HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

Speaker McPike: "The House will come to order. The Chaplain for today is Bishop Donald Hultstrand with the Diocese of Springfield. Bishop Hultstrand is the guest of Representative Hasara. The guests in the balcony may wish to rise and join us for the invocation."

Bishop Hultstrand: "Let us pray. Almighty God, be with Your servants in this place of government. Be with them in all things great and small, so that the small things become great and the great things become possible. We remember that here we have more than Legislators, but individual people of Your own care and keeping. Bless them, their loved ones and their families. Let their lives be ordered by You, be lifted from the burdens and pressures of public life. We give thanks for those who are willing to serve the good of all people, though the hours be long and the demands be heavy. We pray that You will endow these, Your elected servants, with a right understanding and a pure purpose. Inspire them with calmness and self restraint and the endeavor to do Your holy will in all things. This we pray in the strong name of God, who is the beginning and the ending. Amen."

Speaker McPike: "We'll be led in the Pledge of Allegiance by Representative Ann Stepan."

Ann Stepan - et al: "I pledge allegiance to the flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all."

Speaker McPike: "Roll Call for Attendance. Representative Matijevich. Mr. Clerk, take the record. Representative Matijevich."

Matijevich: "Mr. Speaker, let the record reflect the excused absence of Bill Laurino. Also, let the record reflect that

smile on Bruce Richmond's face because his seat mate, Monroe Flinn, is back here on duty, in a walker, but he's doing fine."

Speaker McPike: "Mr. Kubik."

Kubik: "Thank you, Mr. Speaker. Let the record reflect that Representatives Barnes and Klemm are excused today due to illness."

Speaker McPike: "Thank you. One hundred fifteen Members answering a Roll Call. A quorum is present. If the Members could give us their attention for just a minute, Representative Hasara in the Chair."

Hasara: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. It is my distinct privilege this afternoon to present Bishop Hultstrand with a House Resolution that was passed on May 21st, in honor of his upcoming retirement that will take place on September 1st. We, in Springfield, have been very fortunate to have a man like Bishop Hultstrand represent the Episcopal Diocese in this community. He has served as an episcopal priest since 1953 and as the bishop for the last nine years. So, Bishop...we passed this on May 21st, and, from all the Members of the House, we wish you a most pleasant retirement. Thank you for honoring us with your presence today. Thank you."

Speaker McPike: "Mr. Clerk, read House Resolution 722."

to the Vice-President, Heather Ballard, and we would like to congratulate them and we'd also like to welcome 100 members who are in the balcony today. Would you stand up so we can recognize you? So, I would...The Chair at this time would have Robert Welch and then Heather Ballard to say a few words."

Welch: "We would, first of all, like to say thank you for having us at the State Capitol, and I would like to introduce you to my 1991-1992 state officers. Our Vice-President is Heather Ballard. We have...and then we have our section officers: Natalie Bailey, Becky Rovey, is there any more over there? That's all we have here, so...okay, I'm sorry, I'm sorry...Tracy Alston from Region I and Amy Penhouse is from Region IV. We thank you."

Bauer: "The flowers that are on your desk today are compliments of Illinois Vocational Home Economics Teachers Association and FHA...A special thanks goes to Amy Poshright and Marilyn Jenkins.

Speaker McPike: "We have one more introduction today and Representative Ewing in the Chair."

Ewing: "Thank you, Mr. Speaker, and it is a pleasure to be here today. I'd like to introduce a group of ladies, at the back of the chambers, standing on the Republican side. And, these ladies are former Mothers of the Year from Illinois. And, I think it would be nice if we would recognize them with some applause. Ladies. And our guest here today is the Mother of the Year for 1991, and she comes from my legislative district. She has lived in the communities of Roberts and now in Paxton, Illinois, all in Ford County, and I would like to present to you Lila S. Judkins, the Mother of the Year for 1991, and she would like to make just a few remarks to this Body. Please give her your attention."

