84th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

102nd Legislative Day

April 16, 1986

Speaker McPike: "... Come to order. Members will be in their seats. Chaplain for today will be the Reverend Stan Haxton, Pastor of Jerome United Methodist Church of Springfield. Reverend Haxton is a guest of Representative Karen Hasara. Will the guests in the balcony please rise and join us in the invocation?"

Reverend Stanley Haxton: "Let us pray. O God, You govern the world in righteousness and Your judgments are true and righteous altogether. Grant we ask you that those who rule over us and who legislate for us may be of one mind to establish justice and to promote the welfare of all the people of this state. Endow all Members of this Legislative House with the right understanding, pure purposes and sound speech. Enable them to rise above all self-seeking and party zeal to the noble concerns of public good and human brother/sisterhood. Cleanse our public life of every evil. Subdue in our state all that is harmful and make us a disciplined and devoted people that we may do Your will as it is done in heaven. We pray in Your name and for Your sake. Amen."

Speaker McPike: "Led in the Pledge of Allegiance by Representative Ropp."

Ropp - et al: "I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all."

Speaker McPike: "Roll Call for Attendance. 115 Members answering the Roll Call, a quorum is present. Representative Piel or Representative Vinson, do you have any excused absences?"

Vinson: "No, Mr. Speaker."

Speaker McPike: "Representative Vinson, yesterday Roger McAuliffe was excused. Do you know if he has an excused absence

again today?"

Vinson: "Let me inquire about that, but I'm not... I'm not aware of it today."

Speaker McPike: "Alright, would you get back to us?"

Vinson: "Yes, Sir."

Speaker McPike: "And Representative Giorgi, would you check and see if there's any excused absences on the Democratic side?"

Giorgi: "Mr. Speaker, let the record indicate there are no excused absences on the Democratic side."

Speaker McPike: "Ladies and Gentlemen of the House, I'd like to introduce Ms. Sandy Dorgan who is Program Chairman for the Junior Citizen Committee and she has with her two special guests that we would like to introduce today. Sandy Dorgan."

Sandy Dorgan: "Good afternoon. It's... It's with great pleasure I'd like to introduce you to the winners of the Junior Citizen Awards Program, sponsored in the Chicago Metropolitan area for 1985-86. First, I'd like to introduce you to Mr. Junior Citizen, Mr. Adolph Schwartz, who has something to say."

Adolph Schwartz: "Distinguished Members of the House of Representatives, Ladies and Gentlemen, I would like to thank you for allowing me to appear before you today. I am often asked, 'What is a junior citizen and how did I win this award?' I would like to relate some details on this program. Judging was based on church, park district and community involvement, scholastic record, awards and honors, leadership capabilities and potential, offices held, outside interests, talent, hobbies and participation in various activities. We answered essay questions ranging from community evaluation perception and understanding of the national drug and alcohol abuse problem, which I am in

favor of eliminating at the source. There were 46 finalists this year representing 23 schools. We were then interviewed and judged on our conduct, poise, composure, degree of maturity and ability to express our ideas effectively. I was asked by the judges what I intend to do with my life. I said, 'I plan to become a military officer and upon my retirement from the military, I hope to go into politics.' Maybe some day I will be able to sit here and listen to a future Mr. Junior Citizen. I will next address what a Mr. Junior Citizen is. We are young people who take being a citizen very seriously. We believe in God and this great country of ours. We have different interests which include home, church, school, park and community. We are the doers, the positive thinkers. We will never wait for someone else to step forward to get a job done. We have been candidates and leaders rather than just members. We have held offices, taken other responsibilities and are accomplished. We have merited special scholastic awards, honors and other significant achievements. We are poised with some sense of maturity and can express ourselves. Our appearance is neat and clean. We have wonderful parents who care about us. We have dedicated teachers and principals. We are willing to cooperate. We work part time at various jobs, cutting grass, delivering newspapers, shoveling snow, babysitting, running errands, helping senior citizens and mentally retarded. You will find us filling baskets for the poor, having garage sales and donating the money to MS, a disease my own mother has. I know what it's like to care for her when she has an attack. We donate our time to worthwhile causes because you have set an example for us to follow. We are interested in politics and volunteer our services to political candidates. We are not into drugs, alcohol or

