

STATE OF ILLINOIS
84th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

28th Legislative Day

April 23, 1985

Speaker Breslin: "House will come to order. Members will be in their seat. The Chaplain for today will be the Reverend Duane Mevis, pastor of the Wesley United Methodist Church of Naperville, Illinois. Pastor Mevis is the guest of Representative Mary Lou Cowlshaw. Will the guests in the gallery rise and join us in the invocation?"

Reverend Mevis: "Let us pray. O God, we pause to thank You for this good land, for our heritage within it. We know You as the one who brought order out of chaos at the beginning of time and we thank You for those here and everywhere who daily put the common good above personal gain. We thank You for seeds of freedom, justice and righteousness that continue to find places to root and grow. We pray for our president, our national leaders and especially now for our State Legislators. Remember them with Your mercy, as they are often confronted with great pressures, appealing temptations and difficult choices. Give them wisdom in thinking, truth in speaking and love in their hearts. Help them and all of us always to set the interests of community above those of party, the interests of nation above those of community and faithfulness to You above everything else. And grant that at the end of the day we may win the approval of our own conscience and the respect of our peers and Your 'well done'. May we all live constantly in the joy of Your presence. This we ask for Your love's sake. Amen."

Speaker Breslin: "We will be led in the Pledge by Representative Ropp."

Ropp - et al: "I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all."

Speaker Breslin: "Roll Call for Attendance. Have all recorded themselves as they wish? The Clerk will take the record. Let the record show that there are 116 Members answering 'present' to this Roll Call and a quorum is present. Representative Matijevich, to you have any excused absences?"

Matijevich: "Yes. Let the record show that Representative Jesse White is excused for absence today."

Speaker Breslin: "Representative McCracken, do you have any excused absences, Sir?"

McCracken: "Just one, Madam Chairman. David Harris."

Speaker Breslin: "Thank you very much. Ladies and Gentlemen, on page 13 on your Calendar appears the Consent Calendar, Second Reading Second Day. Mr. Clerk, read the Bills."

Clerk O'Brien: "House Bill 802, a Bill for an Act to amend the Illinois Municipal Code. Second Reading of the Bill. House Bill 1165, a Bill for an Act to amend the Illinois Insurance Code. Second Reading of the Bill."

Speaker Breslin: "Are there any Amendments filed?"

Clerk O'Brien: "No Amendments."

Speaker Breslin: "Third Reading. House Bill 1165. We have moved all... both of the Bills on the Consent Calendar now to Third Reading. Agreed Resolutions."

Clerk O'Brien: "House Resolution 244, offered by Representative McGann. 245, by Representative Ropp. 246, by Representative Ropp. And 247, by Representative Matijevich - et al. And Senate Joint Resolution #40, offered by Representative Oblinger."

Speaker Breslin: "Representative Giorgi, on the Agreed Resolutions."

Giorgi: "Madam Speaker, House Resolution 244, by McGann, commends Al Robinson. 245, by Ropp, congratulates the men's basketball team. 246, by Ropp, the women's basketball

team. 247, by Matijevich, honors Emily 'Merlock'. And Oblinger's Senate Joint #40 lauds Frank 'Belrose'. And I move for the adoption of the Agreed Resolutions."

Speaker Breslin: "The Gentleman has moved for the adoption of the Agreed Resolutions. Hearing no objections, the Agreed Resolutions are adopted. Ladies and Gentlemen, on your Calendar, on page four, appears House Bills Second Reading, Short Debate Calendar. House Bill 294, Representative Steczo. Clerk, read the Bill."

Clerk O'Brien: "House Bill 294, a Bill for an Act to amend Sections of the Illinois Emergency Services and Disaster Agency Act. Second Reading of the Bill. Amendment #1 was adopted in Committee."

Speaker Breslin: "Are there any Motions filed?"

Clerk O'Brien: "No Motions filed."

Speaker Breslin: "Are there any Floor Amendments?"

Clerk O'Brien: "Floor Amendment #2, offered by Representative Steczo, amends House Bill 294 on page one by deleting line one and so forth."

Speaker Breslin: "Representative Steczo."

Steczko: "Thank you, Madam Speaker, Members of the House. House Bill 294, as amended, seeks to address a problem as it relates to emergency services and disaster agencies created in townships in Cook County. With the adoption of Amendment #1, there were a few problems created which has... which needed to be discussed between the State Emergency Services and Disaster Agency and the County of Cook. With Amendment #2, those problems have been answered and basically what Amendment #2 does is to provide that the townships who wish to create an emergency service and disaster area in Cook County must, within thirty days after the enactment of this law, provide a copy of the report to the State ESDA, and must also have an approved report, and

approved plan on file with the Cook County Sheriff's Office. It makes it really applicable to only one township in Cook... in Cook County... a township which currently does have and is the only township in the state that does have an emergency services and disaster agency. And I would move for the adoption of Amendment #2."

Speaker Breslin: "The Gentleman has moved for the adoption of Amendment #2 to House Bill 294, and on that question, the Gentleman from Cook, Representative Piel. Remember this Bill is on Short Debate."

