TRANSCRIPTION DEBATE

123rd Legislative Day

Speaker Ryan: "The House will be in order, and the Members will please be in their seats. The Chaplain for today is Vicar Rob Kuglar from the Grace Lutheran Church of Springfield. Vicar Kugar...Kuglar"

Vicar Kuglar: "Let us pray. Almighty God, our Heavenly Father, bless those who hold office in the government of the State of Illinois. Bless them that they may do their work in a spirit of wisdom, kindness and justice. Help them use their authority to serve faithfully, those whom they represent. Help them to use their authority to speak with votes and actions on the issues before them. Help them not to succumb to the sin of silence when silence is destructive and weak. Help them to see beyond the fog of rhetoric, self-interest, political interests and daily pressures; to discern that which is just, that which is equitable and that which is fair. Help them, above all, to see, remember and act to meet the needs of all the people they serve. This we pray, Heavenly Father. Amen."

Speaker Ryan: "Thank you. Representative Tim Bell will lead the Pledge today."

Bell et al: "I pledge allegiance to the flag of the United States of America, and to the Republic for which it stands, one nation under God, with liberty and justice for all."

Speaker Ryan: "Roll Call for attendance. Take the record, Mr. Clerk. With 170 Members answering the Roll, a quorum of the House is present. We have some special guests with us today that are going to be on the podium and introduced by Representative Irv Smith. So, Representative Smith, would you introduce your guests, please?"

Smith, Irv: "Representative Oblinger's coming up, too. We have two guests. I'm going to introduce one. And, you may know them by their appearance as they come up. And,

Representative Oblinger will introduce the other. The short stubby fellow will be my introduction. If he looks like Ulysses S. Grant, he's only...he only has three stars on. I understand finally he earned a fourth. If he looks like Ulysses S. Grant, he is. And I gave him the test of proof. We were in the Speaker's office a few moments ago, and the test of proof was a bottle of Jack Daniels almost empty. And, he said sometimes he can get lost in the crowd, but not always. He has some words that he would like to pass on, so, at this point, we'll give you General Ulysses...excuse me, the 18th President of the United States, General Ulysses S. Grant."

Ulysses S. Grant: "Thank you. Can you all hear me? At ease. That means sit down. Can you all see me? Most people think that Grant was eight feet tall, rode a stallion charger everywhere. Not true. General Grant was a very short individual; my stature, only five, eight. At his very own reception and becoming the General and Chief of the Army in Washington, D. C., he was inside the reception room for five minutes before anyone could recognize him. I first came to Springfield in April of 1861, for much the same reason as many of your constituents come to Springfield to see you. I was out of work and looking for a job. There was a war going on. I was a college graduate. I was able, available and looking for work. And my Congressman pulled the classic line for me. He pointed me out to the Governor and said to the Governor, 'If you give that man a job, I'll owe you one.' It turned out to be one of the greatest political appointments in history for, in three years, I was running half the country and, in seven years, the whole of it. People have acclaimed to me as a great military genius for my victories at Shiloh and at Vicksburg. Little do they realize that I failed in my

true military objectives in the West. I intended to capture Lynchburg, Tennessee and drain the South's economic reserves, personally. As many of you may know, Lynchburg, Tennessee is the home of the Jack Daniels distillery. Governor Thompson would appreciate that. My adjutant says I smoke too many cigars. I actually am a pipe smoker; however, a newspaper man - are you familiar with newspaper men - from Cincinnati, reporting on the events of the battle of Shiloh, saw me calmly sitting on my horse, chewing on a cigar. And so, it appeared in the headlines across the country, after the battle that General Grant won Shiloh calmly sitting on a horse chewing on a cigar. And, a grateful public sent me thousands upon thousands upon thousands of cigars. After 120 years, I still have three boxcar loads left. In your next campaigns, if any of you would wish to have some cigars, buy me a drink and I'll share them with you. Do you read newspapers? I read newspapers all the time; follow them regularly. They always tell me what I'm supposed to be doing. They have all my strategies published well in advance, so that my army knows exactly where they are going and what they are supposed to be doing when they get there. You too should follow newspapers' advice. Look what it did for me. If you have been following newspapers, you will know that President Lincoln and I are here today to invite all of you to attend Lincoln Fest, Fourth of July Weekend, Saturday and Sunday, here in Springfield. I'll be in my old second-floor office at the Old State Capitol Building on the courthouse square. I'll be shaking hands, kissing babies, having my picture taken, electioneering in general, you know. And, if any of you would wish to come and see me and here more of General Grant, buy me a drink at Lincoln Fest."

Oblinger: "Fellow Members, I'm very proud to present to you, the 16th President of the United States. However, I've had a lot of similar experiences. As County Clerk of Sangamon County, the office I occupied was the previous office of our 16th President. In my keeping was the original application of his marriage license and Mary Todd's. And finally we have him to thank here in Springfield, for bringing us the state capitol, I think. One thing I would like to say, I'm proud to represent, and I'm sure Mr. Smith and Mr. Kane are too, the same district that Abraham Lincoln represented in this General Assembly. I take great pleasure in presenting to you, the Honorable Abraham Lincoln, 16th President of the United States."

Abraham Lincoln: "Thank you. I am honored to be here this afternoon, Ladies and Gentlemen. I first rode into town, April, 1837, on a borrowed horse, with seven dollars in my pocket and found out that room and board was 24 dollars a week. And I owed a thousand dollar debt at New Salem. And last year I returned, after 150 years to win the International Abe Lincoln Look Alike Contest at Springfield, Illinois in Lincoln Fest. With malice toward none and charity for all, with firmness in the right as God gives us to see the right, let us strive on to bind up the nation's wounds, and to care for Him and His will. And to do all which may achieve and cherish a just and lasting peace among ourselves and all nations. Thank you. See you at Lincoln Fest, July 3rd and 4th."

