82ND GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

60th Legislative Day

June 10, 1981

Speaker Peters: "The House will be in Session. The Members not entitled will please leave the floor. The Members not entitled will leave the floor. The visitors are welcome to stay. All those not entitled to the floor will please leave. Those not entitled to the floor will please leave. Those not entitled to the floor will please leave. The House will be in Session. The Chaplain for today is Father John Spreen of the Church of the Little Flower located here in Springfield, Illinois. Father Spreen."

Father Spreen: "God, we ask that You would give to our Legislators the patience of Jobe, the endearance of Moses and the wisdom of Solomon and the loving concern for men as like St. Francis of Assisi. For with these virtues, they can effectively be Legislators or our state. Help them to understand that there are some things that cannot be changed and there are some things that must be changed. Whatever must be changed must always be for good or at least better than it presently is. Let our Representatives be patient with one another and especially patient with their public constituents who make unreasonable demands upon them. Let our Legislators be guided with the wisdom of age and tradition. Let their concerns be always loving concerns for the good of man. Patience, wisdom and love and the greatest of these is love. This we ask in our Heavenly Father's name amen. P.S., Lord, if the game is postponed tonight, whenever it's played please favor the House."

Speaker Peters: "Now that's what we call a good, solid prayer. We'll be lead in the Pledge of Allegiance by Representative Kraska. Representative Kraska."

Kraska: "I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one

Speaker Peters: "There has been an objection filed to Senate Bill 267. That will be removed from the Consent Calendar. There has also been a request for an Amendment to Senate Bill 884, Mr. Clerk. That will be removed from the Consent Calendar and put on Senate Bills, Second Reading. Would you fill out a form here, Mrs. Frederick and we'll take care of that for you. Consent ...On this question ...Consent Calendar, Third Reading with the exceptions of Senate Bill 267...Representative Daniels?"

Daniels: "We're going to file objections to 358 and 377 as well."

Speaker Peters: "358 and 377, would you please fill out the appropriate forms here? Any others? The question is, 'Shall the Consent Calendar pass?'. Those in favor will signify by voting 'aye'; those opposed by voting 'nay'. The voting is open. Mr. Selke? Representative Getty."

Getty: "Mr. Speaker, I would like to vote 'aye' as would Representative Madigan to all of the Bills except Senate Bill 1097 on which I would like the record to reflect that we vote 'present'. May we do that on this one Roll Call?"

Speaker Peters: "The Clerk informs me, Representative Getty, that the way to do that would be to file a form for a change ..."

Getty: "No, Mr. Speaker. I would not do that because then somebody could object. I wish to cast my vote as 'aye' to all those Bills except 1097. So in the alternative I would ask for a division of the question."

Speaker Peters: "Let's try it this way. Mr. Clerk, Representatives..and Ladies and Gentlemen of the House, Representatives Madigan and Getty ask to be recorded as voting 'aye' on the entire Consent Calendar with the exception of Senate Bill 1097 on which they ask to be recorded as voting 'present'. Do the Gentlemen have leave? Leave is granted. The Journal will so indicate.

Representative Friedrich."

Friedrich: "Mr. Speaker, I was occupied. Was 267 removed from the Consent list?"

Speaker Peters: "Yes, Sir."

Friedrich: "Thank you."

Speaker Peters: "Any other questions in regard to? Take the record, Mr. Clerk. Take the record, Mr. Clerk. On this question there are 138 voting 'aye', none voting 'nay', 14 voting 'present'. The Consent Calendar as read is hereby declared passed. And the Chair reminds Representatives Daniels and Friedrich to file the appropriate Motions in regard to the Bills on which they objected. Consent Calendar, Second Reading."

Clerk Leone: "Senate Bill 66, a Bill for an Act to amend the Local Mass Transit District Act. Second Reading of the Bill. No Committee Amendments."

Speaker Peters: "Any Motions from the floor? Any Amendments from the floor?"

Clerk Leone: "No Floor Amendments."

Speaker Peters: "Third Reading. For the purposes of an announcement, Representative Epton."

Epton: "Thank you, Mr. Speaker. This is rather a matter of personal privilege if I may?"

Speaker Peters: "Proceed, Sir."

