Speaker Steczo: "Representative Currie moves for the adoption of the Agreed Resolutions. All those in favor will signify by saying 'aye'; those opposed by saying 'no'. The 'ayes' have it. The Agreed Resolutions are adopted. Mr. Clerk, General Resolutions."

The Death Resolutions are adopted. On page 34 of the Calendar, on the Order of Senate Bills, Third Reading, appears Senate Bill 1776. The Chair recognizes Representative Hannig."

Hannig: "Yes, thank you, Mr. Speaker and Members of the House. I would ask leave to move this Bill back to the Order of Second Reading for the purposes of an Amendment."

Speaker Steczo: "The Chair recognizes Representative Black."

Black: "Yes, thank you very much, Mr. Speaker. We would object to the Gentleman's request. You know, it's not my understanding that this Bill was supposed to be taken back to Second Reading. I thought all of the Leadership in both chambers had agreed this must stay clean. If you take it

back to Second Reading, then you simply destroy what all of us have been led to believe that we would finally pass this supplemental that is necessary. State employees are going to lose a payroll check if we don't act on this, and I...I simply object to the...and quote the appropriate rule that this Bill...that the Gentleman's Motion be denied, that...and it not been taken back to Second Reading. We deny leave, and quote the appropriate rule that would require a Roll Call Vote on any such Motion."

Speaker Steczo: "Mr. Hannig, would you still like to pursue your Motion?"

Hannig: "Could you repeat your question, Mr. Speaker?"

Speaker Steczo: "Do you wish to take your Motion out of the record? The Gentleman withdraws his Motion. Mr. Ryder."

Ryder: "I was simply standing in support of the Bill that had been called. I am prepared to go on Third Reading. It is a Bill that we need to have heard in this House. We've been waiting to have the Sponsor of the Bill call it. Let's call it. Let's vote on it; and do the business of the people."

Speaker Steczo: "Mr. Hannig, do you wish to pursue the Bill on Third Reading? Gentleman indicates he wishes the Bill taken from the record. On page 38 of the Calendar, on the Order of Motions, appears a Motion with relation to House Bill 4075, Representative Davis."

Davis: "This is a discharge Motion from the committee because there was erroneous information provided to some people, for example, the administrators of the community college. And since the Amendment has been placed on the legislation, it only refers to teachers who teach the GED program, and we ask that we allow this Bill to be heard. The community college has decided to be neutral on the Bill; and with the

corrected information, we were able to get that agreement from them."

Speaker Steczko: "Pursuant to Rule 77 (a), the Lady moves to discharge the Committee on Elementary and Secondary Education from further consideration of House Bill 4075 and advance to the Order of Second Reading, First Legislative Day. On that Motion, is there any questions? Representative Ryder."

Ryder: "Thank you, Mr. Speaker. I have a question of the maker of this Motion. Representative, this Bill was heard and voted in committee, is that correct?"

Davis: "The Bill was voted with the information that was incorrect because an Amendment was filed onto the Bill that made it only for training specialists or those who teach GED programs. The original Bill had stated that it was for those who teach adults."

Ryder: "Representative, I'm not asking... Ultimately, we'll get to the substance of the Bill. Just simply, you had an opportunity to present the Bill and there was a vote taken. Is that right? And the vote failed."

Davis: "There was a vote taken, but there was a lot of confusion based upon the Amendment."

Ryder: "Representative, there's been confusion all week, and if your Bill was the subject of that, I've got a half a dozen that were even more confused than yours. I'm sorry, you had a vote. The number of Bills that were even allowed to be heard was so overwhelming for your Party compared to ours that at this point to ask us to support your discharge because there was some confusion, we didn't even have opportunities for a hearing on a huge numbers of our Bills. I would suggest that you reconsider your Motion; however, Representative, if you persist, I would ask the Members on

our side of the aisle to refrain from supporting your Motion."

Davis: "Well, I would just like to say I think it's a very important piece of legislation. When those who were in opposition found out the Amendment had been drafted, they withdrew their opposition to the Bill. I don't believe the Bill had an opportunity to get a fair hearing in committee because of the confusion in reference to the Amendment. And I cannot be responsible, Representative Ryder, because you didn't get to have all of your Bills heard. There were many Bills that I also did not have heard in committee, and I am not asking for a discharge Motion on those Bills. I'm merely asking for one on this one because it did get to be heard but it was a great deal of confusion in reference to the content based upon the Amendment being filed."

Speaker Steczo: "Representative Cowlshaw."

