18 Sec. 3.1. Referrals. A registered occupational therapist
19 or certified occupational therapy assistant may consult with,
20 educate, evaluate, and monitor services for clients
21 concerning non-medical occupational therapy needs.
22 Implementation of direct occupational therapy to individuals
23 for their specific health care conditions shall be based upon
24 a referral from a licensed physician, dentist, podiatrist, or
25 optometrist.

26 An occupational therapist shall refer to a licensed
27 physician, dentist, optometrist, or podiatrist any patient
28 whose medical condition should, at the time of evaluation or
29 treatment, be determined to be beyond the scope of practice
30 of the occupational therapist.

31 (225 ILCS 75/3.2 new)

32 Sec. 3.2. Practice of optometry. No rule shall be

1 adopted under this Act that allows an occupational therapist
 2 to perform an act, task, or function primarily performed in
 3 the lawful practice of optometry under the Illinois
 4 Optometric Practice Act of 1987.

5 (225 ILCS 75/3.3 new)

6 Sec. 3.3. Rules. The Department shall promulgate rules
 7 to define and regulate the activities of occupational therapy
 8 aides.

9 (225 ILCS 75/11.1 new)

10 Sec. 11.1. Continuing education requirement. All
 11 renewal applicants shall provide proof of having met the
 12 continuing competency requirements set forth in the rules of
 13 the Department. At a minimum, the rules shall require a
 14 renewal applicant to provide proof of completing at least 12
 15 units of continuing competency activities during the 2-year
 16 licensing cycle for which he or she is currently licensed.
 17 The Department shall provide by rule for an orderly process
 18 for the reinstatement of licenses that have not been renewed
 19 for failure to meet the continuing competency requirements.
 20 The continuing competency requirements may be waived in cases
 21 of extreme hardship as defined by rule.

22 The Department shall establish by rule a means for
 23 verifying the completion of the continuing competency
 24 required by this Section. This verification may be
 25 accomplished through audits of records maintained by
 26 licensees, by requiring the filing of continuing competency
 27 certificates with the Department, or by any other means
 28 established by the Department.

29 Section 99. Effective date. This Act takes effect on
 30 January 1, 2002.
