- Reverend Savidis: "Let us pray. Ever present God, thank You for this opportunity to be here amongst this distinguished group of Leaders. Thank You for the gifts and the talents that You have given them and for their willingness to use their time and commitment to benefit the residents of this state through them. Now, as they gather for this Session, may they remember that You are present and You are the giver of their gifts. As such, may they lean on You for their wisdom and for their guidance as they make their decisions. May they empty themselves of self and allow themselves to be filled with You that personal agendas might be replaced by larger visions and preconceived notions replaced by open minds. May Your will indeed be done through each of these Representatives as they carry out the work You have called them to do here in this place and at this time, Amen."

For one example, every minute of delay reduces the chance of survival about 10 percent. So, we're thankful for all our first responders, but this Air Flight has made it even a better and more probable positive outcome. So, we want to thank them for being here today."

We are honored today to have a special guest, the Consul General of the People's Republic of China, who serves the... this portion of... of the United States of America. He's stationed in Chicago. He's happy to join us today. I expressed to the Consul General that we're pleased at his attendance and that many of us have people in our districts that came from China. I, myself, have many thousands of people in my district from China. And so, without further ado, I'm proud to introduce to you the Consul General of the People's Republic of China, Zhao Weiping."

Consul General Weiping: "Thank you. Thank you, Mr. Speaker. Thank you, Honorable Members of the House of Representatives. It is my great honor to visit the House of Representatives of the

46th Legislative Day

5/13/2015

State of Illinois at the kind invitation of Honorable Speaker Madigan. First, on behalf of the China Consul General... General in Chicago, I wish to extend to you our warm greetings and best wishes. As China's Consul General to Chicago, I feel proud to have the opportunity of serving the mutually beneficial relationship between China and the great State of Illinois. China has always attached good importance to deepen the exchanges in cooperation with Illinois. Since the turn of the new century, two Presidents of China, President Jiang Zemin and President Hu Jintao visited Illinois respectively in 2002 and 2011. Our financial ties in areas of trade and economic cooperation, education and culture have grown closer with the passage of time. Now, China is the third largest export market for Illinois and a major buyer of Illinois machinery, agricultural products, transportation equipment, chemicals, computer, and electronic products. Illinois, as an increasingly popular destination for Chinese investments, has become a new home to nearly 60 Chinese companies. About one... about 15 thousand Chinese students are studying in Illinois universities, making up the largest students in the national student group in the states. Last year, more than 120 thousand Chinese tourists visited Illinois. This year marks the 30th anniversary of the first visit to China by Governor James Thompson. Governor Thompson, as the first Governor of Illinois who visited China since the establishment of China's U.S. and diplomatic ties was indeed a visionary in opening up the process of Illinois cooperation with China. However, Governor Thompson may not have foreseen the depths and closeness of China-Illinois relationship today. Looking to

46th Legislative Day

5/13/2015

the future, China-Illinois relationship will certainly enjoy even greater developments. I'm commenting on this because China's economy will continue to enjoy a medium to high growth for a very long time as China is seeing reforms in a comprehensive way, which will, as a result, bring more opportunity for economic cooperation in China and Illinois. I'm commenting in this also because our two countries are working together to build a new type of major country relationship featuring no conflict, no confrontation, mutual respect and win-win cooperation, which will ensure our favorable political atmosphere for the development relations within China and various U.S. states. The first visit to the U.S. by Chinese President Xi Jinping this September will for sure give great new impetus to the mutually beneficial cooperation between our two countries and open a new chapter for the development of China-U.S. relations. I'm commenting in this also because the state government Legislature as well as various communities of Illinois, have always been supportive of Illinois-China relationship. Since his inauguration, Governor Rauner has expressed his hope to several Illinois-China cooperation on many occasions, which I'm deeply appreciative of. I hope and believe that the House of Representatives of Illinois will continue to play an active role in promoting the friendly exchanges and mutually beneficial collaboration between Illinois and China. closing, I wish the State of Illinois even greater prosperity and China-Illinois relationship even more promising future. Thank you."

- Speaker Lang: "The Consul General will take photos down here next to the press box and the cameraman will come up. If you want to greet the Consul General, he'd be happy to talk to you. House Resolution 446. This has already been adopted. The Chair recognizes Representative Welch. Mr. Clerk, will you read an appropriate part of the Resolution, please?"
- Clerk Hollman: "Be it RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-NINTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS that we congratulate the St. Joseph High School boys' basketball team, the Chargers, on winning the 2015 Illinois High School Association Class 3A Championship and wish them many more years of success."

Speaker Lang: "Mr. Welch."

- Welch: "Thank you, Mr. Speaker. Standing behind me in the gallery is the distinguished championship team from St. Joseph's High School in Westchester, Illinois. Led by legendary Coach Gene Pingatore, the Chargers won their second state championship this year. St. Joe's is the alma mater of many basketball greats including: Isiah Thomas, Kevin Turner, who's the nephew of State Representative Camille Lilly, and actually, basketball legend himself Senator Michael Connelly. When news media often focuses on the negative, I think it was great and important that the House of Representatives focus on the positive of achievements of these fine young men and their legendary coach. And I ask the House of Representatives to please give the St. Joseph High School Chargers a round of applause."
- Speaker Lang: "Congratulations, guys. We're happy you're here with us. Mr. Mitchell."

Mitchell, C.: "Thank you, Mr. Speaker. To the Resolution. I want to say congratulations to my alma mater. I'm class of '04 from St. Joseph High School. I'm over here. Really, really grateful to all of you coming down here, extremely proud of Coach Pingatore. Who's been a great friend for a number of years. It's often said, of sports teams when they win in high school, that this is... these are the greatest moments of your lives. But because of how much St. Joseph focuses, not just on making great basketball players but on making great men, this is just the beginning of your success. We are all very, very proud of you. Congratulations on your success and we wish you the very best. God bless you guys."

Speaker Lang: "Representative Lilly."

Lilly: "Thank you, Mr. Speaker. To the Resolution. I, too, am here to stand to congratulate this year's Illinois high school association Class 3 championship team, St. Joseph's High School. With a record ending, 29 wins, 6 losses, they are the champion. As a fan for over 30 years of St. Joe's watching all these young men, successful in their basketball careers as well as their life dream, I am standing to recognize them as they continue to do all the good things on behalf of their community and their great high school. Can we all stand and give St. Joe's High School another round of applause? Go Chargers."

Speaker Lang: "Thank you. And thanks for being here with us. Congratulations. This Resolution has already been adopted. Thank you. Page 11 of the Calendar, under the Order of Agreed Resolutions, there appears House Resolution 61, Mr. Cabello. Mr. Clerk."

Clerk Bolin: "House Resolution 61.

Be it RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-NINTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS that we honor Illinois State Police Director Hiram Grau and thank him for his service to the State of Illinois."

Speaker Lang: "Mr. Cabello."

"Thank you, Mr. Speaker. Ladies and Gentlemen of the Cabello: House, we have an honored guest with us today. It's the retired State Police director. Director Grau renewed the Illinois State Police efforts in investigation of cold cases. Under his leadership, one of the oldest cold cases in American history, the 1957 murder of Maria Ridulph was solved. In addition, the Illinois State Police eliminated the backlog of old Section 20 sexual assault cases. Prior to becoming the director of the Illinois State Police, Director Grau was Deputy Chief of the Cook County Sheriff's... Attorney's Office of investigations bureau, where he oversaw the narcotics special and municipal investigations division. He has spent his entire career in law enforcement, 28 of those years with the Chicago Police Department. Ladies and Gentlemen, I have gotten to personally know Director Grau on several of the things that we were trying to work on down here, and he is a man of integrity; he's a man of honor. He brought the State Police into a new direction and we thank you very much for your service. We thank your men and women of the Illinois State Police for all they do. And you changed the State Police for generations to come, Sir. I'm proud to know you. I'm proud to call you friend. We wish you well on your new endeavors."

