Section 1. Legislative Intent. The General Assembly recognizes that there are historically underserved populations in the State of Illinois who have been overlooked and discriminated against over the course of this state’s history. Today, as Illinois is confronted with an unprecedented public health and economic crisis, these inequities appear more starkly than ever – with our communities of color facing higher infection rates, higher mortality rates, higher unemployment rates, and the looming threat of continued exclusion in a time when equity and just distribution of resources are more vital than ever. The General Assembly recognizes these injustices, and seeks to address them here. It is the intent of this General Assembly to assist our communities most in need with the funds made available by the passage of the CARES Act. Like the implementation of programs that feed our hungriest children, care for our most vulnerable, and provide the services upon which the residents across our state rely. It is the will of the General Assembly that every state agency, commission, and board will work to use this funding to aid and empower historically and presently disproportionately impacted areas: particularly, but not limited to, ZIP codes with the most positive COVID-19 cases, or ZIP codes with a high proportion of children living in households that meet the free lunch or breakfast eligibility guidelines established by the federal government pursuant to Section 1758 of the federal Richard B. Russell National School Lunch Act (42 U.S.C. 1758; 7 C.F.R. 245 et seq.), or persons living at or below 133% of the Federal Poverty Level, or persons eligible for the Supplemental Nutrition Assistance Program (SNAP), and persons eligible for Women, Infants and Children (WIC) assistance.
