

1 AN ACT concerning agriculture.

2 Be it enacted by the People of the State of Illinois,  
3 represented in the General Assembly:

4 Section 1. Short title. This Act may be cited as the  
5 Illinois Agriculture Infrastructure Development Act of 2001.

6 Section 5. Definitions. In this Act:

7 "Advisory Board" or "board" means the Department of  
8 Agriculture's Infrastructure Development Advisory Board for  
9 Agriculture.

10 "Agribusiness" means any sole proprietorship, limited  
11 partnership, co-partnership, joint venture, corporation, or  
12 cooperative that operates or will operate a facility located  
13 within the State of Illinois that is related to the  
14 processing of agricultural commodities (including, but not  
15 limited to, the products of aquaculture, hydroponics, and  
16 silviculture) or the manufacturing, production, or  
17 construction of agricultural buildings, structures,  
18 equipment, implements, and supplies, or any other facilities  
19 or processes used in agricultural production. "Agribusiness"  
20 includes but is not limited to the following:

21 (1) grain handling and processing, including grain  
22 storage, drying, treatment, conditioning, milling, and  
23 packaging;

24 (2) seed and feed grain development and processing;

25 (3) fruit and vegetable processing, including  
26 preparation, canning, and packaging;

27 (4) processing of livestock and livestock products,  
28 dairy products, poultry and poultry products, fish or  
29 apiarian products, including slaughter, shearing,  
30 collecting, preparation, canning, and packaging;

31 (5) fertilizer and agricultural chemical

1 manufacturing, processing, application and supplying;

2 (6) farm machinery, equipment, and implement  
3 manufacturing and supplying;

4 (7) manufacturing and supplying of agricultural  
5 commodity processing machinery and equipment, including  
6 machinery and equipment used in slaughter, treatment,  
7 handling, collecting, preparation, canning, or packaging  
8 of agricultural commodities;

9 (8) farm building and farm structure manufacturing,  
10 construction, and supplying;

11 (9) construction, manufacturing, implementation,  
12 supplying, or servicing of irrigation, drainage, and soil  
13 and water conservation devices or equipment;

14 (10) fuel processing and development facilities  
15 that produce fuel from agricultural commodities or  
16 by-products;

17 (11) facilities and equipment for processing and  
18 packaging agricultural commodities specifically for  
19 export;

20 (12) facilities and equipment for forestry product  
21 processing and supplying, including sawmilling  
22 operations, wood chip operations, timber harvesting  
23 operations, and manufacturing of prefabricated buildings,  
24 paper, furniture, or other goods from forestry products;  
25 and

26 (13) facilities and equipment for research and  
27 development of products, processes, and equipment for the  
28 production, processing, preparation, or packaging of  
29 agricultural commodities and by-products.

30 "Agricultural facility" means land, any building or other  
31 improvement on or to land, and any personal properties deemed  
32 necessary or suitable for use, whether or not now in  
33 existence, in farming, ranching, the production of  
34 agricultural commodities (including, but not limited to, the

1 products of aquaculture, hydroponics, and silviculture) or  
2 the treating, processing, or storing of agricultural  
3 commodities when the activities are customarily engaged in by  
4 farmers as a part of farming or as part of the Illinois  
5 value-added agricultural enhancement program.

6 "Agricultural land" means land suitable for agriculture  
7 production.

8 "Asset" includes, but is not limited to, the following:  
9 cash crops or feed on hand; livestock held for sale; breeding  
10 stock; marketable bonds and securities; securities not  
11 readily marketable; accounts receivable; notes receivable;  
12 cash invested in growing crops; net cash value of life  
13 insurance; machinery and equipment; cars and trucks; farm and  
14 other real estate including life estates and personal  
15 residence; value of beneficial interest in trusts; government  
16 payments or grants; and any other assets.

17 "Department" means the Department of Agriculture.

18 "Director" means the Director of Agriculture.

19 "Fund" means the Illinois Agriculture Infrastructure  
20 Development Fund.

21 "Grantee" means the person or entity to whom a grant is  
22 made to from the Fund.

