## Metropolitan Enforcement Group

**MEG**  
Metropolitan Enforcement Group

## INTRODUCTION

Metropolitan Enforcement Groups (MEGs), authorized by the Illinois General Assembly in 1977 under the Intergovernmental Drug Laws Enforcement Act (30 ILCS 715/6), continue to be an important component in the effort to combat illegal drug traffic throughout Illinois. MEGs represent a collaborative effort among state, federal, and local law enforcement agencies to enforce Illinois drug laws and investigate street gang activity. MEGs partner with the Statewide Terrorism Intelligence Center (STIC) and Illinois National Guard Counterdrug analysts to reduce crime through intelligence led policing which focuses enforcement efforts on felony level drug distribution and trafficking. MEGs partner with community groups, health organizations, and local stakeholders to address and prevent substance abuse disorders (SUDs) affecting communities throughout Illinois.

Illinois has nine MEGs encompassing 20 counties, including Scott County, Iowa. Combined populations of these counties is 3,744,542 or 29 percent of the total population of Illinois. The MEGs are staffed by 90 officers, 26 from the Illinois State Police (ISP) (28 percent), and 64 from local and federal agencies (72 percent). Administrative staff members (21) manage budgets, analyze intelligence data, and coordinate asset seizures and forfeitures. Each MEG is overseen by a policy board composed of ISP officers, elected officials, and chief law enforcement officers or their designees. A 2017 report by the Illinois Criminal Justice Information Authority (ICJIA) concluded MEG units were effective at making proportionally more felony and manufacture/delivery arrests than their local counterparts. The report also indicated MEG staff survey responses showed a strong fidelity to the Bureau of Justice Assistance's 12 critical elements of MEG/TFs (BJA, 2000).

The annual MEG report includes statewide activity totals as well as individual activity for each MEG unit, including arrest statistics, drug seizures, and gang arrests for Fiscal Year 2022 (FY22). Tables in the appendix section provide both summaries and individual MEG statistics for case activity, weapons seized, arrest data, and drug seizures.

The MEGs continue to prioritize operations in the on-going effort to reduce violent crime, drug-related violent crime, and human trafficking in metropolitan areas within the State of Illinois. MEGs collaborate with Division of Criminal Investigation Zone Offices to enforce compliance with the FOID Act, while focusing on offenders that pose a clear and present danger within the communities they serve. MEGs will implement intelligence-based software to assist in locating victims of human trafficking and provide a path for resources to aid in recovery. The clear crossroads of drug, gun, and human trafficking and the violence associated, have been brought to the forefront legislatively and remain at the center of the mission of each MEG.

