Re: Body Camera Report

As per ILETSB policy the following report is on the department use of body worn cameras.

1. Agency Makeup
 - (a) Six Full Time Officers and Six Part Time Officers
 - (b) All Officers utilized body cameras while on duty
 - (c) Our agency maintains eight body cameras. Each full-time officer has a body camera assigned to them and when a part time officer works, they utilize a camera that has been reserved for their use
 - (d) One camera has been reserved for a backup incase of a failed or broken camera
 - (e) We have returned two cameras during this reporting period due to malfunction. One camera was repaired and the other had to be replaced at our cost. We had had software issue, but it has been addressed.
 - (f) I as the Chief review body camera footage on all arrests and periodically (weekly) spot check a recording of each officer
 - (g) A copy of the spreadsheet with each time a camera was used, and the video was forwarded to the State's Attorney for use in prosecution is attached to this report

Respectfully,

Richard Wright
Chief of Police