Speaker Lang: "Congratulations. Mr. Acevedo."

46th Legislative Day

5/13/2015

Acevedo: "Thank you, Mr. Speaker. I rise on a point of personal privilege."

Speaker Lang: "Proceed."

"I, too, like to congratulate Hiram Grau. He's... Hiram was born in Puerto Rico. He grew up on Grant and Ogden Avenue in the Patch neighborhood of Chicago. He graduated from Holy Trinity High School which is my alumni as well. Before taking the police exam and beginning an exemplary career, Hiram knows a thing or two about rights after spending nearly 30 years in law enforcement. He spent much of his career working at a commanding gang unit ... investigation units in the Chicago Police Department. Before his appointment to the Illinois State Police director, Hiram served as Deputy Chief of Investigations for Cook County State's Attorney. Previously, he served 27 years in the Chicago Police Department working his way from beat cop to Deputy Superintendent of the Bureau of Investigation Services. In addition to receiving numerous law enforcement commendations and management training certifications, Hiram served in Vietnam as a member of the famed Army 101st Airborne Division. As a commander, he did an excellent job in working with the police officers under his command. You see, folks, it takes a special individual to be a leader, especially a police commander. You have to really get to know your troops. You have to really get to... to like you and work long... side by side with them. And Hiram was that ... that kind of an individual. He led his troops by example. The more you... the more you're respected by your troops, the better the job is done. And Hiram did just that. He did a great job in the Chicago Police Department. He did a great job for the

46th Legislative Day

5/13/2015

state's attorney. And he did a wonderful job for the Illinois State Police director and Hilam... Hiram you will be sorely missed. Thank you for your dedication."

Speaker Lang: "Thank you, Sir. Those in favor of the Resolution say 'yes'; opposed 'no'. The 'ayes' have it. And the Resolution is adopted. House Resolution 448, Mr. Phelps. Please proceed... Mr. Clerk."

Clerk Hollman: "House Resolution 448, offered by Representative Phelps.

Be it RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-NINTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS that we congratulate Elry Faulkner on his retirement as Johnson County Sheriff and wish him the best in all his future endeavors."

Speaker Lang: "Mr. Phelps."

Phelps: "Thank you, Mr. Speaker. Can I have some attention, please? Thank you, Mr. Speaker. Ladies and Gentlemen of the House, I'm very honored today to bring a gentleman up to Springfield that back home needs no introduction. Also, here today with Sheriff Faulkner, that truly deserves our... our attention and respect. In the Speaker's Gallery, I have with us today, Sheriff Elry Faulkner and his family from Ozark, Illinois, in Johnson County in the 118th District. Let's give him a round of applause. I'll tell you why he's here. We are honoring Sheriff Faulkner today because he's retiring as the longest serving sheriff in the history of Illinois. Forty years. Forty-six years in law enforcement, forty years as the longest serving sheriff in the history of Illinois. As a kid, him and his friends would play cowboys and Indians but he

46th Legislative Day

5/13/2015

wanted to be the sheriff and run after all the bad guys. He's... his first day on the job, as sheriff of Johnson County, he solved 14 burglaries, first day on the job. I can go on and on and on and tell you story after story about our good Sheriff Elry Faulkner. He's been shot at. He's been ran over. And he probably knows the name of every man, woman and child in Johnson County. He lived his life in a simple outlook and I'll quote, 'A little determination, a little good luck, and an absolute faith in God will get you through.' He also, if you know him, has a... on his dashboard in the car, he has a Bible verse. Joshua 1:9, Be strong and courageous; do not be afraid or discouraged, for the Lord your God, is with you wherever you go. Sheriff Faulkner, let me just tell you, you're more respected than you'll ever know. It's our loss, but it's going to be you family's gain. Hope you enjoy your retirement. You certainly deserve it. God speed, my friend. Thank you, Sheriff Faulkner."

Speaker Lang: "Mr. Bradley."

Bradley: "I would just like to reiterate what Representative Phelps said on behalf of the people of southern Illinois and the sheriffs here today and the folks that I represent. I've had the opportunity to deal with Elry professionally and personally. He's a gentleman. He's a great asset to our communities and I second the remarks of Brandon Phelps and say congratulations and God bless, sheriff."

Speaker Lang: "Mr. Poe."

Poe: "Point of personal privilege."

Speaker Lang: "On the Resolution, Sir?"

Poe: "No."

46th Legislative Day

5/13/2015

Speaker Lang: "All right, Sir. We'll get right back to you."

Poe: "Never mind. I'm sorry."

Bryant: "No, Sir."

Speaker Lang: "Representative Hammond, on the Resolution. Those in favor of the Resolution will say 'yes'; opposed 'no'. The 'ayes' have it. The Resolution is adopted. Now, we can go to Mr. Poe."

Poe: "Yeah, Mr. Speaker. Point of personal privilege."

Speaker Lang: "Proceed."

Poe: "We've been honoring a longtime sheriff and in Sangamon County, we're very fortunate to have a new sheriff in town. And so, after many years of the same sheriff, we elected Wes Barr, who's up here. And we're quite happy to welcome him aboard. And we're sure that he's going to do a great job and thanks for coming over. Give him a big round of applause."

Speaker Lang: "Welcome aboard. Congratulations. Representative Bryant."

Bryant: "Thank you, Mr. Speaker. A point of personal privilege." Speaker Lang: "Go right ahead."

Bryant: "In the gallery, on my left, is the sheriff of Jefferson County, Travis Allen. Travis is one of the youngest sheriffs in Illinois. And he and I have been able to work in a very bipartisan manner to make sure that Jefferson County is a safe place for... for all of our residents. So, I stand this morning to just honor my sheriff, Travis Allen."

Speaker Lang: "Congratulations. Representative Hammond."

Hammond: "Thank you, Mr. Speaker. Point of personal privilege." Speaker Lang: "Go ahead."

46th Legislative Day

5/13/2015

Hammond: "Joining us to, not only honor Sheriff Faulkner, but all... a lot of other sheriffs here with us this afternoon, is one of my eight favorite sheriffs and that is the sheriff of my home county, McDonough County Sheriff Rick VanBrooker. Thanks for being here."

Speaker Lang: "Welcome, sheriff. Mr. Unes."

Unes: "Thank you, Mr. Speaker. Point of personal privilege."

Speaker Lang: "Please proceed."

Unes: "Mr. Speaker, we have a lot of great sheriffs from all across the state with us this afternoon. And I'd like to recognize one of the sheriffs from the Peoria area, from Tazewell County, Sheriff Bob Huston. If you would please rise and be recognized. Bob, welcome to Springfield. Mr... Also, Mr. Speaker, on another point of personal privilege, there's a group from Fulton County with us today visiting the Capitol and it's the Spoon River Partnership Coalition Group. Two of them, Kevin Stevenson and Chuck Taylor are directly behind the gallery. If they would please rise and be recognized. There's some others that are joining them also here in Springfield today and we welcome them to the... the Capitol and welcome them to Springfield. Thank you."

Speaker Lang: "Welcome. Mr. Davis."

Davis, W.: "Thank you very much, Mr. Speaker. I just would like to welcome my family to Springfield today, and my wife Jaclin, who's sitting back there talking to Representative Golar. And on the screen you see the Assistant State Representative, this is my daughter Jana. She wanted to say 'hi' to everybody."

Jana Davis: "Hi."

5/13/2015

Speaker Lang: "Hello. Glad you're here with us today. Mr. Hays."