Speaker Ryan: "Thank you very much, gentlemen. Representative Macdonald will be circulating, on the Republican side, and Representative Chapman on the Democrat side, for the Salvation Army Doughnut Day. We'd like to have you reach down into your pockets and give graciously and gratefully. Are there any excused absences, Representative Telcser?"

Representative White, for what purpose do you seek recognition?"

White: "Mr. Speaker, Ladies and Gentlemen of the House, I rise for the purpose of an introduction. On the Republican side of the aisle, we have a group of 8th graders from the Franklin Fine Arts Academy in Chicago. They are represented by Representative Sandquist, O'Brien and White. Thank you."

Speaker Ryan: "Welcome to the Illinois House. Representative Hastert, for what purpose do you seek recognition?"

Hastert: "Mr. Speaker, Ladies and Gentlemen of the House, I'd like to also rise for a purpose of introduction. We have us...with us today a guest from Belgium, Mrs. 'Augusta Yonson'. I'd like to have her stand and be recognized by the House. She's in the back gallery."

Speaker Ryan: "Welcome to the Illinois House. Representative Deuchler, for what purpose do you rise?"

Deuchler: "Mr. Speaker, I would like to request time next week for the introduction and equal time for a short presentation by a...an impersonation of Susan B. Anthony. As we had the program today, it seems to me that there were a few remarks on equality that were not covered by the impersonation of President Lincoln. Would that be possible?"

Speaker Ryan: "Why don't you see me in my chambers before the time, and we'll talk about it? There's only one television camera in the chamber, and the lights on so they can take the picture. So you'll all know that they've got the cameras here. Representative Telcser."

Telcser: "Mr. Speaker and Members of the House, I wonder if I might take a moment today to introduce the parents of Representative Penny Pullen, Mr. and Mrs. Pullen, who are on the floor at Penny's desk. And also to let you know

Clerk O'Brien: "House Bill 2461, a Bill for an Act relating to the Department of Central Management Services. Second Reading of the Bill. Amendments #1 and 2 were adopted in Committee."

Speaker Ryan: "Representative Bowman, for what purpose do you seek recognition?"

Bowman: "Well, Mr. Speaker, I think we have a...a bit of unfinished business before us. I would like to know when we are going to get a chance to vote on the rules change, straight up or down."

Speaker Ryan: "You weren't recognized for that purpose."

Bowman: "We had the Motion to over..."

Speaker Ryan: "Proceed, Representative Davis. Proceed, Representative Davis."

Davis: "Well, Mr. Speaker, yes, I think there's a series of Floor Amendments to this Bill, offered by Representative Kane. We're in agreement on almost all of them, and I think the procedural effect will show that we can dispose of them rather quickly."

Speaker Ryan: "Are there any Motions filed with respect to Amendments #1 or 2?"

It establishes one of the recommendations by the Auditor General for the Department of Administrative Services, and if anybody has any questions, I'd be glad to answer them. Otherwise, I would move for the adoption of Amendment #3."

Speaker Ryan: "Gentleman moves for the adoption of Amendment #3. All in favor will signify by saying 'aye', all opposed 'no'. The 'ayes' have it, and the Amendment is adopted. Further Amendments?"

Clerk O'Brien: "Floor Amendment #4, Kane, amends House Bill 2461 on page 1 and so forth."

Speaker Ryan: "Representative Kane."

Kane: "Mr. Speaker, Ladies and Gentlemen of the House, Amendment #4 again I believe, is an agreed Amendment. It incorporates another of the recommendations of the Auditor General for the Department of Administrative Services, and I would urge the adoption of Amendment #4."

What it says is that the aggregate amount of such emergency purchases or non-bid purchases, under the sum of 2,500 dollars shall not exceed, in any one year, 7,500 from any one vendor. Speaker Ryan: "The Gentleman moves that the House refuse to recede from Amendments...Senate Amendments...House Amendments #3, 4 and 9 of Senate Bill 1193. Any discussion? Representative Cullerton."

Cullerton: "Thank you, Mr. Speaker. I just think, as a courtesy to the House, it would be a good practice if we would have an explanation of what the Amendments are by the Sponsor."

Speaker Ryan: "Representative Meyer, would you respond...care to respond to the Gentleman's inquiry?"

Speaker Ryan: "Representative Meyer, can we take this out of the record, or are you prepared to respond to the Gentleman's questions? You are prepared. Proceed, Representative."

Meyer, Ted: "House Amendment #3 was the same Amendment as Senate...as Committee Amendment #1 that provided technical corrections in it. Speaker Peters: "The Order of Non-concurrence, Senate Bill 1669, Representative Wolf."

Wolf, J. J.: "Thank you, Mr. Speaker. I would move that the House recede from Amendments #1 and 3 to Senate Bill 1669. Amendments 1 and 3 would have deleted the monies for renovating the existing mental health facilities so that institutions are certifiable, and by receding from these Amendments the...the money will be available to do that. And I would defer to my distinguished Cosponsor, Mr. Reilly, to answer any technical questions that may arise, should they arise."

Speaker Peters: "You've heard the Gentleman's Motion. Any discussion? Representative Wikoff on Senate Bill 1669."

is the money which reduces the funding for Meyer Clinic for the remodeling to take place to provide for the transfer of the Adler Mental Health Clinic to Meyer; and while some of that work is going on, it's...I have, I think, a very optimistic view that the Legislature is going to fund Adler Clinic from the grapevine vibes that I'm getting. And as such I think it would be a mistake to go ahead and spend that money, and I would request that the Sponsor withdraw the Motion to recede from Amendment #1."

Speaker Peters: "Representative Matijevich on Senate Bill 1669."

