Passed the House, as amended, May 22, 2020.

JOHN W. HOLLMAN, Clerk of the House

AMENDMENT NO. 3 TO SENATE BILL 471

AMENDMENT NO. 3. Amend Senate Bill 471 by replacing everything after the enacting clause with the following:

"Section 5. The Public Employee Disability Act is amended by changing Section 1 as follows:

(5 ILCS 345/1) (from Ch. 70, par. 91)

Sec. 1. Disability benefit.

(a) For the purposes of this Section, "eligible employee" means any part-time or full-time State correctional officer or any other full or part-time employee of the Department of Corrections, any full or part-time employee of the Prisoner Review Board, any full or part-time employee of the Department of Human Services working within a penal institution or a State mental health or developmental disabilities facility operated by the Department of Human Services, and any full-time law enforcement officer or full-time firefighter, including a full-time paramedic or a firefighter who performs paramedic duties, who is employed by the State of Illinois, any unit of local government (including any home rule unit), any State supported college or university, or any other public entity granted the power to employ persons for such purposes by law.

(b) Whenever an eligible employee suffers any injury in the line of duty which causes him to be unable to perform his duties, he shall continue to be paid by the employing public entity on the same basis as he was paid before the injury, with no deduction from his sick leave credits, compensatory time for overtime accumulations or vacation, or service credits in a public employee pension fund during the time he is unable to perform his duties due to the result of the injury, but not longer than one year in relation to the same injury, except as otherwise provided under subsection (b-5). However, no injury to an employee of the Department of Corrections or the Prisoner Review Board working within a penal institution or an employee of the Department of Human Services working within a departmental mental health or developmental disabilities facility shall qualify the employee for benefits under this Section unless the injury is the direct or indirect result of violence by inmates of the penal institution or residents of the mental health or developmental disabilities facility.

[May 23, 2020]

(b-5) Upon the occurrence of circumstances, directly or indirectly attributable to COVID-19, occurring on or after March 9, 2020 and on or before December 31, 2020 which would hinder the physical recovery from an injury of an eligible employee within the one-year period as required under subsection (b), the eligible employee shall be entitled to an extension of no longer than 60 days by which he or she shall continue to be paid by the employing public entity on the same basis as he or she was paid before the injury. The employing public entity may require proof of the circumstances hindering an eligible employee's physical recovery before granting the extension provided under this subsection (b-5).

(c) At any time during the period for which continuing compensation is required by this Act, the employing public entity may order at the expense of that entity physical or medical examinations of the injured person to determine the degree of disability.

(d) During this period of disability, the injured person shall not be employed in any other manner, with or without monetary compensation. Any person who is employed in violation of this paragraph forfeits the continuing compensation provided by this Act from the time such employment begins. Any salary compensation due the injured person from workers' compensation or any salary due him from any type of insurance which may be carried by the employing public entity shall revert to that entity during the time for which continuing compensation is paid to him under this Act. Any person with a disability receiving compensation under the provisions of this Act shall not be entitled to any benefits for which he would qualify because of his disability under the provisions of the Illinois Pension Code.

(e) Any employee of the State of Illinois, as defined in Section 14-103.05 of the Illinois Pension Code, who becomes permanently unable to perform the duties of such employment due to an injury received in the active performance of his duties as a State employee as a result of a willful act of violence by another employee of the State of Illinois, as so defined, committed during such other employee's course of employment and after January 1, 1988, shall be eligible for benefits pursuant to the provisions of this Section. For purposes of this Section, permanent disability is defined as a diagnosis or prognosis of an inability to return to current job duties by a physician licensed to practice medicine in all of its branches.

(f) The compensation and other benefits provided to part-time employees covered by this Section shall be calculated based on the percentage of time the part-time employee was scheduled to work pursuant to his or her status as a part-time employee.

(g) Pursuant to paragraphs (h) and (i) of Section 6 of Article VII of the Illinois Constitution, this Act specifically denies and limits the exercise by home rule units of any power which is inconsistent herewith, and all existing laws and ordinances which are inconsistent herewith are hereby superseded. This Act does not preempt the concurrent exercise by home rule units of powers consistent herewith.

This Act does not apply to any home rule unit with a population of over 1,000,000.

(h) In those cases where the injury to a State employee for which a benefit is payable under this Act was caused under circumstances creating a legal liability for damages on the part of some person other than the State employer, all of the rights and privileges, including the right to notice of suit brought against such other person and the right to commence or join in such suit, as given the employer, together with the conditions or obligations imposed under paragraph (b) of Section 5 of the Workers' Compensation Act, are also given and granted to the State, to the end that, with respect to State employees only, the State may be paid or reimbursed for the amount of benefit paid or to be paid by the State to the injured employee or his or her personal representative out of any judgment, settlement, or payment for such injury obtained by such injured employee or his or her personal representative from such other person by virtue of the injury. Section 10. The Illinois Horse Racing Act of 1975 is amended by adding Section 15.5 as follows:

(230 ILCS 5/15.5 new)

Sec. 15.5. Labor agreements.

(a) This Section applies to each entity subject to this Act that has at least 10 employees on average over the 12 months preceding application for an organization gaming license.

(b) Before an organization gaming license may be granted or renewed, the applicant or licensee seeking an organization gaming license or renewal shall:

(1) Enter into, and observe, the terms of a collective bargaining agreement with any labor organization seeking to represent a majority of the licensee's employees in a bargaining unit consisting of all non-supervisory and non-management employees in the classifications identified by the labor organization. Any new employees hired by the licensee who perform work substantially similar to current employees in an existing bargaining unit already represented by a labor organization at the facility shall be incorporated into that existing bargaining unit.

(2) Upon written notice by a labor organization of its desire to represent employees in a designated bargaining unit, the licensee shall:

[May 23, 2020]

(A) provide the names, classifications, and home addresses of each and every employee in the identified bargaining unit;

(B) refrain from expressing any views on the question whether its employees should be represented by a labor organization;

(C) refrain from restraining or coercing its employees in choosing to be represented or not represented by a labor organization; and

(D) allow designated representatives of the labor organization access to its non-work areas for the purpose of meeting privately with its employees during non-working times.

(3) Upon a showing of majority interest, to be certified through card check by the Federal Mediation and Conciliation Service or from a designated arbitrator from a permanent panel of arbitrators appointed by the Illinois Racing Board, the licensee and the labor organization shall immediately enter into negotiations for a collective bargaining agreement.

(4) If the parties are unable to conclude a labor agreement within 60 days following the date of certification, the terms of the agreement shall be set by an arbitrator jointly selected by the parties from a panel of arbitrators designated by the Illinois Racing Board, who shall issue a final and binding award within 120 days after the date of certification, if the parties fail to conclude an agreement by that date. Except with regard to the minimum requirements in paragraph (5), the arbitrator shall be guided by the terms of labor agreements covering the same or similar classifications of employees within 100 miles of the facility or facilities for which the agreement is negotiated. The arbitrator shall also resolve all disputes regarding the scope and composition of the bargaining unit covered under the labor agreement. The licensee and the labor organization shall share equally the expenses of the arbitrator. No labor agreement shall cover employees in a bargaining unit for which another labor organization has been certified as a bargaining representative under this Act and that continues to actively represent such employees.

(5) All labor agreements required under this Section shall, at a minimum, include a:

(A) term of at least 3 years;

(B) prohibition on strikes or other work stoppages by the labor organization and the represented employees during the term of the labor agreement; and

(C) restriction on subcontracting any work performed on or about the licensee's premises as part of its normal operations except by mutual agreement with the labor organization, and then only to a person or firm that is signatory to a labor agreement with a labor organization that has indicated its interest in representing the employees of the subcontractor, provided, the subcontractor's employees are not lawfully represented by another labor organization.

(6) A copy of the fully executed labor agreement shall be submitted to the Illinois Racing Board prior to the issuance or renewal of any organization gaming license required under this Act.

(c) Upon the expiration of a labor agreement required under this Section, the parties shall negotiate a successor agreement under the procedures set forth in paragraphs (4) and (5) of subsection (b), except that the negotiation and arbitration procedures shall commence upon the last effective day of the expiring labor agreement.

(d) The provisions of this Section, except for paragraph (2) of subsection (b), do not apply to any entity that is covered, or subsequently becomes covered, under the National Labor Relations Act, 29 U.S.C. 151 et seq. However, nothing in this Act shall affect or diminish the validity and enforceability of any collective bargaining agreement entered into during the period that this Act applies.

Section 10. The Civic Center Code is amended by changing Section 245-12 as follows:

[May 23, 2020]

(70 ILCS 200/245-12)

Sec. 245-12. Use and occupation taxes.

(a) The Authority may adopt a resolution that authorizes a referendum on the question of whether the Authority shall be authorized to impose a retailers' occupation tax, a service occupation tax, and a use tax in one-quarter percent increments at a rate not to exceed 1%. The Authority shall certify the question to the proper election authorities who shall submit the question to the voters of the metropolitan area at the next regularly scheduled election in accordance with the general election law. The question shall be in substantially the following form:

"Shall the Salem Civic Center Authority be authorized to impose a retailers' occupation tax,

a service occupation tax, and a use tax at the rate of (rate) for the sole purpose of obtaining funds for the support, construction, maintenance, or financing of a facility of the Authority?"

Votes shall be recorded as "yes" or "no".

If a majority of all votes cast on the proposition are in favor of the proposition, the Authority is authorized to impose the tax.

(b) The Authority shall impose the retailers' occupation tax upon all persons engaged in the business of selling tangible personal property at retail in the metropolitan area, at the rate approved by referendum, on the gross receipts from the sales made in the course of such business within the metropolitan area. Beginning December 1, 2019 and through December 31, 2020, this tax is not imposed on sales of aviation fuel unless the tax revenue is expended for airport-related purposes. If the Authority does not have an airport-related purpose to which it dedicates aviation fuel tax revenue, then aviation fuel is excluded from the tax. The Authority must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Section, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. Beginning January 1, 2021, this tax is not imposed on sales of aviation fuel for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the Authority.

The tax imposed under this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The Department has full power to administer and enforce this Section; to collect all taxes and penalties so collected in the manner provided in this Section; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section, the Department and persons who are subject to this Section shall (i) have the same rights, remedies, privileges, immunities, powers and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 1, 1a, 1a-1, 1c, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2, 2-5, 2-5.5, 2-10 (in respect to all provisions therein other than the State rate of tax), 2-12, 2-15 through 2-70, 2a, 2b, 2c, 3 (except as to the disposition of taxes and penalties collected and provisions related to quarter monthly payments, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth in this subsection.

Persons subject to any tax imposed under this subsection may reimburse themselves for their seller's tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes that sellers are required to collect, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the tax fund referenced under paragraph (g) of this Section or the Local Government Aviation Trust Fund, as appropriate.

If a tax is imposed under this subsection (b), a tax shall also be imposed at the same rate under subsections (c) and (d) of this Section.

For the purpose of determining whether a tax authorized under this Section is applicable, a retail sale, by a producer of coal or other mineral mined in Illinois, is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the Federal Constitution as a sale in interstate or foreign commerce.

Nothing in this Section shall be construed to authorize the Authority to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

[May 23, 2020]

(c) If a tax has been imposed under subsection (b), a service occupation tax shall also be imposed at the same rate upon all persons engaged, in the metropolitan area, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the metropolitan area as an incident to a sale of service. The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue.

Beginning December 1, 2019 and through December 31, 2020, this tax is not imposed on sales of aviation fuel unless the tax revenue is expended for airport-related purposes. If the Authority does not have an airport-related purpose to which it dedicates aviation fuel tax revenue, then aviation fuel is excluded from the tax. The Authority must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. Beginning January 1, 2021, this tax is not imposed on sales of aviation fuel for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the Authority.

The Department has full power to administer and enforce this paragraph; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this paragraph, the Department and persons who are subject to this paragraph shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State shall mean the metropolitan area), 2a, 2b, 3 through 3-55 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the Authority), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the Authority), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this tax may not be taken against any State tax, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the Authority), 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the tax fund referenced under paragraph (g) of this Section or the Local Government Aviation Trust Fund, as appropriate.

Nothing in this paragraph shall be construed to authorize the Authority to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(d) If a tax has been imposed under subsection (b), a use tax shall also be imposed at the same rate upon the privilege of using, in the metropolitan area, any item of tangible personal property that is purchased outside the metropolitan area at retail from a retailer, and that is titled or registered at a location within the metropolitan area with an agency of this State's government. "Selling price" is defined as in the Use Tax Act. The tax shall be collected from persons whose Illinois address for titling or registration purposes is given as being in the metropolitan area. The tax shall be collected by the Department of Revenue for the Authority. The tax must be paid to the State, or an exemption determination must be obtained from the Department of Revenue, before the title or certificate of registration for the property may be issued. The tax or proof of exemption may be transmitted to the Department by way of the State agency with which, or the State officer with whom, the tangible personal property must be titled or registered if the Department and the State agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

The Department has full power to administer and enforce this paragraph; to collect all taxes, penalties and interest due hereunder; to dispose of taxes, penalties and interest so collected in the manner hereinafter provided; and to determine all rights to credit memoranda or refunds arising on account of the erroneous

payment of tax, penalty or interest hereunder. In the administration of, and compliance with, this subsection, the Department and persons who are subject to this paragraph shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 2 (except the definition of "retailer maintaining a place of business in this State"), 3, 3-5, 3-10, 3-45, 3-55, 3-65, 3-70, 3-85, 3a, 4, 6, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the Authority), 9 (except provisions relating to quarter monthly payments), 10, 11, 12, 12a, 12b, 13, 14, 15, 19, 20, 21, and 22 of the Use Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, that are not inconsistent with this paragraph, as fully as if those provisions were set forth herein.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the tax fund referenced under paragraph (g) of this Section.

(e) A certificate of registration issued by the State Department of Revenue to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit the registrant to engage in a business that is taxed under the tax imposed under paragraphs (b), (c), or (d) of this Section and no additional registration shall be required. A certificate issued under the Use Tax Act or the Service Use Tax Act shall be applicable with regard to any tax imposed under paragraph (c) of this Section.

(f) The results of any election authorizing a proposition to impose a tax under this Section or effecting a change in the rate of tax shall be certified by the proper election authorities and filed with the Illinois Department on or before the first day of April. In addition, an ordinance imposing, discontinuing, or effecting a change in the rate of tax under this Section shall be adopted and a certified copy thereof filed with the Department on or before the first day of April. After proper receipt of such certifications, the Department shall proceed to administer and enforce this Section as of the first day of July next following such adoption and filing.

(g) Except as otherwise provided, the Department of Revenue shall, upon collecting any taxes and penalties as provided in this Section, pay the taxes and penalties over to the State Treasurer as trustee for the Authority. The taxes and penalties shall be held in a trust fund outside the State Treasury. Taxes and penalties collected on aviation fuel sold on or after December 1, 2019 and through December 31, 2020, shall be immediately paid over by the Department to the State Treasurer, ex officio, as trustee, for deposit into the Local Government Aviation Trust Fund. The Department shall only pay moneys into the Local Government Aviation Trust Fund under this Section for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the District. On or before the 25th day of each calendar month, the Department of Revenue shall prepare and certify to the Comptroller of the State of Illinois the amount to be paid to the Authority, which shall be the balance in the fund, less any amount determined by the Department to be necessary for the payment of refunds and not including taxes and penalties collected on aviation fuel sold on or after December 1, 2019. Within 10 days after receipt by the Comptroller of the certification of the amount to be paid to the Authority, the Comptroller shall cause an order to be drawn for payment for the amount in accordance with the directions contained in the certification. Amounts received from the tax imposed under this Section shall be used only for the support, construction, maintenance, or financing of a facility of the Authority.

(h) When certifying the amount of a monthly disbursement to the Authority under this Section, the Department shall increase or decrease the amounts by an amount necessary to offset any miscalculation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a miscalculation is discovered.

(i) This Section may be cited as the Salem Civic Center Use and Occupation Tax Law.

(j) Notwithstanding any other provision of law, no tax may be imposed under this Section on the sale or use of cannabis, as defined in Section 1-10 of the Cannabis Regulation and Tax Act.

Section 15. The Flood Prevention District Act is amended by changing Section 25 as follows:
(70 ILCS 750/25)

Sec. 25. Flood prevention retailers' and service occupation taxes.

(a) If the Board of Commissioners of a flood prevention district determines that an emergency situation exists regarding levee repair or flood prevention, and upon an ordinance confirming the determination adopted by the affirmative vote of a majority of the members of the county board of the county in which the district is situated, the county may impose a flood prevention retailers' occupation tax upon all persons

[May 23, 2020]

engaged in the business of selling tangible personal property at retail within the territory of the district to provide revenue to pay the costs of providing emergency levee repair and flood prevention and to secure the payment of bonds, notes, and other evidences of indebtedness issued under this Act for a period not to exceed 25 years or as required to repay the bonds, notes, and other evidences of indebtedness issued under this Act. The tax rate shall be 0.25% of the gross receipts from all taxable sales made in the course of that business. Beginning December 1, 2019 and through December 31, 2020, this tax is not imposed on sales of aviation fuel unless the tax revenue is expended for airport-related purposes. If the District does not have an airport-related purpose to which it dedicates aviation fuel tax revenue, then aviation fuel is excluded from the tax. The County must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. The tax imposed under this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder.

For purposes of this Act, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. Beginning January 1, 2021, this tax is not imposed on sales of aviation fuel for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the District.

In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) are subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and (iii) shall employ the same modes of procedure as are set forth in Sections 1 through 1o, 2 through 2-70 (in respect to all provisions contained in those Sections other than the State rate of tax), 2a through 2h, 3 (except as to the disposition of taxes and penalties collected, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers' Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act as if those provisions were set forth in this subsection.

Persons subject to any tax imposed under this Section may reimburse themselves for their seller's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination in a single amount with State taxes that sellers are required to collect under the Use Tax Act, under any bracket schedules the Department may prescribe.

If a tax is imposed under this subsection (a), a tax shall also be imposed under subsection (b) of this Section.

(b) If a tax has been imposed under subsection (a), a flood prevention service occupation tax shall also be imposed upon all persons engaged within the territory of the district in the business of making sales of service, who, as an incident to making the sales of service, transfer tangible personal property, either in the form of tangible personal property or in the form of real estate as an incident to a sale of service to provide revenue to pay the costs of providing emergency levee repair and flood prevention and to secure the payment of bonds, notes, and other evidences of indebtedness issued under this Act for a period not to exceed 25 years or as required to repay the bonds, notes, and other evidences of indebtedness. The tax rate shall be 0.25% of the selling price of all tangible personal property transferred. Beginning December 1, 2019 and through December 31, 2020, this tax is not imposed on sales of aviation fuel unless the tax revenue is expended for airport-related purposes. If the District does not have an airport-related purpose to which it dedicates aviation fuel tax revenue, then aviation fuel is excluded from the tax. The County must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Act, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. Beginning January 1, 2021, this tax is not imposed on sales of aviation fuel for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the District.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this subsection; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder.

In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and (iii) employ the same modes of procedure as are set forth in Sections 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State means the district), 2a

through 2d, 3 through 3-50 (in respect to all provisions contained in those Sections other than the State rate of tax), 4 (except that the reference to the State shall be to the district), 5, 7, 8 (except that the jurisdiction to which the tax is a debt to the extent indicated in that Section 8 is the district), 9 (except as to the disposition of taxes and penalties collected, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State means the district), Section 15, 16, 17, 18, 19, and 20 of the Service Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability hereunder by separately stating the tax as an additional charge, that charge may be stated in combination in a single amount with State tax that servicemen are authorized to collect under the Service Use Tax Act, under any bracket schedules the Department may prescribe.

(c) The taxes imposed in subsections (a) and (b) may not be imposed on personal property titled or registered with an agency of the State or on personal property taxed at the 1% rate under the Retailers' Occupation Tax Act and the Service Occupation Tax Act.

(d) Nothing in this Section shall be construed to authorize the district to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by the State.

(e) The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act or a serviceman under the Service Occupation Tax Act permits the retailer or serviceman to engage in a business that is taxable without registering separately with the Department under an ordinance or resolution under this Section.

(f) Except as otherwise provided, the Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this Section to be deposited into the Flood Prevention Occupation Tax Fund, which shall be an unappropriated trust fund held outside the State treasury. Taxes and penalties collected on aviation fuel sold on or after December 1, 2019 and through December 31, 2020, shall be immediately paid over by the Department to the State Treasurer, ex officio, as trustee, for deposit into the Local Government Aviation Trust Fund. The Department shall only pay moneys into the Local Government Aviation Trust Fund under this Act for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the District.

On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to the counties from which retailers or servicemen have paid taxes or penalties to the Department during the second preceding calendar month. The amount to be paid to each county is equal to the amount (not including credit memoranda and not including taxes and penalties collected on aviation fuel sold on or after December 1, 2019 and through December 31, 2020) collected from the county under this Section during the second preceding calendar month by the Department, (i) less 2% of that amount (except the amount collected on aviation fuel sold on or after December 1, 2019 and through December 31, 2020), which shall be deposited into the Tax Compliance and Administration Fund and shall be used by the Department in administering and enforcing the provisions of this Section on behalf of the county, (ii) plus an amount that the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body; (iii) less an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the county; and (iv) less any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the county. When certifying the amount of a monthly disbursement to a county under this Section, the Department shall increase or decrease the amounts by an amount necessary to offset any miscalculation of previous disbursements within the previous 6 months from the time a miscalculation is discovered.

Within 10 days after receipt by the Comptroller from the Department of the disbursement certification to the counties provided for in this Section, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with directions contained in the certification.

If the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, then the Department shall notify the Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the Treasurer out of the Flood Prevention Occupation Tax Fund or the Local Government Aviation Trust Fund, as appropriate.

(g) If a county imposes a tax under this Section, then the county board shall, by ordinance, discontinue the tax upon the payment of all indebtedness of the flood prevention district. The tax shall not be discontinued until all indebtedness of the District has been paid.

(h) Any ordinance imposing the tax under this Section, or any ordinance that discontinues the tax, must be certified by the county clerk and filed with the Illinois Department of Revenue either (i) on or before the first day of April, whereupon the Department shall proceed to administer and enforce the tax or change in the rate as of the first day of July next following the filing; or (ii) on or before the first day of October, whereupon the Department shall proceed to administer and enforce the tax or change in the rate as of the first day of January next following the filing.

(j) County Flood Prevention Occupation Tax Fund. All proceeds received by a county from a tax distribution under this Section must be maintained in a special fund known as the [name of county] flood prevention occupation tax fund. The county shall, at the direction of the flood prevention district, use moneys in the fund to pay the costs of providing emergency levee repair and flood prevention and to pay bonds, notes, and other evidences of indebtedness issued under this Act.

(k) This Section may be cited as the Flood Prevention Occupation Tax Law.

(l) Notwithstanding any other provision of law, no tax may be imposed under this Section on the sale or use of cannabis, as defined in Section 1-10 of the Cannabis Regulation and Tax Act.

Section 20. The Metro-East Park and Recreation District Act is amended by changing Section 30 as follows:

(70 ILCS 1605/30)

Sec. 30. Taxes.

(a) The board shall impose a tax upon all persons engaged in the business of selling tangible personal property, other than personal property titled or registered with an agency of this State's government, at retail in the District on the gross receipts from the sales made in the course of business. This tax shall be imposed only at the rate of one-tenth of one per cent.

This additional tax may not be imposed on tangible personal property taxed at the 1% rate under the Retailers' Occupation Tax Act. Beginning December 1, 2019 and through December 31, 2020, this tax is not imposed on sales of aviation fuel unless the tax revenue is expended for airport-related purposes. If the District does not have an airport-related purpose to which it dedicates aviation fuel tax revenue, then aviation fuel shall be excluded from tax. The board must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Act, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. Beginning January 1, 2021, this tax is not imposed on sales of aviation fuel for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the District. The tax imposed by the Board under this Section and all civil penalties that may be assessed as an incident of the tax shall be collected and enforced by the Department of Revenue. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable without registering separately with the Department under an ordinance or resolution under this Section. The Department has full power to administer and enforce this Section, to collect all taxes and penalties due under this Section, to dispose of taxes and penalties so collected in the manner provided in this Section, and to determine all rights to credit memoranda arising on account of the erroneous payment of a tax or penalty under this Section. In the administration of and compliance with this Section, the Department and persons who are subject to this Section shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2, 2-5, 2-5.5, 2-10 (in respect to all provisions contained in those Sections other than the State rate of tax), 2-12, 2-15 through 2-70, 2a, 2b, 2c, 3 (except provisions relating to transaction returns and quarter monthly payments, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers' Occupation Tax Act and the Uniform Penalty and Interest Act as if those provisions were set forth in this Section.

Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their sellers' tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracketed schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the State Metro-East Park and Recreation District Fund or the Local Government Aviation Trust Fund, as appropriate.

(b) If a tax has been imposed under subsection (a), a service occupation tax shall also be imposed at the same rate upon all persons engaged, in the District, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the District as an incident to a sale of service. This tax may not be imposed on tangible personal property taxed at the 1% rate under the Service Occupation Tax Act. Beginning December 1, 2019 and through December 31, 2020, this tax may not be imposed on sales of aviation fuel unless the tax revenue is expended for airport-related purposes. If the District does not have an airport-related purpose to which it dedicates aviation fuel tax revenue, then aviation fuel shall be excluded from tax. The board must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Act, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. Beginning January 1, 2021, this tax is not imposed on sales of aviation fuel for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the District. The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The Department has full power to administer and enforce this subsection; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this subsection, the Department and persons who are subject to this paragraph shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State shall mean the District), 2a, 2b, 2c, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the District), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the District), 9 (except as to the disposition of taxes and penalties collected, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the District), Sections 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the State Metro-East Park and Recreation District Fund or the Local Government Aviation Trust Fund, as appropriate.

Nothing in this subsection shall be construed to authorize the board to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(c) Except as otherwise provided in this paragraph, the Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this Section to be deposited into the State Metro-East Park and Recreation District Fund, which shall be an appropriated trust fund held outside of the State treasury. Taxes and penalties collected on aviation fuel sold on or after December 1, 2019 and through December 31, 2020, shall be immediately paid over by the Department to the State Treasurer, ex officio, as trustee, for deposit into the Local Government Aviation Trust Fund. The Department shall only pay moneys into the Local Government Aviation Trust Fund under this Act for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the District.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to

the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district. The Department shall make this certification only if the Metro East Park and Recreation District imposes a tax on real property as provided in the definition of "local sales taxes" under the Innovation Development and Economy Act.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money pursuant to Section 35 of this Act to the District from which retailers have paid taxes or penalties to the Department during the second preceding calendar month. The amount to be paid to the District shall be the amount (not including credit memoranda and not including taxes and penalties collected on aviation fuel sold on or after December 1, 2019 and through December 31, 2020) collected under this Section during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including (i) an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the District, (ii) any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the District, (iii) any amounts that are transferred to the STAR Bonds Revenue Fund, and (iv) 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the District, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this subsection. Within 10 days after receipt by the Comptroller of the disbursement certification to the District and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with directions contained in the certification.

(d) For the purpose of determining whether a tax authorized under this Section is applicable, a retail sale by a producer of coal or another mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or another mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

(e) Nothing in this Section shall be construed to authorize the board to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

(f) An ordinance imposing a tax under this Section or an ordinance extending the imposition of a tax to an additional county or counties shall be certified by the board and filed with the Department of Revenue either (i) on or before the first day of April, whereupon the Department shall proceed to administer and enforce the tax as of the first day of July next following the filing; or (ii) on or before the first day of October, whereupon the Department shall proceed to administer and enforce the tax as of the first day of January next following the filing.