Judkins: "Mr. Speaker, Honorable Representatives and guests. I'm very pleased to be here today. Particularly, I want to thank you for the Resolution which was sponsored by Tom Ewing and which was voted through your House and through the Senate. I'll treasure that the rest of my life. I've seen this room on t.v. many, many times. I never dreamed that I'd be in it. I'm the mother of...the oldest of five children born in a parsonage. The Depression came during my years in high school, but with scholarships, loans, a money gift and working in the college library, I was able to graduate from MacMurray College with a degree in Home Economics. I taught for three years. Oh, thank you. In those days, when you got married you were not employed anymore. So, at the end of three years, my husband and I bought the local drugstore in Roberts, which had been there for 60 years. There was no drugstore for 15 miles on any side, and I began to become a registered pharmacist. We kept the store for 30 years and, with the change in traffic, we closed it. But, I continued to do relief work for my friends in the neighboring towns. So, I put a total of 47 years into pharmacy. I have two sons. The mothers judge you partly on your children, of course. My older son, Rodney, is a graduate of the University of Illinois/Industrial Education. He has his MBA from Stanford as a Sloan Fellow, has served two years in the Peace Corps and been with AT&T. After the divestiture, he went with AT&T International, he was director of international marketing for both Europe and the Orient and is now the president or director of all North America for telecommunications. My younger son is Norman. And he was quite the boy in high school but he graduated from ISU, got his administration. He started as a new graphics teacher in Addison Trail High School in DuPage County. He moved up

to administration. He has his doctorate without his written work and is now the assistant to the superintendent of one of the districts in DuPage County, which has Addison Trail and Willowbrook High Schools. I have four grandchildren. Now, I want to tell you something and I want you to listen to this very well. Among other things, the American Mothers Incorporated have an art show. They have a very fine collection of things brought in by members: sculpture, paintings and so forth. They give three \$1000 prizes and two Illinois women won those. So we got two of the three \$1000 prizes. They were ladies from Hoopeston and Rossville. At the end of 47 years of marriage, I lost my husband, and, some years later, to my surprise, I married again. The things that really concern me, that I want to work on during the time that I am active in Illinois with the mothers, are the young people. I am very upset to learn that one-fourth of our girls, under the age of 15, are sexually active. That as a pharmacist, we have 2.5 million new cases of VD among teenagers every year. And that every day we have 3000 teenagers becoming pregnant. So, I think it's very important that we work at this. One more thing, we need your help. We need to find, in your districts, the ladies who are outstanding as mothers, who would be candidates for mother of the year. And, so if you would see to it that some of us get these names. They must be 45 years of age, their youngest child 15 years of age and that they are active. They are judged on their involvement in religion, education, their civic affairs and how the kids turned out. Thank you for having me."

Ewing: "Lila, thank you very much for being here today and I know everyone appreciated your comments. Thank you."

Speaker McPike: "Representative Bugielski. Representative

But we want this out here because this one adds the Secretary of State to the Advisory Task Force. And we all know that that office creates a lot of material we need to recycle. So, we think he's a very logical addition to this Advisory Task Force, because we want to recycle all of this that we can, Representative."

Speaker McPike: "Representative Matijevich: "One question, does the Secretary of State want to be on it, Bill?"

I thought the Director of Conservation had, in fact by
rule, set up a experimental deer season and was going to
try that only on an experimental basis."

sets the season in place...Have you got a copy of the
Amendment?"

Brunsvold: "No."

Olson: "Let me read it to you again. And, I'll get you a copy,
Joel."

Brunsvold: "Why...why do we want to do this?"

Olson: "Well, because there a number of advocates out there who
would like to do it."

Brunsvold: "Well, you know, Representative, I was the Sponsor of
the Amendment to try to legislate handgun deer season and
have actually taken a position now of letting the Director,
Mr. Manning, set up an experiment...experimental hunt, to
see how it would function in certain counties that have an
excess amount of deer. And, our...I don't know, do you
want to wait and see if that's going to operate okay or are
we going to rush into this thing?"

Olson: "Well, I just thought we'd offer the Amendment and see
what happens with it."

Brunsvold: "Where does Conservation stand on this Amendment?"

Brunsvold: "Yeah, I...I understand that, Representative, and I've met...over in the Senate with Pate Philip, the Minority Leader over there, and discussed the situation with him. And he, last year, was against the Bill I had but was okay on allowing an experimental hunt to happen. I'm just afraid if this Amendment goes on that he's going to be opposed to this again and it will knock this whole Bill down."

Olson: "Well, that...that is a possibility."

Brunsvold: "Mr...to the Amendment, Mr. Speaker. I would ask the Members of the General Assembly, this could very well kill this Bill of Senator Davidson. And the underlying Bill would allow a limitation liability on hunting that was put forth by the...place to hunt committee, a group of conservation-minded individuals who are working to make hunting better in this state. And, I would stand and oppose the Amendment and ask everyone to oppose the Amendment."

Speaker Giglio: "Representative Olson."

