfortunately it didn't make it through the Senate,	1799
but we have a bicameral Legislature. We don't have a	
unicameral Legislature. The Senate is supposed to	1800
review what we do, we review what the Senate does and	1801
the Governor reviews what everybody does. I don't	
think at this stage of the game that once again on	1802
Second Reading we ought to replace the Committee, the	1803
first andthe other actions of the Housejust go	
back to the Senate for concurrence. They will not	1804
have any opportunity to review it in Committee or	1805
anything else. I think it's a bad practice and I urge	1806
a 'no' vote."	
Speaker Matijevich: "Have all voted. Have all voted who	1808

wish? The Clerk will take the record. On this	<b>1</b> 809
question there are 88 'ayes', 35 'nays', 2 voting	1810

Amendments? And the Amendment is adopted."	1811

ameliorates provisions in the Bill pertaining to	1818
disclosure of beneficial interests in land trusts. It	1819
has the approval of the Sponsor and of the Insurance	
Department. If there are any questions, I'd be happy	1820
to answer them."	
Speaker Matijevich: "Representative Mugalian has moved for	1822
the adoption of Amendment #3. There's no discussion.	1823
All in favor signify by saying 'aye', oppose 'no' and	1824
the Amendment #3 is adopted. Further Amendments?"	
Clerk O'Brien: "No further Amendments."	1826

Speaker Matijevich: "Are you ready? The Gentleman from	1836
Cook, Representative Cullerton. Give it your real	1837
voice."	
Cullerton: "Thank you, Mr. Speaker. I'll use my own voice,	1839
thank you. Mr. Speaker and Ladies and Gentlemen of	1840
the House, I'd like to withdraw Amendment #2."	_ = :
Speaker Matijevich: "Does the Gentleman have leave to	1842
withdraw Amendment #2. He has leave and Amendment	1843

#23 is withdrawn. Was that 3?"	1843
Clerk O'Brien: "That was 2."	1845
Speaker Matijevich: "2. Further Amendments?"	1847
Clerk O'Brien: "Amendment #3, Telcser. Amends Senate Bill	1849
1993 on page 1, by deleting line 29, 30 and 31 and	1850
inserting in lieu thereof the following."	
Speaker Matijevich: "The Gentleman from Cook, Representative	1852
Telcser."	
Telcser: "Mr. Speaker and Members of the House. Amendment	1854
#3 is an Amendment which was agreed to in Committee.	1855
This Amendment deletes the reference to non-payment of	1856
real estate taxes as a cause for cancellation of	
insurance policies within a prescribed ten day period.	1857
It was agreed to in the Committee and I offer to move	1858
the adoption of Amendment #3."	
Speaker Matijevich: "Representative Telcser moves for the	1860
adoption of Amendment #3. Those in favor signify by	1861
saying 'aye', oppose 'no' and the Amendment #3 is	1862

Speaker Marijevich: "The Gentleman from Cook, Representative	1866
Katz on Amendment #4."	
Katz: "Amendment #4 makes clear that if the failure of the	1868
property owner to proceed on within sixty days to	1869
repair the property is due to a labor dispute or due	1870
to inclement weather conditions, that that will not be	
treated as a proper basis for cancelling the	1871
insurance. I would move the adoption of Amendment	1872
#4.0	
Speaker Matijevich: "Representative Katz has moved for the	1874
adoption of Amendment #4. There's no discussion. All	1875

Clerk O'Brien: "No further Amendments."	1878

Sponsors who have a Senate Bill which they'd like to	1882
return back to the Order of Second Reading? Are there	
any others? The Gentleman from Peoria, Representative	1883
Schraeder for what purpose do you rise?"	1884
Schraeder: "Mr. Speaker, I have one but the Amendment has	1886
not been distributed, so"	
Speaker Matijevich: "Well"	1888
Schraeder: "Want to wait?"	1890
Speaker Matijevich: "What's the number Fred?"	1892
Schraeder: "1710."	1894
Speaker Matijevich: "1710. 1710 isn't even on Third Reading	1896
is it?"	
Schraeder: "Is it out? 1710.	1898
Speaker Matijevich: "I understand that's printed and	1900
distributed."	
Schraeder: "Alright, fine then. I'd like to move it back to	1902
Second for purpose of Amendment."	1903
Speaker Matijevich: "The Gentleman is the Sponsor and he can	1905
take it off the Consent Calendar. So, we're back to	1906
the Order of Second Reading on Senate Bill 1710. The	1907
Gentleman from Peoria, Representative Schraeder."	
Schraeder: "I'd ask the chair to refer to Representative	1909
Murphy."	
Clerk O'Brien: "Amendment #1, Murphy. Amends Senate Bill	1911
1710, by deleting the title and so forth."	1912
Speaker Matijevich: "The Gentleman from Kane, Representative	1914
Murphy."	
Burphy: "All the Amendment does is repeal the tax that we	1916
imposed in the Road Tax Program in the last session,	1917
to take the thirty dollars off that we had for selling	1918
vehicles. Seems likethe Bill come over from the	
Senate 44 to 2 and I'd appreciate a favorable Roll	1919
Call."	
Speaker Matijevich: "Representative Murphy has moved the	1921
adoption of Amendment #1 on Senate Bill 1710. The	1922

Gentleman from DuPage, Representative Gene Hoffman."	1922
Hoffman: "Yes, Mr. Speaker, I would address a question to	1924
the Sponsor of the Amendment. Did I understand you	1925
right where you said that this Amendment removes the	1926
thirty dollar tax which we imposed for the private	
sale of automobiles?"	
Hurphy: "Yes."	1928
Hoffman: "How much revenue dohow much revenue will the	1930
state lose if this becomes law?"	1931
Murphy: "When it was originally proposed they said they were	1933
expecting about thirty million and its come up	1934
toit's going to be about fourteen million."	
Hoffman: "Did you say twenty million, that it would cost the	<b>1</b> 936
state twenty million dollars in revenue?"	1937
Murphy: "Fourteen million."	1939
Hoffman: "Fourteen million. Would cost the state fourteen	1941
million in revenue. Mr. Sponsor, why are you	1942
proposing this Amendment? Do you feel that thirty	1943
dollars is an unreasonable charge?"	
Murphy: "Yes, I do. If somebody has to pay seventy-five	1945
dollars for a car, he's got to pay a tax of thirty	1946
dollars. He's got to switch a trailer from family to	1947
family. He's got to pay thirty dollars. This Bill	
came out of the Senate 44 to 2, they know it's a bad	1948
situation. And if you haven't got any complaints, you	1949
will be getting them very shortly. It was a bad piece	1950
of legislation when it was tacked on and I still think	
that when you go back home, you'll find out that the	1951
people are very very disturbed when they get caught	1952
into the bind and they find out what we did to them in	
the last session."	1953
Hoffman: "If you sold me a car for three thousand dollars, I	1955
would have to pay a thirty dollar tax, or you would."	1956
Murphy: "I would."	1958
Hoffman: "I would, I would have to pay a thirty dollar tax.	1960
Alright. If I'd bought that car from a dealer, I	1961
GRADELY ACCOUNTY 6 20 00	

would have to pay a five percent on that which is	1962
fifty dollars. Hundred, wait a minute, five	
timesthat's a hundred and fifty dollars, five times	1963
three. So, by buying it from you, the statethe	1964
difference between buying it from you and a dealer as	1965
far as the state is concerned, is a hundred and twenty	1966
dollars. I know what you're getting at, but I think	
the kind of problem that you're addressing ought to be	1967
addressed with a rifle shot and I have the feeling	1968
you're coming at it with a shotgun and for that reason	
I have some serious reservations about this	1969
Amendment."	
Speaker Matijevich: "Before we have further debate, would	1971
the Clerk read the Bill. We're on Second Reading.	1972
Read the Bill."	
Clerk O'Brien: "Senate Bill 1710. A Bill for An Act to	1974
amend Sections of the Illinois Vehicle Code. Second	1975
Reading of the Bill."	
Speaker Matijevich: "The Gentleman from McHenry,	1977
Representative Skinner."	
Skinner: "Mr. Speaker, sometimes it takes a shotgun to catch	~. 1979
the attention of state bureaucrats. When we had the	1980
Director of the Department of Revenue before the	1981
Legislative Audit Commission on the Department's	
biI guess it's an annual audit, he admitted that he	1982
couldn't justify the tax, that the tax was causing his	1983
Department a lot of grief, he was getting letters from	1984
people who would buy a hundred dollar car and all of a	
sudden figure out that they didn't have the thirty	1985
dollars to pay the tax and their title was returned	1986
and then those people couldn't afford to drive to	
work. And of course I would add parenthetically, if	1987
work. And of course I would add parenthetically, if they were in the suburbs, they certainly couldn't get	1987 1988
they were in the suburbs, they certainly couldn't get	
they were in the suburbs, they certainly couldn't get there any other way. Ah, in my own family my father	1988

he had to pay a thirty dollar tax. Now if you divide	1991
thirty dollars by fifty dollars, that is a sixty	
percent tax. Now I believe the Representative's	1992
Amendment is not where we should end up on this. I do	1993
not think that we shouldI do not think we should	
deprive the State Road Fund of twenty million dollars	1994
or thirty million dollars, pick whatever figure you	1995
think is more likely to be accurate. But, I do think	1996
we have to jog the Department of Revenue into	
realizing this tax is absolutely unjustifiable in its	1997
present form. I think by passing the Amendment, the	1998
Department of Revenue will come back with a counter	
proposal which will raise the tax on higher priced	1999
vehicles and lower the tax on junkers and small priced	2000
vehicles and I think that's the only route we have	2001
left now. And so I askI join with Representative	2002
Murphy in requesting your favorable support of this	
Amendment."	
Speaker Matijevich: "The Gentleman from Whiteside,	2004
Representative Schuneman."	
Schuneman: "Thank you, Mr. Speaker, question of the	2006
Sponsor."	v.,
Speaker Matijevich: "He indicates he'll yield."	2008
Schuneman: "Representative Murphy, are you seeking to	2010
completely eliminate the tax on sale of vehicles	2011
between individuals?"	
Murphy: "I'm seeking to take the thirty dollar crazy tax	2013
that we threw into the package and got panicky and it	2014
affected everybody in the last session."	
Schuneman: "Okay. Mr. Speaker, I'd like to speak to the	2016
Amendment."	
Speaker Matijevich: "Proceed."	2018
Schuneman: "While I share Representative Murphy's concern	2020
about the thirty dollar transfer tax on a fifty dollar	2021
trailer, or a one hundred dollar car, I think we	2022
should realize that those are the exceptions rather	
CENERAL ASSEMBLY 6_20_90	