Matijevich: "Mr. Spe...Mr. Speaker and Ladies and Gentlemen of the House, on the Motion to recede, I would plead with all of the Members, Democrats and Republicans, to vote against the Motion to recede. And I...I make that plea on what I think are very logical grounds. Next week the Appropriations Committee is considering the appropriation for the Department of Mental Health. We...We're going to go in to those issues of the closures of Dixon and Bowen. The court is going to, soon, have an order with regards to Bowen, we're sure of that. We have the matter of the closure of Dixon right now in litigation with regards to keeping Dixon open. If we vote to recede, we are ratifying the closure of those facilities. I don't think that it's logical to do that at this time. Also I would urge the Members, many of you are aware I know that there...there is no program where these young people at Dixon, for example, are going to be placed in what we would call suitable facilities in certified beds. That I think is a great mistake to...to those individuals. This week in the Appropriations Committee...next week I should say, we are going to hear from the President of the Dixon Parents Association Group, for ex...example. For us to take this action with only three weeks in the end of the Session

where, with only the Fiscal Year '82 coming to a close, when those monies really can't be obligated in that short time that we've got in this fiscal year, I think, is really nonsense. So, I would urge the Members on both sides of the aisle to vote against this Motion to recede, and we can go to a Conference Committee and, probably by that thing...by that time, some of these issues with regards to closure may be a little clearer. But really the only logical thing to do at this time is to vote 'no' on the Motion to recede. Thank you."

Speaker Peters: "Further discussion? Representative Reilly, no. Representative Ebbesen. Give the Gentleman your attention."

Ebbesen: "Yes, Mr. Speaker and Ladies and Gentlemen of the House, I voted for these Amendments when this Bill passed over to the Senate. And I would suggest that we follow the lead of Representative Wolf, and we do recede from the Amendments and put this Bill in the proper posture so that the money can be made available. Now the Governor's gone up relative of the Dixon situation, the Governor has gone, Monday of this week, to the City of Dixon and made a...had a very formal announcement there. And they're going to have a medium security prison, 750 beds, and another one for 450. And it involves something like 30 million dollars, give or take, and that's all part of the appropriation process. I think the appropriate thing to do at this particular point in time is to follow the lead of Representative Wolf, and put this Bill in the proper posture so this money can be made available immediately. And I would think that we would vote with Representative Wolf on this particular situation. Thank you, Mr. Chairman (sic - Speaker)."

Speaker Peters: "Representative Mautino."

Gentlemen of the House. I stand in opposition to rescinding this Amendment, as well as the following Amendment that I sponsored, on the same question. I think you will find that the existing Amendment addresses the Adler Center. The following...the other Amendment, on the rescision, is the Dixon Developmental Center. What you have in this situation is capital funds that will be used to duplicate the existing services at the facilities. The Governor did come to Dixon, but he said at Dixon, he does not have any funds available for a correctional facility. He made that public. He also said that he only has a portion, probably three to four months' worth of funding, in the Mental Health and Developmental Disability Budget. By keeping this Amendment in, we are following the judicial decree of Judge Staniec, at the Dixon Developmental Center, which is a composite of the same situation under Mr. Wikoff. I respectfully request a 'no' vote on this and the following Amendments for rescision."

Speaker Peters: "Representative Johnson."

Johnson: "A year ago, in the appropriations process in one of the probably...special presentations, people and parents, personnel and others who've worked and been benefitted by Adler over the years, made their presentation to the appropriate Subcommittee and Committee, and convinced both Legislators and the Administration that Adler's own clinic serves a unique purpose with unique resources for unique kind of people at a very low cost. The Governor, as I understand it, this afternoon is on his way to both Meyer and Adler for a tour of the facilities and, without trying to prejudge what the Governor would do in response to that, I think he has shown as he did a year ago, an interest in at least looking very carefully at a situation that seemed once decided. Adler - I can only speak for Adler because

it's in the area that I represent, and I think there are probably other Legislators who will tell you with respect to the other two facilities, the same thing - is a very special and probably...absolutely unique institution whose preservation I think is essential to supplying services to the people of Illinois, the parents and others...children who really need it. And for those reasons and for the reasons that I think Representative Matijevich and Wikoff and Mautino and others have alluded to, I would urge very careful consideration of this Motion, and a 'no' vote on the Motion."

Speaker Peters: "Representative McClain. Give the Gentleman your attention, please."

McClain: "Thank you, Mr. Speaker. Mr. Speaker, a Parliamentary Inquiry, please. Inquiry, Mr. Webb. Is this Motion the received from Amendment 1 and 2, or just 1? 1 and 3, or just 1?"

Speaker Peters: "I...I...Would you repeat your inquiry?"

McClain: "Yes, Sir. Is this a Motion to recede from 1 and 3, or just 1?"

Speaker Peters: "1 and 3."

McClain: "Thank you. Mr. Speaker, if I may speak to the Motion, please."

Speaker Peters: "Proceed, Sir."

McClain: "Ladies and Gentlemen of the House, last weekend I had the opportunity to be with the Association of Retarded Citizens. There are a great many people that are very concerned about Adler and the Dixon closings. The biggest beef is that the Department of Mental Health and Developmental Disabilities had no plan in order to transfer these people away from Adler and Dixon. In other words, Ladies and Gentlemen of the House, there is absolutely no plan to make this transfer. What will happen is, they are

taking recreation rooms of other mental health facilities throughout the State of Illinois; they're putting arbitrary dividers between them. And if it had not been for the untimely transfer, had nothing to do with the closure of people of the Tinley Park, none of us would have known about that. Now, the Governor has set up a...a task force of sorts, to try to monitor these transfers. But it is not a good program. It is not well thought out. It is not planned. It is not with the input of the Association of Retarded Citizens, or the parents, or the staffs. So this is a very poor management for both the residents, the staff and in terms of just good government. And for that purpose, in terms of those people which we ought to be concerned about, you ought not to be voting 'yes' on this Motion to recede."