Piel: "Would... Thank you, Madam Speaker. With the diligence of the House, I would like to ask some questions in reference to the Amendment."

Speaker Breslin: "Proceed."

Piel: "Terry, what do you... Who is setting up as the county coordinator. I know it's got to have the approval prior to with the county coordinator."

Steczo: "Representative Piel, could you restate that, please?"

Piel: "Thank you, Madam Speaker. Basically, the township must have the approval of the county coordinator prior to establishing... the county coordinator is who?"

Steczo: "The county coordinator is the Sheriff of Cook County."

Piel: "Okay, then this would only take effect then in Cook County, correct?"

Steczo: "That's correct."

Piel: "Okay, now could you also explain the disaster plan that has to be on file, the township's disaster plan with the county that has to be on file in counties of more than one million."

Steczo: "Representative Piel, it's the same disaster plan that currently all municipalities that have an emergency services and disaster agency have to keep on file. It's a detailed plan of how they plan to deal with various

emergencies that arise."

Piel: "Fine. Thank you very much."

Speaker Breslin: "There being no further discussion, the question is, 'Shall Amendment #2 to House Bill 294 be adopted?' All those in favor say 'aye', all those opposed say 'nay'. In the opinion of the Chair, the 'ayes' have it and the Amendment is adopted. Are there any further Amendments?"

Clark O'Brien: "No further Amendments."

Speaker Breslin: "Third Reading. House Bill 375, Representative Hicks. Representative Hicks. Out of the record. House Bill 394, Representative Barnes. Clerk, read the Bill."

Speaker Breslin: "Are there any Motions filed?"

Clerk O'Brien: "Motion to table Amendment #1 to House Bill 33, by Representative Vinson."

Speaker Breslin: "Representative Vinson."

Vinson: "Madam Speaker, has the State Mandates Act note been filed in relationship to this Bill?"

Speaker Breslin: "Our Calendar indicates that it has been."

Vinson: "So we are proceeding on my Motion to table the Gentleman's Amendment?"

Speaker Breslin: "That is correct."

Vinson: "Madam Speaker and Members of the Assembly, the Gentleman's Amendment is an Amendment which has a negative impact on the concept of home rule in the State of Illinois. Now, it is also true that the Bill has a negative impact on the concept of home rule in the State of Illinois, but the Amendment doesn't cure that problem as it might have been intended to do and he needs a much better Amendment to do that. The Bill still involves, even with that Amendment, adverse impact limitation of home rule powers and mandates on home rule units of government and other local units of government in the State of Illinois. I don't believe that we should permit this Amendment to go with the Bill because if we take this Amendment off the Bill, the Gentleman will have to come in with a Bill... with an Amendment which absolutely cleans up the Bill and removes the impact and the cost on home rule and local units of government. Now, the Speaker has been most forthright in condemning past efforts in this General Assembly to impose impacts on local units of government which raise costs for taxpayers at those local levels of government and he has adopted a program to strike at any possibility that this General Assembly might continue its war on local governments. This Amendment that is on the

STATE OF ILLINOIS
84th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

28th Legislative Day

Bill now is part of a concerted effort against local government in the State of Illinois. By supporting my Motion to table you will be effectuating your constituents desires that we place local power in local hands and that we stop passing sweeping mandates and shipping the bill to the local taxpayers. I would urge a 'yes' vote on the Motion to table the Amendment."

Speaker Breslin: "The Gentleman has moved to table Amendment #1 to House Bill 33, and on that question, the Gentleman from Cook, Representative Terzich."

Terzich: "Yes, Madam Speaker. I wish I knew what the previous speaker was talking about. It was certainly kind of confusing. Amendment #1, which was adopted unanimously in Committee, simply would stipulate that... which is pertaining to the Indoor Clean Air Act, which was stated that it did not affect any home rule mandates and, therefore, the mandate wasn't even required, as stated by the... under the State Mandate Act. What the Amendment only did is that it allows local government organizations to enact more strict no smoking regulations than those that are provided under the legislation. I'm sure that all of us are aware that some local units of government may want to incorporate no smoking because of either health or safety rules and, therefore, this Amendment simply allows the local unit of government to do that and certainly is necessary on this legislation and I would move that we vote against the Motion to table Amendment #1."

Speaker Breslin: "Representative McCracken, to the Motion."

McCracken: "Thank you, Madam Speaker. I rise in support of the Motion and cite Rule 42 to the House, where it holds that no Bill denies or limits any power or function of a home rule unit unless there is specific language limiting or denying that power. The fact of the matter is that House

STATE OF ILLINOIS
84th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

28th Legislative Day

Bill 33, as amended with #1, falls within Rule 42. So the question becomes, 'Do you want to fully exempt or not have applied to home rule units HB 33 and then make it a simple 60 or 61 vote majority for passage or do you want to leave Amendment #1 on?' It... Amendment #1 specifically, explicitly applies to home rule units of government and allows them to pass only more restrictive measures. It is clearly a preemption of home rule authority and if it on Third Reading does not receive 71 votes, then it would be appropriate to declare it not passed. So I move to table it at this time and you can proceed with a Constitutional Majority. I support the Motion to table."

Speaker Breslin: "There being no further discussion, Representative Vinson to close."

Vinson: "Thank you, Madam Speaker. I would urge a favorable vote on this Motion to table an Amendment. I offer the Motion to table the Amendment because its time that we stopped imposing sweeping mandates on local government and shipping the Bill to the property taxpayers to pay for those mandates. Amendment #1 continues the thrust of that program and I urge an 'aye' vote for my Motion to table, which will take Amendment #1 off the Bill and compel the Sponsor to deal responsibly with the subject of mandates and local cost."

Speaker Breslin: "The question is, 'Shall Amendment #1 to House Bill 33 be tabled?' All those in favor vote 'aye', all those opposed vote 'no'. Voting is open. Representative Terzich, for what reason do you rise?"

Terzich: "Well, yes, as I mentioned that I am... I am not in favor and I hoped that we would get a 'no' vote on this Motion. This, of course, is my legislation and I would rather have the Bill passed with..."

Have all voted who wish? The Clerk will take the record. On this question there are 48 voting 'aye' and 50 voting 'no'. Representative Vinson, for what reason do you rise?"

Clerk O'Brien: "Floor Amendment #2, offered by Representative Piel, amends House Bill 33 on page one, line 27 by inserting after the period the following: 'Public place and so forth'."

Speaker Breslin: "Mr. Clerk, has this Amendment been printed and distributed? It has been printed and distributed. Mr... Would someone give Representative Terzich a copy of Amendment #2, please? Yes, Representative Terzich, the Amendment was filed just before we began on your Bill, but it has been printed and distributed. Representative Piel, on Amendment #2."

Piel: "Thank you, Madam Speaker, Ladies and Gentlemen of the House. Amendment #2 basically is clarifying language that a public place does not mean a retail establishment that derives 75 percent of its income from the retail sale of alcoholic liquor, which means a... basically what we are doing is a bar that sells sandwiches would be classified in this category. And all that... the clarifying language on this is basically, you know, clarifying as far as what a liquor establishment or a bar is classified as and I'd ask for a... you know, affirmative vote on Amendment #2 on House Bill 33."

Speaker Breslin: "The Gentleman has moved for adoption of Amendment #2 to House Bill 33, and on that question, the Gentleman from Cook, the Sponsor, Representative Terzich."

Terzich: "Yes, Madam Speaker. I oppose Amendment #2. Basically, the Amendment is nothing more than dilatory anyhow. It was

STATE OF ILLINOIS
84th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES

just filed five minutes ago and I don't know how it got printed and distributed, but the... this would simply ... the public place means any indoor... enclosed indoor area used by the public. You don't need any 75 percent of retail establishments. It is specifically outlined in the Bill and the Bill should be voted on as is and not some frivolous Amendment... 75 percent of the liquor sales. And so I would move that we do not adopt Amendment #2 and vote 'no'."

Speaker Breslin: "There being no further discussion, Representative Piel is recognized to close."

Piel: "Thank you, Madam Speaker, Ladies and Gentlemen of the House. Madam Speaker, could we have some order here, please? It's beyond my comprehension why the Sponsor is opposing this Amendment. If he is in a situation where he says he hasn't had a chance to read the Amendment, hey, I'm willing to hold the Amendment and come back to the Bill tomorrow or later on today when he has had a chance to read it. But as far as, you know, using as an excuse he hasn't had a chance to read the Amendment when it has been printed and distributed on the Members desks, I mean that's sort of a flimsy excuse. What this basically states according to the Bill the way it is written right now, that a bar, tavern is classified as a public place. Very few times do you go into a bar where there are not people smoking. And this would just be exempting a establishment that has... 75 percent of its income is derived from liquor sales being exempt from this Act. It does not exempt a restaurant, like the Gentleman was a little bit worried about that before. It doesn't exempt a restaurant, but it does exempt a bar. And I think it is a good Amendment. It's a fair Amendment. I was, you know, the Gentleman was in a discussion with Representative Vinson before. I'd be more

than happy to talk to him. If he has questions as far as the Amendment, I'll be more than happy to hold the Amendment until he has a chance to read it. But I would ask for a favorable Roll Call and I would ask for a Roll Call on this, Madam Speaker, on Amendment #2, please."

Speaker Breslin: "The question is, 'Shall Amendment #2 to House Bill 33 be adopted?' All those in favor vote 'aye', all those opposed vote 'no'. Voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there are 51 voting 'aye' and 57 voting 'no'. Representative Piel, for what reason do you rise?"

Piel: "I'd like to verify the negative, please."

Speaker Breslin: "The Gentleman wishes to verify the Negative Roll Call. Would you read the Negative Roll Call? Poll the Negative Roll Call, Mr. Clerk. Representative Terzich, for what reason do you rise?"

Terzich: "Well, it's another dilatory tactic, but if... if it should... if the vote changes, I would like to have a verification also."

Speaker Breslin: "Surely, Representative. Representative Brookins asks leave to be verified again. Is that okay, Representative Piel? Very good."

Clerk O'Brien: "Poll of the Negative Roll Call. Alexander. Berrios. Bowman. Braun. Breslin. Brookins. Brunsvold. Bullock. Capparelli. Cullerton. Currie. Dunn. Farley. Flinn. Flowers. Giglio. Giorgi. Speaker Breslin: "Yes, you did."

Piel: "Representative Levin."

Speaker Breslin: "Representative Levin is in the Chamber."

Piel: "No further questions, Madam Speaker."

Speaker Breslin: "Mr. Clerk, can you tell us what the count is?
On this Amendment, there are 53 voting 'aye' and 54 voting
'no' and the Amendment fails. Are there any further

Woodyard: "Yes. Representative, the original Bill, a Bill sponsored by Representative Hicks and myself regarding lights on snowplows and that kind of equipment in the Bill it refers to use of this equipment on a roadway. Department of Transportation felt that we should use the word highway rather than roadway. And so that's all the Amendment does is change from roadway to highway."

Cullerton: "Did they say what the difference... Did they explain what the difference was between a roadway and a highway?"

Woodyard: "I have never been able to fathom what Illinois Department of Transportation thinks in their interpretation of this."

Cullerton: "Okay, fine. Thank you."

Speaker Breslin: "There being no further discussion, the question is, 'Shall Amendment #1 to House Bill 639 be adopted?' All those in favor say 'aye', all those opposed say 'nay'. In the opinion of the Chair, the 'ayes' have it and the Amendment is adopted. Are there any further Amendments?"

Speaker Breslin: "The Lady moves to table Amendment #... or table House Bill 741, of which she is a Chief Sponsor. Hearing no objection, the Bill is tabled. Ladies and Gentlemen, on page eight on your Calendar is House Bills Third Reading, Short Debate Calendar. House Bill 31, Representative McNamara. Out of the record. House Bill 47, Representative Leverenz. Out of the record. House Bill 120, Representative Friedrich. Clerk, read the Bill."

Clerk O'Brien: "House Bill 120, a Bill for an Act to amend Sections of the Real Estate Transfer Tax Act. Third Reading of the Bill."

Speaker Breslin: "Representative Friedrich."

Friedrich: "Under the present law, Mr. Speaker and Members of the House, when there is a foreclosure under the present law, the financial institution has to pay revenue stamps to get the title in their name and then turn around and pay revenue stamps when the property is sold. This merely exempts the foreclosure procedure itself from the revenue stamps and as far as I know, there is no opposition to it."

Speaker Breslin: "The Gentleman has moved for the passage of House Bill 120, and on that question, is there any discussion? The Gentleman is moving for final passage, Ladies and Gentlemen. There being... The Gentleman from Cook, Representative O'Connell, on the Bill."

O'Connell: "Madam Speaker, I could not hear the explanation of the Bill. May I ask for..."

Speaker Breslin: "Your point is well-taken, Representative O'Connell."

O'Connell: "And I have a question after the explanation."

Speaker Breslin: "Ladies and Gentlemen, we are on Third Reading at final passage stage on these Bills. Members cannot hear the debate unless you lower your tone of voice and your conversation. Representative O'Connell has a question of

HOUSE OF REPRESENTATIVES

the Sponsor of the Bill, Representative Friedrich. Please proceed, Representative O'Connell."

O'Connell: "I'm sorry, Representative. I didn't hear the explanation, but I thought that this would remove the transfer tax on sales pursuant to foreclosure actions."

Friedrich: "It would remove it at the time of the foreclosure, but the lending agency that took possession of the property would have to pay the tax when it sells it or transfers to someone else. It eliminates a double tax actually."

O'Connell: "So presently, there would be a transfer tax when the person who foreclosed the property obtained title to the real estate?"

Friedrich: "There is now, but... and then he pays it twice. He pays it again... when he gets it and then again when he sells it. This would leave the tax in when he sells it."

O'Connell: "But the person who is obtaining title pursuant to the foreclosure action isn't necessarily the same person that would be selling the property a second time."

Friedrich: "Well, I can't think of a situation like that. The one who forecloses would get title in their name and then they would have to sell it to transfer it to someone else and at that time he pays the revenue stamps, the same as any other seller."

O'Connell: "But the seller pays the transfer tax, right?"

Friedrich: "Right."

O'Connell: "Well, who pays it in the case of a foreclosure?"

Friedrich: "Well, the one who forecloses, in this case, and then he has to turn around and pay it again when he sells it. So it's a double tax as it stands now. This merely amends it so that he would pay it at the time that he sells it to a bonafide purchaser."

O'Connell: "Thank you."

Speaker Breslin: "There being no further discussion, the question

is, 'Shall House Bill 120 pass?' All those in favor vote 'aye', all those opposed vote 'no'. Voting is open. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there are 79 voting 'aye', 23 voting 'no' and 7 voting 'present'. This Bill, having received the Constitutional Majority, is hereby declared passed. House Bill 190, Representative Leverenz. Out of the record. House Bill 228, Representative Zwick. Clerk, read the Bill."

Clerk Leone: "House Bill 228, a Bill for an Act to amend the Vehicle Code. Third Reading of the Bill."

Speaker Breslin: "Representative Zwick."