than the rule. I'd think we'd be foolish here to	2023
adopt this kind of an Amendment and give up this kind	2024
of state revenues on the basis of the fact that are	2025
present law puts a thirty dollar tax on a hundred	
dollar car. Obviously, that's wrong and it should be	2026
changed but this is not the right way to change it.	2027
What we should do, is reduce the tax or eliminate the	
tax on those low valued vehicles and continue to	2028
collect the tax on the higher priced vehicles. For	2029
example, I've been looking for a camper recently a	
motor home vehicle and many of those are priced in the	2030
nine to ten thousand dollar range. If you find one,	2031
and the five percent tax would be five hundred	2032
dollars, I think it's a real bargain under our present	
system to only have to pay a thirty dollar transfer	2033
tax. So, I think the Gentleman has a good point, but	2034
he's got the wrong Amendment. And, I would urge that	
this Amendment be defeated."	2035
Speaker Matijevich: "The Gentleman from Cook, Representative	2037
Kornowicz."	
Eornowicz: "Speaker, I move to the previous question."	2039
Speaker Matijevich: "The Gentleman from Cook, moves to the	2041
previous question. The question is, shall the main	2042
question be put? All those in favor signify by saying	2043
'aye', oppose 'no'. The main question is put. The	
Gentleman from Kane, Representative Murphy to close."	2044
Murphy: "Thank you, Mr. Speaker and Ladies and Gentlemen of	2046
the House. This was a bad piece of legislation when	2047
it went out in the last session and I know you are	2048
going to hear more from the people when you get back	
home, as they see how this law was being implemented	2049
and I'd appreciate a favorable vote."	2050
Speaker Matijevich: "Representative Murphy moves for the	
	2052
adoption of Amendment #1 to Senate Bill 1710. Those	2052 2053

Robbins: "It's good to see the green votegreen lights	2056
going on, because the green means you support the poor	2057
people. The red lights mean that those people can	2058
afford to pay the tax."	
Speaker Matijevich: "Have all voted? Have all voted? Have	2060
all voted who wish? The Gentleman from DuPage,	2061
Representative Daniels to explain his vote."	
Daniels: "Well Mr. Speaker, Ladies and Gentlemen of the	2063
House, this seems like a nice thing that we're doing	2064
in order to save some people that don't have much	2065
money on a transfer of a relatively inexpensive	
automobile. But, let me remind you of what you are	2066
doing in a very expensive and comprehensive	2067
transportation program. You're taking one of the very	
essential elements out of that, that was passed last	2068
fall after much discussion as you all are aware. Now	2069
I don't like the thirty dollar transfer fee any more	
than any of you do, but if you take the fourteen to	2070
twenty million dollars out of it now, you've got to	2071
replace it somehow. And, what you're doing is	2. 2072
assuring the fact that we're going to go through the	٠,
same thing we went through last fall in a very in	2073
depth transportation program and you're taking money	2074
right out of the general fund or right out of the	
funds for the transportation plan that was devised	2075
last fall. Now I suggest, that what we do is to	
defeat this Amendment, look this over carefully and	2076
when we deal with the subject of transportation again,	2077
as we will in the near future, that we look at it that	2078
time, but not to do it in the manner we're doing it	
now."	
Speaker Matijevich: "Take the record. On this question,	2080
there are 114 'ayes', 29 'nays' and 3 answering	2081
'present' and the motion prevails and Amendment #1 is	2082
adopted. Now doesany further Amendments?"

in the House indicated that they were interested in	2092
going into a Democratic conference and the Republican	2093
side indicated that they were interested in going to	
a conference with the rest of the Republicans. I'm	2094

for An Act to amend the Illinois Income Tax Act.	2123
Third Reading of the Bill."	
Speaker Matijevich: "On the Consenton those Bills, the	<b>21</b> 25
question is shall those Bills pass? Those in favor	2126
signify by voting 'aye', those opposed by voting 'no'.	2127
Have all voted? This is Consent Calendar on page	
seven. Have all voted? Have all voted who wish? The	2128
Clerk will take the record."	
Clerk O'Brien: "That first Bill was 1927, in case I read	2130
1727."	
Speaker Matijevich: "1927. Thank you, Leon. Have all	2132
voted? Have all voted who wish? The Clerk will take	2133
the record. On this question, there are 119 'ayes', 3	2134
voting 'no', 21 voting 'present' and these Bills	
having received the Constitutional Majority are hereby	2135
declared passed. Alright, there's one more Bill to	2136
move back. The Gentleman from DuPage, Representative $^{\circ}$	
Gene Hoffman. What Bill is that, Gene?	~ 2137
Representative Hoffman."	
Hoffman: "Thank you, Mr. Speaker. It's Senate Bill 1480,	2139
it's on page 4 Senate Bills Second."	2140
Speaker Matijevich: "Oh, well we're going to get some	2142
Seconds now, so we'll get to you."	2143
Hoffman: "Okay."	2145
Speaker Matijevich: "Senate Bills Second Reading. Senate	2147
Bill 1457. The Gentleman from Cook, Representative	2148
Pierce."	
Clerk O'Brien: "Senate Bill 1457. A Bill for An Act to	2150
exempt druys and medical supplies and certain food for	2151
human consumption from occupation use tax and to	2152
replace local revenue losses. Second Reading of the	
Bill. No Committee Amendments."	2153

Speaker Matijevich: "Amendments from the floor? The	2155
Gentleman from Lake, Representative Pierce."	2156
Pierce: "Mr. Speaker, I just got a request from one of my	2158
colleagues to hold that Bill, so"	2159
Speaker Matijevich: "Out of the record. Senate Bill 1480."	2161
Clerk O'Brien: "Senate Bill 1480. A Bill for An Act in	2163
relation to the transfer and leasing of real estate	2164
for school purposes. Second Reading of the	2165
Bill.Amendments #1 and 3 were adopted previously and	
the Bill was held on Second Reading."	2166
Speaker Matijevich: "Further Amendments?"	2168
Clerk O'Brien: "Amendment #4, Chapman-Anderson. Amends	2170
Senate Bill 14"	
Speaker Matijevich: "The Lady from Cook, Representative	2172
Chapman."	
Chapman: "Mr. Speaker, I'd like to withdraw that Amendment	2174
please."	•
Speaker Matijevich: "Leave to withdraw that Amendment.	2176
Leave. Further Amendments?"	
Clerk O'Brien: "No further Amendments."	2178
Speaker Matijevich: "Third Reading. Senate Bill 1497."	2180
Clark O'Brien: "Senate Bill 1497. A Bill for An Act to	2182
amend Sections of the Illinois Inheritance Tax Act.	2183
Second Reading of the Bill. Amendment #1 was adopted	2184
in Committee."	
Speaker Matijevich: "Amendments from the floor?"	2186
Clerk O'Brien: "Just a minute. This has got two in here	2188
adopted. In Committee, evidently there was an	2189
Amendment #2 that was tabled. There was then floor	2190
Amendmentthe next floor Amendment was also number	
2, so there's a duplication in that number. Floor	2191
Amendment #2, Pierce. Amends Senate Bill 14"	
Speaker Matijevich: "Gentleman from Lake, Representative	2193
Pierce."	
Pierce: "Mr. Speaker, I think we can solve this problem by	2195
asking leave to call floor Amendment 2, Amendment 3	2196
CDVIDAL AGGRADAY 5 20 90	

and floor Amendment 3, Amendment 4. There was a 2 in	2197
Committee that was tabled and I guess we overlooked	
that."	
Speaker Matijevich: "Leave to do what?"	2199
Pierce: "To call Amendment 2, floor Amendment 2 to rename it	2201
floor Amendment 3."	
Speaker Matijevich: "Alright, leave that this be floor	2203
Amendment 3. Leave. Continue then."	2204
Pierce: "Floor Amendment 3 was requested by the county	2206
treasurers to make sure that the payments of	2207
inheritance tax continued to be made to the treasurer	
in the county rather than to the state treasurer and I	2208
move ims adoption. It continues the practice of	2209
paying inheritance tax to the county treasurer. I	2210
move its adoption."	
Speaker Matijevich: "Representative Pierce has moved for the	2212
adoption of Amendment #3. There's no discussion.	2213
Those in favor signify by saying 'aye', oppose by	2214
saying 'no' and Amendment #3 is adopted. Further	
Amendments?"	
Pierce: "I ask leave that the floor Amendment 3 be amended	~ 2216
on its face say floor Amendment 4. That's your next	` 2217
one up."	
Speaker Matijevich: "Leave that Amendment 3 now be Amendment	2219
#4. Leave."	
Clerk O'Brien: "Floor Amendment #4, Pierce. Amends Senate	2221
Eill 1497"	
Speaker Matijevich: "The Gentleman from Lake, Representative	2223
Pierce on Amendment #4."	
Pierce: "Amendment #4 clarifies that this inheritance tax	2225
Bill will be effective with decedents who die after	2226
December 31, 1980. That will prevent the necessity of	2227
repayments being made by the State Treasurer for those	
who've already paid the inheritance tax and then	2228
qualify for the delayed payment under the closely held	2229
family business exemption, so, what we provide in this	2230