23 "Lender" means any federal or State chartered bank,  
24 federal land bank, production credit association, bank for  
25 cooperatives, federal or state chartered savings and loan  
26 association or building and loan association, small business  
27 investment company, or any other institution qualified within  
28 this State to originate and service loans, including, but not  
29 limited to, insurance companies, credit unions, and mortgage  
30 loan companies. "Lender" includes a wholly owned subsidiary  
31 of a manufacturer, seller or distributor of goods or services  
32 that makes loans to businesses or individuals, commonly known  
33 as a "captive finance company".

34 "Liability" includes, but is not limited to, the

1 following: accounts payable; notes or other indebtedness owed  
2 to any source; taxes; rent; amounts owed on real estate  
3 contracts or real estate mortgages; judgments; accrued  
4 interest payable; and any other liability.

5 "Person" means, unless limited to a natural person by the  
6 context in which it is used, a person, corporation,  
7 association, trust, partnership, limited partnership, joint  
8 venture, or cooperative.

9 "State" means the State of Illinois.

10 "Value-Added" means the processing, packaging, or  
11 otherwise enhancing the value of farm and agricultural  
12 products or by-products produced in Illinois.

13 Section 10. Legislative findings.

14 (a) The General Assembly finds that in this State the  
15 following conditions exist:

16 (1) There exists an inadequate supply of funds at  
17 interest rates sufficiently low to enable persons engaged  
18 in agriculture in this State to pursue agricultural or  
19 agribusiness operations at present levels.

20 (2) The inability to pursue agricultural operations  
21 lessens the supply of agricultural commodities available  
22 to fulfill the needs of the citizens of this State.

23 (3) The inability to continue operations decreases  
24 available employment in the agricultural sector of the  
25 State and results in unemployment and its attendant  
26 problems.

27 (4) These conditions prevent the acquisition of an  
28 adequate capital stock of farm equipment and machinery,  
29 much of which is manufactured in this State, therefore  
30 impairing the productivity of agricultural land and  
31 causing unemployment or lack of appropriate increase in  
32 employment in that manufacturing.

33 (5) These conditions are conducive to consolidation

1 of acreage of agricultural land with fewer individuals  
2 living and farming on the traditional family farm.

3 (6) These conditions result in a loss in  
4 population, unemployment, and movement of persons from  
5 rural to urban areas accompanied by added costs to  
6 communities for creation of new public facilities and  
7 services.

8 (7) There have been recurrent shortages of funds  
9 from private market sources at reasonable rates of  
10 interest.

11 (8) The ordinary operations of private enterprise  
12 have not in the past corrected these conditions.

13 (9) There is a need for value-added products and  
14 processing in this State.

15 (10) A stable supply of adequate funds for  
16 agricultural financing is required to encourage family  
17 farmers and agribusiness in an orderly and sustained  
18 manner and to reduce the problems described in this  
19 Section.

20 (b) The General Assembly determines and declares that  
21 there exist conditions in the State that require the  
22 Department to issue grants on behalf of the State for the  
23 acquisition and development of agricultural facilities and  
24 value-added products and processing.

25 Section 15. Infrastructure Development Advisory Board  
26 for Agriculture; grant requirements.

27 (a) The Infrastructure Development Advisory Board for  
28 Agriculture is created in the Department of Agriculture. The  
29 Advisory Board consists of 7 members, no more than 4 of whom  
30 may be of the same political party, appointed by the  
31 Governor. One Advisory Board member must represent each of  
32 the following: the banking and lending industry, the economic  
33 development industry, the agribusiness industry, and the

1 manufacturing industry. Three members must be involved in  
2 production agriculture. All members must be residents of the  
3 State.

4 In making the first appointments, the Governor must  
5 designate 2 members to serve until the third Monday in  
6 January, 2002, 2 members to serve until the third Monday in  
7 January, 2003, 2 members to serve until the third Monday in  
8 January, 2004, and one member to serve until the third Monday  
9 in January, 2005, or until their successors are appointed and  
10 qualified. The successors shall be appointed to serve 4-year  
11 terms expiring on the third Monday in January or until their  
12 successors are appointed and qualified. Any vacancy occurring  
13 in the Board whether by death, resignation, or otherwise  
14 shall be filled by appointment by the Governor in the same  
15 manner as original appointments. A member appointed to fill a  
16 vacancy shall serve for the remainder of the unexpired term  
17 or until his successor is qualified.

