10 chief engineer, assistant chief engineers, deputy attorney,
11 head assistant attorneys, assistant director of research and
12 development, assistant director of information technology,
13 comptroller, assistant treasurer, assistant purchasing agent
14 and laborers, shall be subjected to examination, which shall
15 be public and competitive with limitations specified in the
16 rules of the Director as to residence, age, sex, health,
17 habits, moral character and qualifications to perform the
18 duties of the office or place to be filled, which
19 qualifications shall be prescribed in advance of such
20 examination. Such examinations shall be practical in their
21 character, and shall relate to those matters which will
22 fairly test the relative capacity of the persons examined to
23 discharge the duties of the position to which they seek to be
24 appointed, and may include tests of physical qualifications
25 and health and when appropriate, of manual skill. No
26 question in any examination shall relate to political or
27 religious opinions or affiliations. The Director shall
28 control all examinations, and may, whenever an examination is
29 to take place, designate a suitable number of persons to be
30 special examiners and it shall be the duty of such special
31 examiners to conduct such examinations as the Director may

1 direct, and to make return and report thereof to him; and he
2 may at any time substitute any other person in the place of
3 any one so selected; and he may himself, at any time, act as
4 such special examiner, and without appointing other special
5 examiners. The Director shall, by rule, provide for and
6 shall hold sufficient number of examinations to provide a
7 sufficient number of eligibles on the register for each grade
8 of position in the classified civil service, and if any place
9 in the classified civil service shall become vacant, to which
10 there is no person eligible for appointment, he shall hold an
11 examination for such position and repeat the same, if
12 necessary, until a vacancy is filled in accordance with the
13 provisions of this Act.

14 Eligible registers shall remain in force for 3 years,
15 except the eligible register for laborers which shall remain
16 in force for 4 years and except the eligible registers for
17 student programs and entry level engineering positions which,
18 in the Director's discretion, may remain in force for one
19 year.

20 Examinations for an eligible list for each position in
21 the classified service above mentioned shall be held at least
22 once in 3 years and at least annually for student programs
23 and entry level engineering positions if the Director has
24 limited the duration of the registers for those positions to
25 one year, unless the Director determines that such
26 examinations are not necessary because no vacancy exists.

27 To help defray expenses of examinations, the sanitary
28 district may, but need not, charge a fee to each applicant
29 who desires to take a civil service examination provided for
30 by this Act. The amount of such fees shall be set by the
31 corporate authority of the sanitary district. Such fees
32 shall be deposited in the corporate fund of the district.

12 the register of eligibles for the position, or (b) of the
13 candidates within the highest ranking group upon the register
14 of eligibles if the register is by categories such as
15 excellent, well qualified, and qualified, provided, however,
16 that any certification shall consist of at least 5 names, if
17 available. The Director shall certify names from succeeding
18 categories in the order of excellence of the categories until
19 at least 5 names are provided to the appointing officer. The
20 appointing officer shall notify the Director of each position

13 specified by the commissioners, together with a statement of
14 the facts in each case because of which the authority was
15 granted.

16 The acceptance or refusal by an eligible person of a
17 temporary appointment does not affect his standing on the
18 register for permanent appointment.

19 All laborers shall be appointed by the General
20 Superintendent and shall be on probation for a period to be
21 fixed by the rules, not exceeding one year.

22 The deputy chief engineer, the assistant chief engineers,
