

STATE OF ILLINOIS  
83RD GENERAL ASSEMBLY  
HOUSE OF REPRESENTATIVES  
TRANSCRIPTION DEBATE

130th Legislative Day

June 6, 1984

Speaker McPike: "The House will come to order. Members will be in their chairs. The Chaplain for today will be the Reverend Doctor R. David Goodell, Pastor of Mahomet United Methodist Church of Mahomet, Illinois. Reverend Goodell is a guest of Representative Tim Johnson. Will the guests in the balcony please rise and join us in the invocation?"

Reverend Goodell: "Bless, oh God, this Assembly, those who lead, those who share... those who share, those who contribute to its strength. Bless all who enter this House, that the discussions and decisions here may be worthy of Your greatness and Your plan of peace. Bless our land and its inhabitants. Prosper us in our work and be with those whom we have chosen to lead us, that they may strive to establish justice and opportunity for all. On this day, we remember most particularly the heroic action of men and women 40 years ago and their brave effort to bring freedom to the people in Europe. Even as we remember the past actions of bravery, however, let us be aware that the course of bravery in our age is a path of peace, not war. Oh God, Guide of humanity, let now Your spirit rule in this nation and this House, that our deeds may be prompted by love and justice and bear fruit in goodness and peace. Amen."

Speaker McPike: "We will be led in the Pledge of Allegiance by Representative Ropp."

Ropp et al: "I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all."

Speaker McPike: "Roll Call for Attendance. 112 Members answering the Roll Call, a quorum is present. Representative Piel, excused absences."

Piel: "Yes, Mr. Speaker, would the record show Representative Neff and Representative Winchester are excused today."

Speaker McPike: "Thank you. If the Chair could have your attention, Representative Ryder would like to introduce his guests."

Ryder: "Thank you, Mr. Speaker. It's my pleasure to introduce to you Mr. J. E. Huesman, who is President of the Illinois Association of Agricultural Fairs. Mr. Huesman is from Whiteside County."

J.B. Huesman: "Thank you. Mr. Speaker, Representatives, greetings from the Illinois Association of Agricultural Fairs. We hope this summer that you will pay us a visit at all our fairs, and in your mail today... in your mailbox, there will be an envelope with two passes - universal passes - and a letter of explanation for these passes in the mail. Hope to see you all at our county fairs. Thank you very much."

Ryder: "Thank you. Last spring I had the honor to introduce to you the winner of Miss Illinois County Fairs. It's my pleasure to re-introduce to you, Wendy Craven from Griggsville, who is the 1984 Miss Illinois County Fair."

Wendy Craven: "Good afternoon. I would like to remind each of you to attend the legislative barbecue that will be held on the Director's lawn at the State Fairgrounds this evening at 6:00. Thank you."

Speaker McPike: "Committee Reports."

Clerk O'Brien: "Representative Flinn, Chairman of the Committee on Financial Institutions, to which the following Bills were referred, action taken June 5, 1984, reported the same back with the following recommendations: 'do pass' Senate Bills 1888, 1491, 1707 and 1691; 'do pass Short Debate' Senate Bills 1911, 1929 and 1887. Representative John Dunn, Chairman of the Committee on Transportation, to which the following Bills were referred, action taken June 5, 1984, reported the same back with the following recommendations: 'do pass' Senate Bills 1484 and 1524; 'do pass as amended' Senate Bills 1853 and 1733; 'do pass Consent Calendar' Senate Bill 1374; 'do pass as amended Consent Calendar' Senate Bill 1896. Representative White, Chairman of the Committee on Human Services, to which the following Bills were referred, action taken June 5, 1984, reported the same back with the following recommendations: 'do pass' Senate Bill 1935 and 495; 'do pass Consent Calendar' Senate Bill 1882; 'do pass as amended Consent Calendar' Senate Bill 1866."

Speaker McPike: "Page four of the Calendar, Consent Calendar, Second Day. Read the Bills, Mr. Clerk."

Clerk O'Brien: "Consent Calendar Second Reading, Second Day. Senate Bill 1767, a Bill for an Act to amend the Illinois Public Aid Code. Second Reading of the Bill. Senate Bill 1797, a Bill for an Act to amend the Illinois Public Aid Code. Second Reading of the Bill. Senate Bill 1840, a Bill for an Act to amend the Illinois Public Aid Code. Second Reading of the Bill. Senate Bill 1861, a Bill for an Act to amend the Mental Health and Developmental Disabilities Code. Second Reading of the Bill. Senate Bill 1879..."

Speaker McPike: "Representative Vinson."

Vinson: "Would you not read that particular Bill until the end of the list?"

Speaker McPike: "Would you repeat your request?"

Vinson: "Would you not read 1879 until the end of the list?"

Clerk O'Brien: "Senate Bill 1789 (sic - 1879) is taken out of the record."

Speaker McPike: "Senate Bill 1879 has been removed from the Consent Calendar."

Clerk O'Brien: "Senate Bill 1880, a Bill for an Act to amend the Illinois Public Aid Code. Second Reading of the Bill. And Senate Bill 1905, a Bill for an Act to amend the Illinois Public Aid Code. Second Reading of the Bill."

Speaker McPike: "Third Reading. Representative Wolf, for what reason to you rise?"

Wolf: "Thank you, Mr. Speaker. For purposes of an introduction we have visiting with us today, Mr. Don Eridick, the Chief of Police of the City of Madison from Madison County. With him, he has Mr. Tony Farrow, an investigator who comes to us from Surrey, England. Would you give them a welcome, please?"

Speaker McPike: "Rep... The Gentleman from Marion, Representative Friedrich."

Friedrich: "Thank you, Mr. Speaker. I'm the Chief Sponsor of Senate Bill 1957, which is the Legislative Reference Bureau Revisory Bill. It's on Third Reading on Consent Calendar, but they have come up with some more material which I have introduced in the form of an Amendment and have given a copy of it to Mr. Cullerton to review over the weekend. I would like unanimous consent to print a minimal number of copies of this, which is the same thing we did with the Bill and save quite a bit of paper and printing. If anybody wants a copy, we can get that to them."

Speaker McPike: "Alright. Thank you, Mr. Friedrich. We will honor that request. The Gentleman asks leave to waive the printing requirements for the Amendment to Senate Bill 1957 and requests permission to use the Attendance Roll Call. Is there any objection? Hearing none, leave is granted."

Speaker McPike: "Representative Matijevich."

Matijevich: "Yes. Resolution 1017, Virginia Frederick, commends Mrs. Dorothy Canfield; 1018, Johnson, congratulates Mrs. Podagrossi; House Resolution 1020, congratulations to Sister Dorothea Salcius; 1021, Panayotovich, congratulates William and Mitzi Panayotovich on their 40th wedding anniversary; House Resolution 1022, Panayotovich, congratulates Mr. and Mrs. John Krupa; 1023, Panayotovich, congratulates Mr. and Mrs. McCarthy of Springfield; 1024, Wyvetter Younge, congratulates Walter and Roberta Senor of Springfield. I move for the adoption of the Agreed Resolutions."

Speaker McPike: "The Gentleman has moved for the adoption of the Agreed Resolutions. All those in favor signify by saying 'aye', opposed 'no'. The 'ayes' have it, and the Agreed Resolutions are adopted. Death Resolution."

Clerk O'Brien: "House Resolution 1019, by DiPrima - et al, with respect to the memory of Raymond E. Allen, Jr. of Chicago, Illinois."

8:00 tonight and will run until we get through. There will be sufficient food, and I'm sure you will be excited and entertained by the inept athletic abilities of the Members of the General Assembly. It's being sponsored by the Southern Illinois Industrial Association, which is located at Alton, Illinois by none other than their Executive Director, Bob Walters, a former legislator. You're all welcome to come out and see it or/and be a part of it. So, you can come on out after the agricultural dinner this evening, at eight until midnight. Thank you."

Speaker McPike: "Representative Brockins, for what reason do you rise?"

Brookins: "Yes, Mr. Speaker, for the purpose of an announcement concerning the Adelbert Roberts statue that will be unveiled in the rotunda tomorrow at 12:00 noon."

Speaker McPike: "Could the Gentleman have your attention? The Gentleman have your attention? Proceed."

Brookins: "Yes. Tomorrow at 12:00 noon, the Adelbert Roberts statue will be unveiled. That was House... That was Senate Bill 172, that we passed in the chamber, and last week you gave the money of \$10,000 so that the statue may be presented. So, tomorrow at 12:00 noon, we would like to invite every one of the Legislators to the unveiling of that statue in the rotunda."

Speaker McPike: "Representative Mautino, for what reason do you rise?"

Mautino: "If it's proper to make an announcement at this time."

Speaker McPike: "Proceed."

Mautino: "Mr. Speaker, the Select Committee on Small Business recessed this morning. It is my request that the Select Committee on Small Business meet immediately after Session, and we waive the proper rule as it pertains to posting for the Senate Bill 1470 that was submitted to our Committee."

I have already checked it with the Minority Spokesman on that Committee. As of this time, I've been informed there's only one Bill that has been submitted, and it's agreeable with her."