Hays: "Thank you, Mr. Speaker. Point of personal privilege."

Speaker Lang: "Proceed, Sir."

Hays: "I would like to welcome the sheriff of my home county, Sheriff Pat Hartshorn. Sheriff, welcome Sheriff Hartshorn as the past President of the Illinois Sheriff's Association and has served for more than two decades with distinction and has lent his thoughtful insight and perspective on a variety of law enforcement issues here in Springfield. Sheriff, thank you for all that you do to keep our families safe. We appreciate it."

Speaker Lang: "Thank you, Mr. Hays. Mr. Bennett is recognized."

Bennett: "Thank you, Mr. Chairman. A point of personal privilege, please."

Speaker Lang: "Go right ahead."

Bennett: "I'd also like to recognize another sheriff from our district, Livingston County, Sheriff Tony Childress is here today. Tony, if you'd please stand, if you would. Thank you very much. We have..."

Speaker Lang: "Happy you're with us today. Mr. Evans."

Evans: "Point of personal privilege, please."

Speaker Lang: "Go ahead, Sir."

Evans: "Ladies and Gentlemen, last year nearly 67 thousand Illinois residents heard the words, you have cancer and over 25 thousand lost their lives to this disease, unfortunately. Cancer is a disease has touched families across the United States and as public officials, people are watching and it's important to show them they're not alone in the fight, that everyone has family. I urge you to participate tomorrow in

46th Legislative Day

5/13/2015

the American Cancer Society Cancer Action Network's Suits and Sneakers Day at the Capitol, tomorrow, this Thursday, May 14. So, if you brought your sneakers down, please wear your sneakers tomorrow as we stand with those who are fight for cancer. This Thursday I'll be wearing my sneakers with my suit to show my support of the American Cancer Society and the Cancer Action Network in efforts to fight this disease. Please join me in the rotunda, if you can, at 1:30 p.m. for a rally and group photos. Thank you and appreciate your support."

Speaker Lang: "Thank you, Sir. Mr. Phelps."

Phelps: "Point of personal privilege."

Speaker Lang: "Proceed."

Phelps: "I swear Representative Bradley and I are not getting ready to sing a duet. So, what we wanted to do, beside Sheriff Faulkner, we wanted to introduce and honor our sheriffs for our district. I have from Saline County Sheriff Keith Brown and from Hamilton County that John and I share, Sheriff Robert Crow."

Bradley: "And from Williamson County Sheriff Bennie Vick and from Franklin County Sheriff Donnie Jones. Let's give them a round of applause."

Speaker Lang: "Welcome. Representative Ives."

Ives: "Thank you. Mr. Speaker, Resolution 427 recognizes the Benet Girls Basketball Team and please, all eyes up to the gallery, as there they stand, all 14 members, for... in their marvelous accomplishment as the 4A Girls Basketball State Champion. These... these girls have a remarkable record. They began their season unranked. They won 18 consecutive games including the

46th Legislative Day

5/13/2015

championship of three tournaments. Their final record was 34 to 3 and that included wins over five opponents that were ranked in the top 10. This is truly a comeback season. On top of it, the 2014-2015 Lady Redwings are the winningest basketball team in Benet history, boys or girls. This year's team is only the second Benet girls' basketball team to ever get downstate and the first girls' basketball team to win state. And they are... this year Benet became one of only two schools in Illinois history to win both girls volleyball and basketball state championships in the same year. So, today we welcome with great pride, Head Coach Joe Kilbride; his assistants, Kelsey Stone and John Corrigan, and then the women themselves. Seniors: Morgan Thomalla, Emma Hlavin, Emily Schramek, Emily Eshoo, Colleen Pfister. And we have juniors: Kathleen Doyle, Sarni Valentine, Maddie Bozych, Megan Will, Elise Stout, Sydney Stephens and sophomores: Emma Lyne, Kendal Schramek, and Katie Jaseckas. So, welcome, girls. We're so proud of your accomplishments. Thank you for making our district proud."

Speaker Lang: "Congratulations. Welcome. This Resolution has already been adopted. Representative Wehrli."

Wehrli: "To the... to the Resolution, Mr. Speaker."

Speaker Lang: "Proceed, Sir."

Wehrli: "I, too, stand and congratulate the Benet Redwings. They have a long history of academic and athletic excellence. You've done Benet Academy proud. I'm glad to have had brothers and sisters go there... or brothers go there. After my brothers went there, they wouldn't let me in. So, I wish I could have gone to Benet. Congratulations, you done Benet proud."

5/13/2015

Speaker Lang: "Mr. Brady."

Brady: "Thank you very much, Mr. Speaker. A point of personal privilege."

Speaker Lang: "Proceed, Sir."

Brady: "I, too, just wanted to say thank you to all the sheriffs that are here from across the State of Illinois and thank them for their service to all of us across the state and in particular, my county, McLean County, who I worked with when I was county coroner, Sheriff Jon Sandage. If he'd stand up, he's over here to my left. Sheriff, thank you for your service and to all of your colleagues, thank you. And Sheriff Tony from Livingston County, as well. Thank you."

Speaker Lang: "Welcome. Glad you're with us today. Mr. Unes."

Unes: "Thank you, Mr. Speaker. Point of personal privilege."

Speaker Lang: "Go ahead, Sir."

Unes: "Mr. Speaker, Representative Hammond and I both rise to give a special welcome to another sheriff that's in town today from Fulton County, Sheriff Jeff Standard. Sheriff, if you would please rise and be recognized and welcome to Springfield."

Speaker Lang: "Welcome. Representative McAsey."

McAsey: "Thank you, Mr. Speaker. I also rise on a point of personal privilege."

Speaker Lang: "Please proceed."

McAsey: "Thank you. I also stand to congratulate the Benet High School basketball champs, but also to acknowledge a special guest who is with us in the gallery. Supreme Court Justice Tom Kilbride has joined us to congratulate and to cheer on the Benet High School team and especially, his brother Coach

46th Legislative Day

5/13/2015

Joe Kilbride. Congratulations to all of the team members, the coach, and welcome to Justice Kilbride in the gallery behind us."

Speaker Lang: "Thank you, Representative. Mr. Dunkin."

Dunkin: "Thank you, Mr. Speaker. A point of personal privilege." Speaker Lang: "Proceed."

Dunkin: "Ladies and Gentlemen, I'd like to recognize the... a lot of first time visitors. It's the illustrious students and alumni from the Noble Charter School Network. Their first time here in Springfield. Welcome."

Speaker Lang: "Welcome to the House chamber. Mr. Phillips."

Phillips: "Point of personal privilege."

Speaker Lang: "Proceed, Sir."

Phillips: "Thank you very much. In the sheriff's section over here to our left, Bill, would you stand up? This is one of my sheriffs in my county, Bill Rutan, just recently elected to the sheriff's post in Crawford County. Thank you for coming to Springfield, Bill."

Speaker Lang: "Thank you, Representative. Welcome to Springfield, sheriff. Representative Bellock."

Bellock: "Thank you very much, Mr. Speaker. A point of personal privilege."

Speaker Lang: "Proceed, please."

Bellock: "I was just speaking to the Resolution 'cause I think the Benet girls are still up there. I just wanted to congratulate them. I'm a Benet mom myself of a state champion tennis player. So, I wanted to congratulate them on one of the finest school's in Illinois. Thank you."

46th Legislative Day

5/13/2015

Speaker Lang: "Thank you, Representative. House Resolution 458, Mr. Sosnowski. Mr. Clerk."

Clerk Bolin: "House Resolution 458.

Be it RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-NINTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS that we congratulate Duane E. Wirth on his retirement as Boone County Sheriff and wish him the best in all his future endeavors."

Speaker Lang: "Mr. Sosnowski."