Amendment is what was in the Bill, but we clarified it	2230
that the advantages of this Bill will be only for	2231
those who are fortunate enough or unfortunate enough	2232
to die after December 31, 1980. Depending on how you	2233
look at it. I move its adoption."	
Speaker Matijevich: "Representative Pierce has moved for the	2235
adoption of Amendment #4 to Senate Bill 1497. There's	2236
no discussion. All in favor signify by saying 'aye',	2237
oppose 'no'. Amendment #4 is adopted. Further	
Amendments?"	
Clerk O'Brien: "No further Amendments."	2239
Speaker Matijevich: "Third Reading."	2241
Pierce: "God bless Mayor Byrne."	2243
Speaker Matijevich: "What? Alright. Senate Bill 1505."	2245
Clerk O'Brien: "Senate Bill 1505, a Bill for An Act to	2247
provide protection for the Public Health and Safety by	2248
prohibiting the possession, delivery, manufacturing,	2249
advertisement of drug paraphernalia defining terms and	
prescribing penalties. Second Reading of the Bill.	2250
Amendment #1 was adopted in Committee."	
Speaker Matijevich: "Amendments from the floor."	2252
Clerk O'Brien: "A floor Amendment #2, Cullerton, amends	. 2254
Senate Bill 1505 as amended with reference to the page	2255
and line numbers in Amendment 1 and so forth."	
Speaker Matijevich: "Amendments from the floor. Oh. The	2257
Gentleman from Cook, Representative Cullerton."	2258
Cullerton: "Thank you, Mr. Speaker and Ladies and Gentlemen	2260
of the House. This Amendment has been agreed to by	2261
the Sponsor of the Bill. It makes some technical	2262
changes in correcting misspelled words. It puts a	
mental state of 'knowingly' since there is a criminal	2263
penalty and it also addsmakes it clear that the	2264
penalty applies to the sale of the tobacco accessories	
as well as smoking herbs. And I'd ask for athe	2265
adoption of the Amendment."	
Speaker Matijevich: "Representative Cullerton has moved for	2267

the adoption of Amendment #2 to Senate Bill 1505. If	2268
there's no discussion, all those in favor signify by	2269
saying 'aye', opposed by saying 'no' and Amendment #2	
is adopted. Further Amendments?"	2270
Clerk O'Brien: "Amendment #3, Getty. Amends Senate Bill	2272
1505 as amended with reference to page and line	2273
numbers of Amendment 1."	
Speaker Matijevich: "The Gentleman from Cook, Representative	2275
Getty, on Amendment #3."	
Getty: "Mr. Speaker, I'm going to withdraw Amendment #3 in	2277
favor of a subsequent Amendment that"	2278
Speaker Matijevich: "Leave to withdraw Amendment #3. Does	2280
he have leave?"	
Getty: "Been presented by Representative Cullerton"	2282
Speaker Matijevich: "Leave. Further Amendments?"	2284
Clerk O'Brien: "Amendment #4, Cullerton. Amends Senate Bill	2286
1505 as amended"	
Speaker Matijevich: "The Gentleman from Cook, Representative	2288
Cullerton, on Amendment \$4."	2289
Cullerton: "Thank you, Mr. Speaker and Ladies and Gentlemen	2291
of the House. Amendment #4 makes it clear that we	2292
intend to outlaw the sale, not only of items which are	2293
used tofor smoking purposes, but also for use	
inuse of snuff. So it changes the term from	2294
'smoking' to tobacco and snuff accessories and also	2295
changes the pre-emption Section. The pre-emption	
Section was felt to be too broad. What this does is	2296
to narrow it and make it clear that the only thing	2297
that's pre-empted is the fact that there is a criminal	
offense involved. We want to have uniform criminal	2298
offenses throughout the state, but the Act, in no way,	2299
limits the power of units of local government to adopt	
zoning or land use ordinances with reference to this	2300
Bill. I move the adoption of the Amendment."	2301
Speaker Matijevich: "The Gentleman has moved for the	2303
adoption of Amendment #4 to Senate Bill 1505. The	2304

Gentleman from Cook, Representative Getty."	2304
Getty: "Will the Gentleman yield?"	2306
Speaker Matijevich: "He indicates he will."	2308
Getty: "For the purposes of clearly indicating legislative	2310
intent, Representative Cullerton, I want to make sure	2311
that units of local government will continue to be	2312
able to enact any proper ordinance in this area, not	
specifically pre-empted, not defined as a criminal	2313
offense, that they may adopt proper ordinances that	2314
have not been specifically spoken to by House Bill	
15erSenate Eill 1505 as amended. Is that	2315
correct?"	
Cullerton: "That's correct."	2317
Gatty: "Thank you."	2319
Speaker Matijevich: "The Gentleman from Cook, Representative	2321
Kosinski."	
Kosinski: "The Gentleman yield?"	2323
Speaker Matijevich: "He indicates he will."	2325
Kosinski: "Mr. Cullerton, I understand the original concept	2327
after your Amendment in our House Committee. If I	2328
remember correctly, it was directed to juveniles. Is	2329
that correct?"	
Cullerton: "That's correct."	2331
Rosinski: "And nothing is changed in that regard?"	2333
Cullerton: "No."	2335
Kosinski: "Thank you."	2337
Speaker Matijevich: "Representative Cullerton has moved for	2339
the adoption of Amendment #4 to 1505. Those in favor	2340
signify by saying 'aye', opposed 'no' and Amendment #4	2341
is adopted. Further Amendments?"	
Clerk O'Brien: "No further Amendments."	2343
Speaker Matijevich: "Third Reading. During a momentary	2345
lull, Agreed Resolutions."	
Clerk O'Brien: "House Resolution 890, McClain. 892,	2347
Birchler. 893, Oblinger. 894, Madigan. 895,	2348
Bullock. 900, Johnson. 901, Mahar. 903, Doyle.	

904, Molloy. 905, J.J. Wolf. 906, J.J. Wolf. 907,	2349
Ryan. 908, Hallstrom. 909, Pechous. And, House	2350
Joint Resolution 105, Bianco."	
Giorgi: "Mr. Speaker"	2352
Speaker Matijevich: "The Gentleman from Winnebago,	2354
Representative Giorgi."	
Giorgi: "Mr. Speaker, 890 by McClain notes a 40th	2356
anniversary. 892, by Birchler tells about a 50th	2357
anniversary. 893 by Oblinger asks a Sub-committee of	2358
the House Transportation Committee to study elderly	
busing problems. 894 by Madigan celebrates a silver	2359
anniversary. 895 by Bullock presents an accolade to	2360
Jim Wright, the new Director of the UAW. Johnson's 900	
recognizes Kurt Schmidt's contributions. 901 by Mahar,	2361
helps retire Reverend Joseph Burke. 903 by Doyle,	2362
honors Sister Eleanor. 904 by Molloy marks a birthday.	
905 by J.J. Wolf, heralds the German Day celebration.	2363
906 by J.J. Wolf, proclaims captive nation week. 907	2364
by Ryan, brags about his pharmacists union 100th year	2365
anniversary. 908 by Hallstrom, tells about nuptial	
ceremony. Pechous calls attention to the institution	2366
of marriage and Blanco designates a new hostage flag	. 2367
and I move for the adoption of the Agreed	
Resolutions."	
Speaker Matijevich: "The Gentleman from Winnebago, has moved	2369
the adoption of the Agreed Resolutions. We'll get to	2370
you Joe, but before that the Gentleman from Cook,	2371
Representative Cullerton."	
Cullerton: "Will the Sponsor yield?"	2373
Speaker Matijevich: "He indicates he will."	2375
Cullerton: "I have a question about one of the Resolutions.	2377
It had something to do with Representative Ryan."	2378
Giorgi: "Yes."	2380
Cullerton: "Could you clarify what that"	2382
Giorgi: "The Resolution is quite laudatory and quite	2384
involved, but what it does is it notes the 100th	2385

anniversary of their pharmacists union. No,	2386
pharmacists association."	
Cullerton: "Thank you."	2388
Speaker Natijevich: "The Gentleman from DeKalb,	2390
Representative Ebbesen on the Agreed Resolutions."	2391
Errasen: "Ah, yes, Mr. Speaker. I had a question on one.	2393
Seriously there was one, did you say something about a	2394
Resolution on funding of something? Early on. Second	2395
or third Resolution."	2207
Giorgi: "Funding?"	2397
Ebbesen: "Funding."	2399
Giorgi: "On funding. No, I don't thinkthe onlyI think	2401 2402
Oblinger's asked the Sub-committee of the	2402
Transportation Committee to study the peculiar	2403
problems of the elderly for busing and you know for	
dial-a-bus, you know and so on."	2405
Erbesen: "Alright."	2407
Giorgi: "I'm glad you're paying more attention to	
Resolutions sincemanner"	2409
Speaker Matijevich: "The Gentleman from Effingham,	2410
Representative Brunner, on the Agreed Resolutions."	2412
Brummer: "Yes, I think one of them is designating a new	•
hostage flag."	2414
Giorgi: "Yeah."  Grummer: "I understand the clear enunciation of that by the	2416
Sponsor. I would like to know what the precedent is	2417
Sponsor. I would like to know what is a sponsor. I would like to know what is a sponsor. I would like to know what is a sponsor. I would like to know what is a sponsor. I would like to know what is a sponsor. I would like to know what is a sponsor. I would like to know what is a sponsor. I would like to know what is a sponsor. I would like to know what is a sponsor. I would like to know what is a sponsor. I would like to know what is a sponsor. I would like to know what is a sponsor. I would like to know what is a sponsor. I would like to know what is a sponsor. I would like to know what is a sponsor. I would like to know what is a sponsor. I would like to know what is a sponsor which is	2418
specifically what the Resolution does."	
specifically what the Resolution  Siorgi: "Well, the reason I thought it should be an Agreed	2420
Resolution is there's a flag on display in the back of	2421
I understand the Governor is already	2422
flying it over the mansion, so I thought we ought to	
legalize and justify it by passing a Resolution."	2423
Brummer: "Well, I, is this going to be another second	2425
official flag of the State of Illinois, or something	2426
like this?"	

