

AN ACT concerning education.

**Be it enacted by the People of the State of Illinois,
represented in the General Assembly:**

Section 5. The Illinois Municipal Code is amended by changing Section 11-74.4-7 as follows:

(65 ILCS 5/11-74.4-7) (from Ch. 24, par. 11-74.4-7)

Sec. 11-74.4-7. Obligations secured by the special tax allocation fund set forth in Section 11-74.4-8 for the redevelopment project area may be issued to provide for redevelopment project costs. Such obligations, when so issued, shall be retired in the manner provided in the ordinance authorizing the issuance of such obligations by the receipts of taxes levied as specified in Section 11-74.4-9 against the taxable property included in the area, by revenues as specified by Section 11-74.4-8a and other revenue designated by the municipality. A municipality may in the ordinance pledge all or any part of the funds in and to be deposited in the special tax allocation fund created pursuant to Section 11-74.4-8 to the payment of the redevelopment project costs and obligations. Any pledge of funds in the special tax allocation fund shall provide for distribution to the taxing districts and to the Illinois Department of Revenue of moneys not required, pledged, earmarked, or otherwise designated for payment and securing of

the obligations and anticipated redevelopment project costs and such excess funds shall be calculated annually and deemed to be "surplus" funds. In the event a municipality only applies or pledges a portion of the funds in the special tax allocation fund for the payment or securing of anticipated redevelopment project costs or of obligations, any such funds remaining in the special tax allocation fund after complying with the requirements of the application or pledge, shall also be calculated annually and deemed "surplus" funds. All surplus funds in the special tax allocation fund shall be distributed annually within 180 days after the close of the municipality's fiscal year by being paid by the municipal treasurer to the County Collector, to the Department of Revenue and to the municipality in direct proportion to the tax incremental revenue received as a result of an increase in the equalized assessed value of property in the redevelopment project area, tax incremental revenue received from the State and tax incremental revenue received from the municipality, but not to exceed as to each such source the total incremental revenue received from that source. The County Collector shall thereafter make distribution to the respective taxing districts in the same manner and proportion as the most recent distribution by the county collector to the affected districts of real property taxes from real property in the redevelopment project area.

Without limiting the foregoing in this Section, the

municipality may in addition to obligations secured by the special tax allocation fund pledge for a period not greater than the term of the obligations towards payment of such obligations any part or any combination of the following: (a) net revenues of all or part of any redevelopment project; (b) taxes levied and collected on any or all property in the municipality; (c) the full faith and credit of the municipality; (d) a mortgage on part or all of the redevelopment project; (d-5) repayment of bonds issued pursuant to subsection (p-130) of Section 19-1 of the School Code; or (e) any other taxes or anticipated receipts that the municipality may lawfully pledge.

Such obligations may be issued in one or more series bearing interest at such rate or rates as the corporate authorities of the municipality shall determine by ordinance. Such obligations shall bear such date or dates, mature at such time or times not exceeding 20 years from their respective dates, be in such denomination, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, contain such covenants, terms and conditions, and be subject to redemption as such ordinance shall provide. Obligations issued pursuant to this Act may be sold at public or private sale at such price as shall be determined by the corporate authorities of the municipalities. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant

to this Division except as provided in this Section.

In the event the municipality authorizes issuance of obligations pursuant to the authority of this Division secured by the full faith and credit of the municipality, which obligations are other than obligations which may be issued under home rule powers provided by Article VII, Section 6 of the Illinois Constitution, or pledges taxes pursuant to (b) or (c) of the second paragraph of this section, the ordinance authorizing the issuance of such obligations or pledging such taxes shall be published within 10 days after such ordinance has been passed in one or more newspapers, with general circulation within such municipality. The publication of the ordinance shall be accompanied by a notice of (1) the specific number of voters required to sign a petition requesting the question of the issuance of such obligations or pledging taxes to be submitted to the electors; (2) the time in which such petition must be filed; and (3) the date of the prospective referendum. The municipal clerk shall provide a petition form to any individual requesting one.