Olson: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. I wish you would carefully look at this proposal, a number of advocates who support this. If you will take a look at your Amendments on your desk and take a view of what is proposed by a number of advocates, then I think you would support this Amendment."

Speaker Giglio: "Representative Hasara."

Hasara: "Thank you, Mr. Speaker. This same Amendment, unbeknownst to most Members of the chamber, was adopted about 15 minutes ago on House Bill 398 which was also my Bill. So, the Amendment is on another Bill. It probably will kill that Bill which, by the way, deals with handicapped archers. Well, I think I should tell the Members of the chamber that there is a personal fight between the Senate Sponsor and the Sponsors of these Amendments. And it is too bad that this happens and that three Bills are being killed over an Amendment that will not pass. So, it's fine to have a Roll Call, but the Amendment's already been adopted on a voice vote on another Bill that just went out."

Speaker Giglio: "Question is, 'Shall the Amendment be adopted?' All those in favor signify by saying 'aye', opposed 'no'. Roll Call. this underlying Bill, and very few employees have 40 days accumulated sick leave. So, what we're saying, if we pass this Amendment, is that we do not want state employees who are veterans to be able to get the medical treatment that they need. Please vote 'no' on this Amendment."

Speaker Giglio: "Representative Olson to close."

Speaker Giglio: "Representative Wennlund. Is Representative Wennlund in the chamber on Amendment #1 to 384? Representative McCracken? Representative Wennlund?"

Wennlund: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. Floor Amendment #1 is a technical change. There was some language that was left out of one section. It was put in one section and left out of the second section that needed to be in there and it merely adds three words, 'property damage or loss', in addition to 'liability' under the Tort Immunity Act. I ask for its adoption."

Speaker Giglio: "The Gentleman moves for the adoption of the Amendment. On that, Representative Homer."

Homer: "Thank you, Mr. Speaker. Will the Gentleman yield?"

Speaker Giglio: "He indicates he will."

Homer: "Representative Wennlund. This seems to modify the provision that empowers local public entities to protect themselves against losses for violation of torts, for tort violations. Could your Bill in any way, or your Amendment, in any way, be deemed to grant additional authority for a local government to increase its levy?"

Wennlund: "No. There are two sections of that Act. One that allows a municipality to levy for it, and the second one is, for a liability in property damage or loss, and the second section allows a municipality to levy for insurance

cost for a liability or property damage, and it says that. It just puts the same language into both of them because there was a question on municipal levies as to whether or not the full type of insurance coverage would be acceptable because that language wasn't put into that section."

Homer: "So, this is just to make it consistent, then."

Wennlund: "Correct, to make it consistent."

Homer: "To allow them to buy...or acquire the insurance that they're already authorized to levy a tax to pay for."

Wennlund: "Correct."

could only be appointed where the estate exceeds \$25,000?"

Dunn: "The Amendment preserves the lower threshold, you're correct, of \$25,000 for public guardians and sets policy in the Bill itself that small estate threshold goes to \$50,000. The reason is, that the public guardians have difficulty handling estates now of \$25,000 value or less, and if we increase their work load, it will just be an impossible situation for them."

Wennlund: "So, does this raise it to \$50,000, then?"

Dunn: "No. If this Amendment gets on the Bill, the small estates then will be raised to \$50,000, but there is a dovetail provision between Small Estates Act and the Act that triggers it when a public guardian comes into play. This Amendment will retain the \$25,000 threshold for public guardians that will allow the threshold to be raised to \$50,000 for the purposes of small estate affidavits."

Wennlund: "Alright, thank you."

Olson: "Yes, thank you, Mr. Speaker. 1248 deals with the Historic Preservation Agency and certain property that is left with them for many, many years, and this is a process of changing the title from an unknown owner to the agency. The Bill came out of committee 11 to 0, but Representative Homer and Representative Preston each had a suggestion which I agreed to incorporate on Second Reading. One narrows the scope of property to say 'personal property', and the other says that, it narrows the scope of what is a newspaper, by saying 'a local newspaper that distributes in an area of the owner's last known address'. And I move for adoption."

Clerk O'Brien: "Senate Bill 122, a Bill for an Act to amend the Habitual Child Sex Offenders Registration Act. Third Reading of the Bill."

Speaker Giglio: "Gentleman from Will, Representative Regan."

