FEDERAL SINGLE AUDIT**  
*In Accordance with the Single Audit Act and Applicable Federal Regulations  
For the Year Ended June 30, 2022*

**FEDERAL COMPLIANCE REPORT**

**SUMMARY**

The compliance testing performed during this audit of the University of Illinois (University) was conducted in accordance with the Single Audit Act, Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Guidance Requirements, Cost Principals, and Audit Requirements for Federal Awards (Uniform Guidance)*, and *Government Auditing Standards*.

**AUDITOR'S REPORT**

The Independent Auditor's Report on Compliance for Each Major Federal Program; Report on Internal Control Over Compliance; Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance, and the Report on Schedule of Federal and Nonfederal Financial Activity does not contain scope limitations, disclaimers, or other significant non-standard language.

**EXIT CONFERENCE**

The University waived an exit conference for the Federal Compliance OMB Uniform Guidance audit in an email dated February 21, 2023, from Jennifer Erickson, Associate Director for Business and Finance. Responses to the findings were provided by Jennifer Erickson, Associate Director for Business and Finance, in an email dated February 28, 2023.

**Report on Internal Control Over  
Financial Reporting and on Compliance and Other Matters Based  
on an Audit of Financial Statements  
Performed in Accordance with *Government Auditing Standards***

RSM US LLP

**Independent Auditor's Report**

Honorable Frank J. Mautino  
Auditor General  
State of Illinois  
and  
Board of Trustees  
University of Illinois

As Special Assistant Auditors for the Auditor General, we have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the business-type activities, fiduciary activities, and the aggregate discretely presented component units of the University of Illinois (University), collectively a component unit of the State of Illinois, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the University's basic financial statements, and we have issued our report thereon dated February 3, 2023. That report includes emphasis of matters relating to restatements of opening net position for the implementation of Governmental Accounting Standards Board's Statement No. 87, *Leases*, as well as an error relating to fiduciary activities.

The financial statements of the University of Illinois Foundation; University of Illinois Alumni Association; Wolcott, Wood, and Taylor, Inc.; Prairieland Energy, Inc.; Illinois Ventures, LLC; the University Research Park, LLC; Illinois Global Gateway, LLC; and Shield T3, LLC, component units of the University, were not audited in accordance with *Government Auditing Standards* and, accordingly, this report does not include reporting on internal control or compliance and other matters associated with these component units.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the University's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we do not express an opinion on the effectiveness of the University's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We identified certain deficiencies in internal control, described in the accompanying Schedule of Findings and Questioned Costs as items 2022-001 through 2022-004 that we consider to be material weaknesses.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the University's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards* and which is described in the accompanying Schedule of Findings and Questioned Costs as item 2022-001.

### **University's Responses to the Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on the University's responses to the findings identified in our audit and described in the accompanying Schedule of Findings and Questioned Costs. The University's responses were not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Report on Compliance for  
Each Major Federal Program; Report on Internal Control  
Over Compliance; Report on the Schedule of Expenditures of  
Federal Awards Required by the Uniform Guidance; and  
Report on the Schedule of Federal and Nonfederal Financial Activity**

**Independent Auditor's Report**

Honorable Frank J. Mautino  
Auditor General, State of Illinois  
and  
Board of Trustees  
University of Illinois

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

As Special Assistant Auditors for the Auditor General, we have audited the University of Illinois' (University) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the University's major federal programs for the year ended June 30, 2022. The University's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

The University's basic financial statements include the operations of the University of Illinois Foundation; University of Illinois Alumni Association; Wolcott, Wood, and Taylor, Inc.; Prairieland Energy, Inc.; Illinois Ventures, LLC; the University Research Park, LLC; Illinois Global Gateway, LLC; and Shield T3, LLC, component units of the University, which are not included in the University's schedule of expenditures of federal awards during the year ended June 30, 2022. Our audit, as described below, did not include the operations of these component units because the component units did not expend federal funding during the year ended June 30, 2022.

In our opinion, the University complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the University and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the University's compliance with the compliance requirements referred to above.

### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the University's federal programs.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the University's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the University's compliance with the requirements of the major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the University's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the University's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### ***Other Matters***

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as items 2022-005 through 2022-010. Our opinion on each major federal program is not modified with respect to these matters.

*Government Auditing Standards* requires the auditor to perform limited procedures on the University's responses to the noncompliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. The University's responses were not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

## **Report on Internal Control Over Compliance**

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be significant deficiencies.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2022-005 through 2022-010 to be significant deficiencies.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

*Government Auditing Standards* requires the auditor to perform limited procedures on the University's responses to the internal control over compliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. The University's responses were not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

## **Report on Schedule of Expenditures of Federal Awards Required by Uniform Guidance and the Report on the Schedule of Federal and Nonfederal Financial Activity**

We have audited the financial statements of the business-type activities, fiduciary activities, and the aggregate discretely presented component units of the University of Illinois, collectively a component unit of the State of Illinois, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the University's basic financial statements. We issued our report thereon dated February 3, 2023, which contained unmodified opinions on those financial statements. That report includes emphasis of matters relating to restatements of opening net position for the implementation of Governmental Accounting Standards Board's Statement No. 87, *Leases*, as well as an error relating to fiduciary activities. Our report was modified to include a reference to other auditors. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. In addition, the accompanying schedule of federal and nonfederal financial activity is presented for the purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal

awards and the schedule of federal and nonfederal financial activity are fairly stated in all material respects in relation to the basic financial statements as a whole.

CURRENT FINDINGS – GOVERNMENT AUDITING STANDARDS  
For the Year Ended June 30, 2022**

**Finding 2022-001      Inadequate Internal Controls over Census Data**

The University of Illinois (University) did not have adequate internal control over reporting its census data and did not have a reconciliation process to provide assurance census data submitted to its pension and other postemployment benefits (OPEB) plans was complete and accurate.

Census data is demographic data (date of birth, gender, years of service, etc.) of the active, inactive, or retired members of a pension or OPEB plan. The accumulation of inactive or retired members' census data occurs before the current accumulation period of census data used in the plan's actuarial valuation (which eventually flows into each employer's financial statements), meaning the plan is solely responsible for establishing internal controls over these records and transmitting the data to the plan's actuary. In contrast, responsibility for active members' census data during the current accumulation period is split among the plan and each member's current employer(s). Initially, employers must accurately transmit census data elements of their employees to the plan. Then, the plan must record and retain these records for active employees and then transmit this census data to the plan's actuary.

