Enable us to uphold the rights of others. Do not allow us to be misled by ignorance or corrupted by fear or favor. Unite us to Yourself in the bond of love, and keep us faithful to all that is true. Salvi: "DuPage County would not be included. No."

The reason...the reason for the Amendment is because I was told that in very rural areas...they sometimes move the asphalt mixing facilities with the road and that in very populated areas...there aren't very many schools that would become somewhat of a burden, so we amended it to include Lake County, in which it wouldn't be a burden and there aren't any traveling...asphalt plants."

Black: "Thank you very much, Mr. Speaker and Ladies and Gentlemen of the House. I just simply rise to support the Gentleman's Amendment. If you listened carefully, he's amended this...so it only applies to a particular county where they're having this kind of problem. It doesn't bother my county. It doesn't bother Representative Hartke's county; doesn't bother anybody's county. The Gentleman has a situation in his county that he's trying to remedy, and...we often work together down here on matters of legislative courtesy. I would...urge your 'aye' vote."

Novak: "Yes, Mr. Speaker, Ladies and Gentlemen of the House. This Bill was heard in committee, and then the Speaker...then the...Sponsor filed this Amendment to narrow the scope of the Bill to...pertain, I believe, just to Lake County. I understand the concerns of the...the Representative involved, but I think all Legislators should take a serious look at this piece of legislation because it certainly...could open a pandora's box to other concerns and restrictions dealing with...asphalt facilities (whether they're asphalt facilities or whether they're concrete facilities or any other type of business or industry), once we...once we start restricting them and put qualifying factors on them, with respect to them to be able to conduct their business, I think sets a bad precedent for...and bad message...to...the business and industry community in Illinois, and I would ask my colleagues on the Democratic side of the aisle to vote red, vote 'no'."

Speaker McPike: "Representative Salvi, to explain his vote."

Salvi: "Well, I think...Representative Novak is confusing this with another Bill. This Bill was voted out of committee, and this Amendment just applies the Bill to Lake County. It was voted out of the Transportation Committee."

Speaker McPike: "Have all voted? Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this Amendment, there are 85 'ayes' and 14 'noes', and the Amendment's adopted. Further Amendments?"

Currie: "Thank you Speaker and Members of the House. The underlying Bill deals with the issue of the appointment of a standby guardian before the imminent death of a parent and at the suggestion of the Members of the Judiciary Committee, I offer this Amendment, which says that a petition to name a standby guardian should be attested to in the presence of two or more credible witnesses. I know of no opposition and would welcome your support."

Speaker Flowers: "Amendment 3...to House Bill 246, Representative Currie."

Currie: "Thank you, Speaker and Members of the House. In the Bill, as it came to the floor, there is a statement that the standby guardianship...would not apply in the event that there is a natural or adoptive alternative parent able and willing to care for the child in the event of the custodian's parents death. What this Amendment does is to provide a procedure, in effect, creating a rebuttable presumption in favor of the remaining parent...so that there is a procedure for the courts to use in determining whether indeed if there is another parent available that parent is, indeed, willing and able to pick up the yoke. Again, I know of no opposition and would appreciate your support."

yield?"

Speaker Flowers: "She says she will."

Black: "I...I know of no major opposition to the Amendment, but I... Obviously, one of the questions that comes up whenever we're creating a rebuttal presumption...where you can overcome by showing, simply showing that the natural or adoptive parent is not willing or capable of exercising guardianship. How is this language to be construed? I mean, my fear is that somebody could...just say, 'Well, you're not capable'."

Currie: "The Bill, as it came to the floor, (as I say) says that the standby guardianship is not available if there is an alternate parent able and willing to carry on as the custodial parent of the child or children after the other parents death. The question is: How do you determine, how does the court tell whether that situation exists; and, if you see where this Amendment comes, it comes exactly at the point at which we say that you don't apply a standby guardianship in the event that the other parent is willing and able, and what this does is set a standard so the court can make that determination."

Black: "So, it would be...it would be your intent then that this is strictly a matter of...of court procedure and order rather than establishment of...of some agency by rule, such as DCFS?"

Currie: "Right...right. No this would be a case by case determination, and I have shared the Amendment with the Minority Spokesman and Members of the Judiciary Committee."

Black: "Thank you very much, Representative."

Currie: "Thank you."
