Speaker McPike: "The House will come to order. The Chaplain for today is Reverend Richard M. Bundy Jr. of the Minister of Justice New Faith Baptist Church in Madison, Illinois. Reverend Bundy is the guest of Representative Wennlund. The guests in the balcony may wish to rise and join us for the invocation."

Reverend Richard Bundy Jr.: "Let us pray. Almighty God, we thank You, we praise You and we glorify You for this day. Lord we thank You for this moment and its opportunities and, Lord, we just ask that Your Spirit would lead us, that it would guide us and, God, it would lift us up to another realm. Help us to know and help all those here to know that we are Your servants. I ask, in a special way, that You would bring about a spirit of mercy, a spirit of generosity and a spirit of reconciliation. And, Lord, help us to know that the creative tensions which exist here are only to Your Glory. And lastly, Lord, I just ask for Your Grace and that You would give each individual here, men and women, the courage to stand and to confront for the things that they believe in. And lastly, Lord, we just ask Your Blessing, that You would bring about a spirit of generosity. We thank You not only from the bottom of our heart, but we thank You from the base of our brains, which come forth solutions to ideas. Stretch us, Lord, in the...in the matchless mighty name of our God, we pray. Amen."

Speaker McPike: "We'll be led in the Pledge of Allegiance today by Vickie and Pat Moseley."

Moseley: "- I pledge allegiance to the flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all."

most cherished natural resource to the State of Illinois, its people; and WHEREAS, St. Patrick is not only revered as a leader of his church, but held in admiration by Irish Americans as leader of his country and his people; and WHEREAS, The General Assembly is rarely in Session on this eminent day, the 17th of March; therefore be it RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE EIGHTY-EIGHTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that this Body commemorate St. Patrick's Day in honour of this courageous leader of the Irish race and proclaim all Members of the General Assembly Irish for the day."

Burke: "Mr. Speaker."

Speaker McPike: "Representative Burke."

Burke: "Thank you, Mr. Speaker and Members of the House, insofar as this Resolution honors the most important Irishman in history and proclaims all Members of the 88th General Assembly, 'Irish for the day', I think this short verse should describe what it is to be Irish: 'What shall I say about the Irish? The utterly impractical, never predictable, sometimes irascible, quite inexplicable, Irish. Strange blend of shyness, pride and conceit and stubborn refusal to bow in defeat. They're spoiling and ready to argue and fight, yet the smile of a child fills their soul with delight. Their eyes are the quickest to well up with tears; yet their strength is the strongest to banish your fears. Their hate is as fierce as their devotion is grand, and there's no middle ground on which they will stand. They're wild, and they're gentle. They're good, and they're bad. They're proud, and they're humble. They're happy and sad. They're in love with the ocean, the earth and the skies. They're enamored with beauty, wherever it lies. They're victor and victim, a

star in a clod, but mostly they're Irish, in love with their God.' And, Mr. Speaker and Members of the House, on this important day to all we (sic-us) Irish, I'm pleased to deliver greetings from Gary Ansbro, Counsel General of Ireland, to this distinguished Body: 'Ladies and Gentlemen, I'm delighted to hear that you intend to introduce a Resolution on St. Patrick's Day, honoring the contribution of the Irish to the United States. In introducing this Resolution, you recognize not only the Irish, but every other ethnic group which has contributed to the making of this wonderly...wonderfully, diverse land. The Irish have been involved in American history from the beginning. In 1776, there were 350,000 natives of Ireland in the Colonies. Eight signatories of the Declaration of Independence were of Irish origin. Eighteen Presidents have looked to Ireland for their ancestry, and President Clinton also has roots in Ireland. The Irish have helped to build the infra-structure of this country and also its institutions. Some Irish, of course, remain in Ireland. They are intensely proud of the achievements of their American cousins. They are also proud contributors to a modern, vibrant Ireland. (They are) a member, of the European community and willing participant in the United Nations peacekeeping forces in many corners of the globe. They long for peace, prosperity and agreement for all in Ireland - North and South - and are working painstakingly through the negotiation process to achieve these goals. May I, on behalf of the Government of Ireland, send best wishes to the Illinois Legislature on this day of St. Patrick which the Irish of Ireland and their 43 million relatives in the U.S. celebrate in common. Success and blessing, Gary Ansbro, Counsel General, Government of

Mulligan: "Thank you, Mr. Speaker. A point of personal privilege. In honor of St. Patrick's Day and St. Joseph's Day, we have a band of leprechauns up here with Irish candy and we'd like everyone to come and take a piece. Thank you."

