The Honorable Members of the Illinois General Assembly
State House
Springfield, Illinois

Dear Honorable Members of the Illinois General Assembly:

Pursuant to Section 21-1101(k) of the Illinois Public Utilities Act, the Illinois Commerce Commission submits the attached Annual Report on Cable and Video Service Deployment by Providers Granted State-Issued Cable and Video Service Authorization.

The Cable and Video Competition Law of 2007 directs the ICC to submit to the General Assembly a report containing year-end data collected from holders of State-issued video and cable services authorizations. The law requires holders of State-issued video and cable services authorizations to meet certain deployment benchmarks by set dates after they receive state authorization. These dates and deployment benchmarks vary according to the providers' number of telecommunications access lines in the State.

Should you have questions regarding this report, please contact Sarah Ryan, Director of Governmental Affairs, at (312) 965-5454, or by email at sarah.ryan@illinois.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read "Carrie Zalewski".

Chairman

Introduction

The Cable and Video Competition Law of 2007¹ (“Cable and Video Law”) directs holders of State-issued video and cable services authorizations to annually report to the Illinois Commerce Commission (“Commission”) cable and video service deployment information. Section 21-1101(j) of the Cable and Video Law² states:

- (j) Every holder of a State-issued authorization, no later than April 1, 2009, and annually no later than April 1 thereafter, shall report to the Commission for each of the service areas as described in subsections (c) and (d) of this Section in which it provides access to its video service in the State, the following information:
 - (1) Cable service and video service information:
 - (A) The number of households in the holder’s telecommunications service area within each designated market area as described in subsection (c) of this Section or exchange or local unit of government as described in subsection (d) of this Section in which it offers video service.
 - (B) The number of households in the holder’s telecommunications service area within each designated market area as described in subsection (c) of this Section or exchange or local unit of government as described in subsection (d) of this Section that are offered access to video service by the holder.
 - (C) The number of households in the holder’s telecommunications service area in the State.
 - (D) The number of households in the holder’s telecommunications service area in the State that are offered access to video service by the holder.
 - (2) Low-income household information:
 - (A) The number of low-income households in the holder’s telecommunications service area within each designated

² 220 ILCS 5/21-1101(j).

market area as described in subsection (c) of this Section, as further identified in terms of exchanges, or exchange or local unit of government as described in subsection (d) of this Section in which it offers video service.

- (B) The number of low-income households in the holder's telecommunications service area within each designated market area as described in subsection (c) of this Section, as further identified in terms of exchanges, or exchange or local unit of government as described in subsection (d) of this Section in the State that are offered access to video service by the holder.
- (C) The number of low-income households in the holder's telecommunications service area in the State.
- (D) The number of low-income households in the holder's telecommunications service area in the State that are offered access to video service by the holder.³

Once the holder of a State-issued authorization has satisfied the build-out requirements of Section 21-1101(c),⁴ the holder is required to annually report relative to Section 21-1101(j-5), as follows:

³ The Cable and Video Law defines a "Local unit of government" as "a city, village, incorporated town, or a county," defines "a Telecommunications service area" as "the area designated by the Commission as the area in which a telecommunications company was obligated to provide non-competitive local telephone service as of February 8, 1996 as incorporated into Section 13-202.5 of this Act," and defines a "Designated market area" as "a designated market area, as determined by Nielsen Media Research and published in the 1999-2000 Nielsen Station Index Directory and Nielsen Station Index United States Television Household Estimates or any successor publication. For any designated market area that crosses State lines, only households in the portion of the designated market area that is located within the holder's telecommunications service area in the State where access to video service will be offered shall be considered." 220 ILCS 5/21-201. The Cable and Video Law refers to the Telecommunications Article of the Public Utilities Act for the definition of exchange, where exchange is defined as "a geographical area for the administration of telecommunications services, established and described by the tariff of a telecommunications carrier providing local exchange telecommunications service, and consisting of one or more contiguous central offices, together with associated facilities used in providing such local exchange telecommunications service. To the extent practicable, a municipality, city, or village shall not be located in more than one exchange unless the municipality, city, or village is located in more than one exchange through annexation that occurs after the establishment of the exchange boundary." 220 ILCS 5/ 21-201 and 220 ILCS 5/13-206.