We noted the University's employees are members of the State Universities Retirement System (SURS) for their pensions and the State Employees Group Insurance Program sponsored by the State of Illinois, Department of Central Management Services (CMS) for their OPEB. In addition, we noted these plans have characteristics of different types of pension and OPEB plans, including single employer plans and cost-sharing multiple-employer plans. Additionally, CMS' actuary uses census data for employees of the State's public universities provided by SURS, along with census data for the other participating members provided by the State's four other pensions plans, to prepare their projection of the liabilities of CMS' plan. Finally, SURS' actuary and CMS' actuary used census data transmitted by the University during Fiscal Year 2020 to project pension and OPEB-related balances and activity at the plans during Fiscal Year 2021, which is incorporated into the University's Fiscal Year 2022 financial statements.

During testing, we noted the following:

- The University had not performed an initial complete reconciliation of its census data recorded by SURS to its internal records to establish a base year of complete and accurate census data.
- After establishing a base year, the University had not developed a process to annually obtain from SURS the incremental changes recorded by SURS in their census data records and reconcile these changes back to the University's internal supporting records.
- During our cut-off testing of data transmitted by the University to SURS, we noted 126 instances of an active employee becoming inactive, 3 instances of an inactive employee becoming retired, 3 instances of an inactive employee becoming active, 2 instances of an active employee becoming retired, and 2 instances of a change in service credit were reported to SURS after the close of the fiscal year in which the event occurred. SURS determined the potential impact of each change in service credit was off between  $\frac{1}{4}$  of a year to  $2\frac{1}{4}$  year. There were also 10 instances previously reported that impacted the June 30, 2020 census data.
- We noted 5 employees were not reported as eligible to participate in SURS by the University until Fiscal Year 2021. SURS determined the total potential impact of this error was each employee's service credit was off between  $\frac{3}{4}$  of a year to  $1\frac{3}{4}$  year.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
CURRENT FINDINGS – GOVERNMENT AUDITING STANDARDS  
For the Year Ended June 30, 2022**

**Finding 2022-001      Inadequate Internal Controls over Census Data (continued)**

We provided SURS' actuary and CMS' actuary with the exceptions we identified during our testing, along with the results of census data testing at the State Employees Retirement System of Illinois, and determined the net effect of these errors, along with the errors of other plan participants, was immaterial to SURS' and CMS' pension and OPEB-related balances and activity at the plans during Fiscal Year 2021.

The Fiscal Control and Internal Auditing Act (30 ILCS 10/3001) requires the University establish and maintain a system, or systems, of internal fiscal and administrative controls to provide assurance funds applicable to operations are properly recorded and accounted for to permit the preparation of reliable financial reports and to maintain accountability over the State's resources.

Additionally, eligibility criteria for participation in SURS under the Illinois Pension Code (Code) (40 ILCS 5/15-134(a)) states any person who is an employee of the University becomes a participant in SURS. Under the Code (40 ILCS 5/15-107), an employee is any member of the educational, administrative, secretarial, clerical, mechanical, labor, or other staff of an employer whose employment in a position in which services are expected to be rendered on a continuous basis for at least four months or an academic term, whichever is less:

- 1) not a student employed on a less than full-time temporary basis;
- 2) not receiving a retirement or disability annuity from SURS;
- 3) not on military leave;
- 4) not eligible to participate in the Federal Civil Service Retirement System,
- 5) not currently on a leave of absence without pay more than 60 days after the termination of SURS' disability benefits;
- 6) not paid from funds received under the Federal Comprehensive Employment and Training Act as a public service employment program participant hired on or after July 1, 1979;
- 7) not a patient in a hospital or home;
- 8) not an employee compensated solely on a fee basis where such income would net earnings from self-employment;
- 9) not providing military courses pursuant to a federally-funded contract where the University has filed a written notice with SURS electing to exclude these persons from the definition of an employee;
- 10) currently on lay-off status of not more than 120 days after the lay-off date;
- 11) not on an absence without pay of more than 30 days; and,
- 12) a nonresident alien on a visa defined under subparagraphs (F), (J), (M), or (Q) of Section 1101(a)(15) of Title 8 of the United States Code who (1) has met the Internal Revenue Service's substantial presence test and (2) became an employee on and after July 1, 1991.

In addition, the Code (40 ILCS 5/15-157) requires the University to, at a minimum, withhold contributions of each employee's total compensation of 8% (9.5% for firefighters or police officers) for their participation in SURS, unless further contributions by the employee would either exceed the maximum retirement annuity in the Code (40 ILCS 5/15-136(c)) or the Tier 2 earnings limitation within the Code (40 ILCS 5/15-111(b)), and remit these amounts to SURS. Further, the Code (40 ILCS 5/15-155(b)) requires the University remit employer contributions to SURS reflecting the accruing normal costs of an employee paid from federal or trust funds.

Finally, for CMS' OPEB plan, we noted participation in OPEB is derivative of an employee's eligibility to participate in SURS, as members of SURS participate in OPEB as annuitants under the State Employees Group Insurance Act of 1971 (Act) (5 ILCS 375/3(b)).

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
CURRENT FINDINGS – GOVERNMENT AUDITING STANDARDS  
For the Year Ended June 30, 2022**

**Finding 2022-001      Inadequate Internal Controls over Census Data (continued)**

University officials indicated the base year reconciliation process was not established by SURS until Fiscal Year 2021, which was completed by the University in July 2022. Transactions impacting this census data accumulation period were not reported in a timely manner because of coding issues used in certain automated processes, significant workload at the unit level, and the impact of processing leave associated with the COVID-19 pandemic.