free sex. We have self-esteem. We know who we are and where we are going. We are not about to throw away our life. We realize our futures are at stake. We cry out for recognition and the right guidance on our paths to maturity. We are trying to become the very best we can be. We know we can become the President of the United States. Your faith in the youth of America is really great. If more people would follow your example at looking at the good side of youth, it would help us use our abilities to make the world an even better place to live. I appear before you today not only in my capacity as Mr. Junior Citizen, but more importantly, as a spokesman for the silent majority of good young men and women. Our message is quite clear. Put your minds at ease and feel confident that the future of this great state and nation will ultimately be in the hands of the junior citizens of today, the leaders of tomorrow. Thank you."

Speaker McPike: "That young man is 13 years old."

Sandy Dorgan: "And our Miss Junior Citizen has a very short message for you. Elizabeth Johnson."

Elizabeth Johnson: "Adolph and I would like to thank the sponsor of the Junior Citizen Program, Palos Bank and Trust and our initiator of the program, Sandy Dorgan. Also, the Governor of the State of Illinois, Governor Thompson, Speaker of the House, Michael Madigan, State Representative Jane Barnes and State Representative John McNamara. We would also like to thank all of you for making this day a memory that will never be forgotten."

Speaker McPike: "Representative Hastert."

Hastert: "Mr. Speaker, just an inquiry of the Chair. Before I put my mind at ease about the youth of America, I want to know whose district that young man lives in."

Speaker McPike: "What district are these two children from? From

Representative Barnes' district and Representative McNamara's. You have nothing to worry about, but they do, I think."

Hastert: "Thank you."

Speaker McPike: "Representative Ropp."

Ropp: "Yes, Mr. Speaker, I just wanted to reiterate to the Members of the House that some of us have been continuing to exemplify that short people do have tremendous talent and tremendous ability as has been exemplified by this young man today."

Speaker McPike: "Representative Brunsvold."

Brunsvold: "Thank you, Mr. Speaker. Representative Hastert and myself are members of the Governor's Council on Health and Physical Fitness. On your desk you will find an apple and a card regarding the Legislators' Fitness Day. Now, many of you took part in this program last year. We'd ask everyone this year to sometime tomorrow between 7:30 and 2:00 p.m. take part in the test, seven items that are listed on the card, as far as fitness in Illinois. Now, this program extends to businesses, schools, there's a program of running around the state. There's many, many, many facets of physical education that the Governor's Council is involved with. Tomorrow starting at 7:30 - and if you plan to have a blood test, you should have a 12 hour fast. So that means... give you 12 hours from 7:30 tonight to prepare for the test at 7:30 in the morning. So, we'd like to see everyone in Room 114 tomorrow between 7:30 a.m. and 2:00 p.m. to take part in Legislators' Fitness Day. Thank you, Mr. Speaker."

Speaker McPike: "Representative Piel."

Piel: "Thank you, Mr. Speaker. Would the record show that Representative McAuliffe is excused today?"

Speaker McPike: "Yes, thank you. Representative Van Duyne."

Van Dwyne: "Yes, yes, thank you, Mr. Speaker. I'd like to have everyone who is on the Counties and Townships Committee to know, if I might jump the gun a little bit and say that we are not going to meet today. We are not going to meet today. Counties and Townships."

Speaker McPike: "Representative Satterthwaite."

Satterthwaite: "Mr. Speaker and Members of the House, the Higher Education Committee, which is meeting at 4:00 today, will have a presentation by Larry 'Mattica' from the Illinois State Scholarship Commission on the effect of the 'Graham - Rudman' and other federal changes for federal aid to students. If any of the Members are having questions from their constituents and would like to join us for that presentation today in Room 118 at 4:00, we would certainly welcome their attendance."

Speaker McPike: "Committee Reports."

