84th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

40th Legislative Day

May 15, 1985

Speaker McPike: "The House will come to order. The House will come to order. The Members will be in their seats. The chaplain for today will be the Reverend Forrest Hagood, Pastor of Kincaid Church of God. Reverend Hagood is a guest of Representative Josephine Oblinger. Will the guests in the balcony please rise and join us in the invocation?"

Reverend Forrest: "Let us pray. Oh mighty God, we've come to this place today to invoke Your blessings and Your guidance and direction upon the affairs of government. We believe that we are one Nation under God. We do entreat You today, Dear Father, that we might walk sensitive to Your Holy Spirit in every matter of government, in matters of civil rights and civil liberties, and that we might by Your grace be able to leave a heritage to our children. Those who will follow us and who will take up the banners of government. That government might at all times be under God and for the people. In the name of Jesus Christ we commit these proceedings into Your hands and Amen."

Speaker McPike: "We'll be led in the Pledge of Allegiance by Representative Ropp."

Ropp - et al: "I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all."

Speaker McPike: "Roll Call for Attendance. 118 Members answering a... answering a Roll Call, a quorum is present. Representative Breslin in the Chair."

Speaker Breslin: "Ladies and Gentlemen, the Chair would like to recognize Representative Hastert for the purpose of a special introduction. Representative Hastert."

Hastert: "Thank you, Madam Speaker. It's my pleasure to

introduce to you today the wrestling team from Joliet Central High School. Joliet... Central Wrestling team this year was Class AA Champions. And it's extremely a pleasure for me, because the Gentleman to my left is not only a past colleague of many years, somebody who is a coach myself I competed against, but also as young men we played on the same football team. Then we played against each other a few times. So, I would like to introduce the Joliet team and 'Mac' McLaughlin and Paul Morzorati, who is their athletic director. And I think we also have a... a little presentation for them, too. We have a Resolution."

Clerk O'Brien: "House Resolution 380, offered by Representative Hastert, Van Dwyne and Davis. Whereas, the House of Representatives, in a continuing effort to recognize the excellence of young athletes in this state, wish to congratulate the Joliet Central Wrestling team, otherwise known as the 'Steelmen'; and whereas, the 'Steelmen' finished the season as the State Class AA Champion, with an unbeaten record of 21-0; and whereas, the 'Steelmen' are led and inspired by veteran coach Eural C. McLaughlin, who has been at Joliet Central High School since 1967 and has compiled an outstanding 242-45-6 record with his wrestling team, and assistant coaches, Sam Parker and Mike Lanier; and whereas, the numerous achievements of the 'Steelmen' and their head coach, Eural McLaughlin, confirm the belief that hard work and determination are effective when you set goals and strive to accomplish them; and whereas, the 'Steelmen' have exhibited characteristics that distinguish championship team as deserving our admiration and respect; therefore, be it resolved, by the House of Representatives of the Eighty-Fourth General Assembly of the State of Illinois, that we congratulate the Joliet Central Wrestling team on a prolific season; and we commend Coach McLaughlin

on his many accomplishments throughout the years; and that we express our best wishes to the 'Steelmen' for much continued success in the future; and be it further resolved, that suitable copy of this Preamble and Resolution be presented to Coach McLaughlin and each and every member of the 'Steelmen' Wrestling team, as a formal indication of the respect we have for this outstanding team."

Hastert: "Thank you, Mr. Clerk. At this time, I'd like to recognize Coach McLaughlin, as we know him, Mac. Mac, you want to say a few words."

Coach McLaughlin: "Thank you, Denny. It's quite an honor to be here. As these young people have their first opportunity, for many of them to be in Springfield and to see how it works. We're very proud of what we accomplished this year. We think it... We emulated some of things that we have in Joliet. We come from all races and creeds and colors, and we have one common goal. I think that's...was very paramount in our strive for a goal this year, was that to be the best we could be at all times. We're both... I'm very proud of these young men and young ladies. Because not only were they outstanding wrestlers and cheerleaders, but they were disciplined young people who show that they had the proper attitude to be a champion. Thank you very much."

Hastert: "Thank you, Madam Speaker. I just wanted to say that you just had a chance to see one of the finest coaches in the State of Illinois before you just now. Thank you very much."

Speaker Breslia: "Representative Ropp, for what reason do you rise?"

Ropp: "Thank you, Madam Chairman. Just a point of personal privilege. I was just going to comment that having been

Glenbrook South High School in Glenview. These two schools are two of only four in Illinois to receive from the President of the United States and the United States Department of Education, the Exemplary School Recognition Award for Excellence in Education. I am very proud to have these two schools in my district. It was through the hard work and cooperation of the administration, the faculty, the students and the school board, that this Award could be achieved. I would like to introduce to you the President of the School District 225 School Board, Marilyn McConachie."

Marilyn McConachie: "Thank you. We teach our students at Glenbrook High Schools that the future of American democracy depends on an enlightened citizenry, on individuals who learn and who think. There are excellent schools that have achieved what Glenbrook High Schools have all over the State of Illinois. Today, there are nearly 600 representatives of school boards and school administrators in Springfield. I hope when you talk to them you will learn what is excellent about their districts and how the state can support their efforts. Thank you very much."

Speaker Breslin: "Thank you. Ladies and Gentlemen, the intention of the Chair is to begin with House Bills Second Reading, Short Debate Calendar. We will then go to a Special Order of Business around 1:00 or 1:30 for the Bills dealing with Alzheimers Disease. So, let us begin now on page two on your Calendar, House Bills Second Reading, Short Debate Calendar. The first Bill on that Order of Call is House Bill 479, Representative McCracken. Out of the record. Members, of course, are reminded that we have very few days to move our Bills. So, hopefully your Amendments will be prepared and be ready to go as soon as possible. Okay.

Clerk O'Brien: "House Bill 479, a Bill for an Act to amend Sections of the Probate Act. Second Reading of the Bill. Amendment #1 was adopted in Committee."

Speaker Breslin: "Are there any Motions filed?"

Clerk O'Brien: "No Motions filed."

Speaker Breslin: "Are there any Floor Amendments?"

Clerk O'Brien: "Floor Amendment... Floor Amendment #2, offered by Representative O'Connell, amends House Bill 479 as amended in Section 2 by deleting 'before'."

Speaker Breslin: "Representative McCracken on Amendment #2... Amendment #1."

O'Connell: "Right, we're moving to table. Representative Countryman offered Amendment #1 in Committee which was adopted. He will be moving to table that so that Amendments 2 and 3 are in order."

Speaker Breslin: "Very good. Representative Countryman moves to table Amendment #1 to House Bill 479. All those in favor say 'aye', all those opposed say 'nay'. In the opinion of the Chair, the 'ayes' have it, and Amendment #1 is tabled. Amendment #2, Mr. Clerk."

Clerk O'Brien: "Amendment... Floor Amendment #2, offered by Representative O'Connell, amends House Bill 479 as amended."

Speaker Breslin: "Representative McCracken."

McCracken: "We agreed to Amendment #2, Madam Speaker. This Amendment would make the Bill apply only to estates opened prior to the affective... or subsequent to the effective date of this Bill."

Speaker Breslin: "The Gentleman has moved for the adoption of Amendment #2 to House Bill 479, and on that question is there any discussion? There being no discussion, the

Clerk O'Brien: "Floor Amendment #3, offered by Representative McCracken and Countryman."

Speaker Breslin: "Representative McCracken."

McCracken: "This was suggested by the State Bar Association, which was the original Sponsor of the Bill, and it does not change the substance of the Bill. It still leaves the limitation for the small estates claim at \$25,000, and makes other largely technical recommendations by the Bar Association. I move its adoption."

Clerk O'Brien: "No further Amendments."

Speaker Breslin: "Third Reading. With leave of the Body, we will go back to House Bill 1973, Representative Hoffman. Clerk, read the Bill."

Clerk O'Brien: "House Bill 1973, a Bill for an Act to repeal Sections of an Act for the regulation of mass gatherings. Second Reading of the Bill. No Committee Amendments."

Speaker Breslin: "Are there any Floor Amendments?"

Clerk O'Brien: "Floor Amendment #1, offered by Representative Vinson, amends House Bill 1973."

Speaker Breslin: "Representative Hoffman, there is an Amendment, and that is offered by Representative Vinson. The Chair recognizes, Representative Vinson, on Amendment #1."

Vinson: "Thank you, Madam Speaker, Ladies and Gentlemen of the Assembly. The affect of Amendment #1 is to amend the Environmental Protection Act to resection the definition Section of the Act and to make the necessary changes with remainder of the Act so that that resectioning of the definition Act is comprehensively carried out. It makes the Act much more... much better for the practitoners in the field. And I would move for adoption of the Amendment,"

Speaker Breslin: "The Gentleman has moved for the adoption of Amendment #1 to House Bill 1973. And on that question, the Gentleman from Cook, Representative Cullerton."

Cullerton: "Yes, will the Sponsor yield?"

Speaker Breslin: "He will yield for a question."

Cullerton: "Representative Vinson, does... how does this Amendment differ from House Bill 2036 which is on the Order of Second Reading?"

Vinson: "I don't believe it does, Sir."

Cullerton: "Okay. So, why are you... just out of curiosity, I have no objection to the contents, but why are you taking another Bill and amending it onto this Bill?"

Vinson: "To make sure that... that the contents of this Amendment are on a noncontroversial Bill."

Cullerton: "Is House Bill 2036 then going to be left for a vehicle?"

Vinson: "Yes."

Cullerton: "Alright. Thank you."

Speaker Breslin: "There being no further discussion, is that correct, Representative Cullerton?"

Cullerton: "I have no further questions, no."

Speaker Breslin: "Very good. There being no further discussion, the question is, 'Shall Amendment #1 to House Bill 1973 be adopted?' All those in favor say 'aye', all those opposed say 'nay'. In the opinion of the Chair, the 'ayes' have it, and the Amendment is adopted. Are there any further Amendments? Representative Hoffman, for what reason do you rise?"

Hoffman: "Thank you, Madam Speaker. I'd like to request that it remain on Second Reading."

Representative Saltsman prepared to go forward on this Bill. We are going to leave this Order of Business, Gentlemen. Representative Ropp? Very good. Representative Ropp, wants to proceed with his Bill first, then we'll go to your Bill. That Bill of Representative Ropp's is House Bill 604. Clerk, read the Bill."

Clerk O'Brien: "House Bill 604, a Bill for an Act to amend Sections of the Lobbyist Registration Act. Second Reading of the Bill. Amendment #1 was adopted in Committee."

Speaker Breslin: "Are there any Motions filed?"

Clerk O'Brien: "No Motions filed."

Speaker Breslin: "Are there any Floor Amendments?"

Clerk O'Brien: "Floor Amendment #2, offered by Representative Greiman."

Speaker Breslin: "Representative Greiman."

Greiman: "Thank you, Speaker. Let me begin my remarks by requesting that I have a Roll Call Vote on this particular Amendment. I believe it is a matter of some significance, and that is why I ask the Chair for a Roll Call Vote. It has been a long time to have an Amendment being able to be offered to the Illinois Lobbyist Registration Act on the floor of this House. Five years ago, I asked the Legislative Counsel to do a study for us. A study that would take the various lobbying groups; medical, insurance, financial, real estate, realtors, what have you, and they did eleven or twelve groups. And they looked at the California Act, which is strict, and the Washington State Act, which is strict, for the years I think 1978, and the Illinois Act, which is like holding mercury in one palm of your hand. And they found that in that year or Session, people in California with its 22 million residents reported lobbying expenses of \$49 million. In the small State of Washington, which has a strict statute with respect to

lobbyist disclosure, they reported \$3 million of lobbying expenses, reported. In Illinois, which has almost no lobbying disclosure Act, they reported \$38,000. So, that the 11 million people in Illinois had an Act which provided for \$38,000 of lobbying expense. And the people in California, had an Act which provided for \$49 million dollars... million dollars in lobbying disclosure. This Amendment has some other unique factors. I have always wondered how much it costs to have the state... the government lobby the Legislature. So, it provides for disclosure by government agencies, State Government agencies, as to how much they spend in lobbying the Legislature. It provides, because the truth is that legislation today isn't made in this room. It's made by administrative agencies who are part of the bureaucracy. So, that Amendment 2, which restructures the Lobbying Act also provides for people who lobby the executive agencies because that's where the interstitial legislation is made. Now, there are those who say, my God, you expect a lobbyist to just write down everything that he spends. No, I don't care. I don't care what the lobbyist spends on legislative particularly. This Bill provides that if he spends \$300 in a six month period he ought to disclose that over \$300, but if he... if he spends... that means \$600 a year. If he spends \$600 a year on a Legislator, I think he ought to disclose that. I don't think that's such a terrible burden. That a lobbyist is spending \$600 on anybody in this room. That that shouldn't be disclosed to the public. I believe that that should be disclosed to the public. That's a high threshold. Does it take volunteers, people who care about legislation and throw them out? No, it does not indeed. It says that if it's \$1,000... if they receive a \$1,000 in... in monies that they have to report. It says

STATE OF ILLINOIS
84th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

40th Legislative Day

that the people who employ lobbyists... The people who employ lobbyists, that they have to report, and I don't think that's an unusual or improper request either. It provides appropriate remedies. It provides for, right now, the remedy is... well, no one is sure exactly who in the world should come forward on a violation of this Act. It very specifically says, it gives the power to the Attorney General to do. It's a state action, and when it gives him the power to do that. It allows for fining. It allows for all kinds of things. Our Act is no Act at all. Now, the truth of the matter is, I've served here for eleven years, and I don't make public policy because I'm a back bencher compared to every lobbyist in this... in this complex. The truth of the matter is, if you think you're somebody, you're a big shot Legislator, the truth is that you probably don't have half the power that the average lobbyist has here. I file a disclosure statement. I don't like it particularly. It's a pain in the behind. But I sat here in 1974, and I heard how you Legislators if you pass a campaign disclosure Bill, you'll all be in jail. This is the Accountants' Acts. Accountants will make all, and we lived through it. As far as I know, nobody's gone to jail for filing disclosure, and that's what this is. This is a disclosure statement. It tells us how much of the... is paid for public policy be made, not evil. We all understand the value of lobbyist. We all understand the good that they can do. We all understand the information they can bring to us, but we at least should understand who pays for public policy to be made. Who bares the cost for public policy to be made. I have no illusions about the power of lobbyists. I respect that power, but I believe just as I disclosed. They should disclose. Madam Speaker, I would request a Roll Call Vote on Amendment #2 to House

Bill 604."

Speaker Breslin: "And you shall get it, Sir. The Gentleman has moved for the adoption of Amendment #2 to House Bill 604. And on that question, the Gentleman from Cook, Representative Piel."

Piel: "Thank you, Madam Speaker. Will the Gentleman yield?"

Speaker Breslin: "He will yield for a question."

Piel: "Would you mind explaining, Representative Greiman, to the Body where this differs from the present law?"

Greiman: "Present law.... In the first place, the present law doesn't provide for the kind of thresholds for lobbyists to put down what they spend on individual Legislators or individual people. Secondly, it provides for input into... for lobbying of the executive. Thirdly, it imposes a condition upon state government agencies to tell us how much they should lobby for. Fourthly, it increases the threshold of who should file. Fifthly, it provides for some slightly different registration laws as to when the registration should be made. Sixthly, it provides a more sensible kind of system for violations. It allows different kinds of violations. Those are the kinds of things that it does."

Piel: "Presently, they have to file these reports, correct?"

Greiman: "Incorrect."

Piel: "They have to file reports on contributions and..."

Greiman: "They have to file reports, but they don't have to file the reports of what was really spent on lobbying. They don't have to... This requires people who hire lobbyists to also put down what they've spent for lobbying. So, as I said before in my opening remarks, Illinois... under Illinois' law and I'm not suggesting the lobbyist were doing anything illegal. They reported \$38,000, while in California under a law similar to this they were reporting

\$49 million."

Piel: "I heard that. I heard that, yes. But what I'm trying to do is find out you know exactly where you're coming from. Like I think, you know..."

Greiman: "Well, you know, where I'm coming from..."

Piel: "Wait a minute let me finish would you."

Greiman: "Oh, I'm sorry."

Piel: "Thank you. Let's deviate from that just a second. You're talking about branches of government. I'm the Director of ABC agency, and I go out to lunch. You know, basically to... with a lobbyist that says we're going to amend one of your Bills. We're going to amend your Appropriation Bill and this type of a thing. So, I then as a director of this agency have to mention that Joe Doakes took me out to lunch."

