These dates and deployment benchmarks vary according to the providers' number of telecommunications access lines in the State.

Should you have questions regarding this report, please contact Michelle Kelm, Director of Governmental Affairs, at (217) 524-0619, or by email at michelle.kelm@illinois.gov.

***Re: Annual Cable Service Report; Comcast of Chicago, Inc.; Comcast of Georgia/Illinois/Michigan, LLC;
Comcast of Illinois III, Inc.; and Comcast of South Chicago, Inc.***

Dear Chief Clerk Rolando:

In accordance with Section 21-1101(j) of the Cable and Video Competition Law of 2007 ("Act"), provided below is the Annual Cable Service Report through December 31, 2019, for: Comcast of Chicago, Inc. (Chicago Area 1); Comcast of Florida/Georgia/Illinois/Michigan, LLC (Chicago Areas 2 and 3); Comcast of Illinois III, Inc. (Chicago Area 4); and Comcast of South Chicago, Inc. (Chicago Area 5).

With respect to the city of Chicago, Comcast is an "incumbent cable operator"¹ because, on January 1, 2007, Comcast provided cable service in and throughout the city of Chicago pursuant to local franchise agreements. Pursuant to and in accordance with those local franchise agreements, Comcast provided cable service access to 100% of low-income households through its city of Chicago "footprint." Because Comcast is an incumbent cable operator under the Act, Comcast must provide cable access in its service territory (i.e. city of Chicago) on the same terms and in a geographic area no smaller than it did on June 30, 2007. Comcast continues to provide cable access in Chicago at the same levels and throughout the same geographic area as it did on June 30, 2007. Therefore, Comcast is fully compliant with these obligations under the Act.

Re: 2019 Annual Cable Service Report; Cass Cable TV, Inc.

Dear Chief Clerk Rolando:

In accordance with Section 21-1101(j) of the Cable and Video Competition Law of 2007 ("Act"), provided below is the Annual Cable Service Report through December 31, 2019, for Cass Cable TV, Inc. (hereinafter "Cass").

With respect to the villages of Bath, Tallula, Forest City, and Sherman; and with respect to the cities of Pittsfield, Pleasant Plains, Rushville, Mason, Ashland, Virginia and Athens, Cass is an "incumbent cable operator"¹ because, on January 1, 2007, Cass provided cable service in and throughout the aforementioned villages and cities pursuant to local franchise agreements. Pursuant to and in accordance with those local franchise agreements, Cass provided cable service access to 100% of low-income households throughout its "footprint" in each of the aforementioned villages and cities. Because Cass is an incumbent cable operator under the Act, Cass must provide cable access in its service territory (i.e. all of the aforementioned villages and cities) on the same terms and in a geographic area no smaller than it did on June 30, 2007. With respect to the aforementioned villages and cities, Cass continues to provide cable access at the same levels and throughout the same geographic area as it did on June 30, 2007. Therefore, Cass is fully compliant with these obligations under the Act as it relates to the aforementioned villages and cities.

With respect to the Village of Lynnville, Cass is not an "incumbent cable operator" because, on January 1, 2007, Cass did not provide cable service in and throughout the Village of Lynnville. However, Cass currently provides access to its cable service within and throughout the entire corporate limits of the Village of Lynnville. Therefore, Cass is fully compliant with its obligations under the Act as it relates to the Village of Lynnville.

With respect to Morgan County, Cass is not an "incumbent cable operator" because, on January 1, 2007, Cass did not provide cable service in and throughout Morgan County. However, Cass provides access to its cable service within unincorporated Morgan County at the same levels

required by Morgan County of incumbent cable operators on June 30, 2007. Accordingly, Cass is fully compliant with the Act as it relates to Morgan County.

The United States Census Bureau's most recent estimate of the number of "low-income households,"² as defined in Section 21-201(p) of the Act, located within Cass's "footprint" is 8,370. Cass provides access to 100% of low-income households (i.e. 8,370) throughout its service area footprint.

Please contact me at 217-452-4105 if you have any questions or need additional information.

Sincerely,

Chad Winters
Vice President and Manager of Cable TV Services

¹ "Incumbent cable operator" means a person or entity that provided cable services or video services in a particular area under a franchise agreement with a local unit of government pursuant to Section 11-42-11 of the Illinois Municipal Code (65 ILCS 5/11-42-11) or Section 5-1095 of the Counties Code (55 ILCS 5/5-1095) on January 1, 2007. [See 220 ILCS 5/21-201(m)]

² The Census Bureau reported number of "low-income households" has been updated utilizing the 2014-2018 American Community Survey 5-Year Estimates which provides estimates of various demographic data, including household income, annually through the American Community Survey.
