RE: Spring 2017 Waiver Report | Requests to Waive *School Code* Mandates

As required by Section 2-3.25g of the *School Code* [105 ILCS 5/2-3.25g], the following report provides summaries of requests for waivers of *School Code* mandates being transmitted to the Illinois General Assembly for its consideration. The report concludes with a database listing all of the requests received, organized by Senate and House Districts, including those requests for waivers and modifications acted on by the State Superintendent of Education in accordance with Section 1A-4 of the *School Code* [105 ILCS 5/1A-4] and applications that have been returned to school districts or other eligible applicants.

Executive Summary

The following report outlines waivers of *School Code* mandates that school districts, regional offices of education, or special education or area vocational centers have requested since the last report, which was transmitted in September 2016. Pursuant to Section 2-3.25g of the *School Code*, these requests must be sent to the General Assembly for its consideration before March 1, 2017.

[March 1, 2017]

The report is organized by subject area and by school district, regional office of education, or special education or area vocational center. The General Assembly may disapprove the report in whole or in part through a joint resolution within 60 calendar days after each chamber next convenes once the report is filed. If either chamber fails to reject a waiver request, then the request is deemed granted.

Section I summarizes the 60 requests received for waivers of *School Code* mandates pursuant to Section 2-3.25g for consideration by the General Assembly, which are presented alphabetically by topic area. The largest number of applications received—27 requests—seeks waivers from the requirements for non-resident tuition. Ten requests are related to daily physical education. Eight requests are related to administrative cost cap limitations. There are seven requests for school improvement/in-service training. There are five requests for driver education; three are for fees and two are for the use of other practice driving methods in lieu of one or more of the required six hours of behind-the-wheel instruction in a dual control car on public roadways. One request has been submitted for each of the following topics: calculation of General State Aid, parent/teacher conferences, and the publication of the school district's annual statement of affairs.

Section 2-3.25g of the *School Code* limits the number of waivers for daily physical education that may be requested by school districts and other eligible applicants to an initial two-year request with the possibility of no more than two additional two-year renewal requests. Of the ten waiver requests for daily physical education contained in this report, two school districts are requesting their second and final renewal.

This document contains an additional section beyond what is required under Section 2-3.25g of the *School Code*. Section II is a database with a list of the modifications or waivers of State Board of Education rules and modifications of *School Code* mandates upon which the State Superintendent of Education has acted in accordance with Section 1A-4 of the *School Code*. The database also includes a list of the requests that have been returned to or withdrawn by the petitioning entities. Finally, the database includes the 60 waiver requests for the General Assembly's consideration and is organized by Senate and House Districts.

Complete copies of the waiver requests for the General Assembly's consideration have been made available to legislative staff.

This report is the 44th report submitted pursuant to Section 2-3.25g of the *School Code*, which requires that the State Board of Education through agency staff compile and submit requests for waivers of *School Code* mandates to the General Assembly before March 1 and October 1 of each year.

WM100-6333 (renewal) – Waiver of School Code (Section 27-24.2) request to allow the district to charge a fee not to exceed \$500 of students who participate in driver education courses. The district plans to maintain its existing fee of \$350.

Township HSD 211 – Cook (SD 27/HD 54) / Expiration: 2021-22 school year

WM100-6354 (renewal) – Waiver of School Code (Section 27-24.2) request to allow the district to charge a fee not to exceed \$400 of students who participate in driver education courses.

Aurora West SD 129 – Kane (SD 42/HD 83) / Expiration: 2021-22 school year

WM100-6356-1 (renewal) – Waiver of School Code (Section 27-24.2) request to allow the district to charge a fee not to exceed \$350 of students who participate in driver education courses.

Behind-the-Wheel Instruction

Maine THSD 207 – Cook (SD 28/HD 55) / Expiration: 2021-22 school year

WM100-6348 (renewal) – Waiver of School Code (Section 27-24.3) request to allow the district to use computerized simulators for nine hours of practice driving in lieu of two and one-quarter hours of behind-the-wheel instruction required to be conducted in a car with dual operating controls operated on public roadways. The district states that simulators assist students to develop cognitive and perceptual skills that complement behind-the-wheel sessions.

Aurora West SD 129 – Kane (SD 42/HD 83) / Expiration: 2021-22 school year

WM100-6356-2 (renewal) – Waiver of School Code (Section 27-24.3) request to allow the district to use computer simulators for 14 hours in lieu of three hours of behind-the-wheel instruction in a car with dual operating controls operated on public roadways. The district states that its simulators are able to create situations (evasive techniques, weather conditions, rural and expressway driving) unlikely to be replicated in practice driving sessions.

