We shall be led today in prayer by the Reverend Kenneth Cox, Pastor of the Sherman United Methodist Church. Reverend Cox is a guest of Representative Josephine Oblinger. Would the guests in the gallery please rise and join us for the invocation? Reverend Cox."

Reverend Cox: "Almighty God, we thank You very, very much for these fine Legislators who have paid the price and made the effort to be here to consider the needs of millions of people of the State of Illinois. Be with them, guide them and uphold them. Help them to make wise decisions, Lord. They, too, have personal needs in their own lives. I would ask that you would meet them and bless them and their efforts, their staff and their work. Amen."

Speaker Madigan: "We shall be led in the Pledge of Allegiance by Representative Ropp."

Ropp et al: "I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all."

Speaker Madigan: "Roll Call for Attendance. Mr. Greiman, are there any excused absences on the Democratic side?"

Greiman: "Yes, Mr. Speaker, Representative Henry and Representative Vitek. Leave that they be shown in the record as excused for illness."

Speaker Madigan: "Let the record show that Representatives Vitek and Henry are excused because of illness. Mr. Vinson, are there any Republican absences?"

Vinson: "I'm not aware of any at this time, Mr. Speaker. We're checking."

Speaker Madigan: "Would the Membership please give their attention to the Chair? Could we have your attention please, and would the Members please be in their chairs? We have a special guest with us today. I'm pleased to welcome the State Treasurer of the State of California, Mr. Jesse Unruh. Treasurer Unruh first began his public service as a Member of the California State Assembly in 1954. If I could have the attention of the Membership, please. Could we... Could we break up the caucuses on the floor? Mr. Doyle, could you give me your attention? Could we break up the caucuses on the floor? We do have a special guest, and I think we should show our guest the proper amount of respect by, at least, going to our chairs and listening to his brief remarks. Mr. Unruh first began his public career as a Member of the California State Assembly in 1954. He served in the Assembly until 1970 and held the Office of Speaker from 1961 to 1969, longer than any other Speaker in California history. His reputation is a colorful, effective public servant and, as the foremost authority on the reform of the California legislative process, is recognized nationwide. During his term as a State Assemblyman, Mr. Unruh worked passed landmark legislation in the areas of civil rights, tax reform, consumer credit and legislative ethics. His tenure as Treasurer has been marked by the institution of a coordinated approach to state fiscal forecasting, the elimination of sex discrimination by banks in which state funds are deposited and the maintenance of the state's high

credit rating and increase in its investment yield. We look forward to the chance to sit with you, talk with you and learn from your vast experience. Welcome to Illinois Mr. Jesse Unruh."

Jesse Unruh: "Thank you, very much. I'm very pleased and happy to be here with you. It's still a great thrill for me to... to be in the legislative Body. Even though I've been in the Executive Branch now for some eight years, I still consider myself principally a legislative animal, and our Speaker in California, Willy Brown, still pays me the courtesy of introducing me as the 81st Member of our Assembly, for which I am very pleased. Those of you who are fortunate enough to have been around here a while, I think do not need the benefit of my remarks. Those of you who are just coming let me tell you what a wonderful life you are embarking upon. Winston Churchill, once upon a time, said that the legislative life is the most exciting one in existence, except for the front line trenches during time of warfare. And, even though you have what amounts to warfare here now, as we do in California, it is perhaps not quite the same as what Sir Church... Sir Winston meant. It is an exciting, wonderful life filled with rewards, with frustrations, and one which I'm sure you will enjoy thoroughly. It is like no other... no other life in the world. You face, not only daily challenges, but hourly challenges, and it is so different from the other Branches of Government and particularly from the Executive Branch. I was impressed again yesterday, when I listened to your Governor giving his... his budgetary message, of the story that I think best describes the difference between the Executive Branch and the Legislative Branch. There were three sailors who were shipwrecked on this Aleutian Island, and they were cast ashore with nothing except a little kit

