Speaker Turner: "Members are asked to be at their seats. Members are asked to be at their seats. Shh... We shall be led in prayer today by Pastor Jim Harkins who is with Life Church in Gilman, Illinois. Pastor Harkins is the guest of Representative Bennett. Members and guests are asked to refrain from starting their laptops, turn off all cell phones and rise for the invocation and Pledge of Allegiance."

Pastor Harkins: "I'm honored to be here today. I want to thank Representative Bennett for inviting me and it's a great pleasure to be here. Let's pray. Father, we give You thanks and we give You praise. You're a wonderful God, great God, faithful God. And Father, I want to thank every man and woman as part of this Body here today that You would pour out blessing upon them, that You would give them wisdom from above. Father, we want Your heart for the State of Illinois. We pray in the mighty name of Jesus that You would just give us wisdom and strategy. In the days ahead, You'd give this Body, God, the ingenuity that it needs to go forward. Father, we want blessing upon this state; we want blessing upon our children and grandchildren and every person part of the State of Illinois. So, Father, we're praying that the gridlock would stop. And that Father, that this Assembly would come together, be able to work together, to be able to accomplish Your heart and Your purpose in the days ahead. Father, we pray that we would be a fiscally responsible state. And that Father, we would just honor You with our entire lives. We give You thanks and praise. Thank you, again, for this House of Representatives, Lord. Be with them today and the days ahead,

pour out blessing upon each one. In the mighty name of Jesus we pray, Amen."

Speaker Turner: "We shall be led in the Pledge of Allegiance today by Representative Breen."

Breen: - et al: "I pledge allegiance to the flag of the United States of America and to the republic for which it stands, one nation under God, indivisible, with liberty and justice for all."

Speaker Turner: "Roll Call for Attendance. Leader Currie."

Speaker Turner: "Representative Bourne."

Bourne: "Thank you, Mr. Speaker. All the Republicans are in attendance today."

Speaker Turner: "With 114 Members present, a quorum is established. Representative Drury, for what reason do you rise?"

Drury: "Mr. Speaker, point of personal privilege."

Speaker Turner: "Please proceed, Sir."

Drury: "Mr. Speaker, if everyone can turn their attention to the Speaker's Gallery in front of us today. We have very special guest here. It is the fifth... fifth-grade class from Oak Terrace Grammar School, in Highwood, Illinois. Four other students are members and participated in the Tech 2016 program down in the rotunda. This is a dual language class. All these kids have been learning Spanish and English since kindergarten. And it's a very special class for me because my daughter Eden, who's over in the far left corner, she is part of that class and the one turning bright red. Let's give

Speaker Turner: "Thank you, and welcome to your Capitol. Representative Stewart, for what reason do you rise?"

Stewart: "Point of personal privilege."

Speaker Turner: "Please proceed, Representative."

He is the son of Lisa and Todd Barkalow. Lisa's in the gallery this morning. His father, Todd, is the Chief of Police. And Sam wants to enter the Air Force Academy. So please welcome them here to the House of Representatives."

Speaker Turner: "Thank you, and welcome to your Capitol. Representative Phelps, for what reason do you seek recognition?"

Phelps: "Point of personal privilege, Mr. Speaker."

Speaker Turner: "Please proceed, Sir."

Phelps: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. If you would also help me welcome to Springfield Mr. Seth Graves and the eighth-grade class of the great County of Pope. Pope County eighth-grade class. Welcome to Springfield, everybody."

Speaker Turner: "Thank you, and welcome to your Capitol. Representative Willis, for what reason do you rise?"

Willis: "Point of personal privilege, please."

Speaker Turner: "Please proceed, Representative."

Willis: "I want to draw to attention. I just came from the Illinois Fallen Firefighter Memorial and the Firefighter Medal of Honor award ceremony. Unfortunately, this year we had to recognize four fallen firefighters from the State of Illinois. So, I would like to state their names and ask for a moment of silence in remembrance of these fallen firefighters, please. Ladies and Gentlemen, I'd like to recognize four fallen firefighters in the State of Illinois. Firefighter/paramedic Daniel Capuano from the Chicago Fire Department; firefighter/paramedic Fidel Serrano from the Chicago Fire Department; firefighter/paramedic Mark Zielinski from the Matteson Fire Department; and Chief Kenneth Lehr from the Medora Fire Protection District. These four men gave their life so others could carry on. So, I'd like to request a moment of silence, please."