Sosnowski: "Thank you very much, Mr. Speaker. As Representative Phelps announced just a little bit ago, he had a sheriff that served 40 years and while our sheriff of Boone County is at 36 years, we tried to encourage him to maybe go for a couple more terms. He's up in the Speaker's Gallery with us. And as you could tell, he doesn't look a day over 50, so he definitely had a couple more years left in him. But I can just tell you very briefly, while he's the second longest serving sheriff in the state, he began in 1971 which is just a handful of years before I was born. And to a testament to his ability and how well he ran his department, even though we have lost an unbelievable civil servant and somebody who dedicated many years to our county, the folks and the gentleman the ladies that have succeeded him and the new sheriff, are of excellent caliber. He left the department in impeccable shape with excellent individuals there to run it for our county. And it's just a testament to how well he did in forming a team and running an organization. When he first got elected, his office started at 12 full-time deputies and it ended up with just over 30. And dispatch in the day used

46th Legislative Day

5/13/2015

to be just a desktop radio, I was told and he, of course, transformed that into a full-fledged 911 center. And he has just done just an unbelievable job for our county. And obviously, anybody in that position that we can all understand the hours and days that he must spend is definitely a sacrifice, not just for him but for his family, especially his wife Diane who is in the gallery with him today. We just thank you Diane and family for letting you... or letting us have your husband and father and family member to serve our county so ver... so very long. Thank you for all your years of service, Sheriff Wirth. And please, I ask the Assembly to please let's give him a warm thank you from the General Assembly here."

Speaker Lang: "Thank you, sheriff, and thank you for your service.

Mr. Sosnowski moves for the adoption of the Resolution. Those
in favor say 'yes'; opposed 'no'. The 'ayes' have it. And the
Resolution is adopted. Ladies and Gentlemen, we're about to
do a Death Resolution. Can we hold the noise down in the
chamber? House Resolution 469, Mr. Bennett. Mr. Clerk, please
read the Resolution."

Clerk Bolin: "House Resolution 469.

Be it RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-NINTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS that we join the Paxton community in celebrating the life of Clayton Hale and the renaming of the walking bridge in his memory."

Speaker Lang: "Mr. Bennett."

Bennett: "Thank you, Mr. Speaker. To Members of this House, this Resolution is for Clayton Hale, an exceptional young man who

46th Legislative Day

5/13/2015

at the young age of 26 recently passed away from cancer of the brain. Although he had suffered much in a variety of ways, he was inspirational. He demonstrated an amazing courage, had a tremendous attitude that was very upbeat. Clayton never knew a stranger. He always had a smile for others. He never complained and never got down. He was just very likable in so many ways. He often liked to go to a local bridge in Paxton, Illinois and there watch the trains go by. The residents of Paxton plan to name the bridge after him as noted in the Resolution here. He touched many lives in his community in a very positive way and left a wonderful legacy to his family and to his community. His parents are with us this morning, Larry and Diane Hale. May I please ask for a moment of silence?"

- Speaker Lang: "Thank you. Those in favor of the Resolution will say 'yes'; opposed 'no'. The 'ayes' have it. And the Resolution is adopted. You may be seated, Members. House Bills-Second Reading, page 5 of the Calendar, there appears House Bill 4141. Mr. Clerk, please read the Bill."
- Clerk Hollman: "House Bill 4141, a Bill for an Act making appropriations. This Bill was read a second time on a previous day. Floor Amendments 1 lost, previously. Floor Amendments 2, 3, 4, 5, 6, 7, 8 and 9 were adopted, previously. Floor Amendments 10, 11, 12, 13, 14, 15 and 16 are approved for consideration. Floor Amendment #10 is offered by Representative Greg Harris."

Speaker Lang: "Mr. Harris."

Harris, G.: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. If you remember, we were in consideration of some of

46th Legislative Day

5/13/2015

these items when we had to recess for the House and Senate softball game. This Amendment deals with the home services program and it provides an increase in money to the home services program for persons with disabilities. It does not have restrictions on DON score or any other eligibility considerations. This is a very important program to keep people in their homes for persons with disabilities. It also provides services that are necessary for us to comply with our obligations under the Ligas Consent Decree to move persons from institutions into community-based settings. I would be happy to answer any questions."

Speaker Lang: "Mr. Sandack."

Sandack: "Thank you, Mr. Speaker. Will the Sponsor yield?"

Speaker Lang: "Sponsor yields."

Sandack: "Representative Harris, since we are resuming the process, I guess, picking it up from last week, has there been an intervening opportunity to meet. The Human Services Appropriation Committee has it met?"

Harris, G.: "We've met. We went through other departments. We did not meet on this particular issue."

Sandack: "You met once in the interim?"

Harris, G.: "That's my recollection."

Sandack: "And you went through other aspects of the budget?"

Harris, G.: "Yes."

Sandack: "Is there a reason why you didn't go through this portion, this program?"

Harris, G.: "Because we started... We went through in the traditional way our committee has done it over the years. We've gone in the same order as we always have."

46th Legislative Day

5/13/2015

- Sandack: "Well, the traditional way would be the best way because you mentioned in your opening statement this is a very important program and I think almost everyone here, if not everyone, would agree with that. Shouldn't a very important program go through the traditional steps of vetting the budget in the… in the traditional manner?"
- Harris, G.: "There are a number of ways to go about it, Representative. You asked what we did in committee. I told you. We're asking for the full House to consider these programs, which are really very important priority programs, for the people of Illinois and each and every one of us really has... should have an opportunity to express our support or lack thereof for supports for people with disabilities."
- Sandack: "Well, there always is that opportunity through the traditional process. Do you anticipate, other than the other five or so Amendments coming on HB4141, do you anticipate other aspects of the budget going through this process?"
- Harris, G.: "These are the only ones I have right now."
- Sandack: "Do you anticipate was the question? Do you anticipate doing this down the line?"
- Harris, G.: "I don't have any others in the pipeline right now, so that's what I can tell you."
- Sandack: "Thank you. To the Amendment, Mr. Speaker. As a reminder to my colleagues, the tortured process or lack of process obviously continues. It is a disservice to the people of the State of Illinois to go through this sham of a budget. We don't have an appropriations number. This Bill, in its entirety, all the Amendments, haven't been vetted by the committee even though the committee is meeting. So, they're

46th Legislative Day

5/13/2015

meeting on things but not... this isn't important enough to get the participation buy-in and thoughts from all committee members. I'm going to suggest to my colleagues that a 'present' vote is appropriate. Thank you, Mr. Speaker."

Speaker Lang: "Mr. Davis."

Davis, W.: "Thank you very much, Mr. Speaker. Will the Sponsor yield?"

Speaker Lang: "Sponsor yields."