Greiman: "No. The answer is no."

Piel: "That's what you said. You said, public agency and Joe Doakes makes more than a \$1,000."

Greiman: "The answer is no. What they have to do... What they have to do is that public agency has to sit down and say we send so and so into lobbying and so and so spends about 25 percent of his time in lobbying and we pay him \$30,000. So, that's \$7,500 we spend on that. We have half a secretary who pay... who is into lobbying and doing lobby support. We have to add that into there. We do that... Mr. Piel, you may not know this. We do that with printing. Printing. We require agencies to tell us how much it costs to print a state document and that state document has to... has to be analyzed in terms of how much went into the agency. How about the writing. How about the editing. That... we do that. We do that for printing. My God, why wouldn't we do it for lobbying."

Piel: "Alright. But what I'm trying to say is, that you said

STATE OF ILLINOIS
84th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

40th Legislative Day

that if a lobbyist lobbies a state agency, correct? Either yes or no. I mean it's basically a simple question."

Greiman: "I said that state agencies have to state how much they spend for lobbying. That's what they have to do. Now, that's another question..."

Piel: "I... I heard that, Alan. I heard that, but what I'm saying if a state agency is lobbied by a lobbyist or discusses legislation with a lobbyist."

Greiman: "What's the question?"

Piel: "If I as a director of a department, a state agency, go out to lunch with a lobbyist, he discusses legislation that they... that affects my department. Now, he is technically lobbying me as a state agency."

Greiman: "I... I don't think you'd have to report that... I don't think that would be your share, no. Absolutely not. You're not lobbying, you're being lobbied."

Piel: "I as a director am a part of state government."

Greiman: "But I as a lobby... for example, we have lobby reporting now. I don't have to report when somebody comes to me and lobbies me, and it's the same with that. You understand? It's when they..."

Piel: "The lobbyist presently... The lobbyist presently have to declare what they are spending in their lobbying efforts. Now, you're saying that reports have got to be filed out on both sides, and what I'm asking is if a state agency per say has to file these reports?"

Greiman: "And I'm saying to you, a state agency would have to report what they spend in lobbying, not what's spent on them in lobbying. What they spend in lobbying. For example, let's see, we see representatives of agencies walkdown here. I see Miss 'McDonna'. I see Miss Dunn. They come on the floor and they good job and they're fine public servants, but that's cost. There's a cost factor to

STATE OF ILLINOIS
84th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

them being in lobbying. So, part of the Bill... a small part of this Bill, is what does it cost for state legislatures to be lobbied by state government? What are we lobbying? How much public funds goes into lobbying a public body? That's what we're talking about."

Piel: "Basically, what we're doing right now, we're paying these people to, you know, help us in other areas, but also to give us information on Bills. I mean maybe you know the content of every single one of the 4,000, 5,000 Bills that are in this Session, but I don't... I think you're probably the only one on the floor and that's basically the situation. I don't classify that as lobbying. I classify that assimilating information for the good of the entire State of Illinois."

Greiman: "Well, that would be, Mr. Piel, a matter of interpretation, and I suppose the Secretary of State or whoever would determine that. But I don't think there'd be a big problem with that. I think, for example, that the Director of Labor knows who his lobbyist is, and he knows how much is in the payroll for that lobbyist. He knows how much of a secretary that lobbyist uses, and he would report we spend 'x' dollars for lobbying or advocacy before the Legislature. You know, that's not a bad thing by the way. You assume it's a bad thing. I think it's a good thing. It's not bad."

Piel: "Okay, let me ask you... Let me ask you another question. Do you have any ballpark guesstimate on what this is going to cost the State of Illinois to put this in?"

Greiman: "I would say it would cost nothing. We have an index division..."

Piel: "It would cost nothing, if you're sitting here and doubling or tripling the work of Secretary of State's... Index Division, it wouldn't cost them anything."

STATE OF ILLINOIS
84th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES

Greiman: "No. No, I don't think so. We're talking about Index Department. We're just talking about people who are just coming on and filing some documents. I don't think it will be certainly a large... a large following. I mean there aren't millions of lobbyists. There's a couple hundred lobbyists. There'd be a couple hundred people more would have to file. That's about all."

Speaker Breslin: "Excuse me. Excuse me. Representative Piel, there are many other people seeking recognition. Please bring your remarks to a close."

Piel: "I think I've got ten minutes, Madam Speaker. If you want to... timer."

Speaker Breslin: "And you are using them up."

Piel: "I think according to my watch, I've got three and a half minutes to go. No, I think it's... it's very interesting that you say, well, you know, if they have to hire extra people one thing and another. So, basically what you're saying is that it's only going to cost the state, a million here and a million there. And I don't see, you know, any... We sit here as Legislators and have to, you know, turn out our forms. We fill them out. I have nothing to hide. The lobbyists have nothing to hide, and I think what you're getting at... you're getting at having people register as lobbyists away from state agencies. Let's get away from state agencies for a second. People who are lobbying us, who are not registered as lobbyists. That's not our problem. That's not our problem."

Greiman: "I don't think you understand the Bill. Let me ask you a question, Mr. Piel. I don't think you understand the Bill."

Piel: "I'm not asking a question. If they're violating the law, then it's their problem. It's not our problem, and I think, you know, you're trying to throw the baby out with

the bathwater, and I would ask..."

Greiman: "How public policy is made in this state is our problem, Mr. Piel."

Piel: "No further questions, Madam Speaker."

Speaker Breslin: "The Gentleman from Macon, Representative Dunn."

Dunn: "Thank you, Mr. Speaker (sic - Madam), and Ladies and Gentlemen of the House. I rise in support of the Gentleman's Amendment. I'd like to call to the attention of the Members just why we need this kind of legislation. As you know, the Mandatory Seatbelt Law is a very hot item in the Illinois General Assembly. I don't know about your home community, but back where I am there's been a massive radio campaign in support of mandatory seatbelts and against the repeal of that law which is pending before the Illinois General Assembly. I took the time this morning to call the radio station and ask them who placed the ads and who was paying for them. They told me the ads were placed by the Coalition for School Safety, and I said, do you have an address for them. They said they did, in fact, that address is at Brady and Griffin in Chicago and the placing agent was a Gentleman named, Paul 'Liss'. Now, many of you in this General Assembly may know all three of those people, but I defy you to find out how much money they are spending in this statewide radio and perhaps television campaign to support the seatbelt law. In the interest of the general public, we ought to know that kind of information. If they're coming into your community with a massive ad program, you ought to be able to find out not only who places it, but how much money is being spent on legislation upon which you are required to vote no matter what your position is. We should support the Gentleman's Amendment. What he's proposing is a good thing. I have nothing against radio campaigns, but I am for the right to

know who is placing the ads and how much they're spending."

Speaker Breslin: "The Gentleman from McLean, Representative Ropp."

Ropp: "Thank you, Madam Speaker and Members of the House. I'd like to give a little bit of history of from whences we have cometh. This particular Amendment was offered in Committee and received a whopping two votes and was substantially defeated, and now is attempting to bring it forth and put on a Bill that received 12 votes with no opposition to it. There may be those who want to do things relative to a lobbyist. I certainly think the statutes are adequate at this time. You also have to remember that those people who are lobbyist actually receive money from constituents. These are all people who are attempting to direct their wishes in some manner collectively at the Illinois General Assembly through a seperate body, and we call those people lobbyist. I certainly do not want to impede a good piece of legislation which actually would allow all of the lobbyist to be placed in a booklet form with their pictures so that we can actually see who they are. I think that's a very valid and a good approach and that's what I would like to do, hope to do, and intend to do. And I don't want another piece of legislation that was severely beaten in Committee to jeopardize what I consider a very good Bill, and I urge your opposition in this particular activity."

Speaker Breslin: "The Lady from Kane, Representative Zwick."

Zwick: "Thank you, Madam Speaker. First of all let me say, I rise in support of what I think is a fine Bill. That we have looked at in the past and I have supported in the past and I think it's... time has passed. So, we certainly should recognize that today and support the Gentleman's Motion to put it on as an Amendment. But I'd also like to

STATE OF ILLINOIS
84th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

ask one question. As we go through the appropriations process, would your Bill allow us, Alan, in Committee to breakdown budgets and find out right there in Committee how much is being spent by each state agency on lobbying so we could also address it in Committee as we go through the appropriation process?"

Speaker Breslin: "Representative Greiman."

Greiman: "Well, the... the filings of an agency would indicate what they had spent on lobbying effort and... So, you would know... in the appropriations. It would be a matter of public record like everything else and the appropriations staff would have it obviously, sure."

Speaker Greiman: "Representative Zwick."

Zwick: "Hello. Thank you. I think that would be a very valuable addition, as a matter of fact, to the appropriation process so that we could break those budgets down. We've often said among ourselves how we need separate line items in those budgets so that we can seriously look at the budgets and the public will have information on what we're doing. As I have traveled around, one of the things that has often come to my attention from our constituents and from people in other states is that we are infamous nationwide as having one of the weakest Lobbyist Registration Acts in this Nation. We need to update our lobbyist registration. As was said previously, there's nothing wrong with lobbying, but we have a right to know and the public has a right to know who is lobbying us, who is paying for that lobbying and who is paying for lobbying on which issues. And then we can analyze if those issues are relative, if they are correct, if they are properly being done. Currently, we simply don't have the tools to analyze the kind of lobbying that's going on in Illinois, not only by registered... currently registered lobbyist, but by those

STATE OF ILLINOIS
94th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

who are not now registered as lobbyists and should be, and those who are within state agencies and are obviously, as we all know, much... even more influential in many instances than paid lobbyists by special interest groups. And to me they are really one in the same, because they lobby us on the appropriations issue. The issues that are even dearer to the hearts of our constituents than many of the other issues that these very select special interest group lobbyists are here for. So, I enthusiastically support Representative Greiman's Amendment #2 to House Bill 604, and urge you all to support this Motion. Thank you."

Speaker Breslin: "The Gentleman from St. Clair, Representative Flinn."

Flinn: "Madam Speaker, I happily move the previous question."

Speaker Breslin: "The Gentleman moves the previous question. All those in favor say 'aye', all those opposed say 'nay'. In the opinion of the Chair, the 'ayes' have it. The previous question is put. Representative Greiman to close."

Greiman: "Thank you, Speaker. Least there be any question, Representative Ropp's original Bill is in the Amendment. So, that I know he's concerned that we put pictures in a booklet, I'm more interested in the checkbook than the booklet. And I think that we can... I'd like to make Gordy Ropp the father of lobby reform by this Bill, which he would be, because he's the Sponsor of the Bill. And I think we can do that. I think it's time... I think it's time for us to know who pays for public policy. That's not bad. That's not an indictment of anybody. That's just a statement that people ought to know. Now, if a lobbyist spends \$600 a year on an individual, we're not talking about campaign contributions. That's picked up someplace else, but I mean \$600 a year. Maybe we ought to know about that. Maybe we should. You know Legislators isn't going

to do it, but maybe that lobbyist ought to do it. And if some company is spending thousands of dollars on lobbying efforts, we ought to know about that. Not bad. Nobody is going to go to jail for doing this. They're just going to make a disclosure, like you make a disclosure, and like I make a disclosure. So, I ask you, therefore, to adopt Amendment 2 to House Bill 604. Thank you."

Speaker Breslin: "The question is, 'Shall Amendment #2 to House Bill 604 be adopted?' All those in favor vote 'aye', all those opposed vote 'no'. Voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question, there are 62 voting 'aye', 40 voting 'no' and 3 voting 'present'. Representative Ropp, for what reason do you rise?"

Ropp: "To poll the Absentees, please."

Speaker Breslin: "Representative Ropp wishes to poll the Absentees. Proceed, Mr. Clerk. It should be noted, that should all of the people who are absent do vote, it will not change the outcome, Representative Ropp."

Ropp: "Well, Madam Speaker, you never know, there might be some of those green ones that would finally have the wisdom to change to red while we're in this process."

Speaker Breslin: "Very good. Proceed, Mr. Clerk."

Clerk O'Brien: "Poll of the Absentees. Brunsvold. Bullock. Daniels. DeLeo. Giglio. Keane. Krska. Leverenz. Mautino. McGann. Nash. Pangle. And Vitek."

Speaker Breslin: "The Bill then moves to Third Reading. We're...

We're waiting to answer Representative Cullerton's question. Representative Cullerton, do you have any reason to believe that this Bill should take more than 60 votes for passage?"

Cullerton: "No, I... if the answer is 60, I was going to point out to Representative Ropp that the Amendment got 62 votes, and that it would be a good idea for him to... to go with the Bill when it's on Third Reading. I think the Amendment improves his Bill dramatically."

Speaker Breslin: "The Bill does take 60 votes for passage.

Clerk O'Brien: "Floor Amendment #1, offered by Representative McAuliffe."

Speaker Breslin: "Representative McAuliffe."

McAuliffe: "Mr. Speaker (sic - Madam) and Ladies and Gentlemen of the House, Floor Amendment #1 is really House Bill 1803, and we just incorporated two... together. It has to do with secretary requirements for local library boards and park commissioners."

Speaker Breslin: "The Gentleman has moved for the adoption of Amendment #1 to House Bill 1804, and on that question is there any discussion? There being no discussion, the question is 'Shall Amendment #1 to House Bill 1804 be adopted?' All those in favor say 'aye', all those opposed say 'nay'. In the opinion of the Chair, the 'ayes' have it, and the Amendment is adopted. Are there any further Amendments?"

Clerk O'Brien: "No further Amendments."

Speaker Breslin: "Third Reading. The next Bill is House Bill 1961, Representative McAuliffe. Yes, please read the Bill."

Clerk O'Brien: "House Bill 1961, a Bill for an Act to amend Sections of the Civil Administrative Code of Illinois. Second Reading of the Bill. No Committee Amendments."

Speaker Breslin: "Are there any Floor Amendments?"

Clerk O'Brien: "None."

Speaker Breslin: "Third Reading. House Bill 2194, Representative Countryman. Clerk, read the Bill."

Clerk O'Brien: "House Bill 2184, a Bill for an Act to amend Sections of the Election Code. Second Reading of the Bill. No Committee Amendments."

Speaker Breslin: "Are there any Floor Amendments?"

Speaker Breslin: "Representative Saltsman."

Saltsman: "Yes, Madam Chairman, I'd like to withdraw Amendment #1."

Speaker Breslin: "Withdraw Amendment #1. Are there any further Amendments?"

Clerk O'Brien: "No further Amendments."

Speaker Breslin: "Third Reading. House Bill... The next Bill to be called is House Bill 2255, Representative Tate. Clerk, read the Bill."

Clerk O'Brien: "House Bill 2255, a Bill for an Act to amend Sections of the School Code. Second Reading of the Bill. No Committee Amendments."

Speaker Breslin: "Are there any Floor Amendments?"

Clerk O'Brien: "No Floor Amendments."

Speaker Breslin: "Third Reading. Ladies and Gentlemen, we are going to postpone the Special Order of Call on Alzheimers Disease until 1... the hour of 1:30. We will, therefore, move to House Bills Second Reading on page 4 on your Calendar. House Bill 17, Representative Terzich. Clerk, read the Bill."

Clerk O'Brien: "No Motions filed."

Speaker Breslin: "Are there any Floor Amendments?"

Clerk O'Brien: "Floor Amendment #2, offered by Representative Terzich."

Speaker Breslin: "Representative Terzich, on Amendment #2. Representative Terzich."

Terzich: "Yes, Madam Speaker, I move we adopt Amendment #2. What it does, it provides the benefits for retirement benefits that have been approved by the Pension Board and also by

the local unit of government, and I would move..."

Speaker Breslin: "The Gentleman has moved for the adoption of Amendment #2 to House Bill 17, and on that question, is there any discussion? There being no discussion, the question is, 'Shall Amendment #2 to House Bill 17 be adopted?' Representative McCracken."

McCracken: "Will the Gentleman yield?"

Speaker Breslin: "The Gentleman will yield for a question."

McCracken: "Bob, I understand there's no cost to either state or local government."

Speaker Breslin: "Representative Terzich. Try the microphone next to you, Representative."

Terzich: "Yes, the... the Bill is for the Cook County Pension System, which I do have a letter from the... the Board of Commissioners from Cook County and also excluding the mandate. These are the benefits that have been approved by the local unit of government."

McCracken: "Right. But there's no cost to them, because the pick up is from the pension..."

Terzich: "Pension system itself, yes..."

McCracken: "Is from their contribution."

Terzich: "Yes."

McCracken: "Okay. Good. Thank you."