Clerk O'Brien: "Representative Terzich, Chairman of the Committee on Executive, to which the following Bills were referred, action taken April 16, 1986, reported the same back with the following recommendations: 'do pass' House Bill 2966; 'do pass Consent Calendar' House Bills 2486, 2621 and 3156; 'do pass Short Debate Calendar' House Bill 2528. Vinson: "It's of substantial import. At 3:00 this afternoon in the Senate chambers, the Illinois AIDS Interdisciplinary Advisory Council will reveal their recommendations for dealing with the AIDS crisis and the AIDS problem in Illinois. genesis and ramifications of this report. It's important to be there as well as read it and so I would urge your attendance."

Speaker McPike: "Representative Cullerton, are you... you ready? Page 2 of the Calendar, House Bills Second Reading. House Bill 347, Representative Hawkinson. Read the Bill, Mr. Clerk."

Clerk O'Brien: "House Bill 347, a Bill for an Act to amend the Pharmacy Practice Act. Second Reading of the Bill. No Committee Amendments."

Speaker McPike: "Any Floor Amendments?"

Clerk O'Brien: "Floor Amendment #1, offered by Representative Shaw, amends House Bill 347 on page one in line one."

Speaker McPike: "Gentleman from Cook, Representative Shaw, Amendment #1."

Shaw: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. Amendment #1... what Amendment #1 does, in light of the capsule crisis around the country and those in Illinois... could we... could we get the attention of the House? Mr. Speaker, could we get the attention of the House?"

Speaker McPike: "Proceed, Representative Shaw."

Shaw: "Yeah, what Amendment #1 does, we... last year and about three years ago, we had some people in this state, particularly three years ago, to die as a results of capsule... Tylenol, taking... Tylenol in capsules and what... and it was... and what this Amendment will do is remove from the sale of over the counter capsules where that the public can just readily walk in and have access to those drugs... capsules and make it where that a licensed pharmacist would have to... Where they would have to be dispensed by a licensed pharmacist. Now, as all the... as all of the people know... Members know that we have had a

HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

real crisis in this state as a results of Tylenol capsule and it seems as though to me that this Body should enact legislation such as we... such as I have here that would reduce the possibility of someone coming in poisoning capsules. And by adopting this Amendment, it would put the control of the capsule drugs under the direct control of the pharmacist so therefore, we don't have to spend the millions of dollars that we have spent over the last few years trying to find out who poisoned the capsule. This Amendment would take care of that. It only affects the capsule drugs. It doesn't affect any other drugs and I think it's a good Amendment, and I would urge the Members of this House to vote for... to... for this Amendment."

Speaker McPike: "Gentleman moves for the adoption of Amendment #1. Is there any discussion? Gentleman from St. Clair, Representative Stephens."

Stephens: "Will the Sponsor yield for a question?"

Speaker McPike: "He will."

Stephens: "Representative Shaw, the... Do you have proof that the tampering that has taken place in the Tylenol capsules and other instances have taken place in the pharmacy?"

Shaw: "No, I don't have any proof and neither do... does anyone else that it hasn't taken place there."

Stephens: "Well, that's a very good point, but... but the fact..."

Speaker McPike: "Representative Stephens."

Stephens: "The fact remains that there is no proof that any tampering is being done in the pharmacy and I would also add that as a registered pharmacist myself, I'd certainly stand to gain financially if we limited the sale of capsules to members of my profession. Obviously, pharmacists, if they were just looking at financial gain, would support your Amendment, but the Illinois Pharmacists'

Association has taken a position against your Amendment and the reason is that it would serve no good purpose. It would... What you would be doing is giving the public the false security that just because they bought the capsules from a pharmacist that their life would not be in danger. And that could not be guaranteed because first of all, we do not know the source of any tampering and secondly, there are other sources of products that can be tampered with and I will just give you one simple example and that is an orange. Anyone can tamper with an orange, contaminate the product, distribute it and if you are suggesting that every product that could possibly be tampered with be sold by pharmacists, you are going to put a lot of retailers out of business, make a lot of pharmacists rich, but that's not the purpose of the practice of pharmacy, to make individuals rich. We are here to serve the public and I object to your Amendment. It would ruin a good Bill and I would ask the Members on both sides of the aisle to join me in defeating the Amendment."