Epton: "Thank you. Ladies and Gentlemen of the House, I have an apology to make and I hope that you will all listen to me do so. This morning in Financial Institutions a Bill was supposed to be called and for reasons with which I was not familiar or for reasons which I suppose, the Chairman sent Representative McBroom, recessed the meeting and said that he would call a meeting one half-hour after adjournment. The Bill in question was one that was particularly important to many of us in the Legislature, many of us in

the Judiciary and many of us in various departments of government. I obviously lost my temper because I did not know why the Bill was not called, since the witnesses were present and as a matter of fact, I should add, the votes were present. And at that time I took strenuous issue with Senator (sic) McBroom, who is one of my oldest friends in the House. I doubt that there...Although I think I respect and admire and even like the vast majority of individuals in this House, there are very few that I am closer to than Senator (sic) McBroom. At the time I thought he did so-- and I probably stated to the media-- he did so at the request of Representative Telcser and Representative Collins. Representative Collins was in the room and I knew that he was not particularly in favor of the Bill. Representative Telcser had also indicated to me that he was not in favor of the Bill. And at that time, I publically stated that Senator (sic) McBroom was bowing to their wishes. I now must admit that I was in error. The posting notice that went out to the Members of the Committee was not identical in all cases. Several of us received the posting notice which showed that Bill 269 would be called. Several other Members of the Committee received the posting notice showing that 295 would be called. At the time, Senator (sic) McBroom indicated that there was some confusion, but he assured the Members of the Committee that they would meet one-half hour after adjournment as soon as he could straighten out the confusion and the necessary Bill is assigned to the Committee would be called. My remarks against the Chairman of the Committee, Representative McBroom, my remarks against Representative Collins and Representative Telcser were certainly uncalled for and although I hope they will accept my apology, whether they do or not, I want the whole House to know that

losing your temper is not a very valuable asset. I was in error. And I apologize and I would certainly respect the Chairman's decision to have the meeting after adjournment. Mr. Speaker and Ladies and Gentlemen, thank you for listening."

Speaker Peters: "Thank you, Sir. On that point, Representative Leon."

Leon: "And, Mr. Speaker and Ladies and Gentlemen of the House, at that meeting I, a Democratic Spokesman of the Committee, raised the issue early this morning, called the Clerk's Office and there was some confusion on the posting of the Bills and the numbers and I called the attention to the Chairman, Mr. McBroom, and as a result of that he took the action that he took in order to clarify the record."

Speaker Peters: "Thank you, Sir. On that question, Representative McBroom."

McBroom: "Well, Mr. Speaker, Members of the House, first of all, Representative Epton, I accept your apology and don't feel that one was even necessary. I think every...each and every Member, including myself, from time to time have been angry or disappointed over the disposition of a Bill, either because it passed or because it failed. And, it certainly in no way impairs the friendship and respect that I have for you. I want to extend my sincere thanks to the Minority Spokeman on the Committee, Representative Leon. He and I have worked together for many years and I have tried to be cooperative with Representative Leon when he was Chairman of the Committee and he has been more than cooperative with me as Minority Spokesman. John keeps reminding me that things might change in two years and he might be Chairman. So, and I might be Minority Spokesman, add a bit of levity I guess to this business once in a while. The Committee on Financial Institutions will meet a

half-hour after adjournment. It will be in C-1 where we met this morning. There was confusion. We now find that a Bill, House Bill 295, was apparently assigned to both Registration and Regulation and to our Committee. It has to do with the licensing of snowmobiles so I hardly think it would be in our Committee. There has been some confusion. And, the Committee will resume a half-hour after adjournment in C-1. Thank you."

Speaker Peters: "Thank you, Representative McBroom. On what point, Representative Sandquist? Representative Sandquist."

Sandquist: "I just would like to get the record clear then that House Bill...I mean Senate Bill 269 of which I'm the House Sponsor will be heard then this afternoon in Financial Institutions. Am I correct?"

Speaker Peters: "That's what the Gentleman indicated."

Sandquist: "I want to clarify. He talked about 295. 269 was posted properly so."

Speaker Peters: "I...The Gentleman is not here to respond to that now. Representative Stearney."

Stearney: "Mr. Speaker, Ladies and Gentlemen of the House, on a point of personal privilege. It deals with the subject of the assignment of Bills. It deals with Senate Bill 890...867, which deals with the subject of insanity and guilty by mentally ill. This Bill was originally assigned to Judiciary II, then reassigned to Executive, then re-reassigned back to Judiciary II and then re-re-reassigned back to Executive this morning after it was set to be heard in Judiciary II this morning of which I'm the Chairman. The Bill deals with a substantial area of substantial concept in the area of criminal justice and I'm thoroughly appalled and so are the Members of the Committee that we could play such games with this matter.

STATE OF ILLINOIS
82ND GENERAL ASSEMBLY

Now, there was a Bill that passed out of Committee, Executive Committee, Jack Davis' Bill, which dealt with the subject of child beating and death penalty that went to Executive. I didn't object to that and that was a serious infringement upon the Committee process. But when you begin doing it over and over and over again and you begin emasculating, eradicating the entire criminal justice system to placate one Sponsor, then I think we've gone too far. And I think at this time I'm going to file a Motion to recommit that Bill back to Judiciary II so that we do honor the Committee process. Remember, no one is going to bring the Bill to any Committee if they feel they cannot get it passed and I, on one hand, did not want a particular Bill sent to Health and Family Services, but they said it was going there and it did go there. Well, if that be the case, it should apply across the Board for each and every Bill. Thank you, Mr. Speaker."