Failure to ensure complete and accurate census data was reported to SURS reduces the overall reliability of pension and OPEB-related balances and activity reported in the University's financial statements, the financial statements of other employers within both plans, and the State of Illinois' Annual Comprehensive Financial Report. Further, failure to report all eligible employees to SURS may result in employees not receiving the pension and OPEB benefits they are entitled to receive under the Code and the Act. (Finding Code No. 2022-001, 2021-001, 2020-001)

**Recommendation**

We recommend the University continue to work with SURS to complete the base year reconciliation of Fiscal Year 2021 active members' census data from its underlying records to a report of census data submitted to SURS' actuary and CMS' actuary. After completing an initial full reconciliation, the University may limit the annual reconciliations to focus on the incremental changes to the census data file from the prior actuarial valuation, provided no risks are identified that incomplete or inaccurate reporting of census data may have occurred during prior periods. Any errors identified during this process should be promptly corrected by either the University or SURS, with the impact of these errors communicated to both SURS' actuary and CMS' actuary.

Further, we recommend the University ensure all events occurring within a census data accumulation year are timely reported to SURS so these events can be incorporated into the census data provided to SURS' actuary and CMS' actuary.

Finally, we recommend the University ensure all eligible employees are reported to SURS, along with any required employee and employer contributions.

**University Response**

Accepted. With 69,000 employees, the University has numerous electronic and manual controls in place to ensure that employees who are eligible for SURS and OPEB are identified correctly. The University also has numerous controls over census data for the University's 30,000 employees eligible for SURS and OPEB benefits.

However, the University acknowledges its controls over census data did not always ensure timely reporting of employee events to SURS. Controls for determining pension and OPEB eligibility did not always operate as intended. In addition, the unprecedented nature of the COVID-19 pandemic significantly impacted the timeliness and volume of leave processing.

The University will continue to enhance controls to improve the timeliness of reporting certain employee events impacting pension and OPEB census data, and will strengthen processes for determining pension and OPEB eligibility. The University has worked with SURS to complete its initial 2021 census data reconciliation and is eager to work with SURS to develop the annual reconciliation process for incremental census data changes.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
CURRENT FINDINGS – GOVERNMENT AUDITING STANDARDS  
For the Year Ended June 30, 2022**

**Finding 2022-002      Inadequate Controls over Fiduciary Fund Accruals**

The University of Illinois (the University) did not have controls in place to ensure that addition and deduction accruals were appropriately identified and recorded in the fiduciary fund statements.

The University implemented GASB Statement No. 84, *Fiduciary Activities* in Fiscal Year 2021. Implementing this statement required the University to analyze potential fiduciary activities and report full accrual financial statements for these activities. In Fiscal Year 2022, the University concluded that certain transactions relating to software licenses were not recorded properly in the prior year as amounts were being partially deferred when the entire transactions should be recorded when it occurs as the fiduciary fund does not own the license.

To correct this error, the University restated opening fiduciary net position for the software license additions and deductions that should be been recognized in the prior year. The restatement included reductions of \$12,115,000 of prepaid deductions and \$4,815,000 of unearned additions from the prior year, resulting in a reduction of opening net position of \$7,300,000.

In addition to the restatement noted above, during current year testing of 55 fiduciary deductions totaling \$38,192,194, we noted three transactions (5%), totaling \$800,471, were recorded as deductions in Fiscal Year 2022, but should have been partially recorded as deductions in Fiscal Year 2023 at an amount of \$752,082.

Upon discovery of these errors, the University re-analyzed the related fiduciary accruals and concluded that \$806,304 of expenses should have been recorded as prepaid expense in Fiscal Year 2023 and \$688,903 of additional expense should be accrued to Fiscal Year 2022. Management elected to record the adjusting entry for this error.

Generally accepted accounting principles require transactions to be reported in the period they are incurred. Additionally, the Fiscal Control and Internal Auditing Act (30 ILCS 10/3001), requires the University to establish and maintain a system, or systems, of internal fiscal and administrative controls to provide assurance that revenues, expenditures, and transfers of assets, resources, or funds applicable to operations are properly recorded and accounted for to permit the preparation of accounts and reliable financial and statistical reports and to maintain accountability over the State's resources. The University's system of internal controls should include procedures to ensure expenses and revenues are recognized in the appropriate reporting period.

University officials indicated the processes to identify accrual transactions for fiduciary funds and prepare the fiduciary fund full accrual statements were not as robust as processes utilized for the University's financial statements during the first couple of years presenting fiduciary statements.

As a result of the lack of internal control in this area, the University's draft fiduciary fund financial statements were materially misstated. (Finding Code No. 2022-002, 2021-004)

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
CURRENT FINDINGS – GOVERNMENT AUDITING STANDARDS  
For the Year Ended June 30, 2022**

**Finding 2022-002      Inadequate Controls over Fiduciary Fund Accruals (continued)**

**Recommendation**

We recommend the University review its process for fiduciary activity to assess the existence of current period accruals and consider changes necessary to ensure all accruals are accurately identified and recorded for presentation in the University's financial statements.

**University Response**

Accepted. The University will further enhance controls related to accruals for its third-party fiduciary funds.

**STATE OF ILLINOIS**  
**UNIVERSITY OF ILLINOIS**  
**SCHEDULE OF FINDINGS AND QUESTIONED COSTS**  
**CURRENT FINDINGS – GOVERNMENT AUDITING STANDARDS**  
**For the Year Ended June 30, 2022**

**Finding 2022-003      Inadequate Controls over Revenue and Expense Accruals**

The University of Illinois (the University) has not established adequate controls over accurately identifying and recording revenue and expense accrual transactions for financial reporting purposes.

During our audit, we noted the University's procedures to identify and record both revenue and expense accruals includes a review of cash receipts and disbursements, both during the year and after year end through the issuance of the financial statements. This review includes coding transactions which pertain to multiple fiscal years within the general ledger system. University Accounting and Financial Reporting (UAFR) will then post year-end journal entries to appropriately defer the identified revenue and expense transactions. In addition to the review of receipts and disbursements, UAFR also requires individual units to identify and report known accrual and deferral transactions at fiscal year-end for certain fund types.

During our test work over 61 educational activity revenue transactions totaling \$156,880,550, we noted the following:

- Three transactions (5%), totaling \$7,502,740, that were recorded as revenues for Fiscal Year 2022, but should have been partially accrued as of Fiscal Year 2021 at an amount of \$3,205,340.

The estimated projected impact of these errors is an understatement of opening net position and an overstatement revenue of \$12.2 million. Management elected not to record the adjusting entry for these errors.

During our test work over 41 medical service plan revenue transactions totaling \$3,102,304, we noted the following:

- Six transactions (15%), totaling \$366,978, were recorded as revenues for Fiscal Year 2022, but should have been partially accrued as of Fiscal Year 2021 at an amount of \$230,907.