If no petition is filed with the municipal clerk, as hereinafter provided in this Section, within 30 days after the publication of the ordinance, the ordinance shall be in effect. But, if within that 30 day period a petition is filed with the municipal clerk, signed by electors in the municipality numbering 10% or more of the number of registered voters in the municipality, asking that the question of issuing obligations

using full faith and credit of the municipality as security for the cost of paying for redevelopment project costs, or of pledging taxes for the payment of such obligations, or both, be submitted to the electors of the municipality, the corporate authorities of the municipality shall call a special election in the manner provided by law to vote upon that question, or, if a general, State or municipal election is to be held within a period of not less than 30 or more than 90 days from the date such petition is filed, shall submit the question at the next general, State or municipal election. If it appears upon the canvass of the election by the corporate authorities that a majority of electors voting upon the question voted in favor thereof, the ordinance shall be in effect, but if a majority of the electors voting upon the question are not in favor thereof, the ordinance shall not take effect.

The ordinance authorizing the obligations may provide that the obligations shall contain a recital that they are issued pursuant to this Division, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

In the event the municipality authorizes issuance of obligations pursuant to this Section secured by the full faith and credit of the municipality, the ordinance authorizing the obligations may provide for the levy and collection of a direct annual tax upon all taxable property within the municipality sufficient to pay the principal thereof and interest thereon as

it matures, which levy may be in addition to and exclusive of the maximum of all other taxes authorized to be levied by the municipality, which levy, however, shall be abated to the extent that monies from other sources are available for payment of the obligations and the municipality certifies the amount of said monies available to the county clerk.

A certified copy of such ordinance shall be filed with the county clerk of each county in which any portion of the municipality is situated, and shall constitute the authority for the extension and collection of the taxes to be deposited in the special tax allocation fund.

A municipality may also issue its obligations to refund in whole or in part, obligations theretofore issued by such municipality under the authority of this Act, whether at or prior to maturity, provided however, that the last maturity of the refunding obligations may not be later than the dates set forth under Section 11-74.4-3.5.

In the event a municipality issues obligations under home rule powers or other legislative authority the proceeds of which are pledged to pay for redevelopment project costs, the municipality may, if it has followed the procedures in conformance with this division, retire said obligations from funds in the special tax allocation fund in amounts and in such manner as if such obligations had been issued pursuant to the provisions of this division.

All obligations heretofore or hereafter issued pursuant to

this Act shall not be regarded as indebtedness of the municipality issuing such obligations or any other taxing district for the purpose of any limitation imposed by law.

Section 10. The School Code is amended by changing Sections 19-1 and 19-11 as follows:

(105 ILCS 5/19-1)

Sec. 19-1. Debt limitations of school districts.

(a) School districts shall not be subject to the provisions limiting their indebtedness prescribed in the Local Government Debt Limitation Act.

No school districts maintaining grades K through 8 or 9 through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 6.9% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum

that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

No school districts maintaining grades K through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 13.8% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

No partial elementary unit district, as defined in Article 11E of this Code, shall become indebted in any manner or for any purpose in an amount, including existing indebtedness, in the aggregate exceeding 6.9% of the value of the taxable property of the entire district, to be ascertained by the last assessment for State and county taxes, plus an amount, including existing indebtedness, in the aggregate exceeding 6.9% of the value of the taxable property of that portion of the district included in the elementary and high school classification, to be ascertained by the last assessment for State and county taxes. Moreover, no partial elementary unit district, as defined in Article 11E of this Code, shall become

indebted on account of bonds issued by the district for high school purposes in the aggregate exceeding 6.9% of the value of the taxable property of the entire district, to be ascertained by the last assessment for State and county taxes, nor shall the district become indebted on account of bonds issued by the district for elementary purposes in the aggregate exceeding 6.9% of the value of the taxable property for that portion of the district included in the elementary and high school classification, to be ascertained by the last assessment for State and county taxes.