(g) When certifying the amount of a monthly disbursement to the District under this Section, the Department shall increase or decrease the amounts by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

(h) Notwithstanding any other provision of law, no tax may be imposed under this Section on the sale or use of cannabis, as defined in Section 1-10 of the Cannabis Regulation and Tax Act.

Section 25. The Local Mass Transit District Act is amended by changing Section 5.01 as follows:
(70 ILCS 3610/5.01) (from Ch. 111 2/3, par. 355.01)

Sec. 5.01. Metro East Mass Transit District; use and occupation taxes.

(a) The Board of Trustees of any Metro East Mass Transit District may, by ordinance adopted with the concurrence of two-thirds of the then trustees, impose throughout the District any or all of the taxes and fees provided in this Section. Except as otherwise provided, all taxes and fees imposed under this Section shall be used only for public mass transportation systems, and the amount used to provide mass transit service to unserved areas of the District shall be in the same proportion to the total proceeds as the number of persons residing in the unserved areas is to the total population of the District. Except as otherwise provided in this Act, taxes imposed under this Section and civil penalties imposed incident thereto shall be collected and enforced by the State Department of Revenue. The Department shall have the power to

administer and enforce the taxes and to determine all rights for refunds for erroneous payments of the taxes.

(b) The Board may impose a Metro East Mass Transit District Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property at retail in the district at a rate of 1/4 of 1%, or as authorized under subsection (d-5) of this Section, of the gross receipts from the sales made in the course of such business within the district, except that the rate of tax imposed under this Section on sales of aviation fuel on or after December 1, 2019 shall be 0.25% in Madison County unless the Metro-East Mass Transit District in Madison County has an "airport-related purpose" and any additional amount authorized under subsection (d-5) is expended for airport-related purposes. If there is no airport-related purpose to which aviation fuel tax revenue is dedicated, then aviation fuel is excluded from any additional amount authorized under subsection (d-5). The rate in St. Clair County shall be 0.25% unless the Metro-East Mass Transit District in St. Clair County has an "airport-related purpose" and the additional 0.50% of the 0.75% tax on aviation fuel imposed in that County is expended for airport-related purposes. If there is no airport-related purpose to which aviation fuel tax revenue is dedicated, then aviation fuel is excluded from the additional 0.50% of the 0.75% tax.

The Board must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Section, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. This exclusion for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the District.

The tax imposed under this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1c, 1d, 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 4, 5, 5a, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 12, 13, and 14 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the Section may reimburse themselves for their seller's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes that sellers are required to collect under the Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metro East Mass Transit District tax fund established under paragraph (h) of this Section or the Local Government Aviation Trust Fund, as appropriate.

If a tax is imposed under this subsection (b), a tax shall also be imposed under subsections (c) and (d) of this Section.

For the purpose of determining whether a tax authorized under this Section is applicable, a retail sale, by a producer of coal or other mineral mined in Illinois, is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the Federal Constitution as a sale in interstate or foreign commerce.

No tax shall be imposed or collected under this subsection on the sale of a motor vehicle in this State to a resident of another state if that motor vehicle will not be titled in this State.

Nothing in this Section shall be construed to authorize the Metro East Mass Transit District to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

(c) If a tax has been imposed under subsection (b), a Metro East Mass Transit District Service Occupation Tax shall also be imposed upon all persons engaged, in the district, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property

within the District, either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. The tax rate shall be 1/4%, or as authorized under subsection (d-5) of this Section, of the selling price of tangible personal property so transferred within the district, except that the rate of tax imposed in these Counties under this Section on sales of aviation fuel on or after December 1, 2019 shall be 0.25% in Madison County unless the Metro-East Mass Transit District in Madison County has an "airport-related purpose" and any additional amount authorized under subsection (d-5) is expended for airport-related purposes. If there is no airport-related purpose to which aviation fuel tax revenue is dedicated, then aviation fuel is excluded from any additional amount authorized under subsection (d-5). The rate in St. Clair County shall be 0.25% unless the Metro-East Mass Transit District in St. Clair County has an "airport-related purpose" and the additional 0.50% of the 0.75% tax on aviation fuel is expended for airport-related purposes. If there is no airport-related purpose to which aviation fuel tax revenue is dedicated, then aviation fuel is excluded from the additional 0.50% of the 0.75% tax.

The Board must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Section, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. This exclusion for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the District.

The tax imposed under this paragraph and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this paragraph; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure as are prescribed in Sections 1a-1, 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State shall mean the Authority), 2a, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the Authority), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the District), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this tax may not be taken against any State tax, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the District), the first paragraph of Section 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this paragraph may reimburse themselves for their serviceman's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metro East Mass Transit District tax fund established under paragraph (h) of this Section or the Local Government Aviation Trust Fund, as appropriate.

Nothing in this paragraph shall be construed to authorize the District to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(d) If a tax has been imposed under subsection (b), a Metro East Mass Transit District Use Tax shall also be imposed upon the privilege of using, in the district, any item of tangible personal property that is purchased outside the district at retail from a retailer, and that is titled or registered with an agency of this State's government, at a rate of 1/4%, or as authorized under subsection (d-5) of this Section, of the selling price of the tangible personal property within the District, as "selling price" is defined in the Use Tax Act. The tax shall be collected from persons whose Illinois address for titling or registration purposes is given as being in the District. The tax shall be collected by the Department of Revenue for the Metro East Mass Transit District. The tax must be paid to the State, or an exemption determination must be obtained from

the Department of Revenue, before the title or certificate of registration for the property may be issued. The tax or proof of exemption may be transmitted to the Department by way of the State agency with which, or the State officer with whom, the tangible personal property must be titled or registered if the Department and the State agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

The Department shall have full power to administer and enforce this paragraph; to collect all taxes, penalties and interest due hereunder; to dispose of taxes, penalties and interest so collected in the manner hereinafter provided; and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty or interest hereunder. In the administration of, and compliance with, this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 2 (except the definition of "retailer maintaining a place of business in this State"), 3 through 3-80 (except provisions pertaining to the State rate of tax, and except provisions concerning collection or refunding of the tax by retailers), 4, 11, 12, 12a, 14, 15, 19 (except the portions pertaining to claims by retailers and except the last paragraph concerning refunds), 20, 21 and 22 of the Use Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, that are not inconsistent with this paragraph, as fully as if those provisions were set forth herein.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metro East Mass Transit District tax fund established under paragraph (h) of this Section.

(d-5) (A) The county board of any county participating in the Metro East Mass Transit District may authorize, by ordinance, a referendum on the question of whether the tax rates for the Metro East Mass Transit District Retailers' Occupation Tax, the Metro East Mass Transit District Service Occupation Tax, and the Metro East Mass Transit District Use Tax for the District should be increased from 0.25% to 0.75%. Upon adopting the ordinance, the county board shall certify the proposition to the proper election officials who shall submit the proposition to the voters of the District at the next election, in accordance with the general election law.

The proposition shall be in substantially the following form:

If such petition is found sufficient, the court shall enter an order to submit that proposition at the next election, in accordance with general election law.

The form of the petition shall be in substantially the following form: To the Circuit Court of the County of (name of county):

.....
.....

(C) The votes shall be recorded as "YES" or "NO". If a majority of all votes cast on the proposition are for the increase in the tax rates, the Metro East Mass Transit District shall begin imposing the increased rates in the District, and the Department of Revenue shall begin collecting the increased amounts, as provided under this Section. An ordinance imposing or discontinuing a tax hereunder or effecting a change

in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following the adoption and filing, or on or before the first day of April, whereupon the Department shall proceed to administer and enforce this Section as of the first day of July next following the adoption and filing.

(D) If the voters have approved a referendum under this subsection, before November 1, 1994, to increase the tax rate under this subsection, the Metro East Mass Transit District Board of Trustees may adopt by a majority vote an ordinance at any time before January 1, 1995 that excludes from the rate increase tangible personal property that is titled or registered with an agency of this State's government. The ordinance excluding titled or registered tangible personal property from the rate increase must be filed with the Department at least 15 days before its effective date. At any time after adopting an ordinance excluding from the rate increase tangible personal property that is titled or registered with an agency of this State's government, the Metro East Mass Transit District Board of Trustees may adopt an ordinance applying the rate increase to that tangible personal property. The ordinance shall be adopted, and a certified copy of that ordinance shall be filed with the Department, on or before October 1, whereupon the Department shall proceed to administer and enforce the rate increase against tangible personal property titled or registered with an agency of this State's government as of the following January 1. After December 31, 1995, any reimposed rate increase in effect under this subsection shall no longer apply to tangible personal property titled or registered with an agency of this State's government. Beginning January 1, 1996, the Board of Trustees of any Metro East Mass Transit District may never reimpose a previously excluded tax rate increase on tangible personal property titled or registered with an agency of this State's government. After July 1, 2004, if the voters have approved a referendum under this subsection to increase the tax rate under this subsection, the Metro East Mass Transit District Board of Trustees may adopt by a majority vote an ordinance that excludes from the rate increase tangible personal property that is titled or registered with an agency of this State's government. The ordinance excluding titled or registered tangible personal property from the rate increase shall be adopted, and a certified copy of that ordinance shall be filed with the Department on or before October 1, whereupon the Department shall administer and enforce this exclusion from the rate increase as of the following January 1, or on or before April 1, whereupon the Department shall administer and enforce this exclusion from the rate increase as of the following July 1. The Board of Trustees of any Metro East Mass Transit District may never reimpose a previously excluded tax rate increase on tangible personal property titled or registered with an agency of this State's government.

(d-6) If the Board of Trustees of any Metro East Mass Transit District has imposed a rate increase under subsection (d-5) and filed an ordinance with the Department of Revenue excluding titled property from the higher rate, then that Board may, by ordinance adopted with the concurrence of two-thirds of the then trustees, impose throughout the District a fee. The fee on the excluded property shall not exceed \$20 per retail transaction or an amount equal to the amount of tax excluded, whichever is less, on tangible personal property that is titled or registered with an agency of this State's government. Beginning July 1, 2004, the fee shall apply only to titled property that is subject to either the Metro East Mass Transit District Retailers' Occupation Tax or the Metro East Mass Transit District Service Occupation Tax. No fee shall be imposed or collected under this subsection on the sale of a motor vehicle in this State to a resident of another state if that motor vehicle will not be titled in this State.

(d-7) Until June 30, 2004, if a fee has been imposed under subsection (d-6), a fee shall also be imposed upon the privilege of using, in the district, any item of tangible personal property that is titled or registered with any agency of this State's government, in an amount equal to the amount of the fee imposed under subsection (d-6).

(d-7.1) Beginning July 1, 2004, any fee imposed by the Board of Trustees of any Metro East Mass Transit District under subsection (d-6) and all civil penalties that may be assessed as an incident of the fees shall be collected and enforced by the State Department of Revenue. Reference to "taxes" in this Section shall be construed to apply to the administration, payment, and remittance of all fees under this Section. For purposes of any fee imposed under subsection (d-6), 4% of the fee, penalty, and interest received by the Department in the first 12 months that the fee is collected and enforced by the Department and 2% of the fee, penalty, and interest following the first 12 months (except the amount collected on aviation fuel sold on or after December 1, 2019) shall be deposited into the Tax Compliance and Administration Fund and shall be used by the Department, subject to appropriation, to cover the costs of the Department. No retailers' discount shall apply to any fee imposed under subsection (d-6).

(d-8) No item of titled property shall be subject to both the higher rate approved by referendum, as authorized under subsection (d-5), and any fee imposed under subsection (d-6) or (d-7).

(d-9) (Blank).

(d-10) (Blank).

(e) A certificate of registration issued by the State Department of Revenue to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit the registrant to engage in a business that is taxed under the tax imposed under paragraphs (b), (c) or (d) of this Section and no additional registration shall be required under the tax. A certificate issued under the Use Tax Act or the Service Use Tax Act shall be applicable with regard to any tax imposed under paragraph (c) of this Section.

(f) (Blank).

(g) Any ordinance imposing or discontinuing any tax under this Section shall be adopted and a certified copy thereof filed with the Department on or before June 1, whereupon the Department of Revenue shall proceed to administer and enforce this Section on behalf of the Metro East Mass Transit District as of September 1 next following such adoption and filing. Beginning January 1, 1992, an ordinance or resolution imposing or discontinuing the tax hereunder shall be adopted and a certified copy thereof filed with the Department on or before the first day of July, whereupon the Department shall proceed to administer and enforce this Section as of the first day of October next following such adoption and filing. Beginning January 1, 1993, except as provided in subsection (d-5) of this Section, an ordinance or resolution imposing or discontinuing the tax hereunder shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following such adoption and filing, or, beginning January 1, 2004, on or before the first day of April, whereupon the Department shall proceed to administer and enforce this Section as of the first day of July next following the adoption and filing.

(h) Except as provided in subsection (d-7.1), the State Department of Revenue shall, upon collecting any taxes as provided in this Section, pay the taxes over to the State Treasurer as trustee for the District. The taxes shall be held in a trust fund outside the State Treasury. If an airport-related purpose has been certified, taxes and penalties collected in St. Clair County on aviation fuel sold on or after December 1, 2019 from the 0.50% of the 0.75% rate shall be immediately paid over by the Department to the State Treasurer, ex officio, as trustee, for deposit into the Local Government Aviation Trust Fund. The Department shall only pay moneys into the Local Government Aviation Trust Fund under this Act for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the District.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district. The Department shall make this certification only if the local mass transit district imposes a tax on real property as provided in the definition of "local sales taxes" under the Innovation Development and Economy Act.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the State Department of Revenue shall prepare and certify to the Comptroller of the State of Illinois the amount to be paid to the District, which shall be the amount (not including credit memoranda and not including taxes and penalties collected on aviation fuel sold on or after December 1, 2019 that are deposited into the Local Government Aviation Trust Fund) collected under this Section during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including any amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the District, and not including any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the District, and less any amounts that are transferred to the STAR Bonds Revenue Fund, less 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the District, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this subsection. Within 10 days after receipt by the Comptroller of the certification of the amount to be paid to the District and the Tax Compliance and Administration Fund, the Comptroller shall cause an order to be drawn for payment for the amount in accordance with the direction in the certification.

(i) Notwithstanding any other provision of law, no tax may be imposed under this Section on the sale or use of cannabis, as defined in Section 1-10 of the Cannabis Regulation and Tax Act.

Section 30. The Water Commission Act of 1985 is amended by changing Section 4 as follows:

[May 23, 2020]

(70 ILCS 3720/4) (from Ch. 111 2/3, par. 254)

Sec. 4. Taxes.

(a) The board of commissioners of any county water commission may, by ordinance, impose throughout the territory of the commission any or all of the taxes provided in this Section for its corporate purposes. However, no county water commission may impose any such tax unless the commission certifies the proposition of imposing the tax to the proper election officials, who shall submit the proposition to the voters residing in the territory at an election in accordance with the general election law, and the proposition has been approved by a majority of those voting on the proposition.

The proposition shall be in the form provided in Section 5 or shall be substantially in the following form:

 Shall the (insert corporate
 name of county water commission) YES
 impose (state type of tax or -----
 taxes to be imposed) at the NO
 rate of 1/4%?

Taxes imposed under this Section and civil penalties imposed incident thereto shall be collected and enforced by the State Department of Revenue. The Department shall have the power to administer and enforce the taxes and to determine all rights for refunds for erroneous payments of the taxes.

(b) The board of commissioners may impose a County Water Commission Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property at retail in the territory of the commission at a rate of 1/4% of the gross receipts from the sales made in the course of such business within the territory. Beginning January 1, 2021, this tax is not imposed on sales of aviation fuel for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the District.

The tax imposed under this paragraph and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this paragraph; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1c, 1d, 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax except that tangible personal property taxed at the 1% rate under the Retailers' Occupation Tax Act shall not be subject to tax hereunder), 2c, 3 (except as to the disposition of taxes and penalties collected, and except that the retailer's discount is not allowed for taxes paid on aviation fuel sold on or after December 1, 2019 and through December 31, 2020), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 12, and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this paragraph may reimburse themselves for their seller's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes that sellers are required to collect under the Use Tax Act and under subsection (e) of Section 4.03 of the Regional Transportation Authority Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of a county water commission tax fund established under subsection (g) of this Section.

For the purpose of determining whether a tax authorized under this paragraph is applicable, a retail sale by a producer of coal or other mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the Federal Constitution as a sale in interstate or foreign commerce.

If a tax is imposed under this subsection (b), a tax shall also be imposed under subsections (c) and (d) of this Section.

No tax shall be imposed or collected under this subsection on the sale of a motor vehicle in this State to a resident of another state if that motor vehicle will not be titled in this State.

Nothing in this paragraph shall be construed to authorize a county water commission to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

(c) If a tax has been imposed under subsection (b), a County Water Commission Service Occupation Tax shall also be imposed upon all persons engaged, in the territory of the commission, in the business of making sales of service, who, as an incident to making the sales of service, transfer tangible personal property within the territory. The tax rate shall be 1/4% of the selling price of tangible personal property so transferred within the territory. Beginning January 1, 2021, this tax is not imposed on sales of aviation fuel for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the District.

The tax imposed under this paragraph and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this paragraph; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1a-1, 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State shall mean the territory of the commission), 2a, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax except that tangible personal property taxed at the 1% rate under the Service Occupation Tax Act shall not be subject to tax hereunder), 4 (except that the reference to the State shall be to the territory of the commission), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the commission), 9 (except as to the disposition of taxes and penalties collected and except that the returned merchandise credit for this tax may not be taken against any State tax, and except that the retailer's discount is not allowed for taxes paid on aviation fuel sold on or after December 1, 2019 and through December 31, 2020), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the territory of the commission), the first paragraph of Section 15, 15.5, 16, 17, 18, 19, and 20 of the Service Occupation Tax Act as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this paragraph may reimburse themselves for their serviceman's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, and any tax for which servicemen may be liable under subsection (f) of Section 4.03 of the Regional Transportation Authority Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of a county water commission tax fund established under subsection (g) of this Section.

Nothing in this paragraph shall be construed to authorize a county water commission to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(d) If a tax has been imposed under subsection (b), a tax shall also be imposed upon the privilege of using, in the territory of the commission, any item of tangible personal property that is purchased outside the territory at retail from a retailer, and that is titled or registered with an agency of this State's government, at a rate of 1/4% of the selling price of the tangible personal property within the territory, as "selling price" is defined in the Use Tax Act. The tax shall be collected from persons whose Illinois address for titling or registration purposes is given as being in the territory. The tax shall be collected by the Department of Revenue for a county water commission. The tax must be paid to the State, or an exemption determination must be obtained from the Department of Revenue, before the title or certificate of registration for the property may be issued. The tax or proof of exemption may be transmitted to the Department by way of the State agency with which, or the State officer with whom, the tangible personal property must be titled or registered if the Department and the State agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

The Department shall have full power to administer and enforce this paragraph; to collect all taxes, penalties, and interest due hereunder; to dispose of taxes, penalties, and interest so collected in the manner hereinafter provided; and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty, or interest hereunder. In the administration of and compliance with this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers, and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 2 (except the definition of "retailer maintaining a place of business in this State"), 3 through 3-80 (except provisions pertaining to the State rate of tax, and except provisions concerning collection or refunding of the tax by retailers), 4, 11, 12, 12a, 14, 15, 19 (except the portions pertaining to claims by retailers and except the last paragraph concerning refunds), 20, 21, and 22 of the Use Tax Act and Section 3-7 of the Uniform Penalty and Interest Act that are not inconsistent with this paragraph, as fully as if those provisions were set forth herein.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of a county water commission tax fund established under subsection (g) of this Section.

(e) A certificate of registration issued by the State Department of Revenue to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit the registrant to engage in a business that is taxed under the tax imposed under subsection (b), (c), or (d) of this Section and no additional registration shall be required under the tax. A certificate issued under the Use Tax Act or the Service Use Tax Act shall be applicable with regard to any tax imposed under subsection (c) of this Section.

(f) Any ordinance imposing or discontinuing any tax under this Section shall be adopted and a certified copy thereof filed with the Department on or before June 1, whereupon the Department of Revenue shall proceed to administer and enforce this Section on behalf of the county water commission as of September 1 next following the adoption and filing. Beginning January 1, 1992, an ordinance or resolution imposing or discontinuing the tax hereunder shall be adopted and a certified copy thereof filed with the Department on or before the first day of July, whereupon the Department shall proceed to administer and enforce this Section as of the first day of October next following such adoption and filing. Beginning January 1, 1993, an ordinance or resolution imposing or discontinuing the tax hereunder shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following such adoption and filing.

(g) The State Department of Revenue shall, upon collecting any taxes as provided in this Section, pay the taxes over to the State Treasurer as trustee for the commission. The taxes shall be held in a trust fund outside the State Treasury.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the State Department of Revenue shall prepare and certify to the Comptroller of the State of Illinois the amount to be paid to the commission, which shall be the amount (not including credit memoranda) collected under this Section during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including any amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the commission, and not including any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the commission, and less any amounts that are transferred to the STAR Bonds Revenue Fund, less 1.5% of the remainder, which shall be transferred into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the commission, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this subsection. Within 10 days after receipt by the Comptroller of the certification of the amount to be paid to the commission and the Tax Compliance and Administration Fund, the Comptroller shall cause an order to be drawn for the payment for the amount in accordance with the direction in the certification.

(h) Beginning June 1, 2016, any tax imposed pursuant to this Section may no longer be imposed or collected, unless a continuation of the tax is approved by the voters at a referendum as set forth in this Section.

(i) Notwithstanding any other provision of law, no tax may be imposed under this Section on the sale or use of cannabis, as defined in Section 1-10 of the Cannabis Regulation and Tax Act.

(410 ILCS 705/55-28)

Sec. 55-28. Restricted cannabis zones.

(a) As used in this Section:

"Legal voter" means a person:

(1) who is duly registered to vote in a municipality with a population of over 500,000;

(2) whose name appears on a poll list compiled by the city board of election commissioners since the last preceding election, regardless of whether the election was a primary, general, or special election;

(3) who, at the relevant time, is a resident of the address at which he or she is registered to vote; and

(4) whose address, at the relevant time, is located in the precinct where such person seeks to file a notice of intent to initiate a petition process, circulate a petition, or sign a petition under this Section.

As used in the definition of "legal voter", "relevant time" means any time that:

(i) a notice of intent is filed, pursuant to subsection (c) of this Section, to initiate the petition process under this Section;

(ii) the petition is circulated for signature in the applicable precinct; or

(iii) the petition is signed by registered voters in the applicable precinct.

"Petition" means the petition described in this Section.

"Precinct" means the smallest constituent territory within a municipality with a population of over 500,000 in which electors vote as a unit at the same polling place in any election governed by the Election Code.

"Restricted cannabis zone" means a precinct within which home cultivation, one or more types of cannabis business establishments, or both has been prohibited pursuant to an ordinance initiated by a petition under this Section.

(b) The legal voters of any precinct within a municipality with a population of over 500,000 may petition their local alderman, using a petition form made available online by the city clerk, to introduce an ordinance establishing the precinct as a restricted zone. Such petition shall specify whether it seeks an ordinance to prohibit, within the precinct: (i) home cultivation; (ii) one or more types of cannabis business establishments; or (iii) home cultivation and one or more types of cannabis business establishments.

Upon receiving a petition containing the signatures of at least 25% of the registered voters of the precinct, and concluding that the petition is legally sufficient following the posting and review process in subsection (c) of this Section, the city clerk shall notify the local alderman of the ward in which the precinct is located. Upon being notified, that alderman, following an assessment of relevant factors within the precinct, including but not limited to, its geography, density and character, the prevalence of residentially zoned property, current licensed cannabis business establishments in the precinct, the current amount of home cultivation in the precinct, and the prevailing viewpoint with regard to the issue raised in the petition, may introduce an ordinance to the municipality's governing body creating a restricted cannabis zone in that precinct.

(c) A person seeking to initiate the petition process described in this Section shall first submit to the city clerk notice of intent to do so, on a form made available online by the city clerk. That notice shall include a description of the potentially affected area and the scope of the restriction sought. The city clerk shall publicly post the submitted notice online.

To be legally sufficient, a petition must contain the requisite number of valid signatures and all such signatures must be obtained within 90 days of the date that the city clerk publicly posts the notice of intent. Upon receipt, the city clerk shall post the petition on the municipality's website for a 30-day comment period. The city clerk is authorized to take all necessary and appropriate steps to verify the legal sufficiency of a submitted petition. Following the petition review and comment period, the city clerk shall publicly post online the status of the petition as accepted or rejected, and if rejected, the reasons therefor. If the city clerk rejects a petition as legally insufficient, a minimum of 12 months must elapse from the time the city clerk posts the rejection notice before a new notice of intent for that same precinct may be submitted.

(c-5) Within 3 days after receiving an application for zoning approval to locate a cannabis business establishment within a municipality with a population of over 500,000, the municipality shall post a public notice of the filing on its website and notify the alderman of the ward in which the proposed cannabis business establishment is to be located of the filing. No action shall be taken on the zoning application for 7 business days following the notice of the filing for zoning approval.

If a notice of intent to initiate the petition process to prohibit the type of cannabis business establishment proposed in the precinct of the proposed cannabis business establishment is filed prior to the filing of the application or within the 7-day period after the filing of the application, the municipality shall not approve the application for at least 90 days after the city clerk publicly posts the notice of intent to initiate the petition process. If a petition is filed within the 90-day petition-gathering period described in subsection (c), the municipality shall not approve the application for an additional 90 days after the city clerk's receipt of the petition; provided that if the city clerk rejects a petition as legally insufficient, the municipality may approve the application prior to the end of the 90 days. If a petition is not submitted within the 90-day petition-gathering period described in subsection (c), the municipality may approve the application unless the approval is otherwise stayed pursuant to this subsection by a separate notice of intent to initiate the petition process filed timely within the 7-day period.

If no legally sufficient petition is timely filed, a minimum of 12 months must elapse before a new notice of intent for that same precinct may be submitted.

(c-10) Notwithstanding any other provision of law, if, at the time the clerk posts the notice of intent or within the 90-day petition-gathering period under subsection (c), a disaster proclamation issued by the Governor under Section 7 of the Illinois Emergency Management Agency Act is in effect and the municipality is within the disaster area, the municipality may pass an ordinance suspending the petition-gathering period for the duration of the disaster proclamation. On the day after the expiration of the disaster proclamation, the petition-gathering period shall continue at the point at which it was suspended. Any such delay shall suspend action on the application under subsection (c).

(d) Notwithstanding any law to the contrary, the municipality may enact an ordinance creating a restricted cannabis zone. The ordinance shall:

- (1) identify the applicable precinct boundaries as of the date of the petition;
 - (2) state whether the ordinance prohibits within the defined boundaries of the precinct, and in what combination: (A) one or more types of cannabis business establishments; or (B) home cultivation;
 - (3) be in effect for 4 years, unless repealed earlier; and
 - (4) once in effect, be subject to renewal by ordinance at the expiration of the 4-year period without the need for another supporting petition.

