

STATE OF ILLINOIS
92ND GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

32nd Legislative Day

May 1, 1981

Speaker Ryan: "House will be in order and the Members will be in their seats. Father Moscari of the St. John. Vionny Church in Sherman will lead us in prayer this morning."

Father Moscari: "Father, we want to thank You for the blessings that you daily share with us and we know that we are so dependent upon you for everything that goes on in our life. We all believe this, otherwise; there would be no need for me to be here. We ask You to bless these fine men and women of the State of Illinois and this sytem in carrying out their very responsible duties. In our most trying times we realize that the pressures of our society are fantastic, much beyond what we could even comprehend and it makes no difference how much we try to do the right thing because we are so limited in our scope of extension of thought. It's so difficult at times for us to even know what the right thing is so we ask You to help. That all these men, women representing the State of Illinois will do their best as Legislators of our state to make the most of the talents that you've shared with them. That they'll not permit the pressures of our society in any way to effect them. That they'll always go ahead and be satisfied in knowing that you are receiving their best, and beyond this we cannot do anymore. Sometimes our society gets impossible. We know it. There are so many demands made upon all of us who represent people. Don't let us get disturbed by any of these. Let us always have one thought in mind and that thought is that we know You. You've given us an opportunity of sharing Your life. You've given us an opportunity of receiving Your love and we, in turn, loving You. You're so satisfied so easily because all you ask us to do is all that is possible. Two or our Representatives now, Father, are presently trying to recover from

illnesses, which no doubt been brought about by the pressures of their positions. We ask You to return them to their families and also to our state and to this Legislative Body. Representative Margalus and Representative Conti. Assist them in their recovery, aid the doctors and all who are caring for them that they may be well soon and be able to represent their people as their people would like to have them be represented. Amen."

Speaker Ryan: "Thank you, Father. We'll be led with the pledge by Representative Vitek."

Vitek: "I pledge allegiance to the flag of the United States of America and to the republic for which it stands, one nation, under God, indivisible, with Liberty and Justice for all."

Clerk Leone: "House Bill 538, a Bill for an Act to amend the FY '81 Act of the Department of Revenue and the Department of Administrative Services. Third Reading of the Bill."

Speaker Ryan: "Representative Wolf."

Wolf: "Thank you, Mr. Speaker, Members of the House. House Bill 538 provides a supplemental appropriation to the Department of Administrative Services of one million from the Road Fund for Workers' Compensation claims and 2.4 million from the State Garage Revolving Fund. It also increases the amount appropriated to the Department of Revenue in GRF dollars for payment of income tax refunds by 30 million dollars from 185 to 215 million, and I would ask your approval and support."

Speaker Ryan: "Is there any discussion? Representative Darrow."

Darrow: "Yes, would the Sponsor yield?"

Speaker Ryan: "He indicates he will."

Darrow: "These funds are being taken from the Road Fund. I was wondering what relationship they had to our roads. The fact that the funds evidently are reflected for highway improvement and yet they're going to this item."

Wolf: "This was for workers which are paid out of the Road Fund."

Darrow: "Why are they paid out of the Road Fund if they work for Administrative Services?"

Wolf: "All the Workers' Comp. claims go through the Department of Administrative Services. These had to have been employees working there and that's for the Workman's Compensation

Darrow: "Do you have any idea how ...?"

Wolf: "DOT employees."

Darrow: "Do you have any idea how much of the funds of the Road Fund go for Workman's Compensation claims?"

Wolf: "If you'll hold on, I'll try to get that information. I don't have that information here but it is to take care of the Workman's Comp. claims of the Department of Transportation employees."

Darrow: "According to our analysis this also includes Secretary of State, Department of Law Enforcement and Local Government Law Enforcement Training Board."

Wolf: "If they receive a Road Fund appropriation for those particular areas, then I would assume you're correct."

Darrow: "Thank you."

Speaker Ryan: "Is there any further discussion? Representative Wolf, to close."

Wolf: "I would just ask the vote of the Members."