Black: "Yes. Thank you very much, Mr. Speaker. Did we call a state mandates note on this Resolution? If it's so, I'll withdraw."

Speaker McPike: "I think this is Representative Burke's first Bill. I don't think you should..."

Black: "Then perhaps we won't withdraw it."

Speaker McPike: "Representative Burke has moved for the adoption of House Resolution 260. All those in favor of the Resolution, say 'aye'; opposed, 'no'. The 'ayes' have it. Clerk Rossi: "Floor Amendment 1, offered by Representative Lang."

Speaker McPike: "Representative Lang."

Lang: "Thank you, Mr. Speaker. This Amendment was suggested by the IEA. On page 2, line 15 of the Bill, it talks about measures that can be taken, if children are to be punished

in school, and it talks about necessary measures to take care of the safety of pupils or children. This would add other employees to that, so that if a school district needed to use force to protect an employee, they might be able to do that, so this is not a limitation on corporal punishment. This clarifies when...additional circumstances under which, even if we do ban corporal punishment, children can be disciplined in the school. It is to protect teachers and other certified personnel in the school, recommended by the IEA, and I ask for an 'aye' vote."

Speaker McPike: "And, on the Motion, Mr. Black."

Black: "Thank you very much, Mr. Speaker. Will the Sponsor yield?"

Speaker McPike: "Yes, he will."

Black: "Thank you. Representative, if I...if I interpret your...Oh, scratch that. If I understand your Amendment, you're allowing the use of force, as is reasonable and necessary to maintain safety for pupils, children or other employees of a school. Is that your understanding of the Amendment?"

Lang: "All the Amendment does is add other people. So the current Bill says that force can be used...for the safety of other children, or pupils, and we...we neglected to put in there, school personnel. So they can use force to protect the adults as well as the children."

Black: "Okay, so, the issue of reasonable force is in the Bill, not the Amendment?"

Lang: "That's correct."

Black: "Thank you. Then I'll...I'll question that at the proper time."

have it, and the Amendment is adopted. Further Amendments."

Clerk Rossi: "No further Amendments but a states mandate note has been requested."

Speaker McPike: "The Bill remains on Second Reading, Mr. Lang. Representative McAuliffe."

McAuliffe: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. I just wanted to announce that the Irish Caucus is going to host a party tonight at the Top of the Hilton. Danny Burke is going to play the piano, and we've invited the Members from the Senate and any of the secretaries that want to come and any of the staff that wants to come. We'd be more than happy to have you. It starts at 9:00; it will go until God knows when. Probably until they throw us out, but I think I can guarantee you'll have a good time. If you've heard Danny Burke play the piano before, you know how good he is at it. He knows the words to all the songs, so we're looking forward to seeing as many of you that would like to come and I guarantee you'll have a good time. Thank you."

Granberg: "Representative Balthis, did you file a correctional impact note or do you know what the consequences of this Bill are?"

Balthis: "I did not know one was requested."

Granberg: "You did not file a correctional impact note? No one requested one?"

Balthis: "No."

Granberg: "Norm...What's normal, though?"

Balthis: "As we see right now a proliferation of people going into the prisons, we're trying to open more all the time, but I think the issue is, 'Are we trying to protect our residents or are we trying to save our dollars?'"

Balthis: "I'm sorry... Let me restate something. I was just informed that they have issued and there is no estimate on their part."

Granberg: "They...they issued an estimate that there is no estimate."

Balthis: "One moment.. They have no position on the Bill."

Granberg: "Do a...Representative, you might...do you want to take this out of the record, so we can talk about how much this may or may not cost before you..."

