WHEREAS, The facility was decertified by the federal government in 2009; and

Senator Ellman offered the following Senate Resolution, which was referred to the Committee on Assignments:

SENATE RESOLUTION NO. 78

[February 5, 2019]

WHEREAS, Burn injuries continue to be one of the leading causes of accidental death and injury in our nation; tragically, children, the elderly, and the disabled are especially vulnerable to burn injuries, and almost one-third of all burn injuries occur in children under the age of 15; and

WHEREAS, Annually, in the United States, approximately 486,000 people receive medical care for treatment of burn injuries; in 2016 alone, there were 3,280 deaths from fire and smoke inhalation, and another 40,000 people were treated in hospitals for burn related injuries; and

WHEREAS, Children under five are 2.4 times as likely as the general population to suffer burn injuries that require emergency medical treatment, and young adults ages 20-29 have a probability of burn injury that is roughly 1.5 times the risk of the general population; and

WHEREAS, The primary causes of injury include fire-flame, scalds, electrical, and chemicals; most of the injuries occur in the home; today, 96.8% of those who suffer burn injuries will survive; unfortunately, many of those survivors will sustain serious scarring, life-long physical disabilities, and adjustment difficulties; and

WHEREAS, National Burn Awareness Week, an initiative of the American Burn Association, is a coming together of burn, fire, and life safety educators to make the public aware of the frequency, devastation, and causes of burn injury, to offer consistent and authoritative measures to prevent these injuries, and to detail how to best care for those that are injured; and

WHEREAS, Significant research and medical advances have dramatically improved burn care and treatment, aided rehabilitation, shortened hospital stays, and increased burn survival rates; aftercare support for the physical and emotional effects of burns has also played a key role in the successful reintegration of burn survivors into our communities; furthermore, burn safety education and prevention efforts continue to reduce the number of people who suffer burns each year; and

WHEREAS, Many people devote their lives and careers to treating, caring for, supporting, and rehabilitating burn injury survivors, including those performing vital work in burn research and development; there are dedicated fire fighters who risk their own lives every day to protect others, as well as burn foundations and other life safety professionals who promote burn injury awareness and prevention; therefore, be it

RESOLVED, BY THE SENATE OF THE ONE HUNDRED FIRST GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we declare February 3-9, 2019 as Burn Awareness Week in the State of Illinois; and be it further

RESOLVED, That a suitable copy of this resolution be presented to the American Burn Association as a symbol of our respect and esteem.

Senator Gillespie offered the following Senate Resolution, which was referred to the Committee on Assignments:

SENATE RESOLUTION NO. 79

WHEREAS, The 19th amendment to the U.S. Constitution granted American women the right to vote, a right known as women's suffrage, and was ratified on August 18, 1920, ending almost a century of protest; and

WHEREAS, In Illinois, women's suffrage movements began as early as the 1860s; in 1873, a statute was passed giving women the opportunity to run for any school office not created by the Illinois Constitution; women were given the right to vote for school officers in 1891; and

[February 5, 2019]

WHEREAS, With the continued work of several organizations, including the Illinois Equal Suffrage Association, the Illinois Federation of Women's Clubs, and the Chicago Political Equality League, women in Illinois secured the right to vote; and

WHEREAS, Governor Edward Dunne signed the suffrage bill into law on June 26, 1913, giving women the right to vote for President, as well as local officers; this action made Illinois the first state east of the Mississippi River to give women the right to vote for President; and

WHEREAS, On June 4, 1919, the U.S. Congress passed the Susan B. Anthony Amendment, giving women the full right to vote; Illinois ratified the 19th Amendment on June 10, 1919 and was the first state to do so; therefore, be it

RESOLVED, BY THE SENATE OF THE ONE HUNDRED FIRST GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we declare June 10, 2019 as 19th Amendment Ratification Day in the State of Illinois to commemorate the 100th anniversary of this event.

Senator Martinez offered the following Senate Joint Resolution, which was referred to the Committee on Assignments:

SENATE JOINT RESOLUTION NO. 14

WHEREAS, The Constitution of the State of Illinois provides for "the health, safety and welfare of the people" and the "opportunity for the fullest development of the individual"; and

WHEREAS, It has been demonstrated that due to deeply held religious, philosophical, or personal reasons, some families will always choose to give birth to their children at home; and

WHEREAS, There were 61,041 out-of-hospital births in the United States in 2015 with a 52% increase in out-of-hospital births and a 45% increase in home births since 2007; and

[February 5, 2019]

WHEREAS, 65% of U.S. home births in 2015 were attended by non-nurse midwives; and

WHEREAS, In Illinois, home births increased by 50% between 2007 and 2014; and

WHEREAS, All well-designed studies show that for low-risk women, planned home birth, attended by a trained maternity care provider, is as safe as hospital birth; and

WHEREAS, Over 50 trained Illinois home birth providers, including the last remaining Illinois home birth physician, have ceased providing home birth services since 1996; and

WHEREAS, There now remain fewer than 10 legally recognized home birth practices (nurse-midwives) in Illinois, and these are located in only six of 102 Illinois counties (Lake, Cook, DuPage, Will, Peoria, and McLean); and

WHEREAS, Due to the scarcity of legal home birth providers, approximately 50% of the babies born at home in Illinois are born either with no skilled assistance at all (unassisted home birth), or they are born into the hands of underground community midwives; and