Zwick: "Thank you, Madam Speaker, Members of the House. House Bill 228, as amended in Committee, requires that all garbage trucks, both new and old, would be equipped with an automatic backup signal which would make a sound that is audible from the rear of the truck automatically when the garbage truck backs up. This was brought about by several accidents which have taken place in the last few years resulting in both injury and death to various people including... mostly children, to be quite honest with you. I felt that it was necessary that all garbage trucks because of the size of the garbage trucks and the difficulty of a driver seeing behind him when he does back up that it is necessary that all garbage trucks make this noise. All large equipment currently is mandated to have this. Garbage trucks were just small enough that they slipped out from under the OSHA Federal requirements. So we would like to require this at the state level. And I know of no opposition to this Bill at the current time. I thank you very much and request your support."

Speaker Breslin: "The Lady has moved for passage... the Lady has moved for passage of House Bill 228, and on that question,

There are therefore 102... and Representative Barnes wishes to vote 'aye'. There are 103 voting 'aye', 7 voting 'no' and none voting 'present'. Clerk Leone: "House Bill 241, a Bill for an Act to amend an Act in relationship to infrastructure revolving loan fund. Third Reading of the Bill."

Speaker Breslin: "Representative Ronan."

Ronan: "Thank you, Madam Speaker and Members of the House. I'd like to call the Bill back for an Amendment."

Speaker Breslin: "The Gentleman has asked that this Bill return to the Order of Second Reading. Hearing no objection, the Bill is on the Order of Second Reading. Mr. Clerk, are there any Amendments filed?"

Clerk Leone: "Amendment #1, Ronan, amends House Bill 241 on page one and so forth."

Speaker Breslin: "Representative Ronan."

Ronan: "Thank you, Madam Speaker. This is a very simple Amendment. We were going to put it on in Committee, but it wasn't prepared in time so I'd like to add it now on the floor. Basically, what it does is it expands the coverage of what this legislation would handle dealing with infrastructure rebuilding where we can also include financing for transit and solid waste facilities. It also clarifies some further language dealing with community

involvement. I'll be glad to answer any questions concerning the Amendment."

Speaker Breslin: "The Gentleman has moved for the adoption of Amendment #1 to House Bill 241, and on that question, the Gentleman from DeWitt, Representative Vinson."

Vinson: "I wonder if the Sponsor might yield for a question?"

Speaker Breslin: "He will yield for a question."

Vinson: "Representative, do I understand the Amendment to mean that you have given up on the idea of getting money from the Federal Government and now you are after some state source of funds for infrastructures?"

Ronan: "No, Representative Vinson. I have tremendous faith in the Reagan administration. I'm going to take your lead and I'm going to put my future in Ronald Reagan's hands and I assume that he's going to just send a big pot of money here to Illinois."

Vinson: "And is the real purpose of the Amendment... is the next one going to be a build Illinois Amendment?"

Ronan: "Representative Vinson, as you are well aware, we are for build Illinois, as long as those dollars go where they are needed, including your county and some of the other fine counties in this state because I know it's going to go to your county."

Vinson: "Thank you."

Speaker Breslin: "Representative Mautino, on the Amendment."

Mautino: "Will the Gentleman yield?"

Speaker Breslin: "He will yield for a question."

Mautino: "Representative Ronan, would you please explain to me the provisions on the twenty percentiles used in the categories for those communities that can use these funds?"

Speaker Breslin: "Representative Mautino, do you have a question of Representative Ronan?"

Mautino: "I posed my question, Madam Speaker. I didn't get a

response yet."

Ronan: "Yeah, Madam Speaker. I'm looking at the Amendment right now. I'll be right there with a response. The intent of the Amendment, it says that 20 percent of the financing of this program must be given to 20 percent of the communities in this state who are most in need of it. So it limits it to 20 percent of the financing of the program."

Speaker Breslin: "Representative Mays, to the Amendment."

Mays: "Thank you very much, Madam Speaker. Will the Sponsor yield for a question?"

Speaker Breslin: "The Gentleman will yield for a question."

Mays: "This is more or less a followup on Representative Mautino's question. On page two, lines 15 through 24, there is three qualifiers on this thing as to... as to what, who is going to be eligible for this pot of funds?"

Ronan: "Madam Speaker, I can't hear the question."

Speaker Breslin: "Representative Mays, would you repeat your question? Ladies and Gentlemen, we are having difficulty hearing on the floor again. Representative Mays to repeat his question."

Mays: "Thank you very much, Madam Speaker. Mr. Sponsor, on page two, lines 15 through 24, are basically, as I read it, criteria for determining eligibility for this... these monies, for infrastructure repair. Is that correct?"

Ronan: "Yes, they are."

Mays: "And a given unit of local government must meet two of the three criteria set forth in this Bill. Is that correct?"

Ronan: "That is correct."

Mays: "Have you any idea what cities would be... would fall within these categories or what units would not?"

Ronan: "Representative Mays, what we are going to do is we're going to strike that Section of the Amendment so that what I'll do is I'm going to hold the Bill until I can remove

that provision."

Mays: "Thank you very much."