18 (b) The Director or his or her designee shall serve as  
19 chairman of the Advisory Board. Meetings of the Board will be  
20 called by the chair. Notice of special meetings shall be  
21 given to members of the Board as provided by law. Members may  
22 waive notice and do so without further action by being  
23 present at any meeting. Meetings of the Board are subject to  
24 the Open Meetings Act. Members of the Board may participate,  
25 and shall be counted for a quorum, in all meetings via  
26 electronic means including telephone conference calls or  
27 video conferencing.

28 (c) Four members of the Advisory Board and the chairman  
29 shall constitute a quorum at any meeting. No vacancy in the  
30 membership of the Board shall impair the right of a quorum to  
31 exercise all the rights and perform all the duties of the  
32 Advisory Board. The members of the Board shall serve without  
33 compensation, but each member shall be reimbursed for his or  
34 her necessary expenses incurred in the discharge of his or

1 her duties as a member of the Advisory Board.

2 (d) The Advisory Board shall review grant requests for  
3 the Agriculture Infrastructure Development Grant Program that  
4 are submitted to the Department and must advise the Director  
5 on whether the project should receive all or part of the  
6 funding request. The Board may request additional details and  
7 information on all grant submissions prior to making any  
8 recommendations to the Director. The Advisory Board, in  
9 reviewing the applications, must consider, but is not limited  
10 to considering the following criteria:

11 (1) The project has a reasonable assurance of  
12 enhancing the value of agricultural products or will  
13 expand agribusiness in Illinois.

14 (2) Preliminary market and feasibility research has  
15 been conducted by the applicant or others and there is a  
16 reasonable assurance of a potential market.

17 (3) The applicant has demonstrated the ability to  
18 manage the business or commercialize the idea.

19 (4) There is favorable community support for the  
20 project.

21 (5) There are favorable recommendations from local  
22 economic development groups, university-based technical  
23 specialists, or other qualified service providers.

24 (6) The applicant demonstrates a personal  
25 commitment and a commercialization development plan.

26 (7) There is an adequate and realistic budget  
27 projection.

28 (8) The application meets the eligibility  
29 requirements and the project costs are eligible under  
30 this Act.

31 (9) The applicant has established a need for the  
32 grant.

33 (10) The economic impact of the project on the  
34 State's agriculture and agribusiness sector.

1 (e) No grant may be made by the Director without a  
2 review and recommendation of the Advisory Board. The Director  
3 may include the Advisory Board's recommendations for a grant  
4 or to impose additional or lesser requirements for the grant.  
5 Preference for grants shall be given to, but is not limited  
6 to, the following:

7 (1) Proposals for industrial and nonfood production  
8 processes using Illinois agricultural products.

9 (2) Proposals for food, feed, and fiber products  
10 that use Illinois agricultural products and add to the  
11 value of Illinois agricultural products.

12 (3) Research proposals that have not been  
13 duplicated by other research efforts.

14 (4) Proposals that demonstrate that the applicant  
15 has invested his or her own funds, time, and or other  
16 valued consideration in the project.

17 (5) Proposals that are reasonably expected to  
18 result in a viable commercial application.

19 (6) Proposals that have a positive economic impact  
20 on the State's agriculture and agribusiness sector.

21 Section 20. Conflict of interest. No member of the  
22 Advisory Board may be employed by, hold any official relation  
23 to, or have any financial interest in (i) any corporation or  
24 entity receiving guarantees, advances, or grants under this  
25 Act or (ii) to any agricultural facility financed or assisted  
26 under this Act. No moneys of the Department may be deposited  
27 in any financial institution in which any officer, director,  
28 or holder of a substantial proprietary interest is also a  
29 member of the Board. No real estate to which a member of the  
30 Board holds legal title or in which that person has any  
31 beneficial interest, including any interest in a land trust,  
32 may be purchased or financed under this Act. In the event it  
33 is later disclosed that the applicant purchased real estate

1 in which a member had an interest, the purchase is void and  
2 the member involved shall be disqualified from membership on  
3 the Advisory Board.