Speaker Peters: "The Chair will now proceed with the business of the House. On that point, Representative Getty? Representative Getty."

Getty: "Mr. Speaker, Members of the House, I, too, rise on the matter of 867 and I arise further as a point of personal privilege. I am the Democratic Member of the Committee on Assignments. I want to let you know that on the initial assignment, I voted that that should go to the Judiciary II Committee. It is a Bill clearly within the provence of the Judiciary II Committee and should not have been assigned to any other Committee. Subsequently that Bill was reassigned to the Executive Committee and then beyond belief, re-reassigned to the Judiciary II Committee. And today, apparently after a poll of the Members and an unsatisfactory result appeared to be forthcoming, it was again reassigned to the Executive Committee. On none of

those subsequent reassignments was I consulted or notified that a vote would be taken by the Committee on the reassignment. I would like it clearly understood in this record that I would have vigorously opposed any of those reassignments. It should have stayed in the Judiciary II Committee and to move it someplace else was in derogation I think of the traditions of this House and a derogation of the best interests of this House and the people of the State of Illinois."

Speaker Peters: "Representative Collins, excused absences?"

Collins: "Yes, Mr. Speaker, will the record show that Representative Margalus is excused because of illness and Representative Telcser is excused because of a death in the family?"

Speaker Peters: "The record will so indicate. Representative Getty, excused absences your side of the aisle, Sir?"

Getty: "Mr. Speaker, may the record indicate that Representative Redmond is excused due to illness in the family?"

Speaker Peters: "The record will so indicate. It is now the intention of the Chair to go to the Calendar. It is not the intention of the Chair to recognize any Member for any other purpose outside of Second Readings. The Chair will now go to page four, Senate Bills, Second Reading, Short Debate and take those Bills to which Amendments have not been filed. Page four, Senate Bill 22, Representative Irv Smith? 82ND GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

60th Legislative Day

June 10, 1981

Resolved by the House of Representatives of the Eighty-Second General Assembly of the State of Illinois that we commend the 150,000 youths and 30,000 adult volunteers who live in every community of Illinois from the farms of Pulaski and Alexander Counties to the city of Chicago for their efforts in setting and achieving goals and making the best better."

Speaker Peters: "You've heard the Resolution. On the Resolution, Representative Robbins."

Robbins: "Mr. Speaker, Ladies and Gentlemen of the House, having been a parent of a 4-H person for 25 years, I move that every Member of the House ...name be added to the Resolution and these young people be commended for their fine work."

Speaker Peters: "The Gentleman asks leave for Members of the...all Members of the House to be added as Sponsors of the Resolution. Does the Gentleman have leave? Leave being granted, Clerk is so ordered. You've heard the Resolution. Those in favor will signify by saying 'aye'; those opposed? The Resolution is adopted. Thank you very much, Representative Ropp and Illinois 4-H'ers. Thank you very much. For what purpose, Representative Bullock?"

Bullock: "Thank you, Mr. Speaker. I just wanted to say to Representative Ropp that I'm glad to see that he brought some of my constituents down this year in 4-H from the Robert Taylor Housing Project and they have tomatoes over there and I've eaten them. Representative Ropp, I'm glad that you finally realized we have urban cowboys and farmers too."

Speaker Peters: "Thank you, Representative. For the purposes of an introduction, the Chair recognizes Representative Deuster, Friedrich, Pierce and Reed."

Deuster: "Mr. Speaker, Ladies and Gentlemen of the House, it's a

delight to have this opportunity to demonstrate that the fine village of Mundelein could send down to Springfield a beautiful, lovely and charming person. On behalf of the Legislators from all of Lake County, I'm very happy to introduce the young Lady from Mundelein, Ms. Theresa Conner, who has been elected this year and crowned as Miss Illinois County Fair Queen. Theresa, we're happy to have you here in the House."

Theresa Conner: "Hi. I'm very honored to be here today and I really have enjoyed my visit to Springfield. This is the first time I've seen the state capital. And I'm going to be walking around the floor and I'll be passing out passes to the..universal passes to county fairs. And we would really appreciate it if the Representatives would show up at the county fairs. It does a great deal of PR work for agriculture and we'd love to see you there. And if you're not busy tonight, over at the State fairgrounds, Agriculture Department, we're having a barbeque and we'd really appreciate it if you'd come. Thank you."

Deuster: "Mr. Speaker, the Clerk has at his desk House Resolution 370 and I'd ask unanimous consent that the reading of House Resolution 370 be dispensed with. The Resolution congratulates Theresa on her honor as being Miss Illinois County Fair Queen and I would ask that all Members of the House have leave to be added as Cosponsors and request that this Resolution be adopted. Thank you."