Balthis: "Since they have no estimate, I'm trying to figure out how you and I would figure out an estimate."

Granberg: "I mean... It would have to cost more. Anytime we increase penalties, it has to cost more, I would think."

Balthis: "Um."

Granberg: "And the Department has no position?"

Balthis: "No position."

Granberg: "Thank you."

Speaker McPike: "Representative Deering."

Deering: "Thank you, Mr. Speaker. Will the Sponsor yield?"

Speaker McPike: "Yes, he will."

Deering: "As far as a fiscal impact note, Representative, what kind of... How will this add to the population of the prison system already?"

Balthis: "I have no estimates since the Department has no estimates, since they are the professionals. I merely am trying to protect the residents of my community and yours. If...in gang activity going on all over the state."

Deering: "I do have some concerns about this Bill, Representative, because I have a prison in my district, that is very overcrowded. It seems that we never can get enough money to hire any more staff, so I'm going to be opposing this Bill."

Speaker McPike: "Representative Johnson. Tom Johnson."

Johnson: "Yes, will the Speaker yield?"

Speaker McPike: "Yes, he will."

Johnson: "I think that it's important to note here that this is not increasing, automatically, sentences, but actually giving more discretion to the judges, in terms of sentencing, to take gang membership into consideration when a judge sentences an individual. So this is not one that automatically increases sentences, but gives more latitude to the judge to, in fact, tailor a sentence to an individual."

Speaker McPike: "Representative Balthis, to close."

Balthis: "Thank you, Mr. Speaker. Ladies and Gentlemen of the House, this merely adds one additional factors (sic-factor) and agra...agravation that a judge may use in considering a penalty to be imposed on an individual. It does not add, as was just pointed out by the previous speaker, additional law. It adds the judge's discretion, on a point of aggravation, and I would ask for favorable adoption."

House, this is a Bill that was proposed by the Library Association, and it's supported by the library districts and the municipal libraries. It simply states that when you don't live in a library district or a municipal library district, that if you go to buy a card, you may buy a card at any place that you choose and you may use those facilities to your heart's content and, of course, you may use any other facility to go into and to borrow a book from, with the intergov...or inter-library loan system, but that your taking books out will be at the library where you bought the...your library card and that is the library that you would then use, and it's supported, as I said, there is no opposition, that I know of and it's been supported by all of those library districts."

Speaker Steczo: "The Chair recognizes Representative Granberg."

Granberg: "Will the...will the Sponsor yield?"

Parcells: "Yes."

Granberg: "Representative, for purposes of our side of the aisle, this is the same Bill we discussed regarding a potential fee increase that...you...disagreed with, but this is that piece of legislation?"

Parcells: "Well, the reason it's not a fee increase is right now if you go to buy a library card, you buy one, and that's not a...I mean that's what they charge you and that's the way it is today and that's the way it was yesterday and that's the way it would be after this Bill passes. You still buy a library card. This just tells you which libraries you may take books out of after you buy that card."

Granberg: "Representative, for downstate. If I go to my local library and they don't have a book there and they have to get it out of a different system, would I then be required

to join that other system, that other district?"

Parcells: "You may get it through inter-library loan."

Granberg: "Pardon me, I couldn't hear you."

Parcells: "Thank you...oh, I said, you may get that book through the inter-library loan system."

Granberg: "Okay. Thank you."

Speaker Steczo: "Is there any further discussion? There being none, Representative Parcells, to close."

Parcells: "Thank you. I would just ask for your 'aye' vote on this very good piece of legislation."

Speaker Steczo: "The Chair recognizes Representative Hughes."

Hughes: "Thank you, Mr. Speaker, and Ladies and Gentlemen of the House. I bring to you today, House Bill 514, which amends the Township Law of 1874, and authorizes the township board of trustees to make contracts relating to insurance for a duration not to exceed the board term by more than one year. This is a Bill that has bi-partisan support and passed out of committee unanimously."

Clerk Rossi: "House Bill 474, a Bill for an Act amending the Illinois Counties Code. Third Reading of the Bill."