In the application for an owners license, the applicant shall state the dock at which the riverboat is based and the water on which the riverboat will be located. The Board shall issue 5 licenses to become effective not earlier than January 1, 1991. Three of such licenses shall authorize riverboat gambling on the Mississippi River, or, with approval by the municipality in which the riverboat was docked on August 7, 2003 and with Board approval, be authorized to relocate to a new location, in a municipality that (1) borders on the Mississippi River or is within 5 miles of the city limits of a municipality that borders on the Mississippi River and (2); on August 7, 2003, had a riverboat conducting riverboat gambling operations pursuant to a license issued under this Act; one of which shall authorize riverboat gambling from a home dock in the city of East St. Louis; and one of which shall authorize riverboat gambling from a home dock in the City of Alton. One other license shall authorize riverboat gambling on the Illinois River in the City of East Peoria or, with Board approval, shall authorize land-based gambling operations anywhere within the corporate limits of the City of Peoria. The Board shall issue one additional license to become effective not earlier than March 1, 1992, which shall authorize riverboat gambling on the Des Plaines River in Will County. The Board may issue 4 additional licenses to become effective not earlier than March 1, 1992. In determining the water upon which riverboats will operate, the Board shall consider the economic benefit which riverboat gambling confers on the State, and shall seek to assure that all regions of the State share in the economic benefits of riverboat gambling.

In granting all licenses, the Board may give favorable consideration to economically depressed areas of the State, to applicants presenting plans which provide for significant economic development over a large geographic area, and to applicants who currently operate non-gambling riverboats in Illinois. The Board shall review all applications for owners licenses, and shall inform each applicant of the Board's decision. The Board may grant an owners license to an applicant that has not submitted the highest license bid, but if it does not select the highest bidder, the Board shall issue a written decision explaining why another applicant was selected and identifying the factors set forth in this Section that favored the winning bidder. The fee for issuance or renewal of a license pursuant to this subsection (e) shall be \$250,000.

(e-5) In addition to licenses authorized under subsection (e) of this Section:

The Board shall consider issuing a license pursuant to paragraphs (1) through (6) of this subsection only after the corporate authority of the municipality or the county board of the county in which the riverboat or casino shall be located has certified to the Board the following:

(i) that the applicant has negotiated with the corporate authority or county board in good faith;

~~(viii) the applicant for a license under paragraph (1) has prepared a summary of its casino proposal and such summary has been posted on a public website of the municipality or the county.~~

At least 7 days before the corporate authority of a municipality or county board of the county submits a certification to the Board concerning items (i) through ~~(viii)~~ ~~(vii)~~ of this subsection, it shall hold a public hearing to discuss items (i) through ~~(viii)~~ ~~(vii)~~, as well as any other details concerning the proposed riverboat or casino in the municipality or county. The corporate authority or county board must subsequently memorialize the details concerning the proposed riverboat or casino in a resolution that must be adopted by a majority of the corporate authority or county board before any certification is sent to the Board. The Board shall not alter, amend, change, or otherwise interfere with any agreement between the

applicant and the corporate authority of the municipality or county board of the county regarding the location of any temporary or permanent facility.

In addition, within 10 days after ~~June 28, 2019~~ (the effective date of ~~Public Act 101-31~~) ~~this amendatory Act of the 101st General Assembly~~, the Board, with consent and at the expense of the City of Chicago, shall select and retain the services of a nationally recognized casino gaming feasibility consultant. The feasibility study shall be delivered to the Mayor of the City of Chicago, the Governor, the President of the Senate, and the Speaker of the House of Representatives. Ninety days after receipt of the feasibility study, the Board shall make a determination, based on the results of the feasibility study, whether to recommend to the General Assembly that the terms of the license under paragraph (1) of this subsection (e-5) should be modified. The Board may begin accepting applications for the owners license under paragraph (1) of this subsection (e-5) upon the determination to issue such an owners license.

In addition, prior to the Board issuing the owners license authorized under paragraph (4) of subsection (e-5), an impact study shall be completed to determine what location in the city will provide the greater impact to the region, including the creation of jobs and the generation of tax revenue.

(e-10) The licenses authorized under subsection (e-5) of this Section shall be issued within 12 months after the date the license application is submitted. If the Board does not issue the licenses within that time period, then the Board shall give a written explanation to the applicant as to why it has not reached a determination and when it reasonably expects to make a determination. The fee for the issuance or renewal of a license issued pursuant to this subsection (e-10) shall be \$250,000. Additionally, a licensee located outside of Cook County shall pay a minimum initial fee of \$17,500 per gaming position, and a licensee located in Cook County shall pay a minimum initial fee of \$30,000 per gaming position. The initial fees payable under this subsection (e-10) shall be deposited into the Rebuild Illinois Projects Fund. If the Board does not issue all licenses within the time period specified in this subsection, then the Board shall reopen the license application process for those licenses authorized under subsection (e-5) that have not been issued. The Board shall follow the licensing process laid out in subsection (e-5) with all time frames tied to the last date for issuing a license under subsection (e-5) rather than the effective date of the amendatory Act.

(e-15) Each licensee of a license authorized under subsection (e-5) of this Section shall make a reconciliation payment 3 years after the date the licensee begins operating in an amount equal to 75% of the adjusted gross receipts for the most lucrative 12-month period of operations, minus an amount equal to the initial payment per gaming position paid by the specific licensee. Each licensee shall pay a \$15,000,000 reconciliation fee upon issuance of an owners license. If this calculation results in a negative amount, then the licensee is not entitled to any reimbursement of fees previously paid. This reconciliation payment may be made in installments over a period of no more than 6 2 years, ~~subject to Board approval. Any installment payments shall include an annual market interest rate as determined by the Board.~~

All payments by licensees under this subsection (e-15) shall be deposited into the Rebuild Illinois Projects Fund.

(e-20) In addition to any other revocation powers granted to the Board under this Act, the Board may revoke the owners license of a licensee which fails to begin conducting gambling within 15 months of receipt of the Board's approval of the application if the Board determines that license revocation is in the best interests of the State.

(f) The first 10 owners licenses issued under this Act shall permit the holder to own up to 2 riverboats and equipment thereon for a period of 3 years after the effective date of the license. Holders of the first 10 owners licenses must pay the annual license fee for each of the 3 years during which they are authorized to own riverboats.

(g) Upon the termination, expiration, or revocation of each of the first 10 licenses, which shall be issued for a ~~3-year 3-year~~ period, all licenses are renewable annually upon payment of the fee and a determination by the Board that the licensee continues to meet all of the requirements of this Act and the Board's rules. However, for licenses renewed on or after May 1, 1998, renewal shall be for a period of 4 years, unless the Board sets a shorter period.

(h) An owners license, except for an owners license issued under subsection (e-5) of this Section, shall entitle the licensee to own up to 2 riverboats.

An owners licensee of a casino or riverboat that is located in the City of Chicago pursuant to paragraph (1) of subsection (e-5) of this Section shall limit the number of gaming positions to 4,000 for such owner. An owners licensee authorized under subsection (e) or paragraph (2), (3), (4), or (5) of subsection (e-5) of this Section shall limit the number of gaming positions to 2,000 for any such owners license. An owners

licensee authorized under paragraph (6) of subsection (e-5) of this Section shall limit the number of gaming positions to 1,200 for such owner. The initial fee for each gaming position obtained on or after June 28, 2019 (the effective date of Public Act 101-31) ~~this amendatory Act of the 101st General Assembly~~ shall be a minimum of \$17,500 for licensees not located in Cook County and a minimum of \$30,000 for licensees located in Cook County, in addition to the reconciliation payment, as set forth in subsection (e-15) of this Section. The fees under this subsection (h) shall be deposited into the Rebuild Illinois Projects Fund. The fees under this subsection (h) that are paid by an owners licensee authorized under subsection (e) shall be paid by July 1, 2020.

Each owners licensee under subsection (e) of this Section shall reserve its gaming positions within 30 days after June 28, 2019 (the effective date of Public Act 101-31) ~~this amendatory Act of the 101st General Assembly~~. The Board may grant an extension to this 30-day period, provided that the owners licensee submits a written request and explanation as to why it is unable to reserve its positions within the 30-day period.

Each owners licensee under subsection (e-5) of this Section shall reserve its gaming positions within 30 days after issuance of its owners license. The Board may grant an extension to this 30-day period, provided that the owners licensee submits a written request and explanation as to why it is unable to reserve its positions within the 30-day period.

A licensee may operate both of its riverboats concurrently, provided that the total number of gaming positions on both riverboats does not exceed the limit established pursuant to this subsection. Riverboats licensed to operate on the Mississippi River and the Illinois River south of Marshall County shall have an authorized capacity of at least 500 persons. Any other riverboat licensed under this Act shall have an authorized capacity of at least 400 persons.

(h-5) An owners licensee who conducted gambling operations prior to January 1, 2012 and obtains positions pursuant to Public Act 101-31 ~~this amendatory Act of the 101st General Assembly~~ shall make a reconciliation payment 3 years after any additional gaming positions begin operating in an amount equal to 75% of the owners licensee's average gross receipts for the most lucrative 12-month period of operations minus an amount equal to the initial fee that the owners licensee paid per additional gaming position. For purposes of this subsection (h-5), "average gross receipts" means (i) the increase in adjusted gross receipts for the most lucrative 12-month period of operations over the adjusted gross receipts for 2019, multiplied by (ii) the percentage derived by dividing the number of additional gaming positions that an owners licensee had obtained by the total number of gaming positions operated by the owners licensee. If this calculation results in a negative amount, then the owners licensee is not entitled to any reimbursement of fees previously paid. This reconciliation payment may be made in installments over a period of no more than 6 2 years, ~~subject to Board approval. Any installment payments shall include an annual market interest rate as determined by the Board.~~ These reconciliation payments shall be deposited into the Rebuild Illinois Projects Fund.

(i) A licensed owner is authorized to apply to the Board for and, if approved therefor, to receive all licenses from the Board necessary for the operation of a riverboat or casino, including a liquor license, a license to prepare and serve food for human consumption, and other necessary licenses. All use, occupation, and excise taxes which apply to the sale of food and beverages in this State and all taxes imposed on the sale or use of tangible personal property apply to such sales aboard the riverboat or in the casino.

(j) The Board may issue or re-issue a license authorizing a riverboat to dock in a municipality or approve a relocation under Section 11.2 only if, prior to the issuance or re-issuance of the license or approval, the governing body of the municipality in which the riverboat will dock has by a majority vote approved the docking of riverboats in the municipality. The Board may issue or re-issue a license authorizing a riverboat to dock in areas of a county outside any municipality or approve a relocation under Section 11.2 only if, prior to the issuance or re-issuance of the license or approval, the governing body of the county has by a majority vote approved of the docking of riverboats within such areas.

(k) An owners licensee may conduct land-based gambling operations upon approval by the Board and payment of a fee of \$250,000, which shall be deposited into the State Gaming Fund.

(l) An owners licensee may conduct gaming at a temporary facility pending the construction of a permanent facility or the remodeling or relocation of an existing facility to accommodate gaming participants for up to 24 months after the temporary facility begins to conduct gaming. Upon request by an owners licensee and upon a showing of good cause by the owners licensee, the Board shall extend the period during which the licensee may conduct gaming at a temporary facility by up to 12 months. The Board shall make rules concerning the conduct of gaming from temporary facilities.

Sec. 7.7. Organization gaming licenses.

(a) The Illinois Gaming Board shall award one organization gaming license to each person or entity having operating control of a racetrack that applies under Section 56 of the Illinois Horse Racing Act of 1975, subject to the application and eligibility requirements of this Section. Within 60 days after the effective date of this amendatory Act of the 101st General Assembly, a person or entity having operating control of a racetrack may submit an application for an organization gaming license. The application shall be made on such forms as provided by the Board and shall contain such information as the Board prescribes, including, but not limited to, the identity of any racetrack at which gaming will be conducted pursuant to an organization gaming license, detailed information regarding the ownership and management of the applicant, and detailed personal information regarding the applicant. The application shall specify the number of gaming positions the applicant intends to use and the place where the organization gaming facility will operate. A person who knowingly makes a false statement on an application is guilty of a Class A misdemeanor.

Each applicant shall disclose the identity of every person or entity having a direct or indirect pecuniary interest greater than 1% in any racetrack with respect to which the license is sought. If the disclosed entity is a corporation, the applicant shall disclose the names and addresses of all officers, stockholders, and directors. If the disclosed entity is a limited liability company, the applicant shall disclose the names and addresses of all members and managers. If the disclosed entity is a partnership, the applicant shall disclose the names and addresses of all partners, both general and limited. If the disclosed entity is a trust, the applicant shall disclose the names and addresses of all beneficiaries.

An application shall be filed and considered in accordance with the rules of the Board. Each application for an organization gaming license shall include a nonrefundable application fee of \$250,000. In addition, a nonrefundable fee of \$50,000 shall be paid at the time of filing to defray the costs associated with background investigations conducted by the Board. If the costs of the background investigation exceed \$50,000, the applicant shall pay the additional amount to the Board within 7 days after a request by the Board. If the costs of the investigation are less than \$50,000, the applicant shall receive a refund of the remaining amount. All information, records, interviews, reports, statements, memoranda, or other data supplied to or used by the Board in the course of this review or investigation of an applicant for an organization gaming license under this Act shall be privileged and strictly confidential and shall be used only for the purpose of evaluating an applicant for an organization gaming license or a renewal. Such information, records, interviews, reports, statements, memoranda, or other data shall not be admissible as evidence nor discoverable in any action of any kind in any court or before any tribunal, board, agency or person, except for any action deemed necessary by the Board. The application fee shall be deposited into the State Gaming Fund.

Any applicant or key person, including the applicant's owners, officers, directors (if a corporation), managers and members (if a limited liability company), and partners (if a partnership), for an organization gaming license shall have his or her fingerprints submitted to the Department of State Police in an electronic format that complies with the form and manner for requesting and furnishing criminal history record information as prescribed by the Department of State Police. These fingerprints shall be checked against the Department of State Police and Federal Bureau of Investigation criminal history record databases now and hereafter filed, including, but not limited to, civil, criminal, and latent fingerprint databases. The Department of State Police shall charge applicants a fee for conducting the criminal history records check, which shall be deposited into the State Police Services Fund and shall not exceed the actual cost of the records check. The Department of State Police shall furnish, pursuant to positive identification, records of Illinois criminal history to the Department.

(b) The Board shall determine within 120 days after receiving an application for an organization gaming license whether to grant an organization gaming license to the applicant. If the Board does not make a determination within that time period, then the Board shall give a written explanation to the applicant as to why it has not reached a determination and when it reasonably expects to make a determination.

The organization gaming licensee shall purchase up to the amount of gaming positions authorized under this Act within 120 days after receiving its organization gaming license. If an organization gaming licensee is prepared to purchase the gaming positions, but is temporarily prohibited from doing so by order of a court of competent jurisdiction or the Board, then the 120-day period is tolled until a resolution is reached.

An organization gaming license shall authorize its holder to conduct gaming under this Act at its racetracks on the same days of the year and hours of the day that owners licenses are allowed to operate under approval of the Board.

An organization gaming license and any renewal of an organization gaming license shall authorize gaming pursuant to this Section for a period of 4 years. The fee for the issuance or renewal of an organization gaming license shall be \$250,000.

All payments by licensees under this subsection (b) shall be deposited into the Rebuild Illinois Projects Fund.

(c) To be eligible to conduct gaming under this Section, a person or entity having operating control of a racetrack must (i) obtain an organization gaming license, (ii) hold an organization license under the Illinois Horse Racing Act of 1975, (iii) hold an inter-track wagering license, (iv) pay an initial fee of \$30,000 per gaming position from organization gaming licensees where gaming is conducted in Cook County and, except as provided in subsection (c-5), \$17,500 for organization gaming licensees where gaming is conducted outside of Cook County before beginning to conduct gaming plus make the reconciliation payment required under subsection (k), (v) conduct live racing in accordance with subsections (e-1), (e-2), and (e-3) of Section 20 of the Illinois Horse Racing Act of 1975, (vi) meet the requirements of subsection (a) of Section 56 of the Illinois Horse Racing Act of 1975, (vii) for organization licensees conducting standardbred race meetings, keep backstretch barns and dormitories open and operational year-round unless a lesser schedule is mutually agreed to by the organization licensee and the horsemen association racing at that organization licensee's race meeting, (viii) for organization licensees conducting thoroughbred race meetings, the organization licensee must maintain accident medical expense liability insurance coverage of \$1,000,000 for jockeys, and (ix) meet all other requirements of this Act that apply to owners licensees.

An organization gaming licensee may enter into a joint venture with a licensed owner to own, manage, conduct, or otherwise operate the organization gaming licensee's organization gaming facilities, unless the organization gaming licensee has a parent company or other affiliated company that is, directly or indirectly, wholly owned by a parent company that is also licensed to conduct organization gaming, casino gaming, or their equivalent in another state.

All payments by licensees under this subsection (c) shall be deposited into the Rebuild Illinois Projects Fund.

(c-5) A person or entity having operating control of a racetrack located in Madison County shall only pay the initial fees specified in subsection (c) for 540 of the gaming positions authorized under the license.

(d) A person or entity is ineligible to receive an organization gaming license if:

(1) the person or entity has been convicted of a felony under the laws of this State, any other state, or the United States, including a conviction under the Racketeer Influenced and Corrupt Organizations Act;

(2) the person or entity has been convicted of any violation of Article 28 of the Criminal Code of 2012, or substantially similar laws of any other jurisdiction;

(3) the person or entity has submitted an application for a license under this Act that contains false information;

(4) the person is a member of the Board;

(5) a person defined in (1), (2), (3), or (4) of this subsection (d) is an officer, director, or managerial employee of the entity;

(6) the person or entity employs a person defined in (1), (2), (3), or (4) of this subsection (d) who participates in the management or operation of gambling operations authorized under this Act; or

(7) a license of the person or entity issued under this Act or a license to own or operate gambling facilities in any other jurisdiction has been revoked.

(e) The Board may approve gaming positions pursuant to an organization gaming license statewide as provided in this Section. The authority to operate gaming positions under this Section shall be allocated as follows: up to 1,200 gaming positions for any organization gaming licensee in Cook County and up to 900 gaming positions for any organization gaming licensee outside of Cook County.

(f) Each applicant for an organization gaming license shall specify in its application for licensure the number of gaming positions it will operate, up to the applicable limitation set forth in subsection (e) of this Section. Any unreserved gaming positions that are not specified shall be forfeited and retained by the Board. For the purposes of this subsection (f), an organization gaming licensee that did not conduct live racing in 2010 and is located within 3 miles of the Mississippi River may reserve up to 900 positions and shall not be penalized under this Section for not operating those positions until it meets the requirements of subsection (e) of this Section, but such licensee shall not request unreserved gaming positions under this subsection (f) until its 900 positions are all operational.

Thereafter, the Board shall publish the number of unreserved gaming positions and shall accept requests for additional positions from any organization gaming licensee that initially reserved all of the positions that were offered. The Board shall allocate expeditiously the unreserved gaming positions to requesting organization gaming licensees in a manner that maximizes revenue to the State. The Board may allocate any such unused gaming positions pursuant to an open and competitive bidding process, as provided under

Section 7.5 of this Act. This process shall continue until all unreserved gaming positions have been purchased. All positions obtained pursuant to this process and all positions the organization gaming licensee specified it would operate in its application must be in operation within 18 months after they were obtained or the organization gaming licensee forfeits the right to operate those positions, but is not entitled to a refund of any fees paid. The Board may, after holding a public hearing, grant extensions so long as the organization gaming licensee is working in good faith to make the positions operational. The extension may be for a period of 6 months. If, after the period of the extension, the organization gaming licensee has not made the positions operational, then another public hearing must be held by the Board before it may grant another extension.

Unreserved gaming positions retained from and allocated to organization gaming licensees by the Board pursuant to this subsection (f) shall not be allocated to owners licensees under this Act.

For the purpose of this subsection (f), the unreserved gaming positions for each organization gaming licensee shall be the applicable limitation set forth in subsection (e) of this Section, less the number of reserved gaming positions by such organization gaming licensee, and the total unreserved gaming positions shall be the aggregate of the unreserved gaming positions for all organization gaming licensees.

(g) An organization gaming licensee is authorized to conduct the following at a racetrack:

(1) slot machine gambling;

(2) video game of chance gambling;

(3) gambling with electronic gambling games as defined in this Act or defined by the Illinois Gaming Board; and

(4) table games.

(h) Subject to the approval of the Illinois Gaming Board, an organization gaming licensee may make modification or additions to any existing buildings and structures to comply with the requirements of this Act. The Illinois Gaming Board shall make its decision after consulting with the Illinois Racing Board. In no case, however, shall the Illinois Gaming Board approve any modification or addition that alters the grounds of the organization licensee such that the act of live racing is an ancillary activity to gaming authorized under this Section. Gaming authorized under this Section may take place in existing structures where inter-track wagering is conducted at the racetrack or a facility within 300 yards of the racetrack in accordance with the provisions of this Act and the Illinois Horse Racing Act of 1975.

(i) An organization gaming licensee may conduct gaming at a temporary facility pending the construction of a permanent facility or the remodeling or relocation of an existing facility to accommodate gaming participants for up to 24 months after the temporary facility begins to conduct gaming authorized under this Section. Upon request by an organization gaming licensee and upon a showing of good cause by the organization gaming licensee, the Board shall extend the period during which the licensee may conduct gaming authorized under this Section at a temporary facility by up to 12 months. The Board shall make rules concerning the conduct of gaming authorized under this Section from temporary facilities.

The gaming authorized under this Section may take place in existing structures where inter-track wagering is conducted at the racetrack or a facility within 300 yards of the racetrack in accordance with the provisions of this Act and the Illinois Horse Racing Act of 1975.

(i-5) Under no circumstances shall an organization gaming licensee conduct gaming at any State or county fair.

(j) The Illinois Gaming Board must adopt emergency rules in accordance with Section 5-45 of the Illinois Administrative Procedure Act as necessary to ensure compliance with the provisions of this amendatory Act of the 101st General Assembly concerning the conduct of gaming by an organization gaming licensee. The adoption of emergency rules authorized by this subsection (j) shall be deemed to be necessary for the public interest, safety, and welfare.

(k) Each organization gaming licensee who obtains gaming positions must make a reconciliation payment 3 years after the date the organization gaming licensee begins operating the positions in an amount equal to 75% of the difference between its adjusted gross receipts from gaming authorized under this Section and amounts paid to its purse accounts pursuant to item (1) of subsection (b) of Section 56 of the Illinois Horse Racing Act of 1975 for the 12-month period for which such difference was the largest, minus an amount equal to the initial per position fee paid by the organization gaming licensee. If this calculation results in a negative amount, then the organization gaming licensee is not entitled to any reimbursement of fees previously paid. This reconciliation payment may be made in installments over a period of no more than 6 2 years, ~~subject to Board approval. Any installment payments shall include an annual market interest rate as determined by the Board.~~

All payments by licensees under this subsection (k) shall be deposited into the Rebuild Illinois Projects Fund.

(l) As soon as practical after a request is made by the Illinois Gaming Board, to minimize duplicate submissions by the applicant, the Illinois Racing Board must provide information on an applicant for an organization gaming license to the Illinois Gaming Board.

Notwithstanding the provisions of this subsection (a-5), for the first 10 years that the privilege tax is imposed under this subsection (a-5), the privilege tax shall be imposed on the modified annual adjusted gross receipts of a riverboat or casino conducting gambling operations in the City of East St. Louis, unless:

- (1) the riverboat or casino fails to employ at least 450 people;

minus the difference between an amount equal to the average annual adjusted gross receipts from a riverboat or casino conducting gambling operations in the City of East St. Louis for 2014, 2015, 2016, 2017, and 2018 and the annual adjusted gross receipts for 2019; and

(C) for calendar years 2022 through 2029, the annual adjusted gross receipts for the current year minus the difference between an amount equal to the average annual adjusted gross receipts from a riverboat or casino conducting gambling operations in the City of East St. Louis for 3 years preceding the current year and the annual adjusted gross receipts for the immediately preceding year.

~~(a-5.5) In addition to the privilege tax imposed under subsection (a-5), a privilege tax is imposed on the owners licensee under paragraph (1) of subsection (e-5) of Section 7 at the rate of one-third of the owners licensee's adjusted gross receipts.~~

~~For the imposition of the privilege tax in this subsection (a-5.5), amounts paid pursuant to item (1) of subsection (b) of Section 56 of the Illinois Horse Racing Act of 1975 shall not be included in the determination of adjusted gross receipts.~~

~~(a-6) From June 28, 2019 (the effective date of Public Act 101-31) this amendatory Act of the 101st General Assembly until June 30, 2023, an owners licensee that conducted gambling operations prior to January 1, 2011 shall receive a dollar-for-dollar credit against the tax imposed under this Section for any renovation or construction costs paid by the owners licensee, but in no event shall the credit exceed \$2,000,000.~~

~~Additionally, from June 28, 2019 (the effective date of Public Act 101-31) this amendatory Act of the 101st General Assembly until December 31, 2022, an owners licensee that (i) is located within 15 miles of the Missouri border, and (ii) has at least 3 riverboats, casinos, or their equivalent within a 45-mile radius, may be authorized to relocate to a new location with the approval of both the unit of local government designated as the home dock and the Board, so long as the new location is within the same unit of local government and no more than 3 miles away from its original location. Such owners licensee shall receive a credit against the tax imposed under this Section equal to 8% of the total project costs, as approved by the Board, for any renovation or construction costs paid by the owners licensee for the construction of the new facility, provided that the new facility is operational by July 1, 2022. In determining whether or not to approve a relocation, the Board must consider the extent to which the relocation will diminish the gaming revenues received by other Illinois gaming facilities.~~

~~(a-7) Beginning in the initial adjustment year and through the final adjustment year, if the total obligation imposed pursuant to either subsection (a-5) or (a-6) will result in an owners licensee receiving less after-tax adjusted gross receipts than it received in calendar year 2018, then the total amount of privilege taxes that the owners licensee is required to pay for that calendar year shall be reduced to the extent necessary so that the after-tax adjusted gross receipts in that calendar year equals the after-tax adjusted gross receipts in calendar year 2018, but the privilege tax reduction shall not exceed the annual adjustment cap. If pursuant to this subsection (a-7), the total obligation imposed pursuant to either subsection (a-5) or (a-6) shall be reduced, then the owners licensee shall not receive a refund from the State at the end of the subject calendar year but instead shall be able to apply that amount as a credit against any payments it owes to the State in the following calendar year to satisfy its total obligation under either subsection (a-5) or (a-6). The credit for the final adjustment year shall occur in the calendar year following the final adjustment year.~~

~~If an owners licensee that conducted gambling operations prior to January 1, 2019 expands its riverboat or casino, including, but not limited to, with respect to its gaming floor, additional non-gaming amenities such as restaurants, bars, and hotels and other additional facilities, and incurs construction and other costs related to such expansion from June 28, 2019 (the effective date of Public Act 101-31) this amendatory Act of the 101st General Assembly until June 28, 2024 (the 5th anniversary of the effective date of Public Act 101-31) this amendatory Act of the 101st General Assembly, then for each \$15,000,000 spent for any such construction or other costs related to expansion paid by the owners licensee, the final adjustment year shall be extended by one year and the annual adjustment cap shall increase by 0.2% of adjusted gross receipts during each calendar year until and including the final adjustment year. No further modifications to the final adjustment year or annual adjustment cap shall be made after \$75,000,000 is incurred in construction or other costs related to expansion so that the final adjustment year shall not extend beyond the 9th calendar year after the initial adjustment year, not including the initial adjustment year, and the annual adjustment cap shall not exceed 4% of adjusted gross receipts in a particular calendar year. Construction and other costs related to expansion shall include all project related costs, including, but not limited to, all hard and soft costs, financing costs, on or off-site ground, road or utility work, cost of gaming equipment and all other personal property, initial fees assessed for each incremental gaming position, and the cost of incremental land acquired for such expansion. Soft costs shall include, but not be limited to, legal fees, architect, engineering and design costs, other consultant costs, insurance cost, permitting costs,~~

and pre-opening costs related to the expansion, including, but not limited to, any of the following: marketing, real estate taxes, personnel, training, travel and out-of-pocket expenses, supply, inventory, and other costs, and any other project related soft costs.