Speaker Peters: "You've heard the Gentleman's Motion with regard to leave to add all House Members as Sponsors and for adoption of the Resolution. All those in favor will signify by saying 'aye' and those opposed? The Resolution is adopted. Let the record indicate that Representative Barkhausen is also here. And Representative Matijevich who's in the audience, but also from Lake County. The

young Lady will now walk amongst you distributing the tickets which are the universal passes to the fairs. The Resolution is adopted. Senate Bills, Second Reading. Second time around. Page five, Senate Bill 490. Representative Katz. Representative Katz? Out of the record. We did that. 228 is Third Reading. Representative Yourell on the floor? For the record, objections to Senate Bill 358, which was on the Consent Calendar, have been removed and 358 will appear on the Calendar tomorrow, Consent Calendar, Third Reading. Senate Bill 358. Page four of the Calendar... Representative McAuliffe, for what purposes, Sir?"

McAuliffe: "Mr. Speaker, Ladies and Gentlemen of the House, I would like to announce that we're going to have the final meeting of the Veterans Affairs Personnel and Pension Committee today at 2:00 o'clock in the same room we were in yesterday. I think it was 118 and we have about 15 Bills. I'd ask the Members to please be there on time. I'm sure we'll be out of there in half an hour at the most. Thank you."

Speaker Peters: "Page four of the Calendar, Mr. Clerk. Page four of the Calendar, Senate Bills, Second Reading, Short Debate. Senate Bill 899. There is an Amendment. However, it is an agreed to Amendment as is my understanding. Read the Bill."

Clerk Leone: "Senate Bill 899, a Bill for an Act to amend an Act in relationship to natural resources research, data collection, environmental studies and the Illinois Department of Developmental Bond Act. Second Reading of the Bill. Amendment #1 was adopted in Committee."

Speaker Peters: "Any Motions with respect to Amendment #1?"

Clerk Leone: "No Motions filed."

Speaker Peters: "Any Amendments from the floor?"

Clerk Leone: "Floor Amendment #2, Ted Meyer, et al, amends House (sic) Bill 899 on page one, line one and so forth."

Speaker Peters: "Representative Dunn, Ralph Dunn."

Dunn: "Thank you, Mr. Speaker, Members of the House. Amendment #1 for the coal..Amendment #2, excuse me, creates a Coal Research Board within the Institute of Natural Resources consisting of nine Members and it's spelled out in the Amendment how they are...There will be five representatives from industry, labor and a Director of the Department of Mines and Minerals, Director of the Institute of Natural Resources, Chairman of the Illinois Industry Resources Commission and Department of ...Director of the Department of Commerce and Community Affairs. They will have records and assess the needs of Illinois coal. For years we've gone without having any real board or research board to handle coal research matters and we've really not had a great energy policy, I guess, in Illinois. This helps establish that and I'd urge for adoption of the Amendment."

Speaker Peters: "On the Amendment, Representative Wikoff."

Wikoff: "Yes, thank you, Mr. Speaker. This is an agreed Amendment with myself and the Senate Sponsor. It's an administration Bill and they're in complete agreement with it. And I would urge adoption of the Amendment."

Speaker Peters: "Any further discussion? There being none, the question is, 'Shall Amendment #2 to Senate Bill 899 be adopted?'. Those in favor will signify by saying 'aye'. Those opposed, 'nay'. In the opinion of the Chair, the 'ayes' have it. And the Amendment's adopted. Any further Amendments?"

Clerk Leone: "No further Amendments."

Clerk Leone: "Senate Bill 266 (sic, 226), a Bill for an Act to amend the Condominium Property Act. Third Reading of the Bill."

Greiman: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House..."

Speaker Peters: "Excuse me. Representative Preston, for what purpose do you arise, Sir?"

Preston: "Mr. Speaker, I thought I heard the Clerk say, 'Senate Bill 266'. Is that.."

Speaker Peters: "226."

Preston: "226?"

Speaker Peters: "226."

Clerk Leone: "Senate Bill 226..."

Speaker Peters: "Top of the Calendar, page two. Representative Greiman."

Greiman: "Thank you, Mr. Speaker. This deals with an Amendment to the Condominium Property Act requiring that an owner which converts a property..a building into a condominium to give the tenants access to the building and relevant documents during the period when they have by law a right of first refusal. It provides that they can exercise that right when they receive notice..."

Speaker Peters: "Representative Greiman, excuse me."

Greiman: "Yes."

Speaker Peters: "The Chair has asked those who are not entitled to the floor to please leave. The Chair now makes that request once again without any intent to embarrass anyone. It is difficult to hear. It is difficult for the Chair to

insure that the House proceeds. Those not entitled to the floor will please leave. The doorkeepers will please assist the Chair in insuring that that, in fact, happens. Representative Greiman."

Greiman: "Well, Mr. Speaker, this Bill seeks to clarify some of the tenants' rights on the exercise of the right of first refusal during and after the period of the initial right of first refusal. The law now gives that right to people who are part of a condo...living as tenants when there's a development conversion. And it brings some fairness and equity to that process. I'd ask for an adoption."