Speaker McPike: "There is a request, Representative Mautino, to... Representative Mautino, there's a request to amend your Motion to include Senate Bill 1363 for the Energy and Environment Committee and Senate Bill 1509 for the Judiciary Committee. Those have been cleared by both sides. The Gentleman asks leave to use the Attendance Roll Call to waive the posting requirements for Senate Bill 1363, Senate Bill 1470 and Senate Bill 1509 so that they can be heard in Committee this afternoon. Are there any objections? Hearing none, leave is granted. The Attendance Roll Call will be used. Representative Satterthwaite."

Satterthwaite: "Mr. Speaker, I would make the same request for House... for Senate Bill 1675, which is post... Excuse me. 1875, for a Bill that has been assigned to Higher Education. My problem, at the moment, is that I'm looking for space in which to hold that, since our normal Committee room has been scheduled for another meeting."

Speaker McPike: "Representative Satterthwaite, would you hold that Motion for a minute, please? Representative Bullock, for what reason do you rise?"

Bullock: "I rise on a point of personal privilege, Mr. Speaker."

Speaker McPike: "State your point."

Bullock: "Well, Mr. Speaker, today, as we know, is commemorating the 40th anniversary of D-Day, and also, it commemorates a significant day in the lives of Representative Howard Brookins and Mrs. Brockins, who are here today. Representative Brookins, as you know, probably fought the Battle of the Bulge, notwithstanding that he's 39 and

Speaker McPike: "Representative Satterthwaite has asked leave to use the Attendance Roll Call to waive the posting requirements so that Senate Bill 1875 can be heard in the Higher Education Committee. Is there any objections? Hearing none, leave is granted. Posting requirements have been waived. Representative Satterthwaite, when will the Committee meet? Representative Satterthwaite."

Satterthwaite: "Mr. Speaker, I will announce that before we adjourn. I'm trying to get that arranged."

Speaker McPike: "Thank you. Representative Matijevich."

Matijevich: "Yes, Mr. Speaker, Ladies and Gentlemen of the House, I'd like to have leave and use the Attendance Roll Call to take House Bill 2397 from the table and place in the Interim Study Calendar of the House and Labor Committee. We needed this vehicle because there are going to be Subcommittee hearings on a EDT Bill. The Bill's not going anywhere this year. But I've cleared this, both with Representative Vinson and with Representative Fred Tuerk, the Minority Spokesman of the House and Labor Committee, and I'd like to ask that leave. 2397."

Speaker McPike: "That passed. That passed."

Winson: "Oh, it did pass?"

Speaker McPike: "Yes. Representative Jaffe."

Jaffe: "Yes, Mr. Speaker, I have cleared this with Representative Johnson. With regard to the Judiciary Committee, I would like to waive the appropriate rule so that we could hear the following two items in the Judiciary Committee tomorrow morning at 8:00 - Senate Bill 1509 and House Resolution 1013. As I say, I've discussed this with Representative Johnson, who is the Minority Spokesman, and he is in agreement on it."

Speaker Greiman: "Excuse me. Mr. Levin."

Clerk O'Brien: "Senate Bill 835, a Bill for an Act to amend Sections of the Revenue Act. Second Reading of the Bill. Amendment #1 was adopted in Committee."

Speaker Greiman: "Any... Are there any Motions?"

Clerk O'Brien: "A Motion to table Amendment #1, by Representative McGann and Oblinger."

Speaker Greiman: "The Gentleman from Cook, Mr. McGann, on the Motion to table Amendment #1."

McGann: "Mr. Speaker and Members of the House, I'd ask that Amendment #1 be tabled."

Speaker Greiman: "Yes. Alright. The Gentleman from Cook, Mr. McGann, moves to table Amendment #1 to House Bill... to Senate Bill 835. For the Body's information, Senate Bill... Amendment 1 to Senate Bill 835 was adopted last year. Apparently the Committee also adopted an Amendment noted as Amendment #1, so that, if I am correct, what the Sponsor is attempting to do in this situation is to remove the Amendment #1 that was filed last year. Now, there is

another Motion that has been filed to remove the second Amendment #1 that was placed on Committee. And on that, the Gentleman from DeWitt, Mr. Vinson."

Vinson: "Mr. Speaker, will the Sponsor yield for a question?"

Speaker Greiman: "Indicates he will."

Vinson: "Representative McGann, one of the Amendment #1's - and I'm not sure which one, but it's the one that was adopted on June 15, 1983 - it's the last four digits of the LBE number are LPKAM, is an Amendment that I recall drafting, an Amendment, by the way, that I would like to now see in the law. And I wonder what your intentions are with regard to my idea in getting it in the law."

McGann: "Mr. Speaker."

Speaker Greiman: "Yes, proceed, Mr. McGann."

McGann: "Would you be kind enough to take this out of the record, and I'll speak with Representative Vinson?"

Speaker Greiman: "Alright. We'll take this out of the record. On the Order of Senate Bills Second Reading, Short Debate, appears Senate Bill 1385. Mr. Matijevich. Out of the record. On the Order of Senate Bills Second Reading, Short Debate, appears Senate Bill 1399. Mr. Clerk, read the Bill."

Speaker Greiman: "The Gentleman from Pecunia, Mr. Saltzman."

Saltzman: "Thank you, Mr. Speaker. Amendment #1, all that does is allow the Village of Bartonville to take a piece of

property that was dedicated for recreational use only and be able to lease it commercially and the money to then go back into recreation. I ask for the passage of Amendment #1."

Speaker Greiman: "The Gentleman from Pecoria has moved for the adoption of Amendment #1 to Senate Bill 1399. And on that, is there any discussion? There being none, the question is, 'Shall this Amendment be adopted?' Oh, I'm sorry. Mr. Piel, the Gentleman from Cook."

Piel: "Thank you, Mr. Speaker. The noise level in here was quite high, Representative Saltsman. All I caught was something about getting rid of some state property. Now would you... would you go through this Amendment one more time? I didn't quite catch what you said."

Saltsman: "Yes, Representative Piel, this property was awarded from the state to the Village of Bartonville through the Department of Conservation for recreational use. It is currently in the hands of the village. It is not property that they don't already own. Well, all that this does is, it allows them to take a former library building that was on this property, since a new one has been built in the last year, which they are going to receive October of this year. The vacant building will be used for rental purposes. That's all it allows us to do with that money going for recreation. It is no new change of property."

Piel: "Did the conveyance, when we conveyed it to the village, did that state that if at any time the village wanted to do it, it had to be done through legislation? Is that the reason you're coming before us?"

Saltsman: "Yes. Yes."

Piel: "I was wondering, seeing as the village does own it now."

Saltsman: "That's the reason for coming."

Piel: "Thank you."

Speaker Greiman: "Further discussion? The Gentleman from McHenry, Mr. Klemm."

Klemm: "Thank you, Mr. Speaker. Just on the Amendment, the Representative did speak to me about the Amendment, since I'm carrying the Bill. I did read it. It seems appropriate. It seems proper. There seems to be adequate safeguards, and I do stand in support of the Amendment."

Speaker Greiman: "The Gentleman from Cook, Mr. McGann. Mr. Cullerton, were you seeking recognition? The Gentleman from Cook, Mr. Cullerton."

Cullerton: "Yes, it's my understanding that there's a second Amendment that's been filed with regard to this Bill that has not been distributed. So, I wonder if it might not be more appropriate if we debate the Bill and both Amendments at the same time and ask that the Sponsor take the Bill out of the record."

Speaker Greiman: "Well, Mr. Cullerton, that's correct. The second Amendment has not been printed and distributed at this time. We can adopt the first, if that is your pleasure, and hold the Bill on the Order of Second Reading. Would you like to... We'll adopt it. Alright. The question is, 'Shall Amendment #1 to Senate Bill 1399 be adopted?' All in favor signify by saying 'aye', those opposed 'no'. In the opinion of the Chair, the 'ayes' have it, and the Amendment is adopted. Senate Bill 1399 will remain on the Order of Second Reading, and we will return to it later on. Now, I am advised by the Clerk that... Yes, it will remain on Short Debate. I am advised by the Clerk that the Amendment on 671 has been printed and distributed. Speaker Greiman: "Further Amendments?"

Clerk O'Brien: "Floor Amendment #4, Levin - Karpiel."

Speaker Greiman: "The Gentleman from Cook, Mr. Levin."

Levin: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. I offer Amendment #4 to Senate Bill 671, which has been cleared with both Chairman Jaffe of the Judiciary Committee, the Minority Spokesman and the Senate Sponsor. What the Amendment simply does is to add to the Bill the provisions that were in House Bill 2486, which passed this chamber on May 9th with 104 votes. Ask for your favorable support of this Amendment."

Speaker Greiman: "The Gentleman from Cook has moved for the adoption of Amendment 4 to Senate Bill 671. On that, is there any discussion? The Gentleman from DeWitt, Mr. Vinson."

Vinson: "Will the Sponsor yield for a question?"

Speaker Greiman: "He indicates he will."

Vinson: "Representative, what's the Amendment do?"

Levin: "The Amendment adds to the Bill the... what was in House Bill 2486, the Common Interest Community Bill, which passed the House on May the 9th, by 104 votes and did not get out of Senate Rules."

Vinson: "Well, just... Somehow, I have forgotten... I can't relate the exact contents to the number. Could you tell us what the substance of that particular Bill was?"