Giorgi: "No."	2428
Brummer: "I would like to know what the Resolution does and	2430
what the impact with regard to our designating an	2431
official flag is. I don't think that ought to a	2432
matter of Agreed Resolution or at least I'd like to	
know what it's about."	
Giorgi: "Sure. I understand your concern, because in the	2434
event you design the flag next week, I'd get the	2435
Resolution passed for you. You might want to design a	2436
Brummer flag. What happens"	
Brummer: "I don't know if it ought to become the official	2438
Brummer flag of the State of Illinois."	2439
Giorgi: "Well it could become an official Brummer flag for	2441
your backyard. And, we'd pass a Resolution honoring	2442
you with that flag. But, Mr. Bianco maybe you'd like	2443
to take the floor and explain what you have done for	
the hostage flag, so far."	2444
Speaker Matijevich: "Before we get to that, the Gentleman	2446
from Cook, Representative Walsh."	2447
Walsh: "Well Mr. Speaker, it sounds to me as though there's	2449
been an objection to that Resolution, it's being an	2450
Agreed Resolution and therefore it should be taken	2451
out. Is there notwell then I wish to object to the	
Resolution that calls for a Sub-committee of the	2452
Transportation Committee to do something. That is not	2453
the substance of an Agreed Resolution."	
Speaker Matijevich: "Alright."	2455
Walsh: "And I object to its being on the list."	2457
Speaker Matijevich: "Alright, there's objection to	2459
inwhich number is that? You're going to withdraw."	2460
Giorgi: "That was a Mrs. Oblinger's House Resolution 893."	2462
Speaker Matijevich: "893, withdraw that one. Ah"	2464
Giorgi: "Well, listen, beforeMrs. Oblinger might want to	2466
speak on the Resolution. She might get permission of	2467
the House to pass it now."	
Cheaker Matigoriah, Huell lotte you know latte withdray	2860

Giorgi: "Let's withdraw that one and go on with	2471
theobjection with the hostage flag."	
Speaker Matijevich: "Alright, the Gentleman from Effingham,	2473
Representative Brummer on the other one."	2474
Brummer: "I don't know if I have any objection to the	<b>247</b> 6
Resolution dealing with the designation of an official	2477
hostage flag, since I haven't seen nor have I heard	2478
much about the details of the Resolution. I would	
simply like to know what the Resolution contains, so	2479
that I know whether I want to object or not."	
Speaker Matijevich: "Well, maybe Bianco can clear it up.	2481
The Gentleman from Cook, Representative Bianco."	2482
Bianco: "Thank you, Mr. Speaker, Representative Brummer and	2484
fellow Representatives."	
Speaker Matijevich: "The flag is over there in the back."	2486
Bianco: "The flag is hanging here in the back of the	2488
assembly. It has been here for about a week. We	2489
developed this flag last week, I did it in conjunction	2490
with the gentleman from Springfield, from the American	
Opinion Book Store. We were inspired to do this	2491
because of the grave situation that we have in Iran	2492
with our American citizens being held hostage there	2493
and the circumstances that have evolved around it with	
the loss of eight American soldiers lives and we felt	2494
that something should be done, just as the Governor	2495
did when he ordered the flags to be flown at half mast	
recently. Werein he did run into a problem with that	.2496
because the veteran's groups thought that it was a	2497
burden flying the American flag specifically at half	
mast for such a long period of time that it seems to	2498
have been. But, this flag was born out of an idea to	2499
pay tribute to the eight Americans who lost there	2500
lives in this fiasco and the 53 American citizens	
being held hostage, to keep a constant reminder of	2501
them. And, the Governor has accepted this flag, and	2502

	he is currently flying it over the mansion and we are	2502
	designating that this flag be flown over six key state	2503
	buildings throughout the state predominantly in	2505
	Springfield and any other buildings as deemed	
	appropriate by the Secretary of State and the Governor	2506
	of the State of Illinois. And, I would hope that my	2507
	fellow Representatives would see fit to concur in this	
	Resolution"	
Speake	r Matijevich: "The Gentleman from Cook, Representative	2509
	Jaffe. Jaffe."	
Jafře:	"Mr. Speaker. It alarms me somewhat to hear the	2511
	Gentleman say that it's done in conjunction with the	2512
	American Opinion Book Store which happens to be the	2513
	John Birch Society Book Shop. You know, all sorts of	
	things spring into my mind, including perhaps"	2514
Speake	r Marijevich: "Before you go further, we'd better	2516
	withdraw that one. I can see something brewing here.	2517
	What's the number of that one? House Joint Resolution	2518
	105. Withdraw that. Now Representative Giorgi has	
	moved the adoption of the Agreed Resolutions. Those	2519
	in favor signify by saying 'aye', oppose 'no' and the	2520
	Agreed Resolutions are adopted. Death Resolutions."	<b>v</b>

Speaker Matijevich: "Amendments from the floor?"	2553
Clerk O'Erien: "Floor Amendment #1, Davis. Amends Senate	2555
Bill 1893 on page one by deleting line seven and	2556
inserting in lieu thereof the following and so forth."	2557
Speaker Matijevich: "The Gentleman from Will, Representative	2559
Jack Davis, on Amendment #1."	2560
Davis: "Thank you, Mr. Speaker, Ladies and Gentlemen of the	2562
House. Last Wednesday afternoon at 4:30 the entire	2563
focus of the country was on this chamber and on	2564
Illinois. And if any of you in this chamber believe	
at this point in time that that focus is going to be	2565
removed in the next four or five months before the	2566
general election on November 4th, then you also	
believe in the tooth fairy. The truth of the matter	2567
is it is not going to go away. The Sponsors of the	2568
Resolution that was presented Rednesday afternoon have	
guaranteed it will not go away. Those against the	2569
issue have guaranteed it will not go away. We've	2570
heard <u>Sun-Time's</u> polls, <u>Tribune</u> polls, Harris polls,	2571

	Gallup polls, flag poles, God knows what polls. We've	2571
	all taken polls in our districts. But, Ladies and	2572
	Gentlemen, there's only one poll that counts. And	2573
	that's on November 4th, 1980. So I offer to you today	2574
	an Amendment to an election Bill that would provide	
	for an advisory referendum on whether or not as a	2575
	matter of public policy that the State of Illinois	2576
	should ratify the proposed 27th Amendment to the	
	United States Constitution. Ladies and Gentlemen,	2577
	this Amendment and like Bills have been offered before	2578
	in this House. The last time Representative Kelly and	
	Capparelli and myself teamed up to offer this	2579
	Amendment, it went on with 100 votes coming from both	2580
	sides of the issue"	
Speake	r Redmond: "Representative Jaffe, for what purpose do	2582
	you arise?"	
Jaffe:	"A parliamentary inquiry, Mr. Speaker. I would	2584
	question the germaneness of this Amendment."	2585
Speake	r Redmond: "Parliamentarian? Parliamentarian?	2587
-	Germaneness of Amendment #1 to 1893 has been	2588
	questioned. Will you Parliamentarian says it is	2589
	germane. Proceed, Representative Davis. 9	
Davis:	"Thank you, Mr. Speaker. To continue, I'm sure that	2591
	all of us in this chamber are more than curious as to	2592
	the actual ability of the Amendment to fail or to	2593
	ultimately pass. There's only one way to find that	
	out. Let's turn the resources of both those who	2594
	support the Amendment and those who oppose the	2595
	Amendment, turn their resources to an education of the	
	voting public of this state. So that, indeed, on	2596

GENERAL ASSEMBLY STATE OF ILLINOIS HOUSE OF REPRESENTATIVES

Have no fear. You simply have but one choice to make,	2601
to remove that question from your	2602
electionre-election effort and that's simply to say	
to your constituents, 'Yes, I will bind myself to the	2603
outcome of that advisory referendum. You have no	2604
fear. Those who oppose believe they will win. Those	2605
who are pro believe they will win. Let the voters	
decide this particular question. I, for one, have	2606
made the commitment before and I'll make it again. I	2607
will bind myself to the outcome of that referendum, my	
deep-seated feelings opposing the Resolution	2608
notwithstanding. So I urge you to put this Amendment	2609
on Representative Darrow's Bill and hope, by God, the	
Senate goes along with it for a change and lets this	2610
important question be put to the voters of Illinois in	2611
an advisory referendum on November 4th."	
Speaker Redmond: "Representative Greiman."	2613
Greiman: "Thank you, Mr. Speaker. If I were If I were to	2615
be given the choice of what I would be in my next	2616
life, I would like to be a Bill in the Illinois	2617
General Assembly. Because then I would have	2 <sub>N</sub>
immortality. I would be able to live forever and ever	. 2618
and ever and ever and ever. I would never die.	2619
Nothing, apparently, ever dies here. This It	
wasn't even new this Session. We had it last time.	2620
We killed it. Because we're good, smart politicians,	2621
we don't want to muddy up our own election campaigns	
for or against. We want to stand on our records, none	2622
of this single issue necessarily of the Equal Rights	2623
Amendment. We want to stand on our records as	2624
Representatives, as Senators in the General Assembly.	2625
What Representative Davis proposes is that we that	2626
we, all of us, take a single issue and we bring it to	2627
our heart and we then rise or fall on that issue.	2628
There are men and women in this Body that disagree	
with me on the Equal Rights Amendment, of which I am	2629

	passionately which I passionately believe in, but I	2630
	don't want them necessarily to do without their	
	services. They have a good contribution here. So	2631
	that, why would we want to make one, single issue the	2632
	rise or fall of political careers of dozens of	
	careers? Seems to me everybody in this room got here	2633
	somehow by being relatively intelligent politicians	2634
	and if you want to stay, it's a good idea to defeat	2635
	this. In any event, I would like to reiterate that	
	it's wonderful to see us arguing the same thing. We	2636
	always have a sense of deja vu around this time. This	2637
	is an absurd thing. It violates our Constitutional	
	duties, in a sense. Our duty is to make a judgment,	2638
	not on what necessarily the numbers are in a district,	2639
	but just to make a decision on what we believe in, is	2640
	right for the Constitution. That's what our job is.	
	That's what our responsibility is. We ought to defeat	2641
	this again as we have in the past."	
Speake	r Pedmond: "Representative Kornowicz."	2643
Kornow	icz: "Mr. Speaker, move the previous question please."	2645
Speake	er Redmond: "The Gentleman has moved the previous	2647
	question. The question is, shall the main question be	. 2648
	put? Those in favor indicate by saying 'aye', 'aye',	.2649
	opposed 'no'. The 'ayes' have it. Representative	
	Darrow."	
Darrow	: "Davis' Amendment"	2651
Speake	er Redmond: "What did you say? Representative Davis."	2653
Davis:	"Thank you, Mr. Speaker. In reply to the last	2655
	speaker, I don't think it's any more ludicrous to put	2656
	this on the ballot and bind yourself to the outcome	2657
	then it is to run independent and campaign on that	
	single issue. I don't think that's as ludicrous at	2658
	all. Now I can just tell you this, Representative,	2659
	that the opposition to this to this idea has always	
	come from your side. And I just simply say to you,	2660
	what in the world are we all afraid of? The term	2661