4 Section 25. Report. The Director must file with the  
5 Governor, the State Treasurer, the Secretary of the Senate,  
6 and the Clerk of the House of Representatives, by March 1 of  
7 each year, a written report covering the activities of the  
8 Department for the previous calendar year. The report is a  
9 public record and must be available for inspection at the  
10 offices of the Department during normal business hours. The  
11 report must include a complete list of (i) all applications  
12 for grants under the Agriculture Infrastructure Development  
13 Grant Program during the calendar year; (ii) all persons that  
14 have received any form of financial assistance from the  
15 Department during the calendar year; and (iii) the nature and  
16 amount of all financial assistance.

17 Section 30. Powers of the Department. The Department  
18 has the following powers, together with all powers incidental  
19 to or necessary for the discharge of those powers:

20 (1) To grant its moneys to one or more persons to  
21 be used by those persons to pay the costs of acquiring,  
22 constructing, reconstructing, or improving agricultural  
23 facilities. Grants must be on any terms and conditions  
24 that the Department determines.

25 (2) To grant its moneys to any agribusiness which  
26 operates or will operate a facility located in Illinois  
27 for the purposes of adding value to Illinois agricultural  
28 commodities. Grants must be on any terms and conditions  
29 as the Department requires.

30 (3) To contract with lenders or others for the  
31 origination of or the servicing of the grants made by the  
32 Department.

1           (4) To receive and accept, from any source, aid or  
2 contributions of money, property, labor, or other items  
3 of value for furtherance of any of its purposes, subject  
4 to any conditions not inconsistent with this Act or the  
5 laws of this State pertaining to the contributions,  
6 including, but not limited to, gifts, guarantees, or  
7 grants from any department, agency, or instrumentality of  
8 the United States of America.

9           (5) To collect any fees and charges in connection  
10 with its grants, advances, servicing, and other  
11 activities that it determines.

12           (6) To appoint, employ, contract with, and provide  
13 for the compensation of any employees and agents,  
14 including, but not limited to, engineers, attorneys,  
15 management consultants, fiscal advisers, and  
16 agricultural, silvicultural, and aquacultural experts,  
17 that business of the Department requires. No Advisory  
18 Board member or member of his or her firm, business,  
19 partnership, or corporation shall be employed or  
20 compensated by the Department.

21           (7) To make, enter into, and execute any contracts,  
22 agreements, and other instruments with any person,  
23 including but not limited to, any federal, State, or  
24 local governmental agency and to take any other actions  
25 that may be necessary or convenient to accomplish any  
26 purpose for which this authority was granted to the  
27 Department or to exercise any power expressly granted  
28 under this Act.

29           (8) To establish funds for financial surety and  
30 escrow accounts.

31           (9) To adopt any necessary rules that are  
32 consistent with this Act.

33 Section 35. Liability. The Director, any Department

1 employee, or any authorized person executing grants is not  
2 personally liable on the grants and is not subject to any  
3 personal liability or accountability by reason of the  
4 issuance of the grants.

5 Section 40. Agriculture Infrastructure Development Grant  
6 Program.

7 (a) The Department must develop and administer an  
8 Agriculture Infrastructure Development Grant Program for the  
9 purpose of promoting the value-added processing of Illinois  
10 agriculture products and by-products through grants to  
11 current and potential processors. Qualifying processing  
12 facilities must be located in Illinois and must process,  
13 package, or otherwise enhance the value of farm products or  
14 by-products produced in Illinois. Grants may be used for the  
15 costs of developing, establishing, and operating a  
16 value-added processing facility, including, but not limited  
17 to, (i) purchasing land, (ii) purchasing, constructing, or  
18 refurbishing buildings, (iii) purchasing or refurbishing  
19 machinery or equipment, (iv) installation, (v) repairs, (vi)  
20 labor, (vii) professional services, and (viii) working  
21 capital.

22 The recipient of a grant under this Section must provide  
23 a minimum percentage, as determined by the Department, of the  
24 total cost of the processing project, with the balance of the  
25 project's total cost available from other sources. Other  
26 sources include, but are not limited to, commercial and  
27 private lenders, leasing companies, and grants. The  
28 recipient's match may be in cash, cash-equivalent  
29 investments, bonds, irrevocable letters of credit, or any  
30 combination thereof. A grant under this Section may provide  
31 (i) up to 75% of the cost for technical assistance to develop  
32 a project to enhance the value of agricultural products or  
33 expand agribusiness in Illinois but not to exceed \$25,000,

1 (ii) up to 50% of the cost of undertaking feasibility  
2 studies, competitive assessments, and consulting or  
3 productivity services that the Department determines may  
4 result in the enhancement of value-added agricultural  
5 products, and (iii) up to 10% of the project's total capital  
6 construction cost not to exceed \$5,000,000. Notwithstanding  
7 any other provision of this Section, the grant moneys may not  
8 be used for the purpose of compliance with the provisions of  
9 the Livestock Management Facilities Act.

