

1 buildings, buildings or portions of buildings in which there  
2 are special circumstances such as high electrical voltage or  
3 extreme heat or cold, and other factors that the Director  
4 determines are appropriate. The Director shall recommend the  
5 appropriate placement of the automated external  
6 defibrillators in State buildings on the basis of the  
7 guidelines. The recommendations shall at least include, when  
8 appropriate, placement in State buildings in which more than  
9 200 persons may be present at any particular time.

10 The Director of Public Health shall establish guidelines  
11 with respect to placing automated external defibrillators in  
12 all public and private school buildings and other school  
13 facilities, including appropriate placements and the training  
14 of personnel for use of automated external defibrillators at  
15 school-sponsored athletic activities and events. By March  
16 1, 2002, the Director shall recommend a program of assistance  
17 and training to enable schools' compliance with the  
18 guidelines.

20 (410 ILCS 4/30)

21 Sec. 30. Exemption from civil liability.

22 (a) A physician licensed in Illinois to practice  
23 medicine in all its branches who authorizes the purchase of  
24 an automated external defibrillator is not liable for civil  
25 damages as a result of any act or omission arising out of  
26 authorizing the purchase of an automated external  
27 defibrillator, except for willful or wanton misconduct, if  
28 the requirements of this Act are met.

29 (b) An individual or entity providing training in the  
30 use of automated external defibrillators is not liable for  
31 civil damages as a result of any act or omission involving  
32 the use of an automated external defibrillator, except for  
33 willful or wanton misconduct, if the requirements of this Act

1 are met.

2 (c) A person owning, occupying, or managing the premises  
3 where an automated external defibrillator is located or to  
4 which an automated external defibrillator has been moved for  
5 use is not liable for civil damages as a result of any act or  
6 omission involving the use of an automated external  
7 defibrillator, except for willful or wanton misconduct, if  
8 the requirements of this Act are met.

9 (d) A trained AED user is not liable for civil damages  
10 as a result of any act or omission involving the use of an  
11 automated external defibrillator in an emergency situation,  
12 except for willful or wanton misconduct, if the requirements  
13 of this Act are met.