Speaker Ryan: "The question is, 'Shall House Bill 538 pass?'. All in favor will signify by voting 'aye', all opposed by voting 'no'. Have all voted who wish? Take the record, Mr. Clerk. Take the record, Mr. Clerk. On this issue there are 124 voting 'aye', 2 voting 'no', and 3 voting 'present' and this Bill having received the Constitutional Majority... Representative Carey, 'aye'. Speaker Peters: "Representative Bullock on Amendment #1."

Bullock: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. The Sponsor has agreed to this Amendment. I think it substantially improves the Bill. Essentially, what this Amendment does is narrows the circumstances in which a police officer who is being interrogated prior to charges would be informed of their constitutional rights. It only... the Amendment would say that it only includes instances of where the officer has, in fact, been placed under arrest. The Bill now requires such warning if the officer is under arrest or quote, "is likely to be placed under arrest". I think this substantially improves the Bill. I think the Sponsor has agreed to this Amendment and I would ask for a favorable consideration."

It provides that a police officer who are being investigated would only be entitled to learn the name of the complainants and witnesses against them if the actual administrative proceedings are filed and have commenced. This was offered by Representative Fawell. I don't know if she wishes to speak to the measure, but it was her idea and I don't know of any opposition to the measure at this point. I don't know if the Cosponsor, Representative Fawell, has any remark."

Speaker Peters: "Any discussion on Amendment #1, Representative Kane."

Kane: "Would the Gentleman yield to a question?"

Speaker Peters: "He indicates he will."

Kane: "Would you detail to us how the process is streamlined?"

Vinson: "Yes, Representative Kane. In essence, what the Amendment would do would be to abolish the Civil Service Commission, transfer it's functions to the Director of Personnel and provide for judicial review of those functions."

Kane: "In other words, this Amendment abolished the Civil Services Commission?"

Vinson: "Yes, Sir."

Kane: "Does..."

Vinson: "It transfers it functions to the Director of Personnel."

Kane: "So there would be no review of any activity taken by the Department except the only recourse an employee would have would be to go to court."

Vinson: "Yes, but there would be judicial review of that decision by the Department."

Kane: "Mr. Speaker, Ladies and Gentlemen of the House, I think that this Amendment guts the Civil Service System of the state. The Gentleman has done enough damage to it with previous Bills and I would think that with this Amendment that simply streamlines the system out of existence, I would urge a 'no' vote."

Speaker Peters: "Any further discussion? Representative Darrow."

Darrow: "Thank you, Mr. Speaker. I would ask if this Amendment is germane."

Speaker Peters: "I'm sorry, Representative. I didn't hear you."

Darrow: "I question the germaneness of the Amendment."

Speaker Peters: "Mr. Parliamentarian. While we're doing that, Representative Schraeder, do you wish to speak to the Amendment? Representative Schraeder."

Schraeder: "Mr. Speaker, it appears that by the elimination of this, the Personnel Department who has quite elaborate jurisdiction over employees could very well be making the decision to release or fire someone and, on the other hand, be adjudicating the same case. I think you've got the fox in the chicken coop, so to speak. And I think this process should be a distinct process even if there is a few dollars involved and I have to agree with the previous speaker that this is a poor, poor Amendment."

Speaker Peters: "It is the opinion of the Chair that the Amendment is germane. The Amendment dealing with the Personnel Act and dealing with the general same subject matter. Representative Darrow."

Darrow: "Mr. Speaker, I don't believe this is the same subject matter and when we had the real Parliamentarian up there he ruled in the past that although it amends the same Chapter that it must amend the same subject matter and I don't

I think we have different subject matter."

Speaker Peters: "I'll ask the Parliamentarian to take another look at it. What point does the distinguished Gentleman from Sangamon rise, Representative Kane?"

Kane: "Point of order. I believe this Amendment amends the title of the Bill also, and if that is the case, I would make the appropriate Motion to send the Bill back to wherever it's suppose to go if the title is amended, which I think is Second Reading, First Legislative Day. If this Amendment is adopted, and I believe the Motion has to be made..."