10 Grant applications must be made on forms provided by and  
11 in accordance with procedures established by the Department.  
12 At a minimum, an applicant must be an Illinois resident, as  
13 defined by Department rule, and must provide the names,  
14 addresses, and occupations of all project owners, the project  
15 address, relevant credit and financial information (including  
16 but not limited to, assets and liabilities), and any other  
17 information deemed necessary by the Advisory Board or the  
18 Department for review of the grant application.

19 (b) All requests for the waiver of any requirements in  
20 this Section must be made in writing to the Department. A  
21 grant award is subject to modification or alteration under,  
22 but is not limited to, the following conditions:

23 (1) The grant award is subject to any modifications  
24 that may be required by changes in State law or  
25 regulations. Any required modification shall be  
26 incorporated into and made a part of the grant as  
27 provided in the Illinois Grant Funds Recovery. The  
28 Department shall notify the recipient in writing of any  
29 amendment to the regulations and the effective date of  
30 those amendments.

31 (2) A recipient's request for budget variations in  
32 the amount or line item costs shall be in writing by  
33 certified mail and shall give justifications for the  
34 requested variations. The Department may approve

1 modification requests if the Department determines the  
2 modification is necessary to achieve program objectives.  
3 Any changes in cost categories or line items shall not  
4 alter the activities or deliverables for the project. If  
5 the Department approves the modification request, the  
6 recipient must be notified in writing of the change and  
7 the effective date of the change.

8 (3) If either the Department or the recipient  
9 requests to modify the terms of the grant award other  
10 than as set forth in paragraphs (1) and (2), written  
11 notice of the proposed modification shall be given to the  
12 other party. No modification shall take effect unless  
13 agreed to in writing by both the Department and the  
14 recipient.

15 (c) The Agricultural Infrastructure Development Fund is  
16 created as a special fund within the State treasury.  
17 Appropriations and moneys from any public or private source  
18 may be deposited into the Fund. Amounts in the Fund not  
19 currently needed to meet the obligations of the Fund shall be  
20 invested as permitted by law. All interest earned from those  
21 investments shall be deposited into the Fund, except that 1%  
22 of annual investment earnings may be used by the Department  
23 for expenses. Subject to appropriation, the Fund shall be  
24 used to make grants under this Section. Repayments of grants  
25 made under this Section shall be deposited into the Fund.

26 Section 45. Project reporting. The grantee of a funded  
27 project shall submit to the Department periodic reports, as  
28 specified in the grant agreement, outlining progress,  
29 timeline, and budget compliance. Deviations from the  
30 agreement may result in the withholding of further funding or  
31 in a grant default. A final written report, describing the  
32 work performed, results obtained, and economic impact is  
33 required within 30 days after a project is completed. The

1 final report shall also include a financial report of all  
2 expenses actually incurred and income generated by the  
3 project, if any. Grantees may be required to submit to the  
4 Department the following information: employment reports,  
5 federal tax returns or financial statements, and other  
6 information as requested by the Department where economic or  
7 business conditions may be necessary to determine conformance  
8 with grant conditions. The Department may require the  
9 financial statements be compiled, reviewed, or audited by an  
10 independent accountant at the expense of the grantee at any  
11 time for 3 years following the completion of the grant.

12 Section 50. Certification. The Department may develop an  
13 organic, identity preserved, and or value-added certification  
14 processes and programs that guarantees a buyer that the  
15 certified Illinois products have traits and qualities that  
16 warrant a premium price or an increase in added value. The  
17 Department may adopt rules setting certification and  
18 licensing standards for persons to certify products under  
19 this Section.

20 Section 55. Market access. The Department may (i)  
21 identify international and domestic consumer preferences,  
22 (ii) identify the new markets those preferences indicate,  
23 particularly for value-added products, (iii) identify  
24 preserved products, (iv) underwrite demonstrations on foreign  
25 soils, and (v) provide market analyses and trend projections  
26 to farmers and other interested persons.