Speaker McPike: "Gentleman from Knox, Representative Hawkinson."

Hawkinson: "Thank you, Mr. Speaker. I also rise in opposition to the Amendment and I would ask for a Roll Call vote."

Speaker McPike: "Gentleman from DuPage, Representative McCracken."

McCracken: "Thank you, Mr. Speaker. To the Amendment, I rise in opposition to the Amendment for the reason articulated by Representative Stephens. This has not been proved to be a safety measure which will result in the cessation of these strings of poisonings. As was admitted candidly by the Sponsor, there is no proof that the poisoning occurred at the retail level. He does not tell us that, in fact, that was the case. He will make drugs much more expensive for the people most in need of them, especially senior

citizens, and given the fact that it does not necessarily answer the question of safety and the fact that it would result in far more costly drugs available to people who need them, I ask the General Assembly to oppose the Amendment."

Speaker McPike: "Representative Shaw, to close."

Shaw: "The intent of this Amendment is to protect the people of this state and one of the things... one of the things that I'd like to point out that as a results of all of the... all of the deaths that has resulted from Tylenol poisoning, Tylenol... the pharmaceutical house that make Tylenol has removed it from the market and it stands to reason that... if the capsules is out there where the... have access where the public can just go right in there and tamper with those capsules that it's a possibility that they could be poisoned right there in the store. We don't know where they are poisoned at, but I think that the people of this state... this legislation would give the people of this state an opportunity to take the drugs, capsule drugs... and we are not only talking about Tylenol. We are talking about all capsule drugs. And senior citizens of this state take a lot of capsule drugs and I would like to make it safe for them and I think that this Body would like to make it safe. And I urge this Body to vote and put this Amendment on where that the people of this state and especially senior citizens can go to bed and sleep well at night."

Speaker McPike: "The Gentleman moves the adoption of Amendment #1. All those in favor signify by saying 'aye', opposed 'no'. The 'nos' have it and the Amendment is defeated. vote 'no'. Representative Shaw, to explain your vote. Representative Shaw, did you want to explain your vote? Have all voted who wish? Representative Leverenz, to explain his vote. Leverenz."

Leverenz: "I would simply encourage the Sponsor to start explaining something."

Speaker McPike: "Have all voted who wish? Have all voted who wish? Clerk will take the record. On this Amendment there are 10 'ayes', 94... 10 'ayes', 95 'nos' and the Amendment fails. Further Amendments?"

Speaker McPike: "Representative Countryman, Amendment #2."

Countryman: "Thank you, Mr. Speaker. The substance of the Bill is to reduce or eliminate the six month period required that parties live apart for obtaining a divorce for irreconcilable differences. When the Bill passed the Judiciary Committee, I had recommended that we add a period that they must have lived separate and apart for at least 30 days. It's my thought that the sixth month has promoted, in essence, fraud and deceit on the court because people would lie about it, but 30 days is a period of time which is reasonable enough and causes people to think about whether or not they really want to live separate and apart. And for that reason, I have suggested the Amendment to Representative Slater and he's agreed to accept that Amendment. And I would ask for its adoption."

Speaker McPike: "Gentleman moves for the adoption of Amendment #2. Any discussion? Representative Cullerton."

Cullerton: "Yes. Will the Sponsor yield?"

Speaker McPike: "He indicates he will."

Cullerton: "Representative, was this Amendment discussed in Committee?"

Speaker McPike: "Representative Countryman."

Countryman: "Yes, it was. I discussed it between the Members at the time the Bill was voted out."

Cullerton: "Could you... I couldn't hear you when you gave your explanation. This is Amendment #... #2?"