Upon discovery of these cutoff errors, the University re-analyzed the medical service plan accruals and concluded that \$2,011,034 of revenue recorded in Fiscal Year 2022 should have been recorded in Fiscal Year 2021. Also, \$2,807,017 of revenue recorded in Fiscal Year 2023 should have been recorded in Fiscal Year 2022. Management elected not to record the adjusting entry for these errors.

During our test work over 14 other nonoperating revenue transactions totaling \$43,391,523, we noted the following:

- One transaction (7%), totaling \$24,924,672, that was recorded as revenue for Fiscal Year 2022, should have been partially accrued as of Fiscal Year 2021 at an amount of \$9,446,451.

The amount noted above is the expected total error for this account. Management elected not to record the adjusting entry for this error.

During our test work over 13 auxiliary expense transactions (not under indenture) totaling \$33,896,880, we noted the following:

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
CURRENT FINDINGS – GOVERNMENT AUDITING STANDARDS  
For the Year Ended June 30, 2022**

**Finding 2022-003      Inadequate Controls over Revenue and Expense Accruals (continued)**

- One transaction (8%), totaling \$5,292,432, that was recorded as expense for Fiscal Year 2022, should have been partially accrued as of Fiscal Year 2021 at an amount of \$2,108,981.

The estimated projected impact of this error is an overstatement of opening net position and expense of \$5.7 million. Management elected not to record the adjusting entry for this error.

During our test work over 33 institutional support expense transactions totaling \$4,254,176, we noted the following:

- One transaction (3%), totaling \$50,000, that was recorded as expense for Fiscal Year 2022, should have been partially recorded as a prepaid expense at an amount of \$44,932.

The estimated projected impact of this error is an understatement of prepaid expenses and an overstatement of expense of \$2.8 million. Management elected not to record the adjusting entry for this error.

During our test work over 13 deferred grant accrual transactions totaling \$51,658,785, we noted the following:

- One transaction (8%), totaling \$1,829,840, that was recorded as unearned revenue for Fiscal Year 2022, should have been partially recognized as revenue as of Fiscal Year 2022 at an amount of \$1,438,520.

The estimated projected impact of this error is an overstatement of unearned revenue and an understatement of revenue of \$4.6 million. Management elected to record the adjusting entry for the estimated amount of the error.

During our test work over 24 grant receivable transactions totaling \$23,024,782, we noted the following:

- One transaction (4%), totaling \$1,250,000, that was recorded as a receivable and revenue for Fiscal Year 2022, should have been recorded as of Fiscal Year 2023 in its entirety.

The estimated projected impact of this error is an overstatement of grant revenue and receivables of \$10.2 million. Management elected to record the adjusting entry for the estimated amount of the error.

Generally accepted accounting principles require transactions to be reported in the period they are incurred. Additionally, the Fiscal Control and Internal Auditing Act (30 ILCS 10/3001), requires the University to establish and maintain a system, or systems, of internal fiscal and administrative controls to provide assurance that revenues, expenditures, and transfers of assets, resources, or funds applicable to operations are properly recorded and accounted for to permit the preparation of accounts and reliable financial and statistical reports and to maintain accountability over the State's resources. The University's system of internal controls should include procedures to ensure expenses and revenues are recognized in the appropriate reporting period.

University officials indicated that in many of these instances, the units associated with the exceptions did not adequately follow established procedures to record the transactions in the proper period.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
CURRENT FINDINGS – GOVERNMENT AUDITING STANDARDS  
For the Year Ended June 30, 2022**

**Finding 2022-003      Inadequate Controls over Revenue and Expense Accruals (continued)**

Failure to accurately analyze and record cash receipts and disbursements within the proper fiscal year may result in the misstatement of the University's financial statements. (Finding Code No. 2022-003, 2021-005, 2020-002, 2019-001, 2018-001, 2017-001, 2016-001, 2015-001, 2014-001, 2013-001, 12-01, 11-01, 10-03, 09-03)

**Recommendation**

We recommend the University continue to review its process to assess the existence of current period revenues and expenses and consider changes necessary to ensure they are accurately identified and recorded for presentation in the University's financial statements.

**University Response**

Accepted. The University has processes in place to ensure revenues and expenses are recognized in the correct fiscal year. However, those processes didn't always ensure all transactions were recognized correctly. Additionally, the highly decentralized environment with hundreds of units and large volumes of transactions presents challenges in identifying all errors. The University will continue to improve controls related to year-end cutoff.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
CURRENT FINDINGS – GOVERNMENT AUDITING STANDARDS  
For the Year Ended June 30, 2022**

**Finding 2022-004      Weaknesses in Controls over Electronic Health Record System**

The University of Illinois (University) had not implemented adequate internal controls over their Electronic Health Record System (EHR).

The University maintains an EHR that contains patient medical records and data. Additionally, it supports billing and transaction workflows which feed into financial statements.

During our testing of the EHR, we noted:

- Systems Analysts were able to develop, test, and deploy changes to the production environment. Although a Change Advisory Board reviewed changes, there was not a reconciliation of the changes deployed into the production environment versus the approved changes.

Additionally, we noted one of seven (14%) emergency change requests was the result of a system analyst placing an unauthorized change into the production environment. The change did not result in any modification to the EHR data.

- Twenty-one of 25 (84%) EHR users' access were not timely terminated upon separation from the University. EHR user access were terminated three to 25 days after separation.
- A comprehensive review of EHR user access was not performed.

The Security and Privacy Controls for Information Systems and Organizations (Special Publication 800-53, Fifth Revision) published by National Institute of Standards and Technology (NIST), Configuration Change Control Section, promotes controls for ensuring mechanisms exist to prohibit unauthorized changes to systems within the organization. Additionally, the Access Control Section, promotes controls for ensuring access to system resources are appropriately authorized.

The University's Account Access Controls-Terminations and Disable Policy, Account Access Controls section, states separated employee's computer system access is to be revoked at the end of the employee's last day.

The University's Hospital Information Services management stated they felt their controls over EHR software changes were adequate, and that the one exception noted was an isolated incident.

