

FY-2023 State Use Program Annual Report

July 1, 2022 – June 30, 2023

This report details the total number of contracts approved by the State Use Committee including the overall value and number of disabled persons obtaining employment as a result of the contracts.

In accordance with 30 ILCS 500/45-35, the Illinois Department of Central Management Services submits the following report to The Honorable Governor Pritzker.

Raven A. DeVaughn
Acting Director

State Use Program Annual Report 2023

Overview of the Act

Pursuant to 30 ILCS 500/45-35 supplies or services may be procured without advertising or calling for bids from any qualified not-for-profit agency for persons with significant disabilities. To be eligible for qualification, not-for-profit organizations must be certified as a work center by the wage and hour division of the United States Department of Labor as an accredited vocational program and they must also be accredited by a nationally recognized accrediting organization or certified as a developmental training provider by the Department of Human Services.

State Use Program Annual Report

In Fiscal Year 2023, the State Use Program accounted for more than \$68 million in contracts between Not-for-profit agencies for persons with significant disabilities and state agencies for various products and services. The program helped provide training, employment, and greater independence for approximately 1,552 disabled individuals and supplied them with 793,449 hours of work. With continued support of this program, the number of disabled individuals with long-term employment opportunities and increased economic stability will be extremely beneficial.

Procurement Procedures

State Use contracts are exempt from the competitive solicitation process. Any State agency wishing to establish a contract with a qualified State Use vendor must submit a State Use Request Letter to the State Use Coordinator at a minimum of two weeks prior to the next scheduled Committee meeting. The Request Letter must include the vendor's name, duration including renewals and value of the contract, as well as a description of the goods or services to be provided. Upon request by the State Use Coordinator, the proposed contracting vendor must provide a Certificate of Assurance (COA), which includes a narrative outlining the specifics of the contract and the number of persons with disabilities that could be provided employment. The Request Letter and COA are presented to the State Use Committee for review. If the proposed contract is approved by the Committee, the State agency receives an Authorization Letter from the Coordinator to proceed with the contract approval process.