'Representative' to me means to represent. And I,	2662
frankly, don't know how my district does feel	
ultimately on this subject. I, for one, believe that	2663
the voters of this state can be trusted to be educated	2664
on the issue by both sides and vote responsibly in	
November."	
Speaker Redmond: "The question is on Representative Davis"	2666
motion for the adoption of Amendment 1 to Senate Bill	2667
1893. Those in favor vote 'aye', opposed vote 'no'.	2668
I'll call on you when this is over. Representative	
Darrow."	
Darrow: "Thank you, Mr. Speaker. I didn't have a chance to	2670
comment on this. I have supported legislation such as	2671
this in the past, but I don't want it on my Bill.	2672
Earlier today we discussed the same situation where	2673
you're amending the Senate Bills without Committee	
debate, without any discussion and you're not having	2674
the three days reading in both Houses. If $\mathfrak m$ afraid	2675
that if we put this Amendment on the Bill, the Bill	
will be defeated or will be tabled at a later date, so	2676
I'd appreciate it if you'd vote 'no'."	٠,
Speaker Redmond: "Representative Willer."	. 2678
Willer: "No, never mind, Mr. Speaker."	2680
Speaker Redmond: "Have all voted who wish? The Clerk	2682
will Representative Kelly."	
Relly: "Yes, Mr. Speaker, Members of the House, I'm very	2684
proud and pleased to support Representative Davis on	2685
this Amendment. I know it's a difficult issue for	2686
many of you. I would like to say to Representative	
Greiman who said of this Bill, he'd like to be a Bill	2687
if he ever had another opportunity, that this is just	2688
an extension which the ERA supporters received getting	
a few extra years. So I look at this as just another	2689
opportunity or an extension for other of us to allow	2690
our constituents to voice their vote on this issue. I	2691
think it's extremely important and an opportunity to	

	take ERA out of your campaign. Whether you're for or	2692
	your against the issue, you're going to find out that	2693
	there's going to be a lot of activity, one issue	2694
	activity, rather than separating it from our	
	campaigns. I think it's important to my campaign.	2695
	And I think it's very important to every Member in	
	this House. I vote 'yes'."	2696
Speaker	Redmond: "Have all voted who wish? Representative	2698
	Griesheimer."	
Grieshe	imer: "Thank you, Mr. Speaker. In explaining my	2700
	vote, I would like to point out to this House that in	2701
	my eight years down here, this proposition has been	2702
	presented to this House on seven occasions. And on	
	every occasion, it's been defeated primarily by those	2703
	who are the leaders in the ratification movement for	2704
	thethis particular ERA proposition. I feel there's	
	little doubt that these people have no confidence in	2705
	the people. They realize that this issue is not	2706
	supported by the people. And therefore, that's the	
	reason they will not turn this matter over to the	2707
	people of this state. And to those people, they	2708
	should not do anything better than apologize to their	
	people back home because they are not Representatives.	2709
	They are alter egos of their own ego-mania."	
Speaker	Redmond: "Have all voted who wish? Representative	2711
	Dyer."	
Dyer:	"Mr. Speaker, yes, I would like to explain my vote	2713
	because I do not want my no vote to be	2714
	misunderstood, especially in reference to the previous	
	speaker. If you look back at previous Roll Calls, I	2715
	have supported the idea of a referendum when the same	2716.
	was presented two years ago. I supported it. The	2717
	reason I am voting 'no' this time is that there is	
	always the possibility that the Coalition for	2718
	Political Honesty will put another referendum also on	2719
	the ballot. I will not be running for re-election

4th and I'm confident of an affirmative ratification	
of the Equal Rights idea on the voters as they vote	2724
for the candidates on November 4th."	
Speaker Redmond: "Representative Friedrich."	2726
Friedrich: "Mr. Speaker, I'm voting 'aye' on this because I	2728
think this is one issue that's controversial. It's	2729
been blown out of proportion. I think it's something	2730
the people should have a right to decide on. I just	
heard the last speaker, but I'm intrigued by the fact	2731
that all those people who say, "the people really want	2732
ERA*, are afraid to submit it to them. And I think	2733
I'd like to have some of those people voting 'no' tell	
me what they re afraid of."	2734
Speaker Redmond: "Representative Willer."	2736
Willer: "Yes, Mr. Speaker, it seems to me the opponents	2738
could easily say if this carries by a Majority, but ${}^2\sim$	2 <b>7</b> 39
not three-fifths, well, you know, it should be carried 🕚	2740
by three-fifths because we require three-fifths to	2741
carry in the House and in the Senate. So we have	2742
carried overwhelming way over Majority in this	
House which does reflect over Majority of the people	2743
of this state unless people are voting against their	2744
constituents and I doubt it. I think that this is not	
going to hold any of the 'no' voters to a 'yes' vote	2745
if it carries by simply a Majority. They're going to	2746
weasel out of it then by saying, 'Well, we need	2747
three-fifths of the people to support it because we	
have to vote three-fifths. It's our duty to vote on	2748
the Amendment, not the people."	
Speaker Redmond: "Representative Conti."	2750
Conti: "Well, Mr. Speaker, Ladies and Gentlemen of the	2752

House, as those of you who are concerned about	2753
muddying up the elections, you did that when you voted	2754
for consolidation of election. Every single issue	
that's going to be controversial, you're going to be	2755
tied up with when you voted consolidation of	2756
elections. So that's a weak argument to vote against	
this Bill."	
Speaker Redmond: "Representative Johnson."	2758
Johnson: "The one argument I've heard consistently in my	2760
mail and by the Sponsors and supporters of ERA is that	2761
the people of their district and the people of	2762
Illinois overwhelmingly want this. If you look at	
the If you look at the Roll Call, you'd see that	2763
all of the Sponsors of ERA now and in the past, if my	2764
recollections at least goes back three years, are	2765
voting 'no' on this. I don't know why, but I don't	
see what harm there would be in going along with	2766
Representative Davis' idea to ask the people what they	2767
think. If you're not confident that everybody's in	
favor of it, everybody, particularly the proponents of	2768
ERA, ought to be green on this Amendment. I think	2769
it's a good idea and something that's long overdue and	<b>4.</b>
I urge a 'yes' vote."	2770
Speaker Redmond: "Representative Ewing."	2772
Ewing: "Yes, Mr. Speaker, Ladies and Gentlemen of the House,	2774
in explaining this vote, I believe that I know how the	2775
people in my district feel, but I am willing to be	2776
educated that they feel differently than I think. I	
would respect their views on this matter. And I think	2777
we should not at all be afraid to let the people speak	2778
and tell us just how they feel on this issue, in each	2779
of our districts. We shouldn't be afraid of any issue	
that's too muddy for any election. And let's put some	2780
'yes' votes up there."	
Speaker Redmond: "Representative Anderson."	2782
Anderson: "Yes, Nr. Speaker. I was intrigued with	2784

Representative Davis"	2784
Speaker Redmond: "Smoking light is out Explanation of	2786
votes"	
Anderson: "Explanation that he would bind himself to the	2788
outcome of the vote. Did he mean in the state or in	2789
the district?"	
Speaker Redmond: "Representative Vinson."	2791
Vinson: "Yeah, Mr. Speaker. I'm a little bit shocked by	2793
some of my very good friends and at times	2794
philosophical fellow travelers on this issue. We	2795
listened to a debate this week on ERA that	
demonstrates the profound, moral and philosophical	2796
issues involved. And I think that we all know that	2797
Members of this House are and will and should vote	
their consciences on this issue and I think it's a	2799
serious mistake to take this out, to put it on the	2799
ballot, to have a meaningless, nonbinding referendum	•
at some substantial taxpayer expense. People ought to	2800
come down here on this issue and have the courage to	2801
vote their consciences and I would urge a 'no' vote on	
this. And I would point out for the to some of the	2802
people who have spoken that I am not and never intend	2803
to be a proponent of ERA."	
Speaker Redmond: "Representative Schuneman."	2805
Schuneman: "Thank you, Mr. Speaker. I have to take issue	2807
with my colleague who spoke just before me when he	2809
referred to this as being a 'meaningless referendum'.	2809
I don't think it would be meaningless at all. One of	
the problems with this issue is that in my opinion it	2810
is a much deeper issue than many people give it credit	2811
for being. It goes much deeper into the fabric of our	2812
life and our society than many of $us$ think that $it$	
does. I think the people of Illinois should be better	2813
informed on this issue. And one way of their becoming	2814
informed is through the referendum process. There	2815
will be debate throughout the State of Illinois.	

GENERAL ASSEMBLY STATE OF ILLINOIS HOUSE OF REPRESENTATIVES

There will be statements on this issue that the public	2816
will have to cope with and finally they'll have to	2817
vote. And I think their vote will mean something and	
I think that those of us who represent them here will	2818
notice their vote and will try to act accordingly.	2819
This is a good idea. It's something we should be in	
favor."	
Speaker Redmond: "Anyone else? Representative Ropp."	2821
Ropp: "Mr. Speaker, Members of the House, I'd like to ask a	2823
question. If we vote for this and if ultimately the	2824
voters would say 'no', could we have some assurance	2825
from the proponents of this issue that they would not	
continue to be involved in this kind of a program?"	2826
Speaker Redmond: "I don't know. Who do you want that answer	2828
from?"	
Ropp: "Any of the proponents would be fine. I'd take their	2830
answer as representing all of them."	2831
Speaker Redmond: "I don't think that's possible to speak	2833
with a single voice on that. Representative Daniels."	2834
Daniels: "Well, I think the question that the former speaker	2836
asked is interesting. I think the former speaker by	^- 28 <b>37</b>
the fact that he's voting for this referendum is	` 2838
saying to the people of the State of Illinois as are	
all other people that are voting for this that if this	2839
does become law or on this Bill, is attached to it,	2840
and if it does pass by Majority vote, that they, in	
fact, will support the Equal Rights Amendment. And I	2841
think that's what you're saying, Representative Ropp.	2842
And I think that's a very interesting comment on your	2843
part."	
Speaker Redmond: "Representative McBroom."	2845
McBroom: "Well, Mr. Speaker, Members of the House, in	2847
explaining my 'no' vote, which I seldom do, I have	2848
infinite respect for Representative Davis, but I think	2849
this is an extremely poor concept. You're leading	
people to believe something that probably will have no	2850

effect on the next Illinois General Assembly. Those 2851 of us who will be in close races this fall I think 2852 will live to regret this action if it's on the ballot as I can envision all types of campaign tactics. 2853 think this should be overwhelmingly defeated." 2855 Speaker Redmond: "Pepresentative O'Brien." G'Brien: "Yes, Mr. Speaker and Members, I rise to explain my 2857 I've always been a supporter of this 2858 issue and have voted in favor of it every time it 2859 come up in either chamber of the House or the Senate. I think that this is an important issue and Illinois 2860 the key state to take action in relation to this 2861 Amendment. I think it's the only way to do it, rather 2862 than have a velvet hammer, the Mayor or the Governor twist the arms of Members in the General Assembly to 2863 pass it. Let's have a poll in each and every district 2864 and let the people vote the way they want to vote 2865 this issue." Speaker Redmond: "Representative Chapman." 2867 Chapman: "Mr. Speaker, just a little past history on this 2869 2870 particular issue. As has been stated before, there hasn't been a single Session since 1972 when somebody 2871 hasn't reinvented the wheel and come idea of putting a referendum on the ballot. 2872 bright The interesting thing is that there was one Session, 2873 the first one, that it looked like it might pass. since this was a poor ploy of the opponents to 2874 put the proponents of ERA in a bad light and nothing 2875 really being offered in any kind 2876 sincerity, the proponent of the Bill who is the United States House of 2877 Congressman in Representatives, very hurriedly tabled +he Bill 2878 because he was afraid it was going to pass. I think it's time one more time to stop playing fun and 2879 2880 with the Equal Rights Amendment. Let's vote 'no' and the responsibility for making a good let's take