Speaker Peters: "The Chair will be at ease for about five minutes until everybody discusses what they've got to discuss and then we can end up proceeding. Representative Conti, for what purpose, Sir?"

Conti: "Well, Mr. Speaker, for the exact purpose of why you're standing in recess. I see that this Bill is on Short Debate and I'm not going to speak against the Bill. But there's a fine punishable, \$100.00 a day, on this Short Debate and we'd better start listening to some of these Short Debate Bills that are being passed because they come back to haunt us when we go back home."

Speaker Peters: "The Chair, for the last time, is going to ask the doorkeepers to get everybody out of here that doesn't belong here. Put the checks back in your pockets and get the people off the floor who don't belong here. That's number one. Number two, staff that is not entitled to the floor at this point because the Bill is not being heard will leave. Number two, staff that is not entitled to the floor at this point will please leave. Visitors who are saying hello and getting autographs will leave. There's going to be 15 Motions filed later on when you people find out what you've voted for or didn't vote for. I agree it's

their problem. Unfortunately the Chair has got to handle that with 72 Motions. On this question, Representative Conti."

Conti: "Well, Mr. Speaker and Ladies and Gentlemen of the House, I'm not speaking against the Bill. I just want to call to the attention of everyone, this is Short Debate and this Bill does carry a fine punishable of \$100.00 a day if the contractor does not allow the tenant to see the property or have full access to the property. Now, I don't know whether this is good or bad, but it is...there's a red flag there."

Speaker Peters: "Representative Greiman."

Greiman: "Thank you, Mr. Speaker. To close, it has a fine, but it's not \$100.00 a day. It's a business offense of a total of \$500.00 and I would suspect that it will ..it will compel compliance and give people who are buying property access to look at the property. If...That's all it does is seek to give tenants the right when they are going to exercise their option to be able to look at the property that they're going to buy and look at some of the pertinent stuff in the file. That's all it does and I ask for its adoption."

Speaker Peters: "The question is, 'Shall Senate Bill 226 be adopted?'. Those in favor will signify by voting 'aye'; those opposed by voting 'nay'. Mr. Clerk? The voting is open. Representative Irv Smith, on this question, to explain your vote? Representative Irv Smith, do you wish to explain your vote? Well then shut off your light. Have all voted who wish? Take the record, Mr. Clerk. On this question there are 119 voting 'aye', 13 voting 'nay', 10 voting 'present'. This Bill, having received the Constitutional Majority, is hereby declared passed. Clerk Leone: "Senate Bill 373, a Bill for an Act to amend Sections of an Act in relationship to state finance. Third Reading of the Bill."

Speaker Peters: "Representative Wikoff."

Wikoff: "Thank you, Mr. Speaker. This, as it says, does change the Finance Act to provide that funds received by the University of Illinois from discoveries and patents and copyright works of the faculty and staff be retained in the University Treasury. This is a result of public law 96-517 of the 96th Congress which regulates the funds derived from the patents. This basically eliminates ...What they've been doing is using these in the foundation..goes to the university. This is with the approval and suggestion of the Auditor General. The Legislative Audit Commission has reviewed procedures for handling these funds and this, as I said, is a recommendation of the Auditor General to solve the problem that did arise with this public law of Congress. I know of no opposition and would ask for favorable support."

Speaker Peters: "Anyone in opposition? Representative John Dunn."

Dunn: "Not necessarily in opposition, Mr. Speaker, but I have a question of the Sponsor and the question is, does this legislation in any way change the rights of an inventor who may happen to be an employee of the University of Illinois to the patent royalties or the rights to a patent?"

Speaker Peters: "Representative Wikoff."

Wikoff: "No, it does not, John.."

Dunn: "Thank you."

Wikoff: "This is just because of the federal law change."

Clerk Leone: "Senate Bill 401, a Bill for an Act relating to the safety of medical transport vehicles. Third Reading of the Bill."

Speaker Peters: "Representative Reilly."

Reilly: "Thank you, Mr. Speaker. Senate Bill 401 simply provides that ambulances and other medical transport vehicles must have the same mechanical inspection that other vehicles, pickup trucks and all that sort of thing, have to have. It seems kind of odd that any truck that's going to move some goods or some animals would have to have an inspection and not a vehicle that's going to move people. It deals only with mechanical aspects. I would ask for a favorable Roll Call."

It amends the population up from 500,000 to a million to cover the increase in population on the 1980 census. This has to do with control of the county law library. And I know of no opposition. Very basically, what this Bill tries to do is give the Secretary of State the power to require only one annual report filed by corporations in Illinois. They anticipate a savings of about \$50,000. Dunn: "Yes. The explanation of this Bill was awfully short, awfully fast and I couldn't hear it. What does this Bill do?"

