94th GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

142nd Legislative Day

1/8/2007

Speaker Hannig: "The hour of 9:00 having arrived, the House will be in order and the Members will please be in their seats. Members and guests are asked to refrain from starting their laptops, turn off all cell phones and pagers, and rise for the invocation and the Pledge of Allegiance. We shall be led in prayer today by Colonel Retired Randy Harrison."

Col. Retired Harrison: "Lord, hear our thanks. Lord, sooner or later we all reflect on our lives. During this reflection, we recognize the goodness and blessings You have so lovingly bestowed upon us, Your humble servants. As we enjoy this beautiful winter, cold day, we can only thank You for providing us this world to thrive in. Thank You, Lord, for creating us in Your image. You have given us unique gifts. We are humbly grateful for the ability to think, to reason, to laugh, to cry, to have compassion for each other, to love, and to know right from wrong. But most of all, Lord, thank You for giving us the opportunity to be Your children. We will work hard to use Your gifts in a positive manner and to lead our lives as You have guided us. Thank You, Lord. Amen."

Speaker Hannig: "And, Representative Harris, would you lead us in the Pledge."

Harris - et al: "I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all."

Speaker Hannig: "Representative Currie, would you like to give us the excused absences?"

Speaker Turner: "And the record will so reflect. There being 105 Members present, a quorum is present. On page 3 of the Calendar, under Consideration Postponed, we have Senate Bill 490. Representative Hannig."

Hannig: "Thank you, Mr. Speaker and Members of the House. This is a Bill we debated during the Veto Session and I think there was some misunderstanding with it, and I believe that the business community has talked to a number of Members on both sides of the aisle. Senate Bill 490 is something that's agreed to by both the business community and labor and it will permit the State of Illinois to meet the terms of a recent settlement with the U. S. Department of Labor. The agreement resolves the claims. We do know that there's no dispute that all the workers who received the benefits were, in fact, certified by the Federal Government. The money that covered the agreement will ultimately come entirely from the special administrative account which is dedicated exclusively to programs administered by the Department of Employment Security. There will be no additional costs for business or labor and no strain on the GRF if we pass this Bill. So, we debated it a bit earlier. I think most of you, I hope, understand what's at stake here. We could... if we fail to pass this Bill, we could have citizens of the State of Illinois being asked to give back unemployment and we could see businesses in the State of

Illinois lose their tax credits. So, it's an important Bill. I'd be happy to answer any questions and I'd ask for your 'yes' vote."

Speaker Turner: "Representative Parke."

Parke: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. We, too, rise in support of this Bill. This is something that the business community says that is important for them to have. Otherwise, it could have an adverse effect on their unemployment insurance rates. So, therefore, we would encourage the Body to support this legislation, Senate Bill 490."

Speaker Turner: "Representative Mulligan."

Mulligan: "Thank you, Mr. Speaker. Will the Sponsor yield?"

Speaker Turner: "He indicates he will."

Mulligan: "Representative Hannig, my understanding is that the \$7.7 million is not going back to the Federal Government but that it will be used here in Illinois?"

Hannig: "That's correct."

Mulligan: "I had a discussion after the Bill went down with the department and they pretty much answered all the questions that I had. My only concern is that they have redone how they're working... paying these benefits, which I think is a good thing. They... they weren't particularly correct, supposedly they're right now in compliance with how they should be doing it. My concern was that they had a problem to begin with, but my understanding is that the money will go back. I do not think that because they did not do the job right originally that employers should have had to pay for this. But I'm glad that we've resolved the differences and

that we'll move forward and that the money still will be used here in Illinois. So, thank you. I'm going to support it now."

Speaker Turner: "Seeing no further questions, Representative Hannig."

Hannig: "I just ask for a 'yes' vote."

some property that formerly had been used by Hines. So, we have a remarkable community, a remarkable area wherein medical services are available all within a very small geographic compass. This Bill would say that if, and only if, Madden were determined not to be used... useful to the state any longer or the secretary of the Department of Human Services to say we don't need this property any more then Loyola University would be in a position to be the first offerer to buy that property at fair market value. So, the whole point would be to retain this area, this geographic area, as a place where important medical services are made available to the community. I know of no opposition. I would be happy to answer your questions and I would appreciate your support for this Bill on Third Reading."

Speaker Turner: "Representative Bellock."

Bellock: "Thank you very much. Will the speaker yield... Sponsor yield?"

Speaker Turner: "Representative Currie."

Bellock: "Thank you. Thank you, Representative Currie. I know we discussed this before but I just wanted to make sure, because there was a concern of the advocates, that this would not be closing the Madden Mental Health Center."

Currie: "Not at all. And the language makes it perfectly clear that there is no effort to shut down Madden in this Bill. It's only if ever, if ever, the state were to say the state doesn't want Madden any more then Loyola would have the right of first refusal. So, nothing in the language suggests that the state should divest itself of Madden, nothing in the language encourages the state to do that."
