

**GSU Procurement Activities as a Construction Agency
for the Period of July 1, 2022 through June 30, 2023**

Public Act 102-721 (HB2770) requires construction agencies to submit a report to the Governor and General Assembly that identifies the Illinois businesses that were procured by these agencies. Specifically, section 45-105 (d) states:

“Beginning in 2022, each construction agency shall submit a report to the Governor and the General Assembly by September 1 of each year that identifies the Illinois businesses procured by the construction agency, the primary location of the construction project, the percentage of the construction agency's utilization of Illinois businesses on the project as a whole, and the actions that the construction agency has undertaken to increase the use of Illinois businesses.”

During this period, GSU bid out construction projects as follows, that require reporting during the time period, as bid out or contracted during FY23.

<u>Bid#</u>	<u>Awarded Vendor</u>	<u>Primary Location</u>	<u>% IL used on bid</u>
D2401TMS	Double G Excavating	Manteno, IL	100%
D2303TMS	Krause Construction	Blue Island, IL	100%

GSU utilizes the Higher Education Procurement Bulletin & the Business Enterprise Program vendor listing to inform Illinois Business of public solicitations of potential project/contracts for construction at GSU. In addition, when bidding as the construction agency, GSU notifies the Capital Development Board (CDB) when a project is being bid out, so that CDB informs their vendor listing.