⁴ Section 21-1101(c) addresses holders using telecommunications facilities and having over 1,000,000 access lines. Within 3 years, such holders shall provide cable or video service to at least 35% of the households within 3 designated service areas. Within 5 years, such holders shall provide cable or video service to at least 50% of the households within the 3 designated service areas. Section 21-1101(c) holders

- (1) Cable service and video service information:
 - (A) The number of households in the holder's telecommunications service area within each designated market area in which it offers cable service or video service.
 - (B) The number of households in the holder's telecommunications service area within each designated market area that are offered access to cable service or video service by the holder.
 - (C) The number of households in the holder's telecommunications service area in the State.
 - (D) The number of households in the holder's telecommunications service area in the State that are offered access to cable service or video service by the holder.
 - (E) The exchanges or local units of government in which the holder added cable service or video service in the prior year.
- (2) Low-income household information:
 - (A) The number of low-income households in the holder's telecommunications service area within each designated market area in which it offers video service.
 - (B) The number of low-income households in the holder's telecommunications service area within each designated market area that are offered access to video service by the holder.
 - (C) The number of low-income households in the holder's telecommunications service area in the State.
 - (D) The number of low-income households in the holder's telecommunications service area in the State that are offered access to video service by the holder.

are also required to deploy cable or video service so that at least 30% of the total households with access to the holder's cable or video service shall be low-income. The holder is also obligated to provide access to cable or video service to a percentage of low-income households in each exchange that is at least equal to the percentage of the total low-income households within that exchange.

Once the holder of a State-issued authorization has satisfied the build-out requirements of Section 21-1101(d),⁵ the holder is required to annually report relative to Section 21-1101(j-10), as follows:

(1) Cable service and video service information:

- (A) The number of households in the holder's footprint in which it offers cable service or video service.
- (B) The number of households in the holder's footprint that are offered access to cable service or video service by the holder.
- (C) The exchanges or local units of government in which the holder added cable service or video service in the prior year.

(2) Low-income household information:

- (A) The number of low-income households in the holder's footprint in which it offers cable service or video service.
- (B) The number of low-income households in the holder's footprint that are offered access to cable service or video service by the holder.

The Cable and Video Law directs the Commission to include the deployment information supplied to it by holders of State-issued video and cable services authorizations in an annual report to the General Assembly. Section 21-1101(k) of the Cable and Video Law⁶ provides that:

The Commission, within 30 days of receiving the first report from holders under this Section, and annually no later than July 1 thereafter, shall submit to the General Assembly a report that includes, based on year-end data, the information submitted by holders pursuant to subdivisions (1) and (2) of subsections (j), (j-5), and (j-10) of this Section. The Commission shall make this report available to any member of the public or any local unit of government upon request. All information

⁵ Section 21-1101(d) addresses all holders other than those referenced in Section 21-1101(c). Within 3 years, such holders shall provide cable or video service to at least 35% of the households within each exchange or local unit of government within its service area. Within 5 years, such holders shall provide cable or video service to at least 50% of the households within each exchange or local unit of government within its service area. Section 21-1101(d) holders are also required to deploy cable or video service so that at least 30% of the total households with access to the holder's cable or video service shall be low-income. The holder is also obligated to provide access to cable or video service to a percentage of low-income households in each exchange or local unit of government that is at least equal to the percentage of the total low-income households within that exchange or local unit of government.

⁶ 220 ILCS 5/21-1101(k).

submitted to the Commission and designated by holders as confidential and proprietary shall be subject to the disclosure provisions in subsection (c) of Section 21-401 of this Act. No individually identifiable customer information shall be subject to public disclosure.

Comcast’s Sixth Report to the Commission

Comcast of Florida/Georgia/Illinois/Michigan, LLC, Comcast of Illinois III, Inc. d/b/a CHICAGO CABLE TV-IV, and Comcast of South Chicago, Inc. received State-issued authorization to provide cable services to the City of Chicago Areas 2, 3, 4 and 5 on September 19, 2014. Comcast of Chicago, Inc. received Commission approval to provide cable service to the City of Chicago Area 1 on April 23, 2015. Comcast of Florida/Georgia/Illinois/Michigan, LLC, Comcast of Illinois III, Inc. d/b/a CHICAGO CABLE TV-IV, Comcast of South Chicago, Inc., and Comcast of Chicago, Inc. (“Comcast”) submitted its seventh annual report on February 1, 2021 for year ending December 31, 2020, included as Attachment F.

