Speaker McPike: "Mr. Homer, what is your desire? This Amendment has not been printed.? Mr. Homer?"

Homer: "Mr. Speaker, I'd like to advance the Bill at this time and move to table..."

Speaker McPike: "All right. The Gentleman moves to table the Amendment; and, on that Motion, Mr. Black."

Black: "Thank you very much, Mr. Speaker. I certainly share your concern that we move through the Calendar in an orderly and a speedy fashion, but none of these Amendments filed early this morning are going to be printed and distributed; and in that case if it's an Amendment on our side of the floor, I...I would on some of these I feel I have no...no recourse but to object and ask you to take a roll call on the Motion to table."

Speaker McPike: "The question is, 'Shall Amendment #1 be tabled?'

All in favor vote 'aye'; opposed vote 'no'. Mautino, 'aye'. Have all voted? Have all voted who wish? Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this Motion, there are 64 'ayes' and 50 'noes', and the Motion carries. Amendment #1 is tabled. Further Amendments?"

Clerk Rossi: "No further Amendments."

Speaker McPike: "Representative Daniels, I'm sorry. I did not see your light on. Mr. Daniels."

Daniels: "Thank you, Mr. Speaker, Ladies and Gentleman of the House. While I appreciate the need to move the business of the House, I think maybe the other side of the aisle would like to know you just voted against curtailing gang crime, so that is...that is...an Amendment that had been filed, duly filed in the House of Representatives by a Sponsor, dealing with the gang crime issue and of course you've taken great pride in beating yourself on the chest how much you want to reduce crime. You just voted against it."

Speaker McPike: "Further Amendments? Mr. Homer?"

Clerk Rossi: "No further Amendments."

Homer: "Well, Mr. Speaker, I would like to retort and say that I don't know what I voted against because I'd never seen the Amendment and so I voted to move this Bill to Third Reading. And if there's some Amendment that can be brought to me and I can be shown that it would help improve this Bill, I'd certainly be willing to consider moving the Bill back to Second Reading, but for someone to say that we just voted against gang crimes is absolutely ludicrous and I would hope that...that the Member would withdraw those statements."

Speaker McPike: "Third Reading. Representative Daniels."

Daniels: "Well, not to prolong this discussion, Mr. Speaker, but

the fact of the matter is, the Motion was to table the Amendment. So, those of you that voted to table the Amendment, voted to table the issue of gang crime in dealing with it. Now, the reason I point this out, is because where it's important that we move the legislation before us, it's also important that you know what the issues are. Now, this Amendment was filed, was ready to be printed and because the Sponsor of this Bill wanted to move so quickly, he's taken away from you the ability to deal with an issue. I think it's a mistake, but I just wanted to make sure that you all knew, so you could defend yourself in the potential questions on it, what you just did."

Mr. Clerk, read the Constitutional Amendment."

Clerk Rossi: "House Joint Resolution Constitutional Amendment 14, offered by Representative Granberg. RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE EIGHTY-EIGHTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, That there shall be submitted to the electors of the State for adoption or rejection at the general election next occurring at least 6 months after the adoption of this resolution a proposition to add Section 13 to Article VII of the Illinois Constitution to read as follows: ARTICLE VII Local Government SECTION 13. UNFUNDED MANDATES Whenever the Legislature or any State executive action requires a unit of the local government to establish, expand or modify

its activities in such a way as to necessitate additional expenditures of revenue by the unit of local government, the State shall provide funds to reimburse the unit of the local government for the costs necessary to carry out the mandated requirement, except that the Legislature may, but need not, provide funds for the following mandates: Legislatively mandated requirements requested by the unit of the local government effected. Legislatively mandated requirements enacted before the effective date of this Amendment, or state executive actions initially implementing legislation enacted before the effective date of this amendment. A mandated requirement that is not funded is not enforceable while not funded, unless the bill implementing the mandated requirement passed with the concurrence of at least four-fifths of the members elected to each house of the General Assembly and specifically states that it is a nonreimbursable mandate under this subsection. SCHEDULE This Amendment takes effect upon approval by the electors of this State. Third Reading of this House Joint Resolution Constitutional Amendment 14."