Speaker Turner: "The Body shall take a moment of silence. Thank you, Representative. Representative Gordon-Booth, for what reason do you seek recognition?"

Gordon-Booth: "Thank you, Mr. Speaker. If we could pay attention to the back of the gallery. This afternoon we have with us

today the illustrious Recorder of Deeds for Chi... for Cook County, former State Representative, Assistant Majority Leader Karen Yarbrough. Please give her a big General Assembly round of applause."

Speaker Turner: "Thank you, and welcome back. Representative Riley, for what reason do you seek recognition?"

Riley: "Point of personal privilege, Mr. Speaker."

Speaker Turner: "Please proceed, Sir."

Riley: "If the Body could just indulge me for a second. I really appreciate the fact that Representative Willis mentioned some of the fallen firefighters, but I happened to know one of them. And that's Mark Zielinski from the Village of Matteson. And I just want to tell you a few things about him for a second. I've done a Resolution for him, a Death Resolution that was passed and we presented it to the Matteson Police Department. As I said many times before, especially with small fire departments, you get to know the people personally. Same thing with police departments, you get to know them personally. They are paragons in the community. You know, they open up baseball games. They do things... you know them by first names. And I remember getting a call one day from a trustee in Matteson. And she said, did you hear about Mark? I know a lot of Marks. But just something told me it was Mark from the Matteson Police Department. Mark was administering CPR at a store... at a Wal-Mart in Matteson, had a heart attack and died. That was Mark; he died doing what he wanted to do. And it was a very hard time for the entire region, the entire southland, but especially the Matteson Fire Department because they had just lost a beloved firefighter just a few months before. And

so, again, these people are special; they're special because of what they do. They're special because of the trust that we put on them. They are special because they are willing to give their lives like Mark did to try to save another person. And so, I just wanted to mention that to you, because it's very, very, very important, you know, that we remember them. Certainly when their gone, when they have given their lives doing what they do. But we also have to revere them and cherish them when they're here. You know, so when you see them in the community, you say, hey, you know, what's going on, hey Mark. And can we go to a lot of breakfasts, pancake breakfasts that the fire department does. But we have to remember all of them while they are here because you never know if they're going to come home or not. So, I just wanted to tell you that about my friend Mark who will be with us forever from the Village of Matteson. Thank you."

Speaker Turner: "Thank you very much, Representative. Mr. Clerk."

Clerk Hollman: "Committee Reports. Representative Barbara Flynn Currie, Chairperson from the Committee on Rules reports the following committee action taken on May 9, 2016: recommends be adopted, referred to the floor is Floor Amendment #2 to House Resolution 1135; approved for consideration, referred to Second Reading is House Bill 5628."

Speaker Turner: "Representative Batinick, for what reason do you seek recognition?"

Turner: "Members, can we please bring the noise level down for an important point of point of personal privilege by Representative Batinick. Thank you."

Batinick: "Many us who were driving home north on Thursday, learned of the horrific accident that occurred on I-55. What we didn't know at the time was the name of the woman that passed away. Her name was Ashley Borja; she was... she was only 20 years old. She went to high school with my daughter and attended my church. But it isn't just the Plainfield community that is... is feeling the loss of Ashley, it's the entire state. Ashley, was a leader in every sense of the word. I mean the list of her accomplishments is quite amazing for somebody who's 20 years old. She was President of a student group that helped people with depression and thoughts of suicide. She was a junior at Bradley University where she was studying mechanical engineering and was a member of the student senate there. She was actively involved in the school's Lewis J. Burger Center for Student Leadership and Public Service, which promotes a number of volunteer projects. She had just come home from school that previous weekend to volunteer for an event in our... our community called The Big Serve, where a bunch of churches and organizations get together to help perform a myriad of projects in the area. Instead of relaxing over her last winter break, she spent it in... in the Louisiana area working for Habitat for Humanity. Just an amazing individual. She had just won an internship at Caterpillar, iconic Illinois corporation. Illinois lost one of its brightest young stars Thursday in that accident. Services are actually are underway as we speak. I'm going to hand it over

to Representative Unes, but after that I would... I would like us to take a moment of silence to remember this remarkable young woman. Thank you."