Ronan: "So, Representative Mays, what I would like to do, if possible, is adopt this Amendment and then I will have followup Amendment... I'll hold the Bill on Second Reading and I'll have a followup Amendment to strike this Section."

Speaker Breslin: "Very good. Is there any further discussion? There being no further discussion, the question is, 'Shall Amendment #1 to House Bill 241 be adopted?' All those in favor say 'aye', all those opposed say 'nay'. In the opinion of the Chair, the 'ayes' have it and the Amendment is adopted. Are there any further Amendments?"

Clerk Leone: "No further Amendments."

Cullerton: "Yes, will the Gentleman yield for a question?"

Speaker Breslin: "He will yield for a question."

Cullerton: "I have no further questions."

Speaker Breslin: "Representative Ewing."

Ewing: "Madam Speaker, I would like the record to show on this Bill and I would like to state for the record that the Bill is not the intent of this Bill to preclude the use of land within an agricultural area for placement of utility lines or easements, substations or related facilities which are required to meet the health, safety and energy needs of the people of the State of Illinois. And I read that into the record to make it absolutely clear that we are not in any way affecting the eminent domain powers of public utilities."

Clerk Leone: "House Bill 480, a Bill for an Act to amend the Revenue Act. Third Reading of the Bill."

Speaker Breslin: "Representative Klemm."

Klemm: "Thank you, Madam Speaker and Ladies and Gentlemen of the House. House Bill 480 attempts to allow some procedure for people wishing to change their mailing address on real estate tax Bills. Presently, there is no real law that allows a procedure for people to properly have their tax bills sent to a correct or a new address. Right now anybody can go to a county treasurers' office and if he or she knows the real estate property tax number they can have that tax bill mailed to any address they wish. They don't have to have any relationship to the property. They don't even have to know the owner. They don't have to even be involved whatsoever. If we carry that to an extreme case, this could result in the rightful owner of not receiving a tax bill, not paying their taxes inadvertently and losing the property in a tax sale. This establishes a simple procedure that the county treasurer or county collector would be able to at least know that those people who submit the request for changing the property tax mailing address for that bill at least has an interest in the property. And I'll be happy to answer any questions."

Speaker Breslin: "The Gentleman has moved for passage of House Bill 480, and on that question, is there any discussion? There being no discussion, the question is, 'Shall House Bill 480 pass?' Representative Flinn. Clerk, read the Bill."

Clerk Leone: "House Bill 528, a Bill for an Act to Amend the Illinois Credit Union Act. Third Reading of the Bill."

Speaker Breslin: "Representative Flinn."

Flinn: "Madam Speaker, thank you and Members of the House. House Bill 528 amends the Illinois Credit Union Act to the extent that it adds groups instead of limiting it to groups and the definition of 'common bond'. It will also... the Bill also puts the state chartered banks... I mean the state chartered credit unions in the same posture as the federally chartered credit unions and that they can make change by rule as opposed to law. Right now the state chartered credit unions must go... come back to the Legislature each time they make a change and the federal chartered credit unions do not. And I would ask for a favorable vote and try to answer any questions if there are any. I know of no opposition."

Speaker Breslin: "The Gentleman has moved for passage of House Bill 528, and on that question is there any discussion? There being no discussion, the question is, 'Shall House Bill 528 pass?' House Bill 555, Representative Woodyard. Clerk, read the Bill."

Clerk Leone: "House Bill 555, a Bill for an Act to amend Sections of the Agricultural Fair Act. Third Reading of the Bill."

Speaker Breslin: "Representative Woodyard."

Woodyard: "Thank you, Madam Speaker and Members of the House. House Bill 555 is the result of several meeting that

transpired starting last November with the Illinois County Fair Association in an attempt to give the county fairs in the State of Illinois some relief from the financial problems that they have had. The Bill does, basically, three things. We have changed the formula and the method of reimbursement to the county fairs up to 66 and two-thirds percent of what we call an authorized base predicated on the amount of agricultural premiums that they have paid. The second thing that this Bill does is to increase the amount of capital money reimbursed to the county fairs where they improve whether it be horse barns, race tracks or so on. The third thing the Bill does is to allow those ten large fair and expos more flexibility in the use of their reimbursements. As of right now, their particular reimbursement only allows them to use their money for capital projects and we are saying within this Bill that they would be able to use that reimbursement for things other than capital improvement and certainly the... for agricultural premium funds. There will be absolutely no appropriation in conjunction with this Bill. The Bill actually would not trigger into effect until Fiscal 1987. That's basically what the Bill does. I would be glad to answer any questions on it."

Speaker Breslin: "The Gentleman has moved for the passage of House Bill 555, and on that question, the Gentleman from Madison, Representative McPike."

McPike: "Thank you, Madam Speaker. Is this Bill on Short Debate?"

Speaker Breslin: "Yes, it is."

McPike: "I would request that it be removed from Short Debate."

Speaker Breslin: "The Gentleman is joined by the appropriate number to remove this Bill from the Order of Short Debate. It is, therefore, on Third Reading, regular debate."

Proceed, Representative McPike."

McPike: "Will the Gentleman yield?"

