The Illinois Lottery – Private Management Current Status

The Illinois Lottery and Camelot Illinois entered into a new 10-year private management agreement on Oct. 13, 2017. The agreement delivers key drivers of responsible growth and aligns the manager’s financial interests to the state’s, addressing key contractual weaknesses encountered in the Lottery’s prior private management arrangement.

The new private management agreement with Camelot is structured to accomplish the Lottery’s five key goals, which included responsible growth of the Lottery’s player base, aligned financial incentives, elimination of conflicts of interest, the introduction of new technology and innovation, and greater responsiveness to public needs and concerns.

In January 2018, Camelot replaced Northstar as private manager. The Lottery and Camelot are in the midst of a technology transition (full replacement of the gaming system, retailer terminals, vending machines, and iLottery website) that is anticipated to be completed in December 2018.

Responsible Gaming

The Illinois Lottery is proud to engage in a responsible gaming program to ensure revenues are raised in a socially responsible manner. In Quarter 3, March was Problem Gambling Awareness Month. To increase public awareness of problem gambling and the availability of prevention, treatment and recovery services, the Lottery launched a digital campaign to showcase key messages about problem gambling on the Lottery’s website and through its social media channels. The key message delivered was: “Know the game. Set your limit. Play within it.” It also promoted that help and hope were available, and it encouraged players who might have a problem to have a conversation about it.

The Illinois Lottery maintains membership and support of the Illinois Alliance on Problem Gambling, National Council on Problem Gambling, and the World Lottery Association. The Lottery’s commitment to responsible gaming also includes providing funds for the Gambling Hotline (1-800-GAMBLER).