To be eligible for the tax credits in subsection (a-6), all construction contracts shall include a requirement that the contractor enter into a project labor agreement with the building and construction trades council with geographic jurisdiction of the location of the proposed gaming facility.

Notwithstanding any other provision of this subsection (a-7), this subsection (a-7) does not apply to an owners licensee unless such owners licensee spends at least \$15,000,000 on construction and other costs related to its expansion, excluding the initial fees assessed for each incremental gaming position.

This subsection (a-7) does not apply to owners licensees authorized pursuant to subsection (e-5) of Section 7 of this Act.

For purposes of this subsection (a-7):

"Building and construction trades council" means any organization representing multiple construction entities that are monitoring or attentive to compliance with public or workers' safety laws, wage and hour requirements, or other statutory requirements or that are making or maintaining collective bargaining agreements.

"Initial adjustment year" means the year commencing on January 1 of the calendar year immediately following the earlier of the following:

(1) the commencement of gambling operations, either in a temporary or permanent facility, with respect to the owners license authorized under paragraph (1) of subsection (e-5) of Section 7 of this Act; or

(2) ~~June 28, 2021 (24 months after the effective date of Public Act 101-31); this amendatory Act of the 101st General Assembly;~~ provided the initial adjustment year shall not commence earlier than ~~June 28, 2020 (12 months after the effective date of Public Act 101-31) this amendatory Act of the 101st General Assembly.~~

(a-8) Riverboat gambling operations conducted by a licensed manager on behalf of the State are not subject to the tax imposed under this Section.

(a-9) Beginning on January 1, 2020, the calculation of gross receipts or adjusted gross receipts, for the purposes of this Section, for a riverboat, a casino, or an organization gaming facility shall not include the dollar amount of non-cashable vouchers, coupons, and electronic promotions redeemed by wagerers upon the riverboat, in the casino, or in the organization gaming facility up to and including an amount not to exceed 20% of a riverboat's, a casino's, or an organization gaming facility's adjusted gross receipts.

The Illinois Gaming Board shall submit to the General Assembly a comprehensive report no later than March 31, 2023 detailing, at a minimum, the effect of removing non-cashable vouchers, coupons, and electronic promotions from this calculation on net gaming revenues to the State in calendar years 2020 through 2022, the increase or reduction in wagerers as a result of removing non-cashable vouchers, coupons, and electronic promotions from this calculation, the effect of the tax rates in subsection (a-5) on net gaming revenues to this State, and proposed modifications to the calculation.

(a-10) The taxes imposed by this Section shall be paid by the licensed owner or the organization gaming licensee to the Board not later than 5:00 o'clock p.m. of the day after the day when the wagers were made.

(a-15) If the privilege tax imposed under subsection (a-3) is no longer imposed pursuant to item (i) of the last paragraph of subsection (a-3), then by June 15 of each year, each owners licensee, other than an owners licensee that admitted 1,000,000 persons or fewer in calendar year 2004, must, in addition to the payment of all amounts otherwise due under this Section, pay to the Board a reconciliation payment in the amount, if any, by which the licensed owner's base amount exceeds the amount of net privilege tax paid by the licensed owner to the Board in the then current State fiscal year. A licensed owner's net privilege tax obligation due for the balance of the State fiscal year shall be reduced up to the total of the amount paid by the licensed owner in its June 15 reconciliation payment. The obligation imposed by this subsection (a-15) is binding on any person, firm, corporation, or other entity that acquires an ownership interest in any such owners license. The obligation imposed under this subsection (a-15) terminates on the earliest of: (i) July 1, 2007, (ii) the first day after the effective date of this amendatory Act of the 94th General Assembly that riverboat gambling operations are conducted pursuant to a dormant license, (iii) the first day that riverboat gambling operations are conducted under the authority of an owners license that is in addition to the 10 owners licenses initially authorized under this Act, or (iv) the first day that a licensee under the Illinois Horse Racing Act of 1975 conducts gaming operations with slot machines or other

electronic gaming devices. The Board must reduce the obligation imposed under this subsection (a-15) by an amount the Board deems reasonable for any of the following reasons: (A) an act or acts of God, (B) an act of bioterrorism or terrorism or a bioterrorism or terrorism threat that was investigated by a law enforcement agency, or (C) a condition beyond the control of the owners licensee that does not result from any act or omission by the owners licensee or any of its agents and that poses a hazardous threat to the health and safety of patrons. If an owners licensee pays an amount in excess of its liability under this Section, the Board shall apply the overpayment to future payments required under this Section.

For purposes of this subsection (a-15):

"Act of God" means an incident caused by the operation of an extraordinary force that cannot be foreseen, that cannot be avoided by the exercise of due care, and for which no person can be held liable.

The changes made to this subsection (a-15) by Public Act 94-839 are intended to restate and clarify the intent of Public Act 94-673 with respect to the amount of the payments required to be made under this subsection by an owners licensee to the Board.

"Section 5. The Environmental Protection Act is amended by adding Section 9.18 as follows:

(415 ILCS 5/9.18 new)

Sec. 9.18. Ethylene oxide phase-out.

(a) In this Section:

"Densely populated location" means a location that does not qualify as a remote location as defined in this subsection.

"Ethylene oxide emissions source" means a stationary source that currently, or at any point in the previous 15 years, emits, emitted, or has the potential to emit ethylene oxide into the atmosphere, regardless of the specific emissions source. "Ethylene oxide emissions source" does not include an ethylene oxide sterilization source, hospital, or natural biological source such as the human body, plant, or animal.

"Ethylene oxide sterilization operation" means the process of using ethylene oxide to make one or more items free from microorganisms, pathogens, or both microorganisms and pathogens.

"Ethylene oxide sterilization source" means a stationary source where operations include ethylene oxide sterilization operations and that currently, or at any point in the previous 15 years, emits, emitted, or has the potential to emit ethylene oxide into the atmosphere, regardless of its emissions source. "Ethylene oxide sterilization source" does not include a hospital as defined in this subsection.

"Hospital" means a hospital licensed under the Hospital Licensing Act or operated under the University of Illinois Hospital Act.

"Remote location" means a location removed from populations especially vulnerable to the emission of ethylene oxide. "Remote location" only includes a location meeting the requirements of the following paragraphs (1) or (2).

(1) In counties with an average population density of less than 1,000 people per square mile, the location must be:

(A) at the center of a 5 mile radius within which there is a population density of 100 people or fewer per square mile; and

(B) at least 5 miles from the nearest registered day care or school serving students in grades preschool through 12 and in existence before October 1, 2019.

(2) In counties with an average population density equal to or greater than 1,000 people per square mile, the location must be:

(4) No ethylene oxide sterilization source shall conduct ethylene oxide sterilization operations or other activities that cause ethylene oxide or propylene oxide emissions unless the owner or operator of the ethylene oxide sterilization source submits for review and approval by the Agency a plan describing how the owner or operator will continuously collect emissions information. The plan must also specify locations at the source from which emissions will be collected and identify equipment used for their collection and analysis, including the equipment's individual system components. Emissions monitoring equipment must be tested and validated at least once in any 12-month period and the results forwarded to the Agency.

(5) In issuing the applicable permits to ethylene oxide sterilization sources, the Agency shall include limitations, informed by each ethylene oxide sterilization source's risk management plan, on the amount of ethylene oxide that may be stored on-site to protect public health, public safety, and the environment. Prior to issuing the applicable permits, the Agency shall require the submission of documentation demonstrating that the permit applicant is in compliance, and will maintain compliance, with local, State, and federal law governing the storage of ethylene oxide. All permits issued by the Agency shall grant the Agency the authority to modify the permit to change limitations on the amount of ethylene oxide that can be stored on-site at any time and to modify storage practices or equipment requirements. All permits issued by the Agency shall grant the Agency the right to conduct unannounced inspections. The Agency shall conduct at least one unannounced inspection annually of the ethylene oxide storage system for each permit holder.

(d) Ethylene oxide emissions sources are subject to the following requirements:

(1) On and after January 1, 2021, no ethylene oxide emissions source in a densely populated location shall conduct operations or other activities that emit ethylene oxide in excess of 30 pounds annually and 3 pounds monthly.

(2) Beginning 90 days after the effective date of this amendatory Act of the 101st General Assembly, no ethylene oxide emissions source shall conduct activities that cause ethylene oxide emissions unless the owner or operator submits for review and approval by the Agency a plan describing how the ethylene oxide emissions source will continuously collect emissions information. Each ethylene oxide emissions source must specify in its plan all locations at which ethylene oxide may enter the atmosphere at each emissions source and shall install proper monitoring equipment. The equipment for monitoring and collecting emissions must be installed and the owner or operator of the ethylene oxide emissions source must begin reporting the results to the Agency within 120 days of the effective date of this amendatory Act of the 101st General Assembly. The plan must also specify locations at the source from which emissions will be collected and identify equipment used for collection and analysis, including the equipment's individual system components. The emissions monitoring equipment must be tested and validated at least once in any 12-month period and the results forwarded to the Agency.

(A) The owner or operator of an ethylene oxide emissions source must provide a notice of acceptance of any conditions added by the Agency to the plan, or correct any deficiencies identified by the Agency in the plan, within 10 business days after receiving the Agency's conditional acceptance or denial of the plan.

(B) Upon the Agency's approval of the plan, the owner or operator of the ethylene oxide emissions source shall implement the plan in accordance with its approved terms.

(3) Each ethylene oxide emissions source shall report to the Agency the amount of ethylene oxide used and the ethylene oxide emissions created at the ethylene oxide emissions source annually. All reports

submitted to the Agency shall include documentation necessary to verify the quantity used and purchased by the ethylene oxide emissions source.

(4) In issuing the applicable permits to ethylene oxide emissions sources, the Agency shall include limitations, informed by each ethylene oxide emissions source's risk management plan, on the amount of ethylene oxide that may be stored on-site to protect public health, public safety, and the environment. The unit of local government in which the ethylene oxide emissions source is located may regulate the storage of ethylene oxide in a manner that is more restrictive or matches the standards established by the Agency. Prior to issuing the applicable permits, the Agency shall require the submission of documentation demonstrating that the permit applicant is in compliance, and will maintain compliance, with local, State, and federal law governing the storage of ethylene oxide. All permits issued by the Agency shall grant the Agency the authority to modify the permit to change limitations on the amount of ethylene oxide that can be stored on-site at any time and to modify storage practices or equipment requirements. All permits issued by the Agency shall grant the Agency the right to conduct unannounced inspections. The Agency shall conduct at least one unannounced inspection annually of the ethylene oxide storage system for each permit holder.

(5) The Agency shall set annual emissions limitations on ethylene oxide emissions that are equal to or lesser than the maximums established under this Section for all ethylene oxide emissions sources. The limitations shall be set to provide maximum protection for public health without consideration of financial cost. No ethylene oxide emissions source shall conduct operations or other activities that emit ethylene oxide in excess of 150 pounds annually.

(6) In establishing the annual emissions limitation on ethylene oxide emissions sources in remote locations, the Agency shall consider the health and safety of children in rural schools. On and after January 1, 2021, no ethylene oxide emissions source in a remote location shall conduct operations or other activities that emit ethylene oxide in excess of 30 pounds annually and 3 pounds monthly if the emissions source is within 5 miles of the nearest registered day care or school serving students in grades preschool through 12 and in existence before October 1, 2019.

(7) Ethylene oxide emissions sources shall be required to submit or resubmit a risk management plan to the Agency within 90 days of the effective date of this amendatory Act of the 101st General Assembly, on or before December 31, 2020, and on or before December 31 of every fifth year thereafter.

(e) On and after January 1, 2022, the maximum cumulative emissions in a densely populated location from any sum of ethylene oxide emissions sources, hospitals, and ethylene oxide sterilization sources located within 3 and one half miles of each other shall not exceed 35 pounds annually, inclusive of any emissions not emanating from any stack. The Agency shall set emissions limitations for individual ethylene oxide emissions sources to comply with this requirement. If multiple applicants request to emit ethylene oxide in a collective sum that is greater than the annual collective maximum regional emissions established under this subsection, the Agency shall prioritize applicants seeking to provide medical services, such as hospitals and ethylene oxide sterilization sources that sterilize medical products.

(f) The Agency shall conduct a comprehensive review of ethylene oxide use and emissions within the State of Illinois. The Agency shall submit its findings in a report to the General Assembly and make the report publicly available on the Agency's website on or before June 30, 2021. At a minimum, the report shall include the following:

(1) A comprehensive assessment of where ethylene oxide is used at levels that may cause measurable emissions,

(2) The Agency's recommendations for future administrative actions, regulations, or legislation pertaining to ethylene oxide, designed to provide maximum protection to public health,

(3) The Agency's assessment of the risk to human health and environmental damage that can be caused by exposure to ethylene oxide.

Section 97. Severability. The provisions of this Act are severable under Section 1.31 of the Statute on Statutes.

Section 99. Effective date. This Act takes effect upon becoming law."

(410 ILCS 70/2) (from Ch. 111 1/2, par. 87-2)

Sec. 2. Hospital and approved pediatric health care facility requirements for sexual assault plans.

(a) Every hospital required to be licensed by the Department pursuant to the Hospital Licensing Act, or operated under the University of Illinois Hospital Act that provides general medical and surgical hospital services shall provide either (i) transfer services to all sexual assault survivors, (ii) medical forensic services to all sexual assault survivors, or (iii) transfer services to pediatric sexual assault survivors and medical forensic services to sexual assault survivors 13 years old or older, in accordance with rules adopted by the Department.

In addition, every such hospital, regardless of whether or not a request is made for reimbursement, shall submit to the Department a plan to provide either (i) transfer services to all sexual assault survivors, (ii) medical forensic services to all sexual assault survivors, or (iii) transfer services to pediatric sexual assault survivors and medical forensic services to sexual assault survivors 13 years old or older. The Department shall approve such plan for either (i) transfer services to all sexual assault survivors, (ii) medical forensic services to all sexual assault survivors, or (iii) transfer services to pediatric sexual assault survivors and medical forensic services to sexual assault survivors 13 years old or older, if it finds that the implementation of the proposed plan would provide (i) transfer services or (ii) medical forensic services for sexual assault survivors in accordance with the requirements of this Act and provide sufficient protections from the risk of pregnancy to sexual assault survivors. Notwithstanding anything to the contrary in this paragraph, the Department may approve a sexual assault transfer plan for the provision of medical forensic services until January 1, 2022 if:

(1) a treatment hospital with approved pediatric transfer has agreed, as part of an areawide treatment plan, to accept sexual assault survivors 13 years of age or older from the proposed transfer hospital, if the treatment hospital with approved pediatric transfer is geographically closer to the transfer hospital than a treatment hospital or another treatment hospital with approved pediatric transfer and such transfer is not unduly burdensome on the sexual assault survivor; and

(2) a treatment hospital has agreed, as a part of an areawide treatment plan, to accept sexual assault survivors under 13 years of age from the proposed transfer hospital and transfer to the treatment hospital would not unduly burden the sexual assault survivor.

The Department may not approve a sexual assault transfer plan unless a treatment hospital has agreed, as a part of an areawide treatment plan, to accept sexual assault survivors from the proposed transfer hospital and a transfer to the treatment hospital would not unduly burden the sexual assault survivor.

In counties with a population of less than 1,000,000, the Department may not approve a sexual assault transfer plan for a hospital located within a 20-mile radius of a 4-year public university, not including community colleges, unless there is a treatment hospital with a sexual assault treatment plan approved by the Department within a 20-mile radius of the 4-year public university.

A transfer must be in accordance with federal and State laws and local ordinances.

A treatment hospital with approved pediatric transfer must submit an areawide treatment plan under Section 3 of this Act that includes a written agreement with a treatment hospital stating that the treatment hospital will provide medical forensic services to pediatric sexual assault survivors transferred from the treatment hospital with approved pediatric transfer. The areawide treatment plan may also include an approved pediatric health care facility.

A transfer hospital must submit an areawide treatment plan under Section 3 of this Act that includes a written agreement with a treatment hospital stating that the treatment hospital will provide medical forensic services to all sexual assault survivors transferred from the transfer hospital. The areawide treatment plan may also include an approved pediatric health care facility. Notwithstanding anything to the contrary in this paragraph, until January 1, 2022, the areawide treatment plan may include a written agreement with a treatment hospital with approved pediatric transfer that is geographically closer than other hospitals providing medical forensic services to sexual assault survivors 13 years of age or older stating that the treatment hospital with approved pediatric transfer will provide medical services to sexual assault survivors 13 years of age or older who are transferred from the transfer hospital. If the areawide treatment plan includes a written agreement with a treatment hospital with approved pediatric transfer, it must also include a written agreement with a treatment hospital stating that the treatment hospital will provide medical forensic services to sexual assault survivors under 13 years of age who are transferred from the transfer hospital.

Beginning January 1, 2019, each treatment hospital and treatment hospital with approved pediatric transfer shall ensure that emergency department attending physicians, physician assistants, advanced practice registered nurses, and registered professional nurses providing clinical services, who do not meet the definition of a qualified medical provider in Section 1a of this Act, receive a minimum of 2 hours of sexual assault training by July 1, 2020 or until the treatment hospital or treatment hospital with approved pediatric transfer certifies to the Department, in a form and manner prescribed by the Department, that it employs or contracts with a qualified medical provider in accordance with subsection (a-7) of Section 5, whichever occurs first.

After July 1, 2020 or once a treatment hospital or a treatment hospital with approved pediatric transfer certifies compliance with subsection (a-7) of Section 5, whichever occurs first, each treatment hospital and treatment hospital with approved pediatric transfer shall ensure that emergency department attending physicians, physician assistants, advanced practice registered nurses, and registered professional nurses providing clinical services, who do not meet the definition of a qualified medical provider in Section 1a

of this Act, receive a minimum of 2 hours of continuing education on responding to sexual assault survivors every 2 years. Protocols for training shall be included in the hospital's sexual assault treatment plan.

Sexual assault training provided under this subsection may be provided in person or online and shall include, but not be limited to:

- (1) information provided on the provision of medical forensic services;
- (2) information on the use of the Illinois Sexual Assault Evidence Collection Kit;
- (3) information on sexual assault epidemiology, neurobiology of trauma, drug-facilitated sexual assault, child sexual abuse, and Illinois sexual assault-related laws; and
- (4) information on the hospital's sexual assault-related policies and procedures.

The online training made available by the Office of the Attorney General under subsection (b) of Section 10 may be used to comply with this subsection.

(b) An approved pediatric health care facility may provide medical forensic services, in accordance with rules adopted by the Department, to all pediatric sexual assault survivors who present for medical forensic services in relation to injuries or trauma resulting from a sexual assault. These services shall be provided by a qualified medical provider.

A pediatric health care facility must participate in or submit an areawide treatment plan under Section 3 of this Act that includes a treatment hospital. If a pediatric health care facility does not provide certain medical or surgical services that are provided by hospitals, the areawide sexual assault treatment plan must include a procedure for ensuring a sexual assault survivor in need of such medical or surgical services receives the services at the treatment hospital. The areawide treatment plan may also include a treatment hospital with approved pediatric transfer.

The Department shall review a proposed sexual assault treatment plan submitted by a pediatric health care facility within 60 days after receipt of the plan. If the Department finds that the proposed plan meets the minimum requirements set forth in Section 5 of this Act and that implementation of the proposed plan would provide medical forensic services for pediatric sexual assault survivors, then the Department shall approve the plan. If the Department does not approve a plan, then the Department shall notify the pediatric health care facility that the proposed plan has not been approved. The pediatric health care facility shall have 30 days to submit a revised plan. The Department shall review the revised plan within 30 days after receipt of the plan and notify the pediatric health care facility whether the revised plan is approved or rejected. A pediatric health care facility may not provide medical forensic services to pediatric sexual assault survivors who present with a complaint of sexual assault within a minimum of the last 7 days or who have disclosed past sexual assault by a specific individual and were in the care of that individual within a minimum of the last 7 days until the Department has approved a treatment plan.

If an approved pediatric health care facility is not open 24 hours a day, 7 days a week, it shall post signage at each public entrance to its facility that:

- (1) is at least 14 inches by 14 inches in size;
- (2) directs those seeking services as follows: "If closed, call 911 for services or go to the closest hospital emergency department, (insert name) located at (insert address).";
- (3) lists the approved pediatric health care facility's hours of operation;
- (4) lists the street address of the building;
- (5) has a black background with white bold capital lettering in a clear and easy to read font that is at least 72-point type, and with "call 911" in at least 125-point type;
- (6) is posted clearly and conspicuously on or adjacent to the door at each entrance and, if building materials allow, is posted internally for viewing through glass; if posted externally, the sign shall be made of weather-resistant and theft-resistant materials, non-removable, and adhered permanently to the building; and
- (7) has lighting that is part of the sign itself or is lit with a dedicated light that fully illuminates the sign.

A copy of the proposed sign must be submitted to the Department and approved as part of the approved pediatric health care facility's sexual assault treatment plan.

(c) Each treatment hospital, treatment hospital with approved pediatric transfer, and approved pediatric health care facility must enter into a memorandum of understanding with a rape crisis center for medical advocacy services, if these services are available to the treatment hospital, treatment hospital with approved pediatric transfer, or approved pediatric health care facility. With the consent of the sexual assault survivor, a rape crisis counselor shall remain in the exam room during the collection for forensic evidence.

(d) Every treatment hospital, treatment hospital with approved pediatric transfer, and approved pediatric health care facility's sexual assault treatment plan shall include procedures for complying with mandatory

reporting requirements pursuant to (1) the Abused and Neglected Child Reporting Act; (2) the Abused and Neglected Long Term Care Facility Residents Reporting Act; (3) the Adult Protective Services Act; and (iv) the Criminal Identification Act.

(e) Each treatment hospital, treatment hospital with approved pediatric transfer, and approved pediatric health care facility shall submit to the Department every 6 months, in a manner prescribed by the Department, the following information:

(1) The total number of patients who presented with a complaint of sexual assault.

(2) The total number of Illinois Sexual Assault Evidence Collection Kits:

(A) offered to (i) all sexual assault survivors and (ii) pediatric sexual assault survivors pursuant to paragraph (1.5) of subsection (a-5) of Section 5;

(B) completed for (i) all sexual assault survivors and (ii) pediatric sexual assault survivors; and

(C) declined by (i) all sexual assault survivors and (ii) pediatric sexual assault survivors.

This information shall be made available on the Department's website.

(f) This Section is effective on and after July 1, 2021.

Sec. 2-1. Hospital, approved pediatric health care facility, and approved federally qualified health center requirements for sexual assault plans.

(a) Every hospital required to be licensed by the Department pursuant to the Hospital Licensing Act, or operated under the University of Illinois Hospital Act that provides general medical and surgical hospital services shall provide either (i) transfer services to all sexual assault survivors, (ii) medical forensic services to all sexual assault survivors, or (iii) transfer services to pediatric sexual assault survivors and medical forensic services to sexual assault survivors 13 years old or older, in accordance with rules adopted by the Department.

In addition, every such hospital, regardless of whether or not a request is made for reimbursement, shall submit to the Department a plan to provide either (i) transfer services to all sexual assault survivors, (ii) medical forensic services to all sexual assault survivors, or (iii) transfer services to pediatric sexual assault survivors and medical forensic services to sexual assault survivors 13 years old or older. The Department shall approve such plan for either (i) transfer services to all sexual assault survivors, (ii) medical forensic services to all sexual assault survivors, or (iii) transfer services to pediatric sexual assault survivors and medical forensic services to sexual assault survivors 13 years old or older, if it finds that the implementation of the proposed plan would provide (i) transfer services or (ii) medical forensic services for sexual assault survivors in accordance with the requirements of this Act and provide sufficient protections from the risk of pregnancy to sexual assault survivors. Notwithstanding anything to the contrary in this paragraph, the Department may approve a sexual assault transfer plan for the provision of medical forensic services until January 1, 2022 if:

(1) a treatment hospital with approved pediatric transfer has agreed, as part of an areawide treatment plan, to accept sexual assault survivors 13 years of age or older from the proposed transfer hospital, if the treatment hospital with approved pediatric transfer is geographically closer to the transfer hospital than a treatment hospital or another treatment hospital with approved pediatric transfer and such transfer is not unduly burdensome on the sexual assault survivor; and

(2) a treatment hospital has agreed, as a part of an areawide treatment plan, to accept sexual assault survivors under 13 years of age from the proposed transfer hospital and transfer to the treatment hospital would not unduly burden the sexual assault survivor.

The Department may not approve a sexual assault transfer plan unless a treatment hospital has agreed, as a part of an areawide treatment plan, to accept sexual assault survivors from the proposed transfer hospital and a transfer to the treatment hospital would not unduly burden the sexual assault survivor.

In counties with a population of less than 1,000,000, the Department may not approve a sexual assault transfer plan for a hospital located within a 20-mile radius of a 4-year public university, not including community colleges, unless there is a treatment hospital with a sexual assault treatment plan approved by the Department within a 20-mile radius of the 4-year public university.

A transfer must be in accordance with federal and State laws and local ordinances.

A treatment hospital with approved pediatric transfer must submit an areawide treatment plan under Section 3-1 of this Act that includes a written agreement with a treatment hospital stating that the treatment hospital will provide medical forensic services to pediatric sexual assault survivors transferred from the treatment hospital with approved pediatric transfer. The areawide treatment plan may also include an approved pediatric health care facility.

[May 23, 2020]

A transfer hospital must submit an areawide treatment plan under Section 3-1 of this Act that includes a written agreement with a treatment hospital stating that the treatment hospital will provide medical forensic services to all sexual assault survivors transferred from the transfer hospital. The areawide treatment plan may also include an approved pediatric health care facility. Notwithstanding anything to the contrary in this paragraph, until January 1, 2022, the areawide treatment plan may include a written agreement with a treatment hospital with approved pediatric transfer that is geographically closer than other hospitals providing medical forensic services to sexual assault survivors 13 years of age or older stating that the treatment hospital with approved pediatric transfer will provide medical services to sexual assault survivors 13 years of age or older who are transferred from the transfer hospital. If the areawide treatment plan includes a written agreement with a treatment hospital with approved pediatric transfer, it must also include a written agreement with a treatment hospital stating that the treatment hospital will provide medical forensic services to sexual assault survivors under 13 years of age who are transferred from the transfer hospital.

Beginning January 1, 2019, each treatment hospital and treatment hospital with approved pediatric transfer shall ensure that emergency department attending physicians, physician assistants, advanced practice registered nurses, and registered professional nurses providing clinical services, who do not meet the definition of a qualified medical provider in Section 1a-1 of this Act, receive a minimum of 2 hours of sexual assault training by July 1, 2020 or until the treatment hospital or treatment hospital with approved pediatric transfer certifies to the Department, in a form and manner prescribed by the Department, that it employs or contracts with a qualified medical provider in accordance with subsection (a-7) of Section 5-1, whichever occurs first.

After July 1, 2020 or once a treatment hospital or a treatment hospital with approved pediatric transfer certifies compliance with subsection (a-7) of Section 5-1, whichever occurs first, each treatment hospital and treatment hospital with approved pediatric transfer shall ensure that emergency department attending physicians, physician assistants, advanced practice registered nurses, and registered professional nurses providing clinical services, who do not meet the definition of a qualified medical provider in Section 1a-1 of this Act, receive a minimum of 2 hours of continuing education on responding to sexual assault survivors every 2 years. Protocols for training shall be included in the hospital's sexual assault treatment plan.