Speaker Turner: "Representative Unes is recognized."

Unes: "Thank you, Mr. Speaker. And thank you, Representative Batinick, you are absolutely right. Ashley left us way too soon and the entire Bradley University family is in mourning right now. I had the privilege of speaking to a student last week about Ashley. I was sorry that I didn't know her personally, but after speaking to this student, I felt like I did know her. Unfortunately, Bradley University has experience this now twice this year. At the end of the first semester a student driving home after finals was also involved in a car accident and was tragically killed. So, this has hit home twice in one year for Bradley, and again the entire Bradley community is in mourning and you are correct, Representative we lost one of our... one of our brightest rising stars in the state in losing Ashley. So I appreciate you bringing this to our attention."

Speaker Turner: "As requested, the Body will take a moment of silence. Thank you very much, Representative. Representative Bennett, for what reason do you seek recognition?"

Bennett: "Mr. Speaker, a point of personal privilege, please, if we may."

Speaker Turner: "Please proceed."

Bennett: "Thank you. In our gallery today is Paulette Harkins who is the wife of Pastor Jim Harkins, who delivered our prayer this morning. So would you please help me recognize Paulette and Jim Harkins this morning, if you would?"

House Resolution 993, Representative Welch."

Welch: "Thank you, Mr. Speaker. Today I rise to present House Resolution 993, which recognizes and declares the week of September 11 through 17, 2016, as Ovarian Cyst Awareness Week in Illinois. The idea for this Resolution, Members, was brought to me in January of this year by a young lady who is now Miss Black Illinois, 2016. Miss Brittney Brooks, who is present behind me in the gallery with her family and friends. Let's please recognize her. Miss Brooks, like thousands of women annually has been fighting ovarian cyst, herself and has been courageous and stepped up to be the voice on this issue, to bring awareness. It is very important that everyone understands that ovarian cysts typically are harmless, but in some case become cancerous and deadly. More than 20 thousand women in the United States are diagnosed with ovarian cancer each year, and 77 percent of these women will be diagnosed once the disease has reach an advanced stage. Most ovarian cysts are benign and usually go away within a few hours (sic-months), but a small number of them do become cancerous. Awareness, Ladies and Gentlemen, is imperative because women diagnosed with early stage of ovarian cancer have an overall 5-year survival rate at about 95 percent, while those with advanced stage have approximately 15 for spent... 15 percent."

Speaker Turner: "Excuse me, Representative. Members, can we please take the conversations to the rear of the chamber? Thank you very much."

Welch: "Thank you, Mr. Speaker. I think it's important that people understand that approximately 15 thousand women die annually from this disease. So, Mr. Speaker, as we kick off Women's Health Week, which started on Mother's Day, I would ask that all Members of the House of Representatives be added to this Resolution to help support, recognize, and create awareness for Ovarian Cyst Awareness Week. And I ask for approval of House Resolution 993."

Speaker Turner: "Representative Gordon-Booth is recognized."

Gordon-Booth: "Thank you so much, Mr. Speaker. I would just like to thank Representative Welch for bringing this very important piece of... this very important Resolution forward because we all know that most of our lives, if not all, had been affected in some way, shape, form, or fashion by that ugly disease called cancer. And we know that ovarian cysts have a tendency to turn into cancer in the lives of many women throughout this country. And we all know that an ounce of prevention beats a pound of cure. So awareness is so important because we have to begin to educate ourselves and educate our communities about what we can do to prevent this cancer from affecting our lives and the lives of the ones that we love and we care about. And I think that a great step in doing that is passing House Resolution 993. And again, thank you, Representative Welch, for bringing this piece of legislation forward. And we also would like to thank Miss Black Illinois for... excuse me... Miss Black America bringing this as a part of

Speaker Turner: "Leader Bellock, would you like to speak to the Resolution? You're recognized."

And thank you very much for being here today to draw the awareness to it. We really appreciate being here and joining us. Thank you."