Notwithstanding the provisions of any other law to the contrary, in any case in which the voters of a school district have approved a proposition for the issuance of bonds of such school district at an election held prior to January 1, 1979, and all of the bonds approved at such election have not been issued, the debt limitation applicable to such school district during the calendar year 1979 shall be computed by multiplying the value of taxable property therein, including personal property, as ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness, by the percentage limitation applicable to such school district under the provisions of this subsection (a).

(b) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, additional indebtedness may be incurred in an amount not to exceed the estimated cost of acquiring or improving school sites or constructing and

equipping additional building facilities under the following conditions:

(1) Whenever the enrollment of students for the next school year is estimated by the board of education to increase over the actual present enrollment by not less than 35% or by not less than 200 students or the actual present enrollment of students has increased over the previous school year by not less than 35% or by not less than 200 students and the board of education determines that additional school sites or building facilities are required as a result of such increase in enrollment; and

(2) When the Regional Superintendent of Schools having jurisdiction over the school district and the State Superintendent of Education concur in such enrollment projection or increase and approve the need for such additional school sites or building facilities and the estimated cost thereof; and

(3) When the voters in the school district approve a proposition for the issuance of bonds for the purpose of acquiring or improving such needed school sites or constructing and equipping such needed additional building facilities at an election called and held for that purpose. Notice of such an election shall state that the amount of indebtedness proposed to be incurred would exceed the debt limitation otherwise applicable to the school district. The ballot for such proposition shall state what percentage

of the equalized assessed valuation will be outstanding in bonds if the proposed issuance of bonds is approved by the voters; or

(4) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if the school board determines that additional facilities are needed to provide a quality educational program and not less than 2/3 of those voting in an election called by the school board on the question approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose; or

(5) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if (i) the school district has previously availed itself of the provisions of paragraph (4) of this subsection (b) to enable it to issue bonds, (ii) the voters of the school district have not defeated a proposition for the issuance of bonds since the referendum described in paragraph (4) of this subsection (b) was held, (iii) the school board determines that additional facilities are needed to provide a quality educational program, and (iv) a majority of those voting in an election called by the school board on the question approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose.

In no event shall the indebtedness incurred pursuant to

this subsection (b) and the existing indebtedness of the school district exceed 15% of the value of the taxable property therein to be ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979.

The indebtedness provided for by this subsection (b) shall be in addition to and in excess of any other debt limitation.

(c) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, in any case in which a public question for the issuance of bonds of a proposed school district maintaining grades kindergarten through 12 received at least 60% of the valid ballots cast on the question at an election held on or prior to November 8, 1994, and in which the bonds approved at such election have not been issued, the school district pursuant to the requirements of Section 11A-10 (now repealed) may issue the total amount of bonds approved at such election for the purpose stated in the question.

(d) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, a school district that meets all the criteria set forth in paragraphs (1) and (2) of this subsection (d) may incur an additional indebtedness in an amount not to exceed \$4,500,000, even though the amount of the additional indebtedness authorized by this subsection (d),

when incurred and added to the aggregate amount of indebtedness of the district existing immediately prior to the district incurring the additional indebtedness authorized by this subsection (d), causes the aggregate indebtedness of the district to exceed the debt limitation otherwise applicable to that district under subsection (a):

(1) The additional indebtedness authorized by this subsection (d) is incurred by the school district through the issuance of bonds under and in accordance with Section 17-2.11a for the purpose of replacing a school building which, because of mine subsidence damage, has been closed as provided in paragraph (2) of this subsection (d) or through the issuance of bonds under and in accordance with Section 19-3 for the purpose of increasing the size of, or providing for additional functions in, such replacement school buildings, or both such purposes.