Regan: "Thank you, Mr. Speaker, Members of the House. Senate Bill 122 is an exact duplicate of House Bill 594 except for one slight change. Basically, both of these are just

Speaker Giglio: "Any discussion? Hearing none, the question is 'Shall Senate Bill 122 pass?' All those in favor vote 'aye', opposed 'no'. The voting is open. This is final action. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record, Mr. Clerk. On this question there are 110 voting 'yes', 1 voting 'no'. Clerk O'Brien: "Senate Bill 196, a Bill for an Act to amend the Department of Veterans' Affairs Act. Third Reading of the Bill."

Speaker Giglio: "Representative Walsh."

Walsh: "Mr. Speaker, I stand on the House. This is a Bill that is a companion Bill, basically, to the House Bill that was passed a short time ago in relationship to spousal impoverishment in the veterans' nursing facilities. There are three in the state, presently: Manteno, Quincy and LaSalle, and that's the fundamental aspect of this Bill and

it's a..."

Speaker Giglio: "Any discussion? The Gentleman from Will, Representative Wennlund."

Wennlund: "Thank you, Mr. Speaker. Will the Sponsor yield?"

Speaker Giglio: "He indicates he will."

Wennlund: "Yes, Representative. What's the annual cost...to the State of Illinois for this program?"

Walsh: "Originally, on the House Bill that we had, there was a cost factor of approximately some \$890,000."

Wennlund: "About a million dollars a year?"

Walsh: "Right."

Wennlund: "What's the funding source? Is there a separate funding source for this, or is it coming out of GRF?"

Walsh: "No, there's not a separate funding source."

Wennlund: "So, this is new spending?"

Walsh: "Well, it's a matter of how it's viewed from the standpoint of the...it's a state expense, either way you cut it, from the standpoint that these people are eligible in the homes as they are now, or they're eligible to go into a private nursing facility and receive the same service through the private facility as they would in this public facility, as a veteran's care facility would be classified."

Wennlund: "Is there a veterans' care facility in or about LaSalle?"

Walsh: "Yes, there is, there's one in LaSalle, one in Manteno, one in Quincy and another one planned in southern Illinois."

Wennlund: "So, it reduces the amount they have to pay?"

Walsh: "That would, basically, reduce the amount. What it is, it's a spousal impoverishment...concept that is presently used in all of the public...or all the private nursing homes, which allows for spousal impoverishment of \$67,500

right now, in relationship to those people arriving at those locations through a public aid channel."

Wennlund: "Thank you very much. To the Bill, Mr. Speaker, Ladies and Gentlemen of the House. Here we are again, we haven't finished budget negotiations. I know that the speaker and the other legislative leaders and the Governor have agreed on some budget changes, but we're still a billion dollars away from being able to balance the budget in Illinois and this is an excellent idea and I agree with it wholeheartedly, and I think everybody in the House would but, again, as the Governor's asked everybody to do, tear up the credit cards because we don't have the money to pay for the program. It's a great program and it sends a false message to all the veterans in Illinois, that, indeed, we're going to be able to help you by spending another million dollars a year that we just simply don't have. If we don't rein in the spending and wait until we get our spending under control, in accordance with the Constitutional provisions, we're right back in the same trick bag again. We'll end up owing \$660 million to health care providers in Illinois, and that's the purpose of veterans' loans, to be able to provide that health care and yet we owe \$660 million. that we cannot pay, and until those things are worked out, and until we can get Illinois' budget balanced again, it's only then can we think about these kinds of programs that can be of substantial benefit, but the money's got to be there to do it. A 'no' vote is a correct vote on this issue at this time until we have the full opportunity to balance our budget in Illinois, pay off all our creditors, all the doctors and hospitals that aren't paid and put Illinois back on sound financial footing. That's the time to do it. So, a 'no' vote is a right vote at this time."

Speaker Giglio: "Representative Harris.

Harris: "Thank you, Mr. Speaker. Question of the Sponsor, please?"

Speaker Giglio: "Proceed."

Harris: "Representative, does this Bill cost anything?"

Walsh: "Technically, we're dealing with a funding process, no matter which way this particular individual, if you would say, would go, the veteran would go into a veterans' nursing facility or go into a private nursing facility, they're still going to be eligible for a certain amount of public funds. Now, what we're facing here is the fact of which area is it going to be funded from. This process that we're proposing here would fund the veterans at a comparable level that they would be funded in a private facility."

Harris: "So, when it requires the Department of Veterans' Affairs to adopt rules governing admission to the homes, we're spelling out what those rules are. Can you place a cost factor on this?"

Walsh: "We did have a cost factor as we had on the original House Bill for this Bill, the companion Bill for this which was just slightly under a million dollars."

Harris: "Say, again, how much?"