decision for all men and women in this nation and vote	2881
'yes' on the Equal Rights Amendment, not 'yes' on a	2882
silly referendum."	
Speaker Redmond: "Representative Dunn."	2884
Dunn J.: "Mr. Speaker and Ladies and Gentlemen of the House,	2886
if I were a constituent back home I would really	2987
wonder about any Legislator who after all the debate	
in history and turmoil and emotion on the Equal Rights	2888
Amendment couldn't make-up his or her mind without the	2889
benefit of a nonbinding referendum. I would ask	2890
myself, how in the name of Heaven, can a Legislator	
make-up his or her mind on all the other issues that	2891
come before them on which they can't possibly have as	2892
much information as the Equal Rights Amendment? I	2893
think it would be a bad reflection upon the Illinois	
General Assembly to put this referendum on the ballot	2894
and I hope we defeat this Amendment and leave	2895
Representative Darrow's Bill in the form in which he	
wants it. I urge a 'no' vote."	2896
Speaker Redmond: "Representative Schraeder."	2898
Schraeder: "Well, Mr. Speaker, it's quite obvious that we :	2900
voted on ERA, we voted the wishes of our constituency,	. 2901
but I had some constituency that said an 'aye' vote	2902
was wrong. But I'm willing to leave it up to the	
people in my district come November to tell me if I'm	2903
right or wrong. I think we ought to have this on the	2904
ballot. And it appears to me that those who are in	2905
favor of ERA are really afraid to let the people speak	
out. I'm not. I'm willing to let them tell me	2906
whether I'm right or wrong and if they say I'm wrong,	2907
I'll come back in January and vote the way they wish."	
Speaker Redmond: "Representative Ebbesen."	2909
Ebbesen: "Yes, Mr. Speaker and Ladies and Gentlemen of the	2911

individuals, Representatives, who supported the Equal	2913
Rights Amendment for several years and I don't

consider this a silly referendum. To me, if there was	2914
ever an opportunity to get a true poll, a true	2915
expression, of how the people of this state feel about	
the Equal Rights Amendment, this would be the time.	2916
It's a Presidential election. There's a possibility	2917
of having a Constitutional Amendment on the ballot	2918
that could very well change the size of this House and	
I think the voter turn-out which is we talk about	2919
apathy. Here's an excellent opportunity to stimulate	2920
the voters of this state to go to the polls and to me,	2921
I certainly would take under those circumstances a	2922
high turn-out, a high percentage, within my own	
Legislative District and looking at it from the	2923
perspective of the voters of the entire state to pay	2924
attention ever though it's advisory as to what they	
say. And I think it's an excellent idea and I think	2925
that it ought to be put on this Bill and signed into	2926
law."	
Speaker Redmond: "Representative Robbins."	2928
Robbins: "Mr. Speaker, I voted on Equal Rights the way that	2930
my district in the polls that I have seen indicated $^{\pm}$	- 2931
that it should be. If we are going to be truly	· 2932
Representatives of the people, why should we object to	
having the people tell us what they want? Then, we'll	2933
vote in our districts again for what the people want.	2934
This is what they send us here to do, not be what we	2935
want to be, but to do and represent them. So we need	
more green lights up there on that Board. Let the	2936
people vote on what they want and then let us do what	2937
the people tell us to do. Thank you."	
Speaker Redmond: "Okay. Representative Karpiel."	2939
Karpiel: "Well, Mr. Speaker and Ladies and Gentlemen of the	2941
House, frankly I am very surprised by some of the red	2942
votes up there. I was being lobbied quite extensively	2943
before this vote because I'm a new Member and I never	
voted on it before and most of the lobbying or a lot	2944

of that lobbying was coming from some of the	e 2945
Representatives in this House. I was constantly being	g 2946
told that I they were very surprised at my 'no	ı
vote on the ERA. They could not understand it, that I	1 2947
would be better representing the people in my district	2948
if I voted 'yes'. When I told them the people in m	Y

against the ERA, they told me that my questionaire was	s 2950

people in my district as well as all the districts in	n 2952
the State of Illinois an opportunity to vote on this	s 2953
and the same people, the same people who told me that	t
my questionaire was wrong and that the people in m	y 2954
district were really for this, the same people are not	w 2955
saying we should not give the people in the State of	É

Frankly, I am surprised and I certainly hope that	t 295 <b>7</b>
these same Representatives do not come to me next year	r

afraid to find out what the people really think.	3010
Nonsense. We're afraid to perpetrate a fraud on the	3011
voters of the State of Illinois. That's exactly what	3012
an advisory referendum is, a fraud. We've had the	
Thompson proposition. What does that mean in terms of	3013
votes in this House for particular issues, for	3014
specific recommendations? There is no question in my	
mind but whatever the results of this advisory	3015
referendum, it will have absolutely no impact on the	3016
votes on this floor for and against the Equal Rights	
Amendment. We are afraid to go home to our voters and	3017
tell them that we're cheating them; we're playing	3018
games with them. We are here to represent our voters	
and that's what we're doing when we vote 'no' on the	3019

Bill 1893, on page one, by deleting the title and	3250
inserting in lieu thereof the following."	
Speaker Redmond: "Representative Madigan, for what purpose	3252
do you rise? Representative Bowman. Where's	3253
Representative Taylor?"	
Sowman: "Thank you, Mr. Speaker, Ladies and Gentlemen of the	3255
House. Amendment #2 which I offered to this Bill, is	3256
identical to the Amendment that I've offered to so	325 <b>7</b>
many other Election Bills here in the past, that the	
House continues to adopt and the Senate always seems	3258
to have a little problem with. The House has spoken	3259
on a number of occasions in support of this Amendment.	3260
What the Amendment does, is to amend the Consolidated	
Election Code which we passed into law about eighteen	3261
months ago now, and it goes into effect December 1.	3262
The Consolidated Election Code which is about to go	3263
into effect, provides that the Mayor of the City of	
Chicago shall make appointments to fill vacancies in	3264
the Office of Alderman. Now at the present time, if a	3265
vacancy occurs, the Mayor does not have that power.	
In fact, there is such a vacancy on the west side of	3266
Chicago brought about by the death of Alderman Jimmy	326 <b>7</b>
Washington. If thatif the Consolidated Election	3268
Code were in effect at the present time, the Mayor	
could simply make an appointment to fill the late	3269
Alderman Washington's seat. However, that is not the	3270
law at the present time. It wouldthe law will be	
become that, in December 1, 1980. In other words, as	3271
of December 1 the Mayor will have the power to fill	3272
vacancies in the Office of Alderman. The intent of	

ŧ1	he Amendment #2, is to prevent that from occuring and	3273
to	o keep the status quo in the City of Chicago. To	3274
, a i	llow the vacancies to remain until elections can take	3275
p	lace to fill the vacancy. Amendment #2 specifically	
p	rovides, that every consolidated election date	3276
pı	rovided for in the Consolidated Election Law, which	3277
we	e have passed, shall be used to fill vacancies, so	
tl	hat we thereby minimize the amount of time that a	3278
v	acancy would occur. So, I offer Amendment #2 and	3279
u:	rge its adoption to basically; a. to keep the status	
q	uo in the City of Chicago and b. to provide that	3280
e·	very election date under the new consolidated	3281
S	chedule can be used to fill the vacancies, thereby	
ш	inimizing the time lapse during which a vacancy will	3282
0	ccur. I urge the adoption."	
Speaker :	Redmond: "Any discussion? Representative Darrow."	3284
Darrow:	"Yes, thank you Mr. Speaker. Again, I am going to	3286
0	ppose this as I oppose all the other Amendments other	3287
t.	han the technical Amendment. I would like to pass	3288
ti	his Bill out the way it came over from the Senate."	
Speaker	Redmond: "Any discussion? Representative	3290
C	ullerton."	•
Cullerton	n: "Thank you, Mr. Speaker and Ladies and Gentlemen	3292
0	f the House. I rise in opposition to this Amendment	3293
£	or the same reasons that I have stated in the past,	3294
w.	hen it's come up. I have one specific problem with	
i.	t, and that's if there is a vacancy that occurs in	3295
A	ugust of 82, theoretically there could be an election	3296
i	n November of 82, a runoff in December of 82, a new	3297
e	lection in February of 83 and another runoff in March	
0.	f 83. That would be four elections in five month	3298
P	eriod. It's just too costly. It would mean, that	3299
p.	eople who are wealthier than others, would have an	
a	dvantage and it just is really absurd, I think, to	3300
a	llow for so many elections within the lastin that	3301
t	ime period. I'm not in objection to having an	