(2) The bonds issued by the school district as provided in paragraph (1) above are issued for the purposes of construction by the school district of a new school building pursuant to Section 17-2.11, to replace an existing school building that, because of mine subsidence damage, is closed as of the end of the 1992-93 school year pursuant to action of the regional superintendent of schools of the educational service region in which the district is located under Section 3-14.22 or are issued for the purpose of increasing the size of, or providing for

additional functions in, the new school building being constructed to replace a school building closed as the result of mine subsidence damage, or both such purposes.

(e) (Blank).

(f) Notwithstanding the provisions of subsection (a) of this Section or of any other law, bonds in not to exceed the aggregate amount of \$5,500,000 and issued by a school district meeting the following criteria shall not be considered indebtedness for purposes of any statutory limitation and may be issued in an amount or amounts, including existing indebtedness, in excess of any heretofore or hereafter imposed statutory limitation as to indebtedness:

(1) At the time of the sale of such bonds, the board of education of the district shall have determined by resolution that the enrollment of students in the district is projected to increase by not less than 7% during each of the next succeeding 2 school years.

(2) The board of education shall also determine by resolution that the improvements to be financed with the proceeds of the bonds are needed because of the projected enrollment increases.

(3) The board of education shall also determine by resolution that the projected increases in enrollment are the result of improvements made or expected to be made to passenger rail facilities located in the school district.

Notwithstanding the provisions of subsection (a) of this

Section or of any other law, a school district that has availed itself of the provisions of this subsection (f) prior to July 22, 2004 (the effective date of Public Act 93-799) may also issue bonds approved by referendum up to an amount, including existing indebtedness, not exceeding 25% of the equalized assessed value of the taxable property in the district if all of the conditions set forth in items (1), (2), and (3) of this subsection (f) are met.

(g) Notwithstanding the provisions of subsection (a) of this Section or any other law, bonds in not to exceed an aggregate amount of 25% of the equalized assessed value of the taxable property of a school district and issued by a school district meeting the criteria in paragraphs (i) through (iv) of this subsection shall not be considered indebtedness for purposes of any statutory limitation and may be issued pursuant to resolution of the school board in an amount or amounts, including existing indebtedness, in excess of any statutory limitation of indebtedness heretofore or hereafter imposed:

(i) The bonds are issued for the purpose of constructing a new high school building to replace two adjacent existing buildings which together house a single high school, each of which is more than 65 years old, and which together are located on more than 10 acres and less than 11 acres of property.

(ii) At the time the resolution authorizing the issuance of the bonds is adopted, the cost of constructing

a new school building to replace the existing school building is less than 60% of the cost of repairing the existing school building.

(iii) The sale of the bonds occurs before July 1, 1997.

(iv) The school district issuing the bonds is a unit school district located in a county of less than 70,000 and more than 50,000 inhabitants, which has an average daily attendance of less than 1,500 and an equalized assessed valuation of less than \$29,000,000.

(h) Notwithstanding any other provisions of this Section or the provisions of any other law, until January 1, 1998, a community unit school district maintaining grades K through 12 may issue bonds up to an amount, including existing indebtedness, not exceeding 27.6% of the equalized assessed value of the taxable property in the district, if all of the following conditions are met:

(i) The school district has an equalized assessed valuation for calendar year 1995 of less than \$24,000,000;

(ii) The bonds are issued for the capital improvement, renovation, rehabilitation, or replacement of existing school buildings of the district, all of which buildings were originally constructed not less than 40 years ago;

(iii) The voters of the district approve a proposition for the issuance of the bonds at a referendum held after March 19, 1996; and

(iv) The bonds are issued pursuant to Sections 19-2

through 19-7 of this Code.

(i) Notwithstanding any other provisions of this Section or the provisions of any other law, until January 1, 1998, a community unit school district maintaining grades K through 12 may issue bonds up to an amount, including existing indebtedness, not exceeding 27% of the equalized assessed value of the taxable property in the district, if all of the following conditions are met:

(i) The school district has an equalized assessed valuation for calendar year 1995 of less than \$44,600,000;

(ii) The bonds are issued for the capital improvement, renovation, rehabilitation, or replacement of existing school buildings of the district, all of which existing buildings were originally constructed not less than 80 years ago;

(iii) The voters of the district approve a proposition for the issuance of the bonds at a referendum held after December 31, 1996; and

(iv) The bonds are issued pursuant to Sections 19-2 through 19-7 of this Code.