Failure to maintain adequate controls over changes to the EHR resulted in an unauthorized change. Further, failure to terminate separated employees' access could result in unauthorized access to the EHR and data. (Finding Code No. 2022-004)

**Recommendation**

We recommend the University implement controls to restrict systems analysts' access to the production environment. In addition, we recommend the University terminate separated users' access on the last day of employment and conduct annual reviews of users' access.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
CURRENT FINDINGS – GOVERNMENT AUDITING STANDARDS  
For the Year Ended June 30, 2022**

**Finding 2022-004      Weaknesses in Controls over Electronic Health Record System (continued)**

**University Response**

Accepted. It should be noted the system analyst that initiated the emergency change request obtained documentation of the needed approval after the change was implemented. Additionally, the University Hospital has already implemented a reconciliation procedure to ensure changes to the EHR production environment match changes approved through the established change management process.

The roles and responsibilities of EHR users rarely change, thus reducing the risk of access being misaligned with a user's access needs. However, the University will develop an annual access review process for EHR system users.

Regarding the timely termination of employee EHR system access upon separation from the University, the UI Hospital team removed system access within 24 hours after being informed by the University's notification processes. The University will review employee separation policies and processes to determine options for improvements in the timing of notifications to Hospital Information Services related to EHR users who no longer need access.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
CURRENT FINDINGS – FEDERAL COMPLIANCE AND QUESTIONED COSTS  
For the Year Ended June 30, 2022**

**Federal Agency:** US Department of Education (ED)

**Program Name:** Student Financial Assistance Cluster: Federal Direct Student Loans

**ALN #:** 84.268

**Award Numbers:** N/A; Federal Award Year 2021 – 2022

**Questioned Costs:** None

**2022-005. Finding: Excess Cash - SFA**

The University of Illinois Chicago had one instance of excess cash for the Direct Loan program.

During our cash management testing, we identified that the University of Illinois Chicago had excess cash for the Direct Loan program ranging from \$113,662 to \$186,656 during the period of December 16, 2021 through January 4, 2022. In these situations, the excess cash did not exceed one percent of total prior year drawdowns, however, amounts were not returned within a seven-day period, as outlined below.

Uniform Grant Guidance (34 CFR 668.166) states the Secretary considers excess cash to be any amount of title IV, HEA program funds, other than Federal Perkins Loan program funds, that an institution does not disburse to students by the end of the third business day following the date the institution (1) received those funds from the Secretary; or (2) deposited or transferred to its depository account previously disbursed title IV, HEA program funds, such as those resulting from awards adjustments, recoveries, or cancellations. An institution may maintain for up to seven days an amount of excess cash that does not exceed one percent of the total amount of funds the institution drew down in the prior award year. The institution must return immediately to the Secretary any amount of excess cash over the one-percent tolerance and any amount of excess cash remaining in its account after the seven-day tolerance period.

Uniform Grant Guidance (2 CFR 200.303) requires nonfederal entities receiving Federal awards establish and maintain internal controls designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements. Effective internal controls should include procedures to ensure excess cash is properly handled.

University officials stated automated processes caused cash to accumulate over the holiday break. Due to the University's closure, staff were unavailable to recognize excess cash and return funds timely.

Excess cash is noncompliance with Federal regulation and could result in the loss of future funding. (Finding Code No. 2022-005, 2021-012).

**Recommendation:**

We recommend the University of Illinois Chicago review current processes for monitoring cash management and implement procedures that eliminate excess cash.

**University Response:**

Accepted. The University will take steps to address the recommendation in this finding.

**Questioned Costs:** None

**2022-006. Finding: Errors in Reporting for NSLDS**

The University of Illinois Urbana-Champaign did not properly report the student enrollment changes for certain students who received federal student aid to the National Student Loan Data System (NSLDS).

Out of the 24 students tested at the University of Illinois Urbana-Champaign, we noted two (8%) students with improper reporting which resulted in the following errors of the enrollment effective dates to NSLDS:

- For one student, the student’s status change at the Campus-Level was reported after the 60-day reporting requirement and the student’s enrollment status was not properly updated at the Program-Level in NSLDS.
- For one student, the University did not report the correct enrollment effective date to NSLDS at the Program Level.

The sample was not intended to be, and was not, a statistically valid sample.

The Code of Federal Regulations (34 CFR 685.309) requires enrollment status changes for students be reported to NSLDS within 30 days or within 60 days if the student with the status change will be reported on a scheduled transmission within 60 days of the change in status. Regulations require the status include an accurate effective date.

According to the NSLDS Enrollment Reporting Guide, a student’s Program-Level enrollment status should be reported with the same enrollment status as that student’s Campus-Level enrollment status for all programs the student is enrolled in at that location, even if the student is not currently taking coursework that applies to a particular program. If the student has withdrawn or graduated from an academic program, a “terminal enrollment status” of ‘W’ or ‘G,’ as appropriate, should be reported for that program, even if the student is still taking coursework applicable to other programs in which the student is enrolled.

Uniform Grant Guidance (2 CFR 200.303) requires nonfederal entities receiving Federal awards establish and maintain internal controls designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements. Effective internal controls should include procedures to ensure enrollment reporting is completed properly.

University officials stated both students were unofficial withdrawals. The enrollment reporting for unofficial withdrawal students is a manual process and the errors were due to human error.

If the NSLDS system is not updated with the student information, overawards could occur should the student transfer to another institution and the student may not properly enter the repayment period. (Finding Code No. 2022-006; 2021-010; 2020-006)

For the Year Ended June 30, 2022**

**Federal Agency:** US Department of Transportation (DOT): Federal Aviation Administration

**Program Name:** COVID19 – Airport Improvement Program

**ALN #:** 20.106

**Award Numbers:** DOT FAA 3-17-0016-041-2021 and DOT FAA 3-17-0016-039-2021; Federal Award Year 2021 – 2022

**Questioned Costs:** None

**2022-007. Finding: Late Submission of Annual Reporting**

The University of Illinois Urbana-Champaign did not have adequate procedures in place to ensure the proper Airport Improvement Program reporting requirements were submitted timely.

During our reporting testing, we identified the University of Illinois Urbana-Champaign did not timely submit two of the two annual reports required. The annual reports for the period ending September 30, 2021 were due by December 31, 2021, however, were submitted on January 6, 2022.