Speaker McPike: "All right, Representative Granberg."

Granberg: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. We in Springfield, once in awhile, we come across issues that cut across geographical boundaries and political boundaries, and this Constitutional Amendment is one of those issues. We've had our local units of governments, we've had our mayors, we've had our county board members, and, most importantly we've had our constituents..."

Speaker McPike: "Please give the Gentleman some attention. This is a Constitutional Amendment. Please give him your attention."

Granberg: "And most importantly, last fall we heard from our constituents how important of an issue this is. They have sent us a message that if we tell local units of government or local school boards they have to implement programs, we should abide by our own law, and provide them the funds to do that. The Department of Commerce and Community Affairs studied this, and the last ten years we've passed \$200 million worth of unfunded mandates to our local units of government and school boards, at a time that they can ill-afford additional funds. This is happening at the same time we're talking about taking funds away from them. This Constitutional Amendment would hold us accountable. Would make us responsible in Springfield for...man...programs that we mandate, and I think that's where it should be. The buck should stop here. If we tell them they have to do it, we should provide them the funds to do it, and I'd be happy to answer any questions."

Speaker McPike: "And on the Gentleman's Motion, Representative Balthis."

Balthis: "Thank you, Mr. Speaker. I rise in support of the Gentleman's Motion. I would just point to everybody to the...this months issue of the National League of Cities, or Conference of State Legislatures. There's an interesting article on mandates and, in fact, there is legislation introduced by Congressman Bob Frank from New Jersey that would do a similar thing for us on the state level, that we're attempting to do to our local governments, and I would encourage everyone's support. This is a big issue. All the voters in the State of Illinois this past year indicated, about 82% of 'em, that they would like to see mandates stopped. I rise in strong support of the Gentleman's Motion, would encourage everyone to vote

'yes'."

Speaker McPike: "Does anyone rise in opposition or for a question? Opposition or a question? Representative Black."

Black: "Thank you very much, Mr. Speaker. Will the Sponsor yield?"

Speaker McPike: "Yes."

Black: "Representative Granberg, in your remarks you talked about the advisory referendum that we're all familiar with, and you said something about school districts. It's a...our staff's interpretation that this Amendment will not affect school districts in any way; that, in fact, they are excluded because our Constitution does not consider them a unit of local government. Is that...?"

Granberg: "Representative Black, you are correct."

Black: "So, it affects every local unit of government, but it does not impact school districts. I imagine we may hear from somebody about that, don't you think? All right, thank you very much for your time."

Speaker McPike: "Representative Zickus."

Zickus: "Mr. Speaker, will the Sponsor yield?"

Speaker McPike: "Yes."

Zickus: "What other differences besides the school districts are between this Resolution and House Joint Resolution 1?"

Granberg: "Representative, I'm not familiar with House Joint Resolution 1."

Zickus: "That Resolution, also, requires that you can have the mandates on local governments, but it includes school districts."

Granberg: "Thank you."

Speaker McPike: "Thank you, Representative Zickus. Representative Novak."

Novak: "Yes, Mr. Speaker, Ladies and Gentlemen of the House. I simple rise in support of this grand measure. I think coming as a individual who's served on local levels of government, at the grassroots level and at the county level, we think it's about time that we take heed to the strong messages that the voters have sent to us since the last election; pass this Bill over to the Senate and get this on the Governor's desk so the people of Illinois will be able to vote for this measure in the 1994 election. I simply ask my colleagues to support this measure."

Speaker McPike: "Representative Currie."

Currie: "Thank you, Speaker. I rise in what will doubtless be quite lonely opposition to this measure. We are charged with responsibility to create these local units of government. We give them revenue raising power. We tell them, 'Yes, City, you can impose a property tax.' Some are permitted under home rule powers to impose a whole lot more taxes than that. The idea that we should give these units of government massive authority to raise revenues to take care of their responsibilities without being expected to help define those responsibilities, strikes me as standing the idea of state government and the relationship between state and local governments on its head. If this Amendment had been in place when the state became a state, and when we began allowing the creation of local units of government, I'm not sure what kind of a state we would have today. I don't think there's any reason to believe that later mandates are somehow more suspicious or less reasonable or responsible than early mandates, and I think people should think very hard about what it is they thought they were doing when they were sent here to represent people to make sure, for example, that cities do protect

the life and the health and the safety of their residents. Were schools to be included, for example, to say that schools ought to be teaching something, rather than just raising property taxes in order to pay the staff. So, I think this Amendment actually does some damage to ordinary notions of different units of government and different responsibilities that are thereby entailed, and I personally am gonna vote against this Amendment and I hope that a few of you will join me in that action."