Speaker Peters: "Representative Ewing."

Ewing: "Mr. Speaker, I'd like to move the previous question."

Speaker Peters: "The Gentleman moves the previous question. You've heard the Motion. Those in favor will signify by saying 'aye', those opposed 'nay'. In the opinion of the Chair, the 'ayes' have it. Representative Reilly to close."

Reilly: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. Let me try to clarify a couple of issues here."

Speaker Peters: "Excuse me, Sir. Give the Gentleman your attention, please."

Reilly: "First, I don't see this as a vote to ratify the closure. The Governor is going to Adler. If he changes his mind, as I personally hope that he will, there's plenty of time to deal with that. In fact the work at Meyer is almost done, and this simply appropriates the money. The work at Meyer will be very valuable to that facility, whether or not Adler closes. But the opponents of this try to have it

both ways. On the one hand, they tell us that we shouldn't make the decision to cl...or that we shouldn't be voting this capital money until the decision is made definitely to close the facilities. But then, when we talk about closing the facilities, which everybody on this floor knows that we've got to close some of these mental health facilities, when you talk about that, they say, 'Oh my gosh, you can't close the facility because the receiving facilities are in such lousy shape'. Now you can't have both ends of the pipe at once. We are simply dealing here with a couple of things. This Bill provides grant money, which your local community mental health agencies need, and indeed the checks are a couple of weeks overdue. Number two, it provides capital money for Shapiro and some other facilities which have nothing to do with the fact that Dixon or Bowen or Adler may close. And number three, it provides the money to pro...put the receiving facilities to which the kids would move, into decent shape. You keep reading in the newspapers about how you can't make the move because the receiving facilities are in such bad shape. All in the world we're dealing with here is an attempt to put them in decent shape. The money will be useful to those facilities whether or not the decision finally is made to move. You all know that at some point we've got to deal with the fact that we have too many state mental health facilities. The system is over-built for the number of people currently in institutions or who are ever again going to be in mental health facilities in this state. I would strongly urge 'yes' votes on this Motion. I know it's not easy. I know the other side has an emotionally appealing case. There is still some room for maneuver when we deal with the FY'83 budget, particularly in my opinion on Adler. We need to approve this Bill today, and get this

money going so that these facilities can put...be put into decent shape and the operation of the Mental Health Department can go forward. I ask for 'yes' votes, 'yes' votes on this Motion."

Speaker Peters: "The question is, 'Shall the House recede from Amendments #1 and 3 to Senate Bill 1669?'. Those in favor will signify by voting 'aye', those opposed by voting 'nay'. Mr. Clerk. The...Final Action. Final Action. Have all voted who wish? Have all voted who wish? Have all voted who wish? Have all voted who wish? To explain her vote, Representative Satterthwaite."

Satterthwaite: "Mr. Speaker and Members of the House, although ultimately it is clear that we will have to spend money for some of these things, the construction of which has already been accomplished I think by not receding from this Amendment we can put the Bill into its proper posture in a Conference Committee and resolve what has been done by edict without legislative approval already. And then, of course, we will be forced to fund those things that have already happened. However I think it is a matter of poor planning for any department to proceed with a major kind of new program effort of this sort without receiving legislative approval in advance. And therefore I advise a 'no' vote."

Speaker Peters: "To explain his vote, Representative Olson. One minute."

Olson: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. As a Representative from Dixon, Illinois, which is significantly involved in this particular measure, the Governor did come to our community this week and affirm that we will be receiving the Department of Corrections. The Director of Mental Health has told us, as late as yesterday, that the beds aren't placed for the transfer.

Speaker Peters: "Representative Rea to explain his vote for one minute."

Rea: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. I agree that there needs to be consolidation and integration of services, and that there can be a savings. But, in this particular instance, one of the things that you really need to think about is quality of care. And there has not been the proper planning in order for this to come about. I think that you should reassess. Anybody that has voted green should look at their vote up there and reconsider and...in terms of the ones that are residing in those facilities at the present time. Because, the end results, we do want the best possible service and, as a result I don't think that we are going to get it. And this will give a chance then, to work out the differences and to find a way of...of providing what's needed for those and keep the quality of care at the highest."

Speaker Peters: "Representative Madigan. Representative Mautino to explain his vote for one minute."

Mautino: "Thank you, Mr. Speaker. My question to the Chair is that...and my request is that if, in fact, this receives 89 votes, I'd like the opportunity and I do seek a verification of the Affirmative Votes, in that regard, since I am the Sponsor of Amendment #3 that is being raised by this issue."

Speaker Peters: "You are entitled to that right, Sir. Representative Friedrich to explain his vote for one minute."

Friedrich: "Mr. Speaker, last year, I think, the people said they wanted to see where savings could be made in government, at all levels. It's amazing to me every time that an

executive officer tries to make some saving, there are always those people who want to spend more money. The Leadership on the other side of the aisle keeps telling us that the budget is out of balance; but every time we try to do things which will save money and balance the budget, they vote in the other direction. So, I think that there's something mixed up here in what we're trying to do; that the Governor feels and the departments feel that this is a necessary change and a place to save some money. I think this is the time to do it."

Gentlemen of the House, as far as enterprise zones, located throughout the United States. The Federal Government has designated approximately 70 enterprise zones to be allocated to the 50 states. Illinois is in the fortunate position, through the work of its elected officials, of having two areas designated in this state in the enterprise zone concept; one in Chicago and one in the East Saint Louis area. Under the temporary rules of the House, Rule 66, Motion to Discharge Committee, (b) 'the Motion must be in writing, and shall be carried on the daily calendar for the next Legislative Day under the Order of Motions'. This Motion, therefore, cannot be heard until either tomorrow or next week."

Speaker Peters: "Representative Lechowicz, on that point."