Speaker Steczo: "Representative Novak."

Novak: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. House Bill 474 amends the Counties Code. It provides that a county may lease, sell or otherwise dispose of any local improvements to any public utility regulated by the Public Utilities Act that will incorporate the local improvement into its existing plant and operations. This Bill passed out of the Counties and Townships Committee without any dissenting vote. It's on the Short Debate, and it was sponsored by the Consumers Water and the Illinois Waterworks Association. I ask for your support of this legislation."

Speaker Steczo: "The Chair recognizes Representative Wennlund. Mr. Clerk, turn on Representative Wennlund, please."

Wennlund: "Thank you, Mr. Speaker. Will the Sponsor yield?"

Speaker Steczo: "He indicates he will."

Wennlund: "Don't the municipalities have the statutory authority to do this now?"

Novak: "I don't have my analysis here, but I...I don't think so."

Wennlund: "Are... Does this deal with improvements that are made outside of the municipality or within the municipality?"

Novak: "Representative Wennlund, let's...let me take the Bill out of the record, and I'll get the answers for you. Mr. Speaker, could you take the Bill out of the record, please?"

Clerk Rossi: "House Bill 606, a Bill for an Act amending the Counties Code. Third Reading of the Bill."

Speaker Steczo: "Mr. Flinn."

Flinn: "Thank you, Mr. Speaker. House Bill 606 authorizes the county board to establish an emergency disaster fund. The only reason for this Bill...Presently under the Counties Code there are no provisions for the counties to create an emergency fund, and I'll try to answer any questions, but that's all the Bill does. It just amends the Counties Code to permit counties to have an emergency fund."

Speaker Steczo: "The Chair recognizes the Gentleman from Vermilion, Representative Black."

Black: "Thank you very much, Mr. Speaker. Will the Sponsor yield?"

Speaker Steczo: "He indicates he will."

Black: "Representative, this is totally permissive legislation. Correct?"

Flinn: "Correct."

Black: "So, any county board that wanted to do this could. Any county board that did not want to divert general revenue funds, doesn't have to."

Flinn: "That's correct."

Black: "All right. Thank you very much."

Speaker Steczo: "Is there any further discussion? There being none, the question is, 'Shall House Bill 606 pass?' All those in favor will signify by voting 'aye'; those opposed by voting 'no'. Clerk Rossi: "House Bill 607, a Bill for an Act concerning  
official bonds. Third Reading of the Bill."

Speaker Steczo: "Representative Flinn."

Flinn: "Thank you, Mr. Speaker. House Bill 607 is another one  
that amends the Counties Code. What it does is permits  
counties to bond their officers themselves. Presently, the  
law reads that they can bond those that are self-insured,  
but the problem was we do not amend the Counties Code.  
This, again, is a permissive thing for those counties, who  
are self insured. I would ask for the adoption and answer  
any questions."

Speaker Steczo: "Is there any further discussion? There being

Clerk Rossi: "House Bill 728, a Bill for an Act creating the Eastern Will Sanitary District. Third Reading of the Bill."

Speaker Steczo: "Representative Novak."

Novak: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. House Bill 728 creates the Eastern Will County Sanitary District. The Bill specifically delineates the district's boundary lines that encompasses the corporate boundaries of the Village of University Park within Monee Township. There is a referendum mechanism in the legislation, so no...no public dollars could be expended for any sanitary district business unless the majority of the electors within the corporate boundaries of University Park in Monee Township vote and pass on a referendum. The village contacted me and through their village board and the citizens wish to participate in a sanitary district. The Municipal Code allows them, or the Sanitary District, Code allows the municipality to compete with a private utility. So this has a referendum for your edification, and I ask your support."

Speaker Steczo: "The Chair recognizes Representative Wennlund. Mr. Wennlund."

Wennlund: "Thank you, Mr. Speaker. Will the Sponsor yield?"

Speaker Steczo: "He indicates he will."

Wennlund: "Representative Novak, can you tell us what the...purpose of...of this legislation is?"

