**SENATE RESOLUTION NO. 1411**

WHEREAS, Dual credit programs offer students the opportunity to take challenging college courses while still in high school; and

WHEREAS, Successful completion and satisfactory performance of a dual credit course award students college credit at colleges and universities statewide, representing a substantial savings in college tuition for students and parents and in grants; and

WHEREAS, An awareness of this program can provide pathways to higher education for all students, especially those from underrepresented communities; and

WHEREAS, Challenging dual credit courses significantly contribute toward building a globally competitive, career-ready workforce in Illinois; and

WHEREAS, The Illinois State Board of Education, Illinois Community College Board, Illinois Board of Higher Education, and non-profit college access organizations that administer or facilitate the participation in dual credit programs have had a long-standing partnership to build participation in dual credit programs in the State of Illinois; and

WHEREAS, During State fiscal year 2016, there was a total of 54,871 unduplicated high school students enrolled in one or more Illinois community colleges; and

[February 16, 2018]

WHEREAS, The above figure represents continued growth in the number of public school students taking dual credit courses in the State of Illinois; and

WHEREAS, The Senate encourages four-year colleges and community colleges to visit high schools and take action to help students register in dual credit courses; therefore, be it

RESOLVED, BY THE SENATE OF THE ONE HUNDREDTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that March 18, 2018 through March 24, 2018 is recognized as Dual Credit Week in the State of Illinois to promote awareness of a valuable educational opportunity for high school students.

Senator T. Cullerton offered the following Senate Resolution, which was referred to the Committee on Assignments:

### **SENATE RESOLUTION NO. 1413**

WHEREAS, A proposed educational pension cost shift, which would shift the cost burden from the State of Illinois to local school districts, community colleges, and institutions of higher education, is under discussion; this proposal would require all employers of members in the Teachers' Retirement System and the State Universities Retirement System to pay the normal cost of pension benefits earned; and

WHEREAS, If this proposal were to become policy, for the Teachers' Retirement System and the State Universities Retirement System, it would potentially move \$10.187 billion in estimated normal costs of pension benefits earned from the State to local school districts, community colleges, and institutions of higher learning over a 10-year period; actuarial changes recently made by these 2 systems will further increase these numbers; and

WHEREAS, This plan would move these spending commitments from one taxing body, the State, to a group of taxing bodies, the school districts and community colleges, while additional pension costs would be shifted to State universities; and

WHEREAS, A pension cost shift would lead to a massive increase in local funding requirements on school districts; the cost shift would exacerbate the problem of adequately funding our local schools by taking even more when districts, teachers, and local voters are fighting to simply keep educational opportunities open to our students; in addition, a pension cost shift would likely lead to massive property tax hikes or to classroom cuts that will harm our students; and

WHEREAS, According to the Illinois State Board of Education, 67% of school districts in the State are operating in the red; and

WHEREAS, School districts already bear a large share of the Teachers' Retirement System pension burden by paying a statutory share of the System's total contribution costs, constituting 0.58% of pensionable teacher payroll; districts also contribute towards any locally-negotiated early retirement options and for the pension costs of certain increases in compensation, totaling \$92.5 million in Fiscal Year 2012; and

WHEREAS, Representatives from Northern Illinois University publicly stated that if the cost shift were to be covered by increasing tuition on parents and students, each percentage of payroll cost shifted to the university would translate into a 2% tuition increase; this proposed cost shift would also increase the liability of State-funded universities and all community colleges, thus making higher education even more unaffordable for students and their parents; and

WHEREAS, This plan would harm the interests of all taxpayers, especially in downstate and suburban areas and would sharply increase inequities created by the current school aid formula between Chicago and the rest of the State; because of the impact on institutions of higher education, Chicago taxpayers, parents, and students would also be affected; therefore, be it

[February 16, 2018]

RESOLVED, BY THE SENATE OF THE ONE HUNDREDTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we state our belief that an educational pension cost shift is financially wrong and would only serve to shift pension burdens from the State to the status of an unfunded mandate.

Senator Bush offered the following Senate Joint Resolution, which was ordered printed and referred to the Committee on Assignments:
