Dear Legislative Leaders,

Pursuant to 70 ILCS 1710/35, every two years the Department of Commerce and Economic Opportunity must file a joint report with the Southwestern Illinois Metropolitan and Regional Planning Commission, now known as the Southwestern Illinois Planning Commission.

As there were no appropriations during the reporting period (FY19 and FY20) to the entity, please consider the attached letter as having fulfilled the requirement of the biennial report.

If you have any questions, you may contact me at (872) 242-5029 at your convenience.

Sincerely,