Speaker Breslin: "Representative Ewing."

Ewing: "Would the Sponsor yield?"

Speaker Breslin: "The Gentleman will yield for a question."

Ewing: "Who is picking up the cost?"

Terzich: "The present... At the present time, the pension system is funded at approximately 70 percent, and it's going to be coming out of the assets of the pension system."

Ewing: "And your Amendment will do what?"

Terzich: "Well, the Amendment provides the benefits that have been requested by the Pension Board, and I also have a

letter from the Cook County Board of Commissioners approving that benefit under the mandate."

Ewing: "Well, Mr. Terzich, would this be kind of like us sending a letter to somebody saying what kind of pension benefits we'd like to have? Having them put into legislation and then having the tax payers pick up the bill?"

Terzich: "No, not necessarily. That the request has to come from somewhere. That's either by the participants or by a local unit of government... you know, if it's a governmental agency. On the same basis, where does the benefit request come for the General Assembly, the state employees, or anyone else? You know, these benefits have been requested by the Pension Board in itself, reviewing the needs of the people and also at the same time that it has been approved by the Cook County Commissioners and has received their approval under the Mandate Act."

Ewing: "Did this go to the Pensions Committee? Was it on another Bill or something?"

Terzich: "This was basically... Yes, there were three different Bills, and it's all being combined into House Bill 17."

Ewing: "And this Amendment though, was it... was this subject of a Bill in Pensions Committee?"

Terzich: "Yes, it was basically mentioned that these would be approved by the... by the Committee."

Ewing: "Well, it wasn't approved by the Pension Committee then."

Terzich: "Well... the benefits, Representative Ewing, were reviewed by... by the Committee."

Ewing: "They were what?"

Terzich: "They were reviewed by the Committee under other Bills and rather than having four separate Bills, it was combined into House Bill 17."

Ewing: "Well, how come the benefits that are the subject of this Amendment weren't in the Bill when it came out of

Committee?"

Terzich: "I just said, Representative, that these were being negotiated to find out from the system what the benefits are. I mean they... there was a number of other provisions and this is the final benefit."

Ewing: "Do you know if this proposal had the approval of the Economic and Fiscal Commission, the arm of this General Assembly that's suppose to review pension Bills."

Terzich: "The Committee will file the report on all impact statements, Representative. Who is the Economic and Fiscal... what do they approve or something or what? Or do they give you information with regard to the legislation? I didn't know they approved anything."

Ewing: "Yes, they make a recommendation. That's part of their responsibility on all pension Bills."

Terzich: "I didn't know that."

Ewing: "Maybe you should ask for the recommendation on this. But you don't know what that recommendation is."

Terzich: "I didn't know we even got recommendations from them. I thought they gave reports on legislation, but I didn't know they made recommendations."

Speaker Breslin: "The Gentleman from Adams, Representative Mays."

Mays: "Thank you very much, Madam Speaker. Will the Gentleman yield for a question?"

Speaker Breslin: "He will yield for a question."

Mays: "This Amendment applies to the Cook County Sheriff's Office only, is that correct?"

Terzich: "It applies to the Cook County Pension System, which also includes sheriffs as well as other county employees."

Mays: "You have a Section (f) on page 23. The tax levy computed under Section 9-169 shall be based upon employee contributions including the amount of optional additional employee contributions. Do you raise the employee

contributions rate in this Bill to match?"

Terzich: "There... I believe there is an adjustment in the contribution because of the change in the benefits for the Cook County Sheriff's Police, which is approximating the same type of benefit that is provided by the Chicago Police Department, the Fire Department, Downstate Police and Fire, their benefits are being equal and their contributions are being adjusted accordingly."

Mays: "Okay. Then pursuant to Section (f) then... And I'm glad you're approaching it in this way, where an increased benefit is proposed but you're proposing increasing employee contributions also. But in conjunction with Section (f) then, you would be proposing an increase in taxes levied for the Pension Fund in Cook County, too then."

Terzich: "I don't believe it's adjusting the levy on the Bill. It provides a number of changes. It also provides for revisionary. It provides for employees to... purchase optional benefits by contributing an additional 3 percent of salary to purchase an additional one year service. And these are basically benefits that have been reviewed by the Pension Board. That these are the recommendations from that Board in itself."

Mays: "Thank you very much."

Speaker Breslin: "Are you finished, Representative Mays? The Gentleman from Cook, Representative McAuliffe."

McAuliffe: "Mr. Speaker and Ladies and Gentlemen of the House, I would rise in support of this Amendment. The Amendment has been cleared with the County Board President, George Dunn. It only affects Cook County, and County Board President has got a reputation for being very closed fist with the dollar. And if he approves of it, that's good enough for me. And I'd recommend an 'aye' vote."

Clerk O'Brien: "Floor Amendment #3, offered by Representative Braun and Bowman."

Speaker Breslin: "Representative Braun."

Braun: "Thank you, Madam Speaker, Ladies and Gentlemen of the House. Amendment #3 simply says that the increased money, the increase to the fund, which is authorized by House Bill 17, should not be invested in South Africa. It is a straightforward Amendment. It does not call for divestment. In fact, there are other pieces of legislation which do that. I want to call your attention to the fact that to the extent that our pension dollars are going to South Africa, we provide the economic mortar that holds apartheid together. That is the repressive system of the government of South Africa, which mandates by law and by Constitution separation of the races. We believe that to invest money in South Africa is to deny our pensioners the benefit of investments of those dollars in other uses where we would not be supporting slavery. In order to address the issue of slavery in South Africa and its continuation and support by U. S. pension funds, we have filed this Amendment in an effort to see to it that future dollars which are authorized by this Legislature do not go to that illicit use. I encourage your support for Amendment #3."

Gentleman from Cook. Before we proceed to that, however, Ladies and Gentlemen, we have had a request for filming from the press gallery. Representative Piel now, to Amendment #3 on House Bill 17."

Piel: "Question of the Lady, please."

Speaker Breslin: "She will yield for a question."

Piel: "Has this been cleared with the Sponsor of the Bill and is it okay with him that it be... it is tied on to the Bill?"

Braun: "Representative, I had dis... I have discussed at some length the issue of South Africa and the moral imperative that we remove our dollars from there with this Sponsor. He has not agreed to the Amendment, but then that is the purpose of my proposing it here on the floor."

Piel: "Fine, thank you very much."

Speaker Breslin: "The Gentleman from Cook, Representative Terzich."

Terzich: "Well, yes, Madam Speaker and Ladies and Gentlemen of the House, as the Sponsor of the Amendment stated, you know, that... it's my Bill and if she wants to put in an Amendment, she can put in her own Bill. I'm not necessarily for this. I don't believe that we should adopt this Amendment with regard to South Africa, that basically, her Amendment stipulates that the pension benefits are not to be invested in corporations hereafter doing business with South Africa. And I simply would maintain is that would involved the trustees in fiduciary rights and that they should have the flexibility to get the maximum return on their investments for their participants, regardless, and it should not be developed by excluding certain businesses that do business with other countries, whether it's South Africa, Iran or any other country, that their

obligation is to the responsibility of the member of the pension system and to get the most safe and expedient and most return out of their investments and I would move that we do not adopt Amendment #3."

Speaker Breslin: "There being no further discussion, Representative Braun is recognized to close."

Braun: "Thank you, Madam Speaker, Ladies and Gentlemen of the House. I can't think of any other instance in which this General Assembly would suggest that it was prudent or otherwise financially responsible to pour money into a country which is in the middle of a civil war. In South Africa right now, eighty percent, fully eighty percent of the population, are denied even basic human rights. That eighty percent of the population is in the newspapers every other day. There are killings going on, there is war in South Africa. They are in the middle of civil unrest. I submit to you that if we put additional money into these pension systems, we hold our pensioners up to lose every dime of it because the only issue at this stage in the game is whether there will be peaceful change in South Africa or whether there will be violent overthrow of the government. If we do not do that which is responsible for the pensioners in Illinois and proceed to take our money out of South Africa or, as this Amendment suggests, not put additional monies there, we are going to hold those pensioners up to lose everything. I believe that it is the prudent, it is the financially responsible tack for us to take. I believe it is within our obligation to see to it that our pensioners interests are protected. It is for that reason that Amendment #3 has been filed seeking to keep new funding out of that troubled country. I encourage your support for Amendment #3."

Cullerton: "Well, Mr... Speaker Breslin: "Representative Cullerton changes his vote from 'yes' to 'present'. Representative Braun, for what reason do you rise?"

Braun: "I'm sorry, Madam Speaker. Representative Cullerton brought his remarks to a close. I was going to point out it was inappropriate at this stage of the process."

Speaker Breslin: "The Gentleman has a right to change his vote, Representative Braun. On the count, there are 37 voting 'aye', 31 voting 'no' and 38 voting 'present'. Representative Greiman, for what reason do you rise?"

Greiman: "Thank you. I, like Representative Cullerton, I have a sense for this issue. I am... I planned to vote for the South Africa... Bills when they are called. Speaker Breslin: "Representative Greiman changes his vote from 'present' to 'no'. Representative Dunn."

Dunn: "Change me from 'present' to 'aye'... or from 'aye' to 'present'."

Speaker Breslin: "The Gentleman changes from 'aye' to 'present'. Representative DeJaegher, for what reason do you rise? Representative DeJaegher wishes to change his vote from 'aye' to 'present'. Representative Nash. The Gentleman wishes to change his vote from 'present' to 'no'. I'm confused too. There are now 35 voting 'aye', 33 voting 'no' and 34 voting 'present' just by my calculations. Are there any other changes in vote? Representative Steczo, for what reason do you rise? The Gentleman changes his vote from 'present' to 'no'. Representative Terzich, for what reason do you rise?"

Terzich: "Yes, Madam Speaker, as the Sponsor said before, this is my Bill, and not her Bill, and I don't want this Amendment and if it should get... I want a verification. And... that all the other systems are getting the same Amendment, including the downstate teachers and everyone else."

Speaker Breslin: "Very good. Very good. Representative Kubik, what... for what reason do you rise?"

Kubik: "Madam Speaker, I would like to change my vote from 'present' to 'no'."

Speaker Breslin: "The Gentleman changes his vote from 'present' to 'no'. There are, therefore, now, 35 voting 'aye', 35 voting 'no' and 32 voting 'present'. Rea: "Yes, I would like to change my vote from 'aye' to 'present'."

Speaker Breslin: "The Gentleman changes his vote from 'aye' to 'present'. Representative Braun, for what reason do you rise?"

Braun: "Thank you, Madam Speaker. The Parliamentary maneuvers that are occurring right now are lost on no one. There is an interest, obviously, in protecting the Bill and for different reasons, people are changing their votes all over the place, and, quite frankly, I have lost track of where we are. But I just want to say that there are many of us in this... in this chamber who feel very strongly that we cannot stand by and watch our pension systems profit on blood money and that to put additional dollars into South Africa is effectively to do just that. That in order to... to not only make the moral statement, but to make the financial judgment that our investment system should have unbridled discretion in this area to support slavery is something that is beyond my conscience to do. I would encourage those people, if you feel... if you feel strongly about South Africa, that's one thing, but this is not an issue to be bandied around and to become the subject of a Parliamentary maneuver over... on this floor at this time. I would ask the Sponsor if he would consider accepting the Amendment and maybe possibly we can work something out. But at the present time, when this Bill... whether... if this Amendment doesn't go on, I must say for the record now that I will not be voting on any of these

Matijevich: "'Present'."

Speaker Breslin: "The Gentleman changes his vote... oh, the Gentleman was not recorded but wishes to be recorded as voting 'present'. Representative Weaver, for what reason do you rise?"

Weaver: "Madam Chairman, would you change my vote to 'no', please?"

Speaker Breslin: "The Gentleman wishes to change his vote from 'aye' to 'no'. We... There has been a request of the Sponsor to accept the Amendment. The Gentleman refuses to accept the Amendment. From my count, there are 32 voting 'aye', 35 voting 'no' and 36 voting 'present'. Representative Braun. There being no further changes, therefore, Mr. Clerk, what exactly is the... the Roll Call? Representative Van Duyne, for what reason do you rise?"

Van Duyne: "Parliamentary inquiry, Madam Speaker. You said, a moment ago, will the Sponsor accept the Amendment."

Speaker Breslin: "Correct."

Van Duyne: "And that sort of boggled me. Do you mean to tell me and this Body, by our rules, that he could circumvent the will of the whole Body by just saying..."

Speaker Breslin: "No, he could not. The request was just made on the floor and we had an answer to the request. Certainly, it would take a vote of the Body in order to do so. The Lady from Lake, Representative Stern."

Speaker Braun: "We have completed the Poll of the Absentees, I believe."

Braun: "We have?"

Speaker Breslin: "Mr. Clerk, have we not? Yes, we have completed the Poll of the Absentees."

Braun: "Thank you."

Speaker Breslin: "Are there any further requests? Representative Ryder, from Jersey."

Ryder: "Leave of the Chair to change my vote to 'present'."

Speaker Breslin: "The Gentleman goes from 'no' to 'present'. There are 32 voting 'aye' and 35 voting 'no'. Mr. Clerk, what is the official count? There are 32 voting 'aye', 35 voting 'no' and 41 voting 'present'. Since there is no request for a verification, this Motion fails. Is there any further Amendments... Clerk O'Brien: "No further Amendments."

Reading of the Bill."

Speaker Breslin: "Representative Bowman."

Bowman: "Thank you, Madam Speaker, Ladies and Gentlemen of the House. Last Wednesday, actor Edmund O'Brien, who was famous during the 50's and 60's for his role as a tough guy in the movies, died of Alzheimer's Disease. Mr. O'Brien was just one of the most recent of thousands of Americans who die every year from this dreaded illness. It's dreaded because it is always fatal, because it is incurable, because it is nearly impossible to diagnose and because it strips away from a person all vestiges of their humanity. They become progressively unable to recognize who they are, where they are, the identity of people around them, even close friends, relatives and loved ones and people with whom they have lived all their lives. They know no one and they know nothing. And they are condemned to die that way. The disease is unique in that it cannot be diagnosed. It cannot be cured because although it is a disease correlated with aging, that it can strike people who are very young. And consequently, all of the state programs that we have that deal with medical programs or programs for the aging or programs for rehabilitation of people with debilitating diseases, none of these programs really apply to the Alzheimer's victim or their...or their families. And that is the reason for this package of Bills. The House Committee on Aging had a Select Committee on... Subcommittee... or excuse me, a Select Subcommittee on Alzheimer's Disease which held four hearings around the state, heard testimony from dozens of persons, and accepted written testimony from dozens of other. All in all, we had testimony from a hundred individuals and this testimony is summarized in the document that I have in my hand, which is... I'd be happy to make available to any Member of

84th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES

this... this chamber. This was the basis for the package you have in front of you. House Bill 301, the first Bill we are to consider today, establishes a diagnostic and treatment network in the state, very similar to the perinatal network that we have to deal with high risk infants. It establishes... or requires the Public Health Department to identify centers, specialized centers with specialized expertise, at least two centers in the state, that conduct active research programs and they, in turn, will develop a network of participating hospitals so families all over the state will have convenient access to the state-of-the-art in diagnosis and treatment. It also provides for a system of grants to these participating institutions to facilitate these programs. I also have with me, and I will be happy to share with any Member of the House, a proposal for the development of a regional Alzheimer's center from the SIU School of Medicine, which has an outstanding research program. And it is my belief that passage of House Bill 301 will also help us capture some federal research dollars that are now being rationed, that I believe... that with this legislation, Illinois will be in the forefront of the nation in research on this dreaded disease. And it is with that hope and that expectation that I offer to you House Bill 301. I now move for passage of House Bill 301."

Speaker Breslin: "The Gentleman has moved for the passage of House Bill 301 and on that question, is there any discussion? There being no discussion, the question is, 'Shall House Bill 301 pass?' All those in favor vote 'aye', all those opposed vote 'no'. Voting is open. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question there are 116 voting 'aye', none voting 'no' and none voting 'present'.

This Bill, having received the Constitutional Majority, is hereby declared passed. House Bill 302, Representative Bowman. Clerk, read the Bill."

Clerk Leone: "House Bill 302, a Bill for an Act to amend the Illinois Public Aid Code. Third Reading of the Bill."

Speaker Breslin: "Representative Bowman."