Speaker Peters: "Representative Hallock, would you repeat your statement, Sir?"

Hallock: "...Senate Amendment. The Bill would allow the Secretary of State to require only one annual report to be filed yearly by corporations in Illinois instead of the two annual reports required now."

Dunn: "What is the Senate Amendment?"

Hallock: "The Amendment would enable facilitating language for corporations from around the nation to invest in Illinois. It's a technical Amendment just sought by the Secretary of State to allow corporations that were making loans in Illinois to continue making loans. Apparently there's some language in the Statutes which makes it questionable as to whether some corporations can, in fact, make loans in our state."

Dunn: "Our analysis seems to indicate that this Bill would allow corporations who are not qualified to do business in the State of Illinois to invest in loan money in the State of Illinois. Is that correct?"

Hallock: "No, that's not true whatsoever. All the language would do is allow all corporations to invest in loans in Illinois."

Dunn: "Are they allowed to do that now?"

Hallock: "They are in terms of the..what's done but they aren't in terms of what the Statutes say they can do. And so this language is actually technical to make sure that there's no question whatsoever that any corporation, whether it's in New York or California or in Illinois, can, in fact, make loans in Illinois. It's purely technical language correcting what appears to be some misunderstanding in the

It includes it in the pollution control devices that are..be exempt from some of the real estate property tax. There's no revenue loss to the state. And I'd urge a favorable Roll Call."

It merely allows the Board of Trustees to be expanded from three trustees to five. It has been supported by the Illinois Association of Fire Protection Districts and the Illinois Fire Chiefs Association. It did pass the Senate 57 to nothing."

Speaker Peters: "Anyone stand in opposition? Representative Brummer."

Brummer: "I don't know if I'm in opposition. I'd like to ask a question or two if I may?"

Speaker Peters: "Proceed."

Brummer: "Is..Does it mandate the increase of two additional trustees or is this optional?"

Fawell: "This is optional."

Brummer: "And how is the decision made as to whether or not there is going to be an increase from three to five? Is that by referendum, by action of the Board of Trustees?"

Fawell: "This is if the Board is appointed. There will be five appointed instead of three."

Brummer: "How is the decision made as to whether it's going to be a three member board or a five member board?"

Fawell: "By the authority that decides which one is going to...who appoints them."

Brummer: "And who makes that appointment?"

Brummer: "Well, in our area, we have multi-county Fire Protection Districts. As I recall, those individuals are appointed by different county boards. I'm wondering how a decision is going to be made as to whether they are going to increase the number of trustees by the multi-county organization that does the appointing?"

Fawell: "Do you only have three right now?"

Brummer: "Yes, there are only three right now. That's all the Statute calls for."

Fawell: "I presume your county boards would have to make that decision."

Brummer: "Okay. What other items does this Bill do? You indicated it authorized an increase from three to five. What else?"

Fawell: "That's it. The reason..The purpose for the Bill is that I have a city, Woodridge, who has been having a great deal of trouble trying to get a Quorum together for..to conduct business. That's the only purpose of the Bill."

Brummer: "Thank you."

legislation we've already passed in the House of Representatives. It refers to the number of hours that we have to have for the training of nurses aids and it also says that the closest relative can be the executor for the person incapacitated in the nursing home. And I would ask for an 'aye' vote."

Speaker Peters: "Anyone stand in opposition? Representative Alexander."

Alexander: "Thank you, Mr. Speaker. I'm not in opposition. But what...that's an increase or a decrease in the hours, Representative McGrew?"

McGrew: "Decrease."

Alexander: "To what number of hours?"

McGrew: "Thirty."

Alexander: "Thirty hours. Thank you. What is it now?"

McGrew: "Sixty."

Alexander: "Thank you."

Speaker Peters: "Representative Macdonald."

Macdonald: "I'd like to ask the Sponsor a question please."

Speaker Peters: "Proceed."

Macdonald: "Our analysis here says that a person may not be put in a nursing home if he or she objects orally or in writing to the admission. Can you elaborate, expand a little bit on that?"

McGrew: "Well..."

Macdonald: "What if the person is..."

McGrew: "I'm not sure that I heard you. But what I think you're getting at there...some discretion right now...we're talking about trying to let someone act as an administrator of their estate, whether or not they could have them committed as incapacitated into the nursing home and they're saying now wait a minute. incompetent by the courts."

Macdonald: "In other words, they ...this is only for a person who would not be senile or such. If they object, then they cannot be put in the nursing home. Is that right?"

McGrew: "Without further court proceedings, yes. You know, there are degrees of senility and if, you know, if you want your son or your daughter to administer your estate to pay for your hospital bills and so and so forth, then you can give them the right to do so. But this does not go clear to the point of totally incapacitated and therefore, you'd have to go through the regular court system in order to do that."

Macdonald: "I think our analysis is not totally correct."