Walsh: "Slightly under a million dollars. But, the point is,...."

Harris: "This passed the Senate with no...."

Walsh: "That's correct."

Harris: "Thank you."

Speaker Giglio: "Further discussion. Gentleman from Logan, Representative Robert Olson."

Olson: "Thank you, Mr. Speaker. Question?"

Speaker Giglio: "Proceed."

Olson: "Representative, you and I have discussed this and similar Bills in committee and I'm still a little clouded on the

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES

issue. I do support veterans' causes. Who are you, primarily, trying to help here? Is it the veteran himself or the veteran's homes or his spouse?"

Walsh: "It's primarily to assist the veteran himself and in so doing, if we do assist the spouse that's fine, but the point is here, is to allow the veteran the same basic process as any other person is receiving who goes into a private nursing home. In other words, it's giving them a spousal impoverishment concept which they don't otherwise have."

Olson: "Someone going into a private nursing home, and, I don't like to use the words 'spousal impoverishment', but there are certain levels past and current today of what a spouse can retain, as far as wealth, before Medicaid would then apply for some type of Public Aid."

Walsh: "That's correct, 67.5."

Olson: "So, are you saying, then, that the veterans' homes are going to be eligible for Public Aid or Medicaid?"

Walsh: "The point of this is, is to put them on a similar footing so that they're not receiving any less than what they would be receiving if they went into a private nursing facility. That's the point. Here we're faced with a fact that presently, they are not receiving the spousal impoverishment concept at all. They're not receiving that ability to hold out the \$67,500, that presently anyone who goes into a private nursing facility, at this point in time, can do. What we're trying to do is allow them that same opportunity so they can go into a veterans' nursing home and wouldn't have to go into a private facility to gain the same benefits, because a veteran, technically, here, they're not receiving the same benefits as John Q. Public is when they go into a nursing home."

Olson: "I think I understand what you're saying and I'm making an

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES

67th Legislative Day

assumption and it's probably a correct assumption, that this Bill is generated by an actual experience of someone that you're aware of."

Walsh: "That's correct."

Olson: "It's a tragedy, I guess, that in almost anything in this world there are exceptions to the program and that's what you're dealing with. I don't know. I've been involved a little bit with the nursing home in Quincy. I don't think anybody has ever really been refused from there because of no money. So, looking at the other side of spousal impoverishment, it's quite common, I believe, it's quite common in rural families that own farmland, that arrangements are made so the spousal impoverishment can come rather easily and the wealth of the family be retained for children in future generations. I've always had trouble with that concept that the family fortune is protected at the expense of the taxpayers who then take over, whether it be Public Aid, Medicaid, or whatever. I can't agree with you on this Bill as much as I would like to because I'm sure that the situation you're talking about merits some consideration, but I'm looking at the overall picture. I feel that the veterans' homes will tend to come up on the short end of the money here. Our analysis indicates a little less than a million dollars. I, also, think at a time when the state's fiscal house is not in the best shape, that we're getting into additional use of nonexistent, if you will, 'state monies' and I'm going to encourage a 'no' vote on this measure. Thank you."

Speaker Giglio: "Representative Tenhouse."

Tenhouse: "Mr. Speaker, Ladies and Gentlemen of the House. Having the veterans' home in Quincy is within my district. I guess one of the concerns that I have is we have layoff notices that are going to be going out to 22 employees.

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

67th Legislative Day

June 18, 1991

This is a great Bill. I don't have any disagreement with Representative Walsh and his intention here, but the problem is, if we have to cut a million dollars out of the budget, which is in essence what we're going to have to do, because we're not going to be able to find that money very likely from another source. That means we're going to have to lay off additional people, and probably impact on our ability to deliver service to those people who are already residing in the homes. I find that to be counter-productive and really the opposite of what our real intention here is to provide better service to our veterans. So, I would encourage the Members, even though this is a good piece of legislation, if we had the dollars, I would encourage people to vote 'no' or 'present'. Thank you."

Speaker Giglio: "Further discussion. Gentleman from LaSalle, Representative Walsh, to close."

Walsh: "Mr. Speaker, Members of the House. Basically, what we're doing here is determining which pocket we're going to take the money out of when we're going to fund this situation and either way, these people are eligible, and what we're trying to do is clarify their eligibility to the facilities that they're eligible to be in which is the veterans' care facility. So, that's the point, that's the whole concept of the Bill and we're not trying to add any expense, we're not trying to cut any jobs, we're not trying to cause any problems within the homes other than just make sure that the veterans are eligible for the same funding that anyone else is eligible for as far as the spousal impoverishment concepts are concerned. Thank you."