Bowman: "Thank you, Madam Speaker, Ladies and Gentlemen of the House. House Bill 302 addresses the problem of access to services and Medicaid support for that access. House Bill 302 as amended requires compliance with prospective Medicaid requirements and ensures that Alzheimer's victims can qualify for alternatives to nursing home care under the Community Care Program of the Department of Aging and the Home Services Program of the Department of Rehabilitation Services. Extends the same asset standard with respect to consideration of... property to each program. Also, the Bill... the basic Bill provided the same guarantee for nursing home residents. I believe that House Bill 302 as amended will be a boon to families all over the state. Families will not have to become impoverished as a result of this debilitating illness on the part... of one of their family members. That the assets and income of that family member, the stricken family member will be considered in qualification for Medicaid, but the assets and income of the other family members will not. I believe this is needed legislation so that we can maximize access to the systems that we now have in place for persons with other chronic medical conditions. I move for passage of House Bill 302."

On this question, there are 115 voting 'aye', none voting 'no', 1 voting 'present'. This Bill, having received the Constitutional Majority, is hereby declared passed. House Bill 303, Representative Richmond. Clerk, read the Bill."

Clerk Leone: "House Bill 303, a Bill for an Act to amend the Civil Administrative Code of Illinois. Third Reading of the Bill."

Speaker Breslin: "Representative Richmond."

Richmond: "Thank you, Madam Speaker and Ladies and Gentlemen of the House. Now, House Bill 303 creates the Alzheimer's Task Force under the Department of Aging. And it changes the composition of the task force from the original Bill as amended. Now, it would provide for 21 members. One is the Director on Aging or designee, as Chairman, two House Speaker appointees, two President of the Senate appointees, two House Minority Leader appointees and two Senate Minority Leader appointees, along with twelve from the Governor. And they are specified in the Amendment, just where... what part of the public segment they would come from. And the task force is required to have a conference within one year after the effective date of this... of this Act. I would move for its passage."

Speaker Breslin: "The Gentleman has moved for the passage of House Bill 303, and on that question, is there any discussion? There being no discussion, the question is, 'Shall House Bill 303 pass?' All those in favor vote 'aye', all those opposed vote 'no'. Voting is open. Have all voted who wish? The Clerk will take the record. On this question, there are 116 voting 'aye', 1 voting 'no' and none voting 'present'. This Bill, having received the

Constitutional Majority, is hereby declared passed. House Bill 304, Representative Richmond. Clerk, read the Bill."

Clerk Leone: "House Bill 304, a Bill for an Act to amend the Illinois Act on Aging. Third Reading of the Bill."

Speaker Breslin: "Representative Richmond."

Richmond: "Thank you, Madam Speaker and Ladies and Gentlemen of the House. House Bill 304 amends the Act on Aging and requires the Department on Aging to administer three year pilot project grants for the development of specific services to meet the needs of victims of Alzheimer's Disease or related disorders including adult day care, crisis intervention, respite and home companion and home nursing services. I believe you well understood what the Bill does. I would move for its passage."

Speaker Breslin: "The Gentleman has moved for the passage of House Bill 304, and on that question, is there any discussion? There being no discussion, the question is, 'Shall House Bill 304 pass?' All those in favor vote 'aye', all those opposed vote 'no'. Voting is open. Have all voted who wish? Representative Richmond. Excuse me, did you still seek recognition? No. The Clerk will take the record. On this question, there are 116 voting 'aye', none voting 'no' and none voting 'present'. This Bill, having received the Constitutional Majority, is hereby declared passed. House Bill 305, Representative DeJaegher. Clerk, read the Bill."

Clerk Leone: "House Bill 305, a Bill for an Act to require the reporting of Alzheimer's Disease. Third Reading of the Bill."

Speaker Breslin: "Representative DeJaegher."

DeJaegher: "Thank you, Madam Chairman, Members of the General Assembly. Today, as you are all knowledgeable of is May 15th, a day that I will always remember. In 1983, I was a

freshmen Legislator seeking ways for betterment of life for the citizens of this state. In 1983, I became knowledgeable of Alzheimer's Disease and the terrible effects of this disease by reading a series of articles that was done by Ann Landers, who all of you are quite familiar with. And from that information, I submitted a Resolution to this honorable Body and basically, you did adopt that Resolution. In fact, you adopted that Resolution unanimously. Today, over 100,000 people in the State of Illinois are looking at us to see if we will implement all of these Bills which are seven in number. It goes without saying that we have removed... we have moved in a responsive manner to the wishes of the people of this state and for this action that you are taking today, may I commend you, may I thank you for what you have done for this. Now, to the Bill, and basically, all of you, by now, are familiar with the series of Bills that we are making you knowledgeable of. House Bill 305 has been rewritten by Amendment #1, which seemed to be some of our problems, as far as the reporting goes. We have satisfied those objections and with that Amendment, I ask of you to be totally supportive of House Bill 305."

Speaker Breslin: "The Gentleman has moved for the passage of House Bill 305, and on that question, is there any discussion? There being no discussion, the question is, 'Shall House Bill 305 pass?' All those in favor vote 'aye', all those opposed vote 'no'. Voting is open. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question, there are 115 voting 'aye', none voting 'no' and none voting 'present'. This Bill, having received the Constitutional Majority, is hereby declared passed. House Bill 306, Representative DeJaegher."

DeJaegher: "House Bill 306 is again a series of Bills that we are adopting today pertaining to Alzheimer's Disease. Again, this particular Bill has been changed and it has enlarged the task force from a membership of 13 to 21. It also changes the date of when the reporting will take effect from March 1st, 1986, to December 31, 1986. Again, hopefully, we will have total support on this piece of legislation."

Speaker Breslin: "Mr. Clerk, read the Bill."

Clerk Leone: "House Bill 306, a Bill for an Act to amend the Civil Administrative Code of Illinois. Third Reading of the Bill."

Speaker Breslin: "The Gentleman has moved for the passage of House Bill 306, and on that question, the Gentleman from Jersey, Representative Ryder."

Ryder: "Thank you, Madam Speaker. Would the Sponsor yield?"

Speaker Breslin: "He will yield for a question."

Ryder: "As you know, I spon... or I filed a fiscal note on this and you have complied with that fiscal note. I'm just wondering if you could tell me the amount that the fiscal note indicates?"

DeJaegher: "The figures that we have are... we have gotten from the Department of Insurance is \$98,400, and basically, staff feels that this is quite high. We don't feel that we are going to attain that particular figure, Sir."

Ryder: "Fine, thank you."

Speaker Breslin: "The Gentleman from Cook, Representative Brookins."

Brookins: "Thank you, Madam Speaker and to Members of this General Assembly, I rise in support of this legislation. I recently just found out that one of our dear friends, the Doorkeeper of the House's wife suffers with this disease. And he has been troubled with this for over eight years

now. She is now in the final stages and the cost alone is just fantastic. It is unimaginable. Their talking \$2000 and \$3000 a month. So, therefore, I rise knowing that this series of Bills will do and relieve all kind of misery across the State of Illinois for all the people of the State of Illinois. So, with that, I rise in support of this fine package of legislation."

Speaker Breslin: "There being no further discussion, Representative DeJaegher, to close."

DeJaegher: "Hopefully that the board will show nothing but green and again, thank you, thank you, thank you."

Speaker Breslin: "The question is, 'Shall House Bill 306 pass?' All those in favor vote 'aye', all those opposed vote 'no'. Voting is open. Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this question, there are 107 voting 'aye', 8 voting 'no' and none voting 'present'. This Bill, having received the Constitutional Majority, is hereby declared passed. House Bill 307, Representative Bowman. Clerk, read the Bill."

Clerk Leone: "House Bill 307, a Bill for an Act to amend the Nursing Home Care Reform Act. Third Reading of the Bill."

Speaker Breslin: "Representative Bowman."

Bowman: "Thank you, Madam Speaker, Ladies and Gentlemen of the House. House Bill 307 has been amended so that nothing of the original Bill remains. I wanted to stress that at the onset because in its original form, which was a pre-screened Bill, a number of questions were raised from various persons and organizations and while I think the issues raised by the original form of 307 are important, that we are not prepared to address them at this stage. And so, Amendment #1 changed the focus of the Bill so that we may now, if this Bill as amended passes, take the quality incentive program, which is being pioneered by the

Department of Public Aid, to upgrade nursing home services, and provide that these extra incentive payments can be used to stimulate the provision of special targeted services for Alzheimer's patients living in long-term care facilities. And as you know, in the middle and latter stages of the illness, most victims do have to go to nursing homes. And it does create a problem because... because they are not cognitive of their... where they are or who they are or what room in the building they reside in, they do create special problems and I think the staff needs to be trained, have special training. Staff should deal with these people differently and provide special programming for them, and we need to pioneer in this area. Illinois can lead the way for the rest of the country and I think we can use our quality incentive program, which is already up and running to do this. This will not cost the state any additional money, but it will provide for significant increase in the quality of life for these Alzheimer's victims in nursing homes and so I'm pleased to move for the passage of 307 and in conclusion, just let me add my thanks to all Members of this House, especially the Committee on Aging. I think it was... this was an example of Committee work at its finest. The hearings were very useful in shaping the legislation that you consider today. I thank... I just want to thank everybody for their role in that."

Speaker Breslin: "The Gentleman has moved for the passage of House Bill 307, and on that question, is there any discussion? There being no discussion, the question is, 'Shall House Bill 307 pass?' All those in favor vote 'aye', all those opposed vote 'no'. Voting is open. Have all voted who wish? Have all voted who wish? The Clerk will take the record. Speaker Greiman: "Any Floor Amendments?"

Clerk Leone: "Floor Amendment #1, Davis, amends House Bill 316."

Speaker Greiman: "Gentleman from Will, Mr. Davis, on Amendment #1."

Davis: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. Amendment #1 is an attempt to clean up the Bill as originally introduced and define exactly how the process will work for a local unit of government to take advantage of the tax impact grant mechanism that we set up in the Bill itself. The Department of Revenue has designed this Amendment and I have signed off on it and I hope you will concur in... in the Amendment itself. What it... The Bill was introduced as a response to a Union Oil disaster in Will County in which 17 people lost their lives. And, unfortunately, because that was a utility intensive operation, the village of Romeoville in which it... which it exists... in which that facility exists, lost about 15 percent of their tax revenue in one year as Union Oil is rebuilding that facility due to a lack of revenue on their utility tax charged to that facility. So, consequently, we have tried to address that and we are limiting in this Amendment the impact grant to those municipalities that have a natural disaster that can certify that their disaster impacted their corporate funds by over ten percent of the corporate fund itself and then to make application to the Emergency Services and Disaster Agency and the Bureau of the Budget with a signoff by the Governor and the Department of Revenue to take advantage of that grant if they meet the criterion in the Amendment. I think the

STATE OF ILLINOIS

HOUSE OF REPRESENTATIVES

Amendment is a good Amendment and we can debate the Bill on Third Reading, but it's the Amendment that I would like to see on the Bill so we can discuss the issue fully on Third Reading and I would move for its passage."

Speaker Greiman: "The Gentleman from Will moves for the adoption of House Amendment #1 to House Bill 316, and on that, is there any discussion? The Gentleman from Madison, Mr. McPike."

McPike: "The Sponsor yield?"

Speaker Greiman: "Indicates he will yield for question."

McPike: "How does the Amendment differ from the Bill?"

Davis: "The Amendment narrowed the scope. The Bill itself said that the Department of Revenue and the Governor and ESDA, the State ESDA Agency would have to sign off. Now, it is the Bureau of the Budget, the ESDA, the Governor and the Department of Revenue. It also eliminates property taxes and only considers those tax loss revenues that are other than property taxes such as sales tax loss, utility tax loss or other taxes that are assessed by a local unit of government."

McPike: "And your example of an oil refinery?"

Davis: "Yes, yes."

McPike: "So that would not be covered, the property taxes would not be replaced?"

Davis: "No, the property taxes would not at that particular point in time in this instance that Union Oil Refinery is being rebuilt. So, consequently, it is a utility... utility intensive industry, as you know, having some refineries in your district and the loss during the rebuilding process of a year will cost the village of Romeoville some \$500,000 in lost utility tax revenue. So, it's aimed at that kind of a disaster. We could not honestly figure out a way to roll property taxes into this mechanism. We are still working

on it and there may be a way to do it should this Bill succeed the House and get to the Senate."

McPike: "So, the Amendment adds the Bureau of the Budget and deletes property taxes?"

Davis: "That's essentially correct. It changes the mechanism just a little bit on how the application is made."

McPike: "Thank you."

Speaker Greiman: "Further discussion? There being none, the question is, 'Shall Amendment #1 be adopted?' All in favor signify by saying 'aye', those opposed 'no'. In the opinion of the Chair, the 'ayes' have it and the Amendment is adopted. Further Amendments?"

Clerk Leone: "No further Amendments."

Speaker Greiman: "Any Floor Amendments?"

Amendment #3."

McCracken: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. Amendment #3 is the culmination of a long, long history of consideration of the issue of the improper use of preemptory challenges in criminal trials. This has come to our attention over various Sessions of the General Assembly. It has been addressed by both the State and the United States Supreme Courts and there have been various Bills designed to deal with the problem which I have uniformly opposed in Committee and on the floor in years past. For the first time, I was persuaded by an argument which I thought reconciled the concept of preemptory challenge with the concept of an improper use. Representative Young made that argument in Committee when he said that, in fact, if you are discriminating on the basis of race then it isn't a preemptory challenge. It's really a challenge for cause, cause which would never be sustained by a court in this land. We have discussed this issue at some length and I think it's important for a Member from our side of the aisle to say to his colleagues on the Democratic side that we are not insensitive to this issue. So, what we propose or what I propose is Amendment #3. Amendment #3 would allow for the challenge solely upon the court's Motion to examine either side if it has reason to believe that either side is exercising its preemptory challenges in a racially discriminatory manner, and cause that side to explain on the record its reasons for the use of those preemptory challenges. If the court finds that the reason for the use of the challenges is solely on the base of race and that the use is conducted in a systematic and purposeful manner to achieve that end, then it can cause the panel then under consideration to be dismissed and for new selection to be commenced. Now, there are some

STATE OF ILLINOIS
84th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

40th Legislative Day

May 15, 1985

unanswered questions raised by this Amendment which I have asked Representative Young not to address. We are going to leave that to the courts. But let me say this. This is a far step beyond the current state of the law. The current state of the law, both nationally and in Illinois allows for a Constitutional challenge to conviction only if the pattern of discrimination is systematic and even system wide. What many Bills in the past have sought to do is to create a statistical record keeping system or a method by which a pattern of discrimination can be proved or disproved. This Bill goes far beyond that and gives relief on a trial by trial basis. I think it is a major change, a major departure from what we would be Constitutionally required to do, and I would like it to be viewed by the other side of the aisle as at least one Republican's attempt to say, 'Yes, we are not insensitive to your problems. We are not insensitive to your needs. You have raised a legitimate issue. Here is a generous, fair manner of resolving this problem.' And I hope it's taken in the spirit in which it is offered."

Speaker Greiman: "The Gentleman from DuPage, Mr. McCracken, moved for the adoption of Amendment #3 to House Bill 324, and on that, is there any discussion? The Gentleman from Cook, Mr. Levin."

Levin: "Will the Gentleman yield?"

Speaker Greiman: "Indicates he will yield for question."

Levin: "A couple of questions about this. I commend you for putting forth what I think is a very novel approach in terms of dealing with the problem, one I think that certainly needs to be dealt with. Just trying to understand it a little bit, in terms of how it would operate. First of all, would this be something that only the court could do?"

STATE OF ILLINOIS
84th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

40th Legislative Day

McCracken: "Only the court could initiate it, that's correct."

Levin: "So that... What would... Let me raise a hypothetical. Let's say one side wanted to know what the strategy was of the other side, as far as court challenges, and they objected to the Judge in terms of this. The Judge then makes a decision whether or not he wants to make inquiries on this... You can't hear? You said this was something which the court could only do on their own Motion."

McCracken: "Correct."

Levin: "But they would still be, in most cases, responding to an inquiry by one side or the other."

McCracken: "Well, I think, as a practical matter, that's how the court is going to decide to exercise this."

Levin: "Now, you indicated that the questioning would take place on the record?"

McCracken: "No, the reasons... the conversation could be a side bar. I wouldn't want it in the presence of the jury, but I would want it as a part of the trial record, yes."

Levin: "But it would be something which both sides would hear?"

McCracken: "Oh, sure, and I assume it would be conducted in chambers."

Levin: "What is to preclude an abuse of the situation... again I'm just raising a hypothetical here... where one side wishes to know the preemptory strategy of the other side and raises an objection. The court then asks the other side, you know, what is your strategy, why are you doing this?"