A STATE OF THE PARTY OF THE PAR

election, rather than have the Mayor make the	3302
appointment, but if he would just take out that last	3303
	3303
purceound and a manner of a men	330#
Amendment, but he hasn't. For that reason, I object	3304
to the Amendment and ask that you vote 'no'."	
Speaker Bradley: "Do you wish to close, Mr. Bowman?"	3306
Sowman: "Yes. Thank you, Mr. Speaker. I do wish to	3308
closeto address a couple of the points which were	3309
raised. I can sympathize with Representative Darrow.	3310
However, I'm sure he must know that the Senate right	
now, is considering a 127 page Amendment to an	3311
Election Bill over there, into which all of the	3312
non-controversial issues such as Representative	
Darrow's are being considered. I don't know if it's	3313
going to be on that 127 page Amendment. But, there	3314
are other ways, I think, in which Representative	
Darrow can achieve his goals, if he thinks this	3315
jeopardizes the Bill. I think that in	
Representawith respect to Representative	3316
Cullerton's point, what he's really urging us to do,	3317
is to legislate for the extreme, it seems to me. For	·
Representative Cullerton's argument to hold, one has	3318
to consider that the death or resignation occurs in	3319
only a time span of maybe one or two months every	
other year. So, that's really one twelfth, the	3320
probability of that occuring is one twelfth to one	3321
twenty-fourth of the probability that there will be a	
death or resignation anytime within the two year	3322
period. The probability that there is a death or	3323
resignation anytime within the two year period when	
you have fifty Aldermen is quite small and to divide	3324
that probability by one twelfth or one twenty-fourth	
reduces it to infinitesimal amount. So, I think	3325
Representative Cullerton's really talking about a	3326
situation which is extremely unlikely to occur. I	3327
	3327
think that the more important consideration is, shall	3328

we change the status quo in the City of Chicago. And,	3328
I think the present arrangement we have with the	3329
possible exception of allowing every election date	3330
under the consolidated schedule to be used, is a good	
one, and I urge that we keep the situation the way it	3331
is. Thank you."	
Speaker Bradley: "The question is, on the Gentleman's	3333
motion. All in favor signify by voting 'aye', opposed	3334
by voting 'no'. Have all voted who wish? Have all	3335
Mr. Bowman, you wish to explain your vote."	
Bowman: "No, Mr. Speaker. I'm going to say, if this gets a	3337
majority of red votes, I want it verified, because I	3338
can see the Gentleman sitting right in front of me	3339
over here, has been pushing this whole row red. And,	
so, if it does get a majority of red votes, I want a	3340
verification."	
Speaker Bradley: "Mr. Bowman, that's against our rules, I	3342
don't think he'd do that. Have all voted who wished?	3343
Have all voted who wished? The Clerk will take the	3344
record. On this question, there are 72 'ayes' and 59	
'nos' and the Gentleman's motion prevails. Purther	3345
Amendments?"	
Clerk Leone: "Floor Amendment #3, Karpiel-Stanley. Amends	3347
Senate Bill 1893, on page one line five and so forth."	3348
Speaker Bradley: "Mr. Darrow, what purpose do you rise?"	3350
Darrow: "In order to speed up the work of the House, so that	3352
we don't have to wait for conferences any longer, I	3353
would accept Amendment 3, 4 and 5. And, it's my	3354
understanding the Sponsor of the Amendments 6 and 7	
would withdraw those and we could speed up things."	3355
Speaker Bradley: "Alright now, just a minute. Who's the	3357
Sponsor of 4. Now, Mrs. Karpiel is Sponsor of 3.	3358
Who's Sponsor of 4? You are and 5? Karpiel.	3359
Alright, now are there any objections to Mr.	
Collins objects to taking them all on the same Roll	3360
Call. So, let's do it this way. Mrs. Karpiel moves	3361

to adopt Amendment #3. All in favor of the Lady's	3361
motion, say 'aye', oppose 'no'. The 'ayes' have it.	3362
The motion prevails. Further Amendments?"	
Clerk Leone: "Floor Amendment #4, Darrow. Amends Senate	3364
Bill 1893 in the House, on page one and so forth."	3365
Speaker Bradley: "The Gentleman from Rock Island, Mr.	3367
Darrow."	
Carrow: "Yes, this is a technical Amendment. It indicates	3369
how the ballot sheets should be marked and it puts an	3370
'or' in where one was left out in drafting."	
Speaker Bradley: "Mr. Collins, on Amendment #4."	3372
Collins: "Well thank you, Mr. Speaker and Ladies and	3374
Gentlemen of the House. Amendment #4 may indeed be a	3375
technical Amendment, but"	
Speaker Bradley: "Mr. Collins, just a minute. For what	3377
purpose does the Lady from DuPage, Mrs. Karpiel	3378
arise?"	-
Earpiel: "I was trying to get your attention, Mr. Speaker.	3380
I'm withdrawing Amendment 3 and keeping in Amendment	3381
5."	
Speaker Bradley: "Alright. The Lady having voted on the .	_ 3383
prevailing side, now moves to reconsider the motion by	3384
which Amendment #3 was adopted. Andall in favor of	3385
the motion say 'aye', oppose 'no'. The 'ayes' have	
it. Now, we're back to Amendment #3 and the Lady	3386
moves to withdraw Amendment #3. And no objection the	3387
Amendment's withdrawn. Now, back to Amendment #4 and	
Mr. Collins."	
Collins: "Yes, thank you Mr. Speaker and Ladies and	3389
Gentlemen of the House. As I began to say, Amendment	3390
#4 may be a technical Amendment but it's the sheer	3391
technicality of the thing that makes it a bad	
Amendment. Now, in case anybody's forgotten in the	3392
light of all the Amendments that have been offered to	3393
this Bill, this is the Bill that has to do with the so	
called vote scanner that has been purchased in Rock	3394

Island County without any demonstration"	3394
Speaker Bradley: "Mr Just a minute, Mr. Collins. Mr.	3396
Darrow, for what purpose do you rise?"	3397
Darrow: "Well, he's not addressing the Amendment, he's going	3399
into the Bill and I'd like to speed this up. I know	3400
it's difficult for the Gentleman to control himself,	3401
but I wish he would."	
Speaker Bradley: "Would you confine your remarks, Mr.	3403
Collins, to the Amendment please? Mr. Collins."	3404
Collins: "Mr. Speaker, I resent the interruption, because I	3406
am speaking to the Amendment and there's no way you	3407
can speak to the Amendment without getting at the	3408
history of the type of device we're speaking to. This	
is a voting device, that I don't think anyone in this	3409
chamber, who has not looked at it is familiar with.	3410
It is a so called vote scanner and it's a	3411
revolutionary approach to voting in Illinois, which I	
will speak against on Third Reading. But now, this	3412
technical Amendment defines how the so called ballots	3413
or it will be called a ballot sheet in this device is	
to be marked. Now the Election Code, as we all know,	3414
on paper ballots has to have an 'X' or it which	3415
crosses within the prescribed area. On this so called	3416
scanner, the only thing that would be necessary for	
the device to record the vote, would be any kind of	3417
mark within the ballot and within the box within the	3418
voting area. So you could put a check, you could put	
an 'X' or you could put your initials. Now we all	3419
know that the law disqualifies any hallots in election	3420
contests that have identifying marks on them. So,	3421
anybody that could make a mark, whether it be A	
through Z, whether it be 1 through 0, whatever it may	3422
be, this thing is replete with possibilities of vote	3423
fraud, of ballot disqualification. I think it's a	
horrible concept and as I said, the mere technicality	3424
of this thing is the thing that the militates against	3425

	it. I would urge rejection of this Amendment. And	3425
	then of course, I will speak against the Bill whether	3426
	the Amendment's adopted or not, on Third Reading and	3427
	give you a little more of the history of this thing as	3428
	it wended its way through the twisted legislative	3429
	process of the Bock Island County Board."	
Speake	er Bradley: "Further discussion? The Gentleman from	3431
	Polk, MrThe Gentleman from Rock Island, Mr. Polk."	3432
Polk:	"Thank you, Jerry. Ladies and Gentlemen, I think	3434
	there is some controversy surrounding this Bill and	3435
	there's no question about it, we've been on it for a	3436
	couple of weeks. We're attempting to get this thing	
	worked out. But, I do ask your support of Amendment	3437
	#4, till we get the Bill in a posture to go to Third	3438

Speaker Bradley: "Alright. Mr. Darrow moves to take the	3490
Bill out of the record. Alright. Mr. Greiman?	3491

end of this Bill and we would have a Democratic	3494

Second. Has that been done? We got to go to your	<b>350</b> 8
The House will come to order. Members please be in	
their seats. Representative Darrow, for what purpose	3509
do you rise?"	•
Darrow: "Thank you, Mr. Speaker. I'd ask leave to recommit	3511
Senate Bill 1893 to the Interim Study Calendar, the	3512
Committee from which it came."	
Speaker Redmond: "Is there any objection? Hearing none,	3514
leave is granted."	
Darrow: "Thank you."	3516
Speaker Redmond: "House will come to order. Where is that	3518
one? On the Order of Motions. On page 11, appears	3519
Senate Bill 1706. Representative Grossi is	3520
recognized."	
Grossi: "Thank you, Mr. Speaker, Ladies and Gentlemen of the	3522
House. I move that Senate Bill 1706 be moved from the	3523
Speaker's Table, to the Order of Second Reading, First	3524
Legislative Day. This Bill was heard in Judiciary II	3525
Committee and at that time it received a 8 to 6 *do	
not pass' vote. This Bill basically deals with child	3526
abuse. It provides for a new criminal offense of	3527
aggravated battery of a child. A special provision of	
this Bill is that the natural parents would be	3528
required, if they pled guilty, to seek counseling with	3529
the Department of Children and Family Services for a	
period of not less than two years. This Bill is	3530
directed toward child abuse. I would ask your support	3531
for this motion."	
Speaker Redmond: "Representative Getty."	3533
Gentry: "Mr. Speaker and Members of the House. I rise in	3535
support of Representative Grossi's motion at this	3536
time. I have spoken with Representative Grossi, he	3537

a dame in a

has assured me that Amendments would be put on that	3537
would make this Bill acceptable. And, I would ask for	3538
the support of the House in thisin this motion."	
Speaker Redmond: "The question's on Representative Grossi's	3540
motion that Senate Bill 1706 be taken from the	3541
Speaker's Table and placed on the calendar on the	3542
Order of Senate Bills Second Reading, First	
Legislative Day. Those in favor Representative	3543
Leinenweber, for what purpose do you rise?	
Leinenweber."	
Leinenweber: "I would want to ask the Gentleman a question.	3545
Maybe he covered this and maybe I missed it. What was	3546
the controversy that caused the Bill to lose in	3547
Committee?"	
Speaker Redmond: "Representative Grossi."	3549
Grossi: "I was not in theat the Committee hearing. My	3551
understanding is that the concept of creating a	3552
special category for child abuse, that is aggravated	3553
battery of a child, was not acceptable to many of the	
Members of the Committee."	3554
Leinenweber: "Is there anybody from the Committee, that	3556
could explain the Committee's position?"	、 <b>3</b> 55 <b>7</b>
Speaker Redmond: "Representative Getty."	3559
Setty: "In addition, there was an aspect that the Bill as it	3561
came over, made the offense non-probationable.	3562
Representative Grossi has indicated in conversations	3563
to me, that that offensive part will be removed from	
the Bill. And, that is the basis upon which I am	3564
indicating that I will support it. I think that it is	3565
certainly very reasonable to have a separate	
classification for a battery committed on a child	3566
under the age of thirteen years, by a person above the	3567
age of eighteen years. We have similar	
classifications as regard other elements in the	3568
criminal law. This is consistent with that and that	3569
is way I am supporting his motion, as he's indicating