Speaker Peters: "Representative Robbins."

Robbins: "This Bill is identical to House Bill 368 which we passed out of here with no dissenting votes. So I recommend that you..."

Oblinger: "Mr. Speaker and Members of the House, Representative McGrew, are you sure in this Bill it has something to do with the number of hours for nursing home...nurses aids? This Bill doesn't have anything to do with that. Does it? I mean, I looked at the Bill and it had 'for guardianship and signing of contracts'. And all of a sudden I heard questions being asked about hours of training for nurses aids. I don't know what Bill I'm voting on."

Speaker Peters: "Representative McGrew."

McGrew: "My apologies. You are correct. That was the companion Bill that was not before us."

Satterthwaite: "Mr. Speaker, I was just going to inquire whether this Bill had been distributed. I'm not able to find it on my desk. I am also not able to find another Bill that's listed on this same Order and I wonder whether they have been distributed as required?"

Satterthwaite: "Mr. Speaker.."

Speaker Peters: "Representative Satterthwaite."

Satterthwaite: "..This Bill will need to have a technical Amendment, but I don't believe the Amendment has been printed and distributed yet. Do I have leave to bring the

Bill back to Second Reading for purposes of that Amendment?

But I'll leave it on Second until it is distributed."

Speaker Peters: "Representative Satterthwaite, we can bring the Bill back to Second Reading and leave it there. But the Amendment has not been printed yet. Is that all right?"

Satterthwaite: "Yes. May I do that please?"

Speaker Peters: "Fine. The Lady asks leave to bring Senate Bill 689 back to the Order of Second Reading, Short Debate. Does the Lady have leave? Leave is granted. Senate Bill 783, Representative Hoffman. Read the Bill, Mr. Clerk."

Clerk Leone: "Senate Bill 783, a Bill for an Act to amend the School Code. Third Reading of the Bill."

Speaker Peters: "Representative Hoffman."

Hoffman: "Thank you very much, Mr. Speaker, Ladies and Gentlemen of the House. House..Senate Bill 783 is a product of the Subcommittee on driver education from the School Problems Commission. It's gone through a number of basically technical revisions. What it provides is that each year all of the funds which are appropriated from the Driver Education Fund to the State Board of Education, with the exception of funds that are necessary for administrative purposes, shall be distributed to School Districts by the State Board of Education for reimbursement of claims for the previous school year. What this actually means is it changes the present program of ten dollars for classroom and forty dollars for behind the wheel to the utilization of all of the funds that are available in the Driver Training Fund which means that that number, that fifty dollar total number, should be pushed up so that the funds that are available in the Driver Training Fund can be totally appropriated to the School Districts for driver education. We have had monies left in the Driver Training Fund that could have been utilized by School Districts

which are hard pressed at the present time to finance their driver education programs. And I would appreciate an affirmative vote."

Speaker Peters: "Does anyone stand in opposition? Representative John Dunn."

Dunn: "Mr. Speaker, Ladies and Gentlemen of the House, I don't know whether I'm in opposition to this Bill or not. Again, a very low key presentation and the subject of driver education and its funding and mandating or de-mandating this issue is of great importance. And I wish the Sponsor would explain in detail and I wonder if there are enough other people who are concerned about what happens to driver's education to join me in taking this Bill off of Short Debate and putting it on full debate. Any Members join me? Do we have enough? I move that we..."

Hoffman: "Mr. Speaker..."

Dunn: "...Go on full debate so we can at least understand exactly what this Bill does."

Hoffman: "Take it out of the record."

Speaker Peters: "The Gentleman asks that it be taken out of the record. Out of the record. Representative Conti? Representative Conti, Agreed Resolutions."

Speaker Peters: "We're working on that, Representative.."

Kulas: "Well, he told me that it was going to be on our desks. I've searched high and low and we haven't been able to find it. Could you enlighten the Membership as to what the schedule will be for the rest of the week?"

Speaker Peters: "Representative DiPrima is working on that in consort with the Fourth Division. Representative Kelly...Capparelli, for purposes of an announcement."

Capparelli: "Yes. Mr. Speaker, Ladies and Gentlemen of the House, the House game versus the Senate will be postponed until next Wednesday because of a muddy field. Thank you."

Speaker Peters: "Representative Deuster, for purposes of an announcement. For what purpose, Sir?"

Deuster: "Yes. Mr. Speaker, I'm rising with a Parliamentary inquiry. It is my understanding that there are a number of Bills that, for one reason or another, have been assigned to a Committee, and because a provision of the rule prohibiting Committees from posting more than 50 Bills, those Bills have not been posted. I am the House Sponsor of two such Senate Bills. I would imagine there are some others floating around. I'm inquiring of the Chair whether the Chair is aware of this problem and whether..and what plans there might be for the orderly handling of those types of Bills?"