McCracken: "Well, the Judge would not be required to do that. I think you are correct, as a practical matter, someone is going to stand up and say, 'I object to the way he's using them', but it's in the court's discretion whether to initiate the inquiry and also in the court's discretion as to the findings it makes."

Levin: "Good. Let me just throw out a suggestion, and, you know, as I said, I understand your proposal is not totally refined and it's in that context in which I throw this out. You know, to alleviate that possibility, you may want to put it on the record, as a side bar, but only with one side at a time so that if there is a legitimate strategy that's being pursued, the other side is not... is not apprised of what that strategy is. That is the concern I have. I... but I think it's... it's a good starting point. I do think it needs some further refinement, but, you know, I intend to support it."

McCracken: "I hadn't thought of that. That's... That's a good point. I'm not sure how to address it, but I... I think you raise a good point."

Speaker Greiman: "Further discussion? There being none, the question is, 'Shall Amendment #3 be adopted?' All in favor signify by saying 'aye', those opposed 'no'. In the opinion of the Chair, the 'ayes' have it and the Amendment is adopted. Further Amendments?"

and so forth."

Speaker Matijevich: "The Gentleman from Cook, Representative Alan Greiman."

Greiman: "Thank you. Mr. Speaker and Ladies and Gentlemen of the House, this is a short and not very earth-shaking Amendment to a rather earth-shaking Bill. House Bill 410 preempts home rule units from regulating gun control. If that is the will of the extraordinary majority of this House and the Governor and the Senate, so be it. But there are communities that have already spoken on this issue. Morton Grove, which is part of my constituency, passed its ordinance perhaps three and a half years ago, four years ago. A case was filed. It moved to the Supreme Court of the United States and found it was a valid exercise of the police power. A community next to the community in which I live, Evanston, following suit, passed the ordinance, a similar ordinance banning guns. The community in which I live considered a gun ordinance and rejected it. I think Oak Park has accepted... has adopted one. City of Chicago has a Resolution of some kind. Arlington Heights turned it down. So, communities have addressed this problem over the last three and a half years. Not a lot of communities, but a few communities that had... where there was a great interest. This Amendment #5 merely grandfathered in those three communities or so, four communities that have acted upon this. Now, since the Morton Grove Amendment was... ordinance was adopted, it's been three or four years. Those communities that were going to do it have done it. Those that weren't have not done it. But those communities who cared to act should be given some kind of credit for them caring to act. I hear my colleagues down here, a lot of times from downstate they say, 'Oh,' they say, I got a faceless bureaucrat in Springfield or Washington town that's

STATE OF ILLINOIS
84th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES

telling me what to do. Some faceless person that's telling us all how to go about our business and government on our back. Well, that's not what those communities who have adopted ordinances have. Those were your neighbors. In Morton Grove, there are six trustees and a mayor. In Skokie, there are six trustees and a mayor. In Morton Grove they adopted it. In Skokie they turned it down. Six people, neighbors, not professional pols, just people who serve on the village board and have a sense of what their village is about. They are not nameless bureaucrats. They are people tied to their community who expressed an expression on gun control. Amendment #5 merely says that for those communities that have acted in this four year period since Morton Grove acted, let them be excluded from Mr. Johnson and Mr. Tate's and Mr. Hicks Bill. Let those communities who have already spoken, let them control their own destiny. I think the people of Morton Grove know more about what they want in Morton Grove than even Mr. Johnson and Mr. Tate know about Morton Grove. Accordingly, Mr. Speaker. I ask for a Roll Call."

Speaker Matijevich: "Before we proceed, it is the Chair's honor to introduce a long time former colleague, a Legislative Leader and a personal friend and a Mayor, former Mayor of Elmwood Park, longer than anybody can remember, Elmer Conti, in the middle of the aisle. Elmer was replaced by Mayor Don 'Sterino', who is here with him today. Representative Greiman has moved for the adoption of Amendment #5 to House Bill 410. The Gentleman from Macon, Representative Mike Tate."

Tate: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. What the Sponsor of this Amendment is basically trying to do is gut the entire Bill of this legislation. I somewhat resent this attempt in the fact that this... the opponents

84th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

40th Legislative Day

of this legislation have used virtually every tact available to them to slow this Bill down through the process. But to the Amendment... or to the issue of the Amendment, what the Sponsor is attempting to do is to allow a system to exist that exists in this state right now that denies certain citizens around this state their Constitutional fundamental right to keep and bear arms. What we presently have in the State of Illinois right now is a hodgepodge network of Amendments or of different ordinances throughout this state that allow certain law-abiding citizens to have guns outside of certain ordinances and in certain municipalities, law-abiding citizens become criminals because they try to concur with a law that should be... is blatantly unconstitutional. What the Sponsor of this Bill fails to also recognize is what's happened throughout this state is that we have had municipalities throughout the state that have not only gone to the extreme of outright gun bans, but to the other extremes of requiring virtually all citizens to own guns. If we are going to have any consistency in this state, we all should agree that the best way to address the issue of gun regulation is through the state, to have some uniformity, to have some consistency so all citizens can then abide by what should be a uniform state law. I urge this entire chamber to reject this Motion and I also concur with the Sponsor of this Bill in his request to have a Roll Call on this issue."

Speaker Matijevich: "The Gentleman from Champaign, Sponsor of the Bill, Tim Johnson."

Johnson: "Well, I wasn't... I wasn't going to speak, but I guess I will. The obvious intent of this Amendment is to destroy the purpose for the Bill. If you support the Bill... or if you oppose the Bill, you ought to vote accordingly, but

this isn't the stage to gut the Bill. I urge a 'no' vote."

Speaker Matijevich: "Gentleman from Jefferson, Representative Hicks. Larry Hicks."

Hicks: "Yes, Mr. Speaker. Ladies and Gentlemen of the House, I would like to just also urge the Members on this side of the aisle to take a very strong look at the Amendment and even some of the Amendments that I think are going to follow here that the vote on the Bill is really... every one of these Amendments is trying to gut the Bill and trying to destroy what the Bill is trying to do and I would urge a 'no' vote on the Bill."

Speaker Matijevich: "Representative Greiman, to close. Representative Greiman."

Greiman: "Yes, thank you, Mr. Speaker. In closing, to suggest somehow that the present ordinance, which there are about four are unconstitutional, as Representative Tate did, of course, flies in the face of a Supreme Court case. Now, I realize that that may not mean much to the Gentleman from Macon, but to many of us, that's what we use when we talk about unconstitutionality. But to the issue, to suggest that it guts the Bill. There are four communities, really, that have ordinances dealing with gun ban in the State of Illinois. To suggest that when we allow Mr. Tate and Mr. Johnson to prohibit the other 1300 communities from doing it, that somehow that would gut the Bill. We are asking for four communities that have acted. They have acted. They've thought about the problem. Their local trustees, their local boards of aldermen have responded to it. They have done what they thought they could do and which they can do. And now we are just saying, 'Okay, the other 1300 communities, if you don't want to have gun control, your Representatives in the General Assembly can preempt it,' but for those four communities, let those four communities

84th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES

have what they have already... what they already voted for on a local level. That's not asking much. We grandfather things... God, the things we grandfather in this place are... are incredible. And all I'm asking to do is what we do so often. We grandfather in somebody in a Bill and that's what I'm asking here. Grandfather the four communities that have dealt with this subject from the preemption. That's all it is. It doesn't gut the Bill. It doesn't restrain anybody from making... if they want their city to be Dodge City, so be it, but let the people who have spoken on it have their ordinances."

Speaker Matijevich: "Representative Greiman has moved for the adoption of Amendment #5 to House Bill 410. Those in favor signify by voting 'aye', those opposed by voting 'no'. Representative Young, one minute to explain his vote."

Young: "I'm voting 'no' on the Amendment and I urge the other fellow Members to do so. The reason I'm casting this 'no' vote is not only for consistency state-wide on this issue, but some of those communities which Representative Greiman has mentioned, the issue has not been presented to the people. It has been a trustee decision. I represent a community, Oak Park. Recently, I saw a petition with 5000 registered voters who wanted this issue to be put on a referendum. I think the issue of gun control should be decided state-wide on a state-wide referendum."

Speaker Matijevich: "Have all voted? Have all voted who wish? Clerk will take the record. On this question there are 30 'ayes', 72 'nays', 4 answering 'present'. Amendment #5 fails. Are there further Amendments?"

Clerk Leone: "Floor Amendment #6, Greiman, amends House Bill 410 as amended."

Speaker Matijevich: "Gentleman from Cook, Representative Greiman, Amendment 7."

Speaker Matijevich: "Leave to withdraw 7. Leave. Amendment 7 withdrawn. Further Amendments?"

Clerk Leone: "Floor Amendment #8, Greiman, amends House Bill 410."

Speaker Matijevich: "Gentleman from Cook, Representative Greiman, on Amendment 8."

Greiman: "Alright. Let's go again. Now, this Bill... This Amendment is a special different kind of Amendment. It deals with some requirements of insurance. It amends the Municipal Code in the same way that previously the Bill itself amends so that I believe it to be germane."

Speaker Matijevich: "One moment. The Gentleman from Champaign, Representative Johnson, for what purpose do you rise?"

Johnson: "I may save Representative Greiman some time. I would question the germaneness of this Amendment."

Speaker Matijevich: "The Gentleman asks for a ruling on germaneness and we'll be at ease for one moment. Ruling of the Chair, Mr. Johnson, is that it is germane. Proceed, Representative Greiman."

Greiman: "And so, Mr. Speaker, what this Bill does... what this Amendment does is to require that a person who has a gun gets an insurance policy to cover liability, to cover injuries that may be done with or without the consent of the owner with this handgun. Under the Illinois Insurance Code, there is a question of whether insurance can be

STATE OF ILLINOIS
84th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES

gotten for an intentional act and the Amendment provides that indeed it will cover intentional and unintentional acts. Who will take care of the youngster who is shot by the gun that's lawfully kept? Who will take care of the person who walks into a room late at night, the father who walks in a little late and is shot by someone? Who will take care of the people that are injured with guns? Well, we know the answer to that. You and I will. We'll provide... the state will have to provide it... the state will have to provide some kind of support, some kind of medical for people who are injured with guns. And I say that if you want to have guns, that's okay. If you... then have them. But there should be protection for people who are injured with those guns. Now, nobody, not even... you know, I see... I read bumper stickers that, you know, people kill people, not handguns, but no one can argue that these aren't dangerous instrumentalities. We all understand that, just as automobiles are dangerous instrumentalities in... when they are in the flow of commerce, when they are in the hands of people. And when... when accidental and unaccidental things can happen. And so, I say to you that this Bill... this Amendment, pardon me, merely provides a requirement of insurance. It does not inhibit or impair anybody's right to carry a gun or have a gun. It says, 'If you have a gun, insure it.' That's what it says. For the protection of other people. That's what it says. And I ask for a Roll Call on Amendment #6."

Speaker Matijevich: "Representative Greiman..."

Greiman: "Or, I'm sorry, Amendment #8."

Speaker Matijevich: "Representative Greiman has moved for the adoption of Amendment #8 to House Bill 410. The Gentleman from Champaign, Representative Tim Johnson, Sponsor of the

Bill."

Johnson: "Thank you, Mr. Speaker and Members. This is an interesting idea, but there are a number of issues, a number of problems that are raised by this Amendment. Enforceability, insurability, whether, in fact, people will be able to acquire insurance to cover the provisions of this Amendment, and I suppose most importantly, whether the... whether the Amendment can combination with the Bill will really work to achieve the objectives that Representative Greiman has indicated and I agree are worthy objectives. In addition to that, you have the public policy problems of the basic prohibition against insurability of intentional acts. That's common law in Illinois and there is nothing in this Amendment that would speak to this issue. Representative Greiman had an opportunity and he will have an opportunity next year and the following year to introduce this novel approach as a separate Bill so that we can debate it, so that it can go to the appropriate committee and so that the various people who would be involved in this decision, insurance companies, hand gun groups, wild life groups, pro-gun control groups and otherwise would have a chance to analyze the implications of this Amendment. And for those reasons and because it really speaks at best indirectly to what the Bill, the underlying Bill is trying to do and because it would, for all practical purposes at this point effectively gut the Bill, I urge a 'no' vote."

Speaker Matijevich: "Gentleman from Marion, Representative Friedrich, Dwight Friedrich."

Friedrich: "Would the Sponsor yield?"

Speaker Matijevich: "He indicates he will. Proceed."

Friedrich: "I don't have a copy of your Amendment before me, but do you have to enumerate the serial numbers or so on of the

gun to... under your Bill? If I have five hand guns as a collection or otherwise, do they have to be enumerated on the policy or can I have one that covers it? The other question, while you are looking at your thing, I happen to have a homeowners which has a liability portion on it. I've also got a cap policy on top of that. Am I covered? Do I have to have another policy under your Bill?"

Greiman: "Well, the answer to the identity is it would tie into the fireowner... firearm owners identification card, so I assume..."

Friedrich: "In other words, I'm going to have file my policy with them?"

Greiman: "Well, I assume... I assume that you... No, you would have to have your policy... your policy would have to be... would have to respond to the gun... to the identification card."

Friedrich: "And filed with the people who handle fire owners permits?"

Greiman: "But there is no separate identification of the guns. If you are a fire owner..."

Friedrich: "Okay, yes, but I do have to have the policy filed with them under your Bill?"

Greiman: "No, I think you have to show it to them... To get it, you have to have some evidence of your insurability."

Friedrich: "Well, but suppose my policy expires? My firearm owner's permit's good for four or five years. Do I... Suppose my policy expires? What happens? I've already got my permit."

Greiman: "Then you get a new policy."

Friedrich: "Yeah, but how's the department going to know that?"

Greiman: "Well, when you have law-abiding citizens like you, you just would do it, because it's the law. Aren't most gun owners... are law-abiding citizens? They would certainly

do it. And they have to renew their firearms identification card, anyhow."

Friedrich: "Alright. On the Bill, then. On the Amendment. Mr. Speaker, obviously, this isn't workable, like a lot of other things proposed around here. I can have a perfectly valid policy today when I apply for my permit, I didn't pay the premium. It expires next month. I don't have it. Who's going to do the bookkeeping? It would take 5,000 people over in that department to run down to see that everybody had a valid insurance policy on every gun in the state, and besides that, the criminal's not going to worry whether he has a permit or the policy, either one. And that's the guy that causes the problem, not the law-abiding citizen you refer to. You're putting a burden on the law-abiding citizen, and it won't affect the person who's a criminal in the first place."

Speaker Matijevich: "The Gentleman from Will, Representative Regan."

Regan: "Thank you, Mr... Thank you, Mr. Speaker and Ladies and Gentlemen of the House. Will the speaker yield... the Sponsor?"

Speaker Matijevich: "He indicates he will. Proceed."

Regan: "In this Amendment, Representative, is the terminology 'willful and wanton', in this Amendment?"

Greiman: "Gosh, I'm glad you asked that, Mr. Regan. No, the... Actually, this answers your question and the statement that Mr. Johnson made, if you look on page 30 of the Amendment under Subsection (g), you'll find that it says that it insures against death, injury or damage to property caused by the use of the handgun by the insured or by any person using the handgun, and it says, 'with or without consent' or whether or not there was... whether or not it was caused intentionally or otherwise. So, you see, we have..."

we have a provision which says that if it's caused intentionally or otherwise, then the insurance covers it."

Regan: "Representative, 25 years in the insurance business, I think you'd find a very, very limited amount of carriers, and I think that even Lloyds of London would look askance at this Amendment. I would urge a 'no' vote on the Amendment. Thank you."

Speaker Matijevich: "Representative Greiman to close."

Greiman: "Yes, I'm giving Mr. Regan an opportunity to reach new vistas in the insurance industry to build... This could be part of the Build Illinois Program, actually. It brings good insurance dollars to Illinois. But you know, you can only... There are none so blind as those who do not see. But anyhow, enforcement, Mr. Friedrich, is in the renewal of the card, and when you get the card, it's a policy which can extend for the life of the card. I have no question in my mind that the insurance carriers who deal in this state have the ingenuity to develop insurance policies that will cover this. I thank the Gentleman from Champaign for allowing me to file this next year and the year after that, but I may not be here then. Who knows? So that's why I do the process as I... as I am today. I... Now, some suggestion that this was all gutting the Bill. To the Gentleman from Macon, one of the... part of the process here is to file Amendments and to have an exchange of ideas based on those Amendments, and that's what we're doing, and it doesn't gut your Bill. As a matter of fact... as a matter of fact, I think it's going to bring people to your Bill. Now, you got 72 votes on that last Amendment. That may give you some good feelings. You may think you're going to get 71 on the... on the showdown, but I'm not sure of that. But this Amendment might very well do just that for you, and so, if you are wise, the truth be known, you'd

put this on an Amendment. I have here a person who would vote for this Bill if this Amendment were on, only if this Amendment were on. Accordingly, and I.. and now, let's talk serious for a minute. This is a new concept. It is no place else in the United States being debated or discussed, but yet, I think it is a time... an idea whose time has come for consideration. I think we must protect people who are shot by guns without impairing the... the right of a person to have a gun. And that's what this does. This protects the innocent people who will get in the way of that fire. And I say, let's lift the people of Illinois from the crossfire and accept Amendment #8. And a Roll Call, Mr. Speaker."