Speaker Breslin: "The Gentleman will yield for a question."

McPike: "How does money get into the Agricultural Premium Fund?"

Woodyard: "I'm sorry, what?"

McPike: "How do we fund the Agricultural Premium Fund?"

Woodyard: "The Agricultural Premium Fund is funded by parimutuel betting in this state and the county fairs were the first people that were funded out of the Ag Premium Fund in 1927."

McPike: "Okay, so that the money goes into the Ag Premium Fund comes from horse racing, and out of the Ag Premium Fund, what do we pay? What do we pay for from the Agricultural Premium Fund?"

Woodyard: "Into county fairs?"

McPike: "County fairs, what else?"

Woodyard: "We pay for... now, I'm guessing, Representative, and I'm not sure, but I think we pay for some veterans' scholarships. I know we pay for some capital operating costs in McCormick Place... several funds."

McPike: "McCormick Place, yes. And civic centers."

Woodyard: "And civic centers."

McPike: "And what is the cost of this Bill in FY '87?"

Woodyard: "Approximately 1.2 million dollars."

McPike: "Thank you. Madam Speaker, to the Bill."

Speaker Breslin: "Proceed."

McPike: "There... really, the question before the General Assembly, for each and every one of your districts, is how do you want to spend the money that we skim from horse racing around the state? How do we want to spend this money? Last year we increased the amount of money to civic centers. We have authorized about ten new civic centers. There is probably another ten Bills in this year to

STATE OF ILLINOIS
84th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

28th Legislative Day

authorize new civic centers. Those civic centers, the new civic centers are funded from the Agricultural Premium Fund, and we have a seventy-five million dollar debt limit so that as those bonds are paid off, we are allowed to float more bonds to pay for new civic centers. We pay of approximately four million dollars in bonds every year. We have refused to raise that debt limit from 75 million to 80 to 90 or to 100 because we simply can't pay for those bonds so we have frozen the debt limit at 75 million dollars. There are a lot of Members in this General Assembly that have pet projects in their districts to build new civic centers. Those civic centers will not be built if we are going to spend the money on county fairs. There are a lot of people from Chicago that are anxious to pay off McCormick Place. That would be jeopardized if we spend more and more money for county fairs. There are some people that think that the excess that goes into the Agricultural Premium Fund should be returned to the General Fund so that we can fund education, mental health and everything else we provide for in this state. So this is a matter of priorities. This does not fit with my priorities. I don't think that we should spend more and more money for county fairs. I don't think we can afford a million dollars for country fairs for operating costs. We already take most of the money that we skim from horse racing, most of the money that we skim from horse racing in Cook County and in Madison County and we give that to all the county fairs all over the state. I think it's about time that we realigned our priorities and stop skimming all this money simply to spend on county fairs, start spending it for some civic centers, for education and mental health and the other proper functions of state government and not continue to bear the burden that should be borne by local

counties. So I would oppose this Bill."

Speaker Breslin: "The Gentleman from Cook, Representative Bullock."

Bullock: "Thank you, Madam Speaker. Will Representative Woodyard yield for a question?"

Speaker Breslin: "He will yield for a question."

Bullock: "Representative Woodyard, when this Bill was in Committee, who testified in support of it?"

Woodyard: "Representative, I don't recall specifically, but this Bill is supported by certainly the Illinois County Fair Association, Department of Agriculture and, quite frankly, an awful lot of county fair board members all over the state."

Bullock: "And it's... you are representing to the Body that the Department of Agriculture now supports the Bill?"

Woodyard: "Yes."

Bullock: "Perhaps our staff analysis is incorrect. It indicates that the Department is neutral, but I'm sure Representative Ropp has some influence in that Department. Madam Speaker, and Members of the Assembly, first of all, I'm chagrined as to how this Bill could come out of the Agriculture Committee and be placed on Short Debate when it has such a devastating effect on exposition centers across the state, as the Majority Leader had indicated. I'm also chagrined that at a time when we are talking about the Build Illinois Program and the Governor has set up a horse racing task force to talk about a dying industry, we now have a Amendment... amended Bill before us which is a subsidy for county fairs over and beyond what they are presently receiving. I'm sure those of you who are from major metropolitan areas and who last Session fought to make certain that your local civic centers, whether they be in Rosemont or McCormick Place or Rockford or Springfield,

that you are going to take a close look at House Bill 555 and make your decision based on what is best for those civic centers in your home districts or in the districts adjacent to you. I respect Representative Woodyard for trying to represent his constituents and on this particular issue, I'm going to represent my constituents, and on this particular issue, we are in total disagreement. And I would urge those of you to look closely at the Bill and vote 'no' on House Bill 585 (sic - House Bill 555) as amended because it does a disservice to civic centers across the state."

Speaker Breslin: "The Lady from Sangamon, Representative Oblinger."

