SENATE RESOLUTION NO. 101

WHEREAS, One in nine men will be diagnosed with prostate cancer; and

WHEREAS, Prostate cancer is the second leading cause of cancer death among American men and the most commonly diagnosed; and

WHEREAS, In 2019, there are expected to be approximately 174,650 new cases of prostate cancer and nearly 31,620 deaths from the disease in the United States; in Illinois, it is estimated that 6,690 men will be diagnosed with prostate cancer in 2019; and

WHEREAS, Prostate cancer affects all races and socioeconomic classes; however, compared to white men and other men of color, African American men are at an increased risk for developing prostate cancer; one in six African American men will develop prostate cancer; overall, African American men are 1.7

[February 13, 2019]

times more likely to be diagnosed with, and 2.3 times more likely to die from, prostate cancer than white men; African American men are also slightly more likely than white men to be diagnosed with advanced stages of the disease; and

WHEREAS, Finding prostate cancer when it is still at an early stage offers the best hope for effective treatment and a cancer-free life; and

WHEREAS, If the disease progresses to metastatic castration-resistant prostate cancer (CRPC), the prognosis is poor, with a median survival of approximately three years; the patient, family, health, and economic burdens of prostate cancer, particularly of advanced-stage cancer, are large; and

WHEREAS, Improved awareness of prostate cancer, an understanding of increased risks for developing the disease, as well as access to recent medical advances that may extend the time a patient lives without his cancer spreading are important to improve the patient's outcome; and

WHEREAS, Shared decision making between the patient, his family and other caregivers, and a physician is important to support the appropriate care for an individual's clinical situation; and

WHEREAS, Patients should consult their physicians regarding individual risk for developing prostate cancer, to determine when screening and other tests for early detection of prostate cancer are needed, and to understand the risks and possible benefits of screening; and

WHEREAS, Individuals who are diagnosed with prostate cancer can speak with their physician and other health care providers to learn more about the disease; they can also find support groups and services in their community or online; and

WHEREAS, Additional focus is needed on the personal and social burdens of prostate cancer to anticipate the needs and provide support to the patient, his family, and other caregivers; and

WHEREAS, Additional research on prostate cancer is needed, so new and more effective treatments can be developed, as well as a push for critical research and advanced treatments for prostate cancer; therefore, be it

RESOLVED, BY THE SENATE OF THE ONE HUNDRED FIRST GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we declare September 2019 as Prostate Cancer Awareness Month in the State of Illinois, and we ask the citizens of Illinois to become aware of prostate cancer, so they can have an informed conversation with their health care provider regarding possible screening and diagnostic methods and, if necessary, treatments to improve the outcomes and the psychosocial support for people affected by the disease.

SENATE RESOLUTION NO. 116

WHEREAS, After the United States entered World War II, the demand for nurses increased dramatically, outstripping supply and creating a nursing shortage; and

WHEREAS, In order to alleviate this critical shortage, a plan was conceived to accelerate the training of nursing students and to allow such nursing students to serve during such training; and

WHEREAS, On March 29, 1943, Congresswoman Frances P. Bolton of Ohio introduced a bill in the United States House of Representatives to establish a special government program to facilitate the training of nurses; the bill was passed unanimously by both chambers of Congress, was signed into law by President Franklin D. Roosevelt on June 15, 1943, and became effective as Public Law 74 on July 1, 1943; and

[February 13, 2019]

WHEREAS, The Bolton Act of 1943 created the Cadet Nurse Corps; the Corps was administered by the United States Public Health Service and supervised by the Division of Nurse Education, which reported to the Surgeon General of the United States; and

WHEREAS, Over one thousand nursing schools throughout the United States joined the Cadet Nurse Program during its existence, facilitating the training of over 125,000 nurses during World War II and greatly increasing the wartime supply of nurses and care for American citizens on both the home and war fronts; and

WHEREAS, By replacing certified nurses who had already entered into active duty in the armed forces of the United States, the Cadet Nurse Corps prevented the collapse of nursing care in hospitals throughout the United States, and service members returned from war to a strong health care system and received necessary and quality care from Cadet Nurses; and

WHEREAS, Having demonstrated their skill, devotion, and patriotism, members of the United States Cadet Nurse Corps deserve the utmost admiration and appreciation; and

WHEREAS, A former member of the Cadet Nurse Corps is not included in the United States government's definition of what constitutes a "veteran" and is not eligible to receive certain veterans' benefits administered by the United States Department of Veterans Affairs and other federal agencies; and

WHEREAS, Recognizing former members of the Cadet Nurse Corps as veterans would be an appropriate and warranted gesture of commendation and gratitude to the women whose service and dedication to their communities and to their nation deserves such a gesture; therefore, be it