Darrow: "There's a technical error on Amendment #1. Perhaps the Sponsor would like to amend it on its face."

Speaker Peters: "Mr. Sponsor, are you aware of the technical nature of the Amendment?"

Speaker Peters: "Representative Leverenz."

Leverenz: "I would never snap my fingers at the Chair. Could the Gentleman explain the technical error again? I'm a certified non-attorney."

Speaker Peters: "Representative Darrow."

Darrow: "Well, it's a new Act and you have the language underlined. In a new Act you don't have to have the language underlined. So if you want to amend it on its face and get some whiting fluid and white out the underlining, then it would be alright."

Speaker Peters: "The nature of the objection is one referring to the underlining of words."

Leverenz: "I would just agree with the most knowledgeable..."

Speaker Peters: "Representative Leverenz asks leave of the House to amend it on its face. All those in favor will signify by saying 'aye', those opposed. The 'ayes' have it. I would appreciate if the Gentlemen at least near the well would take the conversations either to the side or to the rear. Thank you. Representative Bullock, Amendment #1."

Bullock: "Thank you, Mr. Speaker. House Bill 1022, Amendment #1 essentially does three things. The first thing that the Amendment does as offered by the Illinois Bankers Association deals with the authorization for merger on emergency sales, between two banks across a county line. This limits the distance to ten miles, the distant limitation of course results in reducing the potential participants of a bank merger. But the effect, in my estimation is not fatal to the Bill. Secondly, the requirement that in this merger, emergency sale an addition to the commissioner banking, the regional director of the FDIC would also have to be consulted before the merger becomes effective. This is a safeguard against any single individual banking commissioner and of course the auditor, would approve a merger. It provides a bank regulator of that institution an opportunity to be involved in the

approval process. I did not personally approve of the Amendment but the Bankers Association felt that this was a necessary safeguard and of course I've included it as part of the Amendment. The third portion of this Amendment is technical in nature, it just strikes a period and brings in a comma and inserts the proviso into a single sentence. And I think it gives clarity to the Bill and it's no substantive change per se and I would ask for a favorable Roll Call."

Speaker Peters: "Any discussion on Amendment #1? Representative Reilly...your button is on Representative Reilly. Would someone....Representative Bower would you just reach back. All right. Kelly, D: "That's okay."

Huskey: "It was only a deleted word on Amendment #4 to replace Amendment #1. Amendment #6 only adds a school code that we deleted or that we didn't properly put in in the Reference Bureau. It was a technical error in the Reference Bureau, it does not change the wording of the Bill or the intent of the Bill whatsoever."

Kelly, D: "Thank you."

Speaker Peters: "Representative John Dunn. His button is on, will someone....all right. Representative Bowman."

Bowman: "Thank you. It changes some ages but I gather from what you say that the age changes are consistant with the other ages elsewhere in the Bill?"

Huskey: "The wording of the Bill is absolutely the same. We're not changing anything in....in the makeup of the Bill. All we're doing is getting the correction technical changes in the Bill so the Bill will be in its proper form. I've got the old Bill here if any of you would like to look at it. Along with the Amendment to show that there is no...there is no trickery you being used here. It's strickly....it's strickly changing technical Amendments. And then I would like to debate the Bill on Third Reading. It could be a debatable Bill but it is not changing anything that would change the debate one way or the other."

purpose does the...Representative Darrow, the Gentleman from Rock Island rise? Is it okay?"

Darrow: "No, I had just conferred with Representative Yourell about this legislation and it's not just technically changing residents to resident. Representative Yourell pointed out that this raises the minimum age required to enroll in the driver education program from fifteen to sixteen. Now if that's the intent of the Sponsor, I have no objection but I wish he would state that rather than saying, it makes a small technical change."

Huskey: "The original Bill also states that. The original Bill states the same thing and Representative Yourell by the way, copied this Bill and has a Bill just like this Bill so I'm sure he thought it was a good Bill."

Bowman: "Okay....may..."

Darrow: "Where is Representative Yourell's Bill? Is that over in the Senate now?"