Comcast reported that, with respect to the City of Chicago, Comcast is an “incumbent cable operator” because Comcast, on January 1, 2007, provided cable service in and throughout the City of Chicago pursuant to franchise agreements. Pursuant to and in accordance with those local franchise agreements, Comcast provided cable service access to 100% of low-income households throughout its City of Chicago “footprint.” Because Comcast is an incumbent cable operator under the Cable and Video Competition Law of 2007 (“Act”), Comcast must provide cable access in its service territory (i.e., City of Chicago) on the same terms and in a geographic area no smaller than it did on June 30, 2007. Comcast reports it is fully compliant with these obligations under the Act.

Comcast states that the United States Census Bureau’s most recent estimate of the number of “low-income households,” as defined in Section 21-201(p) of the Illinois Public Utilities Act, located within the City of Chicago is 354,187, and that Comcast provides access to 100% of those low-income households.

Computer Techniques, Inc. d/b/a CTI Fiber’s Sixth Report to the Commission

Re: Docket 07-0493 AT&T Illinois Twelfth Annual Video Service Access Report

Dear Ms. Rolando:

This Thirteenth Annual Video Service Access Report issued by Illinois Bell Telephone Company (AT&T Illinois) is transmitted to you for filing.

This filing complies with the annual report requirement in Section 1101(j-5) of the Cable and Video Competition Law of 2013 (the "Act") (220 ILCS 5/21-100. et seq.).

On October 24, 2007, the Illinois Commerce Commission (the "Commission") approved the "Application for State-issued Authorization to Provide Video Service," filed by AT&T Illinois and granted it authority to provide video service in the requested video service area footprint. As a holder of that State-issued authorization, AT&T Illinois is subject to the video service access requirements in Section 21-1101(c) of the Act, and is required to file with the Commission video services access reports no later than April 1 annually. This annual report provides to the Commission the service access information and low-income information required by Section 21-1101(j-5) of the Act.

As demonstrated with the Fifth Annual Video Service Access Report, AT&T Illinois fully satisfied all requirements in subsection (c) as of its filing on March 22, 2013. As such only the subsection (j-5) reporting requirements continue to apply. To satisfy the subsection (j-5) reporting requirement, AT&T Illinois submits Attachment 1.

We respectfully request Commission acceptance of this Report.

Any questions and correspondence regarding this filing should be directed to Deno Perdiou, Director-External & Regulatory Affairs, who may be reached at:

AT&T Illinois Thirteenth Annual Video Service Access Report

Data as of December 31, 2020

Definitions and Descriptions

Attachment 1 – Statewide and Designated Market Areas

Definitions and Descriptions for Attachments 1

“Access” means that AT&T Illinois is capable of providing video services at the household address using any technology, other than direct-to-home satellite service, which provides two-way broadband internet capability and video programming, content and functionality, regardless of whether any customer has ordered service or whether the owner or landlord or other responsible person has granted access to the household.

“HH” or “Household” means a house, an apartment, a mobile home, a group of rooms, or a single room that is intended for occupancy as separate living quarters. Separate living quarters are those in which the occupants live and eat separately from any other persons in the building and which have direct access from the outside of the building or through a common hall.

“LI” or “Low-income household” means those residential households located within the AT&T Illinois’ existing telecommunications service area where the average annual household income is less than \$35,000 based on the United States Census Bureau estimates adjusted annually to reflect rate of change and distribution.

“Designated Market Area” or “DMA” means a designated market area, as determined by Nielsen Media Research and published in the 1999-2000 Nielsen Station Index Directory and Nielsen Station Index United States Television Household Estimates or any successor publication. For any designated market area that crosses State lines, only households in the portion of the designated market area that is located within AT&T Illinois’ telecommunications service area where access to video service will be offered is included.

“Telco Footprint” shows the number of households in AT&T Illinois’ telecommunications service area at statewide and DMA levels.