General State Aid

Barrington CUSD 220 – Lake (SD 26/HD 51) / Expiration: 2021-22 school year

WM100-6319-1 (renewal) – Waiver of School Code (Section 18-8.05(F)(2)) request to allow the district to count the attendance of students in grades 6 through 12 enrolled in a district-offered and/or district-approved virtual education program by claiming one-fifth of a day for every clock hour of instruction attended in the virtual education program, for up to two hours on each day that pupils are physically present

[March 1, 2017]

in the school for three hours of in-school instruction. The district intends to create a virtual and blended learning model, which will cover 40 percent of students' time. In addition to issuing students digital devices and free wireless Internet access to some students, the district is in partnership with Harper Community College and two other school districts to streamline the transition between high school and college, with one focus being increased opportunities for dual-credit courses delivered through a virtual and blended model.

Limitation of Administrative Costs

East Peoria SD 86 – Tazewell (SD 46/HD 91) / Expiration: 2016-17 school year

WM100-6298 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. A non-administrative position was transferred to the Assistant Director of Special Services during the 2016-2017 school year in order to assist with increased administrative responsibilities. Before the transfer, the original position would not have been listed on the administrative costs worksheet. In addition, during the same year a portion of the salary of the Director of Operations and Finance was incorrectly included in a function that does not appear on the administrative costs worksheet. The combined effect of these two issues caused the district's budgeted administrative costs for FY 2017 to exceed those for FY 2016 by more than the 5 percent limitation.

Thomasboro CCSD 130 – Champaign (SD 52/HD 104) / Expiration: 2016-17 school year

WM100-6299 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. In previous years the district employed a single person in a combined superintendent/principal position. A portion of the salary and benefits for this combined position would not have been reported on the administrative costs worksheet. Starting with the 2016-2017 school year, the district employs a superintendent and a principal, with all of the lead administrator's costs being reported on the worksheet. As a result of this change, the district's administrative costs for FY 2017 are exceeding those for FY 2016 by more than the 5 percent limitation.

Creve Coeur SD 76 – Tazewell (SD 46/HD 91) / Expiration: 2015-16 school year

WM100-6300 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. For the 2015-2016 school year, the district employed a Curriculum Director/Grant Coordinator to address low student performance. This one-year position was designed to establish a mathematics curriculum, an academic area where students needed assistance. The new position was included on the administrative costs worksheet, as is required by Illinois accounting rules. The addition of this short-term position caused the district's administrative costs for FY 2016 to exceed those for FY 2015 by more than the 5 percent limitation.

Hiawatha CUSD 426 – DeKalb (SD 35/HD 70) / Expiration: 2016-17 school year

WM100-6314 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. During FY 2016 the district employed two part-time retired superintendents. A full-time leader was needed in order to make progress towards implementation of the new state standards. The district now has a full-time superintendent. The move from interim superintendents to a full-time superintendent caused the district's budgeted administrative costs for FY 2017 to exceed those for FY 2016 by more than the 5 percent limitation.

Deland – Weldon CUSD 57 – Piatt, DeWitt (SD 51/HD 101) / Expiration: 2016-17 school year

WM100-6315 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. During the 2015-2016 school year, the district employed an interim superintendent for one to three days a week, with salary adjusted for part-time work and no benefits. Starting with the 2016-2017 school year, the district is employing a full-time superintendent with commensurate salary and benefits. The move from a part-time to a full-time superintendent caused the district's budgeted administrative costs for FY 2017 to exceed those for FY 2016 by more than the 5 percent limitation.

Park Ridge CCSD 64 – Cook (SD 28/HD 55) / Expiration: 2016-17 school year

WM100-6326 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the

[March 1, 2017]

limitation of administrative costs due to circumstances beyond its control. For the 2016-2017 school year, the district changed its special education leadership model, transitioning from a peer-to-peer method led by teachers to a model led by two Student Services Coordinators. These new administrators ensure that all staff members are given coaching to improve instruction and to increase compliance with state and federal regulations. The addition of these new positions, which parallels the organization model for special education leadership used in similar districts, caused the district's administrative costs for FY 2017 to exceed those for FY 2016 by more than the 5 percent limitation.

Kildeer Countryside CCSD 96 – Lake (SD 30/HD 59) / Expiration: 2016-17 school year

WM100-6334 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. The district has hired an Assistant Special Education Director who will provide technical support to the special education teams across the Jacksonville community. The district has seen an increase in the number of students eligible for special education services, and the new position will provide added direction and supervision. The addition of this new position caused the district's administrative costs for FY 2017 to exceed those for FY 2016 by more than the 5 percent limitation.