Sexual assault training provided under this subsection may be provided in person or online and shall include, but not be limited to:

- (1) information provided on the provision of medical forensic services;
- (2) information on the use of the Illinois Sexual Assault Evidence Collection Kit;
- (3) information on sexual assault epidemiology, neurobiology of trauma, drug-facilitated sexual assault, child sexual abuse, and Illinois sexual assault-related laws; and
- (4) information on the hospital's sexual assault-related policies and procedures.

The online training made available by the Office of the Attorney General under subsection (b) of Section 10-1 may be used to comply with this subsection.

(b) An approved pediatric health care facility may provide medical forensic services, in accordance with rules adopted by the Department, to all pediatric sexual assault survivors who present for medical forensic services in relation to injuries or trauma resulting from a sexual assault. These services shall be provided by a qualified medical provider.

A pediatric health care facility must participate in or submit an areawide treatment plan under Section 3-1 of this Act that includes a treatment hospital. If a pediatric health care facility does not provide certain medical or surgical services that are provided by hospitals, the areawide sexual assault treatment plan must include a procedure for ensuring a sexual assault survivor in need of such medical or surgical services receives the services at the treatment hospital. The areawide treatment plan may also include a treatment hospital with approved pediatric transfer.

The Department shall review a proposed sexual assault treatment plan submitted by a pediatric health care facility within 60 days after receipt of the plan. If the Department finds that the proposed plan meets the minimum requirements set forth in Section 5-1 of this Act and that implementation of the proposed plan would provide medical forensic services for pediatric sexual assault survivors, then the Department shall approve the plan. If the Department does not approve a plan, then the Department shall notify the pediatric health care facility that the proposed plan has not been approved. The pediatric health care facility shall have 30 days to submit a revised plan. The Department shall review the revised plan within 30 days after receipt of the plan and notify the pediatric health care facility whether the revised plan is approved or rejected. A pediatric health care facility may not provide medical forensic services to pediatric sexual assault survivors who present with a complaint of sexual assault within a minimum of the last 7 days or

who have disclosed past sexual assault by a specific individual and were in the care of that individual within a minimum of the last 7 days until the Department has approved a treatment plan.

If an approved pediatric health care facility is not open 24 hours a day, 7 days a week, it shall post signage at each public entrance to its facility that:

- (1) is at least 14 inches by 14 inches in size;
- (2) directs those seeking services as follows: "If closed, call 911 for services or go to the closest hospital emergency department, (insert name) located at (insert address).";
- (3) lists the approved pediatric health care facility's hours of operation;
- (4) lists the street address of the building;
- (5) has a black background with white bold capital lettering in a clear and easy to read font that is at least 72-point type, and with "call 911" in at least 125-point type;
- (6) is posted clearly and conspicuously on or adjacent to the door at each entrance and, if building materials allow, is posted internally for viewing through glass; if posted externally, the sign shall be made of weather-resistant and theft-resistant materials, non-removable, and adhered permanently to the building; and
- (7) has lighting that is part of the sign itself or is lit with a dedicated light that fully illuminates the sign.

(b-5) An approved federally qualified health center may provide medical forensic services, in accordance with rules adopted by the Department, to all sexual assault survivors 13 years old or older who present for medical forensic services in relation to injuries or trauma resulting from a sexual assault during the duration, and 90 days thereafter, of a proclamation issued by the Governor declaring a disaster, or a successive proclamation regarding the same disaster, in all 102 counties due to a public health emergency. These services shall be provided by (i) a qualified medical provider, physician, physician assistant, or advanced practice registered nurse who has received a minimum of 10 hours of sexual assault training provided by a qualified medical provider on current Illinois legislation, how to properly perform a medical forensic examination, evidence collection, drug and alcohol facilitated sexual assault, and forensic photography and has all documentation and photos peer reviewed by a qualified medical provider or (ii) until the federally qualified health care center certifies to the Department, in a form and manner prescribed by the Department, that it employs or contracts with a qualified medical provider in accordance with subsection (a-7) of Section 5-1, whichever occurs first.

A federally qualified health center must participate in or submit an areawide treatment plan under Section 3-1 of this Act that includes a treatment hospital. If a federally qualified health center does not provide certain medical or surgical services that are provided by hospitals, the areawide sexual assault treatment plan must include a procedure for ensuring a sexual assault survivor in need of such medical or surgical services receives the services at the treatment hospital. The areawide treatment plan may also include a treatment hospital with approved pediatric transfer or an approved pediatric health care facility.

The Department shall review a proposed sexual assault treatment plan submitted by a federally qualified health center within 14 days after receipt of the plan. If the Department finds that the proposed plan meets the minimum requirements set forth in Section 5-1 and that implementation of the proposed plan would provide medical forensic services for sexual assault survivors 13 years old or older, then the Department shall approve the plan. If the Department does not approve a plan, then the Department shall notify the federally qualified health center that the proposed plan has not been approved. The federally qualified health center shall have 14 days to submit a revised plan. The Department shall review the revised plan within 14 days after receipt of the plan and notify the federally qualified health center whether the revised plan is approved or rejected. A federally qualified health center may not (i) provide medical forensic services to sexual assault survivors 13 years old or older who present with a complaint of sexual assault within a minimum of the previous 7 days or (ii) who have disclosed past sexual assault by a specific individual and were in the care of that individual within a minimum of the previous 7 days until the Department has approved a treatment plan.

If an approved federally qualified health center is not open 24 hours a day, 7 days a week, it shall post signage at each public entrance to its facility that:

- (1) is at least 14 inches by 14 inches in size;
- (2) directs those seeking services as follows: "If closed, call 911 for services or go to the closest hospital emergency department, (insert name) located at (insert address).";
- (3) lists the approved federally qualified health center's hours of operation;
- (4) lists the street address of the building;
- (5) has a black background with white bold capital lettering in a clear and easy to read font that is at least 72-point type, and with "call 911" in at least 125-point type;

(6) is posted clearly and conspicuously on or adjacent to the door at each entrance and, if building materials allow, is posted internally for viewing through glass; if posted externally, the sign shall be made of weather-resistant and theft-resistant materials, non-removable, and adhered permanently to the building; and

(7) has lighting that is part of the sign itself or is lit with a dedicated light that fully illuminates the sign.

A copy of the proposed sign must be submitted to the Department and approved as part of the approved federally qualified health center's sexual assault treatment plan.

(c) Each treatment hospital, treatment hospital with approved pediatric transfer, approved pediatric health care facility, and approved federally qualified health center must enter into a memorandum of understanding with a rape crisis center for medical advocacy services, if these services are available to the treatment hospital, treatment hospital with approved pediatric transfer, approved pediatric health care facility, or approved federally qualified health center. With the consent of the sexual assault survivor, a rape crisis counselor shall remain in the exam room during the collection for forensic evidence.

(d) Every treatment hospital, treatment hospital with approved pediatric transfer, approved pediatric health care facility, and approved federally qualified health center's sexual assault treatment plan shall include procedures for complying with mandatory reporting requirements pursuant to (1) the Abused and Neglected Child Reporting Act; (2) the Abused and Neglected Long Term Care Facility Residents Reporting Act; (3) the Adult Protective Services Act; and (iv) the Criminal Identification Act.

(e) Each treatment hospital, treatment hospital with approved pediatric transfer, approved pediatric health care facility, and approved federally qualified health center shall submit to the Department every 6 months, in a manner prescribed by the Department, the following information:

(1) The total number of patients who presented with a complaint of sexual assault.

(B) completed for (i) all sexual assault survivors and (ii) pediatric sexual assault survivors; and

(C) declined by (i) all sexual assault survivors and (ii) pediatric sexual assault survivors.

This information shall be made available on the Department's website.

(f) This Section is repealed on June 30, 2021.

Sec. 2.2. Emergency contraception.

(a) The General Assembly finds:

(1) Crimes of sexual assault and sexual abuse cause significant physical, emotional, and psychological trauma to the victims. This trauma is compounded by a victim's fear of becoming pregnant and bearing a child as a result of the sexual assault.

(2) Each year over 32,000 women become pregnant in the United States as the result of rape and approximately 50% of these pregnancies end in abortion.

(3) As approved for use by the Federal Food and Drug Administration (FDA), emergency contraception can significantly reduce the risk of pregnancy if taken within 72 hours after the sexual assault.

(4) By providing emergency contraception to rape victims in a timely manner, the trauma of rape can be significantly reduced.

(b) Every hospital or approved pediatric health care facility providing services to sexual assault survivors in accordance with a plan approved under Section 2 must develop a protocol that ensures that each survivor of sexual assault will receive medically and factually accurate and written and oral information about emergency contraception; the indications and contraindications and risks associated with the use of emergency contraception; and a description of how and when victims may be provided emergency contraception at no cost upon the written order of a physician licensed to practice medicine in all its branches, a licensed advanced practice registered nurse, or a licensed physician assistant. Sec. 5.3. Pediatric sexual assault care.

(a) The General Assembly finds:

- (1) Pediatric sexual assault survivors can suffer from a wide range of health problems

across their life span. In addition to immediate health issues, such as sexually transmitted infections, physical injuries, and psychological trauma, child sexual abuse victims are at greater risk for a plethora of adverse psychological and somatic problems into adulthood in contrast to those who were not sexually abused.

(2) Sexual abuse against the pediatric population is distinct, particularly due to their dependence on their caregivers and the ability of perpetrators to manipulate and silence them (especially when the perpetrators are family members or other adults trusted by, or with power over, children). Sexual abuse is often hidden by perpetrators, unwitnessed by others, and may leave no obvious physical signs on child victims.

(3) Pediatric sexual assault survivors throughout the State should have access to qualified medical providers who have received specialized training regarding the care of pediatric sexual assault survivors within a reasonable distance from their home.

(4) There is a need in Illinois to increase the number of qualified medical providers available to provide medical forensic services to pediatric sexual assault survivors.

(b) If a medically stable pediatric sexual assault survivor presents at a transfer hospital or treatment hospital with approved pediatric transfer that has a plan approved by the Department requesting medical forensic services, then the hospital emergency department staff shall contact an approved pediatric health care facility, if one is designated in the hospital's plan.

If the transferring hospital confirms that medical forensic services can be initiated within 90 minutes of the patient's arrival at the approved pediatric health care facility following an immediate transfer, then the hospital emergency department staff shall notify the patient and non-offending parent or legal guardian that the patient will be transferred for medical forensic services and shall provide the patient and non-offending parent or legal guardian the option of being transferred to the approved pediatric health care facility or the treatment hospital designated in the hospital's plan. The pediatric sexual assault survivor may be transported by ambulance, law enforcement, or personal vehicle.

If medical forensic services cannot be initiated within 90 minutes of the patient's arrival at the approved pediatric health care facility, there is no approved pediatric health care facility designated in the hospital's plan, or the patient or non-offending parent or legal guardian chooses to be transferred to a treatment hospital, the hospital emergency department staff shall contact a treatment hospital designated in the hospital's plan to arrange for the transfer of the patient to the treatment hospital for medical forensic services, which are to be initiated within 90 minutes of the patient's arrival at the treatment hospital. The treatment hospital shall provide medical forensic services and may not transfer the patient to another facility. The pediatric sexual assault survivor may be transported by ambulance, law enforcement, or personal vehicle.

(c) If a medically stable pediatric sexual assault survivor presents at a treatment hospital that has a plan approved by the Department requesting medical forensic services, then the hospital emergency department staff shall contact an approved pediatric health care facility, if one is designated in the treatment hospital's areawide treatment plan.

If medical forensic services can be initiated within 90 minutes after the patient's arrival at the approved pediatric health care facility following an immediate transfer, the hospital emergency department staff shall provide the patient and non-offending parent or legal guardian the option of having medical forensic services performed at the treatment hospital or at the approved pediatric health care facility. If the patient or non-offending parent or legal guardian chooses to be transferred, the pediatric sexual assault survivor may be transported by ambulance, law enforcement, or personal vehicle.

If medical forensic services cannot be initiated within 90 minutes after the patient's arrival to the approved pediatric health care facility, there is no approved pediatric health care facility designated in the hospital's plan, or the patient or non-offending parent or legal guardian chooses not to be transferred, the hospital shall provide medical forensic services to the patient.

(d) If a pediatric sexual assault survivor presents at an approved pediatric health care facility requesting medical forensic services or the facility is contacted by law enforcement or the Department of Children and Family Services requesting medical forensic services for a pediatric sexual assault survivor, the services shall be provided at the facility if the medical forensic services can be initiated within 90 minutes after the patient's arrival at the facility. If medical forensic services cannot be initiated within 90 minutes after the patient's arrival at the facility, then the patient shall be transferred to a treatment hospital designated in the approved pediatric health care facility's plan for medical forensic services. The pediatric sexual assault survivor may be transported by ambulance, law enforcement, or personal vehicle.

This subsection (c) shall not apply to hospitals that provide transfer services as defined under Section 1a of this Act.

(d) Within 60 days after the effective date of this amendatory Act of the 99th General Assembly, every health care professional, except for those employed by a hospital or hospital affiliate, as defined in the Hospital Licensing Act, or those employed by a hospital operated under the University of Illinois Hospital Act, who bills separately for medical or forensic services must develop a billing protocol that ensures that no survivor of sexual assault will be sent a bill for any medical forensic services and submit the billing protocol to the Crime Victim Services Division of the Office of the Attorney General for approval. Within 60 days after the commencement of the provision of medical forensic services, every health care professional, except for those employed by a hospital or hospital affiliate, as defined in the Hospital Licensing Act, or those employed by a hospital operated under the University of Illinois Hospital Act, who bills separately for medical or forensic services must develop a billing protocol that ensures that no survivor of sexual assault is sent a bill for any medical forensic services and submit the billing protocol to the Crime Victim Services Division of the Office of the Attorney General for approval. Health care professionals who bill as a legal entity may submit a single billing protocol for the billing entity.

Within 60 days after the Department's approval of a treatment plan, an approved pediatric health care facility and any health care professional employed by an approved pediatric health care facility must develop a billing protocol that ensures that no survivor of sexual assault is sent a bill for any medical forensic services and submit the billing protocol to the Crime Victim Services Division of the Office of the Attorney General for approval.

The billing protocol must include at a minimum:

(1) a description of training for persons who prepare bills for medical and forensic services;

(4) prohibitions on taking any action that would adversely affect the credit of the survivor of sexual assault;

(5) the termination of all collection activities if the protocol is violated; and

(6) the actions to be taken if a bill is sent to a collection agency or the failure to pay is reported to any credit reporting agency.

The Crime Victim Services Division of the Office of the Attorney General may provide a sample acceptable billing protocol upon request.

The Office of the Attorney General shall approve a proposed protocol if it finds that the implementation of the protocol would result in no survivor of sexual assault being billed or sent a bill for medical forensic services.

If the Office of the Attorney General determines that implementation of the protocol could result in the billing of a survivor of sexual assault for medical forensic services, the Office of the Attorney General shall provide the health care professional or approved pediatric health care facility with a written statement of the deficiencies in the protocol. The health care professional or approved pediatric health care facility shall have 30 days to submit a revised billing protocol addressing the deficiencies to the Office of the Attorney General. The health care professional or approved pediatric health care facility shall implement the protocol upon approval by the Crime Victim Services Division of the Office of the Attorney General.

House Amendment No. 3 to SENATE BILL NO. 671

Passed the House, as amended, May 23, 2020.

JOHN W. HOLLMAN, Clerk of the House

AMENDMENT NO. 2 TO SENATE BILL 671

AMENDMENT NO. 2. Amend Senate Bill 671 by replacing everything after the enacting clause with the following:

"Section 1. Short title. This Act may be cited as the Telehealth During the COVID-19 Pandemic Act.

Section 5. Applicability.

(a) This Act applies to policies issued by a health insurance issuer as defined in Section 10 of this Act, but does not apply to excepted benefits as defined in 45 CFR 146.145(b) and 45 CFR 148.220, but does apply to limited scope dental benefits, limited scope vision benefits, long-term care benefits, coverage only for accidents, and coverage only for specified disease or illness.

(b) Any policy, contract, or certificate of health insurance coverage that does not distinguish between in-network and out-of-network providers shall be subject to this Act as though all providers were in-network.

Section 10. Definitions. As used in this Act:

"Health insurance coverage" has the meaning given to that term in Section 5 of the Illinois Health Insurance Portability and Accountability Act.

"Health insurance issuer" means an insurance company, insurance service, or insurance organization, including health maintenance organization, that is licensed to engage in the business of insurance in a state and that is subject to Illinois law that regulates insurance (within the meaning of Section 514(b)(2) of the Employee Retirement Income Security Act of 1974).

"Telehealth services" means the provision of health care, psychiatry, mental health treatment, substance use disorder treatment, and related services to a patient, regardless of his or her location, through electronic or telephonic methods, such as telephone (landline or cellular), video technology commonly available on smart phones and other devices, and videoconferencing, as well as any method within the meaning of telehealth services under Section 356z.22 of the Illinois Insurance Code.

Section 15. Coverage for telehealth services during the COVID-19 pandemic.

(a) In order to protect the public's health, to permit expedited treatment of health conditions during the COVID-19 pandemic, and to mitigate its impact upon the residents of the State of Illinois, all health insurance issuers regulated by the Department of Insurance shall cover the costs of all telehealth services rendered by in-network providers to deliver any clinically appropriate, medically necessary covered

[May 23, 2020]

services and treatments to insureds, enrollees, and members under each policy, contract, or certificate of health insurance coverage.

(b) Health insurance issuers may establish reasonable requirements and parameters for telehealth services, including with respect to documentation and recordkeeping, to the extent consistent with this Act or any company bulletin issued by the Department of Insurance under Executive Order 2020-09. A health insurance issuer's requirements and parameters may not be more restrictive or less favorable toward providers, insureds, enrollees, or members than those contained in the emergency rulemaking undertaken by the Department of Healthcare and Family Services at 89 Ill. Adm. Code 140.403(e). Health insurance issuers shall notify providers of any instructions necessary to facilitate billing for telehealth services.

Section 20. Prior authorization and utilization review requirements.

(a) In order to ensure that health care is quickly and efficiently provided to the public, health insurance issuers shall not impose upon telehealth services utilization review requirements that are unnecessary, duplicative, or unwarranted nor impose any treatment limitations that are more stringent than the requirements applicable to the same health care service when rendered in-person.

(b) For telehealth services that relate to COVID-19 delivered by in-network providers, health insurance issuers shall not impose any prior authorization requirements.

Section 25. Cost-sharing prohibited. Health insurance issuers shall not impose any cost-sharing (copayments, deductibles, or coinsurance) for telehealth services provided by in-network providers. However, in accordance with the standards and definitions in 26 U.S.C. 223, if an enrollee in a high-deductible health plan has not met the applicable deductible under the terms of his or her coverage, the requirements of this Section do not require an issuer to pay for a charge for telehealth services unless the associated health care service for that particular charge is deemed preventive care by the United States Department of the Treasury. The federal Internal Revenue Service has recognized that services for testing, treatment, and any potential vaccination for COVID-19 fall within the scope of preventive care.

Section 30. Eligible services. Services eligible under this Act include services provided by any professional, practitioner, clinician, or other provider who is licensed, certified, registered, or otherwise authorized to practice in the State where the patient receives treatment, subject to the provisions of the Telehealth Act for any health care professional, as defined in the Telehealth Act, who delivers treatment through telehealth to a patient located in this State, and substance use disorder professionals and clinicians authorized by Illinois law to provide substance use disorder services.

Section 35. Permissible use of non-public facing audio or video communication technologies. Notwithstanding the requirements of the Mental Health and Developmental Disabilities Confidentiality Act, any provider or covered entity of any licensure or area of practice subject to this Act that uses audio or video communication technology to deliver services may use any non-public facing remote communication product in accordance with this Act to the extent permitted by the U.S. Department of Health and Human Services under the federal Health Insurance Portability and Accountability Act of 1996. Providers and covered entities shall, to the extent feasible, notify patients that third-party applications potentially introduce privacy risks. Providers shall enable all available encryption and privacy modes when using such applications. A public facing video communication application may not be used in the provision of telehealth services by covered health care providers or covered entities.

Section 40. Rulemaking authority. The Department of Insurance may adopt rules, including emergency rulemaking in accordance with the Illinois Administrative Procedure Act, to implement the provisions of this Act.

Section 90. Repeal. This Act is repealed on December 31, 2020.

Section 95. The Illinois Administrative Procedure Act is amended by adding Section 5-45.1 as follows: (5 ILCS 100/5-45.1 new)

Sec. 5-45.1. Emergency rulemaking. To provide for the expeditious and timely implementation of the Telehealth During the COVID-19 Pandemic Act, emergency rules may be adopted in accordance with Section 5-45 by the respective Department of Insurance. The adoption of emergency rules authorized by Section 5-45 and this Section is deemed to be necessary for the public interest, safety, and welfare.

This Section is repealed on January 1, 2026.

Section 99. Effective date. This Act takes effect upon becoming law."

"Article 5. Health Care Affordability Act

Section 5-1. Short title. This Article may be cited as the Health Care Affordability Act. References in this Article to "this Act" mean this Article.

Section 5-5. Findings. The General Assembly finds that:

(1) The State is committed to improving the health and well-being of Illinois residents and families.

(2) Illinois has over 835,000 uninsured residents, with a total uninsured rate of 7.9%.

(3) 774,500 of Illinois' uninsured residents are below 400% of the federal poverty level, with higher uninsured rates of more than 13% below 250% of the federal poverty level and an uninsured rate of 8.3% below 400% of the federal poverty level.

(4) The cost of health insurance premiums remains a barrier to obtaining health insurance coverage for many Illinois residents and families.

(5) Many Illinois residents and families who have health insurance cannot afford to use it due to high deductibles and cost sharing.

(6) Improving health insurance affordability is key to increasing health insurance

[May 23, 2020]

coverage and access.

(7) Despite progress made under the Patient Protection and Affordable Care Act, health insurance is still not affordable enough for many Illinois residents and families.

(8) Illinois has a lower uninsured rate than the national average of 10.2%, but a higher uninsured rate compared to states that have state-directed policies to improve affordability, including Massachusetts with an uninsured rate of 3.2%.

(9) Illinois has an opportunity to create a healthy Illinois where health insurance coverage is more affordable and accessible for all Illinois residents, families, and small businesses.

Section 5-10. Feasibility study.

(a) The Department of Healthcare and Family Services, in consultation with the Department of Insurance, shall oversee a feasibility study to explore options to make health insurance more affordable for low-income and middle-income residents. The study shall include policies targeted at increasing health care affordability and access, including policies being discussed in other states and nationally. The study shall follow the best practices of other states and include an Illinois-specific actuarial and economic analysis of demographic and market dynamics.

(b) The study shall produce cost estimates for the policies studied under subsection (a) along with the impact of the policies on health insurance affordability and access and the uninsured rates for low-income and middle-income residents, with break-out data by geography, race, ethnicity, and income level. The study shall evaluate how multiple policies implemented together affect costs and outcomes and how policies could be structured to leverage federal matching funds and federal pass-through awards.

(c) The Department of Healthcare and Family Services, in consultation with the Department of Insurance, shall develop and submit no later than February 28, 2021 a report to the General Assembly and the Governor concerning the design, costs, benefits, and implementation of State options to increase access to affordable health care coverage that leverage existing State infrastructure.

Article 10. Kidney Disease Prevention and Education Task Force Act

Section 10-1. Short title. This Article may be cited as the Kidney Disease Prevention and Education Task Force Act. References in this Article to "this Act" mean this Article.

Section 10-5. Findings. The General Assembly finds that:

(1) Chronic kidney disease is the 9th-leading cause of death in the United States. An estimated 31 million people in the United States have chronic kidney disease and over 1.12 million people in the State of Illinois are living with the disease. Early chronic kidney disease has no signs or symptoms and, without early detection, can progress to kidney failure.

(2) If a person has high blood pressure, heart disease, diabetes, or a family history of kidney failure, the risk of kidney disease is greater. In Illinois, 13% of all adults have diabetes, and 32% have high blood pressure. The prevalence of diabetes, heart disease, and hypertension is higher for African Americans, who develop kidney failure at a rate of nearly 4 to 1 compared to Caucasians, while Hispanics develop kidney failure at a rate of 2 to 1. Almost half of the people waiting for a kidney in Illinois identify as African American, but, in 2017, less than 10% of them received a kidney.

(3) Although dialysis is a life-extending treatment, the best and most cost-effective treatment for kidney failure is a kidney transplant. Currently, the wait in Illinois for a deceased donor kidney is 5-7 years, and 13 people die while waiting every day.

(4) If chronic kidney disease is detected early and managed appropriately, the individual can receive treatment sooner to help protect the kidneys, the deterioration in kidney function can be slowed or even stopped, and the risk of associated cardiovascular complications and other complications can be reduced.

(5) In light of the COVID-19 pandemic and the increased risk of infection to patients with preexisting conditions, it is imperative to provide those with kidney disease with support.

Section 10-10. Kidney Disease Prevention and Education Task Force.

To this end, as soon as practicable, and unless the Department receives written denial from the federal government, this Section shall be implemented:

(a) The Department of Healthcare and Family Services or its designees shall:

(1) By no later than July 1, 2011, require verification of, at a minimum, one month's

income from all sources required for determining the eligibility of applicants to the Program. Such verification shall take the form of pay stubs, business or income and expense records for self-employed persons, letters from employers, and any other valid documentation of income including data obtained electronically by the Department or its designees from other sources as described in subsection (b) of this Section. A month's income may be verified by a single pay stub with the monthly income extrapolated from the time period covered by the pay stub.

A month's income may be verified by a single pay stub with the monthly income extrapolated from the time period covered by the pay stub. The Department shall send a notice to the recipient at least 60 days prior to the end of the period of eligibility that informs them of the requirements for continued eligibility. The date of client notification establishes the date for subsequent annual eligibility reviews. If a recipient does not fulfill the requirements for continued eligibility by the deadline established in the notice, a notice of cancellation shall be issued to the recipient and coverage shall end no later than the last day of the month following the last day of the eligibility period. A recipient's eligibility may be reinstated without requiring a new application if the recipient fulfills the requirements for continued eligibility prior to the end of the third month following the last date of coverage (or longer period if required by federal regulations). Nothing in this Section shall prevent an individual whose coverage has been cancelled from reapplying for health benefits at any time.

(3) By no later than July 1, 2011, require verification of Illinois residency.

(b) The Department shall establish or continue cooperative arrangements with the Social Security Administration, the Illinois Secretary of State, the Department of Human Services, the Department of Revenue, the Department of Employment Security, and any other appropriate entity to gain electronic access, to the extent allowed by law, to information available to those entities that may be appropriate for electronically verifying any factor of eligibility for benefits under the Program. Data relevant to eligibility shall be provided for no other purpose than to verify the eligibility of new applicants or current recipients of health benefits under the Program. Data will be requested or provided for any new applicant or current recipient only insofar as that individual's circumstances are relevant to that individual's or another individual's eligibility.

(c) Within 90 days of the effective date of this amendatory Act of the 96th General Assembly, the Department of Healthcare and Family Services shall send notice to current recipients informing them of the changes regarding their eligibility verification.

(c) Within 90 days of the effective date of this amendatory Act of the 96th General Assembly, the Department of Healthcare and Family Services shall send notice to current recipients informing them of the changes regarding their eligibility verification.