Speaker Matijevich: "Representative Greiman moves for the adoption of Amendment #8 to House Bill 410. Those in favor signify by voting 'aye', opposed by voting 'no'. Alright. Those in favor signify voting 'aye', opposed voting 'no'. Have all voted? Have all voted who wish? The Clerk will take the record. of the House. Elmer and I were up here on occasion. Remember how nicely we treated you all of the time? With great respect and due deliverance and everything else. But Elmer, we are very proud to be able to participate in little festivities to remember you on some of the times that you spent in the House. In fact, right where Tom Ewing is sitting is where I used to sit. Elmer sat right in front of me, right next to Virginia Frederick, where she's sitting right now, Elmer Conti sat. For two years, I sat in that spot, and for two years, I learned more about the General Assembly and the legislative process than in any previous two years that I had served up until that time. And Elmer, let's start today, a day for you and honoring you with the reading of a Resolution. Mr. Clerk, will you read the Resolution, please?"

Clerk Leone: "House Resolution 391, Sponsored by Representative Daniels. Whereas, Elmer W. Conti, a former Member of this Body, retires this year as Village President of Elmwood Park, a position he has held since 1953; and whereas, Mr. Conti has also served the people of the Village of Elmwood Park as a Village Trustee for four years from 1949 to 1953; and whereas, Mr. Conti continues to serve the people as a Republican Committeeman from Leyden Township, a position he has held since 1960; and whereas, Mr. Conti, during his six terms in the Illinois House of Representatives, contributed greatly to the welfare of the citizens of this state through his active participation as a Member of the House Financial Institutions Committee, Revenue Committee, Executive Committee and Licensing Committee; and whereas, Elmer Conti's leadership was recognized by his peers who elected him Assistant Minority Leader in the 81st General Assembly and Assistant Majority Leader in the 82nd General Assembly; and whereas, Mr. Conti's talents and service has

been recognized over the years by many institutions, including the Mogen David Adom, Jewish Red Cross, and the Chicago Amerital Chapter of UNICO which named him 'Man of the Year', and a citation from the Israel Governor, making him one of the only three Americans so cited; and whereas, in addition to his political service, Mr. Conti has maintained an active role in many civic and professional organizations, including service as Founder and Past President of the Leyden-Norwood Municipal League, Founder and Past President of the West Suburban UNICO Chapter, Founder and Past President of the Suburban Contractors' Association, former Director of the St. Jude's Foundation and member of the Moose, Kiwanis, Montclair-Elwood Park Chamber of Commerce, American Legion Post 668 and the Amvets Post 124, where he was Adjutant; and whereas, Elmer Conti also defended his country, interrupting his college education to enlist in the United States Naval Air Force during World War II, where he rose to the rank of Cadet V5. Whereas, in appreciation of the many years of service to his community and his state, this day has been proclaimed Elmer Conti Day by the Governor, James R. Thompson. Now therefore, be it resolved by the House of Representatives of the 84th General Assembly of the State of Illinois, that we honor and commend Elmer W. Conti for his many contributions to the people of the State of Illinois; and be it further resolved that suitable copies of this Resolution and Preamble be presented to Elmer Conti, his wife June, their daughters Christine and Kimberly, and their sons Stephen and John."

Members of the House as Sponsor of the Resolution. Ladies and Gentlemen, who you have in front of you right now, Elmer Conti, on Elmer Conti Day in Illinois, you all should be so lucky as to have a day named after you. He told me earlier, he said, 'I didn't know if Jim would do that.' You have truly, one of the remarkable public servants right in front of you today - the Gentleman who has served with great distinction his community, served his family, is loved by many, the Gentleman that joined the General Assembly in 1956. Think back to those days. Some of you weren't even here in 1956. I know I was... I know I was in eighth grade. He served with my grandfather during that time. Right, Elmer? When I first joined the General Assembly, he said, 'Lee, I knew your dad.' And I said, 'Elmer, I got bad news for you. It was my grandfather that you served with.' This Gentleman is truly a person that I hold in great esteem. Will you please join with me once again in recognizing, as brief as it may be in our process, this fine Gentleman? Elmer Conti."

Elmer Conti: "I haven't forgotten the time of the year it is. It's May 15, and an awful lot of you have Bills and you're counting the days and wondering whether you can get your Bill through this House so it can get over to the other side of the aisle, so I won't be too long. But in that long tenure of office that I've held, I've received many achievements, many awards, and I haven't done it on my own. It's the people that I've with... were with for the last 30 years. Lee's grandfather, as he mentioned, made me look good, and the people on my right, the people that sit on the left of the House, have been very, very good to me when we've had some lean years. In fact, all of those years that I speak here, we've only had two Republican Speakers. The rest were all Democratic Speakers. So I won't take up

any more of your time, and for the benefit of those of you when I took this Chair up here, most of you thought I had a peripheral problem in seeing, and I forgot to call the people on the right side. I was just being a little partisan, and for that, I apologize. Thank you very much. As long as you hold off as you still make the worst mistake that you can ever make, I've got my wife June with me who put up with me for 32 years, my two sisters Ida and Leanita, and I've got my... four of my five grandchildren here; Michael, B.J., Frank and Joey, and my daughter... my granddaughter Lisa was too young to be with us today, and half of those people up there and... oh, I'm sorry again. My son, Stephen, my daughter Chris, my daughter Kimberly, and my son Steve and John, both of my sons, Steve and John. They're up in the gallery."

Daniels: "The area where Mr. Conti comes from is represented by Representative DeLeo and also now, Linda Jean Williamson. And Representative Kulas?"

Kulas: "Thank you, Mr. Speaker. On behalf of the Royal Order of Mushrooms, of which Representative Conti was a faithful Member, I'd like to welcome him back to Springfield. I'd just like to tell you, Elmer, that since the Democrats took over, we've been a little more enlightened. Welcome back."

Daniels: "Ladies and Gentlemen, from the hour of 3:00 to 5:00, there will be a reception. You're all invited if you, during the course of your work, could step off the floor, step into the Republican Leadership offices, there's a little reception for Elmer Conti to honor him and all of his friends, who I think are with us all today. They're up there in the gallery, recognizing him, so please come into the Republican offices. Share a little time to honor Elmer Conti on Elmer Conti Day. Thank you for your courtesies. Thank you."

Cullerton: "Yes, would the Sponsor yield?"

Speaker Greiman: "Indicates he'll yield for a question."

Cullerton: "You indicated that it would lower the percentage from 50 percent to 45 percent?"

Davis: "Yes, we did. In conversations with Representative Keane, we misspoke ourselves in the Revenue Committee, Representative Cullerton, and we thought that the district was impacted at 53 percent by Stateville Penitentiary. And we put a 50 percent Amendment in to limit it to that school district. However, we find out in recomputing with the school district and the county clerk that it is actually 48.3 percent. So our own Bill would have cut out the very people it was designed for. So, we're lowering it to 45 percent to keep the idea of the Bill in tact. ... on Third Reading is another story."

'one-third' and inserting in lieu thereof '45 percent'."

Cullerton: "Okay. So, the Amendment, after we have tabled the other one, increases it from one-third to 45 percent."

Davis: "Yes, essentially. Essentially correct. I misspoke myself again."

Cullerton: "Okay. Thank you."

Van Duyne: "Yes, thank you, Mr. Speaker. I would just simply want to add my support to Representative Davis' attempt to help the ... area in our... in his district. And, you know, it is lovely to have all these state institutions in your district, but it does have a terrific impact on your school districts. And I would just add my support to his Amendment."

Speaker Greiman: "Any Floor Amendments?"

Clerk Leone: "Floor Amendment #1, Leverenz, amends..."

Speaker Greiman: "Gentleman from Cook, Mr. Leverenz, on Amendment #1 to House Bill 931."

Leverenz: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. Amendment #1 provides some clarification language, taking the new maximum for an award to 25,000, and the clarification is that under the Bill it would be unclear whether those who have filed already would be available to the 25,000. This clears it up that only after the Bill passes and is signed into law and has an effective date would the max go to 25,000. Further, it amends another part so that a convicted defendant who has served time would not get the five dollars credit per day served that would be paid into... or would reduce the amount paid into the Violent Crime Victims' Assistance Fund. And I would move for the adoption of Amendment #1."

Clerk Leone: "Gentleman from Cook, Mr. Leverenz, moves for the adoption of Amendment #1 to House Bill 931. Is there any discussion? There being none, the question is, 'Shall this Amendment be adopted?' All in favor signify by saying 'aye', those opposed 'no'. In the opinion of the Chair, the 'ayes' have it. Speaker McPike: "Gentleman moves the adoption of Amendment #1. Gentleman... On that, the Gentleman from DeWitt, Representative Vinson."

Vinson: "Thank you, Mr. Speaker, Ladies and Gentlemen of the Assembly. I wonder if the Sponsor might yield for a question."

Speaker McPike: "He indicates he will."

collective bargaining than the original Bill did. Is that correct?"

Greiman: "No. Not correct, Sir. I drafted that particular Amendment at the last moment, as 536 was going through this Assembly. The clear understanding was that 536 should apply to those communities having 25 employees, whether they were employees under the Act or not. That was the intent of the drafter. I'm the drafter and that was my intent. In accordance..."

Vinson: "No, I'm talking about 1342."

Greiman: "Excuse me. In answer... What?"

Vinson: "It would cover more units than are covered under 1342."

Greiman: "No, this... I'm saying to you that this Bill... this Amendment merely relates to the number of employees that would be covered under the Act. It conforms to the original intent of House Bill 536 so that... you may not be aware of this, but that recently a hearing... the hearing officer held in accordance with the intent of this particular Body and the Board overturned the judgement of the hearing officer. This would conform the Board's judgement with the judgement of this House when we passed it two years ago."

Vinson: "How much would this Amendment cost local government?"

Greiman: "No more than it costs now."

Vinson: "What?"

Greiman: "No more than it costs now, because I believe that a court will carry out the intent of this Legislature and reverse the Board. So, no more than it costs now."

Vinson: "If the Bill is unnecessary, why don't we just table it?"

Greiman: "Because we should make clear the General Assembly's words cannot be cast aside and not... and ignored, that each word, each dot, each paragraph must be given meaning."

Vinson: "Mr. Speaker, to the Bill, Members, the Gentleman's Bill

is a Bill which will bring under collective bargaining far more units of local government than currently are under collective bargaining. The units of government which will be brought under collective bargaining for purposes of this Bill are small units of government that have a low number of employees, the kind of units of government which can least afford the extraordinarily higher cost involved in collective bargaining, whether you're talking about the increased wages that collective bargaining supposedly brings - otherwise, why would anybody be for collective bargaining? - or whether you're talking about the increased number of lawyers and labor counselors and litigation and so forth that we be occasioned by the Bill. The Bill is costly, extremely costly for small units of government. Now, if you represent a big unit of government and that's your only concern, I can understand why you could be for the Bill, because it won't have any impact on big units of government. But if you have small units of government in your district, then by voting for the Amendment or for the Bill, you're imposing extraordinarily higher costs on them. You should not do that. It's wrong. You ought to vote 'no', because you're just sticking taxpayers with more money that they have to pay for. I would urge a 'no' vote on the Amendment."

Speaker McPike: "Further discussion? Representative Davis."

Davis: "Well, I would simply echo Representative Vinson's remarks and remind the Sponsor who was the Sponsor of Senate Bill 536 that the agreement on 25 employees or less was struck after heated debate in a series of Amendments two years ago that would and indeed ... it was negotiated from a position, I suppose, of strength because this General Assembly had unquestionably rejected the notion that every small unit of local government should be counted... or

should be included under the Act. And it seems to me that this Amendment violates the spirit of that agreement and takes in part-time workers and supervisors and probably trustees, for all I know, and is probably ambiguous to the Board at this point in time, even moreso than the Sponsor of the Amendment would indicate. It's a very bad concept. The original plan was a good one, and I think we should roundly defeat this Amendment. And, Mr. Speaker, I would request a Roll Call vote on this particular Amendment."

Speaker McPike: "Further discussion? No further discussion, the Gentleman from Cook, to close, Representative Greiman."

Greiman: "Good. Well, again, I'm sort of in Alice in Wonderland. We're walking through the looking glass again. I drafted this. I drafted the intent of what we had agreed upon. Mr. Davis was, at no time, a party to those discussions or agreements and voted against the Bill, as a matter of fact, so couldn't... wasn't involved in any agreement, as I recall. But nonetheless, this Amendment has been put on to correct a decision of the Board. The Board's hearing officer held in accordance with the intent of this General Assembly. The Board reversed the judgement of the hearing officer. Maybe a court will reverse the Board. But why should we have our intent handied about by hearing officers and boards when we can express it in a clear way. I apologize to the House for not being a better draftsman two years ago; but, nonetheless, we should indeed just make this Amendment which carries out the original intent of the Bill, 536. I ask you to adopt Amendment #1 to House Bill 1342. Thank you."

Amendment 1 to House Bill 1378 is a technical correction in the Illinois Income Tax Act recognizing that financial institutions that invest in municipal bonds, in fact, pay taxes in Illinois under the Illinois Income Tax. This merely permits them to take deductions, appropriate deductions for the expenses occurred in relation to those bonds activities. I'm happy to answer questions, and I urge adoption of the Amendment."

Speaker Greiman: "Lady from Cook, Ms. Currie, has moved for the adoption of Amendment 1 to House Bill 1378. And on that, is there any discussion? Yes, the Gentleman from DeWitt, Mr. Vinson."

Vinson: "Yes, I wonder if the Sponsor would yield for a question."

Speaker Greiman: "Indicates that she will."

Vinson: "Who would get the benefit of this tax loophole, Representative?"

Currie: "Financial institutions, Representative Vinson. As you're no doubt aware, at the federal level, because these bonds are not taxed, there was a limitation on the amount of money that could be exempted by virtue of having spent the money in order to buy the bonds in the first place. That makes very good sense at the federal level, but these bonds are taxed in the State of Illinois, and ordinarily we permit businesses to deduct business expenses when they are making out their tax returns."

Vinson: "What about the bonds that are not taxable at the state... level of the State of Illinois. Do they get the exemption then?"

Currie: "My understanding is that this Amendment was drawn so as only to include those bonds upon which the financial institutions are charged... are charged taxes."

Vinson: "So, for instance, IHDA bonds would not be effected by this?"

Currie: "I believe that's right."

Vinson: "Okay. And the people who are getting the benefit of the tax loophole are the big banks and insurance companies?"

Currie: "And the little banks. Just the financial institutions, I believe. But it would bring them into conformity with all other business. And as I say, the reason for the Bill was changes at the federal level that had to do with the fact that they were not paying income taxes on these bonds at the federal level."

Vinson: "In the... In the rhetoric of Senator Kennedy, this is a tax expenditure for economic royalists?"

Currie: "Pardon me?"

Vinson: "It's a tax expenditure for economic royalists?"

Currie: "It's just closing up a technical problem in the Illinois Income Tax Act, Representative Vinson. I'm sure you support this fine proposal."

pollution sources. And I don't know if that's correct, but I'd ask you to address that."

Currie: "I believe it is not correct. The intention of the Bill, with Amendment 1, was to say that as we were statutorily defining fees for the ear monitoring program to that extent, the board would be precluded from changing the fee schedule set by the Assembly. It certainly was not the intention to preclude the board from other opportunities under other provisions of the Environmental Protection Act... Act to establish fees. And I believe that the Amendment clarifies that when... that if the statute becomes law, then with respect to the air permit program, the board may not offer fees that are different from those enacted by statute."

McCracken: "Okay. I'm told..."

Currie: "But my understanding is it only includes fees set by this Assembly for this program rather than other programs under the Environmental Protection Act."