of carpenter tools and a lot of driftwood. So, they built themselves a little lean-to to shelter themselves from the inclement weather, but pretty soon they were starving. The only animal life on the entire island were these huge, furocious Kodiak bear, and they decided they had to kill one of them in order to... in order to survive. So, they drew lots. Thought the only chance they had to kill one was if they could slip up on one of these animals when he was asleep. So, they drew lots, and one fellow took the knife and went out across the frozen tundra, came across this bear in an ice wallow, slipped upon his and made a lunge at him with a knife. The bear woke up and rolled over - so he missed. So, this fellow turns and runs for the hut as fast as he can go. The bear is about three jumps behind. By the time he gets to the front door, the bear has closed this down to one jump. This guy runs in the front door, right on through the back door and says to his colleagues, 'Skin him fellows. I'm going back after another one.' And, I couldn't help but think that's the way the Governor brings in his message to the Legislature. He says, 'Here's this year's budget, fellows. Skin him. I'm going back and prepare next years.' And Ladies. I'm sorry. That's the old male chauvinist here. I... I do want to say I'm happy to be here under the auspicious of Sangamon State University. The Legislative Service is centered there, and I invite you to use their facilities, which I think can be a great deal of help to you. With that, let me say again how very fortunate you are to be in this institution, how proud you ought to be of it not only to have been elected, but to be a Member of this institution and the necessity for pride in the institution as such. You mean, no one's going to look out for the Legislature unless the Legislators themselves do it. And,

Clerk O'Brien: "House Resolution 79, Madigan - Daniels. Whereas, Jesse Unruh has been a dedicated public servant in the State of California for over 27 years and; whereas, during Mr. Unruh's tenure in the California State Assembly, he was elected Speaker by his colleagues and served in that capacity longer than anyone in the history of that state and; whereas, the reputation of Mr. Unruh was one of the most popular and effective legislative leaders in the United States has spread across the country and; whereas, Jesse Unruh was elected Treasurer of the State of California in 1974 and transformed that Office into a nationwide model of a center for the promotion of economic activity and; whereas, Mr. Unruh's dedication California has instituted a progressive three billion dollar a year low-interest loan program which has provided economic relief to private interests throughout the state and; whereas, his success with improving the economic climate of California has earned him wide bipartisan respect and; whereas, Mr. Unruh is a visitor to this State of Illinois and to this chamber. Hoffman: "Thank you, Mr. Speaker. Before Speaker Unruh leaves the rostrum, I would like to say to the new Members of the Legislature that I think, probably more than any single, individual Legislator in this nation, Mr. Unruh has made it possible for us to have the salaries, and the services and the facilities that we deserve. I have been here for 17 years; and, when I came to the Legislature, the salary was 7,000 dollars. The only offices we had are the desks that you're sitting at right now. And, Mr. Unruh, for what you did in California for the legislative process and for the Legislators has spilled over to all of us, and it's a pleasure to have you with us today, Sir."

Ropp: "Thank you, Mr. Speaker and Members of the House. Let me, on the onset, say that I am by no way an attorney or a lawyer, but I'm getting close to it, because I've been to the Judiciary Committee twice now out of four years and have survived both times, at least up to this point. And, since you were in opposition to this last time, I'm glad to see you're in the Speaker's Chair. I think I discussed this Bill. House Bill 62 amends a Probate Act to actually authorize the representative of a minor or a disabled person to disclaim an inheritance on his behalf with leave of the court. It's a simple Bill. It's one that is revisory. It is understood in the statutes, although my constituent who feels that it's important that this be in thinks that it very clearly ought to be in the statute, rather than to just be in an assuming situation. We've discussed it before, and I'd welcome your support."

Speaker Greiman: "Mr. Ropp."

Ropp: "Thank you, Mr. Speaker and Members of the House. House Bill 93 deals with a situation that states that it requires a highway commissioner or a county highway superintendent to actually send written notices of public hearings concerning the widening, or altering or vacation of a township or district road, or any... It says that these people who receive the notices are people who are adjacent property owners to the proposed changes in the highway. The reason for this is some time ago, actually last year in my own district we had a request for a hearing, and that request notice came in the form of a notice in the news media - if you would like a hearing on this particular

highway construction, kindly contact this office within 30 days. No one who really was involved knew of the situation, therefore, did not reply, and a hearing was not called. When we eventually got word of this, people were called for an information hearing, and the superintendent did react favorably, but the feeling of the group was that they needed to actually receive some written notice when the final proposal for any highway construction was to be made and that that notice should be given to them directly. And, in an attempt to clearly provide for no misunderstanding and good public relations between the highway superintendent and those people who are actually losing property due to either widening of the road or straightening of the curves, it was the groups' opinion that they should receive this notice so that everyone could clearly understand the intent of the improvement or the construction changes. I welcome any... any questions that you might have."