“Current Build Footprint” and “Current Build Coverage %” shows the number and percent of households with access to video service in areas within AT&T Illinois’ State-issued authorization at statewide and DMA levels.

“Footprint LI” and “Footprint LI %” shows the number and percent of low-income households in AT&T Illinois’ Telecommunications service area at statewide and DMA levels.

“Current Build LI” and “Current Build LI %” shows the number and percent of low-income households with access to video service in areas within AT&T Illinois’ State-issued authorization at statewide and DMA levels.

Re: Annual Cable Service Report; Comcast of Chicago, Inc.; Comcast of Georgia/Illinois/Michigan, LLC; Comcast of Illinois III, Inc.; and Comcast of South Chicago, Inc.

Dear Chief Clerk Rolando:

In accordance with Section 21-1101(j) of the Cable and Video Competition Law of 2007 ("Act"), provided below is the Annual Cable Service Report through December 31, 2020, for: Comcast of Chicago, Inc. (Chicago Area 1); Comcast of Georgia/Illinois/Michigan, LLC (Chicago Areas 2 and 3); Comcast of Illinois III, Inc. (Chicago Area 4); and Comcast of South Chicago, Inc. (Chicago Area 5).

With respect to the city of Chicago, Comcast is an "incumbent cable operator"¹ because, on January 1, 2007, Comcast provided cable service in and throughout the city of Chicago pursuant to local franchise agreements. Pursuant to and in accordance with those local franchise agreements, Comcast provided cable service access to 100% of low-income households through its city of Chicago "footprint." Because Comcast is an incumbent cable operator under the Act, Comcast must provide cable access in its service territory (i.e. city of Chicago) on the same terms and in a geographic area no smaller than it did on June 30, 2007. Comcast continues to provide cable access in Chicago at the same levels and throughout the same geographic area as it did on June 30, 2007. Therefore, Comcast is fully compliant with these obligations under the Act.

The United States Census Bureau's most recent estimate of the number of "low-income households,"² as defined in Section 21-201(p) of the Act, located within the city of Chicago is 354,187. Comcast provides access to 100% of low-income households (i.e. 354,187) throughout the city of Chicago.

Please contact me at Matthew_Summay@comcast.com if you have any questions or need additional information.

Sincerely,

Matthew Summay
VP, External Affairs

¹ "Incumbent cable operator" means a person or entity that provided cable services or video services in a particular area under a franchise agreement with a local unit of government pursuant to Section 11-42-11 of the Illinois Municipal Code (65 ILCS 5/11-42-11) or Section 5-1095 of the Counties Code (55 ILCS 5/5-1095) on January 1, 2007. [See 220 ILCS 5/21-201(m)]

² The Census Bureau reported number of "low-income households" has been updated utilizing the 2015-2019 American Community Survey 5-Year Estimates which provides estimates of various demographic data, including household income, annually through the American Community Survey.

Explanatory Notes

TM is an incumbent cable operator in Illinois. TM continues to provide cable television access in the above-referenced local units of government at the same levels and throughout the same geographic areas as it did before it obtained statewide authorization to provide cable service.

*The number of households offered access to video service in North City Village is subsumed by Franklin County.

**Statewide totals remove double-counting created by overlap of counties and any individual local unit of government with the county.

(1) Household data based on U.S. Census QuickFacts data as of July 1, 2019 under "Households, 2015-2019 category" and/or "Occupied housing units" category on Census Data TableID S2503, Financial Characteristics from the 2019: ACS 5-Year Estimates Subject Tables

(2) Number of households offered access to video service includes only those households TM could reasonably confirm are residential households.

(3) Low-income household data based on Census Data TableID S2503, Financial Characteristics from the 2019: ACS 5-Year Estimates Subject Tables under "Household Income in the Past 12 Months (in 2019 Inflation-Adjusted Dollars)" category

(4) Low-income household data based on percentage of total number of households offered access to video service to total number of households in local unit of government.

