

AN ACT concerning education.

**Be it enacted by the People of the State of Illinois,
represented in the General Assembly:**

Section 5. The School Code is amended by changing Section 27A-11 as follows:

(105 ILCS 5/27A-11)

Sec. 27A-11. Local financing.

(a) For purposes of the School Code, pupils enrolled in a charter school shall be included in the pupil enrollment of the school district within which the pupil resides. Each charter school (i) shall determine the school district in which each pupil who is enrolled in the charter school resides, (ii) shall report the aggregate number of pupils resident of a school district who are enrolled in the charter school to the school district in which those pupils reside, and (iii) shall maintain accurate records of daily attendance that shall be deemed sufficient to file claims under Section 18-8 notwithstanding any other requirements of that Section regarding hours of instruction and teacher certification.

(b) Except for a charter school established by referendum under Section 27A-6.5, as part of a charter school contract, the charter school and the local school board shall agree on funding and any services to be provided by the school district

to the charter school. Agreed funding that a charter school is to receive from the local school board for a school year shall be paid in equal quarterly installments with the payment of the installment for the first quarter being made not later than July 1, unless the charter establishes a different payment schedule. However, if a charter school dismisses a pupil from the charter school after receiving a quarterly payment, the charter school shall return to the school district, on a quarterly basis, the prorated portion of public funding provided for the education of that pupil for the time the student is not enrolled at the charter school. Likewise, if a pupil transfers to a charter school between quarterly payments, the school district shall provide, on a quarterly basis, a prorated portion of the public funding to the charter school to provide for the education of that pupil.

All services centrally or otherwise provided by the school district including, but not limited to, rent, food services, custodial services, maintenance, curriculum, media services, libraries, transportation, and warehousing shall be subject to negotiation between a charter school and the local school board and paid for out of the revenues negotiated pursuant to this subsection (b); provided that the local school board shall not attempt, by negotiation or otherwise, to obligate a charter school to provide pupil transportation for pupils for whom a district is not required to provide transportation under the criteria set forth in subsection (a) (13) of Section 27A-7.

In no event shall the funding be less than 75% or more than 125% of the school district's per capita student tuition multiplied by the number of students residing in the district who are enrolled in the charter school.

It is the intent of the General Assembly that funding and service agreements under this subsection (b) shall be neither a financial incentive nor a financial disincentive to the establishment of a charter school.

The charter school may set and collect reasonable fees. Fees collected from students enrolled at a charter school shall be retained by the charter school.

(c) Notwithstanding subsection (b) of this Section, the proportionate share of State and federal resources generated by students with disabilities or staff serving them shall be directed to charter schools enrolling those students by their school districts or administrative units. The proportionate share of moneys generated under other federal or State categorical aid programs shall be directed to charter schools serving students eligible for that aid.

(d) The governing body of a charter school is authorized to accept gifts, donations, or grants of any kind made to the charter school and to expend or use gifts, donations, or grants in accordance with the conditions prescribed by the donor; however, a gift, donation, or grant may not be accepted by the governing body if it is subject to any condition contrary to applicable law or contrary to the terms of the contract between

the charter school and the local school board. Charter schools shall be encouraged to solicit and utilize community volunteer speakers and other instructional resources when providing instruction on the Holocaust and other historical events.

(e) (Blank).

(f) The State Board shall provide technical assistance to persons and groups preparing or revising charter applications.

(g) At the non-renewal or revocation of its charter, each charter school shall refund to the local board of education all unspent funds.

(h) A charter school is authorized to incur temporary, short term debt to pay operating expenses in anticipation of receipt of funds from the local school board.