(j) Notwithstanding any other provisions of this Section or the provisions of any other law, until January 1, 1999, a community unit school district maintaining grades K through 12 may issue bonds up to an amount, including existing indebtedness, not exceeding 27% of the equalized assessed value of the taxable property in the district if all of the following

conditions are met:

(i) The school district has an equalized assessed valuation for calendar year 1995 of less than \$140,000,000 and a best 3 months average daily attendance for the 1995-96 school year of at least 2,800;

(ii) The bonds are issued to purchase a site and build and equip a new high school, and the school district's existing high school was originally constructed not less than 35 years prior to the sale of the bonds;

(iii) At the time of the sale of the bonds, the board of education determines by resolution that a new high school is needed because of projected enrollment increases;

(iv) At least 60% of those voting in an election held after December 31, 1996 approve a proposition for the issuance of the bonds; and

(v) The bonds are issued pursuant to Sections 19-2 through 19-7 of this Code.

(k) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, a school district that meets all the criteria set forth in paragraphs (1) through (4) of this subsection (k) may issue bonds to incur an additional indebtedness in an amount not to exceed \$4,000,000 even though the amount of the additional indebtedness authorized by this subsection (k), when incurred and added to the aggregate amount of indebtedness of the school district existing immediately

prior to the school district incurring such additional indebtedness, causes the aggregate indebtedness of the school district to exceed or increases the amount by which the aggregate indebtedness of the district already exceeds the debt limitation otherwise applicable to that school district under subsection (a):

(1) the school district is located in 2 counties, and a referendum to authorize the additional indebtedness was approved by a majority of the voters of the school district voting on the proposition to authorize that indebtedness;

(2) the additional indebtedness is for the purpose of financing a multi-purpose room addition to the existing high school;

(3) the additional indebtedness, together with the existing indebtedness of the school district, shall not exceed 17.4% of the value of the taxable property in the school district, to be ascertained by the last assessment for State and county taxes; and

(4) the bonds evidencing the additional indebtedness are issued, if at all, within 120 days of August 14, 1998 (the effective date of Public Act 90-757).

(1) Notwithstanding any other provisions of this Section or the provisions of any other law, until January 1, 2000, a school district maintaining grades kindergarten through 8 may issue bonds up to an amount, including existing indebtedness, not exceeding 15% of the equalized assessed value of the

taxable property in the district if all of the following conditions are met:

(i) the district has an equalized assessed valuation for calendar year 1996 of less than \$10,000,000;

(ii) the bonds are issued for capital improvement, renovation, rehabilitation, or replacement of one or more school buildings of the district, which buildings were originally constructed not less than 70 years ago;

(iii) the voters of the district approve a proposition for the issuance of the bonds at a referendum held on or after March 17, 1998; and

(iv) the bonds are issued pursuant to Sections 19-2 through 19-7 of this Code.

(m) Notwithstanding any other provisions of this Section or the provisions of any other law, until January 1, 1999, an elementary school district maintaining grades K through 8 may issue bonds up to an amount, excluding existing indebtedness, not exceeding 18% of the equalized assessed value of the taxable property in the district, if all of the following conditions are met:

(i) The school district has an equalized assessed valuation for calendar year 1995 or less than \$7,700,000;

(ii) The school district operates 2 elementary attendance centers that until 1976 were operated as the attendance centers of 2 separate and distinct school districts;

(iii) The bonds are issued for the construction of a new elementary school building to replace an existing multi-level elementary school building of the school district that is not accessible at all levels and parts of which were constructed more than 75 years ago;

(iv) The voters of the school district approve a proposition for the issuance of the bonds at a referendum held after July 1, 1998; and

(v) The bonds are issued pursuant to Sections 19-2 through 19-7 of this Code.

