

AN ACT concerning children.

**Be it enacted by the People of the State of Illinois,
represented in the General Assembly:**

Section 1. Short title. This Act may be cited as the Family Recovery Plans Implementation Task Force Act.

Section 5. Purpose and policy. It is the policy of this State to serve and advance the best interests and secure the safety and well-being of an infant with prenatal substance exposure, while preserving the family unit whenever the safety of the infant is not jeopardized.

It is the intent of the General Assembly to require a coordinated, public health, and service-integrated response by various agencies within this State's health and child welfare systems to address the substance use treatment needs of infants born with prenatal substance exposure, as well as the treatment needs of their caregivers and families, by requiring the development, provision, and monitoring of family recovery plans.

Section 10. Findings. The General Assembly finds the following:

- (1) During pregnancy, substance use is a leading cause of maternal death and is associated with poor birth

outcomes, including fetal growth restriction, fetal death, and preterm labor.

(2) Pregnant people with substance use disorders are less likely to seek treatment or report substance use due to fear of criminalization, shame, and judgment; they may also avoid seeking care within the health care system due to fear of being reported to the child welfare system and subsequent removal of their children.

(3) The American College of Obstetrics and Gynecologists and the Illinois Perinatal Quality Collaborative recommend identifying pregnant people with substance use disorders through universal self-reporting screening, brief intervention, and referral to specialized care for treatment.

(4) Pregnant and parenting individuals with a substance use disorder should be encouraged to receive evidence-based treatment and not suffer punitive actions for starting or continuing treatment, including when medications for opioid use disorder are part of the treatment protocol.

(5) There is a pressing need for increasing access to evidence-based treatment for substance use disorders and supportive care for families, including the appropriate use of family needs assessments and family recovery plans.

(6) The cooperation and coordination of supportive services for pregnant, peripartum, and postpartum

individuals and families are essential to help newborns and children and to encourage and support treatment, recovery, and a safe and healthy environment for children and the family.

(7) There is a need for a coordinated, public health, and service-integrated response by various agencies in this State's health and child welfare systems to work together to ensure the safety and well-being of infants with prenatal substance exposure and pregnant and birthing people with substance use disorders by developing, implementing, and monitoring a family recovery plan approach that addresses the health and substance use treatment and recovery needs of the infant and affected family or caregiver.

Section 15. Composition. The Family Recovery Plan Implementation Task Force is created within the Department of Human Services and shall consist of members appointed as follows:

Section 110. The Abused and Neglected Child Reporting Act is amended by repealing Section 4.4.

Section 120. The Adoption Act is amended by changing Section 1 as follows:

(750 ILCS 50/1) (from Ch. 40, par. 1501)

Sec. 1. Definitions. When used in this Act, unless the context otherwise requires:

A. "Child" means a person under legal age subject to adoption under this Act.

B. "Related child" means a child subject to adoption where either or both of the adopting parents stands in any of the following relationships to the child by blood, marriage, adoption, or civil union: parent, grand-parent, great-grandparent, brother, sister, step-parent, step-grandparent, step-brother, step-sister, uncle, aunt, great-uncle, great-aunt, first cousin, or second cousin. A person is related to the child as a first cousin or second cousin if they are both related to the same ancestor as either grandchild or great-grandchild. A child whose parent has executed a consent to adoption, a surrender, or a waiver pursuant to Section 10 of this Act or whose parent has signed a denial of paternity pursuant to Section 12 of the Vital Records Act or Section 12a of this Act, or whose parent has had his or her parental rights terminated, is not a related child to that person, unless (1) the consent is determined to be void or is void pursuant to subsection O of Section 10 of this Act; or (2) the parent of the child executed a consent to adoption

by a specified person or persons pursuant to subsection A-1 of Section 10 of this Act and a court of competent jurisdiction finds that such consent is void; or (3) the order terminating the parental rights of the parent is vacated by a court of competent jurisdiction.

C. "Agency" for the purpose of this Act means a public child welfare agency or a licensed child welfare agency.

D. "Unfit person" means any person whom the court shall find to be unfit to have a child, without regard to the likelihood that the child will be placed for adoption. The grounds of unfitness are any one or more of the following, except that a person shall not be considered an unfit person for the sole reason that the person has relinquished a child in accordance with the Abandoned Newborn Infant Protection Act:

(a) Abandonment of the child.

(a-1) Abandonment of a newborn infant in a hospital.

(a-2) Abandonment of a newborn infant in any setting where the evidence suggests that the parent intended to relinquish his or her parental rights.

(b) Failure to maintain a reasonable degree of interest, concern or responsibility as to the child's welfare.

(c) Desertion of the child for more than 3 months next preceding the commencement of the Adoption proceeding.

(d) Substantial neglect of the child if continuous or repeated.

(d-1) Substantial neglect, if continuous or repeated, of any child residing in the household which resulted in the death of that child.

(e) Extreme or repeated cruelty to the child.