RESOLVED, BY THE SENATE OF THE ONE HUNDRED FIRST GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that the Illinois General Assembly urges the United States Congress to amend federal law to recognize as veterans those women who served honorably during World War II as members of the Cadet Nurse Corps; and be it further

WHEREAS, Upon urging by community leaders, Congressman Johnson decided to run for a seat in the Illinois State Legislature; in 1976, he won a seat in the Illinois House by besting five other Republicans in a tough, but civil, primary; he held that seat in the Statehouse for more than two decades; he resigned as State Representative from the 104th District on November 13, 2000, one week after being elected to the United States House of Representatives to serve the 15th District of Illinois; and

WHEREAS, Congressman Johnson established a strong record of constituent service and was known for walking the Capitol hallways with a cell phone pressed to his ear as he talked to constituents, asking their opinions and addressing their problems; and

WHEREAS, While responding to the needs of his District residents was a top priority, Congressman Johnson was also a strong and independent voice on Capitol Hill and pushed for lower taxes, fought to

bring federal dollars home to Illinois universities, was a strong advocate for civil liberties, voted consistently to protect our First, Second, and Fourth Amendment Rights, and voted to protect our environment; and

WHEREAS, Congressman Johnson was a leading advocate for the expansion of the use of bio fuels and paid special attention to the needs of veterans; he continued his tradition of opposing tax increases, promoting fiscal responsibility, and upholding conservative, common sense values in the United States Congress; most of all, he wanted to rekindle the spark in the nation's agricultural economy that is vital to the health of the region, nation, and world; and

WHEREAS, Congressman Johnson retired from Congress at the end of his term in 2013; therefore, be it

RESOLVED, BY THE SENATE OF THE ONE HUNDRED FIRST GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE HOUSE OF REPRESENTATIVES CONCURRING HEREIN, that we designate the section of Interstate 57 from I-74 South to Exit 232 as the "Congressman Tim Johnson Highway"; and be it further

Senator Tracy offered the following Senate Joint Resolution, which was referred to the Committee on Assignments:

SENATE JOINT RESOLUTION NO. 21

WHEREAS, Disability is a natural part of the human experience and in no way diminishes the right of individuals to participate in or contribute to society; improving educational results for children with disabilities is an essential element of ensuring equality of opportunity, full participation, independent living, and economic self-sufficiency for individuals with disabilities; and

WHEREAS, Research shows that the best outcomes for all young children are realized when high-quality specialized services such as special education, early intervention, and related services are delivered in the same setting the child would attend if they did not have a disability; and

WHEREAS, Inclusive education brings all children together in one classroom, setting, and community, regardless of their ability or disability in any domain of development, and seeks to maximize the potential of all preschool-aged children; and

WHEREAS, Preschool may be the child and family's first experience with school; and

WHEREAS, The commonality between all preschool-aged children is the need to be amongst their peers; and

WHEREAS, Preschool-aged children with disabilities can be included socially with their peers; this allows them to create long-lasting friendships that would not be otherwise possible, and these friendships can give them the skills to navigate social relationships later in life; and

WHEREAS, In a well-designed, high-quality inclusive early childhood environment, the teacher uses inclusion strategies to help children succeed developmentally and socially; therefore, children encounter higher expectations; and

[February 13, 2019]

WHEREAS, Preschool-aged children with disabilities who are educated in an inclusive classroom have been found to score higher on literacy measures than children educated in segregated settings; and

WHEREAS, Research has shown that most children without disabilities in inclusive classrooms have scored higher on state standardized tests over a period of 4 years; and

WHEREAS, Research also indicates that inclusive education promotes and enhances the social growth of all children within inclusive classrooms and does not negatively affect the academic growth of typically developing children; and

WHEREAS, In an inclusion setting, children with and without disabilities learn how to work with each other, regardless of individual skills and abilities, which helps improve academic performance and the ability to succeed later in life; and

WHEREAS, All families want their children to be accepted by their peers and have friends, and inclusive settings can make this vision a reality for children with disabilities; and

WHEREAS, Families can be positively affected by having their children educated in inclusive early childhood classrooms through potential friendship and relationship opportunities; and

WHEREAS, When preschool-aged children attend inclusive early childhood classes that reflect the similarities and differences of people in the real world, they learn to appreciate diversity; and

WHEREAS, Respect and understanding grow when children of differing abilities and cultures communicate and learn together, which may be the first step in creating a more diverse workforce and world; therefore, be it

RESOLVED, BY THE SENATE OF THE ONE HUNDRED FIRST GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE HOUSE OF REPRESENTATIVES CONCURRING HEREIN, that we encourage the Illinois State Board of Education, special education cooperatives, and each school district in this State to consider the potential benefits of inclusive education for children with and without disabilities in Illinois; and be it further