Oblinger: "Madam Speaker and Members of the General Assembly, as I recall last year eight million dollars went up to the Chicago area for planning on the... 1992 fair. There are a lot of us downstate here who are not going to be able to go to that fair every day or every time we turn around because we are going to have a lot of costs in addition to the admission charges. We go to our local county fairs and this is our option and that is where we want our money to go. If you can give eight million to a world's fair that we are not going to attend, I think you can give eight million to us downstate to attend our own fairs. There are some people who don't understand that we all aren't going to flock to metropolitan areas, and in answer to those people who have just recently spoken, I have a civic center in my district just as well as the rest of you, but I also have a county fair. We have been supporting our civic center for a long, long time. I think it's time that we looked to the rural communities for them to have some of the things they need. I would urge a 'yes' vote on this and I think most of you can understand that when you

realize that our county fairs is to us what the world's fair is to you people in the metropolitan area."

Speaker Breslin: "The Gentleman from McLean, Representative Ropp."

Ropp: "Thank you, Mr... Madam Speaker and Members of the House. I think it's very ironic that we talk about a lot of civic centers in the State of Illinois, when, in fact, we want to save money and spend on civic centers when there hasn't been a single one of them that has stayed out of the red. So I think it's quite interesting how we are very much concerned about that. Let's point the finger to the thing that we are really attempting to do here in terms of spending dollars and making some priority assessments. You know, we spend a lot of money on social programs throughout the... part of our state, a lot of 4-H fairs, PFA fairs, county fairs are training grounds for young people, young people who, in fact, are busy with their hands creating projects, growing livestock, developing new kinds of crafts and so forth. And I can assure you that we spend very little money for these people. These are the kinds of people who, frankly, will not need money in their later years because they have been involved in doing something illegal, corrupt or indecent. These are good, honest young people. These are the kinds of people that we ought to be spending dollars for. If the small amount of money that we spend for these kinds of programs in our county fairs throughout the State of Illinois in comparison to what we spend in trying to prevent gang crime in other portions of the state... It's also an economic development for many of our counties. A lot of small towns have county fairs. It creates a center for a lot of activities both rural and urban. And I urge you to support this Bill because of the contributions that it makes to keeping people together and

keeping young people off of the streets."

Speaker Breslin: "The Gentleman from Jefferson, Representative Hicks."

Hicks: "Yes, thank you, Madam Speaker. Could I have a question of the Sponsor, please?"

Speaker Breslin: "The Gentleman will yield for a question."

Hicks: "Yes, Representative Woodyard, how many county fairs are there that this Bill affects in the State of Illinois?"

Woodyard: "Well, in answer to that, I really haven't counted those. I want to think in the back of my mind maybe 65, 67 county fairs..."

Hicks: "Well, the analysis I have says it's 92 with the possibility of two additional ones down the road. You're actually talking about appropriation of a little over a million dollars, is that correct, in year '87?"

Woodyard: "In 1997, yes. In fiscal 1987."

Hicks: "So you're talking about spreading a million dollars over 84 counties. Is that correct?"

Woodyard: "That's correct."

Hicks: "So I... I would take it then that everybody's getting a little piece of that million dollars and that you're also looking at an appropriation two years down the road. You're not trying to rush something through. Is that correct?"

Woodyard: "That's absolutely correct..."

Hicks: "Madam Speaker..."

Woodyard: "If a county fair wishes to put on the same size fair that they have put on in the past, they will get a little more money. If they want to reduce the size of their county fair, they'll get less money."

Hicks: "Madam Speaker, to the Bill."

Speaker Breslin: "Proceed."

Hicks: "House Bill 555, as I understand it to be, puts my county,

STATE OF ILLINOIS
84th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

Jefferson County, in the biggest losing position of any county fair in the state. But irregardless of that, this Bill is talking about trying to help county fairs over the entire State of Illinois. We're talking about 84 counties in this state that are going to benefit from this Bill. And I certainly think that a million dollars appropriation down the road, two years down the road, something that's not being rushed through this House, like many other things are, is certainly something that we all ought to all be in support of. And I would ask that a positive vote is the right vote on this Bill. Thank you."

Speaker Breslin: "The Gentleman from Cook, Representative Huff."

Huff: "Yes, Madam Speaker, I move the previous question."

Speaker Breslin: "There's no need for that Representative Huff.

Representative Woodyard is recognized to close."

Woodyard: "Thank you, Madam Speaker. I think it's probably well that this Bill was removed from Short Debate since there seems to be a lot of questions about the Bill. Quite frankly, some of the issues raised on the Bill have nothing... whatsoever to do with the Bill itself. If there is a concern about civic centers, there should not be. There absolutely should not be. Do you realize that just a year ago we transferred out of the parimutuel betting Ag Premium Fund 30 to 35 million dollars back into General Revenue Fund? Now don't tell me you've got trouble with civic centers because that money was in the Ag Premium Fund and it was lapsed back into the General Revenue Fund. As I mentioned, there will absolutely be no appropriation on this Bill this year. It's an attempt to try to address a very, very serious situation all over the State of Illinois in trying to get our county fairs a little more money. Do you realize how long it's been since they've had any kind of increase? 1980. Well, you tell me how many other

entities of reimbursement back into your local areas has been five to six years since they've had any kind of increase. They didn't come in here and ask us in bad budget years for increases, but they have asked us for this small consideration at this particular time. And I certainly urge your support for this Bill."