The Airport Improvement Program requires submission of a signed and dated SF-425 report annually, due 90 days after the end of federal fiscal year in which this grant is open (due December 31 of each year the grant is open).

Uniform Grant Guidance (2 CFR 200.303) requires nonfederal entities receiving Federal awards establish and maintain internal controls designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements. Effective internal controls should include procedures to ensure reports are submitted timely.

University officials stated due to an administrative error, the reporting deadline was not properly recognized causing the reports to be submitted late.

Without proper program reporting policies and procedures, the submission of late reports results in noncompliance with Federal regulation and could result in the loss of future funding. (Finding Code No. 2022-007)

**Recommendation:**

We recommend the University of Illinois Urbana-Champaign review current processes policies and procedures to ensure Airport Improvement Program reporting requirements are completed timely.

**University Response:**

Accepted. The University will take steps to address the recommendation in this finding.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
CURRENT FINDINGS – FEDERAL COMPLIANCE AND QUESTIONED COSTS  
For the Year Ended June 30, 2022**

**Federal Agencies:** US Department of Energy (DOE) and  
US Department of Health and Human Services (HHS): Health Resources and  
Service Administration (HRSA)

**Program Names:** Research & Development Cluster: Office of Science Financial Assistance Program;  
and HIV-Related Training and Technical Assistance

**ALN #s:** 81.049 and 93.145

**Award Numbers:** DOE DE-SC0018420 and HRSA 6U10HA29293-07; Federal Award Year  
2021 – 2022

**Questioned Costs:** None

**2022-008. Finding: Timing of Subrecipient Payments**

The University of Illinois Urbana-Champaign did not make a subrecipient payment timely under the Research and Development Cluster: Office of Science Financial Assistance Program and the University of Illinois Chicago did not make a subrecipient payment timely under the HIV-Related Training and Technical Assistance program.

Out of six subrecipient payments made by the University of Illinois Urbana-Champaign, one payment (17%) was not submitted within 30 days after receipt of the billing from the subrecipient. The University of Illinois Urbana-Champaign made payment to the subrecipient 68 days after receipt of the billing from the subrecipient.

Out of fourteen subrecipient payments made by the University of Illinois Chicago, one payment (7%) was not submitted within 30 days after receipt of the billing from the subrecipient. The University of Illinois Chicago made payment to the subrecipient 85 days after receipt of the billing from the subrecipient. Under Uniform Guidance (2 CFR 200.305(b)(3)), when the reimbursement method is used, the Federal awarding agency or pass-through entity must make payment within 30 calendar days after receipt of the billing, unless the Federal awarding agency or pass-through entity reasonably believes the request to be improper.

Uniform Grant Guidance (2 CFR 200.303) requires nonfederal entities receiving Federal awards establish and maintain internal controls designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements. Effective internal controls should include procedures to ensure subrecipient payments are made timely.

University officials stated in the latter half of 2021, a high-volume unit at the University of Illinois Urbana-Champaign experienced a staffing shortage. The payment was not made in a timely manner due to the delay in receiving approvals.

University officials stated for the University of Illinois Chicago, a new fund code was established for the current budget period for expenditure tracking purposes. Delays occurred in associating the subaward to the new fund code.

Without proper program cash management policies and procedures, late subrecipient payments could result in the loss of future funding. (Finding Code No. 2022-008)

**2022-009. Finding: Federal Funding Accountability and Transparency Act Reporting**

University of Illinois Chicago did not timely report subaward data to the Federal Funding Accountability and Transparency Act Subaward Reporting System (FSRS) under the HIV-Related Training and Technical Assistance program.

Five out five subaward obligations/modifications were not reported in FSRS within the last day of the month following the month in which the subaward/subaward amendment obligation was made.

| <b>Transactions Tested</b>                  | <b>Subaward not reported</b> | <b>Report not timely</b> | <b>Subaward amount incorrect</b> | <b>Subaward missing key elements</b> |
|---|------------------------------|--------------------------|----------------------------------|--------------------------------------|
| 5   | 0                            | 5                        | 0                                | 0                                    |
| <b>Dollar Amount of Tested Transactions</b> | <b>Subaward not reported</b> | <b>Report not timely</b> | <b>Subaward amount incorrect</b> | <b>Subaward missing key elements</b> |
| \$ 206,081                                  | \$ 0                         | \$ 206,081               | \$ 0                             | \$ 0                                 |

Under the requirements of the Federal Funding Accountability and Transparency Act (Pub. L. No. 109-282), as amended by section 6202 of Public Law 110-252, hereafter referred as the “Transparency Act” that are codified in 2 CFR Part 170, recipients (i.e., direct recipients) of grants or cooperative agreements are required to report first-tier subawards of \$30,000 or more to the FSRS. The non-federal entity is required to report each obligating action to FSRS. The action must be reported in FSRS no later than the last day of the month following the month in which the subaward/subaward amendment is made.

Uniform Grant Guidance (2 CFR 200.303) requires nonfederal entities receiving Federal awards establish and maintain internal controls designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements. Effective internal controls should include procedures to ensure reports are submitted timely.

University officials stated that as a result of staff shortages, there were delays in the submission of Federal Funding Accountability and Transparency Act reports.

Without proper program reporting policies and procedures, the submission of late reports is noncompliance with Federal regulation and could result in the loss of future funding. (Finding Code No. 2022-009)

**2022-010. Finding: Inadequate Support for Procurement**

University of Illinois Chicago did not maintain adequate records for procurement transactions in the Research and Development Cluster and for procurement transactions in the HIV-Related Training and Technical Assistance program.

One out of 40 sampled expenditures in the Research and Development Cluster: Biomedical Research and Research Training did not contain proper supporting documentation for a small purchase procurement. The documentation did not contain evidence for the rationale of not obtaining price quotes, and the purchase order was approved after the services were rendered.

Two out of 40 sampled expenditures in the HIV-Related Training and Technical Assistance program did not contain proper supporting documentation for a small purchase procurement. The documentation did not contain evidence for the rationale of not obtaining price quotes, and the purchase orders were approved after the services were rendered.

The samples were not intended to be, and were not, statistically valid samples.