Cowlshaw: "Thank you very much, Mr. Speaker. Ladies and Gentlemen of the House, it seems to me that Chairman Brunsvold runs one of the fairest committees we have in the Illinois House, and I really believe that there is practically no one who can come away from Representative Brunsvold's committee and claim that they did not have a fair hearing and an adequate opportunity to present their material. The opposition of the city colleges of Chicago to this Bill was not removed by the Amendment. The Bill had a full hearing. It failed. I stand in strong opposition to this discharge Motion and would ask anyone who cares about the city colleges of Chicago to join me in voting 'no' on this Motion."

Speaker Steczo: "Representative Parke."

Parke: "Thank you, Mr. Speaker. We would request...respectfully

request a Roll Call Vote on this Motion."

Speaker Steczo: "Representative Wennlund. Is there any further discussion? There being none, all those in favor of the Motion will signify by voting 'aye'; those opposed by voting 'no'. The board is open. Representative Davis, to explain her vote."

Davis: "I want to say to you that I talked to Ben Israel; I talked to the chancellors of the city colleges. They have removed their opposition of this Bill, and the only concern they have, of course, is an effective date and some other things we're going to work out on...on the Second Reading of the Bill. This Bill asks that those people who teach adults, they have four-year college degrees and they teach GED programs, that they take two or one class in the ability to teach adults. How do you teach people who have dropped out of school ten years ago and who are finally going back? Do you need the ability to teach them or do you merely need subject matter? We're not asking this for those who teach college classes, we're asking this for those who teach the GED program. There is a vast dropout rate of that GED program. The success rate is abysmal. We need people who can relate to those adults who have low self-esteem, who need a great deal more motivation, and you need to present basic material to them in a very adult fashion, and you need to learn how to do that. The success rate of the GED program is very low, and the reason it's low is not based upon the student's desire to finish, it's based upon our ability as teachers and adults to impart the information to them in a way in which they can retain it and pass the test. I urge you to vote 'aye' on this legislation. It doesn't mean you have to vote 'yes' on the Bill. We can talk about the merits of the Bill later."

Speaker Steczo: "Have all voted who wish? Have all voted who wish? Mr. Clerk, please take the record. On this question, there are 34 voting 'yes', 70 voting 'no', 6 voting 'present'; and the Motion fails. On page 38 of the Calendar, under the Order of Motions, appears a Motion with regard to House Resolution 2245. On that, the Chair recognizes Representative Erwin."

Erwin: "Thank you, Mr. Speaker. I seek recognition to discharge from the Committee on Energy and Environment House Resolution 2245, which simply calls upon the Army Corps of Engineers to restore the Lake Michigan shoreline. It is asking for greater protection. There's no state money involved. It's just asking them to help protect our shoreline. I've spoken with the Minority Spokesman on Energy and Environment, and this truly was just sort of a slip-up in our posting. Thank you."

Speaker Steczo: "The Lady has moved, pursuant to Rule 77 (a), to discharge the Committee on Environment and Energy from further consideration of House Resolution 2245 and advance to the Order of the Speaker's Table. On that question, is there any discussion? The Chair recognizes Representative Novak."

Novak: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. I agree with Representative Erwin. We don't have any objections to this discharge Motion. She just couldn't get the Resolution posted in time to have it properly heard in committee, so I would ask my colleagues not to object and allow this Resolution to be discharged so it can be heard properly. Thank you."

Speaker Steczo: "The Chair recognizes Representative Persico."

Persico: "Thank you, Mr. Chairman, Members of the House. Representative Erwin did come to me a few minutes ago on

Speaker Steczo: "Does anybody rise in opposition? There being none, is there leave for use of the Attendance Roll Call? All those in favor will signify by saying 'aye'; those opposed by saying 'no'. The 'ayes'... In the opinion of the Chair, the 'ayes' have it. Is there leave for use of the Attendance Roll Call? There being no objection, leave is granted, and the Motion is adopted. Supplemental Calendar announcement."

Clerk Rossi: "Supplemental Calendar #1 is being distributed."

Speaker Steczo: "Supplemental Calendar #1 appears a Motion with... House Bill 3906, out of the record, Representative Daniels? House Bill 3907? Out of the record. Mr. Clerk, Adjournment Resolution."

Clerk Rossi: "House Joint Resolution 142, offered by Representative Granberg. I want to thank all the Members of the General Assembly, the staff members, and all the citizens working in State Government for the concerns you have expressed to the loss of my mother. I've been very fortunate for the 60 years I have lived to have had a mother; most people at the age of 60 are not as fortunate as I have been.