it would be amended. Representative Grossi	3570
unfortunately, could not be at the Committee hearing	3571
on the day in question. I think because of that, this	
is an unusual circumstance. Representative Grossi's	3572
motion ought to be supported."	
Leinenweber: "I just had one other question. What class of	3574
felony is aggravated battery of a child?"	3575
Getty: "Three."	3577
Leinenweber: "Class three. And, what is it currently?"	3579
Getty: "No, it would be two on theas the Bill would be	3581
amended. It's currently at three. I think this is a	3582
reasonable subclassification."	
Leinenweber: "It goes from a three to a two in effect. It's	3584
the same Act now, but it's probationable."	3585
Getty: "That's correct."	3587
Leinenweber: "Okay."	3589
Speaker Redmond: "Representative Johnson."	3591
Johnson: "Well the day this Bill came for a hearing in the	3593
Judiciary II Committee, Representative Grossi through	3594
circumstances beyond his control, was not able to	3595
present the Bill, I did, and presented it as well as I $pprox_{-1}$	
could. I think it's a necessary Bill. It speaks to	3596
the problem of serious child abuse resulting in great	3597
bodily harm. I think it's an important Bill to get	3598
out of here, not only in concept of deterrence but	
also in the general effort it makes in identifying a	3600
serious problem. I would certainly urge a urge a	
'yes' vote on this motion to discharge."	3601
Speaker Redmond: "Ready for the question? The question is	3603
Representative Grossi's motion that Senate Bill 1706	3604
be taken from the Speaker's Table and placed on the	3605
Order of Senate Bills Second Reading, First	
Legislative Day. Those in favor vote 'aye', those	3606
opposed vote 'no'. 107 votes. Have all voted who	3607
wish? Clerk will take the record. On this question,	
there's 117 'aye' and 2 'no' and the motion carried.	3608

House. Senate Bill 1933, I move to suspend Rule 18k,	3633
so that the Bill may be heard in the Rules Committee.	3634
Senate Bill 1933 is the only available vehicle to	
provide business tax relief and to stimulate	3635
investment and recession recovery in the State of	3636
Illinois. This legislation will provide incentives	
for business to expand, which mean more jobs for	3637
Illinois citizens. It also provides relief from	3638
inequities made at the time of the enactment of the

against the corporate income tax, since that was the	3640
practice under the old corporate personal property	3642
tax. It is needed and it is needed now. And, I ask	
for your favorable support to suspend Rule 18k, for it	3643
to be heard in Tules Committee."	
Speaker Redmond: "Representative Brummer."	3645
Brummer: "Yes, I am sorry. It's a little noisy. This is a	3647
investment tax credit, is that what I understand.	3648
Representative Campbell, is that"	
Campbell: "It is not presently. It provides for full	3650
deductability of the personal property tax replacement	3651
against the corporate income tax, plus foreign	3652
dividends. But the foreign dividends, if we get	
enough votes, will be amended out and we would	3653
hopefully put an Amendment on here for the investment	3654
credit. Yes.".	
Brummer: "And what form do you propose, that that Amendment	3656
would take, as a credit against the Illinois Income	3657
Tax or the credit against the Corporate Personal	<b>365</b> 8
Property Tax"	
Campbell: "That would be fifty-fifty."	· 3660
Speaker Redmond: "Representative Giorgi."	3662
Giorgi: "Mr. Speaker, question of the Sponsor if I may."	3664
Speaker Redmond: "Proceed."	3666
Giorgi: "This is calledis this called the Caterpillar	3668
Bill? Is this the Bill that's for Caterpillar to save	3669
some money from their foreign income? Is this what	3670
this is for, Chuck?"	
Campbell: "Zeke since the foreign dividends are coming out,	3672
it's a GE Bill, not a Caterpillar Bill any longer."	3673
Giorgi: "How it's the General Electric, right?"	3675
Campbell: "General Electric, yes."	3677
Giorgi: "I just wanted to point out the special interest	36 <b>7</b> 9
Bill that it is, that's all."	
Campbell: "As a matter of fact, it's also for all of the	3681
citizens and the jobs for the State of Illinois."	3682

Speaker Redmond: "Representative Borchers. Representative	3684
Vinson."	
Vinson: "Question."	3686
Speaker Redmond: "Parliamentarian, please come up. Anyone	3688
else then. Will you read the motion, Mr. Clerk?"	3689
Clerk Leone: "Pursuant to House Rule 63a, I move to take	3691
Senate Bill 1933 from the table."	3692
Speaker Redmond: "Representative Vinson."	3694
Vinson: "The Clerk read the wrong motion."	3696
Speaker Redmond: "Well what motion are you making then?"	3698
Vinson: "You have to recognize Mr. Campbell to get that, Mr.	3700
Speaker."	
Speaker Redmond: "Representative Campbell."	3702
Campbell: "Mr. Speaker, I move to suspend Rule 18k, so that	3704
the Bill may be heard in the Rules Committee."	3705
Speaker Redmond: "This requires 107 votes. Representative	3707
Getty."	
Getty: "Mr. Speaker, what is the current status of Senate	3709
Bill 1933?"	
Speaker Redmond: "Been tabled, it's in the Rules Committee."	3711
Getty: "It's in the Rules Committee. Now, under our Rules	3713
if we at this time to take it from the table, it would	3714
still be in the Rules Committee. Is that correct?"	3715
Speaker Redmond: "That's correct. His motion is to suspend	3717
Rule 18k, so that it may be heard in Rules Committee.	3718
It's just to suspend the posting rule. You ready for	3719
the question? The question's on Representative	
Campbell's motionRepresentative Madigan.	3720
Representative Madigan sought recognition.	3721
Representative Madigan."	
Madigan: "Mas the previous question been moved?"	3723
Speaker Redmond: "Yes."	3725
Madigan: "I'll explain my vote."	3727
Speaker Redmond: "The question is on Representative	3729
Campbell's move to suspend Rule 18k, so that Senate	<b>37</b> 30
Bill 1933 may be heard in the Rules Committee. Those	3731

in favor vote 'aye', opposed vote 'no'.	3731
Representative Madigan."	
Madigan: "Mr. Speaker, I rise in opposition to the	3733
Gentleman's motion. He is attempting to bring to the	3734
floor an issue which has been adequately treated by	3735
the House Revenue Committee on two occasions. On both	
occasions there have been motions to discharge Bills,	3 <b>7</b> 36
both House and Senate Bills from the House Revenue	3737
Committee which have failed. In light of the serious	
issues facing this House, Mr. Speaker, I see no need	3738
to even call this motion at this time."	3739
Speaker Redmond: "Representative Stuffle."	3741
Stuffle: "Yes, Mr. Speaker, I think Representative Madigan's	3743
arguments are well put, but they ought to be put	3744
towards bringing this motion to an affirmative vote	3745
and to have it succeed. He and others on this side	
have already on two or three occasions attempted to do	3746
the same thing on other Bills. It was important	3747
enough to do them, it's important enough to do now.	3748
This is one of the most important issues that faces	
this House. It's one that demands and deserves a fair	3749
hearing. It's an issue of importance to Democrats as	3750
well as Republicans. And, Representative Campbell	
descrives at least to have 107 votes to have the Rules	3751
Committee possibly hear this Bill and to give us a	3752
chance to put something together in a bipartisan	3753
nature, that he's already indicated will be a	
compromise that comes from both sides of the aisle."	3754
Speaker Redmond: "Representative Dunn. One minute to	3756
explain your vote. Representative Schraeder, one	3757
minute to explain your vote."	
Schraeder: "Mr. Speaker, I don't like to disagree with the	3759
Majority Leader, but it is absolutely essential that	3760
this piece of legislation get out on the House floor	3761
where it can be acted upon. In order to do that, its	
got to come out of Rules. It's mandatory that we do	3762
CENEDAL ACEMBLY 6_20_80	

something for the business community in Illinois.	3763
And, we don't do it and I hear the word Caterpillar	
mentioned time and time again, and I'd like to point	3764
out that Caterpillar is a vital employer, employing	3765
thousands of people in the State of Illinois. And, if	3766
it's derogatory to have someone like that in your	376 <b>7</b>
district that you can support, then I think somebody	
is badly mistaken. We need a 107 votes. And, I would	3768
ask the labor boys to get on it and get right for a	3769
change."	
Speaker Redmond: "Have all voted who wish? Clerk will take	3771
the record. On this question there are 99 'aye' and	3772
52 'no'. Representative Campbell."	
Campbell: "Well, Mr. Speaker and Ladies and Gentlemen of the	3774
House, an explanation of my vote. I want to say, that	3775
this has never been heard in the Revenue Committee.	3776
Not once. We didn't get a hearing in the Revenue	3777
Committee. We never got it past Rules, because it	
came to a political fight in Rules and now we've	3778
agreed to amend it. And, I don't think in all the	3779
years that I've been here I've noted the Democrat	
Party being against anti-labor. I just can't believe	3730
it. And, also this provides jobs for the State of	3781
Illinois. I think your all interested in jobs, I know	
the unions are. Everybody wants a job. God only	<b>37</b> 82
knows, that in a period of recession recovery, we need	3783
jobs. This is the only vehicle that is left in either	
of the two Houses, to try to solve this problem. And	3784
I'm sure that some of you meaningful Legislators on	3785
the other side of the aisle want to get on this and	
belp us out. I would appreciate your vote."	3786
Speaker Redmond: "Representative Vinson, for what purpose do	3788
you rise?"	
Vinson: "To explain my vote, Mr. Speaker"	3790
Speaker Redmond: "I've already taken the call on that.	<b>37</b> 92
Representative Ewing, for what purpose do you rise?"	3793

Ewing: "Well, Mr. Speaker, I thought that we all got a	3795
chance to explain our votes"	
Speaker Redmond: "Well, I gave the opportunity, we took the	3797
record. Now, Representative Campbell."	3798
Campbell: "I'd like a poll of the absentees."	3800
Speaker Redmond: "Representative Campbell, requests a poll	3802
of the absentees. Poll the absentees, Mr. Clerk."	3803
Clerk Leone: "Poll of the absentees. Beatty. Bluthardt.	3805

Speaker Redwond: "Any additions? Clerk will take the	3810

Rea: "'Aye'."	3812
Speaker Redmond: "What's the count, Mr. Clerk. 100 'aye',	3814