Uniform Grant Guidance (2 CFR 200.320(b)) states if small purchase procedures are used, price or rate quotations must be obtained from an adequate number of qualified sources as determined appropriate by the non-Federal entity. The University must also maintain records sufficient to detail the history of the procurement. These records will include but are not necessarily limited to the following: the rationale for the method of procurement, the selection of the contract type, the contractor selection or rejection, and the basis for the contract price.

Uniform Grant Guidance (2 CFR 200.303) requires nonfederal entities receiving Federal awards establish and maintain internal controls designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements. Effective internal controls should include procedures to ensure procurement procedures are properly followed and support is properly maintained.

University officials stated that the programmatic personnel did not engage their business office staff prior to initiating services, thus, the proper procurement documentation was not provided at the time of purchase order establishment.

If the procurement procedures are not properly followed and documented, the University could approve payments of federal funds to vendors that do not meet federal regulations. (Finding Code No. 2022-010)

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
PRIOR FINDINGS NOT REPEATED  
For the Year Ended June 30, 2022**

**A. Finding: Blue Cross Managed Care Settlement Liability Reserves**

During the prior audit, the University of Illinois Health Services Facilities System's (the System) analysis of required June 30, 2021 Blue Cross managed care settlement liability reserves contained errors resulting in a material overstatement of estimated third party settlement reserves and a material understatement of unrestricted net position at both June 30, 2021 and 2020.

During the current audit, our testing over Blue Cross managed care settlement liability reserves did not identify errors relating to the System. (Finding Code No. 2021-002)

**B. Finding: Patient Accounts Receivable Allowances**

During the prior audit, the University of Illinois Health Services Facilities System's (the System) analysis of required June 30, 2021 patient accounts receivable allowances contained multiple misstatements.

During the current audit, our testing over patient accounts receivable allowances did not identify errors relating to the System. (Finding Code No. 2021-003)

**C. Finding: Amortization of Premiums Related to Debt**

During the prior audit, the University of Illinois (the University) amortized premiums on the straight-line basis as opposed to the effective interest basis resulting in a material overstatement of the premium balance as of June 30, 2021.

During the current audit, the University correctly amortized premiums using the effective interest method. (Finding Code No. 2021-006)

**D. Finding: Inadequate Controls over University Procurement Card Transactions**

During the prior audit, the University of Illinois (the University) did not comply with University policies and internal controls over procurement card transactions.

During the current audit, sample testing did not identify financially significant issues relating to procurement card transactions. The exceptions identified this year will be reported within the State Compliance Examination. (Finding Code No. 2021-007, 2020-003, 2019-002, 2018-003, 2017-004, 2016-002, 2015-002, 2014-002, 2013-002, 12-02, 11-03, 10-02, 09-02, 08-03)

**E. Finding: Untimely Submission of HEERF Reporting**

The University of Illinois at Springfield and the University of Illinois at Chicago did not have adequate procedures in place to ensure the proper Higher Education Emergency Relief Fund (HEERF) reporting requirements were submitted timely. Additionally, the University of Illinois at Springfield did not have sufficient controls documenting evidence of a formal review

In the current year, similar exceptions were not identified in the samples selected. (Finding Code No. 2021-008, 2020-010)

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
PRIOR FINDINGS NOT REPEATED (Continued)  
For the Year Ended June 30, 2022**

**F. Finding: HEERF Student Aid Disbursements**

The University of Illinois at Springfield (the University) did not have adequate procedures in place to ensure that disbursements of student aid through the Higher Education Emergency Relief Fund (HEERF) were made in accordance with the University's documented distribution plan.

In the current year, similar exceptions were not identified in the samples selected. (Finding Code No. 2021-009)

**G. Finding: Inadequate Documentation of Reconciliation Reviews - SFA**

The University of Illinois at Springfield's (the University) student financial aid department did not perform a documented independent review of certain monthly student financial aid award reconciliations. Additionally, reviews of certain award reconciliations were not performed timely.

In the current year, similar exceptions were not identified in the samples selected. (Finding Code 2021-011)

**H. Finding: Perkins Loan Recordkeeping**

The University of Illinois at Chicago had one instance where the original promissory note could not be located for a student who received a Federal Perkins Loan.

In the current year, similar exceptions were not identified in the samples selected. (Finding Code 2021-013)

Schedule of Expenditures of Federal Awards presentation:

See also the notes to the Schedule of Expenditures of Federal Awards; these notes are an integral part of this Schedule.

**University of Illinois**  
**Notes to Schedule of Expenditures of Federal Awards**  
**June 30, 2022**

**Note 1. Basis of Presentation**

The accompanying Schedule of Expenditures of Federal Awards (the "Schedule") includes the federal award activity of the University of Illinois (University) under programs of the federal government for the fiscal year ended June 30, 2022. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirement, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance"). Because the Schedule presents only a selected portion of the operations of the University, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the University.

The schedule designates federal awards as direct and pass-through. Direct awards represent federal funding awarded directly to the University by a federal agency, pass-through awards are federal awards passed through a non-federal entity. Pass-through identifying information is presented when available and when applicable.

**Note 2. Summary of Significant Accounting Policies**

Expenditures reported on the Schedule are presented on a modified cash basis of accounting. The methodology for determining federal awards expended is:

Direct costs are reported as federal expenditures on a cash basis, with the following exceptions:

1. Academic Year (nine-month) faculty salaries charged to sponsored projects are earned over nine months and paid over twelve months.
2. Salaries and wages earned between the last payroll date in June and June 30 are accrued and included as a current year federal expenditure.
3. Payroll related fringe benefits costs that are charged on an actuarial basis are included as a current year federal expenditure.

Indirect costs are assessed as a percentage of direct costs and are included as a current year federal expenditure.

Expenditures reported on the Schedule meet the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

**Note 3. Federal De Minimis Indirect Cost Rate**

The University of Illinois has not elected to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance. The University has approved federally recognized indirect cost rates negotiated between the University and the Federal Government.

**Note 4. Federal Student Loan Programs**

As disclosed in the Schedule of Expenditures of Federal Awards, the Federal Direct Student Loans Program (ALN 84.268) administered by the University of Illinois awarded approximately \$203.9 million at Urbana, \$244.7 million at Chicago, and \$14.9 million at Springfield.

