RE: Public Act 87-552 Reporting

---

In Accordance with your requirement on reporting agency's responsibility to reduce the need for day care, the following is submitted following your format:

1. The Prisoner Review Board established personalized schedules to accommodate and reduce the need for out-of-home childcare for its employees. This policy was implemented January 1, 1993 and remains in force.
2. Agency management staff and Board Chairman constructed the policy, with approval from AFSCME and DCMS Personnel Division.
3. The personalized schedule consists of several different flextime schedules. The flextime schedules range from 7:00 a.m. to 3:30 p.m. and 8:30 a.m. to 5:00 p.m. The agency also offers its employees a nine-day work schedule. The employee works an eight and one half-hour day with one day off, plus one short afternoon within every two-week period.
4. The agency offers a wide range of work schedules; 40% of its work force has chosen the nine-day schedule; 40% utilize flextime and the remaining 20% work the regular schedule. To meet each employee's needs, the agency offers a chance to change their schedule every January 1<sup>st</sup>. No major problems have arisen due to the agency's flexibility and the agency plans to continue with current flexible schedules.
