= 2018 yearly report (Camera Grant)

To whom it may concern

The Bond County Sheriff Department

- Bond County received funds to purchase 10 in-car cameras
- 10 in-car camera were installed (Martel MDP6)
- The review process is done by the supervisor on a weekly basis or as needed.
- Bond County utilizes these cameras in squad cars used in general patrol. These cameras are extremely useful in several different situations. However, camera footage was not used in any case that went before the courts. I cannot provide the number or case number of cases that were plead out due to the camera.
- These cameras are utilized every day for the safety of our officers and the safety of the citizens we come into contact with. They are a vital tool for our Deputies.

Thank you