And maybe the Gentleman was not in the chamber, but I did check with the Parliamentarian. I did check with David Epstein. Lechowicz: "Well, Mr. Speaker, basically, I believe this Membership knows the importance of this legislation. And I'm asking in all fairness that this matter be considered by this Body. I'm asking that this matter appear on Second Reading, First Legislative Day. It's my intent, with the review of the staff and in fact we worked on this late last night, stating that there were some errors from the Senate in the original drafting of this legislation. We will have a corrective, technical Amendment, and I'm also working with the respective municipalities and the Governor's Office in trying to put this piece of legislation in an area that we can apply and receive two enterprise zones from the Federal Government. And for that reason, I'm asking for your support and your 'aye' vote to discharge the Executive Committee and place Senate Bill 1299 on Second Reading, First Legislative Day, and I so move."

Speaker Peters: "You've heard the Gentleman's Motion. Any discussion? Representative Pullen."

Pullen: "Mr. Speaker, I would just like to rise in support of the Gentleman's Motion, as Chairman of Executive Committee. This Bill got to us too late to be posted according to the normal posting deadline. And, consequently, we have not been able to give it the consideration that it deserves. And I strongly support the Gentleman's Motion."

Speaker Peters: "Representative McPike, on the Motion."

McPike: "Well, thank you, Mr. Speaker and Ladies and Gentlemen of the House. I rise in opposition to this Motion. This Bill last year was sent to the Governor and vetoed. Now, a Bill that is much different than the one that's sent to the Governor has been put forth. The Bill in its present form,

STATE OF ILLINOIS

HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

123rd Legislative Day

is strongly opposed by the AF of L-CIO and by working men and women throughout the state for the simple reason that President Reagan has already given away the store. Most corporations in the country next year and by 1985 will be paying no federal taxes. And the intent of this Bill is to allow them to pay no state taxes. Everyone knows the condition of the state economy right now. We could...we desperately need 100, 200, 300 million dollars more just to provide adequate services to our constituents. And this Bill in any form is simply going to provide more tax giveaways to large businesses. There is nothing in this Bill that is going to stimulate the small business. There is nothing in this Bill that is going to alleviate the burdens on the small business man. There is nothing in this Bill that is going to help open financial markets to the entrepreneur or to the small businessman that wants to finance a risky business. This is simply going to allow ongoing businesses to further deduct taxes from their...from their state tax obligations, and leave the state with less money than it has now. If we really want to address the business, if we really want to address the tax climate, what we should do is decouple from the federal tax; use some of that money to rebuild our inter...intra-structure in the cities to rebuild our streets and our bridges and our sewer systems, refund our educational system. And that way, we can attract a large and small businesses. But, to simply continue down the line of Reagan, to continue to bankrupt not only the Federal Government, but the State Government and the city and county governments and the school districts, is no answer to our economic problems. I don't think that this Bill deserves a hearing on the House floor. I think it should be....I think it should be allowed to die in

Ebbesen: "Mr. Speaker, I move the previous question."

Speaker Peters: "The question is, 'Shall the previous question be put?'. Those in favor will signify by saying 'aye', those opposed 'nay'. In the opinion of the Chair, the 'ayes' have it. Representative Lechowicz to close."

Lechowicz: "Well, Mr. Speaker, Ladies and Gentlemen of the House, in response to the previous speaker, he's so out of step with reality, it's a shame. Unfortunately, the Federal Government has been cutting back on respective programs in...affecting every area, every area that the Democratic Party has always supported. This is one area that transcends Democratic or Republican Party lines. We're talking about providing additional jobs in the State of Illinois. We're talking about bringing industry in the State of Illinois. This is the only concept that is now being espoused by the present administration, present federal administration, where you can make an application and receive some relief. If you don't accept this, you're out of step with reality. I strongly recommend an 'aye' vote."

Speaker Peters: "The question is, 'Shall the Gentleman's Motion to discharge the Executive Committee, pursuant to Rule 66(a), further consideration of Senate Bill 1299 be adopted?'. Take 89 votes. Those in favor will signify by voting 'aye', those opposed by voting 'nay'. Mr. Clerk. The voting is open. Have all voted who wish? To explain her vote, Representative Balanoff."

Clerk O'Brien: "No further Amendments."

Speaker Peters: "Third Reading. Representative Friedrich, on that same Order, Senate Bill 1247. Out. 1248, out of the record. Representative J. J. Wolf, for what purpose do you seek recognition? Representative Wolf. With the kind indulgence of the House, to correct some misnumbering in terms of the Amendments. Senate Bill 1392 is now on the Order of Third Reading. Representative Wolf asks leave to bring the Bill back to the Order of Second Reading for purposes of amendment. Are there any objections? There being none, leave is granted. Representative...Second Reading. Representative Wolf."

Wolf, J. J.: "First, Mr. Speaker, an inquiry of the Chair. Was Amendment #4 adopted?"

Speaker Peters: "Yes."

Wolf, J. J.: "If #4 was adopted, then we...Mr. Hoffman, by error, adopted 6, then tabled 6 and adopted #8. And the misnumbering is so, I would move that we table Amendment #8 and that we reconsider Amendment #6 and adopt that one."

Speaker Peters: "All right. Do you have it? We're on 8. The Gentleman moves to table Amendment #8 to Senate Bill 1392. Those in favor will signify by saying 'aye', those opposed 'nay'. In the opinion of the Chair, the 'ayes' have it. Amendment #8 is adopted...8 is tabled. 8 is tabled. Representative Wolf, now, on Amendment #6, moves to reconsider the Motion by which Amendment #6 was tabled. Those in favor will signify by saying 'aye', those opposed 'nay'. The 'ayes' have it. The Motion to table has...reconsider... We are now on Amendment #6. The

Gentleman now moves to adopt Amendment #6. Those in favor will signify by saying 'aye', those opposed 'nay'. Amendment #6 is adopted. Representative Bowman."