- Davis, W.: "Representative, in your opening you talked about how passing this piece of legislation is important because it allows for us to help people stay in their home, presumably to help reduce some state costs associated with that. Would that be a correct statement?"
- Harris, G.: "Absolutely, Representative. As we all know, if you keep people in their homes and out of, you know, higher cost institutions, we can provide services to far more people than we could in an institutional settings. Plus, people just prefer to live in their own homes, live in the community, stay active and involved and have a much higher quality of life."
- Davis, W.: "So, can you speak to what possibly range... what some of the increased costs will be if we don't pass a piece of legislation like this?"
- Harris, G.: "In this case, we would find ourselves in violation of the Ligas Consent Decree from moving people out of state institutions. Plus, I believe, 10 thousand individuals who are people with disabilities who are living in our communities now who are working, going about their daily lives, would

46th Legislative Day

5/13/2015

- lose their homes and have to move into institutes. So, this would affect 10 thousand and some people statewide."
- Davis, W.: "Okay. So, passage of this is, to some degree, predicated on the fact that we are federally mandated to do some of these things, correct?"
- Harris, G.: "Well, absolutely. And it also allows 10 thousand people to function, go about their work, raise their families and they would lose those supports and I'm not sure what their options would be if we did not pass this Amendment."
- Davis, W.: "Since your Approp. Committee has been meeting, how many times would you say an issue like this has been discussed?"
- Harris, G.: "We've spent hours and hours over sever occasions discussing this and, you know, all the items that we'll have on the board today."
- Davis, W.: "So, some of the assertions being made about this, no conversation on this, are just absolutely false, correct?"
- Harris, G.: "There have been a lot of conversations, a lot of hours spent, Representative, of good conversation."
- Davis, W.: "Thank you very much."
- Speaker Lang: "Mr. Sullivan."
- Sullivan: "Thank you, Mr. Speaker. To the Amendment. My side of the aisle has really not been engaged in this because this is all brought up very quickly, not very well put together. Quite frankly, these Amendments aren't worth the paper they're written on. And why do I think they're not worth the paper they're written on? Because last week we stopped suddenly. Why did we stop suddenly you ask? Well, the Gentleman just said we stopped suddenly to go to a softball game. Man, that

46th Legislative Day

5/13/2015

was a lot of fun. Unfortunately, I didn't go to it because I thought we had bigger things to do in this chamber. But we stopped to go to a softball game. Ladies and Gentlemen, this process is terrible. It is unbelievable. And it was explained just by the Gentleman who I have deep respect for and I'm sure he was ordered to stand down to go to the softball game. That's great. That's wonderful. Let's continue on with these five more Amendments that will never become law, never become law. This process is starting to become a joke just like the last budget was a joke. We all know it was a joke. It's time for us to come together. We had an election where people asked for divided government. By divided government, they meant work together and put something together that makes sense, that moves this state forward. This is terrible and unfortunately, Representative, you admitted it was terrible in your opening regards."

Speaker Lang: "Representative Bellock."

Bellock: "Thank you very much, Mr. Speaker. Will the Sponsor yield?"

Speaker Lang: "Sponsor yields."

Bellock: "So, going along with the discussion that we've already had, Representative Harris, and I know you've done your job as head of this committee but at the same time, we're heading down this road where, what is the budget number for that committee?"

Harris, G.: "Right now, we're looking at what are the budget numbers for specific areas, Representative. And this is the topic of how do we fund the home services program and there's

46th Legislative Day

5/13/2015

a proposal to provide funding to enable a better quality of life for the people it serves."

Bellock: "No. My point was what is the number that we have for the committee? Because we don't really have a number, right?" Harris, G.: "We're going through this from the bottom up. We're

building a budget as we go, as opposed to ways we've done it in other years, which is slightly different. Each year is slightly different, Representative, given our circumstances. And you and I have been in numerous comm... conversations with all four caucuses and the Governor's Office where we're still trying to come to terms with local government distributive funds and the transfers out of group insurance. So, we know that all of these numbers are in flux and will all have to be negotiated and come to a final budget agreement."

Bellock: "I guess that's what we're dealing with now. But specifically, now, what you're doing is putting... you're asking us to vote to put \$83 million more than what the Governor appropriated for this... for the home health care into the budget for this year. So, by voting on this Bill, you're voting to put that money that the Governor has said that he took away from this, the \$83 million. My concern on that, I mean, we all support home health care. There's no doubt about that. We know that that keeps people out of nursing homes. But the bottom line is we're looking at what the priorities are in this budget and we haven't had time in the Human Service budget Approp. Committee to even go over... we have not even discussed this line in that committee. So, how can we decide if that's a priority of ours and then, on the other hand, if we put this in and we get to the budget table, we

46th Legislative Day

5/13/2015

may have to make other cuts in education or in corrections or somewhere else because we've put this \$83 million back in, correct?"

Harris, G.: "Representative, you know, we had a chance to vote on the Governor's proposed budget. And if my memory serves me, zero people voted for the Governor's proposed budget. He did not get one vote for his budget. It is now our opportunity to come back and present alternatives. The alternative I'm presenting here is to provide funding for services with people... for people with disabilities. And if you support that, and it's something you value, I would urge you to vote 'yes'. If not, you know, I would vote otherwise."

Bellock: "Well, the issues are about home health care is... I would like to have a discussion about that in the Human Service Approp. Committee. And we did make some adjust... adjustments on that plan during the SMART Act. There are some issues there, so it deserves some talk and discussion in the Appropriation Committee. The other question that I have for you is, I'm not sure... well, I am sure... because if we vote on this, we don't even have a headcount. So, are we, by voting this \$83 million in, taking away the headcount? Because we don't have that into this budget yet?"

Harris, G.: "Representative, are you referring to the headcount of state employees..."

Bellock: "Yes."

Harris, G.: "...in the Human Service Department?"

Bellock: "Yes."

Harris, G.: "Yeah. This is for home-based service providers, Representative."

46th Legislative Day

5/13/2015

Bellock: "Oh, I know that. But you're taking... what I'm saying is doing it in the haphazard way that we're doing it, we don't know what the budget number is for the personnel for that department yet. And so, by putting in 83 million or any other one of these Amendments, you're moving forward and putting money in not knowing what the money is and how many we're going to have in the headcount. So, by doing this, it could be taking away jobs from that agency. Thank you very much. I appreciate it."

Speaker Lang: "Mr. Demmer."

Demmer: "Thank you, Mr. Speaker. Will the Sponsor yield?"

Speaker Lang: "Sponsor yields."

Demmer: "Representative, last week we had a similar conversation about the type of process that we're going through here today and we said time and time again what an unfortunate piecemeal process this was. We then showed up for a working group meeting the next morning, ready to talk about the budget, ready to work on the budget. And we asked if you intended to run the remainder of the Amendments on this Bill. And you said, no, you didn't intend to. So, I'm interested about what changed."

Harris, G.: "I... You asked if I intended to run them that day. No.

And here we are where I have these budget Amendments here. We always intended to complete this process."

Demmer: "So, we came to the working group ready to discuss many issues in the budget. We worked through a number of them on a line by line basis. We only have a very small fraction of the overall Human Service appropriation budgets lined... outlined here in these Amendments. My question for you is,

46th Legislative Day

- what lines do you intend for the working group to accomplish and what lines do you intend will be accomplished through Floor Amendments?"
- Harris, G.: "I think it was very clear last week that we, by mutual agreement, decided to start with some of the smaller agencies, work through those. And tomorrow morning, I think we said we would come back and discuss the Department of Children and Family Services, the Department of Aging and the Illinois Department of Public Health."
- Demmer: "So, when we discuss those agencies' budgets, will we skip over the lines that have passed through one of these Floor Amendments? Is that off the table for... in terms of the working group's discussions?"
- Harris, G.: "Certainly can discuss them, Representative. But I think, you know, the House has expressed a view as a whole, larger than just a small working committee, working in private, know what their views on some of those subjects are."
- Demmer: "Are there further Floor Amendments that you intend to file for the purposes of addressing single lines?"
- Harris, G.: "As I said to the Representative, I do not have any at this time."
- Demmer: "But we've seen how that can change from... from week to week. So, I guess my question is, when we come back for a working group tomorrow, how should we as a working group proceed in good faith negotiation knowing that there's kind of this parallel process happening with Floor Amendments, completely outside the confines of the working group?"