Speaker McPike: "Representative Skinner."

Skinner: "May I ask the Sponsor a question or two?"

Speaker McPike: "Yes."

Skinner: "Did I understand that this does not include school districts?"

Granberg: "That is correct."

Skinner: "This is sheer hypocrisy then. We're again showing in this General Assembly that some of the local governments walk on two legs and some are still crawling. The ones that are still crawling are the school districts. It isn't the municipalities that have been screaming the most about unfunded mandates, it's the school districts, and this Amendment doesn't even talk about school districts. Now, some would argue that half a loaf is better than none, and I guess I probably would agree that this is better than nothing. But, my heavens, aren't we all gonna be embarrassed when we go on the campaign trail and have to admit that we stood here knowing that this unfunded mandate Amendment deliberately excluded school districts."

Speaker McPike: "House Joint Resolution Constitutional Amendment 14, Third Reading. The question is, 'Shall this Resolution be adopted?' All those in favor vote 'aye'; opposed vote 'no'. Have all voted? Have all voted who wish? That was a

call from Mr. Black; he wanted to know if Mr. Skinner was voting correctly after that strong speech. I guess...you don't want to change your vote? All right. Have all voted? Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this Motion, there are 113 'ayes' and 3 'noes'; and House Joint Resolution Constitutional Amendment 14 is adopted. Mr. Wennlund, on Senate Bill 900. This Bill was held on Second Reading because there's been a request for a fiscal note. Mr. Wennlund."

Wennlund: "Thank you, Mr. Speaker. I move that the fiscal note...the Fiscal Act be ruled inapplicable."

Speaker McPike: "And that is the Gentleman's Motion;, and all in favor of the Motion vote 'aye', and all opposed vote 'no'. Have all voted? Have all voted who wish? Have all voted who wish? Have all voted who wish? The Clerk will take the record. On this Motion, there are 108 'ayes' and 2 'noes', and the Gentleman's Motion carries. Third Reading. Constitutional Amendment 18. Clerk McLennand: "House Joint Resolution Constitutional Amendment 18, offered by Representative Maureen Murphy. RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE EIGHTY-EIGHTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, That there shall be submitted to the electors of the State for adoption or rejection at the general election next occurring at least 6 months after the adoption of this resolution a proposition to add Section 8.1 to Article IV of the Illinois Constitution to read as follows: ARTICLE IV THE LEGISLATURE Section 8.1. three-fifths of the members elected to each house of the General Assembly. (b) Each House of the General Assembly shall have a revenue committee. It shall be the sole and the exclusive responsibility of the Revenue Committees to consider all bills which would result in an increase or decrease of revenue to the State. A bill pending in a revenue committee must be approved by a majority of members of that committee before it is sent to the full house for consideration or vote. (c) There shall be 25 members on the revenue committee in the House of Representatives. The members of the House Revenue Committee shall be appointed by the Speaker of the House and the House Minority Leader. The membership of the committee shall be proportionally as close arithmetically as possible to the percentage of members in the House of Representatives who vote for the Speaker and who vote for the Minority Leader. There shall be 13 members on the revenue committee in the Senate. The members of the Senate Revenue Committee shall be appointed by the President of the Senate and the Senate Minority Leader. The membership of the committee shall be proportionally as close arithmetically as possible to the percentage of members in the Senate who vote for the Senate President and who vote for the Senate Minority Leader. Revenue committee members may be removed from the committee only by a majority, recorded, roll call vote of all members of the committee's respective chamber. No member of the General Assembly may serve more than 4 consecutive years on a revenue committee. (d) The revenue committee may not vote upon a bill until a public hearing on the bill has been held. Reasonable notice of the hearing, which in no event may be less than 2 weeks, shall be given to the public.
