fiscal year. With respect to the interest payable on variable rate bonds, such certifications shall be calculated at the maximum rate of interest that may be payable during the fiscal year, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest required to be appropriated for the period.

(a) Except as provided for in subsection (b), on or before the last day of each month, the State Treasurer and State Comptroller shall transfer from the Capital Projects Fund to the General Obligation Bond Retirement and Interest Fund an amount sufficient to pay the aggregate of the principal of, interest on, and premium, if any, on the bonds payable on their next payment date, divided by the number of monthly transfers occurring between the last previous payment date (or the delivery date if no payment date has yet occurred) and the next succeeding payment date. If the available balance in the Capital Projects Fund is not sufficient for the transfer required in this subsection, the State Treasurer and State Comptroller shall transfer the difference from the Road Fund to the General Obligation Bond Retirement and Interest Fund; except that such Road Fund transfers shall constitute a debt of the Capital Projects Fund which shall be repaid according to subsection (c). Interest payable on variable rate bonds shall be calculated at the maximum rate of interest that may be payable for the relevant period, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest required to be appropriated for that period. Interest for which moneys have already been deposited into the capitalized interest account within the General Obligation Bond Retirement and Interest Fund shall not be included in the calculation of the amounts to be transferred under this subsection.

(c) On the first day of any month when the Capital Projects Fund is carrying a debt to the Road Fund due to the provisions of subsection (b), the State Treasurer and State Comptroller shall transfer from the Capital Projects Fund to the Road Fund an amount sufficient to discharge that debt.
