To: Jennifer Wooldridge; Board  
Governor's Office  
General Assembly

From: Village of Winnebago Police Department; Officer Nicholas Haff

Re: Village of Winnebago Police Department Camera Grant FY19 Report

---

Number of units received on the Grant: 2

Number of units in service from the Grant: 2

There are currently two supervisors who review camera footage. All officers are able to view recordings but cannot make copies or delete anything from the system. When a request is made for video footage, a supervisor will make those copies available to the State's Attorney, eventually the administrative assistant will be able to do this as well. Videos are stored on a cloud based server that is maintained by WatchGuard and the department with permissions set to how long they are stored. Videos can be selected for additional storage parameters as needed.

If you have any questions, please feel free to contact me.