Speaker Peters: "The Chair suggests that Members who find themselves in that predicament search the rules and see what they ought to do. Representative Daniels, for purposes of an announcement."

Speaker Peters: "You've heard the Gentleman's Motion. Does the Gentleman have leave? There being no objection, leave is granted and the appropriate rule be suspended. For purposes of an announcement, Representative Preston? For what purpose, Sir?"

Preston: "Mr. Speaker, I filed a Motion to discharge Committee on Higher Education and I would like that Motion to be called, Mr. Speaker. I don't think there's any objection to it."

White: "Mr. Speaker, Ladies and Gentlemen of the House, the Senate House Softball Game has been postponed until Wednesday, June 17th at 6:00 at Isle's Park."

real speaker of the house and she certainly is the speaker of my house. She labored for some nine years while I fiddled around down here to raise our children and has done an outstanding job with it, and I'd like to tip my hat and tell my wife I still love her. Thank you."

Speaker Peters: "Representative McBroom."

McBroom: "Mr. Speaker, Members of the House, I was in the elevator so I missed part of what was said. Would it be appropriate at this time to ask for unanimous consent for all Members to be added to the Resolution and for the immediate adoption thereof?"

Speaker Peters: "Gentleman asks leave for the addition of all Members that they may be shown as Cosponsors of this Resolution. Does the Gentleman have leave? The Gentleman asks for adoption of the Resolution. On that question, Representative Kulas."

Kulas: "Yes, Mr. Speaker, on behalf of all the mushrooms, I'd like to take this opportunity to wish the Speaker what the Reverend prayed for this morning which is the patience of Job, the endurance of Moses, the wisdom of Solomon, and please let's get the work schedule out."

Speaker Peters: "Representative McBroom."

McBroom: "I simply wanted to add that when Representative Wolf and I were contemplating this Resolution along with several other Members, George, that several of the Members suggested that you be left out and only Laura Lynn named but Jake and I wouldn't have it that way. I appreciate a unanimous Roll Call."

Speaker Peters: "On the Resolution, Representative Madigan."

Madigan: "Mr. Speaker, Ladies and Gentlemen of the House, I would simply like to offer my congratulations to George and to Laura Lynn and to say to them that I hope that the future will be as enjoyable for them as the past has been and to

Commander of the year in 1965 for his deligent work in cleaning up the South State Street and Wabash Avenue Vice-District and whereas, James Reardon was recognized as a capable policeman and an excellent administrator while serving the numerous command positions including Director of Organized Crime, Commander of First District, Deputy Chief of Patrol for Area One, Deputy Chief of Patrol for Area Five, Deputy Chief of Traffic Division, twice as Chief of Patrol and finally, as First Deputy Superintendent. Speaker Peters: "On the Resolution, Representative McAuliffe."

McAuliffe: "Mr. Speaker and Ladies and Gentlemen of the House, I had the pleasure of knowing Superintendent Reardon and I had talked to him just as recently as a week ago. It was almost impossible to go to a retirement party for police officers in Chicago without seeing him there. He certainly was available to the men. He was the type of man who didn't forget the patrolmen on the bottom. He went to everybody's parties, whether they were superintendents or whether they were commanders or captains or if they just were plain patrolmen. He had a ... He leaves a legacy of many, many friends on the Police Department. He was a dedicated police officer and the way he gave his life showed he couldn't turn his back from someone in trouble. He was unarmed at the time and tried to reason with a man who was six foot four and 250 pounds. Many people would have just turned the other way and walked out the door. He didn't choose to do that, and for that reason he gave his life."

Speaker Peters: "On the Resolution, Representative Rhem."

Rhem: "Mr. Speaker, I had the privilege of working under Superintendent Reardon and he was a policeman's policeman and a friend to all, and I would like to have leave to have all Members of the House names placed on his Resolution."

Speaker Peters: "Gentleman asks leave for all Members to be added as Sponsors to the Resolution. Is leave granted? So ordered. On the Resolution, Representative Lechowicz."

Lechowicz: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. Jim Reardon was not only a policeman's policeman, but he was probably one of the best and finest administrators in the nation in one of the finest police departments in the nation. policeman's policeman. I personally lost a dear friend and anyone who had any dealings with Jim Reardon knew that you didn't need an appointment to see him. He had an open door policy from a patrolman in any district in Chicago or any human being or resident in the City of Chicago. He always had time to listen to the concerns of the people of my community, to really alleviate some of the difficult situations on a day to day basis. To his lovely wife, Loretta, my deepest sympathy and to his family. I know that words cannot express our deep sorrow and loss, and to the Membership of this Body who are unable to attend his funeral, I believe, Mr. Speaker, with the passing and having this House stand adjourned on this Resolution shows the high esteem we hold for Jim Reardon. Thank you."

Speaker Peters: "Thank you. The question is, 'Shall House Resolution 368 be adopted?'.