46th Legislative Day

5/13/2015

- Harris, G.: "Well, Representative, we have just a couple days left to craft a budget and I would say anything that helps us move along would be very worthwhile."
- Demmer: "Yeah. You know, I couldn't agree more. I think that things that help us move on a comprehensive budget really do add to that process. Unfortunately, Floor Amendments on House Bill 4141 do not help us move towards crafting a final budget, and for that reason, I think this process is flawed from the beginning."
- Speaker Lang: "Those in favor of the Gentleman's Amendment will vote 'yes'; opposed 'no'. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Please record yourselves, Members. Mr. Clerk, please take the record. On this question, there are 70 voting 'yes' and 40 voting 'present'. And the Amendment is adopted. Mr. Clerk, Amendment 11."
- Clerk Hollman: "Floor Amendment #11 is offered by Representative Greg Harris and has been approved for consideration."

Speaker Lang: "Mr. Harris."

Harris, G.: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. This Amendment deals with mental health lines in the budget. And I'll just tell you a couple things that are very important about this because these are services that we value in providing, mental health treatment it... in our communities. In the Governor's introduced budget, they had zeroed out the institutional care grants to provide intensive psychiatric services to children and families who were in need. Also removed were the psychiatric leadership grants that provided money for psychiatrists to be able to see persons and

46th Legislative Day

5/13/2015

prescribe mental health drugs. Those are included in this line. The other thing we have done in these budgets is to move lines into capacity and grant-based lines to maximize the flexibility for providers to work in communities and provide mental health and still at a cost lower than in FY15. So, we are hoping to receive, you know, good results... better results in our communities and this will still save the people of Illinois money over our FY15 appropriation, as all of these Amendments do."

Speaker Lang: "Mr. Sandack."

Sandack: "Thank you, Mr. Speaker. Will the Sponsor yield?"

Speaker Lang: "Sponsor yields."

Sandack: "Representative Harris, I've been told by some of my colleagues that in Human Services Appropriations you regularly ask for input, for participation, and for as much collegiality and cooperation as possible. Is that accurate?"

Harris, G.: "We're having a lot here."

- Sandack: "Yeah, but... well, that's not why we're all here right now, is it? Why we're all here right now is to vote on final action. But in the Appropriations..."
- Harris, G.: "Well, and this is not final action. This is a voting on individual Amendments. You know, the entire budget is... will be a much larger compilation."
- Sandack: "All right. Are you going to move this Bill to... If it gets through the Amendment process, are you going to move this Bill to Third?"
- Harris, G.: "At this point, I'm just moving these Amendments on Second, Representative."

46th Legislative Day

- Sandack: "I know. I'm asking you, if it gets through the Amendment process, is it your intention to move the Bills to Third Reading?"
- Harris, G.: "Right now, it is my intention to vote on these Amendments."
- Sandack: "The reason I'm asking that perplexing question is because we'd like an idea of what we're supposed to expect going forward. I'm hearing from my colleagues that you regularly seek input and participation at the Appropriations Human Services level, which is great, and then they ask, well, are we going to pursue a parallel course of conduct or is this process meaningful? Should we dig in here? And that's why I want to ask. What is it we should be taking away from this? Is this exercise just in time and waste or is this something meaningful? Should we really be participating now?"
- Harris, G.: "No. I think when we took away from the hours and hours and 11 weeks of meetings we had where there were a number of priority lines which everyone seemed to value, which was community care program for seniors, a child care program for young people and their families, early intervention, autism, addiction treatment services, homeless prevention, substance abuse. Those... those seem to be very important programs, so you know, they're being addressed first."
- Sandack: "To... to the Amendment. My colleague, I hope, speaks on this again. You know, I was listing to Representatives Demmer and Sullivan the last time. It is so disheartening that we can't even get answers to questions such as, what is your intention. Should we really be going through this process? Is there any real reason why we're doing this this way? And it's

46th Legislative Day

5/13/2015

pretty clear that this continues, this façade, this show, this attempt at gotcha politics, I presume. I don't know what's on the agenda for tonight, so I'm sure if we can get through these Amendments before some events, because I'm sure we'd stop it for some event like the softball game or basketball game, an outing of some kind of sort. It just belies why we have a traditional process and why it's worked, more or less, in the past. Let's be clear though, this is really bad process. It's kind of embarrassing. I wonder if anyone on the other side of the aisle will go home to their districts and say, today was a great day. We... we wasted the taxpayers' money with a show trial. Yeah. Folks, we got to get past this and actually engage in a budget process that's inclusive, bipartisan, and actually moves the needle. This does nothing but waste time. Again, I'm going to ask my colleagues to vote 'present' on this because we're here at least. Thank you, Mr. Speaker."

Speaker Lang: "Mr. Sullivan."

Sullivan: "Thank you, Mr. Speaker. Will the Sponsor yield?"

Speaker Lang: "Sponsor yields."

Sullivan: "So, Representative, last week we stopped at about 4:30, if I remember right, there or 4:35 to go to the softball games. That about correct?"

Harris, G.: "Those of you who went. I did not go. I stayed in my office and worked. I assume you did too since you brought it up."

Sullivan: "I did not play in the softball game. Well, I bring that up and especially the timeframe because today we got the Associated Beer Distributors Buffalo Troll at 4:30. So, I'm

46th Legislative Day

5/13/2015

just wondering, are we going to be okay. Are we going to stop before that? 'Cause that's a very important event where we can interact with our colleagues, our colleagues on the Senate, some lobbyists. We could get a lot of stuff done. So, do you have any input from your Leader, the Speaker, whether we'll be done by 4:30?"

Harris, G.: "I'd be happy to sit here and go through the whole Calendar today, Representative, for as long as it takes 'cause I think you and I agree that we're here to do the work of the people and that takes precedence."

Sullivan: "And Representative, that's a great answer 'cause I'd love to stay here and do the work of the people on real work of the people, not this stuff that we're doing right now that is not worth the paper it's written on. But thank you for your honest appraisal."

Speaker Lang: "Representative Bellock."

Bellock: "Thank you very much, Mr. Speaker. Will the Sponsor vield?"

Speaker Lang: "Sponsor yields."

Bellock: "Thank you very much, Representative Harris. And again, I just want to speak to mental health because that's an issue that we all care strongly about and we've had a lot of discussions about places closing in the news recently regarding the 2015 budget and had some of that money put back in. But we know it's a serious issue. And this is why I just object to the process, the way we're doing it because last week, almost all the other meetings, we've spent a lot of time with advocates but not a lot of times going over priorities in the budget. This we know is a priority, but

46th Legislative Day

5/13/2015

this is something that we really haven't vetted that well within the committee. Last week, we finally did spend some time on numbers, but I think it was more Early Intervention and child care capacity grants. So, we did spend some time on that. I don't think that we have fully discussed the mental health issue and how we want to address it. Do you feel that we've discussed that in depth in the Human Service Approp. Committee?"

- Harris, G.: "I... I certainly do, Representative. I think we've had, you know, hours of testimony from providers dealing with the ICG issue, from the mental health issue, from the mental health in hospitals and institutions, on a wide variety of topics. So, I think we've covered mental health, substance abuse, home services, aging, child care, early intervention. I think we've covered it all very well."
- Bellock: "Well, I know we've covered the issue in some of the discussions but not in the working group where we have to prioritize what we have to cut, because we don't even know... we haven't even decided on a general revenue number together, correct? What the general revenue of the state is and what we're..."
- Harris, G.: "And there are... there are a lot of decisions here. We haven't decided how to deal with the Governor's proposed 31 percent cut to higher education or we haven't decided how we're going to deal with the transfers out. There are a lot of issues out there but, you know, you've got to begin. And I think we're beginning by focusing on issues that are of high priority and being sure they get adequately funded."