(n) Notwithstanding the debt limitation prescribed in subsection (a) of this Section or any other provisions of this Section or of any other law, a school district that meets all of the criteria set forth in paragraphs (i) through (vi) of this subsection (n) may incur additional indebtedness by the issuance of bonds in an amount not exceeding the amount certified by the Capital Development Board to the school district as provided in paragraph (iii) of this subsection (n), even though the amount of the additional indebtedness so authorized, when incurred and added to the aggregate amount of indebtedness of the district existing immediately prior to the district incurring the additional indebtedness authorized by this subsection (n), causes the aggregate indebtedness of the district to exceed the debt limitation otherwise applicable by law to that district:

(i) The school district applies to the State Board of

Education for a school construction project grant and submits a district facilities plan in support of its application pursuant to Section 5-20 of the School Construction Law.

(ii) The school district's application and facilities plan are approved by, and the district receives a grant entitlement for a school construction project issued by, the State Board of Education under the School Construction Law.

(iii) The school district has exhausted its bonding capacity or the unused bonding capacity of the district is less than the amount certified by the Capital Development Board to the district under Section 5-15 of the School Construction Law as the dollar amount of the school construction project's cost that the district will be required to finance with non-grant funds in order to receive a school construction project grant under the School Construction Law.

(iv) The bonds are issued for a "school construction project", as that term is defined in Section 5-5 of the School Construction Law, in an amount that does not exceed the dollar amount certified, as provided in paragraph (iii) of this subsection (n), by the Capital Development Board to the school district under Section 5-15 of the School Construction Law.

(v) The voters of the district approve a proposition

for the issuance of the bonds at a referendum held after the criteria specified in paragraphs (i) and (iii) of this subsection (n) are met.

(vi) The bonds are issued pursuant to Sections 19-2 through 19-7 of the School Code.

(o) Notwithstanding any other provisions of this Section or the provisions of any other law, until November 1, 2007, a community unit school district maintaining grades K through 12 may issue bonds up to an amount, including existing indebtedness, not exceeding 20% of the equalized assessed value of the taxable property in the district if all of the following conditions are met:

(i) the school district has an equalized assessed valuation for calendar year 2001 of at least \$737,000,000 and an enrollment for the 2002-2003 school year of at least 8,500;

(ii) the bonds are issued to purchase school sites, build and equip a new high school, build and equip a new junior high school, build and equip 5 new elementary schools, and make technology and other improvements and additions to existing schools;

(iii) at the time of the sale of the bonds, the board of education determines by resolution that the sites and new or improved facilities are needed because of projected enrollment increases;

(iv) at least 57% of those voting in a general election

held prior to January 1, 2003 approved a proposition for the issuance of the bonds; and

(v) the bonds are issued pursuant to Sections 19-2 through 19-7 of this Code.

(p) Notwithstanding any other provisions of this Section or the provisions of any other law, a community unit school district maintaining grades K through 12 may issue bonds up to an amount, including indebtedness, not exceeding 27% of the equalized assessed value of the taxable property in the district if all of the following conditions are met:

(i) The school district has an equalized assessed valuation for calendar year 2001 of at least \$295,741,187 and a best 3 months' average daily attendance for the 2002-2003 school year of at least 2,394.

(ii) The bonds are issued to build and equip 3 elementary school buildings; build and equip one middle school building; and alter, repair, improve, and equip all existing school buildings in the district.

(iii) At the time of the sale of the bonds, the board of education determines by resolution that the project is needed because of expanding growth in the school district and a projected enrollment increase.

(iv) The bonds are issued pursuant to Sections 19-2 through 19-7 of this Code.