Bowman: "Yes, Mr. Speaker, I have no objection to the Amendment but from a parliamentary perspective let me suggest that only someone voting on the prevailing side can make a Motion to reconsider. And therefore voice votes cannot be reconsidered because you have no way of knowing who voted on the prevailing side. The proper Motion is to take from the table. Simply...All we have to do is to make the Motion to take that Amendment from the table and readopt it, not a Motion to reconsider the Amendment, Sir."

Speaker Peters: "The Chair, again, stands corrected, humbly thanks the Gentleman from Chicago. But now, the Parliamentarian will tell me what the real rule is. Representative Bowman on Amendment #6, Sir. Would you please state the proper Motion?"

Bowman: "Mr. Speaker, I now move that we take from the table Amendment #6."

Speaker Peters: "You've heard the Gentleman's Motion. Those in favor will signify by saying 'aye', those opposed 'nay'. The opinion of the Chair, the 'ayes' have it. Amendment #6 is now before us. On Amendment #6, Representative Bowman."

Bowman: "I now move we adopt Amendment #6."

Speaker Peters: "The Gentleman now moves we adopt Amendment #6. Those in favor will signify by saying 'aye'...Oop. Before that, Representative Conti."

Conti: "Things are going a little too fast for me, Mr. Speaker. I understand table...Amendment #6 was tabled because of the technical error in Amendment #6. Now, if it was a technical error in #6, why are we reconsidering Amendment #6?"

Speaker Peters: "Representative Conti, in the presentation of the

Wolf, J. J.: "Yes, Mr. Speaker, now, pursuant to Rule 35, I ask

we may consider the passage of Senate Bill 1392 today."

Speaker Peters: "You've heard the Gentleman's Motion. Is there

Bill 1392, Third Reading. Read the Bill, Mr. Clerk."

Clerk O'Brien: "Senate Bill 1392, a Bill for an Act to amend
certain appropriation Acts. Third Reading of the Bill."

Speaker Peters: "Representative Wolf."

Wolf, J. J.: "Thank you, Mr. Speaker. Senate Bill 1392 is a
transfer supplemental Bill. In addition to the Amendments
which were just adopted by this House, Senate Bill 1392
originally appropriated 7,300 dollars in General Revenue
Funds to the Capitol Development Board. However, Senate
Amendment #1 changed the title and deleted everything after
the enacting clause. Senate Amendment #1, then,
transferred 88,804 dollars in the Supreme Court's Fiscal
'82 budget from the personal services for shorthand
reporters to Associate Judges. This will allow 20 new
Associate Judges to be added in June of this year. Senate
Amendment #2 transfers 85,182 in GRF in the Department of
Commerce and Community Affairs' FY'82 budget and makes a
supplemental appropriation of 164,818 dollars in GRF plus a

Total increase in appropriation in the amended Bill prior to House Amendments was 164,818 dollars. I would ask for affirmative votes."

Speaker Peters: "You've hear the Lady's Motion asking for leave for use of the Attendance Roll Call. Is there leave? No objection. The rule is suspended. What's the Resolution?"

Speaker Peters: "Proceed, Sir."

Bradley: "Mr. Speaker, on page four of the Calendar, there's a House Resolution 212 of which I am the Chief House Sponsor. It passed the Executive Committee last spring, and the Speaker has failed to call that particular Amendment. My purpose in rising today, Mr. Speaker, is to inform you, particularly, and other Members of the House that we've had further problems with the Kaleidoscope Program in Bloomington that you, not too long ago on the floor of the House, when we passed DCFS Appropriation Committee, made the statement that they're doing a fine job. On May 14th, we had another case where an employee of Kaleidoscope raped one of the wards of the State of Illinois, a 14-year-old girl. This is the second time, Mr. Speaker, and I particularly wish you would listen. This is the second time that that has happened. We've had one person that a ward of the state, who robbed a bank in Bloomington, who was a ward of Kaleidoscope of which DCFS is so proud of that particular private organization, that they place these children in these homes. We've had two of those wards of the state, Mr. Speaker, burn down one of the local lumber yards, and I could go on and on. Finally, Mr. Speaker, even though you have defended this Department explicitly on many occasions, finally, under House Resolution 776 that passed in 1978, the Illinois Legislative Investigating Commission has asked for the police department report on the last rape case on May 14th in Bloomington. My purpose, Mr. ... really, Mr. Speaker, is to ask you and ask the real Speaker to reconsider their position on DCFS. I ask you how long, how long, how long will you continue to let this private organization, who gives absolutely, evidently no supervision at all to the wards of the state, how long will we continue to fund them, and how long, Sir, will you

continue to support the funding at 25,000 dollars a student, the wards of the state? And now we have the Legislative Investigating Commission, under House Resolution 778 (sic - 776), which, incidentally, Mr. Speaker, is child abuse investigation. We're having our own Investigating Commission, under our child abuse investigation Resolution, investigate the R Wards of the State of Illinois, and we continue to fund and say that DCFS is doing a great job. And we continue to fund Kaleidoscope. My point, Mr. Speaker, is that I will be asking you and the Speaker, George Ryan, to call that Resolution next week at any time you want. Today, obviously, is not a very good time to be doing that, but I will be asking you to call that Resolution because we just cannot continue to be responsible, if we're responsible Representatives, to fund that Department that, in turn, funds Kaleidoscope Incorporated that does not - and I drive by one of their homes every day, Mr. Speaker, does not provide supervision. It's very evident that they don't provide supervision. It's time we quit funding that organization, and I hope that you will call that Resolution for consideration. And I plead with you to do that at the earliest possible time next week, Mr. Speaker."

Speaker Peters: "Representative Bradley, if it would be your intent to make the Motion to do that now, the Chair would take that Motion."