(f) There is a rebuttable presumption, which can be overcome only by clear and convincing evidence, that a parent is unfit if:

(1) Two or more findings of physical abuse have been entered regarding any children under Section 2-21 of the Juvenile Court Act of 1987, the most recent of which was determined by the juvenile court hearing the matter to be supported by clear and convincing evidence; or

(2) The parent has been convicted or found not guilty by reason of insanity and the conviction or finding resulted from the death of any child by physical abuse; or

(3) There is a finding of physical child abuse resulting from the death of any child under Section 2-21 of the Juvenile Court Act of 1987.

No conviction or finding of delinquency pursuant to Article V of the Juvenile Court Act of 1987 shall be considered a criminal conviction for the purpose of applying any presumption under this item (f).

(g) Failure to protect the child from conditions within his environment injurious to the child's welfare.

(h) Other neglect of, or misconduct toward the child; provided that in making a finding of unfitness the court hearing the adoption proceeding shall not be bound by any previous finding, order or judgment affecting or determining the rights of the parents toward the child sought to be adopted in any other proceeding except such proceedings terminating parental rights as shall be had under either this Act, the Juvenile Court Act or the Juvenile Court Act of 1987.

(i) Depravity. Conviction of any one of the following crimes shall create a presumption that a parent is depraved which can be overcome only by clear and convincing evidence: (1) first degree murder in violation of paragraph (1) or (2) of subsection (a) of Section 9-1 of the Criminal Code of 1961 or the Criminal Code of 2012 or conviction of second degree murder in violation of subsection (a) of Section 9-2 of the Criminal Code of 1961 or the Criminal Code of 2012 of a parent of the child to be adopted; (2) first degree murder or second degree murder of any child in violation of the Criminal Code of 1961 or the Criminal Code of 2012; (3) attempt or conspiracy to commit first degree murder or second degree murder of any child in violation of the Criminal Code of 1961 or the Criminal Code of 2012; (4) solicitation to commit murder of any child, solicitation to commit murder of any child for hire, or solicitation to commit second degree murder

of any child in violation of the Criminal Code of 1961 or the Criminal Code of 2012; (5) predatory criminal sexual assault of a child in violation of Section 11-1.40 or 12-14.1 of the Criminal Code of 1961 or the Criminal Code of 2012; (6) heinous battery of any child in violation of the Criminal Code of 1961; (7) aggravated battery of any child in violation of the Criminal Code of 1961 or the Criminal Code of 2012; (8) any violation of Section 11-1.20 or Section 12-13 of the Criminal Code of 1961 or the Criminal Code of 2012; (9) any violation of subsection (a) of Section 11-1.50 or Section 12-16 of the Criminal Code of 1961 or the Criminal Code of 2012; (10) any violation of Section 11-9.1 of the Criminal Code of 1961 or the Criminal Code of 2012; (11) any violation of Section 11-9.1A of the Criminal Code of 1961 or the Criminal Code of 2012; or (12) an offense in any other state the elements of which are similar and bear a substantial relationship to any of the enumerated offenses in this subsection (i).

There is a rebuttable presumption that a parent is depraved if the parent has been criminally convicted of at least 3 felonies under the laws of this State or any other state, or under federal law, or the criminal laws of any United States territory; and at least one of these convictions took place within 5 years of the filing of the petition or motion seeking termination of parental rights.

There is a rebuttable presumption that a parent is deprived if that parent has been criminally convicted of either first or second degree murder of any person as defined in the Criminal Code of 1961 or the Criminal Code of 2012 within 10 years of the filing date of the petition or motion to terminate parental rights.

No conviction or finding of delinquency pursuant to Article 5 of the Juvenile Court Act of 1987 shall be considered a criminal conviction for the purpose of applying any presumption under this item (i).

(j) Open and notorious adultery or fornication.

(j-1) (Blank).

(k) Habitual drunkenness or addiction to drugs, other than those prescribed by a physician, for at least one year immediately prior to the commencement of the unfitness proceeding.

~~There is a rebuttable presumption that a parent is unfit under this subsection with respect to any child to which that parent gives birth where there is a confirmed test result that at birth the child's blood, urine, or meconium contained any amount of a controlled substance as defined in subsection (f) of Section 102 of the Illinois Controlled Substances Act or metabolites of such substances, the presence of which in the newborn infant was not the result of medical treatment administered to the mother or the newborn infant; and the biological~~

~~mother of this child is the biological mother of at least one other child who was adjudicated a neglected minor under subsection (c) of Section 2-3 of the Juvenile Court Act of 1987.~~

(l) Failure to demonstrate a reasonable degree of interest, concern or responsibility as to the welfare of a new born child during the first 30 days after its birth.

