- 1 AN ACT concerning abortion.
- 2 Be it enacted by the People of the State of Illinois,
- 3 represented in the General Assembly:
- 4 Section 5. The Illinois Abortion Law of 1975 is amended
- 5 by changing Section 6 as follows:
- 6 (720 ILCS 510/6) (from Ch. 38, par. 81-26)
- 7 Sec. 6. (1) (a) Any physician who intentionally performs
- 8 an abortion when, in his medical judgment based on the
- 9 particular facts of the case before him, there is a
- 10 reasonable likelihood of sustained survival of the fetus
- 11 outside the womb, with or without artificial support, shall
- 12 utilize that method of abortion which, of those he knows to
- 13 be available, is in his medical judgment most likely to
- 14 preserve the life and health of the fetus.
- 15 (b) The physician shall certify in writing, on a form
- 16 prescribed by the Department under Section 10 of this Act,
- 17 the available methods considered and the reasons for choosing
- 18 the method employed.
- 19 (c) Any physician who intentionally, knowingly, or
- 20 recklessly violates the provisions of Section 6(1)(a) commits
- 21 a Class 3 felony.
- 22 (2) (a) No abortion shall be performed or induced when
- 23 the fetus is viable unless there is in attendance a physician
- 24 other than the physician performing or inducing the abortion
- 25 who shall take control of and provide immediate medical care
- 26 for any child born alive as a result of the abortion. No
- 27 <u>abortion procedure which, in the medical judgment of the</u>
- 28 <u>attending physician, has a reasonable likelihood of resulting</u>
- 29 <u>in a live born child shall be undertaken unless there is in</u>
- 30 <u>attendance a physician other than the physician performing or</u>
- 31 <u>inducing the abortion who shall assess the child's viability</u>

felony.

1 and provide medical care for the child. These requirements 2 This--requirement shall not apply when, in the medical judgment of the physician performing or inducing the abortion 3 based on the particular facts of the case before him, there 4 5 exists a medical emergency; in such a case, the physician б shall describe the basis of this judgment on the form prescribed by Section 10 of this Act. In any event, a 7 8 physician inducing or performing an abortion which results in 9 a live born child shall provide for the soonest practicable attendance of a physician other than the physician performing 10 11 or inducing the abortion to immediately assess the child's viability and provide medical care for the child. 12 Any physician who intentionally performs or induces such an 13 abortion and who intentionally, knowingly, or recklessly 14 fails to arrange for the attendance of such a second 15 16 physician in violation of Section 6(2)(a) commits a Class 3

- (b) Subsequent to the abortion, if a child is born alive, the physician required by Section 6(2)(a) to be in attendance shall exercise the same degree of professional skill, care and diligence to preserve the life and health of the child as would be required of a physician providing immediate medical care to a child born alive in the course of a pregnancy termination which was not an abortion. Any such physician who intentionally, knowingly, or recklessly violates Section 6(2)(b) commits a Class 3 felony.
- 27 (3) The law of this State shall not be construed to
 28 imply that any living individual organism of the species homo
 29 sapiens who has been born alive is not an individual under
 30 the "Criminal Code of 1961," approved July 28, 1961, as
 31 amended.
- 32 (3.5) A live child born as a result of an abortion shall
 33 be fully recognized as a human person and accorded immediate
 34 protection under the law. All reasonable measures consistent

- with good medical practice, including the compilation of 1
- 2 appropriate medical records, shall be taken to preserve the
- life and health of the child. 3
- 4 (4) (a) Any physician who intentionally performs an
- 5 in his medical judgment based on the abortion when,
- particular facts of the case before him, there is 6
- 7 reasonable possibility of sustained survival of the fetus
- outside the womb, with or without artificial support, shall 8
- 9 utilize that method of abortion which, of those he knows to
- be available, is in his medical judgment most likely to 10
- 11 preserve the life and health of the fetus.
- (b) The physician shall certify in writing, on a form 12
- prescribed by the Department under Section 10 of this Act, 13
- the available methods considered and the reasons for choosing 14
- 15 the method employed.
- 16 (c) Any physician who intentionally, knowingly, or
- recklessly violates the provisions of Section 6(4)(a) commits 17
- a Class 3 felony. 18
- 19 (5) Nothing in Section 6 requires a physician to employ
- a method of abortion which, in the medical judgment of the 20
- physician performing the abortion based on the particular 21
- facts of the case before him, would increase medical risk to 22
- 23 the mother.

1 fetus by the particular method of abortion to be employed.

2 Any person who performs an abortion with knowledge that any

3 such reasonable medical certainty exists and that such an

4 anesthetic or analgesic is available, and intentionally fails

to so inform the woman or to ascertain that the woman has

been so informed commits a Class B misdemeanor. The foregoing

requirements of subsection (6) of Section 6 shall not apply

(a) when in the medical judgment of the physician who is to

perform the abortion or the referring physician based upon

the particular facts of the case before him: (i) there exists

a medical emergency, or (ii) the administration of such an

anesthetic or analgesic would decrease a possibility of

sustained survival of the fetus apart from the body of the

mother, with or without artificial support, or (b) when the

physician who is to perform the abortion administers an

anesthetic or an analgesic to the woman or the fetus and he

knows there exists reasonable medical certainty that such use

will abolish organic pain caused to the fetus during the

course of the abortion.

(7) No person shall sell or experiment upon a fetus produced by the fertilization of a human ovum by a human sperm unless such experimentation is therapeutic to the fetus thereby produced. Intentional violation of this section is a Class A misdemeanor. Nothing in this subsection (7) is intended to prohibit the performance of in vitro

fertilization.

(8) No person shall intentionally perform an abortion with knowledge that the pregnant woman is seeking the abortion solely on account of the sex of the fetus. Nothing in Section 6(8) shall be construed to proscribe the performance of an abortion on account of the sex of the fetus because of a genetic disorder linked to that sex. If the application of Section 6(8) to the period of pregnancy prior to viability is held invalid, then such invalidity shall not

- 1 affect its application to the period of pregnancy subsequent
- 2 to viability.