Bradley: "Well, Mr. Speaker, I called you on the phone an hour and a half ago and asked you to recognize me, and you waited until the last possible minute to recognize me, even to the point after the Adjournment Resolution and the other Resolutions were adopted. And you and I very well know, you've been here long enough, and I've been here long enough that, with the day that we're getting out of there,

Conti: "I move for the adoption of the Death Resolutions."

Speaker Peters: "Gentleman moves the adoption of the Death Resolutions. Those in favor will signify by saying 'aye', those opposed 'nay'. The Resolutions are adopted. Representative Ewing, for what purpose do you seek recognition?"

Ewing: "Mr. Speaker, I have a Motion on the Calendar on Senate Bill 1305 which kind of got caught in the transfer, and I have talked with the Committee Chairman. My Motion is to discharge Committee and put Senate Bill 1305 out on Second Reading."

passed the Senate and by an overwhelming vote."

Kane: "Don't we already have a number of House Bills on the floor
that deal with the same issue?"

Ewing: "Not to my knowledge, none."

Speaker Peters: "Further discussion? There being none...
Representative Pullen."

Pullen: "Just to confirm that I do support this Motion, since
it's discharging my Committee. We were not able to hear it
because of it coming to us too late for the posting."

Nelson; "... is whether or not you have any information about when we may have an actual vote on the question of ratification with an extraordinary majority or a simply majority."

Speaker Peters: "If...Is there a place on the Calendar you may suggest that the Chair go to?"

Nelson: "I would suggest a Special Order."

Nelson: "Not right now."

Speaker Peters: "What do we have... What do we put in that Special Order?"

Nelson: "Is that true?"

Speaker Peters: "We're ready for House Resolution 71."

Chair where we can go on the Calendar to accomplish what you want, I would be happy to at least consider your request."

Nelson: "My request of you, Mr. Speaker, is for you to answer my question which is, when can we have a legitimate, not a farce, but a legitimate chance to decide the question of what number of people in this chamber will decide how the Equal Rights Amendment will be ratified in Illinois?"

Speaker Peters: "The Chair can only go by what is on the Calendar. There is nothing, as far as the Chair knows, on the Calendar that we can go to to accomplish you end. If there's something on the Calendar, I think that would be the time for that to be considered."

Nelson: "Do you know when the next Rules Committee meeting is?"

Speaker Peters: "I haven't the slightest idea, no. Any other inquiry of the Chair? Representative Kane, you haven't... For what purpose do you seek recognition, Sir?"

Kane: "Point of parliamentary inquiry. I think that the question that is being asked..."

Speaker Peters: "Proceed with your point."

Kane: "Thank you. I think that the question that is being asked is, and you know as well as I do, that the whole strategy for this Session is to keep that question off of the Calendar so that, for you to innocently ask where on the Calendar can we go to get to that question, is really beside the point. You know, as well as I do, that the whole policy of the Leadership of this House has been to keep that question off of the Calendar for the past year and a half. You have refused to put the question of the rules of the House to the Body, where it should be legitimately decided. So, for you to ask the question, point to me where on the Calendar we can go, is a farce."

Speaker Peters: "The... The Chair regrets that the Gentleman

considers the answer of the Chair a farce. The Chair was making a direct answer to a direct inquiry by the Lady, and that inquiry was, when can we; and, I asked, where are we on the Calendar. Now, according to the rules, 11 Members of the Rules Committee vote out a rule. It will appear before the House. That is majority rule. If 89 Members of the House decide action A, B, C or D and those Motions are put, 89 Members of the House will then prevail. That, as far as I recall, is part of the democratic process. Representative Bowman, for what purpose do you seek inquiry of the Chair?"

Bowman: "Thank you, Mr. Speaker. On the same point, you were not in the Chair yesterday when we went to the Order of Speaker's Table to consider various House Resolutions, and so it occurs to me that you might be prepared to rule differently on the question of germaneness. Now, if you could suggest to us that if you would rule an Amendment to one of those Resolutions germane, I would be happy to suggest which Resolution we might take up at this point, Sir."

Speaker Peters: "Representative Bowman, you would not want the Chair to stack the situation, would you?"

Bowman: "Well, since the Chair has stacked the situation in favor of the other side, I think this would be a little even-handedness. Yes, I think that would be very helpful, too."

Speaker Peters: "Careful of you blood pressure. Careful. Any statements, inquiries of the Chair? Representative Madigan, for what purpose do you seek recognition, Sir?"

Madigan: "To ask, Mr. Speaker, if this has not already been done, that Representative Pechous be excused because of illness."

Sandquist. Can we get some indication whether you want that read a second time and move the Amendment to Third Reading? Representative Matijevich."

Matijevich: "Chairman... or Mr. Speaker and Ladies and Gentlemen of the House, I see no problem in moving the issue at this time. Could I also say a few comments? I'll be very brief. Mr. Speaker and Ladies and Gentlemen of the House, when Diane... Diana Nelson got up, what I have objected to and I might as well say it. I'd just as soon put my name, and I hope one person would join with me, and Representative Giorgi says he will, as a dissent and journalize that dissent on the floor of the House. What I objected to yesterday and what I object to today is the feeling that, as a Member of this House, that this issue is being made sort of a circus, and the Chair sort of, quotes, 'stretched us out'. That's what bothered me. The Speaker of the House, yesterday, knew that he had to make a ruling of germaneness. Knowing what his ruling was going to be, he stretched us out. He made a mockery of the process by calling probably on a dozen persons on the main issue. That made a mockery of it. If he really was going to rule the matter nongermane, he should... or germane, he should have done it right there and get to that issue; but, no, he chose to make the whole issue a type of circus atmosphere, and then ruled on the germaneness. And I thought that was very cruel to all of us, as individual Members, and now I felt the same thing when Diana got up; that you were, quotes, 'stretching it out' and sort of making it a joke, and I dissent to that. And I'd ask that my dissent be recorded, and now I'd ask that the issue, the Resolution be moved."

the Resolution."