In a rare departure for me, I have filed this Amendment to Representative Currie's Bill, but I think it's a Amendment that need to be adopted. It was a Bill. It was defeated in a Revenue Subcommittee on a

84th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES

3 to 2 vote. Nevertheless, in researching the statutes, I find that in the state statutes there is a statewide property tax provision for the Common School Fund and a statewide property tax provision for the General Revenue Fund. This Amendment attached to Representative Currie's Bill would make her Bill a lot better by simply repealing those two provisions. I seriously doubt if we should leave that kind of temptation on property taxes to be levied statewide in the State of Illinois on the statute books so that this General Assembly could even possibly or remotely consider the notion that a statewide property tax would be levied in Illinois for any purpose. Now the Bill was killed in that Revenue Subcommittee because there was a group who was looking at the notion that this year we should look at a statewide property tax to fund schools. I think that's a particularly bad idea, going exactly 180 degrees out. So if you adopt this Amendment, Ladies and Gentlemen, and there were, I think, 34 Cosponsors to the Bill originally, if you adopt this Amendment, what you will have done is to remove from the state statutes the property tax... statewide levy property tax provisions so that the temptation will be removed from in front of the children in the candy store. I think that's what we ought to do, and we ought to vote affirmatively on this... on this Amendment. And I think we should have a Roll Call vote, Mr. Speaker, please."

Speaker Greiman: "The Gentleman from Will, Mr. Davis, has moved for the adoption of Amendment #1 to House Bill 1847. Is there any discussion? The Lady from Cook, Ms. Currie, on Amendment 18... on Amendment #1."

Currie: "The provisions here, Representative Davis, are the same as those in House Bill 1347. Is that right?"

Davis: "That's essentially correct, Representative Currie."

Currie: "And that Bill... that Bill was killed in the House Revenue Committee. Is that right?"

Davis: "On a 3 to 2 vote, Representative Currie."

Currie: "And my understanding is that you've also filed the same Amendment, the same Bill, the provisions of which were killed in Committee, the same proposals on several other Bills amending the Revenue statute. Is that right, Representative Davis?"

Davis: "Well, one... one never knows..."

Currie: "It seems to me I've seen at least... Just answer the question, please."

Davis: "I'm trying to answer the question, Representative Currie, if you'd give me a minute."

Currie: "Was it 'yes' or 'no'?"

Davis: "One never knows what... what Bills will be called. Yes, it's been filed to three different Bills."

Currie: "Well, may I suggest to the Sponsor and to the Members of this House that he pursue his intentions on some other Bill. Certainly among those many Bills upon which he has attached this Amendment he will find a Sponsor friendly to the proposal. Unfortunately this Sponsor is not. I am not comfortable with his proposal, both because I think it makes this Bill more controversial and primarily because it is my understanding from the Illinois Department of Revenue that the fact of that language that he wishes to take out of the statutes is there means that some bonds which have been let by the State of Illinois would suddenly come into question were that language removed. According to the Department of Revenue, we cannot take this language out of the statutes now, even though we have no immediate

HOUSE OF REPRESENTATIVES

40th Legislative Day

intention of actually applying any kind of tax under that language because there are bonds outstanding that in some degree rely upon the fact of that language in our statute books. It is a custom in this House to permit a Sponsor to have a Bill in shape, the shape the Sponsor chooses, by the time that Bill comes to Third Reading. The Sponsor of this Amendment has offered the same Amendment on a variety of other Bills. It seems to me fair, and in keeping with the traditions of this Assembly, to defeat Representative Davis' Amendment with respect to House Bill 1847 and, perhaps, give him an opportunity to pursue it in some other fashion. Both for the reason that I think this Amendment is not one that we can give in bonding... sensibly adopt and for the reason that the Bill, the underlying Bill, is quite different from the proposal in Amendment 1 to House Bill 1847, I would ask the Members of this Assembly to defeat the Gentleman's Motion."

Speaker Greiman: "Further discussion? There being none, Mr. Davis to close."

Davis: "Well, Mr. Speaker, I... it's a common practice, as you know, to identify Bills that... that actually you can make them better. I'm really shocked to find that Representative Currie does not like the idea; and, therefore, probably likes the idea of statewide property taxes. I don't think the people of Illinois like property taxes at all in any way, shape or form. And for this provision to be sitting in the statutes, available for this General Assembly, without the scrutiny of enacting that particular legislation, I think it should be repealed forthwith. And let me say to Representative Currie that to my knowledge, and we worked on this Bill a long time - the staff did with the Department of Revenue - I personally did, to my knowledge there is absolutely no reason why this

STATE OF ILLINOIS
84th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

40th Legislative Day

should not be repealed. There are no outstanding bonds that are secured by statewide property tax revenues or the prospectus indicate in those bonding obligations that that is a possibility. There is a move afoot, Ladies and Gentlemen, to invoke a statewide property tax in the State of Illinois. Now, you won't want to vote for that when it gets to the floor, and you certainly won't... won't want to vote on this Roll Call vote to keep that provision in the statute as it currently exists. Ladies and Gentlemen, this repeals the statewide property tax levy from the statute of the State of Illinois, and it's a good vote for you back home. And I move for the passage of Amendment #1."

Speaker Greiman: "The question is, 'Shall Amendment #1 be adopted?' All in favor signify by voting 'aye', those opposed vote 'no'. Voting is now open. Yes, I'm sorry. Yes, Mr. Bowman to explain his vote."

Bowman: "Well, I'd just like to... to point out to the... the Membership that earlier today we had a major battle on the floor over an Amendment that the Sponsor did not wish to have on his Bill. And there appeared, at that time, to be a considerable amount of sentiment on the floor not to... to put such an Amendment on. That being the case, I would merely appeal to the same Members, who felt that way at the time, that they should reject this Amendment. Unfortunately, this Amendment is a political Roll Call. I... Representative Davis has no purpose to be served by this Amendment, except to get a Roll Call, and... and I think that is regrettable. He should have done it by discharge Motion or some other... some other fashion than trying to mess up somebody else's Bill. So now that you've got your Roll Call, Representative Davis, I hope you won't call your other Amendment."

Speaker Greiman: "Yes, excuse me. Mr. McGann to explain his

vote. Yes, Mr. Davis, for what purpose do you seek recognition?"

Davis: "Mr. Speaker, on a point of personal privilege. My intentions and motivations are in question from the last speaker."

Speaker Greiman: "Now, Mr. Davis, we'll let you explain your vote. We'll let you explain your vote. I'll call on you. I just called on Mr. McGann. Mr. McGann."

McGann: "Thank you, Mr. Speaker, Members of the Assembly. This Amendment #1 to House Bill 1847 appeared as a Bill before the Real Estate Subcommittee in Revenue. It had a thorough hearing. The Department of Revenue was opposed to it, I believe, and I do believe that in as much as we do support the Committee structure we should not be putting too many green votes on this. We should be putting a lot of red votes. Thank you."

Speaker Greiman: "The Gentleman from Cook, Mr. Cullerton, to explain his vote."

Cullerton: "I just wanted to give a little background. Apparently these Sections of the statutes, which he wishes to repeal with this Amendment, were imposed about 40 years ago. They haven't been since. Apparently there have been some bonds that have been sold based on the... the existence of this statute being on the books, even though it's not being used. And so by removing the... the Sections, it may be impairing those bonds that... that have been issued by the state. So we may have some... I'm pretty convinced that there'd be some constitutional problems with impairment of contract imposed if we were to pass this Amendment. Of course, the Sponsor of the Bill has indicated she's opposed to the Amendment, and this will not become law anyway because she'll have to table her... her Bill. So it's probably a good reason to vote "no"."

Speaker Greiman: "Mr. Davis to explain his vote."

Davis: "Well, Mr. Speaker, I would respectfully disagree with the last speaker. The Department of Revenue has indicated that the bond companies consider these two provisions a fail-safe mechanism in the event... in the event, in future bond sales, that all else fails that they can turn to this particular mechanism. And if that is the case, we can reimpose this particular mechanism if it's necessary. To the best of my knowledge, to the best of my conversations with the Department of Revenue, there are no outstanding bonds that are backed by this provision in the statutes. To the former speaker who questioned my motivation and intent, I have had this Bill in front of the Legislature two years now. My intention is to remove this 'temptatious' and vexatious items from the statutes. It is not a political Roll Call. It is not a political vote. Vote any way you want to vote, but if you want to leave these in there then you're tampering with fire."

Speaker Greiman: "Have all voted who wish? Have all voted who wish? Have all voted who wish? Mr. Clerk, take the record. On this question, there are 80 voting 'aye', 31 voting 'no', 3 voting 'present', and the Amendment is adopted. Further Amendments?"

Clerk Leone: "No further Amendments."

Speaker Greiman: "Third Reading. Alright, we will return, as agreed, to House Bill 1774. Mr. Clerk, read the Bill, 1774."

Clerk Leone: "House Bill 1774 has been read a second time previously. Floor Amendment #2, Currie, amends House Bill 1774 as amended."

Currie: "I believe Representative Koshler has a question to

address to the Amendment."

Speaker Greiman: "Yes, Ms. Koehler, for what purpose do you seek recognition?"

Koehler: "Thank you, Mr. Speaker. I have a question for the Sponsor of the Amendment."

Speaker Greiman: "Well, let her... let her move to adopt Amendment #2."

Currie: "Yes, I move to adopt Amendment 2. We were in discussion of it earlier."

Speaker Greiman: "The Lady from Cook, Ms. Currie, moves to adopt Amendment #2 to House Bill 1774. Is there any discussion? The Lady from Cook, Ms... Marshall, Ms. Koehler."

Koehler: "Thank you, Mr. Speaker, and thank you, Representative Currie, for giving us time to clear up any problems that we have with the language in this Amendment. And while we do have some reservations as to whether or not this does indeed cause a conflict for the board in adopting regulations, we understand that the board has proposed this particular language and has agreed to it, and that the Agency has agreed and most of the interested parties have agreed to this. But I think it is important to ask you whether or not it is your intention to... to prevent the board from adopting any type of fees effecting pollution sources not mentioned in this Act, for example, water pollution sources."

Currie: "Absolutely not. The intent of this Amendment, the intent of the Act is to say that the board may not change the fee structure for the air permit program imposed by this statute, the statute in House Bill 1774. It is not the intent of either this Amendment or the underlying Act to have anything to say about the board's authority to impose other kinds of fees for other kinds of programs authorized in the Environmental Protection Act."

You know, we're all sitting here waiting for our Bills to be called, and I'd just ask the Gentleman to wait."

McPike: "Mr. Speaker, I would renew my Motion to table the Amendment. The Gentleman's not on the floor."

Speaker Greiman: "Further discussion? Being no further discussion, the question is, 'Shall Amendment #1 be tabled?' All in favor signify by saying 'aye', those opposed 'no'. In the opinion of the Chair, the 'ayes' have it. Amendment #1 is tabled. Further Amendment?"

would be appropriate in light of the provisions which could require a penalty in the Bill in the event the sums were not invested. It's my understanding this is the current status of law, and it just codifies it. And I'd ask for a favorable vote on this Amendment."

Speaker Greiman: "The Gentleman moves for adoption of Amendment 2 to House Bill 1963. Is there any discussion? There being none, the question is, 'Shall Amendment 2 be adopted?' Wojcik: "Yes, Mr. Chairman (sic - Speaker) and Members of the House, what this Amendment does, it provides that a sponsored alien will not be considered ineligible in cases where the sponsor defaults on a promise of support within three years. It allows the Department of Public Aid on the local government unit to contact the Immigration and Naturalization Service in cases where the sponsor has defaulted and seek to enforce the promise of support. This Bill has come to me from Schaumburg Township, and they are having a problem with the aliens, where the sponsors are having them come into the country and they just let them

go. And so that is the reason that we've got that the Amendment - is to clarify the wording. I move for its passage."

Cullerton: "Now, what level of support must the sponsor provide?"

Wojcik: "In what respect, Representative?"

Speaker Greiman: "I'm sorry. Proceed, Mr. Cullerton."

Cullerton: "Okay. I'm talking about the Bill on page two, line 22, and it refers to the promise of financial support of a private sponsor. And what... what level of support does that sponsor have to provide? What do you have in mind there?"

Wojcik: "When... Okay. When a... When a sponsor sponsors an alien, he states that he will fully support the alien for three years."

Cullerton: "What does that mean?"

Wojcik: "Clothing, shelter, food, whatever he would need, he would support him, with the exception, I guess, if the man would, you know, have a job. But he is taking on the

obligation of taking care of him for three years. What is happening is the sponsors are bringing them here and then they are defaulting on their promises. So what we want to do is we want to enforce the promise."

Cullerton: "Okay. Alright. But the problem is... My question would be, what if they, the sponsors, say, 'Well, I provided free rent, but... I provided free rent, but I don't provide... I'm not going to feed them.' Would that be providing some support or not?"

Wojcik: "I would say you would have to provide full support. You'd have to feed him, clothe him, shelter him and take care of him. That is what you're agreeing to."

Cullerton: "Okay. Fine. I just wanted to get it in the record what it is that you intend to do with the Bill."

Wojcik: "Thank you."

Speaker Greiman: "Mr. Cullerton, are you still speaking?"

Cullerton: "Well, I think we can, perhaps, asks some more questions on Third Reading if some more questions develop."

Speaker Greiman: "Yes. Alright, fine. Further discussion? The Lady from DuPage, Ms. Cowlshaw."

Cowlshaw: "Thank you, Mr. Speaker. Will the Sponsor yield to a question?"

Speaker Greiman: "Indicates that she will."

Wojcik: "Yes."

Cowlshaw: "If I understand this correctly, what you are attempting to provide is that should an illegal alien be admitted to this country on the basis of there being a sponsor who is willing to take over financial responsibility for that individual, the sponsor then fails to do so, that your measure would provide that then the state and/or township or whatever general assistance

Countryman: "Thank you, Mr. Speaker. Ladies and Gentlemen of the House, Amendment #1 to House Bill 2132 provides that purchases and contracts for office equipment associated supplies when utilizing the federal general services administration contracts or pricing or when such contracts or pricing result in an economical advantage to the state would be exempt from the Purchasing Act. What in essence it means is that the... Office... Department of Central Management Services can look at the federal GSA prices and see if they can obtain the same quotes if those quotes are advantageous to the State of Illinois and use those lower quotes in that instance. And I would ask for its adoption."

Speaker Greiman: "The Gentleman from DeKalb has moved for the adoption of Amendment 1 to House Bill 2132. On that, is there any discussion? The Gentleman from Cook, Mr. Cullerton."

Cullerton: "Representative Countryman, I wasn't going to ask any questions on this, but I... I thought I denoted a little change in the tone of your voice with regard to this Amendment - kind of a little lower tone, to be talking a little slower, not quite as audible as you normally would. And so I think I might... I might have to ask you a question."

Countryman: "Well, would it... would it help you to tell you that I haven't been feeling well for about the last 20 minutes?"

Cullerton: "The last 20 minutes? It just started... Since you saw this Amendment or... This... Now, I'm not... I'm just curious. This exempts from competitive bidding purchases of office equipment. Is that correct?"

Countryman: "That's right."

Cullerton: "And maybe you could explain how the state would save money by exempting it from competitive bidding. Give me a

STATE OF ILLINOIS
84th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

40th Legislative Day

scenario of how... an example of how the state could save money."

Countryman: "Alright, let me use typewriters for an example, if I might. There are several manufacturers of typewriters, IBM being one and other types. The Federal Government deals with these people usually on a fairly low priced basis. And the Federal Government, through the General Services Administration, obtains the... the lowest price that they possibly can. They have kind of an open order. That is, they could order 500 IBM typewriters. They could order one IBM typewriter. They do it with all the various companies. So... So, in essence, they would then have the... when this pricing is favorable to us - that is when it's lower price than we could get otherwise - it would save Central Management Services from having to bid every state agency that comes in and is looking to buy IBM typewriters. If they came in and said, 'We need one IBM typewriter.' They would have to set up the bidding specifications, have people submit the bidding price. My understanding is that when they get to these federal GAS (sic - GSA) contracts that most suppliers will supply at those levels, and they could go to a regional supplier in that area and that they will supply at these levels. It can be done... The agency can request that they want a different type of typewriter, and if that typewriter has a GSA contract on it or the specifications for it, then they will use that pricing. This will only apply if that pricing results in an economic advantage to the State of Illinois."

Cullerton: "Was this... Was this Amendment ever the subject matter of a Bill?"

Countryman: "Yes, it was."

Cullerton: "What was that Bill number?"

Countryman: "House Bill 1942."