27 Section 60. Default or termination of grant agreement.  
28 If the recipient of a grant violates any of the terms of the  
29 grant agreement, the Department shall send a written notice  
30 to the recipient that he or she is in default and be given  
31 the opportunity to correct the violations.

1 (a) If the violation is not corrected within 10 days  
2 after receipt of the notification, the Director may take, but  
3 not is limited to, one or more of the following actions:

4 (1) Declare due and payable the amount of the grant  
5 and cease additional grant payments not yet made to the  
6 grantee.

7 (2) Take possession of the facility or project,  
8 repair, maintain, operate, sell, lease, or otherwise  
9 dispose of the project or facility to another entity.

10 (3) Take any other action considered appropriate to  
11 protect the interest of the project.

12 (b) The Department shall determine that a recipient has  
13 failed to faithfully perform the terms and conditions of the  
14 scope of work of the project when:

15 (1) The Department has notified the recipient in  
16 writing of the existence of circumstances such as  
17 repeated failure to submit required reports,  
18 misapplication of grant funds, failure to match  
19 Department funds, evidence of fraud and abuse, repeated  
20 failure to meet performance timelines or standards, or  
21 failure to resolve negotiated points of the agreement.

22 (2) The recipient fails to develop and implement a  
23 corrective action plan within 30 calendar days of the  
24 Department's notice.

25 (c) A grant shall be terminated for, but termination is  
26 not limited to, under any of the following circumstances:

27 (1) In the absence of State funding for a specific  
28 year, all grants that year will be terminated in full.  
29 In the event of a partial loss of State funding, the  
30 Department may make proportionate cuts to all recipients.

31 (2) If the Department determines that the recipient  
32 has failed to comply with the terms and conditions of the  
33 grant agreement, the Department shall terminate the grant  
34 in whole, or in part, at any time before the date of

1 completion.

2 (3) The Department and the recipient shall  
3 terminate the grant in whole, or in part, when the  
4 Department and recipient agree that the continuation of  
5 the project would not produce beneficial results  
6 commensurate with the further expenditures of funds.

7 (4) The recipient may refuse or elect not to  
8 complete the grant agreement and terminate the grant. The  
9 recipient shall notify the Department within 10 days  
10 after the date upon which performance ceases.

11 (d) Any money collected from the default or termination  
12 of a grant shall be placed into the Fund and expended for the  
13 purposes of this Act.

14 Section 65. State agriculture planning agency. The  
15 Department is the State agriculture planning agency. The  
16 Department may accept and use planning grants or other  
17 financial assistance from the federal government (i) for  
18 statewide comprehensive planning work, including research and  
19 coordination activity directly related to agriculture needs;

27 Section 800. The Open Meetings Act is amended by  
28 changing Section 1.02 as follows:

29 (5 ILCS 120/1.02) (from Ch. 102, par. 41.02)

30 Sec. 1.02. For the purposes of this Act:

1 "Meeting" means any gathering of a majority of a quorum  
2 of the members of a public body held for the purpose of  
3 discussing public business.

4 "Public body" includes all legislative, executive,  
5 administrative or advisory bodies of the State, counties,  
6 townships, cities, villages, incorporated towns, school  
7 districts and all other municipal corporations, boards,  
8 bureaus, committees or commissions of this State, and any  
9 subsidiary bodies of any of the foregoing including but not  
10 limited to committees and subcommittees which are supported  
11 in whole or in part by tax revenue, or which expend tax  
12 revenue, except the General Assembly and committees or  
13 commissions thereof. "Public body" includes tourism boards  
14 and convention or civic center boards located in counties  
15 that are contiguous to the Mississippi River with populations  
16 of more than 250,000 but less than 300,000. "Public body"  
17 includes the Health Facilities Planning Board. "Public body"  
18 includes the Infrastructure Development Advisory Board for  
19 Agriculture. "Public body" does not include a child death  
20 review team established under the Child Death Review Team Act  
21 or an ethics commission, ethics officer, or ultimate  
22 jurisdictional authority acting under the State Gift Ban Act  
23 as provided by Section 80 of that Act.