(m) Failure by a parent (i) to make reasonable efforts to correct the conditions that were the basis for the removal of the child from the parent during any 9-month period following the adjudication of neglected or abused minor under Section 2-3 of the Juvenile Court Act of 1987 or dependent minor under Section 2-4 of that Act, or (ii) to make reasonable progress toward the return of the child to the parent during any 9-month period following the adjudication of neglected or abused minor under Section 2-3 of the Juvenile Court Act of 1987 or dependent minor under Section 2-4 of that Act. If a service plan has been established as required under Section 8.2 of the Abused and Neglected Child Reporting Act to correct the conditions that were the basis for the removal of the child from the parent and if those services were available, then, for purposes of this Act, "failure to make reasonable progress toward the return of the child to the parent" includes the parent's failure to substantially fulfill his or her obligations under the service plan and

correct the conditions that brought the child into care during any 9-month period following the adjudication under Section 2-3 or 2-4 of the Juvenile Court Act of 1987. Notwithstanding any other provision, when a petition or motion seeks to terminate parental rights on the basis of item (ii) of this subsection (m), the petitioner shall file with the court and serve on the parties a pleading that specifies the 9-month period or periods relied on. The pleading shall be filed and served on the parties no later than 3 weeks before the date set by the court for closure of discovery, and the allegations in the pleading shall be treated as incorporated into the petition or motion. Failure of a respondent to file a written denial of the allegations in the pleading shall not be treated as an admission that the allegations are true.

(m-1) (Blank).

(n) Evidence of intent to forgo his or her parental rights, whether or not the child is a ward of the court, (1) as manifested by his or her failure for a period of 12 months: (i) to visit the child, (ii) to communicate with the child or agency, although able to do so and not prevented from doing so by an agency or by court order, or (iii) to maintain contact with or plan for the future of the child, although physically able to do so, or (2) as manifested by the father's failure, where he and the mother of the child were unmarried to each other at the

time of the child's birth, (i) to commence legal proceedings to establish his paternity under the Illinois Parentage Act of 1984, the Illinois Parentage Act of 2015, or the law of the jurisdiction of the child's birth within 30 days of being informed, pursuant to Section 12a of this Act, that he is the father or the likely father of the child or, after being so informed where the child is not yet born, within 30 days of the child's birth, or (ii) to make a good faith effort to pay a reasonable amount of the expenses related to the birth of the child and to provide a reasonable amount for the financial support of the child, the court to consider in its determination all relevant circumstances, including the financial condition of both parents; provided that the ground for termination provided in this subparagraph (n)(2)(ii) shall only be available where the petition is brought by the mother or the husband of the mother.

Contact or communication by a parent with his or her child that does not demonstrate affection and concern does not constitute reasonable contact and planning under subdivision (n). In the absence of evidence to the contrary, the ability to visit, communicate, maintain contact, pay expenses and plan for the future shall be presumed. The subjective intent of the parent, whether expressed or otherwise, unsupported by evidence of the foregoing parental acts manifesting that intent, shall not

preclude a determination that the parent has intended to forgo his or her parental rights. In making this determination, the court may consider but shall not require a showing of diligent efforts by an authorized agency to encourage the parent to perform the acts specified in subdivision (n).

It shall be an affirmative defense to any allegation under paragraph (2) of this subsection that the father's failure was due to circumstances beyond his control or to impediments created by the mother or any other person having legal custody. Proof of that fact need only be by a preponderance of the evidence.

(o) Repeated or continuous failure by the parents, although physically and financially able, to provide the child with adequate food, clothing, or shelter.

(p) Inability to discharge parental responsibilities supported by competent evidence from a psychiatrist, licensed clinical social worker, or clinical psychologist of mental impairment, mental illness or an intellectual disability as defined in Section 1-116 of the Mental Health and Developmental Disabilities Code, or developmental disability as defined in Section 1-106 of that Code, and there is sufficient justification to believe that the inability to discharge parental responsibilities shall extend beyond a reasonable time period. However, this subdivision (p) shall not be

construed so as to permit a licensed clinical social worker to conduct any medical diagnosis to determine mental illness or mental impairment.

(q) (Blank).

(r) The child is in the temporary custody or guardianship of the Department of Children and Family Services, the parent is incarcerated as a result of criminal conviction at the time the petition or motion for termination of parental rights is filed, prior to incarceration the parent had little or no contact with the child or provided little or no support for the child, and the parent's incarceration will prevent the parent from discharging his or her parental responsibilities for the child for a period in excess of 2 years after the filing of the petition or motion for termination of parental rights.

(s) The child is in the temporary custody or guardianship of the Department of Children and Family Services, the parent is incarcerated at the time the petition or motion for termination of parental rights is filed, the parent has been repeatedly incarcerated as a result of criminal convictions, and the parent's repeated incarceration has prevented the parent from discharging his or her parental responsibilities for the child.

(t) (Blank). ~~A finding that at birth the child's blood, urine, or meconium contained any amount of a controlled substance as defined in subsection (f) of~~

~~Section 102 of the Illinois Controlled Substances Act, or a metabolite of a controlled substance, with the exception of controlled substances or metabolites of such substances, the presence of which in the newborn infant was the result of medical treatment administered to the mother or the newborn infant, and that the biological mother of this child is the biological mother of at least one other child who was adjudicated a neglected minor under subsection (c) of Section 2-3 of the Juvenile Court Act of 1987, after which the biological mother had the opportunity to enroll in and participate in a clinically appropriate substance abuse counseling, treatment, and rehabilitation program.~~

consent is void; or (3) the order terminating the parental rights of the person is vacated by a court of competent jurisdiction.