Clerk O'Brien: "House Joint Resolution Constitutional Amendment

#1. Whereas, the 92nd Congress of the United States of America, in its second Session in both Houses by a Constitutional Majority of two-thirds thereof, adopted the following proposition to amend the Constitution of the United States of America: Joint Resolution, resolved by the House of Representatives in the Senate of the United States of America, in Congress assembled, two-thirds of each House concurring therein, that the following Article is proposed as an Amendment to the Constitution of the United States which shall be valid to all intent and purposes as a part of the Constitution, when ratified by the Legislatures of three-fourths of the several states within seven years from the date of its submission by the Congress. Article: Section 1 - Equality of rights under law shall not be denied or abridged by the United States or any state on account of sex. Section 2 - The Congress shall have the power to enforce by appropriate legislation the provisions of this Article. Section 3 - This Amendment shall take effect two years after the date of ratification, and; whereas, the time limit for ratification of the proposed Amendment by the Legislatures of the requisite number of states has been extended to June 30, 1982 by Joint Resolution of the 95th Congress of the United States of American. Therefore, be it resolved by the House of Representatives of the 82nd General Assembly of the State of Illinois, the Senate concurring herein, that such proposed Amendment to the Constitution of the United States of America be, and the same is hereby ratified, and be it further resolved that a certified copy of this Resolution be forwarded by the Secretary of State of Illinois, to the Administrator of General Services of the United States, to

the President pro tem of the Senate and the Speaker of the House of Representatives of the Congress of the United States, and to each Senator and Representative from Illinois in the Congress of the United States. Second Reading of the Constitutional Amendment. No Committee Amendments."

Speaker Peters: "Third Reading. What else? Representative Vinson, what purpose do you seek recognition of the Chair, Sir?"

Vinson: "Mr. Speaker, I will keep my comments as brief as Representative Matijevich, but the fact that we do have a process going on here of some historical significance I think requires that the record be set correct each time somebody makes an allegation about the fairness or the lack of fairness of the procedures in this House. What the Chair has been inquired of is when there will be a vote on whether it takes a Constitutional Majority or an extraordinary majority to ratify the Equal Rights Amendment. That is something that can only be brought to this floor from the Rules Committee of the House of Representatives. It seems to me extraordinarily unfair for anybody to suggest that something other than a majority of the Rules Committee should dictate whether that should come to this floor. If majority rule is what they seek, then they have to accept the concept of majority rule when it runs against them. The Speaker has consistently given them every opportunity to amend, to vote on those issues, and they've lost. I think that he has extended fairness again today through you sitting in the Chair trying to move this thing to Third Reading so that it can be considered whenever the Sponsors choose to consider it. And, for those reasons, I think the Speaker has dealt with extraordinary fairness in this matter."

Speaker Peters: "Representative Kociolko, what purpose do you seek recognition, Sir?"

Kociolko: "In the similar vein of the speaker who just preceded me to set the record straight. The question has been raised as to why the Speaker yesterday gave individuals an opportunity to speak on the subject of the rules change, and the Speaker was taken to task for having given Members of this House an opportunity to speak their views. Had he not done so, I'm quite sure that today we would instead have heard the standard speech about tyranny."

Speaker Peters: "Any... Representative Currie. No. Currie. Representative Currie, what purpose do you seek recognition of the Chair?"

Currie: "Just further clarification of the record, Mr. Speaker and Members of the House."

Speaker Peters: "Proceed."

Currie: "It is true that the proposal to change the rule lost in the Rules Committee, but it is a tradition, it is clear procedure in this House that every Session, when we adopt rules, we have opportunities to offer proposals like that on Second Reading. That proposal has been denied. That opportunity is not ours. It is clear the opportunity is lacking, because the Speaker of this House, the real Speaker of this House, does not wish to treat the issue of the Equal Rights Amendment in a fair fashion. He does not wish to let the Members of this House vote on one of the most critical issues the 82nd General Assembly faces."

Speaker Peters: "Representative Fawell, what purpose do you seek recognition?"

Fawell: "Thank you, Mr. Speaker. I have been sitting here for almost a year and a half now listening, patiently, to the other side of the aisle constantly harangue us about our rules and the fact that they have not been able to vote on

them. I would like to point out to my colleagues on the other side of the aisle that, indeed, most of you did vote on the rules that we are operating under. In fact, they are your rules. They were put on to the jurisdiction. They were put in place by your Party, under my Representative, Bill Redmond. I have not been able to vote on the rules. The rules have been, as far as I am concerned, fair. I commend your Party for putting rules in place that are fair. My Speaker has only been using your rules to do the business of the House. I wish every time the ERA issue came up that those on your side of the aisle would quit making it a partisan issue. I would like to see it passed. What you are doing, in the long run, is going to harm the issue to the point that nothing will be accomplished. I would appreciate, and a number of us on this side of the aisle would appreciate your remarks staying on the issue and refusing to enter into this charade of constantly haranguing us about your rules that you voted for."

Speaker Peters: "No demonstrations. Further inquiries, statements? Representative Telcser."

Telcser: "Mr. Speaker and Members, let me first say that the Plymouth Foundation Fellowship Dinner with Chuck Coleson of Prison Fellowship will be held on Tuesday evening at the Sangamo Club on the 15th. That's the evening before we come back in Session on Wednesday. And so, Mr. ... Mr. Speaker and Members of the House, I now move that the House stand adjourned until next Wednesday, July 16th, 12:00 Perfunct., 2:00 Session, giving the Clerk enough time to read message from Committees that met today. I now move that the House stand adjourned."

Speaker Peters: "You've heard the Gentleman's Motion, giving the Clerk sufficient perfunctory time. Those in favor will