46th Legislative Day

- Bellock: "I'm not objecting to a normal Human Service Approp. working committee working on the priorities. But what we're doing here is you're asking us to vote on a \$275 million put back into the budget. And again, I'm going to bring out the issues about that is that I don't know down the line, two weeks from now when we've got everything on the table, if that's going to mean we're going to have to take a cut in education or corrections or roads, one of those other issues. And the other issue I'm saying is I don't know if that's going to make a difference in cutting out jobs because we don't really have the number in there for the headcount. Thank you."
- Speaker Lang: "Those in favor of the Amendment will vote 'yes'; opposed 'no'. The voting is open. Have all voted who wish? Have all voted who wish? Mr. Clerk, please take the record. On this question, there are 71 voting 'yes' and 41 voting 'present'. And the Amendment is adopted. Mr. Clerk, my understanding is the Gentleman does not wish to move Amendment 12. Mr. Clerk on Amendment 13."
- Clerk Hollman: "Floor Amendment #13 is offered by Representative Greg Harris and has been approved for consideration."

 Speaker Lang: "Mr. Harris."
- Harris, G.: "Ladies and Gentlemen, this line item deals with the Illinois Breast and Cervical Cancer Program. This is a program that provides detection and screening to thousands of women who may have breast cancer and refers them into care. This is a line where, actually, we do have a reduction from the FY15 budget that's fairly large, but it is a line that is also higher than the Governor's introduced budget. Upon working with the advocates, we decided that as more women transfer

46th Legislative Day

5/13/2015

into the Affordable Care Act, into the insurance exchanges and into Medicaid, this number will go down over the years. But we need to be sure, for women who may find themselves at risk for breast cancer and cervical cancer, that we maintain a very sizeable fund and cushion as years go by until experience teaches us that we can eliminate this line when all women are at transition. And we also have to keep in mind that there are many women, particularly those who might not be documented persons, who would not be eligible for Medicaid and in this state, no woman, regardless of her status, should be denied breast health care. I would ask for an 'aye' vote."

Speaker Lang: "Mr. Drury."

Drury: "Inquiry of the Chair."

Speaker Lang: "Please state your inquiry, Sir."

Drury: "Are we on Floor Amendment 13 or 14, 'cause the board is showing 13?"

Speaker Lang: "It is 13, Sir."

Drury: "Thank you."

Speaker Lang: "Those in favor of the Gentleman's Amendment will vote 'yes'; opposed 'no'. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Please record yourselves. Mr. Clerk, please take the record. On this question, there are 72 voting 'yes' and 27 voting 'present'. And the Amendment is adopted. Mr. Clerk, my understanding is the Sponsor does not wish to move Amendment 14. Mr. Clerk on Amendment 15."

Clerk Hollman: "Floor Amendment #15 is offered by Representative Greg Harris."

Speaker Lang: "Mr. Harris on Amendment 15."

46th Legislative Day

5/13/2015

- Harris, G.: "Mr. Speaker, Ladies and Gentlemen of the House, this pro... program deals with the low-income housing... or low-income heating assistance program. If we level funded, this is the program that provides heating and cooling assistance to persons who have financial needs. I would ask for an 'aye' vote."
- Speaker Lang: "Those in favor of the Amendment will vote 'yes'; opposed will vote 'no'. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Please record yourself. Mr. Clerk, please take the record. On this question, there are 71 voting 'yes' and 36 voting 'present'. And the Amendment is adopted. Mr... Mr. Clerk, Amendment 16."
- Clerk Hollman: "Floor Amendment #16 is offered by Representative Greg Harris."

Speaker Lang: "Mr. Harris."

Harris, G.: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. This is the Franklin County meth project. And if you live in southern Illinois, this is the only program that provides deten... deterrents from the criminal justice system for persons involved in meth use. It is a program that even though it is called the Franklin County Meth Pilot Program, it serves 41... that's 41 counties in southern Illinois. It's a great program. It's showing great results and we are hoping that it can be used as a model and expanded to the rest of the state. I would ask for an 'aye' vote."

Speaker Lang: "Mr. Bradley."

Bradley: "I rise in support of this. There's 50 people that work in this program. This is an internationally recognized

46th Legislative Day

5/13/2015

program. It's been around for a long time doing great work.
I just beg you for an 'aye' vote."

Speaker Lang: "Those in favor of the Amendment will vote 'yes'; opposed 'no'. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Mr. Clerk, please take the record. On this question, there are 72 voting 'yes', 38 voting 'present'. And the Amendment is adopted. Mr. Clerk."

Clerk Hollman: "No further Amendments. No Motions are filed."

Speaker Lang: "Please hold the Bill on the Order of Second Reading. On page 12 of the Calendar, under the Order of Resolutions, appears House Resolution 11, Mr. Thapedi. Please proceed, Sir. I understand this Resolution has an Amendment, Mr. Thapedi."

Thapedi: "It does, Mr. Speaker. And I move..."

Speaker Lang: "Please proceed on the Amendment."

Thapedi: "House... the Floor Amendment #1, I move for its adoption.

Essentially, it removes all of the opposition that was there.

And I'd like to talk about the Resolution in depth after its adoption."

Speaker Lang: "Those in favor of the Amendment say 'yes'; opposed 'no'. The 'ayes' have it. And the Amendment is adopted. Mr. Thapedi on the amended Resolution."

Thapedi: "Thank you, Mr. Speaker. House Resolution 11 is about world economic harmony. While we all know that Illinois suffers from huge financial pressures, the fact remains that Illinois is a major player in the global investment and trade arena. We rank fifth in the United States as far as GDP, population and jobs related to exports. Even counting the

46th Legislative Day

5/13/2015

economies of all 28 European Union countries, all 10 Canadian Provinces, and even China, and we actually heard from the Counsel General today, Illinois still ranks in the upper echelon. Just a few weeks ago, Mr. Speaker, on the House Floor, we heard testimony regarding the atrocities committed against the Armenian people. A few weeks before that, we honored the survivors of a genocide perpetrated by the Nazis in Europe, the Middle East and Northern Africa. Not long ago, we addressed the inhumane and brutal treatment of black and colored South African people by the apartheid regime. That conflict is very personal to me, Mr. Speaker, because my father was born and raised in the apartheid system in Sharpeville, South Africa. Now, Mr. Speaker, if you were to ask the Turks about the Armenian conflict, they would give you their perspective. If you were to ask the people that reside in the largest economy in the EU about Adolph Hitler and what happened in the late '30s and in the '40s in Middle Eastern Europe, as well as Northern Africa, you would hear their perspective. But finally, for me, if I were to ask the Boers or the Afrikaners as to why, in my father's birth town in Sharpeville, a massacre at the hands of the South African Police took the lives of 69 black South Africans, I would hear their perspective. But the goal in 2015, Mr. Speaker, and moving forward, has to be world peace. And as a component of world peace is world economic harmony. A few days, ago on this very floor, I listened to the debate from the Gentleman from the Quad Cities as he discussed Illinois' role as a major international trade player. We discussed and voted on global investment and trade policy relative to the auto industry.