WHEREAS, Some of these underground midwives are nationally certified and credentialed, while others are not; and

WHEREAS, Underground community midwives have no legal access to life saving oxygen and anti-hemorrhage medications; and

WHEREAS, Underground community midwives have no means of legally completing newborn congenital heart disease screenings, hearing screenings and metabolic screening tests, and no means of legally filing accurate birth certificate information; and

WHEREAS, An underground system of care may cause parents and midwives to delay seeking hospital care in the event of an emergency; parents are afraid of Child Protective Services involvement; midwives are afraid of arrest; and

WHEREAS, Underground healthcare is never safe; and

WHEREAS, The above-mentioned increase in Illinois home births, the shortage of licensed home birth providers, and the dangers associated with families resorting to underground healthcare, in effect, add up to a "Home Birth Maternity Care Crisis" in Illinois; and

WHEREAS, Illinois is surrounded on three sides by states (Wisconsin, Indiana, Missouri) that set educational standards for their community midwives, license and regulate them, allow them to have access to life-saving oxygen and medications, allow them to perform life-saving newborn screenings, and allow them to openly transport to a hospital in an emergency; and

WHEREAS, 33 of the 50 United States also protect their citizens in this way through licensure and regulation of community midwives; and

WHEREAS, Licensure in these states is based upon the requirement that the community midwife earn a Certified Professional Midwife (CPM) credential - the only healthcare credential requiring documented out-of-hospital training and experience; and

WHEREAS, States that license Certified Professional Midwives tend to have lower perinatal mortality rates; and

WHEREAS, More and more states are taking advantage of the cost-savings associated with home birth midwifery care to reduce state Medicaid expenditures; and

WHEREAS, The State of Illinois used to license community midwives under the Medical Practice Act from 1877 to 1963 and ceased renewing licenses in 1972; and

WHEREAS, Home birth mothers and families have been seeking a legislative solution to the Home Birth Maternity Care Crisis for nearly 40 years (since 1979); and

WHEREAS, All Illinois mothers and their newborns deserve access to safe maternity care regardless of place of birth; therefore, be it

RESOLVED, BY THE SENATE OF THE ONE HUNDRED FIRST GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE HOUSE OF REPRESENTATIVES CONCURRING HEREIN, that we find it unacceptable that home birth mothers and babies in Illinois are without adequate maternity care providers; and be it further

RESOLVED, That it is in the State's best interest to assure its citizens access to all safe maternity care options; and be it further

RESOLVED, That Illinois families, in order to best meet personal needs and desires, are entitled freedom to choose among all safe, nationally-recognized maternity care options, including home birth; and be it further

RESOLVED, That the Home Birth Maternity Care Crisis Study Committee is hereby created; and be it further

RESOLVED, That the Home Birth Maternity Care Crisis Study Committee be bipartisan; and be it further

RESOLVED, That the Home Birth Maternity Care Crisis Study Committee include 15 members as follows:

- (1) One appointed by the Secretary of the Department of Financial and Professional Regulation;
- (2) One appointed by the President of the Senate;
- (3) One appointed by the Minority Leader of the Senate;
- (4) One appointed by the Speaker of the House of Representatives;
- (5) One appointed by the Minority Leader of the House of Representatives;
- (6) A representative of a statewide association representing professional midwives, appointed by the President of the Senate;
- (7) A representative of a national association representing professional midwives, appointed by the President of the Senate;
- (8) A representative of a statewide association representing advanced practice nursing, appointed by the President of the Senate;
- (9) A representative of a statewide association representing nurse-midwives, appointed by the Minority Leader of the Senate;
- (10) A representative of a statewide association representing hospitals, appointed by the Minority Leader of the Senate;
- (11) A representative of a statewide association representing lawyers, appointed by the Speaker of the House of Representatives;
- (12) A representative of a statewide association representing pediatrics, appointed by the Speaker of the House of Representatives;
- (13) A representative of a statewide association representing obstetricians and gynecologists, appointed by the Minority Leader of the House of Representatives;
- (14) A representative of a statewide association representing doctors, appointed by the Minority Leader of the House of Representatives; and
- (15) A representative of a statewide association representing a consumer organization, appointed by the Minority Leader of the House of Representatives; and be it further

RESOLVED That the Home Birth Maternity Care Crisis Study Committee shall meet monthly until such time that it is prepared to make a recommendation to the General Assembly, but that time shall be no later than October 8, 2019; and be it further

RESOLVED, That the Office of the Secretary of the Department of Financial and Professional Regulation shall provide the Task Force with administrative and other support; and be it further

[February 5, 2019]

RESOLVED, That the Home Birth Maternity Care Crisis Study Committee will hear testimony from all interested parties; and be it further

RESOLVED, That the Home Birth Maternity Care Crisis Study Committee will thoroughly consider the role that Certified Professional Midwives may have in helping to resolve the Home Birth Maternity Care Crisis; and be it further

RESOLVED, That the Home Birth Maternity Care Crisis Study Committee will recommend to the General Assembly a consumer-focused, evidence-based solution to the Illinois Home Birth Maternity Care Crisis that protects families from the dangers of having inadequate numbers of licensed home birth providers to care for them during the prenatal, intrapartum, and postpartum portions of their pregnancies, especially in the underserved communities of Illinois.