Levin: "Okay. The common interest communities are basically first cousin of condominiums. And that Bill dealt with the collection procedures for Common Interest Community Association and authorized them to use the same procedures as condominiums. And the tradeoff for that was that there were certain protections that were required to be given to

the unit owners, including open meetings and access to the books and records of these common interest community associations."

Vinson: "Okay. Let me ask you this specific question. I remember asking the question before, and I forgot what the answer was. If I, as an attorney, represent a group... represent a landowner who puts his apartment building into a land trust and then sells beneficial interest in the trust, and each one of those beneficial interests entitles somebody to use a unit of that apartment building, does he have to go through some kind of fancy declaration or something as a result of this... as a result of this Amendment?"

Levin: "No. This Amendment applies to... simply to common interest communities, and that is defined as where there is a... in the deed, there is a covenant running with the land requiring the unit owner to pay to an association the cost of administration and maintenance of the common areas."

Vinson: "Thank you."

Speaker Greiman: "Further discussion? There being none, the question is, 'Shall Amendment #4 be adopted?' All in favor signify by saying 'aye', those opposed 'no'. In the opinion of the Chair, the 'ayes' have it, and the Amendment is adopted. Further Amendments?"

Speaker Greiman: "Further... Floor Amendments."

Clerk O'Brien: "Floor Amendment #2, Flinn, amends Senate Bill  
1430..."

Speaker Greiman: "The Gentleman from St. Clair, Mr. Flinn."

Flinn: "Thank you, Mr. Speaker. Mr. Speaker and Ladies and  
Gentlemen of the House, I have discussed this Amendment  
with the Sponsor and with the interested persons on the  
other side of the aisle, and I would like to briefly  
explain what it does. It puts the local officials in  
Monroe, St. Clair and Madison Counties in the same  
perspective as the St. Louis City and St. Louis County  
heads of county government and city government in respect  
to the bi-state development agency in that they can submit  
three names to the Governor to select bi-state  
commissioners. There are now two from Madison, two from  
St. Clair and one from Monroe County. The county board  
chairman in each of those counties will submit names for  
replacement at the time there is a vacancy in their  
particular county. The Governor can either choose one of  
those three or reject all three, and this would put the  
east side of the river towards bi-state in compliance with  
the same method of operation that the west side of the  
river is and, therefore, have better representation. There  
are times when some people do not wish to serve any longer,  
and there is no replacement appointed by the Governor over  
a year or a year and a half of time. I would move for the  
adoption of the Amendment."

Speaker Greiman: "The Gentleman from St. Clair moves for the  
adoption of Amendment 2 to... to Senate Bill 1430. Is  
there any discussion? The Gentleman from DuPage, Mr.

McCracken."

McCracken: "Thank you, Mr. Speaker. Will the Gentleman yield?"

Speaker Greiman: "Indicates he'll yield for a question."

McCracken: "Representative, does this Amendment affect the Bill as it came out of Committee. Does it gut the Bill, or is it an addition to the Bill?"

Flinn: "It's an addition to the Bill, and all it does is put the Illinois side of the river, so far as the Bi-State Development Agency, in the same posture as the west side of the river."

McCracken: "And the Bill, as it came out of Committee, is not otherwise affected?"

Flinn: "No."

McCracken: "Okay, thank you."

Speaker Greiman: "Further discussion? Being none, the question is, 'Shall Amendment #2 be adopted?' All in favor, signify by saying 'aye', those opposed 'no'. In the opinion of the Chair, the 'ayes' have it, and the Amendment is adopted. Further Amendment?"

Clerk O'Brien: "Floor Amendment #3, Leverenz."

Speaker Greiman: "The Gentleman from Cook, Mr. Leverenz."

Leverenz: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. Amendment #3 would provide that corporations owing income tax to the state could have that money go into the Employment Reserve Fund of Illinois. That's the Prairie 2000 Fund that we started up last year, and then they could hire people to be paid from that fund. I would move for the adoption of the Amendment."

Speaker Greiman: "The Gentleman from Cook, Mr. Leverenz, moves for the adoption of Amendment 3 to Senate Bill 1430. And on that, is there any discussion? The Gentleman from DeWitt, Mr. Vinson."

Vinson: "Yes, Mr. Speaker, will the Gentleman yield?"

Speaker Greiman: "Indicates he'll yield for a question."

Vinson: "Representative, as I understand it, the employer is going to deposit money into the 'Prairie Dog Fund'..."

Leverenz: "No, I'm sorry. It's like a... the 'Prairie Dog Fund'. It would create the Employment Reserve Fund of Illinois, a new fund. But, proceed. I'm sorry."

Vinson: "Okay. So, the employer puts money into that fund. And then what happens?"

Leverenz: "And then they can hire people and receive a benefit of the money that they put into that fund to pay the salary of that individual."

Vinson: "Why would they put the money into some State Government fund in order to hire people? Is there some benefit they get from doing that?"

Leverenz: "Yeah. They get the benefit of getting their tax money back based on the fact that they hire people."

Vinson: "So this... So what you're actually doing is reducing... partially reducing their tax liability and letting them cycle the reduction through this fund and use that to hire people."

Leverenz: "That's correct."

Vinson: "I think I understand the mechanics now."

Leverenz: "It came from the... Yes, the mechanics are simple, and the Prairie 2000 Fund is not getting the job done."

Vinson: "Is there..."

Leverenz: "It was suggested to me in the House and someone else in the Senate, that this, in fact, would make that whole concept to the point where people that are in the corporate world would be motivated to put this money sideways with the expectations of hiring people."

Vinson: "Is there a limit on how much money they can... they can put into this fund?"

Leverenz: "Up to the... whatever liability they may incur with

the state."

Vinson: "Can anybody do this?"

Leverenz: "Do you have a corporation?"

Vinson: "Does it have to be a corporation?"

Leverenz: "It has to be the private sector."

Vinson: "But it... "

Leverenz: "Corporation, partnership, sole proprietorship which employs at least five people for an average of 37 1/2 hours per week, at least. That's the floor, and for each employee... and can't be fired people or laid off employees. Has to be new people."

Vinson: "Well, Mr. Speaker, to the Amendment. I would urge everybody to support putting this Amendment on this Bill, because I'm sure the Bill's not going to pass if we get the Amendment on."

Leverenz: "Thank you for your support, Representative Vinson."

Speaker Greiman: "Further discussion? The Gentleman from DuPage, Mr. McCracken."

McCracken: "This doesn't gut the Bill as it came out of Committee. It's just an addition thereto. Is that right?"

Leverenz: "Yes, as an add-on. That's correct."

McCracken: "Thank you."

Speaker Greiman: "Further discussion? There being none, the question is, 'Shall Amendment #3 to Senate Bill 1430 be adopted?' All in favor signify by saying 'aye', those opposed 'no'. In the opinion of the Chair, the 'ayes' have it, and the Amendment is adopted. Further Amendments?"

Clerk O'Brien: "Floor Amendment #4, Leverenz."

Hoffman: "Will the Sponsor yield to a question?"

Hoffman: "What is the... What is the purpose of this Amendment?"

Saltsman: "The purpose of this Amendment is to... in case that something would happen that one of the legislators did not know about in their district, the State Board of Elections would notify them to keep us up on the information on this type of a drop in assessed valuation. It's predominantly where one company has the... a big large of the assessed real estate valuation in one community, such as Caterpillar in East Peoria."

Hoffman: "How... How is the State Board of Education supposed to know this?"

Saltsman: "When these assessments come back through their state aid formula."

Hoffman: "Yeah, but that... that comes back at a different... a different time because they... you're using a... prior year's EAV. You... They don't have this information. Are we assuming, in this, that there's going to be an automatic forwarding of information by the Department of Revenue?"

Saltsman: "Well, this really does not mandate. I think that what this Amendment states is that they're just asking that as soon as they can respond that they will."

Hoffman: "Well, my point is that the State Board of Education will not have this information. If you're going to say, 'shall promptly report', would you believe... would you accept them reporting 18 months after the fact? Would that be prompt in your judgment?"

Saltsman: "Could you repeat that again? I didn't hear you."

to 18 months after the fact. Would you accept that as a definition of "prompt?"

Hoffman: "Well, I would suggest, Mr. Speaker, I would suggest to the... I understand what the... the Sponsor of this Amendment is attempting to do. I would suggest that you would better... you would be in a better position to obtain this kind of information through the Department of Revenue. Reading. Mr. Clerk, read the Bill."

Clerk O'Brien: "House Bill 3277, a Bill for an Act to provide for the inspection, licensing and regulation of carnival and amusement rides and equipment to provide for the safety of the public use. Third Reading of the Bill."

Speaker Greiman: "The Lady From Lake, Ms. Frederick."

Frederick: "Mr. Speaker, I would like to ask permission for Representative Johnson to close, please."

Speaker Greiman: "Certainly."

Frederick: "House Bill 3277 establishes a Carnival Amusement Safety Board which must include a carnival ride or amusement park operator, a licensed professional engineer, and one person must be head of the Department of Labor. This Board must promulgate rules for safety on the installation, the repair, the maintenance and use and operation for all amusement rides in the State of Illinois. All carnival rides and amusement parks must apply for... each year, for a permit, and in order to get that permit, they must be inspected. The cost will be borne by the carnivals and amusement parks. The rules require reporting of accidents and injuries to the proper authorities. The Board will hire inspectors who will be graduate engineers who will inspect all rides, and all revenues collected from the inspection and the permits will be deposited in General Revenue Fund for the State of Illinois. Now, there are a couple of exemptions for city parks where non-mechanized equipment and playgrounds is used and for non-profit religious concessions or amusement rides where they are located within a building that's inspected by the fire marshal. For example, there are currently 20 states that require statewide inspection of carnival rides and amusement parks; and, for example, again, the accident that occurred with The Edge at Great America would have been of

little consequence in Illinois if they had... if we, in Illinois, had required the safety equipment that Maryland, the State of Maryland, requires. There were 12,600 accidents nationwide in 1983, and there have been 119 accidents at Great America since 1979. In Illinois, we inspect elevators and schools and our prisons, even, for the safety of residents there. I think it's not illogical to inspect amusement parks and carnival rides in Illinois; and, therefore, I hope you will vote 'yes' on House Bill 3277."

Speaker Greiman: "The Lady from Lake has moved for passage of House Bill 3277. Is there any discussion? The Gentleman from Cook, Mr. Cullerton."

Cullerton: "Yes, would the Lady yield for a question or two?"

Speaker Greiman: "Indicates that she will."

Cullerton: "Representative Frederick, on page six of the Bill, under the Section 15, which deals with exemptions, you have, in paragraph two, you say 'a concession booth, amusement device or ride which is owned and operated by a not-for-profit religious, educational or charitable institution or association, if such booth...', et cetera. Now, is it my understanding that you would prefer, or you intend to have that language changed to 'be owned or operated'?"

Frederick: "Yes."

Cullerton: "And that you're going to do that by recommending to the Senate Sponsor that they amend it in the Senate to change 'and' to 'or'?"

Frederick: "Yes."

Cullerton: "And then, we'll have to wait for the Bill to come back to the Senate... to the focus on the Order of Concurrence, and we'll have to vote on it again. Is that correct?"

Frederick: "That is correct."

Cullerton: "Okay. Now, with regard to the definition Section on page one of the Bill, you define 'concession booth' as a 'structure or enclosure located at a fair or carnival from which amusements are offered to the public'. And these concession booths, later on in the Act, we indicate shall be inspected. Is that correct?"

Frederick: "Actually, the inspection - the intent of the Bill - the inspection relates primarily to the placement of the booths within the park and out of proximity with any kind of hazard that might create a fire or some other accident in the... "

Cullerton: "Okay. Well, you are authorizing, by this Bill, a Carnival Amusement Safety Board to issue certain rules and regulations. Is that correct?"

Frederick: "That's right."

Cullerton: "And so, you're directing, through legislative intent, for the... this Board to set up rules which specifically say that it's your intention to have concession booths inspected more for the location, rather than for the actual safety hazards within the inspection... the booth itself. Is that right?"

Frederick: "That is right."

Cullerton: "Okay. And do you also intend for the inspections to include the assembly of a particular ride as opposed to simply the design of the ride?"

Frederick: "That is correct."

Cullerton: "And, how would that be accomplished? How do you envision that being accomplished?"

Frederick: "The assembly?"

Cullerton: "Yes. How do you envision the inspectors... inspections to... "

Frederick: "I don't think that will be difficult, Sir. I know

STATE OF ILLINOIS  
83RD GENERAL ASSEMBLY  
HOUSE OF REPRESENTATIVES

that in other states, the assembly is part of the installation and... or the use, or the repair or maintenance. It comes under those identifying qualifications."

Cullerton: "Mr. Speaker... "

Speaker Greiman: "Yes. Proceed, Sir."

Cullerton: "The... Obviously, I believe that the Bill is well intentioned, and I'm not really sure how... perhaps we should vote on it. But I just think that it would be much preferable if we were to bring the Bill back to Second, put the Amendments on in the House the way the Lady wants the Bill to read, rather than to rely upon the Senate. I think the term, 'I'll amend it in the Senate', strikes fear into certain Members' hearts on this side of the aisle, and it also delays the effective signing of the Bill, if the Governor wishes to sign it right away. But in either case, I think that she's explained what she intends with the Bill, and I have no further questions."

Speaker Greiman: "Further discussion? The Lady from LaSalle, Ms. Breslin."

Breslin: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. I, too, urge passage of this Bill. The three boys that were hurt on The Edge at Great America a couple of weeks ago were boys from my legislative district. The terror that they went through, the pain and suffering that they and their family and their grade school class went through, is something that we should not ignore. This state presently inspects restaurants and beauty parlors. To think that we would not care enough about our citizens when they are riding on acknowledged dangerous, exciting rides is, in my view, unrealistic. It is our responsibility as government officials to pay attention to the health and safety of our citizens. That's the reason

STATE OF ILLINOIS  
83RD GENERAL ASSEMBLY  
HOUSE OF REPRESENTATIVES  
TRANSCRIPTION DEBATE

130th Legislative Day

that we exist. This Bill addresses that issue in a responsible manner, and I urge passage. Thank you."

Speaker Greiman: "Further discussion? The Gentleman from Effingham, Mr. Brummer."

Brummer: "Yes, will the Sponsor yield?"

Speaker Greiman: "Indicates he'll yield... she'll yield for a question."

Brummer: "Yes, Representative Frederick, this Bill contemplates the establishment of a licensing board, I believe. Is that correct?"

Frederick: "Yes."

Brummer: "And the hiring, by that Board of inspectors, some of whom would be engineers?"

Frederick: "That is correct."

Brummer: "Do you have an estimate of how many people it would take to... how large a staff it would take to inspect all the rides at all the county fairs and all the church socials and the amusement parks such as Great America? How often would they have to inspect those? Once a year?"

Frederick: "Yes, and it's once a year, and I really have no figures on how many inspectors we would need."

Brummer: "You have no estimate?"

Frederick: "Not really."

Brummer: "You have an estimate of what this Bill would cost?"

Frederick: "Actually, the Bill is based on a user-pay philosophy. There is a fee for the inspection, and also a fee for the permit, which will be borne by the carnival rides and the amusement park."

Brummer: "Representative Cullerton... Now, this Bill also requires the inspection of concession booths, if I understand it correctly."

Frederick: "Yes. Eight."

Brummer: "Our analysis indicates that, for example, a ping pong

STATE OF ILLINOIS  
83RD GENERAL ASSEMBLY  
HOUSE OF REPRESENTATIVES  
TRANSCRIPTION DEBATE

130th Legislative Day

June 6, 1984

ball goldfish booth would require inspection under this, where they throw ping pong balls into these goldfish bowls, and if one of them lands in there, you win a goldfish. Why should we be licensing and inspecting that and putting a certificate on that?"

Frederick: "Actually the inspection relates to the placement of the booth within the carnival area, rather than the booth itself, to protect it from fire or other accidents that might occur due to traffic too close, which is an incident that happened a few years ago, where a kewpie doll, for example, booth caught on fire because it was placed too near another kind of ride which used gasoline to propel the ride. So it would be the placement, not the booth itself, and that's the intent."

Brummer: "Okay. I find that amazing that, you know, we're creating a whole new Board here, or Commission, or whatever it's called, to do this inspection, and we have no idea how many employees, what type of bureaucracy this would create, how many employees would be necessary. It seems to me, in my district, you know, we have a lot of, you know, these small kiddie rides at shopping centers. In fact, I think I just saw one here in Springfield last week when I left town, out at Penney's, or two weeks ago. At some of the local church picnics, there are little rides that are really designed to be ridden by children that are one year old or two years old that barely move around. They're little cars that they sit in, like... and are pulled around mechanically. Now those would all need to be inspected under this?"

Frederick: "They would need to be inspected for operation, yes, and for correct installation."

Brummer: "And if they're... If somebody... If I operated one of these little machines that gave rides to one and two year

old children and went from church picnic to labor picnic to some other bazaar, and things of this nature, even though... that would have to be licensed. That would have to be inspected."

Frederick: "Actually... Actually the licensing in this Bill is one time per year. I can tell you that in Maryland every time a carnival ride arrives at a new site it must be inspected. That's a much more stringent Bill than this one, and I'm not sure that that's not a better idea. Frankly, if you care that much about safety... "

Brummer: "Well, I guess that's the thing... one of the things that occurred to me. A lot of these are operated by itinerant individuals... "

Frederick: "Exactly."

Brummer: "And they fold up and they carry them down the highway at 60 miles an hour, and then they reassemble them."

Frederick: "Right."

Brummer: "Now, how is inspecting those going to somehow ensure some safety, if they aren't going to be inspected each time?"

Frederick: "Actually, they are not going to guarantee safety at every installation. You're right. But I feel that at this time, if we can start with this Bill, we can amend it to make it more stringent later on, and that's what I would hope to do."

Brummer: "Okay. With regard to the issue of Great America itself, do you know how many engineers they have on site there doing regular inspections with regard to the rides?"

Frederick: "I do not know how many they have, and I really think their record is rather sketchy. For example, the day before The Edge accident which injured the three students, there was a malfunction of The Edge where four boys from my area were kept suspended in the air for 45 minutes while

STATE OF ILLINOIS  
83RD GENERAL ASSEMBLY  
HOUSE OF REPRESENTATIVES  
TRANSCRIPTION DEBATE

130th Legislative Day

they tried to figure out how to get those boys down. So, I'm not sure that they're doing the very best job they should be doing, really."

Brummer: "Well, Great America is obviously a multi, multimillion dollar business per year, and every time there is a story in the newspaper like the incident involving these three boys, which is a tragedy, I suspect that it costs Great America several million dollars in revenue. And I'm sure that their insurer, or if they are self-insured, they have their own very significant inspection program and have engineers on the grounds every day, with regard to a monstrous amusement park like this. I guess I'm kind of bewildered how the State of Illinois is somehow going to do a better job of inspection than Great America is, who's going to, directly, as a result of a single accident like they had, and which is a tragedy, is going to... they're going to lose, probably, several million dollars directly as a result of that, not including all their liability issues and things of this nature. I don't understand how the State of Illinois is going to do a better job of inspecting than Great America's going to require of their own inspection people and their own engineers. Now, I think that is quite different and apart from the issue of the itinerant individuals who may not be insured, and nobody knows where they came from. They're at some church group or some shopping center, and I'm not sure that they are the ones that are not going to have the safety engineers on board in the first place. Mr. Speaker, if I might, briefly, to the Bill."

Speaker Greiman: "To the Bill."

Brummer: "I... I think I have made some of my comments apparent already at this point. I certainly do not condone the things that occurred at Great America. I really think we

STATE OF ILLINOIS  
83RD GENERAL ASSEMBLY  
HOUSE OF REPRESENTATIVES  
TRANSCRIPTION DEBATE

130th Legislative Day

are, once again, on the House floor, feeling ourselves, if we that as a result of the establishment of this new agency, who will be required to hire untold number of engineers and safety inspectors, that we are somehow going to enhance the safety at Great America. Great America is a multimillion dollar monstrous corporation. Their sole business is the entertainment and rides and amusement business. They undoubtedly have engineers on the grounds every day doing these inspections. The direct result of those type of accidents occurring at Great America is not only loss of millions of dollars of revenue, I'm sure, as a result of the bad public relations that's generated from that. In addition, of course, they have the liability from that. I cannot imagine any insurance company insuring Great America without just very, very rigid inspection and standards in the first place. So, I just have very little confidence that the State of Illinois, somehow, in establishing this new department is going to be able to do a better job than Great America does with regard to itself. I've looked at the list of Sponsors here. There must be 75 or 90 Sponsors on this Bill. I'm not naive enough to believe that somehow me speaking in opposition to it is going to defeat it, but I do think it is ill-conceived, and it also includes the little bitty rides that one and two year old children ride on at the church fairs and... "

Speaker Greiman: "Yes."

Speaker Greiman: "You do. Proceed, Mr. Brummer."

Brummer: "And... And I think we will find, after we pass this, as we frequently do after we pass ill-conceived legislation

here, that there are really problems with this, and suddenly, we're going to have church groups and county fair groups and local shopping center groups and things of this nature really concerned about what we have done with regard to their operations. I do not think, I just have no confidence that we will somehow enhance the safety of the citizens of the State of Illinois as a result of this. We will help the employment in the State of Illinois, I suppose, because we will hire a significant staff of engineers to scour the lands of Illinois to look for these and license them and determine where concession booths ought to be located and things of this nature, but when this is all said and done, I am not convinced that we will enhance the safety of our citizens; and, therefore, I would respectfully suggest a 'no' vote is more appropriate."

Speaker Greiman: "Further discussion? The Gentleman from Livingston, Mr. Ewing."

Ewing: "Mr. Speaker and Ladies and Gentlemen of the House, this matter has been before us in prior Sessions of the General Assembly, and I can tell you that I have always been lukewarm to government regulations and government inspections. But a recent tragedy in my home community pointed out the tremendous need for some type of intervention and for government action. A young man, 36 years of age, is dead. His son is in intensive care in a Peoria hospital. A young mother is left a widow with three small children to raise, and all because of an unsafe ride at a carnival. Now, of course, all of the facts are not in concerning this ride and whether inspection would have prevented this accident. I believe it would, and I believe that this young man, who was not only a good father, a community leader, but the president of an organization to bring the POW's back... the lost POW's back from Viet Nam,

a state leader would be alive. I think it's time that we put something on the books, on the records, and got started with a program of inspection. I am certain that Representative Frederick's Bill is not perfect. Hardly any legislation we pass here the first time is. But it can be refined and made better when we see additional needs and additional changes. But it's time to start the process, and I urge a 'yes' vote."

Speaker Greiman: "The Gentleman from Cook, Mr. Kulas."

Kulas: "Thank you, Mr. Speaker. I move the previous question."

Speaker Greiman: "The Gentleman from Cook, Mr. Kulas, moves that the previous question be put. All in favor signify... say 'aye', opposed 'nay'. In the opinion of the Chair, the 'ayes' have it, and the previous question be put. The Gentleman from Champaign, Mr. Johnson, to close."

Johnson: "This is not a new idea. Representative Kornowitz, Schneider and myself, in three past Sessions or three past years of the General Assembly, introduced this identical Bill, and finally in 1979, we're successful in getting it through the House and through the Senate by big margins, only to have it unfortunately vetoed by the Governor and sent back to this chamber for override. And again, by an overwhelming margin, we overrode the veto of the Governor. And again, unfortunately, because of substantial lobbying at that time from Marriot's and otherwise, the veto of the Governor was sustained in the Senate. My interest in this subject matter arose not only because we had at least two incidents in Champaign County, and now, a third one, since the veto of the Governor, but because look you to see what, in many cases, is excessive government regulation, the licensing of horseshoers and on and on, and we could have a litany of those things, and yet, that activity, which is probably more hazardous and more potentially lethal than

almost anything we do, at least in normal society, where a three and four and five year old child or a nine and ten year old child, let alone an adult, are on objects that defy or seek to defy the laws of gravity and go up to 80, 90 or 100 miles an hour through the air, have absolutely no regulation at all - not at the local level, not at the federal level, and not at the state level. And to me, if government's going to serve any purpose at all with respect to promotion of the public health and safety, then this is the classic area where government ought to act. We can go over the course of the last 10 years, almost an unending series of examples, the incident at Six Flags where someone was killed in St. Louis, the Marriott's recent incident, the Pontiac incident, those incidents I described in Champaign County, the recent incident in Georgia where 33 people were injured at a Six Flags outlet there, in Representative Schneider's old district, the Old Chicago Amusement Park, where someone was electrocuted, and those countless number of other cases - and this is really where the Bill directs itself - who are injured and killed by the gypsies who go from shopping center to shopping center and area to area with no regulation, no inspection, no insurance, and by the way, an integral part of this Bill is the minimum insurance requirements. So, in those cases such as Representative Ewing's where a family is left for the rest of their life and a spouse left the rest of her life with no support from a 36 year old wage earner, where we have insurance to be able to cover that, or someone's rendered a quadriplegic, where we have insurance to be able to compensate as best we can for those sort of injuries, and in some cases, death, the Bill doesn't go excessively far into the private sector. It doesn't excessively regulate. All it does is set up a board, a carnival and

amusement park... Carnival/Amusement Safety Board of three members, one of whom is the Director of the Department of Labor, and two of whom are appointed by the Governor with the consent of the Senate, one, a carnival amusement ride operator and the other a registered professional engineer, who are those groups who would be most... not only most affected by the legislation, but most able to give appropriate input into what kind of regulations exist. We also set up this Board, give this Board the authority to... not only to inspect and promulgate rules and regulations, but to set fees for inspection. We think we give them sufficient latitude, so that the annual fees will be sufficient to pay for the cost of the operation of this entity. It's not designed in any way, and I don't think it will, and nobody intends for it to set up a massive bureaucracy in any way. All it does is provide minimal requirements for inspection and for safety of those entities which cause as much, at least potential, threat to the lives and safety and bodily well-being of the citizens in Illinois as anything we do. If government's going to have any function at all, unless we believe in an absolute total laissez-faire government system, and I don't think anybody really believes, in 1984, that we ought to have no regulation of any kind, then this is probably the most appropriate area for it. I've never been one, nor has Representative Brummer, nor Representative Frederick, or Matijevich, or others who have sponsored this, to call for government intervention into people's lives. We're talking about a three year old child on an object that goes around in every which way at 90 miles an hour, and what can happen to that child or his parents, then this is the appropriate area for it. It's a minimum intervention. It's a good Bill, and I urge the Governor and the Senate to have enough

wisdom, this time, to enact this into law. I urge a 'yes' vote."

Speaker Greiman: "Before calling for the Roll Call, the Chair has examined this Bill. It has a limited pre-emption of home rule, however, not one under which, under the Constitution, would require an extraordinary majority. Accordingly, this Bill will require 60 votes for passage. The question is, 'Shall this Bill pass?' All those in favor signify by voting 'aye', those opposed vote 'no'. Mr... Voting is now open. The Gentleman from McLean, Mr. Ropp, to explain his vote."