Speaker Greiman: "Representative Mulcahey."

Mulcahey: "Question of the Sponsor, Mr. Speaker."

Speaker Greiman: "Indicates that he'll accept the questions."

Mulcahey: "Representative Ropp, have the county highway commissioner taken a position on this Bill? Superintendent of Highways?"

Ropp: "It's my understanding that their position is neutral."

Mulcahey: "Their position is neutral on this. Is there any... Is this in the Governor's budget? How much is it going to cost?"

Ropp: "In my particular area, it might have cost two or three dollars, because it only affected eight or ten people."

Mulcahey: "Oh, alright."

Ropp: "It's minimal."

Mulcahey: "Okay. We're okay, then. Thank you, very much."

Clerk O'Brien: "House Bill 327, a Bill for an Act to amend Sections of the Unemployment Insurance Act. Third Reading of the Bill."

Speaker Greiman: "Representative McPike."

McPike: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. Perhaps the most serious problem that the State of Illinois faces in the immediate future is coming up with a solution to the unemployment insurance problem. There has been a meeting... series of meetings convened by the Speaker, the President of the Senate and the Governor to get organized labor, Chamber of Commerce, the Manufacturer's Association, the Retail Merchants and Associated Employers of Illinois and a number of other groups to sit down and see if they can come out... to see if they can arrive at an agreement. This is a vehicle Bill that will be used if and when an agreement is reached. However, I should add that if an agreement is not reached by these parties, then it's going to be essential that the Legislature sit down and come up with an agreement of our own. So that, regardless of the outcome of the meetings in

HOUSE OF REPRESENTATIVES  
TRANSCRIPTION DEBATE

the next two weeks, we ourselves are going to be faced with solving this problem something in the next four weeks. In order to facilitate that process, it's necessary to introduce a vehicle Bill. Representative Madigan and Representative Daniels are hyphenated Chief Cosponsors. There is an agreement that the Bill will not be moved by Representative Madigan without the expressed consent of Representative Daniels. It will be a joint movement. It will be a joint agreement that whatever we arrive at is agree at by both leadership in the Republican and Democratic Party. So, this then is a vehicle Bill for that. We would like to send it to the Senate and have it prepared to send to a Conference Committee so that, when we arrive at a solution to the unemployment insurance problem, that we can effectuate the changes immediately. Now, based on that I would move for... based on that I would ask for an 'aye' vote."

Speaker Greiman: "The Minority Leader, Representative Daniels."

Daniels: "Mr. Speaker, Ladies and Gentlemen of the House, I will recite, for purposes of the record if I may, what my understanding is regarding..."

Speaker Greiman: "Proceed, Sir."

Daniels: "House Bill 327 is an agreed upon vehicle for any unemployment insurance reform agreement which may come out of the match and summit meetings starting tomorrow. House Bill 327 currently makes only stylistic, technical changes in the UI Act. It makes no substantive changes. Before this Bill was introduced, Speaker Madigan and myself discussed the use of this vehicle and agreed upon the following restrictions. One, this Bill is only to be used for an agreed solution to our unemployment insurance problems. Neither the Speaker or myself will introduce or support any non-agreed or partisan Amendments to this Bill.

STATE OF ILLINOIS  
83RD GENERAL ASSEMBLY  
HOUSE OF REPRESENTATIVES  
TRANSCRIPTION DEBATE

16th Legislative Day

Two, this Bill may only be moved at the mutual consent of both the Speaker and myself. It is currently our intent to move the Bill through the legislative process and place it on Second Reading in the Senate when the agreed Amendment may be added for concurrence by the House later. Three, the Speaker and myself have both reserved the right to unilaterally table this Bill at any time and for any reason unilaterally, whether an agreement has been reached or not. With this agreement in mind, I would ask the House now pass this Bill and send it to the Senate where it may be available for a compromise solution on our unemployment insurance problem. And, that is my understanding. Is that your understanding, Representative McPike?"

Speaker Greiman: "Representative McPike."

McPike: "Yes, that is exactly the understanding that we have."