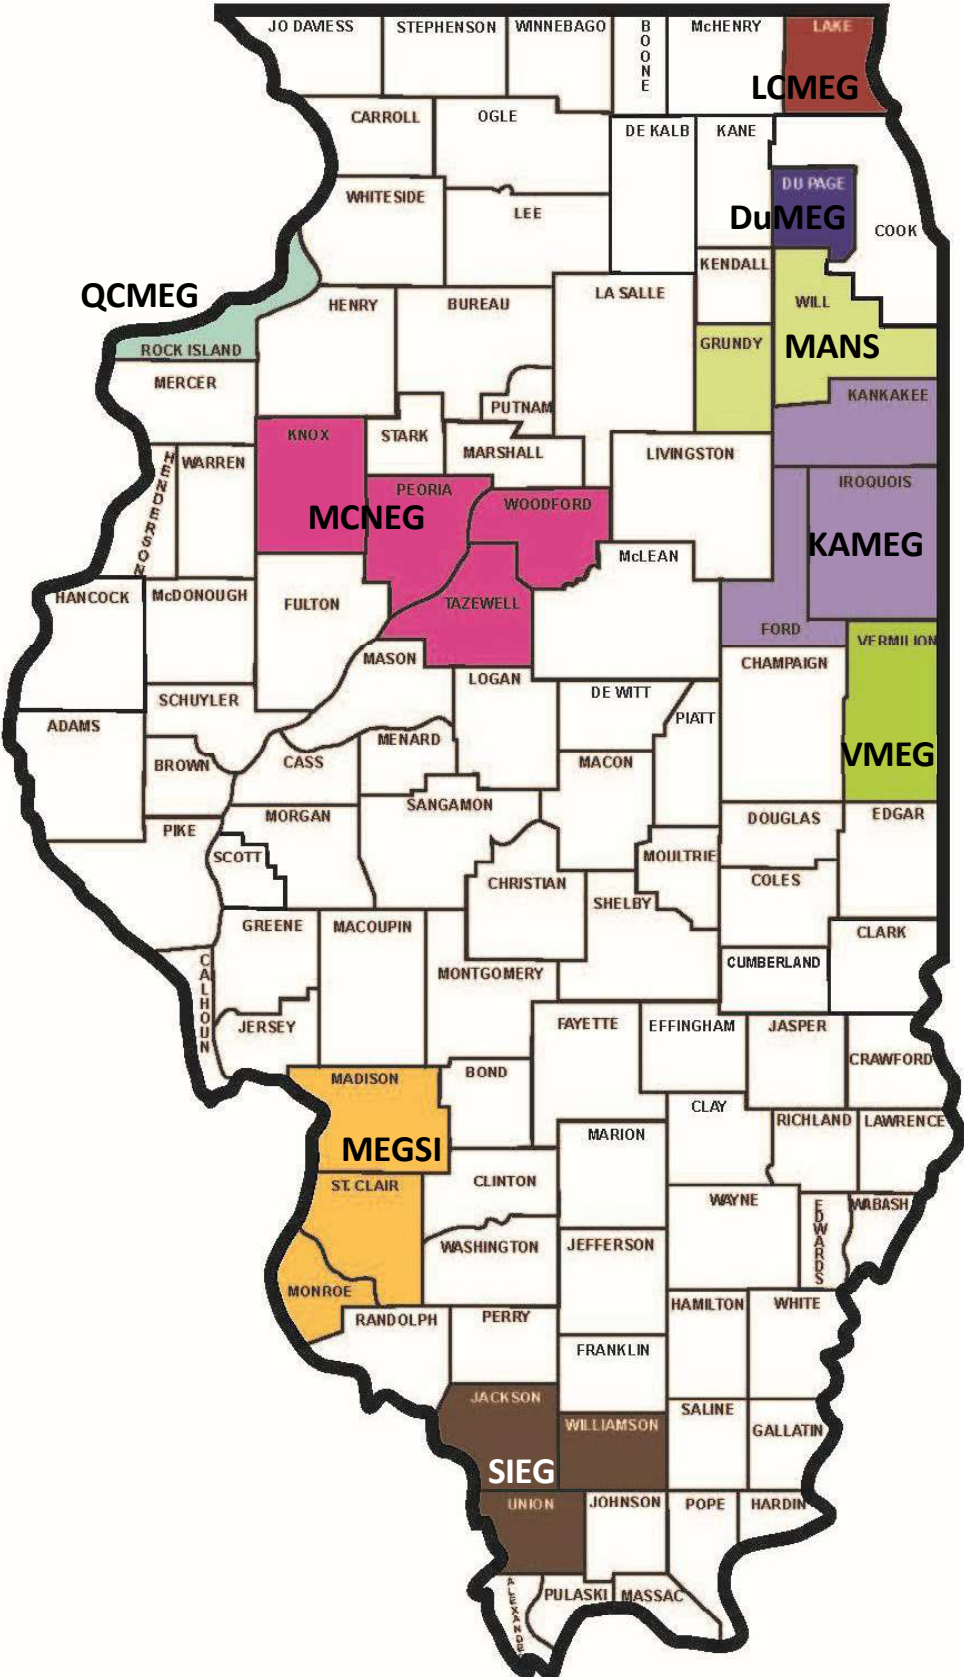

## COMMUNITY PARTNERSHIPS

Metropolitan Enforcement Groups (MEGs) are on the front line of narcotic enforcement strategies, prevention, and treatment strategies. Through community partnerships, MEGs increase awareness of drug abuse trends and work with various groups to keep drug abusers out of the criminal justice system by focusing enforcement efforts on felony level drug distribution and trafficking.

During FY22, MEGs partnered with and/or provided prevention and education seminars to the following community groups:

- Citizens Police Academy
- Saint Eugene's Elementary Catholic School
- DuPage County NARCAN Program
- Behavioral Health Alliance of Will and Grundy County
