RE: Required Notification pursuant to the Personal Information Protection Act

Pursuant to Section 25 of the Personal Information Protection Act [815 ILCS 530/25], the Illinois State Board of Education (ISBE) is hereby providing notification of a compromise of one Illinois educator's Personally Identifiable Information (PII).

On Tuesday, November 17, 2020, the Agency was notified that one educator's (Educator A) transcripts were scanned into another educator's (Educator B) licensure file. The transcripts contained Educator A's name, social security number, date of birth, and address. Educator B opened his account and viewed Educator A's PII. The Agency considers this a breach and is therefore reporting the incident.

The current process at ISBE is for all transcripts to be scanned into the Educator Licensure Information System (ELIS). Currently, these transcripts are viewable to the educator whose account they are scanned into. To proactively prevent this issue from occurring in the future, the Educator Effectiveness management team is working with the ELIS team to remove the ability for any educator to view any documents scanned into the educator's file.

The Illinois State Board of Education continues to be committed to maintaining the security of personal information and regrets the breach of information.

If you have any questions or comments, you may contact Amanda Elliott, Executive Director of Legislative Affairs, at (217) 782-6510.