Countryman: "Amendment #2. The Bill would eliminate the six month period where parties must live separate and apart. The Amendment would... and the Bill eliminate... would eliminate it in total. So, in essence, they could say they were living separate and apart today, go get a divorce today. The Amendment would require that they live separate and apart for 30 days prior to the time that they could go

Preston: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. This is a technical Amendment that was in accordance with the recommendations at Committee hearings. What the Amendment does is permit... as does the original Bill, permit a court to protect the identity of a juvenile victim of sexual abuse so that his or her name is not disclosed and dragged through newspapers disclosing the

name and address of that individual, much to their horror. And the wording here was at the recommendation of some Members of the Judiciary II Committee and I'd ask for the Amendment to be adopted, Mr. Speaker."

Speaker McPike: "The Gentleman moves for the adoption of Amendment #1. Is there any discussion? Alright. Representative Cullerton."

Cullerton: "Yes, Representative, would you just yield for a question? At what stage would the court be... would this Amendment affect... at what stage of the proceedings would this Amendment come into play? When would the court order... make this order?"

Preston: "The stage would be at trial. The... as far as the Amendment is concerned. The original Bill takes the identity out of some of the other records, but at the trial, the court can order that the... can order the news media and others not to disclose the identity of a juvenile victim, much the same or exactly the same as they now protect the identity of juvenile offenders. And the language in this Amendment was taken from the legislation, the existing law on juvenile offenders."

Cullerton: "And what is the position of the Illinois Press Association with this denial of them the right to have information about the identity of a victim of a criminal offense?"

Preston: "I honestly... I honestly can't answer that. I saw..."

Cullerton: "I know you... You do confer with them? You do confer with that Association on occasion?"

Preston: "Yes, yes, I do. I'm not certain if they have taken a position against this. They have taken so many positions lately that it's hard for me to keep track of what they are for and against. I... Honestly, I don't know the answer to that. I think they were against a similar proposal last

year, but I'm not certain they were... that they are against this proposal."

Cullerton: "So, what you are saying is that at a trial, if they... the court, in considering the child's protection and for good cause shown, I assume that this would be done on behalf of the state's attorney? State's attorney would make this Motion?"

Preston: "Or on the court's own Motion."

Cullerton: "Yes, alright. They can prohibit any person or agency present in court from further disclosing the child's identity?"

Preston: "That's correct."

Cullerton: "That would mean the defendant's, as well?"

Preston: "No, the child here is the juvenile victim witness. The offender is already protected by existing legislation."

Cullerton: "I know, but I mean the defendant could be barred from disclosing the child's identity?"

Preston: "Oh, yes, could be. The court could enter an order prohibiting anyone from disclosing the child's identity, which is what they typically do now in regards to... when the offender is a juvenile."

Cullerton: "When you say from further disclosing, you mean in perpetuity or just for the length of the trial?"

Preston: "No, this would be beyond the length of the trial."

Cullerton: "Right, okay, thank you."

Amendment #1 to House Bill 2581 again makes changes that were recommended in the Judiciary II Committee to conform the language of the Bill to its intent and that's what Amendment #1 does. It's changing some of the language of prosecuting attorneys to make it clear that the attorneys that are present during the video taping of a child victim's testimony for later introduction into evidence is the prosecuting attorney and defense counsel and making other language changes."

Speaker McPike: "Gentleman moves for the adoption of Amendment #1 and on that, Representative Cullerton."

Cullerton: "Yes, I have a question about the Amendment. On page two, line 34, you are adding some language after the word 'testify'?"

Speaker McPike: "Representative Preston, are you listening?"

Preston: "I'm sorry. No, I did not hear the question."

Cullerton: "Page two of the Bill..."

Preston: "Yes."

Cullerton: "... and the last word on the page is the word 'testify' and you are inserting some language after that... that word. Is that correct?"

Preston: "Yes."

Cullerton: "So it would read, 'The child may not be required to testify in the presence of anyone other than those who are authorized by this Act to be present when testimony is taken.'"

Before the adoption of this Amendment, the language of that line, if the court orders the testimony of a child to be taken under the Section, the child may not be required to testify in court at the proceeding for which the testimony was taken is unclear. We tried and I think we succeeded in changing the language to make it... make the intent clear."