In addition, the University of Illinois administers a series of loan programs as part of the Student Financial Assistance Cluster program. Loan balances subject to continuing compliance requirements during the year ended June 30, 2022 under the Federal Perkins Loan Program (Perkins), Health Professional Student Loans (HPSL), Primary Care Loans (PCL), Loans for Disadvantaged Students (LDS), Nursing Student Loan Program (Nursing), Nursing Faculty Loan Program (NFLP) were as follows:

|                               | <b>Perkins<br/>(84.038)</b> | <b>HPSL<br/>(93.342)</b> | <b>PCL<br/>(93.342)</b> | <b>LDS<br/>(93.342)</b> | <b>Nursing<br/>(93.364)</b> | <b>NFLP<br/>(93.264)</b> |
|-------------------------------|-----------------------------|--------------------------|-------------------------|-------------------------|-----------------------------|--------------------------|
| Beginning loan balances       | 16,304,916                  | 8,918,516                | 212,406                 | 747,896                 | 777,332                     | 60,120                   |
| New loans issued              | 0                           | 2,052,721                | 10,000                  | 1,006,925               | 207,763                     | 0                        |
| Federal capital contributions | 0                           | 520,834                  | 0                       | 1,259,919               | 0                           | 0                        |
| Administrative cost allowance | 0                           | 0                        | 0                       | 0                       | 0                           | 0                        |
| <b>Total</b>                  | <b>16,304,916</b>           | <b>11,492,071</b>        | <b>222,406</b>          | <b>3,014,740</b>        | <b>985,095</b>              | <b>60,120</b>            |

The total loan balances outstanding at June 30, 2022 were approximately \$11.48 million for Perkins, \$9.71 million for HPSL, \$207.8 thousand for PCL, \$1.68 million for LDS, \$877 thousand for Nursing, and \$60 thousand for NFLP.

*Perkins = Federal Perkins Loan Program  
HPSL = Health Professions Student Loans  
PCL = Primary Care Loans  
LDS = Loans to Disadvantaged Students  
Nursing = Nursing Student Loans Program  
NFLP = Nurse Faculty Loan Program*

**Note 5. Federal Insurance Disclosure**

Federally funded medical malpractice insurance was in effect under the Federal Tort Claims Act for Health Resources and Services Administration Deeming Notice Number 1-F00000300-20-01 from July 01, 2021 through December 31, 2021 and Deeming Notice Number 1-F00000300-21-01 from January 01, 2022 to June 30, 2022.

**Note 6. Federal Depository Library**

The University’s “Government Information” library (Urbana), “Albert E. Jenner Jr. Memorial Law Library” (Urbana), “Richard J. Daley Library” (Chicago), “Louis L. Biro Law Library” (Chicago) and “Norris L. Brookens Library” (Springfield) serve as depository libraries in the U.S. Government Publishing Office’s Federal Depository Library. The Federal Depository Library Program gives the public free access to government information. The University is the legal custodian of government publications received under this program; however, these publications remain the property of the federal government.

**Note 7. Donated Federal Surplus Property**

The University received donated federal surplus property valued at \$57,116 from the US Army Corps of Engineers, Engineer Research and Development Center (ERDC), Construction Engineering Research Laboratory (CERL). Assistance Listing Number (ALN) 39.003 is assigned to the Donation of Federal Surplus Personal Property program. The donated federal surplus property is described by ERDC-CERL as scientific equipment in the form of six UAS (Unmanned Aerial System) platforms which will be used by the University’s Autonomous and Unmanned Vehicle Systems Laboratory (AUVSL) to conduct technical and scientific research.

**Note 8. Disaster Grants – Public Assistance (Presidentially Declared Disasters), ALN 97.036**

After a Presidential-Declared Disaster, FEMA provides a Public Assistance Grant to reimburse eligible costs associated with repair, replacement, or restoration of disaster damaged facilities.

Nonfederal entities must record expenditures on the Schedule of Expenditures of Federal Awards (SEFA) when (1) FEMA has approved the nonfederal entity’s project worksheet, and (2) the nonfederal entity has incurred the eligible expenditures.

For the year ended June 30, 2022, a total of \$7,503,898 for approved eligible expenditures was included on the FY22 SEFA under ALN 97.036. Costs incurred in prior fiscal years \$1,790,849 (FY20) and \$5,713,049 (FY21) were approved by FEMA in the current fiscal year and are disclosed below by location and fiscal year.

| <b>Location</b>    | <b>FY20</b>      | <b>FY21</b>      | <b>Total</b>     |
|--------------------|------------------|------------------|------------------|
| Urbana             | 898,031          | 640,749          | 1,538,780        |
| Chicago            | 892,818          | 5,072,300        | 5,965,118        |
| <b>Grand total</b> | <b>1,790,849</b> | <b>5,713,049</b> | <b>7,503,898</b> |

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FEDERAL AND NONFEDERAL FINANCIAL ACTIVITY  
For the Year Ended June 30, 2022  
(in thousands)**

The following schedules are used to determine the University's Single Audit costs in accordance with the Uniform Guidance (2 C.F.R. § 200.425).

Schedule A - Federal financial component:

|  |                            |
|--|----------------------------|
| Total federal expenditures reported on the SEFA schedule | \$ <u>1,647,731</u>        |
| Total Schedule A   | \$ <u><u>1,647,731</u></u> |

Schedule B - Total financial component:

|  |                            |
|--|----------------------------|
| Total operating expenses (from financial statements) | \$ 6,940,460               |
| Total nonoperating expenses                          | 226,813                    |
| Total new loans made                                 | 468,529                    |
| Amount of federal loan balances at beginning of year | 27,021                     |
| Other noncash federal award expenditures             | <u>-</u>                   |
| Total Schedule B                                     | \$ <u><u>7,662,823</u></u> |

|                           | <u>Amount</u>              | <u>Percentage</u>     |                 |
|---------------------------|----------------------------|-----------------------|-----------------|
| Schedule C:               |                            |                       |                 |
| Total Schedule A          | \$ 1,647,731               | 21.5%                 | %               |
| Total nonfederal expenses | <u>6,015,092</u>           | <u>78.5%</u>          | <u>%</u>        |
| Total Schedule C          | <u><u>\$ 7,662,823</u></u> | <u><u>100.00%</u></u> | <u><u>%</u></u> |

These schedules are used to determine the University's single audit costs in accordance with Uniform Guidance.

See accompanying independent auditor's report.