Speaker Giglio: "Question is, 'Shall Senate Bill 196 pass?' All those in favor vote 'aye', opposed 'no'. This is final action. Have all voted who wish? Have all voted who wish?"

Amendment #3 is technical in nature in the first part, which adds references to the NAIC Model Law on exam procedures in the Voluntary Health Service Plan Act. It corrects references to financial regulation fees on Domestic Captives Act that was a portion of the Amendment that was adopted as #2 in the House committee. It adds the limitations regarding asset-backed securities. This is a solvency question and we have tightened up what outside investments insurance companies may have and still maintain the solvency provisions, and it corrects the technical errors in Section 100 of the Bill. Currently, the Water Reclamation District is the only elected board you can find that doesn't take the power in its own hands to appoint its own attorney. They have a nonelected official called the general superintendent that appoints the chief attorney. We think that's wrong. And I ask the same support I got from you previously on this."

Speaker Giglio: "Any discussion? Representative McNamara."

McNamara: "Thank you, Mr. Speaker. I rise in opposition to this Amendment. It is my understanding that the Metropolitan Sanitary District Board does not want this power. If we will recall, back in the '60s, when the Metropolitan Sanitary District was replete with many scandals, et cetera, this is the system of government that they had at that time. Even though he is only making the one change on it, it will bring us back to the 1960s when we had problems with the Metropolitan Sanitary District. The problem today with this Amendment is that we go back to it. I would urge that we defeat this Amendment. Thank you."

Wennlund: "And Representative Black agreed that..."

Capparelli: "Yes, Sir."

Wennlund: "Thank you."

Speaker Giglio: "Representative Curran."

Curran: "Representative Capparelli is correct. He was informed that his Bill would be part of an Omnibus Bill. Inadvertently it was not. It was our clerical mistake. All we're doing is now correcting a mutual clerical mistake. There should be no controversy to this measure."

Amendment. This is a Bill which has passed this General Assembly a number of times. This...I'm sure that even if this Amendment got on, the Gentleman would not support the Bill, so, therefore, I would ask all Members who support this Bill to vote against the Amendment."

Speaker Giglio: "The Lady from Cook, Representative Lou Jones."

Jones: "Thank you, Mr. Speaker. I would just like to make an announcement that the House Reapportionment Committee, it will be meeting in room 118 at 4:00 p.m. and I'm asking all Members to be there."

Speaker Giglio: "Thank you. Further discussion on the Gentleman's Motion for the Amendment. Representative McCracken."

McCracken: "Thank you, Mr. Speaker. To close, I acknowledge this is a hostile Amendment if you define hostile as an Amendment which seeks to change this Bill...I have no reservation about that description about this Amendment, but think about it on the public policy question. Do you want this to be available to a person who works as little as one-half of a standard work week, or do you want to try to make it somewhat flexible but still closer to what is considered the standard work week in today's labor market, 40 hours? Now, what is the justification for doing it for a part-time employee? Isn't the connotation of a part-time employee a person who isn't there all the time? So why is the leave necessary for a part-time employee? Just ask yourself that question, and I think the answer is self-evident. Frankly, I don't see how we can move its adoption."

Speaker Giglio: "You heard the Gentleman's Motion. 'Shall Amendment #1 be adopted to Senate Bill 25?' All those in favor vote 'aye', those opposed vote 'no'. The voting is open. Have all voted who wish? Have all voted who wish?"

Representative Satterthwaite."

Satterthwaite: "Mr. Speaker and Members of the House. The Gentleman seems to indicate that anyone who works less than 39 1/2 hours a week is somehow not an employee as deserving of benefits that other employees also get. I would like the Gentleman to realize that there are many people who can work only 20 hours a week and still fulfill their other obligations to their families, and this would in fact mean that they would be treated as second-class employees. I think the vote up there is a very appropriate one, and this Amendment should be defeated."

Speaker Giglio: "Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record, Mr. Clerk. On this question, there are 43 voting 'yes' and 64 voting 'no' and 1 voting 'present'. And the Gentleman's Motion to adopt the Amendment fails. Are there further Amendments Mr. Clerk?"

Clerk Leone: "Floor Amendment #2, is being offered by Representative Klemm, Parcels and McCracken."

Speaker Giglio: "Representative McCracken on Amendment #2."