Cullerton: "And where is that?"

Countryman: "The Bill is in the Interim Study Calendar - the State Government Review Board."

Cullerton: "And do you know what happened to the Bill in Committee?"

Countryman: "It did not receive enough votes to come out of Committee."

Cullerton: "Oh, yeah, I see there's something about this. Now, I still haven't figured out why I should be against it, but why just office equipment and supplies?"

Countryman: "Because in those particular areas, I think, IBM typewriters, dictating equipment, those sorts of things, there are lot... a large number of quantities offered. The Department of Central Management Services spends a lot of time having to bid these things, and they've had a reduction in personnel and indicate that it would improve the efficiency of their office by not having to bid these things. And they feel they can get a better pricing structure this way. It's a good Bill... It's a good Amendment."

Cullerton: "Okay. Well, like I say, I... I still haven't figured out why I should be against it, so I'm not going to oppose the Amendment. But I think that Representative Ryder should know that it's very possible that we may have to oppose this Bill, as amended, on Third Reading, once we figure out what... what it really does. And so, Representative Ryder might want to give an opinion as to whether he's in favor or opposed to the Amendment. But, I definitely hope you feel better, and I... I think that you've got to watch your voice. I'm very good at, you know, hearing voices. That's how I can do impersonations, and I did denote a little bit of... not a mumbling, but a little bit lower tone, you know, like hoping that nobody

Ryder: "Aside from trying to disguise my voice so that
Representative Cullerton may not think that I'm attempting
to do something that he might find suspicious or whatever,
I am willing to welcome the Amendment and accept it."

Speaker Greiman: "Further discussion? The Gentleman from DeKalb,
Mr. Countryman, to close briefly."

Countryman: "Thank you, Mr. Speaker. I... I did note that your
voice changed a little bit. Sometimes these mikes don't
always work well, and I think Mr. Cullerton misconstrued
these things. This is a good Amendment, and I'm certain
he'll find good reasons to vote for it on..."

Speaker Greiman: "In my case, it's puberty. Alright."

Countryman: "And I'd move for its adoption."

Speaker Greiman: "The question is, 'Shall Amendment #1 be

Speaker Greiman: "If you're asking for a verification, you'll get it. Alright. Have all voted who wish? Have all voted who wish? Mr. Clerk, take the record. On this question, there are 52 voting 'aye', 60 voting 'no', 1 voting 'present'. And the Gentleman from DuPage, Mr. McCracken, asks for a verification of the negative vote. Yes, Mr. Clerk, verify the negative Roll Call."

Clerk O'Brien: "Verification of the Negative. Alexander. Berrios. Bowman. Brookins."

Speaker Greiman: "Excuse me. Mr. McCracken, for what purpose do you seek recognition?"

McCracken: "I'm sorry to interrupt. I wanted to ask for a Poll of Absentees as well. I'm sorry."

Speaker Greiman: "Well, they're... they're here in the room if they're here in the room. You didn't ask for it. Mr. Clerk, continue. Proceed with the verification of the Negative Roll Call."

Clerk O'Brien: "Brookins. Brunsvold. Bullock. Capparelli. Christensen. Cullerton. Curran. Currie. DeJaegher. DeLeo. Dunn. Farley. Flinn. Flowers. Giglio. Giorgi. Greiman. Hannig. Hartke. Hicks. Huff. Clerk O'Brien: "The Lady's not recorded as voting."

Speaker Greiman: "She did not vote Mr. McCracken."

McCracken: "Do we challenge the Majority Leader, or is he not..."

Speaker Greiman: "No, I don't think you want to challenge the
Majority Leader."

McCracken: "Okay. Representative Wolf."

Speaker Greiman: "Representative Wolf is in his seat. Yes, Mr.
Wolf. Mr. Wolf is 'no'. Mr. Wolf votes 'no'. He did not

Clerk O'Brien: "No further Amendments."

Clerk O'Brien: "House Bill 2138, a Bill for an Act to create the Illinois Corporate Take-Over Act. Second Reading of the Bill. No Committee Amendments."

Speaker Greiman: "Any Floor Amendments?"

Clerk O'Brien: "Floor Amendment #1, offered by Representative Churchill."

Speaker Greiman: "The Gentleman from Lake, Mr. Churchill, on Amendment 1."

Churchill: "Thank you, Mr. Speaker. Floor Amendment #1 deletes all the language in the original corporate take-over Bill and inserts new language that requires a higher vote in situations where corporations are sought to be taken over. It establishes a fairness in pricing so that all the shareholders are offered the same price, and it establishes a payment for the shares in the same form so that you don't have the minority shareholders ending up with a different form of payment than the majority shareholders. I would move for its adoption."

Speaker Greiman: "Yes, Mr. Cullerton, for what purpose do you seek recognition?"

Cullerton: "I believe there's a second Amendment that's been offered that's not been printed. I wonder if we could verify that, and if that's the case have... to have it taken out of the record."

And I think that Representative Berrios should... should keep in mind on Third Reading that he should make sure that he reminds the Members of the House that the lawyer from the National Rifle Association actually drafted this Amendment, so this Bill has the approval of the National Rifle Association. Berrios: "About... In the Chicago School System, anywhere from 750 to 1 to 300 to 1."

Mays: "Will the state then be required to pick up the cost for the additional counselors?"

Berrios: "No."

Mays: "Why not?"

Berrios: "Chicago Board of Education would be... would have to pick up the cost."

Mays: "Even though we're mandating that they reduce it to this level? Okay."

Speaker Greiman: "Further discussion? The Lady from Champaign, Ms. Satterthwaite."

Satterthwaite: "Mr. Speaker and Members of the House, I reluctantly rise in opposition to the Amendment that the Gentleman is proposing. The Amendment, as I understand it, was the substance of another Bill that was tabled in Committee, and for that reason, I think that it would be inappropriate for us to be superseding the action of the Committee in regard to this issue."

Hastert: "So, it allows the school board... did you say school board, Representative? Allows the school board to charge for tuition, correctly... correct? And so there's no cost?"

Speaker Greiman: "I'm sorry, Ms. Satterthwaite. Did you.."

Satterthwaite: "I'm suggesting that we not adopt this Amendment, because I believe it would provide for conditions that might be very difficult for our teaching staff to comply with. We would be extending the time for receiving tenure to five years rather than the current two, and I think we would also be adopting, by some other measures, some very strict evaluation remediation requirements. And the combination of the two, I think, would be undesirable."

Speaker Greiman: "Well, do you wish to take this out of the record to discuss this?"

Didrickson: "I will take this Amendment out of the record, the second Amendment, if she could agree to work with me and sponsor the first Amendment that went on the Bill."

Speaker Greiman: "Well, do you want to take the Bill out of the record and we'll get back to you tomorrow?"

Didrickson: "No, I don't want to take the Bill out of the record, just Amendment #2."

Speaker Greiman: "The question is, 'Shall Amendment #2 be adopted?' All those in favor signify by voting 'aye', those opposed vote 'no'. Voting is now open. Have all voted who wish? Have all voted who wish? Mr. Clerk, take the record. On this question there are 30 voting 'aye', 65 voting 'no', 2 voting 'present'. And the Amendment fails. Further Amendment?"

Clerk O'Brien: "No further Amendments."

Speaker Greiman: "Third Reading. On the Order of House Bills Second Reading appears House Bill 2196, Mr. O'Connell. Out of the record. On the Order of House Bills Second Reading appears House Bill 2202, Mr. McMaster. Mr. Clerk, read the Bill."

Clerk O'Brien: "House Bill 2202, a Bill for an Act to amend Sections of the School Code. Second Reading of the Bill. No Committee Amendments."

Speaker Greiman: "Any Floor Amendments?"

Clerk O'Brien: "Floor Amendment #1, offered by Representative Satterthwaite."

Speaker Greiman: "Lady from Champaign, Ms. Satterthwaite."

Satterthwaite: "Mr. Speaker and Members of the House, in

discussion of this Bill in Committee, the Sponsor agreed that we could amend in some language that will take care of a situation for annexation of one portion of a school district to another that provides for the funding to follow the student from the original district to the receiving district, and this language has been provided for us by the State Board of Education. Although they are not agreeing to be in support of the Amendment, they have provided us with the language to do that. And I would move for adoption of Amendment #1 to House Bill 2202."

Speaker Greiman: "Lady from Champaign has moved for the adoption of Amendment #1 to House Bill 2202. And on that, is there any discussion? The Gentleman from Knox, Mr. McMaster. Representative Matijevich in the Chair."

McMaster: "Thank you. Thank you, Mr. Speaker. I am a Cosponsor of this Amendment, and I support it and ask the House to vote for it."

Speaker Matijevich: "Representative Satterthwaite has moved for the adoption of Amendment #1 to... Representative... I'm sorry. The Gentleman from Cook, Representative Cullerton."

Cullerton: "Yes, would the Sponsor yield for a question?"

Speaker Matijevich: "Yes, proceed."

Cullerton: "Did he explain the Amendment?"

Speaker Matijevich: "It's Representative Satterthwaite's Amendment, and I understand she has explained it."

McMaster: "You should listen, John."

Cullerton: "I'm sorry. I couldn't hear you."

McMaster: "It was not me explaining it, John. It was Representative Satterthwaite. You should listen."

Cullerton: "Yeah, I'm trying to listen. And you didn't explain it so that's why I stopped. That's why I asked the question. Is she going to explain it?"

Speaker Matijevich: "He has already, John."

Cullerton: "No."

Speaker Matijevich: "You didn't hear her voice."

Cullerton: "Did she explain it?"

Speaker Matijevich: "Representative Greiman tells me she has".

McMaster: "Yes, John, she did explain it fully, and I got up to speak and supported her Amendment and the explanation of it."

Cullerton: "Oh, so, you don't know what it does."

McMaster: "Yes, I do."

Cullerton: "Okay. Will you answer our question?"

McMaster: "Well, either Helen or I will. Go ahead."

Cullerton: "Okay. Could you explain it again?"

McMaster: "John, to begin with, we had a deannexation of part of a school district and the subsequent annexation of it into another one. We were not especially happy with the language contained in the Bill. For that reason, at Representative Satterthwaite's suggestion, we went to the State Board of Education to secure an Amendment that would take care of this problem in future cases. And I personally think, John, that with what is going on in regard to education and the General Assembly and in the State of Illinois, if we are going to consolidate school districts further than they are at the present time, there is a very good opportunity that we will need language that clearly states what happens when there is a change of school districts."

Cullerton: "Okay. Here's my specific question. The Bill basically requires the state to reimburse the district that has..."

McMaster: "Well, that will come in 2201, John. Under this, it's a matter of the state's share of the funding to... per student to a district..."

Cullerton: "Okay, let me get to my..."

McMaster: "... would have them... that money follow to the new

district."

Cullerton: "Okay. When do they get the money? That's what I want to find out."

McMaster: "Well, I would say in the school year when the kids attend that school, the new school."

Cullerton: "What does the... How does the Amendment address that, though? It appears that under the Amendment, that the money may become available upfront before the money would be expended, before the normal formula would work for them to get reimbursed. That's the bottom line of my question."

McMaster: "Helen, would you answer that question?"

Speaker Matijevich: "The Lady from Champaign, Representative Satterthwaite."

Satterthwaite: "Would the questioner repeat the question, please?"

Cullerton: "Yes. When does the school district, the losing school district, get the money pursuant to your Amendment?"

Satterthwaite: "I don't know who you're defining as the losing school district. The district losing students?"

Cullerton: "Yes. Isn't that the one who's getting the money?"

Satterthwaite: "No."

Cullerton: "Okay.."

Satterthwaite: "The district that is losing students would be paying... would be..."

Cullerton: "The other school district."

Satterthwaite: "... the other school district."

Cullerton: "The district that gets the money. When do they get the money?"

Satterthwaite: "During the first year of attendance of the students in that new district."

Cullerton: "Won't... Under the normal formula, when would they get the money?"

Satterthwaite: "Under the normal formula, the reimbursement to a

school district depends on past attendance figures, and that's where the problem arises in that in the case of an annexation, the receiving district is expected to educate an additional number of students without additional funding. And so we're simply saying that where that condition exists, the money would follow the students from the district that had lost the students to the district that receives the students, so that the district providing the education has the funding."

Cullerton: "Well, could you say then... safely say that they don't get the money any sooner than they would.."

Satterthwaite: "Yes, they do get the money. They get the money in what would otherwise be a year of vacuum when they had no funds supporting those students who had come in by annexation."

Cullerton: "Okay. Thank you."

Speaker Matijevich: "Gentleman from Knox, Representative Hawkinson."

Hawkinson: "Will the Sponsor yield for a question?"

Speaker Matijevich: "She indicates she will. Proceed."

Hawkinson: "Representative, I just want to clarify that this Amendment would not apply this school year to any of these annexations that have already taken place."

Satterthwaite: "That is my understanding; that this would be prospective for the event of an annexation that would occur in the future. And Representative McMaster has agreed that he will address his particular problem through the appropriations process."

Hawkinson: "Thank you."

Speaker Matijevich: "The Gentleman from Rock Island, Representative DeJaegher."

DeJaegher: "Tom, 2202, is that addressing the problem that the ROVA school district is having?"

Speaker Matijevich: "Representative McMaster."

McMaster: "Bob, it will not address the current problem in ROVA school district. That is past tense. What we are doing with 2202 is working on future occurrences. House Bill 2201, the appropriation Bill, will address the current problem of ROVA school district."

DeJaegher: "Thank you, Tom. I can support the Amendment."

Speaker Matijevich: "Representative Satterthwaite, to close."

Satterthwaite: "Simply ask for your support in adopting Amendment #1."

Speaker Matijevich: "The Lady from Champaign has moved for the adoption of Amendment #1 to House Bill 2202. Those in favor say 'aye', opposed 'nay', and the Amendment #1 is adopted. Are there further Amendments?"

Clerk O'Brien: "Floor Amendment #2, offered by Representative Van Dwyne."

Speaker Matijevich: "The Gentleman from Will, Representative Van Dwyne, on Floor Amendment #2 to House Bill 2202."

Van Dwyne: "Thank you, Mr. Speaker. I'd like to withdraw Amendment #2, please."

Speaker Matijevich: "Gentleman asks leave to withdraw Amendment #2. Leave, and the Amendment 2 is withdrawn. Further Amendments?"

Clerk O'Brien: "Floor Amendment #3, offered by Representative Van Dwyne."

Speaker Matijevich: "Representative Van Dwyne, on Amendment 3."

Van Dwyne: "Yes, Amendment #3 to 2202 just simply states that regardless of when a petition is filed for boundary changes, that petition will be judged by the language in Senate Bill 513, which we passed in 1983."

Speaker Matijevich: "Representative..."

Van Dwyne: "And I move for its adoption."

passage of the adoption of Amendment #3. On that, the Gentleman from Knox, Representative McMaster, the Sponsor of the Bill"

McMaster: "Thank you, Mr. Speaker. It's my understanding that this Amendment does not affect my Bill and the situation I have in Knox County. It goes back to a problem that Leroy had a couple of years ago, and I have no objection to the Amendment. And I would support it."

Speaker Matijevich: "Representative Van Dyne has moved for the adoption of Amendment #3. Those in favor say 'aye', opposed 'nay', and Amendment #3 is adopted. Further Amendments."

Speaker Matijevich: "Amendments from the floor?"

Clerk O'Brien: "Floor Amendment #1, offered by Representative Cullerton. Gentleman from Cook, Representative Cullerton, on Amendment#1."

Cullerton: "Yes, this Amendment encompasses House Bill 2207 so that it consolidates those two Bills, 2205 and 2207 in one Bill. Be happy to answer any questions."

Speaker Matijevich: "Representative Cullerton has moved for the adoption of Amendment #1. On that, the Gentleman from Livingston, Representative Ewing."

Ewing: "The Amendment is agreed."

Flinn."

Speaker Matijevich: "The Gentleman from St. Clair, Representative Monroe Flinn."

Flinn: "Thank you, Mr. Speaker. Mr. Speaker, this Amendment just goes along with some problems that the Republican staff found with my Bill in Committee, and rather than delay the Committee, I offered by put it on on the floor. It deletes the reference to random sampling. It makes a couple of technical changes where the wrong numbers were used, and it strikes out one word, the word 'immediately' which was unnecessary. And I would move for the adoption."

Speaker Matijevich: "Representative Flinn moves for the adoption of Amendment #1. There being no discussion, all in favor say 'aye', opposed 'nay', and Amendment #1 is adopted. Are there further Amendments?"