Novak: "Representative Wennlund, I filed this Bill on behalf of the village officials, of University Park within Monee Township. They wish to create a sanitary district. Right now they are being serviced by a private utility. There is a referendum mechanism within the legislation that has to be provided prior to any expenditure of any moneys, public

moneys, for the expense of a sanitary district."

Wennlund: "Is this the same legislation that was defeated last year?"

Novak: "It's similar, but it's relegated only to the corporate limits of University Park. It has nothing to do with...the broader Eastern Will County Sanitary District legislation. That was withdrawn last year."

Wennlund: "When would these Sanitary District trustees be elected?"

Novak: "At the soonest possible election, I believe. Once...once the legislation is signed, once the board is created and all the other administrative rules and everything are put in place, I think they would at the most recent next general election."

Wennlund: "Initially though, they are appointed? Is that correct?"

Novak: "Correct."

Wennlund: "Who is the appointing authority?"

Novak: "State Legislators. It would be the State Representative and the State Senator, within that district."

Wennlund: "Is... Representative Novak, can you tell us... Is this designed for...or to service a third airport? If one were ever to be built there?"

Novak: "No...no. Nobody tells me anything about the third airport anyway, from the Department of Transportation, but no it has nothing to do with the third airport."

Wennlund: "You have to ask Mayor Daley that question or the new Secretary of Transportation, Mr. Pina. Did this request come to you from the Village of Peotone?"

Novak: "No, Larry, it came from the mayor and town counsel of University Park, which is now...which now is in my legislative district."

Wennlund: "So, is the intent, then that the Sanitary District would condemn or acquire Consumers?"

Novak: "That's all...that's all...it all depends on...up to the electors in the referendum. If they wish...fine. They will proceed with a...with a public sanitary district. If...if the electors decide to vote against it, then nothing will happen."

Wennlund: "So, there's not going to be a tax increase as a result of the passage of this Bill?"

Novak: "Pardon me, Larry?"

Wennlund: "There's not going to be a tax increase of real estate taxes?"

Novak: "No, it's totally up to the electors within the corporate limits of University Park."

Wennlund: "Well...will this Eastern Will Sanitary District levy real estate taxes?"

referendum to create the sanitary district. Is that correct?"

Novak: "No. The referendum is a question on levying a tax, specifically. This...this legislation creates the District, but the District has no power at all to operate because it has no public dollars to spend. Once a referendum is passed, then the District will have power to proceed on its objectives."

Wennlund: "Okay, thank you very much."

Speaker Steczo: "The Gentleman from Vermilion, Representative Black."

Black: "Yeah. Thank you very much, Mr. Speaker. Will the Sponsor yield?"

Speaker Steczo: "He indicates he will."

Black: "Representative, under the five existing Sanitary District Acts, it is my understanding that the town, municipality of University Park, could establish a sanitary district by virtue of a petition process, if they so desire. Is that not true?"

Novak: "That is correct, Representative Black, but the village fathers and mothers wish to...came to me and wish to proceed in this manner and it's still democracy at its best. There is a referendum."

Black: "I...I guess what I'm... Is this a more expeditious manner?"

Novak: "Well, I...I don't know...that may be a question of interpretation, but they've had a lot of problems with their sewer plant, and they wish to proceed in this manner, and they would like the public to be able to vote on the issue, in the most...in the next most recent election."

We heard in committee today Representative Black represents a district that they still have outhouses down there, and he wanted to know how he can go about having these things and these farmers in these poor souls in his district hook up to a sewer. Well, Representative Black, if you're listening...I think this is a great idea and perhaps you'd want to do something for your district, so I think this is a great Bill."

Speaker Steczo: "Is there any further discussion? There being none, Representative Novak, to close."

Novak: "Yes, Mr. Speaker, Ladies and Gentlemen of the House. For the benefit of the individuals who live and reside within University Park, I please ask for your support of this legislation. To once again reiterate, there is a referendum mechanism in the legislation, and not one penny of taxpayers' dollars will be spent, unless a majority of the electors that live within the confines of the city approve the referendum. Thank you very much."