McCracken: ""Thank you, Mr. Speaker. This also is a hostile Amendment if you define that to mean an Amendment which changes the Bill's provisions. This would limit the availability of this family leave to firms that operate in an enterprise zone. I move its adoption."

Speaker Giglio: "Representative Kulas."

Kulas: "Thank you, Mr. Speaker. I didn't realize that firms who ~~drive out of business~~ drive out of business contribute to the behavior families. This is another hostile Amendment, and I would urge all Members to vote 'no' against this Amendment."

Speaker Giglio: "Representative McCracken."

McCracken: "Thank you. The reason we seek to limit it to enterprise zone...companies is because by definition those

companies are in a less favorable position than companies not located in an enterprise zone. That's the rationale, it's a compelling rationale. I ask for a Roll Call vote and move its adoption."

Speaker Giglio: "You heard the Gentleman's Motion. All those in favor signify by voting 'aye', those opposed vote 'no'. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record, Mr. Clerk. On this question, there are 42 voting 'yes', 69 voting 'no' and none voting 'present'. And the Amendment fails. Are there further Amendments? Further Amendments, Mr. Clerk?"

Clerk Leone: "Floor Amendment #3, offered by Representative McCracken, Klemm and Parcels."

Speaker Giglio: "Representative McCracken."

McCracken: "Thank you, Mr. Speaker. This also is a hostile Amendment. This would allow companies to not suffer adverse unemployment insurance costs as a result of implementing this Bill. As you know, this system in Illinois is experience-based, placing or replacing full-time workers with a hired...the substitute workers, I don't know what else to call 'em, the substitute workers when they have to be laid off, when the full-time worker returns, will cause the employers experienced rates to rise. Therefore, I ask that... er, strike that, the rationale is that those costs should be borne by the state if it is the state who will mandate this benefit. Therefore, this Amendment would provide for a 100% tax credit to the extent unemployment insurance taxes are increased as a result of implementation of this Act."

Speaker Giglio: "Representative Kulas."

Kulas: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. I rise to oppose Amendment #3. We've argued this

87th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES

point a number of times. No one has proven to this General Assembly that there will be a rise in unemployment insurance. In all studies done, the employers get by for paying unemployment comp by hiring temporary workers, so I would urge all Members to support this policy to vote against the Amendment."

Speaker Giglio: "All those in favor...Representative McCracken."

McCracken: "Yes. Thank you. Briefly, to close...Mr. Speaker, this will have no impact if there's no impact on unemployment insurance premiums. So, by virtue of the Gentleman's own argument, there is no harm in passing this, if in fact there is no experience of increased premiums. As a result of this Act, there will be no tax credit. So, why should we go into the lurch of family responsibility law at a time when, even the Sponsor admits, we do not know what its tax implications will be. Vote in favor of this Amendment, protect the employer from the cost of a state-mandated benefit. If, in fact, there is no exposure to that employer, there will be no loss of state income, or there will be no need to offer tax credits as compensating income. I move its adoption and ask for a Roll Call vote."

Speaker Giglio: "All those in favor of the Amendment signify by voting 'aye', those opposed 'no'. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Representative Lang votes 'no', Mr. Clerk. Representative McCracken. Have all voted who wish? Take the record, Mr. Clerk. On this question, there are 49 ~~for~~ voting, ~~and~~ ~~no~~ voting 'no', and the Gentleman's Motion for Amendment #3 fails. Further Amendments."

outing in Edwardsville, and my...it was a four-man scramble, and it was two of my friends and myself and Horace Calvo, and we had a skin game, other than just the tournament itself. We had a skin game, and we were on a particular par-four and one of us had a good drive, and the second shot...one of us knocked it in the hole for an eagle, and all four of us were jumping up and down in the fairway, and slapping hands, and we knew we had won the skins, and there was no way that you would have known that Horace Calvo was a Justice of the Illinois Supreme Courts, the most unpretentious man that you'd ever met. I was out with him New Year's Eve with his wife and my wife. We stayed out late, laughing and drinking and dancing and had a great time, and there was no way that anyone, of the 500 people in the room that night would have known, that this was a Justice of the Illinois Supreme Court. He was an extremely unpretentious man, but he was extremely proud to be a Supreme Court Judge. He couldn't believe that, from his humble beginnings, he rose as a State Legislator, first as a lawyer and then a lawyer for the steelworkers, and then a State Representative, and then a Circuit Judge in Madison County, and then appointed to the Appellate Bench, and then elected to (sic the) Supreme Court. He couldn't get over the fact that he sat on the Supreme Court. So he was extremely proud of having been a Legislator, and was extremely proud of having been a Federal Court Judge...I'm sorry, a Supreme Court Judge, but never did he think, or show, or act that he was any better than you or anyone else in the group. He loved his family; he loved his church; he loved the various jobs he had in his life. He loved the Legislature, and he loved politics, and he loved to play cards. We used to play cards and we used to play gin and Horace was a terrible gin player, but he...knew how to win