For the purposes of this paragraph 16, uninsured persons are those who do not have creditable coverage, as defined under the Health Insurance Portability and Accountability Act, or have otherwise exhausted any insurance benefits they may have had, for prostate or testicular cancer diagnostic evaluation or treatment, or both diagnostic evaluation and treatment. To be eligible, a person must furnish a Social Security number. A person's assets are exempt from consideration in determining eligibility under this paragraph 16. Such persons shall be eligible for medical assistance under this paragraph 16 for so long as they need treatment for the cancer. A person shall be considered to need treatment if, in the opinion of the person's treating physician, the person requires therapy directed toward cure or palliation of prostate or testicular cancer, including recurrent metastatic cancer that is a known or presumed complication of prostate or testicular cancer and complications resulting from the treatment modalities themselves. Persons who require only routine monitoring services are not considered to need treatment. "Medical assistance" under this paragraph 16 shall be identical to the benefits provided under the State's approved plan under Title XIX of the Social Security Act. Notwithstanding any other provision of law, the Department (i) does not have a claim against the estate of a deceased recipient of services under this paragraph 16 and (ii) does not have a lien against any homestead property or other legal or equitable real property interest owned by a recipient of services under this paragraph 16.

17. Persons who, pursuant to a waiver approved by the Secretary of the U.S. Department of Health and Human Services, are eligible for medical assistance under Title XIX or XXI of the federal Social Security Act. Notwithstanding any other provision of this Code and consistent with the terms of the approved waiver, the Illinois Department, may by rule:

(a) Limit the geographic areas in which the waiver program operates.

(b) Determine the scope, quantity, duration, and quality, and the rate and method of reimbursement, of the medical services to be provided, which may differ from those for other classes of persons eligible for assistance under this Article.

(c) Restrict the persons' freedom in choice of providers.

18. Beginning January 1, 2014, persons aged 19 or older, but younger than 65, who are not otherwise eligible for medical assistance under this Section 5-2, who qualify for medical assistance pursuant to 42 U.S.C. 1396a(a)(10)(A)(i)(VIII) and applicable federal regulations, and who have income at or below 133% of the federal poverty level plus 5% for the applicable family size as determined pursuant to 42 U.S.C. 1396a(e)(14) and applicable federal regulations. Persons eligible for medical assistance under this paragraph 18 shall receive coverage for the Health Benefits Service Package as that term is defined in subsection (m) of Section 5-1.1 of this Code. If Illinois' federal medical assistance percentage (FMAP) is reduced below 90% for persons eligible for medical assistance

under this paragraph 18, eligibility under this paragraph 18 shall cease no later than the end of the third month following the month in which the reduction in FMAP takes effect.

19. Beginning January 1, 2014, as required under 42 U.S.C. 1396a(a)(10)(A)(i)(IX), persons older than age 18 and younger than age 26 who are not otherwise eligible for medical assistance under paragraphs (1) through (17) of this Section who (i) were in foster care under the responsibility of the State on the date of attaining age 18 or on the date of attaining age 21 when a court has continued wardship for good cause as provided in Section 2-31 of the Juvenile Court Act of 1987 and (ii) received medical assistance under the Illinois Title XIX State Plan or waiver of such plan while in foster care.

20. Beginning January 1, 2018, persons who are foreign-born victims of human trafficking, torture, or other serious crimes as defined in Section 2-19 of this Code and their derivative family members if such persons: (i) reside in Illinois; (ii) are not eligible under any of the preceding paragraphs; (iii) meet the income guidelines of subparagraph (a) of paragraph 2; and (iv) meet the nonfinancial eligibility requirements of Sections 16-2, 16-3, and 16-5 of this Code. The Department may extend medical assistance for persons who are foreign-born victims of human trafficking, torture, or other serious crimes whose medical assistance would be terminated pursuant to subsection (b) of Section 16-5 if the Department determines that the person, during the year of initial eligibility (1) experienced a health crisis, (2) has been unable, after reasonable attempts, to obtain necessary information from a third party, or (3) has other extenuating circumstances that prevented the person from completing his or her application for status. The Department may adopt any rules necessary to implement the provisions of this paragraph.

21. Persons who are not otherwise eligible for medical assistance under this Section who may qualify for medical assistance pursuant to 42 U.S.C. 1396a(a)(10)(A)(ii)(XXIII) and 42 U.S.C. 1396(ss) for the duration of any federal or State declared emergency due to COVID-19. Medical assistance to persons eligible for medical assistance solely pursuant to this paragraph 21 shall be limited to any in vitro diagnostic product (and the administration of such product) described in 42 U.S.C. 1396d(a)(3)(B) on or after March 18, 2020, any visit described in 42 U.S.C. 1396o(a)(2)(G), or any other medical assistance that may be federally authorized for this class of persons. The Department may also cover treatment of COVID-19 for this class of persons, or any similar category of uninsured individuals, to the extent authorized under a federally approved 1115 Waiver or other federal authority. Notwithstanding the provisions of Section 1-11 of this Code, due to the nature of the COVID-19 public health emergency, the Department may cover and provide the medical assistance described in this paragraph 21 to noncitizens who would otherwise meet the eligibility requirements for the class of persons described in this paragraph 21 for the duration of the State emergency period.

In implementing the provisions of Public Act 96-20, the Department is authorized to adopt only those rules necessary, including emergency rules. Nothing in Public Act 96-20 permits the Department to adopt rules or issue a decision that expands eligibility for the FamilyCare Program to a person whose income exceeds 185% of the Federal Poverty Level as determined from time to time by the U.S. Department of Health and Human Services, unless the Department is provided with express statutory authority.

The eligibility of any such person for medical assistance under this Article is not affected by the payment of any grant under the Senior Citizens and Persons with Disabilities Property Tax Relief Act or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act.

The Department shall by rule establish the amounts of assets to be disregarded in determining eligibility for medical assistance, which shall at a minimum equal the amounts to be disregarded under the Federal Supplemental Security Income Program. The amount of assets of a single person to be disregarded shall not be less than \$2,000, and the amount of assets of a married couple to be disregarded shall not be less than \$3,000.

To the extent permitted under federal law, any person found guilty of a second violation of Article VIII A shall be ineligible for medical assistance under this Article, as provided in Section 8A-8.

The eligibility of any person for medical assistance under this Article shall not be affected by the receipt by the person of donations or benefits from fundraisers held for the person in cases of serious illness, as long as neither the person nor members of the person's family have actual control over the donations or benefits or the disbursement of the donations or benefits.

Notwithstanding any other provision of this Code, if the United States Supreme Court holds Title II, Subtitle A, Section 2001(a) of Public Law 111-148 to be unconstitutional, or if a holding of Public Law 111-148 makes Medicaid eligibility allowed under Section 2001(a) inoperable, the State or a unit of local government shall be prohibited from enrolling individuals in the Medical Assistance Program as the result of federal approval of a State Medicaid waiver on or after the effective date of this amendatory Act of the

97th General Assembly, and any individuals enrolled in the Medical Assistance Program pursuant to eligibility permitted as a result of such a State Medicaid waiver shall become immediately ineligible.

Notwithstanding any other provision of this Code, if an Act of Congress that becomes a Public Law eliminates Section 2001(a) of Public Law 111-148, the State or a unit of local government shall be prohibited from enrolling individuals in the Medical Assistance Program as the result of federal approval of a State Medicaid waiver on or after the effective date of this amendatory Act of the 97th General Assembly, and any individuals enrolled in the Medical Assistance Program pursuant to eligibility permitted as a result of such a State Medicaid waiver shall become immediately ineligible.

Effective October 1, 2013, the determination of eligibility of persons who qualify under paragraphs 5, 6, 8, 15, 17, and 18 of this Section shall comply with the requirements of 42 U.S.C. 1396a(e)(14) and applicable federal regulations.

The Department of Healthcare and Family Services, the Department of Human Services, and the Illinois health insurance marketplace shall work cooperatively to assist persons who would otherwise lose health benefits as a result of changes made under this amendatory Act of the 98th General Assembly to transition to other health insurance coverage.

(305 ILCS 5/5-4.2) (from Ch. 23, par. 5-4.2)

Sec. 5-4.2. Ambulance services payments.

(a) For ambulance services provided to a recipient of aid under this Article on or after January 1, 1993, the Illinois Department shall reimburse ambulance service providers at rates calculated in accordance with this Section. It is the intent of the General Assembly to provide adequate reimbursement for ambulance services so as to ensure adequate access to services for recipients of aid under this Article and to provide appropriate incentives to ambulance service providers to provide services in an efficient and cost-effective manner. Thus, it is the intent of the General Assembly that the Illinois Department implement a reimbursement system for ambulance services that, to the extent practicable and subject to the availability of funds appropriated by the General Assembly for this purpose, is consistent with the payment principles of Medicare. To ensure uniformity between the payment principles of Medicare and Medicaid, the Illinois Department shall follow, to the extent necessary and practicable and subject to the availability of funds appropriated by the General Assembly for this purpose, the statutes, laws, regulations, policies, procedures, principles, definitions, guidelines, and manuals used to determine the amounts paid to ambulance service providers under Title XVIII of the Social Security Act (Medicare).

(b) For ambulance services provided to a recipient of aid under this Article on or after January 1, 1996, the Illinois Department shall reimburse ambulance service providers based upon the actual distance traveled if a natural disaster, weather conditions, road repairs, or traffic congestion necessitates the use of a route other than the most direct route.

(c) For purposes of this Section, "ambulance services" includes medical transportation services provided by means of an ambulance, medi-car, service car, or taxi.

(c-1) For purposes of this Section, "ground ambulance service" means medical transportation services that are described as ground ambulance services by the Centers for Medicare and Medicaid Services and provided in a vehicle that is licensed as an ambulance by the Illinois Department of Public Health pursuant to the Emergency Medical Services (EMS) Systems Act.

(c-2) For purposes of this Section, "ground ambulance service provider" means a vehicle service provider as described in the Emergency Medical Services (EMS) Systems Act that operates licensed ambulances for the purpose of providing emergency ambulance services, or non-emergency ambulance services, or both. For purposes of this Section, this includes both ambulance providers and ambulance suppliers as described by the Centers for Medicare and Medicaid Services.

(c-3) For purposes of this Section, "medi-car" means transportation services provided to a patient who is confined to a wheelchair and requires the use of a hydraulic or electric lift or ramp and wheelchair lockdown when the patient's condition does not require medical observation, medical supervision, medical equipment, the administration of medications, or the administration of oxygen.

(c-4) For purposes of this Section, "service car" means transportation services provided to a patient by a passenger vehicle where that patient does not require the specialized modes described in subsection (c-1) or (c-3).

(d) This Section does not prohibit separate billing by ambulance service providers for oxygen furnished while providing advanced life support services.

(e) Beginning with services rendered on or after July 1, 2008, all providers of non-emergency medi-car and service car transportation must certify that the driver and employee attendant, as applicable, have completed a safety program approved by the Department to protect both the patient and the driver, prior to transporting a patient. The provider must maintain this certification in its records. The provider shall

produce such documentation upon demand by the Department or its representative. Failure to produce documentation of such training shall result in recovery of any payments made by the Department for services rendered by a non-certified driver or employee attendant. Medi-car and service car providers must maintain legible documentation in their records of the driver and, as applicable, employee attendant that actually transported the patient. Providers must recertify all drivers and employee attendants every 3 years.

Notwithstanding the requirements above, any public transportation provider of medi-car and service car transportation that receives federal funding under 49 U.S.C. 5307 and 5311 need not certify its drivers and employee attendants under this Section, since safety training is already federally mandated.

(f) With respect to any policy or program administered by the Department or its agent regarding approval of non-emergency medical transportation by ground ambulance service providers, including, but not limited to, the Non-Emergency Transportation Services Prior Approval Program (NETSPAP), the Department shall establish by rule a process by which ground ambulance service providers of non-emergency medical transportation may appeal any decision by the Department or its agent for which no denial was received prior to the time of transport that either (i) denies a request for approval for payment of non-emergency transportation by means of ground ambulance service or (ii) grants a request for approval of non-emergency transportation by means of ground ambulance service at a level of service that entitles the ground ambulance service provider to a lower level of compensation from the Department than the ground ambulance service provider would have received as compensation for the level of service requested. The rule shall be filed by December 15, 2012 and shall provide that, for any decision rendered by the Department or its agent on or after the date the rule takes effect, the ground ambulance service provider shall have 60 days from the date the decision is received to file an appeal. The rule established by the Department shall be, insofar as is practical, consistent with the Illinois Administrative Procedure Act. The Director's decision on an appeal under this Section shall be a final administrative decision subject to review under the Administrative Review Law.

(f-5) Beginning 90 days after July 20, 2012 (the effective date of Public Act 97-842), (i) no denial of a request for approval for payment of non-emergency transportation by means of ground ambulance service, and (ii) no approval of non-emergency transportation by means of ground ambulance service at a level of service that entitles the ground ambulance service provider to a lower level of compensation from the Department than would have been received at the level of service submitted by the ground ambulance service provider, may be issued by the Department or its agent unless the Department has submitted the criteria for determining the appropriateness of the transport for first notice publication in the Illinois Register pursuant to Section 5-40 of the Illinois Administrative Procedure Act.

(g) Whenever a patient covered by a medical assistance program under this Code or by another medical program administered by the Department, including a patient covered under the State's Medicaid managed care program, is being transported from a facility and requires non-emergency transportation including ground ambulance, medi-car, or service car transportation, a Physician Certification Statement as described in this Section shall be required for each patient. Facilities shall develop procedures for a licensed medical professional to provide a written and signed Physician Certification Statement. The Physician Certification Statement shall specify the level of transportation services needed and complete a medical certification establishing the criteria for approval of non-emergency ambulance transportation, as published by the Department of Healthcare and Family Services, that is met by the patient. This certification shall be completed prior to ordering the transportation service and prior to patient discharge. The Physician Certification Statement is not required prior to transport if a delay in transport can be expected to negatively affect the patient outcome. If the ground ambulance provider, medi-car provider, or service car provider is unable to obtain the required Physician Certification Statement within 10 calendar days following the date of the service, the ground ambulance provider, medi-car provider, or service car provider must document its attempt to obtain the requested certification and may then submit the claim for payment. Acceptable documentation includes a signed return receipt from the U.S. Postal Service, facsimile receipt, email receipt, or other similar service that evidences that the ground ambulance provider, medi-car provider, or service car provider attempted to obtain the required Physician Certification Statement.

The medical certification specifying the level and type of non-emergency transportation needed shall be in the form of the Physician Certification Statement on a standardized form prescribed by the Department of Healthcare and Family Services. Within 75 days after July 27, 2018 (the effective date of Public Act 100-646), the Department of Healthcare and Family Services shall develop a standardized form of the Physician Certification Statement specifying the level and type of transportation services needed in consultation with the Department of Public Health, Medicaid managed care organizations, a statewide association representing ambulance providers, a statewide association representing hospitals, 3 statewide associations representing nursing homes, and other stakeholders. The Physician Certification Statement

shall include, but is not limited to, the criteria necessary to demonstrate medical necessity for the level of transport needed as required by (i) the Department of Healthcare and Family Services and (ii) the federal Centers for Medicare and Medicaid Services as outlined in the Centers for Medicare and Medicaid Services' Medicare Benefit Policy Manual, Pub. 100-02, Chap. 10, Sec. 10.2.1, et seq. The use of the Physician Certification Statement shall satisfy the obligations of hospitals under Section 6.22 of the Hospital Licensing Act and nursing homes under Section 2-217 of the Nursing Home Care Act. Sec. 5B-4. Payment of assessment; penalty.

(a) The assessment imposed by Section 5B-2 shall be due and payable monthly, on the last State business day of the month for occupied bed days reported for the preceding third month prior to the month in which the tax is payable and due. A facility that has delayed payment due to the State's failure to reimburse for services rendered may request an extension on the due date for payment pursuant to subsection (b) and shall pay the assessment within 30 days of reimbursement by the Department. The Illinois Department may provide that county nursing homes directed and maintained pursuant to Section 5-1005 of the Counties Code may meet their assessment obligation by certifying to the Illinois Department that county expenditures have been obligated for the operation of the county nursing home in an amount at least equal to the amount of the assessment.

(c) If a long-term care provider fails to pay the full amount of an assessment payment when due (including any extensions granted under subsection (b)), there shall, unless waived by the Illinois Department for reasonable cause, be added to the assessment imposed by Section 5B-2 a penalty assessment equal to the lesser of (i) 5% of the amount of the assessment payment not paid on or before the due date plus 5% of the portion thereof remaining unpaid on the last day of each month thereafter or (ii) 100% of the assessment payment amount not paid on or before the due date. For purposes of this subsection, payments will be credited first to unpaid assessment payment amounts (rather than to penalty or interest), beginning with the most delinquent assessment payments. Payment cycles of longer than 60 days shall be one factor the Director takes into account in granting a waiver under this Section.

(c-5) If a long-term care facility fails to file its assessment bill with payment, there shall, unless waived by the Illinois Department for reasonable cause, be added to the assessment due a penalty assessment equal to 25% of the assessment due. After July 1, 2013, no penalty shall be assessed under this Section if the Illinois Department does not provide a process for the electronic submission of the information required by subsection (a-5).

Upon notification to the Department of approval of the payment methodologies required under Section 5-5.4 of this Code and the waivers granted under 42 CFR 433.68, all installments otherwise due under Section 5B-4 prior to the date of notification shall be due and payable to the Department upon written direction from the Department within 90 days after issuance by the Comptroller of the payments required under Section 5-5.4 of this Code.

(305 ILCS 5/11-5.1)

Sec. 11-5.1. Eligibility verification. Notwithstanding any other provision of this Code, with respect to applications for medical assistance provided under Article V of this Code, eligibility shall be determined in a manner that ensures program integrity and complies with federal laws and regulations while minimizing unnecessary barriers to enrollment. To this end, as soon as practicable, and unless the Department receives written denial from the federal government, this Section shall be implemented:

(a) The Department of Healthcare and Family Services or its designees shall:

(1) By no later than July 1, 2011, require verification of, at a minimum, one month's income from all sources required for determining the eligibility of applicants for medical assistance under this Code. Such verification shall take the form of pay stubs, business or income and expense records for self-employed persons, letters from employers, and any other valid documentation of income including data obtained electronically by the Department or its designees from other sources as described in subsection (b) of this Section. A month's income may be verified by a single pay stub with the monthly income extrapolated from the time period covered by the pay stub.

(2) By no later than October 1, 2011, require verification of, at a minimum, one month's income from all sources required for determining the continued eligibility of recipients at their annual review of eligibility for medical assistance under this Code. Information the Department receives prior to the annual review, including information available to the Department as a result of the recipient's application for other non-Medicaid benefits, that is sufficient to make a determination of continued Medicaid eligibility may be reviewed and verified, and subsequent action taken including client notification of continued Medicaid eligibility. The date of client notification establishes the date for subsequent annual Medicaid eligibility reviews. Such verification shall take the form of pay stubs, business or income and expense records for self-employed persons, letters from employers, and any other valid documentation of income including data obtained electronically by the Department or its designees from other sources as described in subsection (b) of this Section. A month's income may be verified by a single pay stub with the monthly income extrapolated from the time period covered by the pay stub. The Department shall send a notice to recipients at least 60 days prior to the end of their period

of eligibility that informs them of the requirements for continued eligibility. If a recipient does not fulfill the requirements for continued eligibility by the deadline established in the notice a notice of cancellation shall be issued to the recipient and coverage shall end no later than the last day of the month following the last day of the eligibility period. A recipient's eligibility may be reinstated without requiring a new application if the recipient fulfills the requirements for continued eligibility prior to the end of the third month following the last date of coverage (or longer period if required by federal regulations). Nothing in this Section shall prevent an individual whose coverage has been cancelled from reapplying for health benefits at any time.

(3) By no later than July 1, 2011, require verification of Illinois residency.

The Department, with federal approval, may choose to adopt continuous financial eligibility for a full 12 months for adults on Medicaid.

(b) The Department shall establish or continue cooperative arrangements with the Social Security Administration, the Illinois Secretary of State, the Department of Human Services, the Department of Revenue, the Department of Employment Security, and any other appropriate entity to gain electronic access, to the extent allowed by law, to information available to those entities that may be appropriate for electronically verifying any factor of eligibility for benefits under the Program. Data relevant to eligibility shall be provided for no other purpose than to verify the eligibility of new applicants or current recipients of health benefits under the Program. Data shall be requested or provided for any new applicant or current recipient only insofar as that individual's circumstances are relevant to that individual's or another individual's eligibility.

(c) Within 90 days of the effective date of this amendatory Act of the 96th General Assembly, the Department of Healthcare and Family Services shall send notice to current recipients informing them of the changes regarding their eligibility verification.

(d) As soon as practical if the data is reasonably available, but no later than January 1, 2017, the Department shall compile on a monthly basis data on eligibility redeterminations of beneficiaries of medical assistance provided under Article V of this Code. This data shall be posted on the Department's website, and data from prior months shall be retained and available on the Department's website. The data compiled and reported shall include the following:

(1) The total number of redetermination decisions made in a month and, of that total number, the number of decisions to continue or change benefits and the number of decisions to cancel benefits.

(2) A breakdown of enrollee language preference for the total number of redetermination decisions made in a month and, of that total number, a breakdown of enrollee language preference for the number of decisions to continue or change benefits, and a breakdown of enrollee language preference for the number of decisions to cancel benefits. The language breakdown shall include, at a minimum, English, Spanish, and the next 4 most commonly used languages.

(3) The percentage of cancellation decisions made in a month due to each of the following:

(A) The beneficiary's ineligibility due to excess income.

(B) The beneficiary's ineligibility due to not being an Illinois resident.

(C) The beneficiary's ineligibility due to being deceased.

(D) The beneficiary's request to cancel benefits.

(E) The beneficiary's lack of response after notices mailed to the beneficiary are returned to the Department as undeliverable by the United States Postal Service.

(F) The beneficiary's lack of response to a request for additional information when reliable information in the beneficiary's account, or other more current information, is unavailable to the Department to make a decision on whether to continue benefits.

(G) Other reasons tracked by the Department for the purpose of ensuring program integrity.

(4) If a vendor is utilized to provide services in support of the Department's redetermination decision process, the total number of redetermination decisions made in a month and, of that total number, the number of decisions to continue or change benefits, and the number of decisions to cancel benefits (i) with the involvement of the vendor and (ii) without the involvement of the vendor.

(5) Of the total number of benefit cancellations in a month, the number of beneficiaries who return from cancellation within one month, the number of beneficiaries who return from cancellation within 2 months, and the number of beneficiaries who return from cancellation within 3 months. Of the number of beneficiaries who return from cancellation within 3 months, the percentage of those cancellations due to each of the reasons listed under paragraph (3) of this subsection.

(e) The Department shall conduct a complete review of the Medicaid redetermination process in order to identify changes that can increase the use of ex parte redetermination processing. This review shall be completed within 90 days after the effective date of this amendatory Act of the 101st General Assembly. Within 90 days of completion of the review, the Department shall seek written federal approval of policy changes the review recommended and implement once approved. The review shall specifically include, but not be limited to, use of ex parte redeterminations of the following populations:

- (4) All Modified Adjusted Gross Income (MAGI) populations.
- (5) Populations with no verifiable income.
- (6) Self-employed people.

The report shall also outline populations and circumstances in which an ex parte redetermination is not a recommended option.

(f) The Department shall explore and implement, as practical and technologically possible, roles that stakeholders outside State agencies can play to assist in expediting eligibility determinations and redeterminations within 24 months after the effective date of this amendatory Act of the 101st General Assembly. Such practical roles to be explored to expedite the eligibility determination processes shall include the implementation of hospital presumptive eligibility, as authorized by the Patient Protection and Affordable Care Act.

(g) The Department or its designee shall seek federal approval to enhance the reasonable compatibility standard from 5% to 10%.

(h) Reporting. The Department of Healthcare and Family Services and the Department of Human Services shall publish quarterly reports on their progress in implementing policies and practices pursuant to this Section as modified by this amendatory Act of the 101st General Assembly.

(1) The reports shall include, but not be limited to, the following:

(B) Medical redeterminations completed, including: (i) a breakdown of the number of households that were redetermined ex parte and those that were not; (ii) the reasons households were not redetermined ex parte; and (iii) the relative percentages of these reasons.

(C) A narrative discussion on issues identified in the functioning of the State's Integrated Eligibility System and progress on addressing those issues, as well as progress on implementing strategies to address eligibility backlogs, including expanding ex parte determinations to ensure timely eligibility determinations and renewals.

(2) Initial reports shall be issued within 90 days after the effective date of this amendatory Act of the 101st General Assembly.

(3) All reports shall be published on the Department's website.

(740 ILCS 110/9.6)

Sec. 9.6. HIE opt-out. The Illinois Health Information Exchange Office Authority shall, through appropriate rules, standards, or contractual obligations, which shall be binding upon any HIE, as defined under Section 2, require that participants of such HIE provide each recipient whose record is accessible through the health information exchange the reasonable opportunity to expressly decline the further

disclosure of the record by the health information exchange to third parties, except to the extent permitted by law such as for purposes of public health reporting. These rules, standards, or contractual obligations shall permit a recipient to revoke a prior decision to opt-out or a decision not to opt-out. These rules, standards, or contractual obligations shall provide for written notice of a recipient's right to opt-out which directs the recipient to a health information exchange website containing (i) an explanation of the purposes of the health information exchange; and (ii) audio, visual, and written instructions on how to opt-out of participation in whole or in part to the extent possible. The recipient shall be provided meaningful disclosure regarding the health information exchange, and the recipient's decision whether to opt-out should be obtained without undue inducement or any element of force, fraud, deceit, duress, or other form of constraint or coercion. To the extent that HIPAA, as specified in 45 CFR 164.508(b)(4), prohibits a covered entity from conditioning the provision of its services upon an individual's provision of an authorization, an HIE participant shall not condition the provision of its services upon a recipient's decision to opt-out of further disclosure of the record by an HIE to third parties. The Illinois Health Information Exchange Office Authority shall, through appropriate rules, standards, or contractual obligations, which shall be binding upon any HIE, as defined under Section 2, give consideration to the format and content of the meaningful disclosure and the availability to recipients of information regarding an HIE and the rights of recipients under this Section to expressly decline the further disclosure of the record by an HIE to third parties. The Illinois Health Information Exchange Office Authority shall also give annual consideration to enable a recipient to expressly decline the further disclosure by an HIE to third parties of selected portions of the recipient's record while permitting disclosure of the recipient's remaining patient health information. In establishing rules, standards, or contractual obligations binding upon HIEs under this Section to give effect to recipient disclosure preferences, the Illinois Health Information Exchange Office Authority in its discretion may consider the extent to which relevant health information technologies reasonably available to therapists and HIEs in this State reasonably enable the effective segmentation of specific information within a recipient's electronic medical record and reasonably enable the effective exclusion of specific information from disclosure by an HIE to third parties, as well as the availability of sufficient authoritative clinical guidance to enable the practical application of such technologies to effect recipient disclosure preferences. The provisions of this Section 9.6 shall not apply to the secure electronic transmission of data which is point-to-point communication directed by the data custodian. Any rules or standards promulgated under this Section which apply to HIEs shall be limited to that subject matter required by this Section and shall not include any requirement that an HIE enter a data sharing arrangement or otherwise participate with the Illinois Health Information Exchange. In connection with its annual consideration regarding the issue of segmentation of information within a medical record and prior to the adoption of any rules or standards regarding that issue, the Office Authority Board shall consider information provided by affected persons or organizations regarding the feasibility, availability, cost, reliability, and interoperability of any technology or process under consideration by the Board. Nothing in this Act shall be construed to limit the authority of the Illinois Health Information Exchange Office Authority to impose limits or conditions on consent for disclosures to or through any HIE, as defined under Section 2, which are more restrictive than the requirements under this Act or under HIPAA.

(235 ILCS 5/6-1) (from Ch. 43, par. 119)

Sec. 6-1. Privilege granted by license; nature as to property; transferability; tax delinquencies. A license shall be purely a personal privilege, good for not to exceed one year after issuance, except a non-beverage user's license, unless sooner revoked as in this Act provided, and shall not constitute property, nor shall it be subject to attachment, garnishment or execution, nor shall it be alienable or transferable, voluntarily or involuntarily, or subject to being encumbered or hypothecated. Such license shall not descend by the laws of testate or intestate devolution, but it shall cease upon the death of the licensee, provided that executors or administrators of the estate of any deceased licensee, and the trustee of any insolvent or bankrupt licensee, when such estate consists in part of alcoholic liquor, may continue the business of the sale or manufacture of alcoholic liquor under order of the appropriate court, and may exercise the privileges of the deceased or insolvent or bankrupt licensee after the death of such decedent, or such insolvency or bankruptcy until the expiration of such license but not longer than six months after the death, bankruptcy or insolvency of such licensee. Except in the case of a non-beverage user's license, a refund shall be made of that portion of the license fees paid for any period in which the licensee shall be prevented from operating under such license in accordance with the provisions of this paragraph.

Any licensee may renew his license at the expiration thereof, provided he is then qualified to receive a license and the premises for which such renewal license is sought are suitable for such purpose; and provided further that the renewal privilege herein provided for shall not be construed as a vested right which shall in any case prevent the city council or village president and board of trustees or county board, as the case may be, from decreasing the number of licenses to be issued within its jurisdiction. No retailer's license shall be renewed if the Department of Revenue has reported to the Illinois Liquor Control Commission that such retailer is delinquent in filing any required tax returns or paying any amounts owed to the State of Illinois until the applicant is issued a certificate by the Department of Revenue stating that all delinquent returns or amounts owed have been paid by guaranteed remittance or the payment agreement to pay all amounts owed has been accepted by the Department. No retailer's license issued by a local liquor control commissioner shall be renewed unless the applicant provides documentation that any tax owed to (i) the municipality in which the applicant is located (in the case of a license issued by the mayor or

president of the board of trustees of a city, village or incorporated town acting as local liquor control commissioner) or (ii) the county in which the applicant is located (in the case of a license issued by the president or chairman of a county board acting as local liquor control commissioner) by the applicant has been satisfied by payment in the form of a cashier's check, certified check, money order, or cash.

For a liquor license holder whose business or business operations have been suspended in any capacity due to any executive order issued on or after March 16, 2020 or any subsequent rule established by the Department of Public Health or any other agency of the State as a result of COVID-19, renewal of the license shall be automatically approved and the license shall be extended without limitation for 120 days after whichever of the following dates occurs the latest:

(1) the day on which the region in which the liquor licensee is located enters Phase 4 of the Governor's Restore Illinois Plan as issued on May 5, 2020;

(2) the day after the expiration of the latest executive order that limits or interrupts the business or business operations as a result of the COVID-19 pandemic; or

(3) the day after the expiration of any rules established by the Department of Public Health or any other agency of the State that limit or interrupt the business or business operations as a result of the COVID-19 pandemic.

The renewal shall be based upon the most recent liquor license application or application for renewal that was approved and received by the State Commission prior to the limitations or interruptions implemented by the Executive Order on March 16, 2020.

A negotiable instrument received as payment for a license fee, transfer fee, late fee, offer in compromise, pre-disciplinary conference settlement, or fine imposed by order that is dishonored on presentation shall not be considered payment and shall be cause for disciplinary action.

Nothing herein contained shall prohibit any licensee from crediting or refunding to a purchaser the actual amount of money paid for bottles, cases, kegs or barrels returned by the purchaser to the seller or paid by the purchaser as a deposit on bottles, cases, kegs or barrels, when such containers or packages are returned to the seller. Nothing herein contained shall prohibit any manufacturer, importing distributor or distributor from extending usual and customary credit for alcoholic liquor sold to customers or purchasers who live in or maintain places of business outside of this State when such alcoholic liquor is actually transported and delivered to such points outside of this State.

A manufacturer, distributor, or importing distributor may furnish free social media advertising to a retail licensee if the social media advertisement does not contain the retail price of any alcoholic liquor and the social media advertisement complies with any applicable rules or regulations issued by the Alcohol and Tobacco Tax and Trade Bureau of the United States Department of the Treasury. A manufacturer, distributor, or importing distributor may list the names of one or more unaffiliated retailers in the advertisement of alcoholic liquor through social media. A retailer may request free social media advertising from a manufacturer, distributor, or importing distributor. Nothing in this Section shall prohibit a manufacturer, distributor, or importing distributor from sharing, reposting, or otherwise forwarding a social media post by a retail licensee, so long as the sharing, reposting, or forwarding of the social media post does not contain the retail price of any alcoholic liquor. No manufacturer, distributor, or importing distributor shall pay or reimburse a retailer, directly or indirectly, for any social media advertising services, except as specifically permitted in this Act. No retailer shall accept any payment or reimbursement, directly or indirectly, for any social media advertising services offered by a manufacturer, distributor, or importing distributor, except as specifically permitted in this Act. For the purposes of this Section, "social media" means a service, platform, or site where users communicate with one another and share media, such as pictures, videos, music, and blogs, with other users free of charge.

No right of action shall exist for the collection of any claim based upon credit extended to a distributor, importing distributor or retail licensee contrary to the provisions of this Section.

Every manufacturer, importing distributor and distributor shall submit or cause to be submitted, to the State Commission, in triplicate, not later than Thursday of each calendar week, a verified written list of the names and respective addresses of each retail licensee purchasing spirits or wine from such manufacturer, importing distributor or distributor who, on the first business day of that calendar week, was delinquent beyond the above mentioned permissible merchandising credit period of 30 days; or, if such is the fact, a verified written statement that no retail licensee purchasing spirits or wine was then delinquent beyond such permissible merchandising credit period of 30 days.

Every manufacturer, importing distributor and distributor shall submit or cause to be submitted, to the State Commission, in triplicate, a verified written list of the names and respective addresses of each previously reported delinquent retail licensee who has cured such delinquency by payment, which list shall be submitted not later than the close of the second full business day following the day such delinquency was so cured.

(a) Unless issued a valid server training certificate between July 1, 2012 and July 1, 2015 by a certified Beverage Alcohol Sellers and Servers Education and Training (BASSET) trainer, all alcohol servers in Cook County are required to obtain and complete training in basic responsible alcohol service as outlined in 77 Ill. Adm. Code 3500, as those provisions exist on July 1, 2015 (the effective date of Public Act 98-939), by July 1, 2015 or within 120 days after the alcohol server begins his or her employment, whichever is later. All alcohol servers in a county, other than Cook County, with a population of 200,000 inhabitants or more are required to obtain and complete training in basic responsible alcohol service as outlined in 77 Ill. Adm. Code 3500, as those provisions exist on July 1, 2015 (the effective date of Public Act 98-939), by July 1, 2016 or within 120 days after the alcohol server begins his or her employment, whichever is later. All alcohol servers in a county with a population of more than 30,000 inhabitants and less than 200,000 inhabitants are required to obtain and complete training in basic responsible alcohol service as outlined in 77 Ill. Adm. Code 3500, as those provisions exist on July 1, 2015 (the effective date of Public Act 98-939), by July 1, 2017 or within 120 days after the alcohol server begins his or her employment, whichever is later. There is no limit to the amount of times a server may take the training. A certificate of training belongs to the server, and a server may transfer a certificate of training to a different employer, but shall not transfer a certificate of training to another server. Proof that an alcohol server has been trained must be available upon reasonable request by State law enforcement officials. For the purpose of this Section, "alcohol servers" means persons who sell or serve open containers of alcoholic beverages at retail, anyone who delivers mixed drinks under Section 6-28.8, and anyone whose job description entails the checking of identification for the purchase of open containers of alcoholic beverages at retail or for entry into the licensed premises. The definition does not include (i) a distributor or importing distributor conducting product sampling as authorized in Section 6-31 of this Act or a registered tasting representative, as provided in 11 Ill. Adm. Code 100.40, conducting a tasting, as defined in 11 Ill. Adm. Code 100.10; (ii) a volunteer serving alcoholic beverages at a charitable function; or (iii) an instructor engaged in training or educating on the proper technique for using a system that dispenses alcoholic beverages.

(c) Beginning on the effective date of this amendatory Act of the 98th General Assembly, but no later than October 1, 2015, all existing BASSET trainers who are already BASSET certified as of the effective date of this amendatory Act of the 98th General Assembly shall be recertified by the State Commission and be required to comply with the conditions for server training set forth in this amendatory Act of the 98th General Assembly.

(d) Training modules and certificate program plans must be approved by the State Commission. All documents, materials, or information related to responsible alcohol service training program approval that are submitted to the State Commission are confidential and shall not be open to public inspection or dissemination and are exempt from disclosure.

The State Commission shall only approve programs that meet the following criteria:

(1) the training course covers the content specified in 77 Ill. Adm. Code 3500.155;

(2) if the training course is classroom-based, the classroom training is at least 4 hours, is available in English and Spanish, and includes a test;

(3) if the training course is online or computer-based, the course is designed in a way

that ensures that no content can be skipped, is interactive, has audio for content for servers that have a disability, and includes a test;

(4) training and testing is based on a job task analysis that clearly identifies and focuses on the knowledge, skills, and abilities needed to responsibly serve alcoholic beverages and is developed using best practices in instructional design and exam development to ensure that the program is fair and legally defensible;

(5) training and testing is conducted by any means available, including, but not limited to, online, computer, classroom, or live trainers; and

(6) the program must provide access on a 24-hour-per-day, 7-days-per-week basis for certificate verification for State Commission, State law enforcement officials, and employers to be able to verify certificate authenticity.

(e) Nothing in subsection (d) of this Section shall be construed to require a program to use a test administrator or proctor.

(f) A certificate issued from a BASSET-licensed training program shall be accepted as meeting the training requirements for all server license and permit laws and ordinances in the State.

(g) A responsible alcohol service training certificate from a BASSET-licensed program shall be valid for 3 years.

(h) The provisions of this Section shall apply beginning July 1, 2015. From July 1, 2015 through December 31, 2015, enforcement of the provisions of this Section shall be limited to education and notification of the requirements to encourage compliance.

(i) The provisions of this Section do not apply to a special event retailer.

(4) a mixed drink or cocktail is delivered by a person or to a person who is under the age of 21; or

(5) the person delivering a mixed drink or cocktail fails to verify the age of the person to whom the mixed drink or cocktail is being delivered.

(f) Violations of this Section shall be subject to any applicable penalties, including, but not limited to, the penalties specified under Section 11-502 of the Illinois Vehicle Code.

This Section shall only grant authorization to holders of State of Illinois retail liquor licenses but not to licensees that simultaneously hold any licensure or privilege to manufacture alcoholic liquors within or outside of the State of Illinois.

(g) This Section is not a denial or limitation of home rule powers and functions under Section 6 of Article VII of the Illinois Constitution.

Section 10-5. The Broadband Advisory Council Act is amended by adding Section 25 as follows:
(220 ILCS 80/25 new)

Sec. 25. Universal no-cost broadband Internet access.

(a) In furtherance of the purposes of this Act to expand broadband service to unserved rural and urban areas of this State and to achieve universal broadband service and Internet access for the residents of this State, the Broadband Advisory Council shall study the goal of providing free access to all residents of this State to broadband service through the expansion of the state broadband competitive matching grant program. The Broadband Advisory Council shall also study the alternative goal of providing affordable access to all residents of this State to broadband service. The Office of Broadband within the Department of Commerce and Economic Opportunity shall support and assist the Council in the development of the study.

(b) The study must include establishing access to broadband service in zip codes identified as having high levels of poverty and in the areas of the State without the infrastructure necessary to meet the requirements for high-speed access to the Internet. To the extent possible, the study shall consider the incorporation and expansion of the initiatives established in the Connect Illinois Broadband Strategic Plan. The Council's study shall identify existing and new streams of State, federal and private-public partnership revenue to underwrite the creation of necessary infrastructure and purchase unlimited broadband Internet access to be provided, without charge, to some or all residents of the State. ARTICLE 15. AMENDATORY PROVISIONS

Section 15-5. The Open Meetings Act is amended by changing Sections 2.01 and 7 as follows:
(5 ILCS 120/2.01) (from Ch. 102, par. 42.01)

Sec. 2.01. All meetings required by this Act to be public shall be held at specified times and places which are convenient and open to the public. No meeting required by this Act to be public shall be held on a legal holiday unless the regular meeting day falls on that holiday.

Except as otherwise provided in this Act, a quorum of members of a public body must be physically present at the location of an open meeting. If, however, an open meeting of a public body (i) with statewide jurisdiction, (ii) that is an Illinois library system with jurisdiction over a specific geographic area of more than 4,500 square miles, (iii) that is a municipal transit district with jurisdiction over a specific geographic area of more than 4,500 square miles, or (iv) that is a local workforce investment area with jurisdiction over a specific geographic area of more than 4,500 square miles is held simultaneously at one of its offices and one or more other locations in a public building, which may include other of its offices, through an interactive video conference and the public body provides public notice and public access as required under this Act for all locations, then members physically present in those locations all count towards determining a quorum. "Public building", as used in this Section, means any building or portion thereof owned or leased by any public body. The requirement that a quorum be physically present at the location of an open meeting shall not apply, however, to State advisory boards or bodies that do not have authority to make binding recommendations or determinations or to take any other substantive action.

Except as otherwise provided in this Act, a quorum of members of a public body that is not (i) a public body with statewide jurisdiction, (ii) an Illinois library system with jurisdiction over a specific geographic area of more than 4,500 square miles, (iii) a municipal transit district with jurisdiction over a specific geographic area of more than 4,500 square miles, or (iv) a local workforce innovation area with jurisdiction over a specific geographic area of more than 4,500 square miles must be physically present at the location of a closed meeting. Other members who are not physically present at a closed meeting of such a public body may participate in the meeting by means of a video or audio conference. For the purposes of this Section, "local workforce innovation area" means any local workforce innovation area or areas designated by the Governor pursuant to the federal Workforce Innovation and Opportunity Act or its reauthorizing legislation.

(5 ILCS 120/7)

Sec. 7. Attendance by a means other than physical presence.

(a) If a quorum of the members of the public body is physically present as required by Section 2.01, a majority of the public body may allow a member of that body to attend the meeting by other means if the

member is prevented from physically attending because of: (i) personal illness or disability; (ii) employment purposes or the business of the public body; or (iii) a family or other emergency. "Other means" is by video or audio conference.

(b) If a member wishes to attend a meeting by other means, the member must notify the recording secretary or clerk of the public body before the meeting unless advance notice is impractical.

(c) A majority of the public body may allow a member to attend a meeting by other means only in accordance with and to the extent allowed by rules adopted by the public body. The rules must conform to the requirements and restrictions of this Section, may further limit the extent to which attendance by other means is allowed, and may provide for the giving of additional notice to the public or further facilitate public access to meetings.

(d) The limitations of this Section shall not apply to (i) closed meetings of (A) public bodies with statewide jurisdiction, (B) Illinois library systems with jurisdiction over a specific geographic area of more than 4,500 square miles, (C) municipal transit districts with jurisdiction over a specific geographic area of more than 4,500 square miles, or (D) local workforce innovation areas with jurisdiction over a specific geographic area of more than 4,500 square miles or (ii) open or closed meetings of State advisory boards or bodies that do not have authority to make binding recommendations or determinations or to take any other substantive action. State advisory boards or bodies, public bodies with statewide jurisdiction, Illinois library systems with jurisdiction over a specific geographic area of more than 4,500 square miles, municipal transit districts with jurisdiction over a specific geographic area of more than 4,500 square miles, and local workforce investment areas with jurisdiction over a specific geographic area of more than 4,500 square miles, however, may permit members to attend meetings by other means only in accordance with and to the extent allowed by specific procedural rules adopted by the body. For the purposes of this Section, "local workforce innovation area" means any local workforce innovation area or areas designated by the Governor pursuant to the federal Workforce Innovation and Opportunity Act or its reauthorizing legislation.

(e) Subject to the requirements of Section 2.06 but notwithstanding any other provision of law, an open or closed meeting subject to this Act may be conducted by audio or video conference, without the physical presence of a quorum of the members, so long as the following conditions are met:

(1) the Governor or the Director of the Illinois Department of Public Health has issued a disaster declaration related to public health concerns because of a disaster as defined in Section 4 of the Illinois Emergency Management Agency Act, and all or part of the jurisdiction of the public body is covered by the disaster area;

(2) the head of the public body as defined in subsection (e) of Section 2 of the Freedom of Information Act determines that an in-person meeting or a meeting conducted under this Act is not practical or prudent because of a disaster;

(3) all members of the body participating in the meeting, wherever their physical location, shall be verified and can hear one another and can hear all discussion and testimony;

(4) for open meetings, members of the public present at the regular meeting location of the body can hear all discussion and testimony and all votes of the members of the body, unless attendance at the regular meeting location is not feasible due to the disaster, including the issued disaster declaration, in which case the public body must make alternative arrangements and provide notice pursuant to this Section of such alternative arrangements in a manner to allow any interested member of the public access to contemporaneously hear all discussion, testimony, and roll call votes, such as by offering a telephone number or a web-based link;

(5) at least one member of the body, chief legal counsel, or chief administrative officer is physically present at the regular meeting location, unless unfeasible due to the disaster, including the issued disaster declaration; and

(6) all votes are conducted by roll call, so each member's vote on each issue can be identified and recorded.

(7) Except in the event of a bona fide emergency, 48 hours' notice shall be given of a meeting to be held pursuant to this Section. Notice shall be given to all members of the public body, shall be posted on the website of the public body, and shall also be provided to any news media who has requested notice of meetings pursuant to subsection (a) of Section 2.02 of this Act. If the public body declares a bona fide emergency:

(A) Notice shall be given pursuant to subsection (a) of Section 2.02 of this Act, and the presiding officer shall state the nature of the emergency at the beginning of the meeting.

(B) The public body must comply with the verbatim recording requirements set forth in Section 2.06 of this Act.

(8) Each member of the body participating in a meeting by audio or video conference for a meeting held pursuant to this Section is considered present at the meeting for purposes of determining a quorum and participating in all proceedings.

(9) In addition to the requirements for open meetings under Section 2.06, public bodies holding open meetings under this subsection (e) must also keep a verbatim record of all their meetings in the form of an audio or video recording. Verbatim records made under this paragraph (9) shall be made available to the public under, and are otherwise subject to, the provisions of Section 2.06.

(10) The public body shall bear all costs associated with compliance with this subsection (e).

(c) A notarial act satisfies the "appearing before" requirement under Section 6-102 of the Illinois Notary Public Act if the notary public performs a remote notarization via two-way audio-video communication technology, provided that the Notary Public commissioned in Illinois is physically within the State while performing the notarial act and the transaction follows any guidance or rules provided by the Illinois Secretary of State in existence on the date of notarization.

(d) The prohibition on electronic signatures on certain documents in subsection (c) of Section 120 remains in full effect.

(e) Notwithstanding any law or rule of the State of Illinois to the contrary, absent an express prohibition in a document against signing in counterparts, all legal documents, including, but not limited to, deeds, last wills and testaments, trusts, durable powers of attorney for property, and powers of attorney for health care, may be signed in counterparts by the witnesses and the signatory. Except as provided in Section 4A-106.1, by May 1 of each year a statement must be filed by each person whose position at that time subjects him to the filing requirements of Section 4A-101 or 4A-101.5 unless he has already filed a statement in relation to the same unit of government in that calendar year.

Statements must also be filed as follows:

(a) A candidate for elective office shall file his statement not later than the end of the period during which he can take the action necessary under the laws of this State to attempt to qualify for nomination, election, or retention to such office if he has not filed a statement in relation to the same unit of government within a year preceding such action.

(b) A person whose appointment to office is subject to confirmation by the Senate shall file his statement at the time his name is submitted to the Senate for confirmation.

(b-5) A special government agent, as defined in item (1) of Section 4A-101 of this Act, shall file a statement within 30 days after making the first ex parte communication and each May 1 thereafter if he or she has made an ex parte communication within the previous 12 months.

(c) Any other person required by this Article to file the statement shall file a statement at the time of his or her initial appointment or employment in relation to that unit of government if appointed or employed by May 1.

If any person who is required to file a statement of economic interests fails to file such statement by May 1 of any year, the officer with whom such statement is to be filed under Section 4A-106 or 4A-106.5 of this Act shall, within 7 days after May 1, notify such person by certified mail of his or her failure to file by the specified date. Except as may be prescribed by rule of the Secretary of State, such person shall file his or her statement of economic interests on or before May 15 with the appropriate officer, together with a \$15 late filing fee. Any such person who fails to file by May 15 shall be subject to a penalty of \$100 for each day from May 16 to the date of filing, which shall be in addition to the \$15 late filing fee specified above. All late filing fees and penalties collected pursuant to this Section shall be paid into the General Revenue Fund in the State treasury, if the Secretary of State receives such statement for filing, or into the general fund in the county treasury, if the county clerk receives such statement for filing. Beginning with statements required to be filed on or after May 1, 2009, the officer with whom a statement is to be filed may, in his or her discretion, waive the late filing fee, the monetary late filing penalty, and the ineligibility for or forfeiture of office or position for failure to file when the person's late

All procurements made under this subsection shall be documented and may require publication in the Illinois Procurement Bulletin.

(b-10) Procurements made by or on behalf of the University of Illinois for investment services scheduled to expire June 2020 may be extended through June 2021 without being subject to the requirements of this Code. Any contract extended, renewed, or entered pursuant to this exception shall be published on the Executive Ethics Commission's website within 5 days of contract execution. This subsection is inoperative on and after July 1, 2021.

(c) Procurements made by or on behalf of public institutions of higher education for the fulfillment of a grant shall be made in accordance with the requirements of this Code to the extent practical.

Upon the written request of a public institution of higher education, the Chief Procurement Officer may waive contract, registration, certification, and hearing requirements of this Code if, based on the item to be procured or the terms of a grant, compliance is impractical. The public institution of higher education shall provide the Chief Procurement Officer with specific reasons for the waiver, including the necessity of contracting with a particular potential contractor, and shall certify that an effort was made in good faith to comply with the provisions of this Code. The Chief Procurement Officer shall provide written justification for any waivers. By November 1 of each year, the Chief Procurement Officer shall file a report with the General Assembly identifying each contract approved with waivers and providing the justification given for any waivers for each of those contracts. Notice of each waiver made under this subsection shall be published in the Procurement Bulletin within 14 calendar days after contract execution. The Chief Procurement Officer shall prescribe the form and content of the notice.

(d) Notwithstanding this Section, a waiver of the registration requirements of Section 20-160 does not permit a business entity and any affiliated entities or affiliated persons to make campaign contributions if otherwise prohibited by Section 50-37. The total amount of contracts awarded in accordance with this Section shall be included in determining the aggregate amount of contracts or pending bids of a business entity and any affiliated entities or affiliated persons.

(e) Notwithstanding subsection (e) of Section 50-10.5 of this Code, the Chief Procurement Officer, with the approval of the Executive Ethics Commission, may permit a public institution of higher education to accept a bid or enter into a contract with a business that assisted the public institution of higher education in determining whether there is a need for a contract or assisted in reviewing, drafting, or preparing documents related to a bid or contract, provided that the bid or contract is essential to research administered by the public institution of higher education and it is in the best interest of the public institution of higher education to accept the bid or contract. For purposes of this subsection, "business" includes all individuals with whom a business is affiliated, including, but not limited to, any officer, agent, employee, consultant, independent contractor, director, partner, manager, or shareholder of a business. The Executive Ethics Commission may promulgate rules and regulations for the implementation and administration of the provisions of this subsection (e).

(f) As used in this Section:

"Grant" means non-appropriated funding provided by a federal or private entity to support a project or program administered by a public institution of higher education and any non-appropriated funding provided to a sub-recipient of the grant.

"Public institution of higher education" means Chicago State University, Eastern Illinois University, Governors State University, Illinois State University, Northeastern Illinois University, Northern Illinois University, Southern Illinois University, University of Illinois, Western Illinois University, and, for purposes of this Code only, the Illinois Mathematics and Science Academy.

(g) (Blank).

(h) The General Assembly finds and declares that:

(1) Public Act 98-1076, which took effect on January 1, 2015, changed the repeal date set for this Section from December 31, 2014 to December 31, 2016.

(2) The Statute on Statutes sets forth general rules on the repeal of statutes and the construction of multiple amendments, but Section 1 of that Act also states that these rules will not be observed when the result would be "inconsistent with the manifest intent of the General Assembly or repugnant to the context of the statute".

(3) This amendatory Act of the 100th General Assembly manifests the intention of the General Assembly to remove the repeal of this Section.

(4) This Section was originally enacted to protect, promote, and preserve the general welfare. Any construction of this Section that results in the repeal of this Section on December 31, 2014 would be inconsistent with the manifest intent of the General Assembly and repugnant to the context of this Code.

It is hereby declared to have been the intent of the General Assembly that this Section not be subject to repeal on December 31, 2014.

This Section shall be deemed to have been in continuous effect since December 20, 2011 (the effective date of Public Act 97-643), and it shall continue to be in effect henceforward until it is otherwise lawfully repealed. All previously enacted amendments to this Section taking effect on or after December 31, 2014, are hereby validated.

All actions taken in reliance on or pursuant to this Section by any public institution of higher education, person, or entity are hereby validated.

In order to ensure the continuing effectiveness of this Section, it is set forth in full and re-enacted by this amendatory Act of the 100th General Assembly. This re-enactment is intended as a continuation of this Section. It is not intended to supersede any amendment to this Section that is enacted by the 100th General Assembly.

In this amendatory Act of the 100th General Assembly, the base text of the reenacted Section is set forth as amended by Public Act 98-1076. Striking and underscoring is used only to show changes being made to the base text.

This Section applies to all procurements made on or before the effective date of this amendatory Act of the 100th General Assembly.

Section 15-50. The Illinois Vehicle Code is amended by adding Section 2-129 as follows:
(625 ILCS 5/2-129 new)

Sec. 2-129. Expiration dates. All expiration periods set forth in this Code shall be subject to the provisions of Section 30 of the Secretary of State Act.