Ropp: "Thank you, Mr. Speaker. I was attempting to raise a couple of questions. First of all, if an accident happens in a carnival after the state has inspected it, is in any way the state held liable? Number two, it seemed like we're talking about gypsies and they're the ones that are setting up every three or four days. I find it a little bit difficult to inspect them once a year when, in fact, they probably ought to be inspected every set-up, and I'm wondering whether or not it would not be better to encourage municipalities to do this, rather than the state. I am a Cosponsor, and I am going to vote for it, but I really think that it would be better, hopefully, in the Senate, that a license of the owner with... in it to insure that he is properly insured, to insure that he is financially sound, to see that he does have quality employees is certainly the way that this Bill ought to be addressed. Certainly one cannot be assured that if you inspect a carnival and find that you have a good monkey one day, there's nothing preventing that monkey from biting your finger the next day."

Speaker Greiman: "The Gentleman from Cook, Mr. Leverenz, to explain his vote."

Leverenz: "Well, thank you, Mr. Speaker and Ladies and Gentlemen of the House. We're doing something, I think, a little too fast. From what I read in the Bill, you can fall off your bingo seat and probably have an accident here, and your bingo tent's going to have to get inspected, and I don't really understand why we're just moving this thing along too fast. Inside rides are exempt, outside rides are different. I don't really understand that either. I don't know what the Governor might do in terms of a veto, but when a Gentleman from the other side stands up and preaches against a seat belt and then comes back supporting something like this, you wonder which way we should really go, and I am so confused I'm going to vote 'present'."

Speaker Greiman: "The Gentleman from Sangamon, Mr. Curran, to explain his vote."

Curran: "Thank you, Mr. Speaker. I, too, am a little bit confused. I wonder if everybody understands what's going on here. I wonder if everybody understands that every little parish picnic booth, every little goldfish dunking, every time you pitch a circle around a... pitch a little ring around bottles, those are going to have to be inspected. Everybody who's voting green is voting to inspect every one of those booths, every church, every bazaar, every year and every time they have one. I just went to two of those this last week and I imagine everybody in this room is going to go to several in the next couple of weeks. Every one of those little stands is going to have to be inspected, and every one of those churches, or every one of those schools is going to have to carry a million dollars bond, regardless of whether they have... regardless of whether they have a carnival ride attached to it or not. Even if all they have is those little booths, they are still going to have to be inspected, and even if

it's only a few pieces of wood, that church, that school, is going to have to carry at least \$100,000 insurance. I don't think people understand what they're voting on here. I think the Governor has to... absolutely has to veto this. I think it's going to be back to us later."

Speaker Greiman: "Have all voted who wish? Have all voted who wish? Mr. Clerk, take the record. On this Bill, there are 100 voting 'aye', 5 voting 'no', 8 voting 'present', and this Bill, having received the Constitutional Majority, is hereby declared passed. On page six of the Calendar, under the Order of Motions, Subject of Call - Senate Bill Motions appears Senate Bill 450. Mr. Clerk, Senate Bill 450. Read the Motion."

Clerk O'Brien: "Motion, 'Pursuant to Rule 47(a), I move to take Senate Bill 450 from the table and place it on the Calendar on Second Reading,' by Representative Giorgi."

Speaker Greiman: "On the Motion, the Gentleman from Winnebago, Mr. Giorgi."

Giorgi: "Mr. Speaker, I move to take Senate Bill 450 from the table and place Senate Bill 450 on the House Calendar on the Order of Second Reading. I do not, at this time, plan to... I plan to conform with the rules of the House and not to debate the issues contained in Senate Bill 450. And I am asking the Chair to confine the debate on this Motion like I'm confining myself to the... and the Motion is to take Senate Bill 450 from the... and place it on the Second Reading, Second Order of Business. But anyway, what I'd like to say is, Senate Bill 450 now is a law... The contents of Senate Bill 450, without talking about Senate Bill 450, it is a law in 42 states at the present time, and the unenlightened states that surround the State of Illinois all enjoy the benefits of Senate Bill 450. It passed the Senate overwhelmingly. It passed out of the

House Committee, but got caught in the June crunch. I know that everyone in this room is very much familiar with the contents of Senate Bill 450, so I urge your support."

Speaker Greiman: "The Gentleman from Winnetago has moved to take Senate Bill 450 from the table and place it on the Order of Second Reading. And on that, is there any discussion? The Gentleman from Cook, Mr. Vitek."

Vitek: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. I don't know whether I'm in right to discuss about taking it from the table, but I want to tell you one thing. If it hadn't been for a good optometrist, my wife, now, had one eye with cataracts, and the ophthalmologist says thank God that the optometrist didn't try to treat her. He sent her to an ophthalmologist, who is recommended and gone to school, practiced all these years and we don't need this type of Bill in Illinois. Thank God that my wife goes back in two weeks to get the other cataract removed, and until then, I don't want no optometrist putting diagnostic medicines who are not regulated properly, haven't got the education, and I believe the ophthalmologists are the ones that should work on these people that... senior citizens, especially. Thank you very much. I oppose Giorgi's Motion."

Speaker Greiman: "Alright. Let us confine our remarks to the Motion to take from the table rather than the substance of the Bill. The Gentleman from Cook, Mr. White, on the Motion."

White: "Mr. Speaker and Ladies and Gentlemen of the House, I'd like to set the record straight. Number one, Senate Bill 450 never got out of the Human Services Committee, and if our Committee system is to remain viable, you will stand with me and vote 'no' on this Motion to discharge from the Human Services Commission."

Speaker Greiman: "The Lady from Champaign, Ms. Satterthwaite."

Satterthwaite: "Well, Mr. Speaker and Members of the House, simply looking at the Digest and looking at the activity that has already occurred on this Bill, I see that a year ago, approximately, there was a similar discharge Motion that lost on the House floor. It seems to me inappropriate for us to be acting again on a discharge Motion on the same Bill from the same Committee, when in fact the issue was before us before and lost, and I feel that we would be better devoting our time to new issues before us, rather than repeating this round again. And for that reason, I will vote against the Motion to discharge."

Speaker Greiman: "The Gentleman from DeWitt, Mr. Vinson."

Vinson: "Mr. Speaker, Ladies and Gentlemen of the Assembly, I want to state first, for the record and so that every Member very thoroughly understands it, that this is not an issue on which a party can have a position. This is an issue that every Member must weigh in their own mind and must act on from their own conscience and knowledge, and that is how I speak to you on this Bill. I speak on this Bill because it's a Bill that matters very much to me, personally. It matters very much to me, personally, because very close friends of mine have been involved in the progress of this Bill and in the controversy that has whirled around it since it's been in the Legislature, people that I have known for the... for at least 35 of the 37 years of my life. And I have... "

Speaker Greiman: "Excuse me, Mr. Vinson, on a point of order, Sir. Mr. O'Connell, the Gentleman from Cook."

O'Connell: "Thank you, Mr. Speaker. A point of order as to the Motion. I would suggest, Mr. Speaker, that the Gentleman is not dealing with the Motion at hand and is dealing with something, if not substantive, totally irrelevant to the

Motion, and I would ask him to contain his remarks to the Motion."

Speaker Greiman: "Confine your remarks to the Motion. Proceed, Mr. Vinson."

Vinson: "Thank you, Mr. Speaker. As I was saying, the... because of the close, personal situation that I have with people involved in this Bill, I have looked into the matter very... very deeply. I believe that we ought to bring this Bill to the floor of the House so that every Member has that opportunity to fully examine the subject. There may be Members who vote to bring it to the floor of the House so that it can be fully discussed and researched, who then vote against the Bill on the merits, and I can understand that. But I do believe that a matter of this magnitude and this degree of controversy deserves the attention of the full chamber this Session. I think we simply ought to examine the matter fully, to give it a full hearing, a full debate, and then vote it up or down. And I will tell the membership that I will not be responsible or will not be involved in efforts after we get one full opportunity for hearing on the floor of this House to keep bringing it back. I understand Members do not like the constant lobbying that attends both sides of this issue, but I would remind Members that you have never heard this issue on the floor of this House. It has only been discussed in one Committee, despite the fact that you have been beset upon by innumerable lobbyists on the subject. And I think the way to put the issue to rest and to get the matter out of your hair and to give your constituents your full duty to hear a matter of this weight I think the way to do that is to, one time, discuss this issue on the floor of the House and to vote it up or down on its merits. And in order to do that, the only way in which you can do that is by voting

for Mr. Giorgi's Motion today, and I would ask Members to really look within their hearts on this one and say, we ought to debate this thing one time on the merits and get it out of the way. You have the opportunity to do that, and I'm sure that the people who are pushing for the measure, if you do it this one time, we'll not bring it before you in the remainder of this General Assembly. Thank you."

Speaker Greiman: "The Gentleman from Cook, Mr. O'Connell."

O'Connell: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. I would take objection to the previous speaker's remarks that this measure has not been debated in this chamber. It's certainly debated in the Senate, on the floor and in the Committees. I would suggest that many of us, if not all of us, have had one bill or another that has failed in the Committee or failed on the floor of the House and we sought to bring back this Session or previous Sessions for further debate on the floor. Inevitably and invariably, those Motions have failed because we have already debated the matter. We've already had a full hearing and a full discussion, and it is a burden on the rest of the chamber to continue that debate. As to this measure, true, the proponents on either side, the proponents and the opponents are certainly well meaning individuals seeking a major change or a major status quo of the profession of ophthalmology and optometry, and I give due respect to our former colleague, who has continued to be a proponent of this measure. But we've already discussed this. We've already debated this. The issues have been heard, and it is a burden on the time of this chamber, and I would recommend that a 'no' vote be cast on this Motion."

O'Connell: "That is correct."

Speaker Greiman: "Is that what you want?"

O'Connell: "That is correct."

Speaker Greiman: "Mr. Fullock."

Bullock: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. Representative Vinson indicated in his remarks what I think perhaps the most salient and cogent affirmative defense for this Bill. This Bill received the Majority of the votes in the House Committee in which it was heard. There were not enough votes to pass it out of that Committee because of the deadline. Legislation, such as the one that Representative Giorgi wishes to bring before us today, has appeared before Legislatures in California and New York, Pennsylvania, and it's been signed into law by the Governors of those major industrial states, not unlike Illinois. The Motion before us was affirmed by the Senate overwhelmingly when it passed the legislation. 48 votes in the Senate were attached to the Bill. The importance of the measure can be seen in the fact that over two hundred million people throughout the United States are presently benefiting from legislation of this type, and I submit to some of the previous speakers that in and of itself makes it an urgent matter of priority for this General Assembly to be considering when it affects the life, the health and welfare of citizens of the State of Illinois. The United States in forty-seven states has overwhelmingly supported the proposition. I submit that we need an affirmative vote on the Motion so that we can

consider the Bill and moreover, so that we can enact the Bill to benefit the citizens of the state, and I would urge an 'aye' vote on the Gentleman's Motion of Senate Bill 450."

Speaker Greiman: "The Gentleman from Cook, Mr. Ronan."

Ronan: "Yeah, Mr. Speaker, a point of clarification. How many votes does this need?"

Speaker Greiman: "This would need 71 votes."

Ronan: "That's fine."

Speaker Greiman: "Further discussion? Mr... The Gentleman from Cook, Mr. Marzuki."

Marzuki: "Thank you, Mr. Speaker, ladies and gentlemen of the House. I'm not certain that the discussion of this particular Bill would further anything in terms of the dispensing of medication. If this Bill were to consider the total picture in the dispensing of medication, it might be worthy of being brought back on this floor. Certainly in this form, it is not, and I think we should oppose this Motion."

Speaker Greiman: "The Gentleman from Vermilion, Mr. Stuffle."

Stuffle: "I move the previous question."

Speaker Greiman: "The Gentleman from Vermilion has moved that the previous question be put. All in favor signify by saying 'aye', those opposed 'no'. In the opinion of the Chair, the 'ayes' have it. The previous question be put. Mr. Giorgi to close."

Giorgi: "Mr. Speaker, I thank the Members of the House that have chosen to take the floor to support me in my endeavor. I want to repeat three items that have nothing to do with the substance of the Bill, only that in forty-two states that is now the law affecting two hundred million people, every state surrounding Illinois has this law on the books, the contents of 450, and just recently in Michigan, the

Michigan House voted for this type legislation 98 to 2 and the Senate voted 34 to 1. And I urge the support of the entire House for this Motion."

Speaker Greiman: "The question is, 'Shall this Motion be adopted?' All in favor signify by voting 'aye', those opposed vote 'no'. The voting is now open. Ms. Topinka, did you want to explain your vote? Mr. McGann to explain his vote."

McGann: "Thank you, Mr. Speaker, Members of the Assembly. I support Representative Vinson's thoughts on this measure. I think the only fair and equitable way to have this Bill possibly meet its demise is bringing it out for a full discussion on this floor, so that we can satisfy both parties, the ophthalmologist and the optometrist. This is a fair and equitable Assembly. I would appreciate voting it to get it on the floor and have a good discussion on it, and I vote 'aye'. Thank you."

Speaker Greiman: "To explain his vote, the Gentleman from Marion, Mr. Friedrich."

Friedrich: "Mr. Speaker, Members of the House, we're not voting to let optometrists do anything. We're voting to get this Bill out on the floor where it can be considered. It's obvious from the board that at least half of the people here think it ought to get consideration and that they're not necessarily pledging themselves to vote for the Bill. But at least more than half of the people here think that it ought to have consideration, and I urge you to let it... give it your green vote."

Speaker Greiman: "The Gentleman from Livingston, Mr. Ewing, to explain his vote. One minute."

Ewing: "Mr. Speaker, Ladies and Gentlemen of the House, 62 people, over half of this Assembly, believe that this Bill deserves to have a hearing. We certainly have all been

contacted, I am sure, by many people who have varying interests in regard to this issue. I think it's time that we bring it out. I think it's time that we deal with it. Our brethren in the Senate have taken care of it. Let's bring it out. Let's have a full hearing, and let's not be afraid of progress in this state. I think this is good legislation, and it certainly deserves a hearing this year in the Illinois General Assembly."

Speaker Greiman: "For what purpose does the Gentleman from Cook, Mr. Vitek, seek recognition? Mr. Vitek, you'd spoken in debate, Sir."

Vitek: "Just to explain my vote."

Speaker Greiman: "Well, you spoke in debate."

Vitek: "Can I explain my vote?"

Speaker Greiman: "But proceed, Mr. Vitek."

Vitek: "Just because there are 64 votes up there doesn't mean that it's a good Bill to take off the table. My Bill was terrific, the horse racing Bill. And I only got 55 votes to take it off the table, and I had a hundred sponsors. So what the hell does that mean 64 votes up there? It means 64 guys are wrong. They're not right."

Speaker Greiman: "Have all voted who wish? Have all voted who wish? Mr. Clerk, take the record. On this motion, there are 71 voting 'aye', 32 voting 'no', 4 voting 'present'. O'Connell: "No, Hannig. Hannig."

Speaker Greiman: "Mr. Hannig. Is Mr. Hannig in the chamber? Mr. Hannig."

O'Connell: "Mr. Ryder."

Speaker Greiman: "Well, do you want to continue with me to do something with Mr. Hannig first? Mr. Hannig."

O'Connell: "He's already off."

Speaker Greiman: "Is Mr. Hannig in the chamber? How is the Gentleman recorded?"

Clerk O'Brien: "The Gentleman is recorded as voting 'aye'."

Speaker Greiman: "Remove Mr. Hannig from the Roll Call. Proceed, Sir."

O'Connell: "Mr. Ryder."

Speaker Greiman: "Mr. Ryder. Is Mr. Ryder in the chamber? Mr. Ryder is at the rear of the chamber. And Mr. Ryder, I note, votes 'no'."

O'Connell: "Mr. Davis."

Speaker Greiman: "Mr. Davis was verified, but he is, nonetheless, here in the room with us."

O'Connell: "Mr. Dunn."

Speaker Greiman: "Mr... Which Dunn did you want? Mr. John Dunn

and Mr. Ralph Dunn are both there together, standing together."

O'Connell: "John Dunn. Representative Hawkinson."

Speaker Greiman: "Mr. Hawkinson is in his chair."

O'Connell: "Okay, Mr. Speaker, that's sufficient."

Speaker Greiman: "Alright. Mr. Clerk. Yes. Yes. Ms. Markette votes 'aye'. Mr. O'Connell."

O'Connell: "May I continue?"

Speaker Greiman: "Ah, Mr. O'Connell, I think you said that you were through."

O'Connell: "I said we were done with the one."

Speaker Greiman: "You were what? Ah, Mr. O'Connell, I think you said you were through. Alright, I'm waiting for the Clerk to give me the count. On this Motion, there are 70 voting 'aye'. Yes, Ms. Barnes."

Barnes: "Mr. Speaker, while I intend to vote 'no' on the Bill when it is heard, I do think that people have been pressuring us on both sides of the issue, and I do think this Bill deserves to be heard and have certain people go back to the drawing board. For that reason, I change my vote from 'no' to 'aye'."

Speaker Greiman: "Ms. Barnes goes from 'no' to 'aye'. On this Bill... On this Motion, there are... there are 71 voting 'aye', 31 voting 'no', 4 'present', and the Motion carries. Read the Bill, Mr. Clerk."

Clerk O'Brien: "Senate Bill 450, a Bill for an Act to amend the Optometric Practice Act. Second Reading of the Bill. No Committee Amendments."

Speaker Greiman: "Any Floor Amendments?"

Clerk O'Brien: "None."

Speaker Greiman: "Third Reading. Agreed Resolutions, Mr. Clerk. Alright. Alright. Well, while they are looking at the Agreed Resolutions... Yes, Mr. Terzich, for what purpose

do you seek recognition?"

Terzich: "Yes, Mr. Speaker, Ladies and Gentlemen of the House, the Executive Committee, which is in recess, will be meeting immediately after adjournment right behind the chamber here. We have two Bills and your attendance is requested. It will only take a couple of minutes. So, Members of the Executive Committee will meet right behind the Speaker's... wherever it is up in front there... in the back of the chamber."

Speaker Greiman: "Alright. The announcement is that the Executive Committee will meet right after Session in the Speaker's Conference Room behind the House. Mr. Nash, for what purpose do you seek recognition?"

Nash: "Yeah, Mr. Speaker, Ladies and Gentlemen of the House, the Committee on Elections will meet at 2:15 in C-1 instead of 2:00. 2:15."

Speaker Greiman: "The Committee on Elections will meet at 2:15. Mr. Wolf."