in cards. He was a terrible player but he'd usually win because...He liked to drink with his friends; he liked to play golf with his friends, he liked to laugh with his friends. He loved people, and no matter what he did, he wanted to be around people. He wanted to talk; he wanted to socialize; he wanted to politic. I think the only thing he did not like about being on the Supreme Court was that he was precluded from socializing as much as he wanted to, but he lived his whole life for his...for his job, for his community, for his family and for those things he cherished most in his life, and that was the respect that those people that grew up with him and served with him, and those people that he represented. We certainly are going to miss Horace; he's a great guy. I never knew him as a Legislator; I...hardly knew him as a Judge. I simply knew him as a friend, and we miss him."

Speaker McPike: "Representative Wolf."

Wolf: "Thank you, Mr. Speaker. It was my privilege to become acquainted with Judge Calvo...many more years than I care to remember...when Judge Calvo was a struggling young lawyer working for a title company out of Edwardsville, and I was working for a mortgage company in Granite City. Horace Calvo was a hard worker, and, by perseverance alone, overcame many obstacles that would have caused others to give up and quit. He was an affable and personable individual. He was respected and admired by all of his friends and associates throughout the community of southern Illinois, and I was never in his company at any time but what he didn't ask or inquire as to how Zeke Giorgi, or what about John Matijevec, or how's Monroe doing. I think it can be truly said that here is a man who will be missed by a whole lot of people. I extend my profound condolences to his wife, his family and wish them

the best of all things in their bereavement."

Speaker McPike: "Representative Dunn."

Dunn: "I would just like to add a brief remark. I'm one of the few left around here who served with Horace Calvo, and what the other speakers have said is exactly true. When I came here as a freshman, I was appointed to the Cities and Villages Committee. Horace served on that committee, and he was kind to me from day one. He was gregarious, he was affable and a gentleman, and, if my memory serves me correctly, Horace was down here last January for the inauguration and swearing in of new Members, and as Jim McPike has said so eloquently, Horace had not changed one bit. He was a fine man that you could always look up to and consider a friend, and he was especially kind to new young Members like me, and these are the kind of things that we will always remember. I wish his family the very best, and I, for one, will certainly miss Horace Calvo."

Speaker McPike: "Representative Pullen."

Pullen: "Thank you, Mr. Speaker. I remember Horace Calvo as a Member of the House from the days when I was serving with Legislators on their staffs rather than as a colleague, literally, but I do remember his service in the House, and I recall him in much the same way that the Gentlemen who have already spoken and have so eloquently characterized him, have recalled. I remember also some other things about him that then-Representative Calvo was the kind of Member who was sometimes rather unpopular, but he never be put in a box, viewed issues from all angles, and I think he really thought was right, and he always wanted to do what was fair, and I, for one, having seen him in action here, will miss him and I know that his passing has cost the people of Illinois someone who always wanted to look to their best interest. Thank you."

Hoffman, J.: "In 1988, when I was 26 years old, I ran for the Illinois House. Horace Calvo was running for the Supreme Court of Illinois. Prior to that, I hadn't met Horace, but we saw each other...many things together, many Democratic functions. We spent a lot of time on the campaign trail together, and this was a gentleman who was running for the Supreme Court of the State of Illinois. He was pulled in every direction, but he took time out to help a 26-year-old. He took time out to introduce me to his friends in Collinsville, his friends in Caseyville, his friends throughout the Metro East area. I thank him for that. I thank his family, and we're certainly going to miss him."

Speaker Giglio: "Representative McPike now moves that all Members become Co-Sponsor of the Resolution. Hearing none, leave is granted. McPike also moves for the adoption of the Resolution. All those in favor signify by saying 'aye', opposed, 'no'. In the opinion of the Chair, the 'ayes' have it. The Resolution is adopted. The House now stands adjourned until 10:30 tomorrow morning. First Special Session will now come to order. Attendance Roll Call from the General Session will be used for the First Special Session. McPike... Representative McPike now moves that the First Special Session stand adjourned until 10:35 tomorrow morning. Gentleman have leave? Hearing none, leave is granted...First Special Session now stands adjourned."
