

1 AN ACT concerning professional regulation.

2 Be it enacted by the People of the State of Illinois,
3 represented in the General Assembly:

4 Section 5. The Detection of Deception Examiners Act is
5 amended by changing Section 3 as follows:

6 (225 ILCS 430/3) (from Ch. 111, par. 2403)

7 (Section scheduled to be repealed on January 1, 2012)

8 Sec. 3. Recording instruments; test results.

9 (a) Every examiner shall use an instrument which records
10 permanently and simultaneously the subject's cardiovascular,
11 respiratory and galvanic skin response patterns as minimum
12 standards and shall base his evaluation upon changes in such
13 patterns, except as provided for in subsection (b) of this
14 Section. Such an instrument may record additional
15 physiological patterns pertinent to the detection of
16 deception. The examiner may also consider changes in such
17 additional patterns in making his evaluations.

18 (b) An examiner who is a qualified operator of a
19 Computer Voice Stress Analyzer that records voice stress
20 factors pertinent to the detection of deception as an
21 investigative tool may use a Computer Voice Stress Analyzer
22 in place of the instrument provided for in subsection (a) of
23 this Section.

24 A qualified operator, for purposes of this subsection, is
25 a person who has completed a minimum of 59 hours of training
26 in a certified psychological stress evaluation testing course
27 that is approved by the Department.

28 (c) An examiner shall, upon written request of a person
29 examined, make known the results of a such test to the person
30 examined within 5 days of receipt of the written request.