Re: **Docket No. 18-0036: Pavlov Media Cable Illinois, LLC Annual Cable Service Area Report**

Dear Ms. Armour :

Herewith for filing with the Illinois Commerce Commission, please find the above-referenced Annual Report in accordance with Section 21-1101(j) of the Illinois Public Utilities Act as follows:

Local Unit of Government	# of Households in Service Area	# of Households in Service Area Passed by Pavlov Video	# of Low Income Households Passed by Pavlov Video Service	# of Low Income Households in Service Area
-				
-				
Total	-	-	-	-

Due to technical issues, Pavlov's expected deployment has been delayed. Currently Pavlov has not offered, nor does it currently provide cable and video service to Illinois customers or subscribers. Pavlov expects to resolve these issues and begin providing service later this year and will report to the Commission accordingly.

Please contact the undersigned at 217 620-1018 or pete@wagnerconsulting-usa.com should you have any questions or concerns.

Re: 2020 Annual Cable Service Report; Cass Cable TV, Inc.

Dear Chief Clerk Rolando:

In accordance with Section 21-1101(j) of the Cable and Video Competition Law of 2007 ("Act"), provided below is the Annual Cable Service Report through December 31, 2020, for Cass Cable TV, Inc. (hereinafter "Cass").

With respect to the villages of Bath, Tallula, Forest City, and Sherman; and with respect to the cities of Pittsfield, Pleasant Plains, Rushville, Mason, Ashland, Virginia, Athens, Versailles and Mt. Sterling, Cass is an "incumbent cable operator"¹ because, on January 1, 2007, Cass provided cable service in and throughout the aforementioned villages and cities pursuant to local franchise agreements. Pursuant to and in accordance with those local franchise agreements, Cass provided cable service access to 100% of low-income households throughout its "footprint" in each of the aforementioned villages and cities. Because Cass is an incumbent cable operator under the Act, Cass must provide cable access in its service territory (i.e. all of the aforementioned villages and cities) on the same terms and in a geographic area no smaller than it did on June 30, 2007. With respect to the aforementioned villages and cities, Cass continues to provide cable access at the same levels and throughout the same geographic area as it did on June 30, 2007. Therefore, Cass is fully compliant with these obligations under the Act as it relates to the aforementioned villages and cities.

With respect to the Village of Lynnville, Cass is not an "incumbent cable operator" because, on January 1, 2007, Cass did not provide cable service in and throughout the Village of Lynnville. However, Cass currently provides access to its cable service within and throughout the entire corporate limits of the Village of Lynnville. Therefore, Cass is fully compliant with its obligations under the Act as it relates to the Village of Lynnville.

With respect to Morgan County, Cass is not an "incumbent cable operator" because, on January 1, 2007, Cass did not provide cable service in and throughout Morgan County. However, Cass provides access to its cable service within unincorporated Morgan County at the same levels

required by Morgan County of incumbent cable operators on June 30, 2007. Accordingly, Cass is fully compliant with the Act as it relates to Morgan County.

With respect to the Village of South Jacksonville, Cass is not an "incumbent cable operator" because, on January 1, 2007, Cass did not provide cable service in and throughout the Village of South Jacksonville. However, Cass provides access to its cable service within the Village of South Jacksonville at the same levels required by the Village of South Jacksonville of incumbent cable operators on June 30, 2007. Therefore, Cass is fully compliant with its obligations under the Act as it relates to the Village of South Jacksonville.

The United States Census Bureau's most recent estimate of the number of "low-income households,"² as defined in Section 21-201(p) of the Act, located within Cass's "footprint" is 9,398. Cass provides access to 100% of low-income households (i.e., 9,398) throughout its service area footprint.

Please contact me at 217-452-4105 if you have any questions or need additional information.

Sincerely,

Chad Winters
Vice President and Manager of Cable TV Services

¹ "Incumbent cable operator" means a person or entity that provided cable services or video services in a particular area under a franchise agreement with a local unit of government pursuant to Section 11-42-11 of the Illinois Municipal Code (65 ILCS 5/11-42-11) or Section 5-1095 of the Counties Code (55 ILCS 5/5-1095) on January 1, 2007. [See 220 ILCS 5/21-201(m)]

² The Census Bureau reported number of "low-income households" has been updated utilizing the 2014-2018 American Community Survey 5-Year Estimates which provides estimates of various demographic data, including household income, annually through the American Community Survey.
