SECTION 2. LEGISLATIVE COMPOSITION

Immediately following each decennial redistricting, the General Assembly by law shall divide the Senatorial Districts as equally as possible into three groups. Senators from one group shall be elected for terms of four years, four years and two years; Senators from the second group, for terms of four years, two years and four years; and Senators from the third group, for terms of two

years, four years and four years. The Senatorial Districts in each group shall be distributed substantially equally over the State.

(b)One Representative shall be elected from each Representative District for a term of two years.

(c)To be eligible to serve as a member of the General Assembly, a person must be a United States citizen, at least 21 years old, and for the two years preceding his election or appointment a resident of the district which he is to represent. In the general election following a redistricting, a candidate for the General Assembly may be elected from any district which contains a part of the district in which he resided at the time of the redistricting and reelected if a resident of the new district he represents for 18 months prior to reelection.

(d)Within thirty days after a vacancy occurs, it shall be filled by appointment as provided by law. If the vacancy is in a Senatorial office with more than twenty-eight months remaining in the term, the appointed Senator shall serve until the next general election, at which time a Senator shall be elected to serve for the remainder of the term. If the vacancy is in a Representative office or in any other Senatorial office, the appointment shall be for the remainder of the term. An appointee to fill a vacancy shall be a member of the same political party as the person he succeeds.

(e)No member of the General Assembly shall receive compensation as a public officer or employee from any other governmental entity for time during which he is in

No member of the General Assembly during the term for which he was elected or appointed shall be appointed to a public office which shall have been created or the compensation for which shall have been increased by the General Assembly during that term.

SECTION 3. LEGISLATIVE REDISTRICTING

(a) Senatorial Districts shall be compact, contiguous and substantially equal in population. Representative Districts shall be compact, contiguous, and substantially equal in population. A Representative District need not be entirely within a single Senatorial District.

(b) By April 15 of the year following each Federal decennial census year, the State Board of Elections, by a record vote of a majority of the total number of members authorized by law as provided in Section 5 of Article III, shall designate a computer program for redistricting the Senate and House of Representatives that meets the requirements of this Section. The designation shall include detailed specifications of the computer program. Any computer program designated by the State Board of Elections under this Section shall embody the following standards and criteria, as defined by Common Law, in this order of priority:

- (1) contiguity;
- (2) substantial equality of population;
- (3) compactness;
- (4) minimization of the number of districts that cross county or municipal boundaries; and

(5) a fair reflection of minority voting strength.

Any computer program designated by the State Board of Elections under this Section shall not consider the following data:

- (1) residency of incumbent legislators;
- (2) political affiliations of registered voters;
- (3) previous election results; and

(4) demographic information not required to be used by this Section or by the United States Constitution or federal law. Except as specified in this Section, the computer program shall produce districts in a random manner.

The Senate, by resolution adopted by a record vote of three-fifths of the members elected, may by June 15 of that year designate a different computer program for redistricting the Senate. The House of Representatives, by a resolution adopted by a record vote of three-fifths of the members elected, may by June 15 of that year designate a different computer program for redistricting the House of Representatives.

(c) In the year following each Federal decennial census year, (i) the Senate, by resolution adopted by a record vote of three-fifths of the members elected, shall redistrict the Senatorial Districts and (ii) the House of Representatives, by resolution adopted by a record vote of three-fifths of the members elected, shall redistrict the Representative Districts. Each adopted redistricting resolution shall be filed with the Secretary of State by the presiding officer of the house that adopted the resolution.

- (d) If a Senatorial or Representative redistricting resolution is not adopted and effective by June 15 of that year, the State Board of Elections, as soon thereafter as is practicable, shall produce a Senatorial or Representative redistricting plan, or both as the case may be, through the use of the computer program designated by the affected chamber, if it made a designation under subsection (b), or else through the use of the computer program designated by the State Board of Elections under that subsection. The State Board of Elections shall file the redistricting plan with the Secretary of State.
- (e) A redistricting plan, adopted by redistricting resolution or produced by the State Board of Elections, that is filed with the Secretary of State shall be presumed valid, shall have the same force and effect as a law, and shall be published promptly by the Secretary of State.
- (f) The Supreme Court shall have original and exclusive jurisdiction over actions concerning redistricting the House and Senate.
