TO THE HONORABLE MEMBERS OF THE 101ST GENERAL ASSEMBLY

SUBJECT: For the Record - 2020

The Illinois Department of Transportation's For the Record 2020 is now available on the Department's website at <http://www.idot.illinois.gov/fortherecord2020.html>. The report compares actual awards with the Annual Highway Improvement Program that was published in November 2019.

Fiscal Year 2020 was the first year of the Rebuild Illinois capital program which made the FY 2020 Annual Highway Improvement Program significantly larger than the Annual Highway Improvement Program in previous years. Despite the unprecedented COVID-19 pandemic, the Department continued to design and implement highway projects in order to fix our state's crumbling infrastructure.

The Department's 2020 awards included improvements on 1,706 miles of highway and 1,556,782 square feet of deck area (128 bridges) on the state and local systems and represents over \$2.813 billion in contracts. In 2020, the Department accomplished 90.7 percent of projects that were anticipated in the Annual Highway Improvement Program. Additionally, contracts awarded represent 77.5 percent of the Department's anticipated accomplishments in the 2020 Annual Highway Improvement Program.