(p-5) Notwithstanding any other provisions of this Section or the provisions of any other law, bonds issued by a community

unit school district maintaining grades K through 12 shall not be considered indebtedness for purposes of any statutory limitation and may be issued in an amount or amounts, including existing indebtedness, in excess of any heretofore or hereafter imposed statutory limitation as to indebtedness, if all of the following conditions are met:

(i) For each of the 4 most recent years, residential property comprises more than 80% of the equalized assessed valuation of the district.

(ii) At least 2 school buildings that were constructed 40 or more years prior to the issuance of the bonds will be demolished and will be replaced by new buildings or additions to one or more existing buildings.

(iii) Voters of the district approve a proposition for the issuance of the bonds at a regularly scheduled election.

(iv) At the time of the sale of the bonds, the school board determines by resolution that the new buildings or building additions are needed because of an increase in enrollment projected by the school board.

(v) The principal amount of the bonds, including existing indebtedness, does not exceed 25% of the equalized assessed value of the taxable property in the district.

(vi) The bonds are issued prior to January 1, 2007, pursuant to Sections 19-2 through 19-7 of this Code.

(p-10) Notwithstanding any other provisions of this

Section or the provisions of any other law, bonds issued by a community consolidated school district maintaining grades K through 8 shall not be considered indebtedness for purposes of any statutory limitation and may be issued in an amount or amounts, including existing indebtedness, in excess of any heretofore or hereafter imposed statutory limitation as to indebtedness, if all of the following conditions are met:

(i) For each of the 4 most recent years, residential and farm property comprises more than 80% of the equalized assessed valuation of the district.

(ii) The bond proceeds are to be used to acquire and improve school sites and build and equip a school building.

(iii) Voters of the district approve a proposition for the issuance of the bonds at a regularly scheduled election.

(iv) At the time of the sale of the bonds, the school board determines by resolution that the school sites and building additions are needed because of an increase in enrollment projected by the school board.

(v) The principal amount of the bonds, including existing indebtedness, does not exceed 20% of the equalized assessed value of the taxable property in the district.

(vi) The bonds are issued prior to January 1, 2007, pursuant to Sections 19-2 through 19-7 of this Code.

(p-15) In addition to all other authority to issue bonds, the Oswego Community Unit School District Number 308 may issue

bonds with an aggregate principal amount not to exceed \$450,000,000, but only if all of the following conditions are met:

(i) The voters of the district have approved a proposition for the bond issue at the general election held on November 7, 2006.

(105 ILCS 5/19-11) (from Ch. 122, par. 19-11)

Sec. 19-11. Amount of indebtedness - Interest and maturity. Any district which has complied with Section 19-9 and which is authorized to issue bonds under Sections 19-8, 19-9 and 19-10 shall adopt a resolution specifying the amount of indebtedness to be funded, whether for the purpose of paying claims, or for paying teachers' orders, or for paying liabilities or obligations imposed on any district resulting from the division of assets as provided by Article 7 of this Act or Article 5 of this Act as it existed prior to July 1, 1952. The resolution shall set forth the date, denomination, rate of interest and maturities of the bonds, fix all details with respect to the issue and execution thereof, and provide for the levy of a tax sufficient to pay both principal and interest of the bonds as they mature. The bonds shall bear interest at a rate not to exceed the maximum rate authorized by the Bond Authorization Act, as amended at the time of the making of the contract, payable annually or semi-annually, as the governing body may determine, and mature in not more than 20 years from the date thereof or as otherwise authorized by law.

With respect to instruments for the payment of money issued under this Section either before, on, or after the effective date of this amendatory Act of 1989, it is and always has been the intention of the General Assembly (i) that the Omnibus Bond Acts are and always have been supplementary grants of power to issue instruments in accordance with the Omnibus Bond Acts,

regardless of any provision of this Act that may appear to be or to have been more restrictive than those Acts, (ii) that the provisions of this Section are not a limitation on the supplementary authority granted by the Omnibus Bond Acts, and (iii) that instruments issued under this Section within the supplementary authority granted by the Omnibus Bond Acts are not invalid because of any provision of this Act that may appear to be or to have been more restrictive than those Acts.