Speaker Greiman: "Thank you. Representative Tuerk, the Gentleman from Peoria."

Tuerk: "Mr. Speaker and Members of the House, I have no particular problem with the agreement between the Minority Leader and the Speaker. The only reservation at all I have on this whole concept is that, if we pass it out today, it goes to the Senate. There's an Amendment put on the Bill in the Senate. The only chance we have is concurrence. Now, it's a matter of semantics, I presume, and I presume what the Minority Leader was saying at that point if he doesn't agree with it or if he agrees with it and we convince him that he shouldn't agree with it, then the Bill can be tabled at that point. With that agreement, I see no problem."

Speaker Greiman: "Thank you. Is there any further discussion? There being no further discussion, the Gentleman from Madison, Mr. McPike, moves for the passage of House Bill 327. All those in favor signify by voting 'aye', those

Speaker Greiman: "Representative Vinson, for what purpose do you rise, Sir?"

Vinson: "Mr. Speaker, I earlier indicated that I was unaware of any excused absences. There is one on our side, and it's Representative Neff. And I would appreciate if that would be..."

Speaker Greiman: "Thank you. Let the record show that Representative Neff is excused for absence by reason of illness. Thank you. Alright. On the Adjournment Resolution, Representative McPike? Death Resolutions."

Clerk O'Brien: "House Joint Resolution 16, by Representative Hawkinson."

Speaker Greiman: "Mr. Clerk, excuse me. May we have order, please. Mr. Clerk, go ahead."

Clerk O'Brien: "House Joint Resolution #16, by Representative Hawkinson, with respect to the memory of Loyal Davis."

Speaker Greiman: "Representative Hawkinson moves the adoption of the Death Resolution. All those in favor signify by saying 'aye', those opposed signify by 'nay'. The Resolution is adopted. Representative Vinson, for what purpose do you rise?"

Vinson: "Inquiry of the Chair, Mr. Speaker."

Speaker Greiman: "Proceed, Sir."

Vinson: "Mr. Speaker, approximately two weeks ago it was indicated that the back desks in this chamber would be removed this week, and I also inquired at that time when the construction would begin in regard to the ladies restroom. And, I was told that there would be a response from the Chair. That was about two weeks ago, and I wonder if we could be privileged to have that response, as to when construction will begin on that item."

Speaker Greiman: "Alright. I don't know what the schedule will be. As I understand it, there is no construction schedule at this moment established, but I will advise the Speaker and we'll let you know what the schedule... what the timing is when we return on Tuesday. Representative Vinson."

Vinson: "Are you telling me that at this time there is no schedule for that item?"

Speaker Greiman: "I'm telling you I don't know it, Sir, but I will find out for you. And I will advise you when we return."

Vinson: "Thank you."

Speaker Greiman: "Okay? The House will, therefore, stand adjourned, leaving a perfunctory time for the Clerk to read... to accept First Readings, and Introduction of Bills and Committee Reports. Mr. Van Duyne."

Van Duyne: "Well, I just wanted to report on the construction back here. The same people that were so frugile yesterday in turning back your scholarships decided to save money, and they just decided not to do it this year."

Speaker Greiman: "Thank you. Representative Vinson. I think that... There's your answer, right?"

Vinson: "Mr. Speaker, I may have misunderstood what you said a minute ago, but it seemed to me that what you did was to adjourn the House without a Motion for adjournment from the Membership. Is that the way we're going to do that now?"

Speaker Greiman: "We had a Motion that was... We had a Motion, and it was accepted. Representative..."

Vinson: "I thought that was a Motion to accept the Adjournment Resolution."

Speaker Greiman: "No, no. That was a Motion to... Okay, alright. Well, we'll do it then. You may be right..."

Vinson: "I think it's a good idea."

Speaker Greiman: "Thank you. Let's... let's... You're correct, Sir. Thank you very much, Mr. Vinson. Mr. McPike moves for the adoption of the Adjournment Resolution. All those in favor signify by saying 'aye', those opposed 'nay'. The 'ayes' have it, and the Adjournment Resolution is adopted, giving the Clerk a half hour's time for Perfunctory Session for the Introduction of Bills, First Reading and Committee Reports. And we now move that we do adjourn. All in favor signify by saying 'aye', those opposed 'nay'. The Motion is carried, and we are adjourned."