Wolf: "Yeah, Mr. Speaker, the Personnel and Pensions Committee will meet at 4:00 in room C-1."

Speaker Greiman: "The Personal and... Personnel and Pensions Committee will be meeting at 4:00 today. 4:00. Mr. Bowman, for what purpose do you seek recognition?"

Bowman: "I have a Motion and an announcement. The Motion is to bypass Committee and advance to Second Reading, Second Legislative Day and to read for a second time Senate Bill 1621 and Senate Bill 1371. These Bills are supplemental appropriation Bills. We heard the subject matter in Committee last week. We did not have the Bills in our control. It was agreed leave of the Committee that the Committee recommends that the... this bypass Motion prevail, and I now so move."

Speaker Greiman: "Mr. Bowman has moved to waive Rule 33(b) and

move to advance Senate Bills 1621 and 1371 to the Order of Second Reading, Second Legislative Day. And on that, is there any discussion? The Gentleman from Fendall, Mr. Eastert."

Hastert: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. This is agreed on both sides of the aisle, and I would ask for your affirmative."

Speaker Greiman: "Does the Gentleman have leave? Leave is hereby granted. We'll use the Attendance Roll Call on these Motions. Mr. Clerk, call the Bills."

Clerk O'Brien: "Senate Bill 1371, a Bill for an Act making appropriations for education and other purposes. Second Reading of the Bill. No Committee Amendments."

Speaker Greiman: "Any Floor Amendments?"

Clerk O'Brien: "None."

Speaker Greiman: "Third Reading."

Clerk O'Brien: "Senate Bill 1621, a Bill for an Act making supplemental appropriations to the Board of Trustees of the University of Illinois. Second Reading of the Bill. No Committee Amendments."

Speaker Greiman: "Floor Amendments?"

Clerk O'Brien: "None."

Speaker Greiman: "Third Reading. Mr. Bowman, now for the purposes of an announcement, Sir."

Bowman: "Yes. Thank you, Mr. Speaker, Ladies and Gentlemen of the House. The House Appropriations II Committee which is scheduled to meet at 8:00 tomorrow will be postponed to 8:30 to give the Republicans and the Democrats a chance to caucus on the mental health legislation which is a very important Bill. So the Democrats will caucus in room 122E of the Capitol Building, and then, we will convene the Appropriations meeting at 8:30 in room 118. Also, Mr. Speaker, the schedule that was distributed by the Speaker

for next week is slightly an error. Tuesday, June 12, shows the Appropriations I Committee meeting at 8:00 a.m. The Appropriations II Committee should be meeting at 8:00 a.m. and also after Session. So, the schedule is in error. The Approp. II Committee will meet next week both morning and afternoon on Tuesday. Thank you."

Speaker Greiman: "Alright. The Approp II Committee, therefore, tomorrow will meet at the hour of 8:30 a.m. Mr. Matijevich, the Gentleman from Lake."

Matijevich: "Yes, Mr. Speaker, Ladies and Gentlemen of the House, the Rules Committee has to meet, and I understand exactly there is a meeting in the Conference Room of the Speaker's Office. So, if all Members of the Rules Committee, we only have two Bills which there is an agreement on the exemption, if all Rules Committee...Members would meet at my desk, it'll only take a second after we adjourn. All Rules Committee Members at my desk."

Speaker Greiman: "Alright. Alright, Mr. Matijevich asks leave of the House to waive the appropriate posting rule so that... so that Senate Bill 1375 and Senate Bill 1381 may be heard in Rules immediately upon adjournment. Does the Gentleman have leave? The Gentleman has leave. The Rules Committee accordingly will be meeting at Mr. Matijevich's desk immediately upon adjournment. Further announcements? The Gentleman from Cook, Mr. Leverenz."

Leverenz: "Thank you, Mr. Speaker. The Appropriations I Committee will meet at 9:00 a.m., not 8:00, 9:00 tomorrow morning. Further, on Tuesday, the schedule is printed that the Appropriations I Committee will meet at 8:00 in the morning. We will not meet the morning of Tuesday, June 12, and this schedule will be produced and distributed. Thank you."

Speaker Greiman: "Alright. The Gentleman from Will, Mr. Van

Duyme."

Van Duyme: "Yes. Thank you, Mr. Speaker. Environment Committee will meet at 4:00 this afternoon, but we are going to meet in a different room, Room 118. And as I understand it, this is the deadline. We're not going to have any other meeting tomorrow, and tomorrow is the deadline. So this will be the last chance we have for environmental Bills. So you all know that it takes 9 votes to get it out of Committee."

Speaker Greiman: "So the Environment Committee, therefore, will be meeting at 4:00 in Room 118. Is that, Mr. Van Duyme? We're in room 118. The Gentleman from Cook, Mr. Kulas."

Kulas: "Thank you, Mr. Speaker. The House Registration and Regulation Committee will meet at 4:00 this afternoon. I would ask all the Members to please be prompt. We have six Bills. We can dispense with the Business. Thank you. 4:00."

Speaker Greiman: "B and B is scheduled for 4:00. Alright. Yes, Ms. Satterthwaite, for what purpose do you seek recognition?"

Satterthwaite: "Mr. Speaker and Members of the House, the House Higher Education Committee, which was not scheduled on your Calendar for today but which had leave earlier in the day to post Senate Bill 1875, that Higher Education Committee will be meeting at 3:00 p.m. in 122E."

Speaker Greiman: "So... The House Higher Education Committee will be meeting at 3:00 in room 122E this afternoon, having previously had leave of the House to waive the posting requirements. The Gentleman from Lake, Mr. Matijevich."

Matijevich: "Mr. Speaker, Ladies and Gentlemen of the House, I also ask leave and the use of the Attendance Roll Call so that any Bills reported exempt from the Rules Committee, that we waive the posting notice so those Bills can be

heard in the substantive Committee."

Speaker Greiman: "The Gentleman from Lake asks leave of the House the use of the Attendance Roll Call to waive the appropriate rule to allow posting in substantive Committees of Bills that will be discharged... removed from... ruled exempt from the Committee on Rules. Does the Gentleman have leave? The Gentleman has leave. Leave is hereby granted. The Gentleman from Vermilion, Mr. Stuffle."

Stuffle: "Yes, for the purposes of announcement, Mr. Speaker and Members. The Committee on Economic Recovery will meet as posted at 9:00 a.m. in room 122A, and we're attempting to have that meeting there because it adjoins the room in which the Committee on Appropriations II meets. There are a number of Members on both Committees."

Speaker Greiman: "Select Committee on Economic Recovery, therefore, will meet at the time originally scheduled. Is that correct, Mr. Stuffle? At 9:00 a.m. in room 122A. Ms. Currie, for the purposes of an announcement."

Currie: "Thank you, Mr. Speaker and Members of the House. I just want to announce a room change for the meeting of the Select Committee on the Chicago World's Fair tomorrow morning at 9:00. Instead of 122B as scheduled on the Calendar, it will instead meet in Room A-1 of the Stratton Building."

Speaker Greiman: "Alright. The World's Fair Committee will meet at 9:00 as indicated in your Calendar, but it will meet in Room A-1 of the Stratton Building. Room A-1. Agreed Resolutions."

Clerk O'Brien: "House Resolution 1025, McGann; 1026, McGann; 1027, Berrios - et al; 1028, Keane; 1029, Laurino; and House Joint Resolution 159, DiPrima - et al."

Speaker Greiman: "On the Agreed Resolutions, the Gentleman from Lake, Mr. Matijevich."

Matijevich: "Mr. Speaker, House Resolution 1025, McGann, congratulates John Fitzgerald on his retirement; 1026, McGann, congratulates and commends Patrick J. Loyle on his record of service; 1027, Berrios, declares June 5 through 11 as Puerto Rican Week; 1028, Keane, congratulates John Wozniak on his career; 1029, Laurinc, congratulates Mr. and Mrs. John Coconato on their 50th wedding anniversary. House Joint 159, DiPrima, resolve that we congratulate John Vitacco on his retirement. I move the adoption of the Agreed Resolutions."

Speaker Greiman: "The Gentleman from Lake has moved for the adoption of the Agreed Resolutions. All in favor 'aye', opposed 'nay'. In the opinion of the Chair, the 'ayes' have it, and the Agreed Resolutions are adopted. General Resolution."

Clerk O'Brien: "House Joint Resolution 158, by Representative Madigan."

Speaker Greiman: "Committee on Assignment. Yes, Ms. Currie, for what purpose do you seek recognition?"

Currie: "Just to cancel my previous announcement, Mr. Speaker. The Select Committee on the World's Fair will meet as the Calendar says it will in room 122E, tomorrow morning at 9:00."

Speaker Greiman: "So that the Select Committee on the World's Fair will meet at 9:00 as indicated on the Calendar, in the room indicated on the Calendar, which is 122B."

Currie: "Thank you. Thank you very much."

Speaker Greiman: "Mr. McPike. Is Mr. McPike... Mr. McPike moves for the... Mr. Madigan."

Madigan: "Move to adjourn, Mr. Speaker."

Speaker Greiman: "Yes. Mr. Madigan moves that the House stand adjourned giving... until the hour of 12:00 tomorrow... allowing two minutes perfunctory time for the Clerk. All