46th Legislative Day

5/13/2015

So, as a major player in an international trade, the Illinois House has established its global trade position on auto purchasing and leasing. During that debate, I also recall the Lady from DuPage asking whether or not our actions were contrary to U.S. federal trade policy including Free Trade Agreements. Members should note that there is a current bilateral trade agreement with Australia. That deal was ratified in 2005, moreover, Australia is actually our current trading partner in current TPP negotiations involving Pacific Rim countries. Now, if I understood the Lady from Cicero correctly during that same debate, she addressed concerns that the United States of Mexico was expressly excluded from discussions regarding auto buying and leasing with the State of Illinois. That action could clearly have ramifications under our current Free Trade Agreement with Mexico and Canada which is NAFTA. I do understand that both labor and business are not pleased with certain aspects of NAFTA, but that deal still remains a significant part and component of U.S. trade policy. It should also be noted that Mexico and Australia are members of the World Trade Organization, further complicating the issue. Nevertheless, soon, on this very floor, the Illinois House will declare its Illinois global trading policy. Once again, we'll be taking a position on anti-boycott laws. Anti-boycott laws are firmly entrenched in U.S. trade policy as they were first enacted in the 1970s following certain actions taken by the Arab League against the relatively new State of Israel. In fact, just a few days ago, in House Resolution 173, we affirmed our close relationship with Israel. On another note, even though the President and

46th Legislative Day

5/13/2015

environmentalists oppose the completion of Keystone Pipeline to import and export vast amounts of Canadian crude, we passed House Resolution 243 with no debate which supports the project. So, Ladies and Gentlemen, we have definitely injected ourselves into the international trade market. So, today, by House Resolution 11, we are sticking up for our farmers, we are sticking up for our cattlemen, we are sticking up for our pork producers, we are sticking up for our manufacturers and we're also sticking up for our businesses. And finally, we are sticking up for our labor folks who all support this Resolution at this time. By supporting House Resolution 11, we are supporting those entities that keep Illinois in the upper echelon of global trading and investment partnerships and deals. All of these Illinois citizens and businesses want the opportunity to grow and prosper in this global economy. Free Trade Agreements like T-TIP, which is the subject of this Resolution, give them that opportunity. Please send a message to our global trading partners that Illinois wants to do business with them. I ask for an 'aye' vote on this Resolution."

Speaker Lang: "Mr. Costello."

Costello: "Thank you, Mr. Speaker. I'd just like to thank the Sponsor for his hard work on this Resolution. We had some issues in committee and with the Amendment, he's resolved that. So, André, thank you."

Speaker Lang: "Those in favor of the Resolution will say 'yes'; opposed 'no'. The 'ayes' have it. The Resolution is adopted.

- Clerk Hollman: "Senate Bill 672, a Bill for an Act concerning education. Third Reading of this Senate Bill."
- Speaker Lang: "Mr. Beiser."
- Beiser: "Thank you, Mr. Speaker, Members of the House. 672 simply adds the topic, three things, to Consumer Ed which is already being taught in school. Those three topics are consumer debt, student loans and identify theft security. I cited in committee about a study done by the, amongst others, the Federal Reserve that there are states that have these requirements. It found that... and they track students afterwards they found that they had much better credit ratings, lower incidents of credit card debt. So, I'd ask for your 'aye' vote. I'd be happy to answer any questions."

46th Legislative Day

5/13/2015

Speaker Lang: "Mr. Sandack."

Sandack: "Thank you, Mr. Speaker. Will the Sponsor yield?"

Speaker Lang: "Sponsor yields."

Sandack: "Representative, is that class available to Members of the General Assembly?"

Beiser: "You know, I think it might be worthy to have a separate class just for the General Assembly."

Sandack: "I think an Econ 101, how to balance a budget and maybe some consumer debt education would do this Body really good.

Thank you very much for this Bill. I'll support it."

Speaker Lang: "Mr. Franks."

Franks: "Thank you, Mr. Speaker. Will the Sponsor yield?"

Speaker Lang: "Sponsor yields."

Franks: "Representative, typically people jump up and down and shout unfunded mandate and how can we do this? Does this... is there any cost to this?"

Beiser: "No, there is not. You know, and I don't believe it's an extra... First of all, let me say I don't think it's an unfunded mandate, Jack, 'cause we're teaching the course. And I would venture to say that probably many instructors see the value of these topics and may, in some fashion, already touch on it. We're just actually trying to bring awareness to these three topics and make sure that they do touch on them."

Franks: "And I appreciate it. And to the Bill, Mr. Speaker. I think this is a wonderful idea and long overdue. Our kids are signing contracts when they get out of high school to encumber themselves with student loans that is our next bubble. There's over a trillion dollars owed on student loans now. And I don't think that people when they get out of high school have the

46th Legislative Day

5/13/2015

ability to make informed decisions. They're just not taught this. So, this will help very much. And I think... I want to commend the Sponsor for bringing it forward. And to the previous speaker who thought that the General Assembly might need it, I may agree except I wouldn't want to have those meetings in secret. I'd like to have those on the House Floor. So, I'd encourage an 'aye' vote."

Speaker Lang: "Mr. Pritchard."

Pritchard: "So, were you signing up, Representative, for that?

Mr. Speaker, to the... may... would the Sponsor yield?"

Speaker Lang: "Sponsor yields. Thanks for not saying the other Gentleman's name, Sir."

Pritchard: "I know."

Speaker Lang: "Sponsor yields."

Pritchard: "That's what I was biting my tongue on. Representative, where did this idea come from? Is there a study or something that talks about the economic knowledge of our young people?"

Beiser: "There's... If you're asking about the study that I referred to... I don't know. Is that's the one you're talking about, Bob?"

Pritchard: "Well, or just what... what was the basis for this and how did you come up with the fact that this was needed?"

Beiser: "This was... Senator Lightford, I believe. This is modeled after a Pennsylvania piece of legislation. And again, like I did mention, they're the Federal Reserve, the University of Wisconsin and Montana State did look at credit behaviors of people that had gone through this type of curriculum and found that those students, once they graduated, were in much better financial shape after having these topics addressed."

46th Legislative Day

5/13/2015

Pritchard: "Don't we already have career in our consumerism in consumer classes in schools?"

Beiser: "Yes. This is... Consumer Ed's already being taught. We're asking that these topics be included, if they're not already, by the teachers."

Pritchard: "And you have evidence that these aren't being included or you're just want to be sure they're included?"

Beiser: "It's more of a just be sure."

Pritchard: "Well, it certainly could help and I certainly support the Sponsor's Bill."

Beiser: "Thank you very much."

Speaker Lang: "Mr. Sullivan."

Sullivan: "Will the Sponsor yield?"

Speaker Lang: "Yes."

Sullivan: "Representative, I know we... we deal with Consumer Ed in high school... where you at? There. Wouldn't you consider this to be a curriculum mandate, then?"

Beiser: "Not if... Since Consumer Ed's already being taught, that's the curriculum. We're asking that these topics be included within that curriculum."

Sullivan: "Okay. So, the topics within your curriculum, you're mandating under this Bill."

Beiser: "We're asked that they be addressed."

Sullivan: "Okay. But if this Bill passes, are these folks... and signed into law... are these people that have these classes, this curriculum, are they going to have to teach these topic... topics?"

Beiser: "Yes."

Sullivan: "So, that would be a mandate?"

46th Legislative Day

5/13/2015

Beiser: "You could look at it that way. I would look at it..."

Sullivan: "Well, should we bring out the <u>Webster's Dictionary</u> for mandate 'cause I think you just answered my question?"

Beiser: "I would... I would not argue with your interpretation."

Sullivan: "Well, thank you. To the Bill. Until the Members of the General Assembly and state officers are going to take this same class, I'm voting 'no'."

Speaker Lang: "Mr. Beiser to close."

Beiser: "Yeah. I appreciate the feedback and the questions. I...

Representative Costello just pointed out a good fact that last year was the first time that student loan debt was higher as a national... on a national basis than credit card debt. So, I think it just further points out the need to be instructed in these types of topics to the young people in high school. So, I'd ask for your 'aye' vote."

'no'. The voting is open. Have all voted who wish? Please record yourself, Members. Mr. Jones. Please take the record. On this question, there are 105 voting 'yes', 8 voting 'no'. And this Bill, having received the Constitutional Majority, is hereby declared passed. House Bill... Senate Bill 679, Representative Williams. Out of the record. House... Excuse me. House... I'll try one more time. Senate Bill 718, Mr. Rita. Mr. Rita. Please read the Bill."