ARTICLE 20. MUNICIPAL BUDGET

Section 20-5. The Illinois Municipal Code is amended by changing Sections 8-2-9 and 8-2-9.4 as follows:

(65 ILCS 5/8-2-9) (from Ch. 24, par. 8-2-9)

Sec. 8-2-9. In municipalities with less than 500,000 inhabitants, except as otherwise provided in this Section, the corporate authorities shall pass an ordinance within the first quarter of each fiscal year, to be termed the annual appropriation ordinance. On and after January 1, 2020, if a disaster, state of emergency, or national emergency is declared within the 60 days preceding the end of the first quarter of a municipality's fiscal year and the disaster, emergency, or declaration impacts the municipality, the time limit to pass the annual appropriation ordinance shall be extended for the duration of the disaster or emergency and for 60 days thereafter. During the extended period, the municipality may expend sums of money up to amounts budgeted or appropriated for those objects and purposes in the previous fiscal year to defray all necessary expenses and liabilities of the municipality. In this ordinance, the corporate authorities (i) may appropriate sums of money deemed necessary to defray all necessary expenses and liabilities of the municipalities, including the amounts to be deposited in the reserves provided for in the Illinois Pension Code and (ii) shall specify the objects and purposes for which these appropriations are made and the amount appropriated for each object or purpose. Among the objects and purposes specified shall be the reserves provided for in the Illinois Pension Code. Except as otherwise provided, no further appropriations shall be made at any other time within the same fiscal year, unless a proposition to make each additional appropriation has been first sanctioned by a petition signed by electors of the municipality numbering more than 50% of the number of votes cast for the candidates for mayor or president at the last preceding general municipal election at which a mayor or president was elected, by a petition signed by them, or by a majority of those voting on the question at a regular election or at an emergency referendum authorized in accordance with the general election law. The corporate authorities may by ordinance initiate the submission of the proposition. During any fiscal year, the corporate authorities in municipalities subject to this Section may adopt a supplemental appropriation ordinance in an amount not in excess of the aggregate of any additional revenue available to the municipality, or estimated to be received by the municipality after the adoption of the annual appropriation ordinance for that fiscal year, or from fund balances available when the annual appropriation ordinance was adopted but that were not appropriated at that time. The provisions of this Section prohibiting further appropriations without sanction by petition or election shall not be applicable to the supplemental appropriation for that fiscal year. The corporate authorities at any time, however, by a two-thirds vote of all the members of the body, may make transfers within any department or other separate agency of the municipal government of sums of money appropriated for one corporate object or purpose to another corporate object or purpose, but no appropriation for any object or purpose shall thereby be reduced below an amount sufficient to cover all obligations incurred or to be incurred against the appropriation. Nothing in this Section shall deprive the corporate authorities of the power to provide for and cause to be paid from the funds of the municipality any charge imposed by law without the action of the corporate authorities, the payment of which is ordered by a court of competent jurisdiction.

At least 10 days before the adoption of the annual appropriation ordinance, the corporate authorities of municipalities over 2,000 in population shall make the proposed appropriation ordinance or a formally prepared appropriation or budget document upon which the annual appropriation ordinance will be based

[May 23, 2020]

conveniently available to public inspection. In addition, the corporate authorities shall hold at least one public hearing on that proposed appropriation ordinance. Notice of this hearing shall be given publication in one or more newspapers published in the municipality or, if there is none published in the municipality, in a newspaper published in the county and having general circulation in the municipality at least 10 days before the time of the public hearing. The notice shall state the time and place of the hearing and the place where copies of the proposed appropriation ordinance or formally prepared appropriation or budget document will be accessible for examination. The annual appropriation ordinance may be adopted at the same meeting at which the public hearing is held or at any time after that public hearing.

After the public hearing and before final action is taken on the appropriation ordinance, the corporate authorities may revise, alter, increase, or decrease the items contained in the ordinance.

Notwithstanding any above provision of this Section, any municipality in which Article 5 becomes effective after the annual appropriation ordinance has been passed for the current fiscal year may amend the appropriation ordinance in any manner necessary to make Article 5 fully operative in that municipality for that fiscal year. No amendment shall be construed, however, to affect any tax levy made on the basis of the original appropriation ordinance.

This Section does not apply to municipalities operating under special charters.

(65 ILCS 5/8-2-9.4) (from Ch. 24, par. 8-2-9.4)

Sec. 8-2-9.4. Passage of the annual budget by the corporate authorities shall be in lieu of passage of the appropriation ordinance as required by Section 8-2-9 of this Act. The annual budget need not be published except in a manner provided for in Section 8-2-9.9. Except as otherwise provided in this Section, the annual budget shall be adopted by the corporate authorities before the beginning of the fiscal year to which it applies. On and after January 1, 2020, if a disaster, state of emergency, or national emergency is declared within 60 days of the end of a municipality's fiscal year and the disaster, emergency, or declaration impacts the municipality, the time limit to pass the annual budget shall be extended for the duration of the disaster or emergency and for 60 days thereafter. During the extended period, the municipality may expend sums of money up to amounts budgeted or appropriated for those objects and purposes in the previous fiscal year to defray all necessary expenses and liabilities of the municipality.

Sec. 5h.5. Cash flow borrowing and general funds liquidity; Fiscal Years 2018, 2019, 2020, and 2021.

(a) In order to meet cash flow deficits and to maintain liquidity in general funds and the Health Insurance Reserve Fund, on and after July 1, 2017 and through ~~June 30~~ March 1, 2021, the State Treasurer and the State Comptroller, in consultation with the Governor's Office of Management and Budget, shall make transfers to general funds and the Health Insurance Reserve Fund, as directed by the State Comptroller, out of special funds of the State, to the extent allowed by federal law.

No such transfer may reduce the cumulative balance of all of the special funds of the State to an amount less than the total debt service payable during the 12 months immediately following the date of the transfer on any bonded indebtedness of the State and any certificates issued under the Short Term Borrowing Act. At no time shall the outstanding total transfers made from the special funds of the State to general funds and the Health Insurance Reserve Fund under this Section exceed ~~\$1,500,000,000~~ \$1,200,000,000; once the amount of ~~\$1,500,000,000~~ \$1,200,000,000 has been transferred from the special funds of the State to general funds and the Health Insurance Reserve Fund, additional transfers may be made from the special funds of the State to general funds and the Health Insurance Reserve Fund under this Section only to the extent that moneys have first been re-transferred from general funds and the Health Insurance Reserve Fund to those special funds of the State. When any of the funds from which moneys have been transferred pursuant to subsection (a) have insufficient cash from which the State Comptroller may make expenditures properly supported by appropriations from the fund, then the State Treasurer and State Comptroller shall transfer from general funds to the fund only such amount as is immediately necessary to satisfy outstanding expenditure obligations on a timely basis.

(a) The School Infrastructure Fund is created as a special fund in the State Treasury.

In addition to any other deposits authorized by law, beginning January 1, 2000, on the first day of each month, or as soon thereafter as may be practical, the State Treasurer and State Comptroller shall transfer the sum of \$5,000,000 from the General Revenue Fund to the School Infrastructure Fund, except that, notwithstanding any other provision of law, and in addition to any other transfers that may be provided for by law, before June 30, 2012, the Comptroller and the Treasurer shall transfer \$45,000,000 from the General Revenue Fund into the School Infrastructure Fund, and, for fiscal year 2013 only, the Treasurer and the Comptroller shall transfer \$1,250,000 from the General Revenue Fund to the School Infrastructure Fund on the first day of each month; provided, however, that no such transfers shall be made from July 1, 2001 through June 30, 2003.

(b) Subject to the transfer provisions set forth below, money in the School Infrastructure Fund shall, if and when the State of Illinois incurs any bonded indebtedness for the construction of school improvements under subsection (e) of Section 5 of the General Obligation Bond Act, be set aside and used for the purpose of paying and discharging annually the principal and interest on that bonded indebtedness then due and payable, and for no other purpose.

With respect to the interest payable on variable rate bonds, such certifications shall be calculated at the maximum rate of interest that may be payable during the fiscal year, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest required to be appropriated for that period.

On or before the last day of each month, the State Treasurer and State Comptroller shall transfer from the School Infrastructure Fund to the General Obligation Bond Retirement and Interest Fund an amount sufficient to pay the aggregate of the principal of, interest on, and premium, if any, on the bonds payable on their next payment date, divided by the number of monthly transfers occurring between the last previous payment date (or the delivery date if no payment date has yet occurred) and the next succeeding payment date. Interest payable on variable rate bonds shall be calculated at the maximum rate of interest that may be payable for the relevant period, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest required to be appropriated for that period. Interest for which moneys have already been deposited into the capitalized interest account within the General Obligation Bond Retirement and Interest Fund shall not be included in the calculation of the amounts to be transferred under this subsection.

(b-5) The money deposited into the School Infrastructure Fund from transfers pursuant to subsections (c-30) and (c-35) of Section 13 of the Illinois Gambling Act shall be applied, without further direction, as provided in subsection (b-3) of Section 5-35 of the School Construction Law.

(b-7) In fiscal year 2021 only, of the surplus, if any, in the School Infrastructure Fund after payments made pursuant to subsections (a-5), (b), and (b-5) of this Section, \$20,000,000 shall be transferred to the General Revenue Fund.

(c) The surplus, if any, in the School Infrastructure Fund after payments made pursuant to subsections (a-5), (b), ~~and (b-5)~~, and (b-7) of this Section shall, subject to appropriation, be used as follows:

Sec. 8.12. State Pensions Fund.

(a) The moneys in the State Pensions Fund shall be used exclusively for the administration of the Revised Uniform Unclaimed Property Act and for the expenses incurred by the Auditor General for administering the provisions of Section 2-8.1 of the Illinois State Auditing Act and for operational expenses of the Office of the State Treasurer and for the funding of the unfunded liabilities of the designated retirement systems. For the purposes of this Section, "operational expenses of the Office of the State Treasurer" includes the acquisition of land and buildings in State fiscal years 2019 and 2020 for use by the Office of the State Treasurer, as well as construction, reconstruction, improvement, repair, and maintenance, in accordance with the provisions of laws relating thereto, of such lands and buildings beginning in State fiscal year 2019 and thereafter. Beginning in State fiscal year 2022 ~~2021~~, payments to the designated retirement systems under this Section shall be in addition to, and not in lieu of, any State contributions required under the Illinois Pension Code.

"Designated retirement systems" means:

- (1) the State Employees' Retirement System of Illinois;
- (2) the Teachers' Retirement System of the State of Illinois;
- (3) the State Universities Retirement System;
- (4) the Judges Retirement System of Illinois; and
- (5) the General Assembly Retirement System.

(b) Each year the General Assembly may make appropriations from the State Pensions Fund for the administration of the Revised Uniform Unclaimed Property Act.

(c) As soon as possible after July 30, 2004 (the effective date of Public Act 93-839), the General Assembly shall appropriate from the State Pensions Fund (1) to the State Universities Retirement System the amount certified under Section 15-165 during the prior year, (2) to the Judges Retirement System of Illinois the amount certified under Section 18-140 during the prior year, and (3) to the General Assembly Retirement System the amount certified under Section 2-134 during the prior year as part of the required State contributions to each of those designated retirement systems. If the amount in the State Pensions Fund does not exceed the sum of the amounts certified in Sections 15-165, 18-140, and 2-134 by at least \$5,000,000, the amount paid to each designated retirement system under this subsection shall be reduced in proportion to the amount certified by each of those designated retirement systems.

(c-5) For fiscal years 2006 through 2021 ~~2020~~, the General Assembly shall appropriate from the State Pensions Fund to the State Universities Retirement System the amount estimated to be available during the fiscal year in the State Pensions Fund; provided, however, that the amounts appropriated under this subsection (c-5) shall not reduce the amount in the State Pensions Fund below \$5,000,000.

(c-6) For fiscal year 2022 ~~2021~~ and each fiscal year thereafter, as soon as may be practical after any money is deposited into the State Pensions Fund from the Unclaimed Property Trust Fund, the State Treasurer shall apportion the deposited amount among the designated retirement systems as defined in subsection (a) to reduce their actuarial reserve deficiencies. The State Comptroller and State Treasurer shall pay the apportioned amounts to the designated retirement systems to fund the unfunded liabilities of the designated retirement systems. The amount apportioned to each designated retirement system shall constitute a portion of the amount estimated to be available for appropriation from the State Pensions Fund that is the same as that retirement system's portion of the total actual reserve deficiency of the systems, as determined annually by the Governor's Office of Management and Budget at the request of the State Treasurer. The amounts apportioned under this subsection shall not reduce the amount in the State Pensions Fund below \$5,000,000.

(d) The Governor's Office of Management and Budget shall determine the individual and total reserve deficiencies of the designated retirement systems. For this purpose, the Governor's Office of Management and Budget shall utilize the latest available audit and actuarial reports of each of the retirement systems and the relevant reports and statistics of the Public Employee Pension Fund Division of the Department of Insurance.

(d-1) (Blank).

(e) The changes to this Section made by Public Act 88-593 shall first apply to distributions from the Fund for State fiscal year 1996.

The total amounts transferred shall not exceed 4% in total of the amounts appropriated from the General Revenue Fund or any other State fund that receives monies for long-term care services for each fiscal year. Notwithstanding any provision of the law to the contrary, the General Assembly hereby authorizes the use of such funds for the purposes set forth in this Section.

These provisions do not apply to funds classified by the Comptroller as federal trust funds or State trust funds. The Audit Expense Fund may receive transfers from those trust funds only as directed herein, except where prohibited by the terms of the trust fund agreement. The Auditor General shall notify the trustees of those funds of the estimated cost of the audit to be incurred under the Illinois State Auditing Act for the fund. The trustees of those funds shall direct the State Comptroller and Treasurer to transfer the estimated amount to the Audit Expense Fund.

The Auditor General may bill entities that are not subject to the above transfer provisions, including private entities, related organizations and entities whose funds are locally-held, for the cost of audits, studies, and investigations incurred on their behalf. Any revenues received under this provision shall be deposited into the Audit Expense Fund.

In the event that moneys on deposit in any fund are unavailable, by reason of deficiency or any other reason preventing their lawful transfer, the State Comptroller shall order transferred and the State Treasurer shall transfer the amount deficient or otherwise unavailable from the General Revenue Fund for deposit into the Audit Expense Fund.

On or before December 1, 1992, and each December 1 thereafter, the Auditor General shall notify the Governor's Office of Management and Budget (formerly Bureau of the Budget) of the amount estimated to be necessary to pay for audits, studies, and investigations in accordance with the Illinois State Auditing Act during the next succeeding fiscal year for each State fund for which a transfer or reimbursement is anticipated.

Beginning with fiscal year 1994 and during each fiscal year thereafter, the Auditor General may direct the State Comptroller and Treasurer to transfer moneys from funds authorized by the General Assembly for that fund. In the event funds, including federal and State trust funds but excluding the General Revenue Fund, are transferred, during fiscal year 1994 and during each fiscal year thereafter, in excess of the amount to pay actual costs attributable to audits, studies, and investigations as permitted or required by the Illinois State Auditing Act or specific action of the General Assembly, the Auditor General shall, on September 30, or as soon thereafter as is practicable, direct the State Comptroller and Treasurer to transfer the excess amount back to the fund from which it was originally transferred.

Section 5-10. The Gifts and Grants to Government Act is amended by adding Section 5 as follows:

(30 ILCS 110/5 new)

Sec. 5. Lieutenant Governor's Grant Fund; additional purposes. In addition to any other deposits authorized by law, the Lieutenant Governor's Grant Fund may accept funds from any source, public or private, to be used for the purposes of such funds including administrative costs of the Lieutenant Governor's Office.

Section 5-15. The State Revenue Sharing Act is amended by changing Section 12 as follows:

(30 ILCS 115/12) (from Ch. 85, par. 616)

Sec. 12. Personal Property Tax Replacement Fund. There is hereby created the Personal Property Tax Replacement Fund, a special fund in the State Treasury into which shall be paid all revenue realized:

(a) all amounts realized from the additional personal property tax replacement income tax imposed by subsections (c) and (d) of Section 201 of the Illinois Income Tax Act, except for those amounts deposited into the Income Tax Refund Fund pursuant to subsection (c) of Section 901 of the Illinois Income Tax Act; and

(b) all amounts realized from the additional personal property replacement invested capital taxes imposed by Section 2a.1 of the Messages Tax Act, Section 2a.1 of the Gas Revenue Tax Act, Section 2a.1 of the Public Utilities Revenue Act, and Section 3 of the Water Company Invested Capital Tax Act, and amounts payable to the Department of Revenue under the Telecommunications Infrastructure Maintenance Fee Act.

As soon as may be after the end of each month, the Department of Revenue shall certify to the Treasurer and the Comptroller the amount of all refunds paid out of the General Revenue Fund through the preceding month on account of overpayment of liability on taxes paid into the Personal Property Tax Replacement Fund. Upon receipt of such certification, the Treasurer and the Comptroller shall transfer the amount so certified from the Personal Property Tax Replacement Fund into the General Revenue Fund.

The payments of revenue into the Personal Property Tax Replacement Fund shall be used exclusively for distribution to taxing districts, regional offices and officials, and local officials as provided in this Section and in the School Code, payment of the ordinary and contingent expenses of the Property Tax

Appeal Board, payment of the expenses of the Department of Revenue incurred in administering the collection and distribution of monies paid into the Personal Property Tax Replacement Fund and transfers due to refunds to taxpayers for overpayment of liability for taxes paid into the Personal Property Tax Replacement Fund.

In addition, moneys in the Personal Property Tax Replacement Fund may be used to pay any of the following: (i) salary, stipends, and additional compensation as provided by law for chief election clerks, county clerks, and county recorders; (ii) costs associated with regional offices of education and educational service centers; (iii) reimbursements payable by the State Board of Elections under Section 4-25, 5-35, 6-71, 13-10, 13-10a, or 13-11 of the Election Code; (iv) expenses of the Illinois Educational Labor Relations Board; and (v) salary, personal services, and additional compensation as provided by law for court reporters under the Court Reporters Act.

As soon as may be after June 26, 1980 (the effective date of Public Act 81-1255) ~~this amendatory Act of 1980~~, the Department of Revenue shall certify to the Treasurer the amount of net replacement revenue paid into the General Revenue Fund prior to that effective date from the additional tax imposed by Section 2a.1 of the Messages Tax Act; Section 2a.1 of the Gas Revenue Tax Act; Section 2a.1 of the Public Utilities Revenue Act; Section 3 of the Water Company Invested Capital Tax Act; amounts collected by the Department of Revenue under the Telecommunications Infrastructure Maintenance Fee Act; and the additional personal property tax replacement income tax imposed by the Illinois Income Tax Act, as amended by Public Act 81-1st Special Session-1. Net replacement revenue shall be defined as the total amount paid into and remaining in the General Revenue Fund as a result of those Acts minus the amount outstanding and obligated from the General Revenue Fund in state vouchers or warrants prior to June 26, 1980 (the effective date of Public Act 81-1255) ~~this amendatory Act of 1980~~ as refunds to taxpayers for overpayment of liability under those Acts.

All interest earned by monies accumulated in the Personal Property Tax Replacement Fund shall be deposited in such Fund. All amounts allocated pursuant to this Section are appropriated on a continuing basis.

Prior to December 31, 1980, as soon as may be after the end of each quarter beginning with the quarter ending December 31, 1979, and on and after December 31, 1980, as soon as may be after January 1, March 1, April 1, May 1, July 1, August 1, October 1 and December 1 of each year, the Department of Revenue shall allocate to each taxing district as defined in Section 1-150 of the Property Tax Code, in accordance with the provisions of paragraph (2) of this Section the portion of the funds held in the Personal Property Tax Replacement Fund which is required to be distributed, as provided in paragraph (1), for each quarter. Provided, however, under no circumstances shall any taxing district during each of the first two years of distribution of the taxes imposed by Public Act 81-1st Special Session-1 ~~this amendatory Act of 1979~~ be entitled to an annual allocation which is less than the funds such taxing district collected from the 1978 personal property tax. Provided further that under no circumstances shall any taxing district during the third year of distribution of the taxes imposed by Public Act 81-1st Special Session-1 ~~this amendatory Act of 1979~~ receive less than 60% of the funds such taxing district collected from the 1978 personal property tax. In the event that the total of the allocations made as above provided for all taxing districts, during either of such 3 years, exceeds the amount available for distribution the allocation of each taxing district shall be proportionately reduced. Except as provided in Section 13 of this Act, the Department shall then certify, pursuant to appropriation, such allocations to the State Comptroller who shall pay over to the several taxing districts the respective amounts allocated to them.

Any township which receives an allocation based in whole or in part upon personal property taxes which it levied pursuant to Section 6-507 or 6-512 of the Illinois Highway Code and which was previously required to be paid over to a municipality shall immediately pay over to that municipality a proportionate share of the personal property replacement funds which such township receives.

Any municipality or township, other than a municipality with a population in excess of 500,000, which receives an allocation based in whole or in part on personal property taxes which it levied pursuant to Sections 3-1, 3-4 and 3-6 of the Illinois Local Library Act and which was previously required to be paid over to a public library shall immediately pay over to that library a proportionate share of the personal property tax replacement funds which such municipality or township receives; provided that if such a public library has converted to a library organized under The Illinois Public Library District Act, regardless of whether such conversion has occurred on, after or before January 1, 1988, such proportionate share shall be immediately paid over to the library district which maintains and operates the library. However, any library that has converted prior to January 1, 1988, and which hitherto has not received the personal property tax replacement funds, shall receive such funds commencing on January 1, 1988.

Any township which receives an allocation based in whole or in part on personal property taxes which it levied pursuant to Section 1c of the Public Graveyards Act and which taxes were previously required to

be paid over to or used for such public cemetery or cemeteries shall immediately pay over to or use for such public cemetery or cemeteries a proportionate share of the personal property tax replacement funds which the township receives.

Any taxing district which receives an allocation based in whole or in part upon personal property taxes which it levied for another governmental body or school district in Cook County in 1976 or for another governmental body or school district in the remainder of the State in 1977 shall immediately pay over to that governmental body or school district the amount of personal property replacement funds which such governmental body or school district would receive directly under the provisions of paragraph (2) of this Section, had it levied its own taxes.

(1) The portion of the Personal Property Tax Replacement Fund required to be distributed as of the time allocation is required to be made shall be the amount available in such Fund as of the time allocation is required to be made.

The amount available for distribution shall be the total amount in the fund at such time minus the necessary administrative and other authorized expenses as limited by the appropriation and the amount determined by: (a) \$2.8 million for fiscal year 1981; (b) for fiscal year 1982, .54% of the funds distributed from the fund during the preceding fiscal year; (c) for fiscal year 1983 through fiscal year 1988, .54% of the funds distributed from the fund during the preceding fiscal year less .02% of such fund for fiscal year 1983 and less .02% of such funds for each fiscal year thereafter; (d) for fiscal year 1989 through fiscal year 2011 no more than 105% of the actual administrative expenses of the prior fiscal year; (e) for fiscal year 2012 and beyond, a sufficient amount to pay (i) stipends, additional compensation, salary reimbursements, and other amounts directed to be paid out of this Fund for local officials as authorized or required by statute and (ii) the ordinary and contingent expenses of the Property Tax Appeal Board and the expenses of the Department of Revenue incurred in administering the collection and distribution of moneys paid into the Fund; (f) for fiscal years 2012 and 2013 only, a sufficient amount to pay stipends, additional compensation, salary reimbursements, and other amounts directed to be paid out of this Fund for regional offices and officials as authorized or required by statute; or (g) for fiscal years 2018 through ~~2021~~ 2020 only, a sufficient amount to pay amounts directed to be paid out of this Fund for public community college base operating grants and local health protection grants to certified local health departments as authorized or required by appropriation or statute. Such portion of the fund shall be determined after the transfer into the General Revenue Fund due to refunds, if any, paid from the General Revenue Fund during the preceding quarter. If at any time, for any reason, there is insufficient amount in the Personal Property Tax Replacement Fund for payments for regional offices and officials or local officials or payment of costs of administration or for transfers due to refunds at the end of any particular month, the amount of such insufficiency shall be carried over for the purposes of payments for regional offices and officials, local officials, transfers into the General Revenue Fund, and costs of administration to the following month or months. Net replacement revenue held, and defined above, shall be transferred by the Treasurer and Comptroller to the Personal Property Tax Replacement Fund within 10 days of such certification.

(2) Each quarterly allocation shall first be apportioned in the following manner: 51.65% for taxing districts in Cook County and 48.35% for taxing districts in the remainder of the State.

The Personal Property Replacement Ratio of each taxing district outside Cook County shall be the ratio which the Tax Base of that taxing district bears to the Downstate Tax Base. The Tax Base of each taxing district outside of Cook County is the personal property tax collections for that taxing district for the 1977 tax year. The Downstate Tax Base is the personal property tax collections for all taxing districts in the State outside of Cook County for the 1977 tax year. The Department of Revenue shall have authority to review for accuracy and completeness the personal property tax collections for each taxing district outside Cook County for the 1977 tax year.

The Personal Property Replacement Ratio of each Cook County taxing district shall be the ratio which the Tax Base of that taxing district bears to the Cook County Tax Base. The Tax Base of each Cook County taxing district is the personal property tax collections for that taxing district for the 1976 tax year. The Cook County Tax Base is the personal property tax collections for all taxing districts in Cook County for the 1976 tax year. The Department of Revenue shall have authority to review for accuracy and completeness the personal property tax collections for each taxing district within Cook County for the 1976 tax year.

For all purposes of this Section 12, amounts paid to a taxing district for such tax years as may be applicable by a foreign corporation under the provisions of Section 7-202 of the Public Utilities Act, as amended, shall be deemed to be personal property taxes collected by such taxing district for such tax years as may be applicable. The Director shall determine from the Illinois Commerce Commission, for any tax year as may be applicable, the amounts so paid by any such foreign corporation to any and all taxing

districts. The Illinois Commerce Commission shall furnish such information to the Director. For all purposes of this Section 12, the Director shall deem such amounts to be collected personal property taxes of each such taxing district for the applicable tax year or years.

Taxing districts located both in Cook County and in one or more other counties shall receive both a Cook County allocation and a Downstate allocation determined in the same way as all other taxing districts.

If any taxing district in existence on July 1, 1979 ceases to exist, or discontinues its operations, its Tax Base shall thereafter be deemed to be zero. If the powers, duties and obligations of the discontinued taxing district are assumed by another taxing district, the Tax Base of the discontinued taxing district shall be added to the Tax Base of the taxing district assuming such powers, duties and obligations.

If two or more taxing districts in existence on July 1, 1979, or a successor or successors thereto shall consolidate into one taxing district, the Tax Base of such consolidated taxing district shall be the sum of the Tax Bases of each of the taxing districts which have consolidated.

If a single taxing district in existence on July 1, 1979, or a successor or successors thereto shall be divided into two or more separate taxing districts, the tax base of the taxing district so divided shall be allocated to each of the resulting taxing districts in proportion to the then current equalized assessed value of each resulting taxing district.

If a portion of the territory of a taxing district is disconnected and annexed to another taxing district of the same type, the Tax Base of the taxing district from which disconnection was made shall be reduced in proportion to the then current equalized assessed value of the disconnected territory as compared with the then current equalized assessed value within the entire territory of the taxing district prior to disconnection, and the amount of such reduction shall be added to the Tax Base of the taxing district to which annexation is made.

If a community college district is created after July 1, 1979, beginning on January 1, 1996 (the effective date of Public Act 89-327) ~~this amendatory Act of 1995~~, its Tax Base shall be 3.5% of the sum of the personal property tax collected for the 1977 tax year within the territorial jurisdiction of the district.

The amounts allocated and paid to taxing districts pursuant to the provisions of Public Act 81-1st Special Session-1 ~~this amendatory Act of 1979~~ shall be deemed to be substitute revenues for the revenues derived from taxes imposed on personal property pursuant to the provisions of the "Revenue Act of 1939" or "An Act for the assessment and taxation of private car line companies", approved July 22, 1943, as amended, or Section 414 of the Illinois Insurance Code, prior to the abolition of such taxes and shall be used for the same purposes as the revenues derived from ad valorem taxes on real estate.

Monies received by any taxing districts from the Personal Property Tax Replacement Fund shall be first applied toward payment of the proportionate amount of debt service which was previously levied and collected from extensions against personal property on bonds outstanding as of December 31, 1978 and next applied toward payment of the proportionate share of the pension or retirement obligations of the taxing district which were previously levied and collected from extensions against personal property. For each such outstanding bond issue, the County Clerk shall determine the percentage of the debt service which was collected from extensions against real estate in the taxing district for 1978 taxes payable in 1979, as related to the total amount of such levies and collections from extensions against both real and personal property. For 1979 and subsequent years' taxes, the County Clerk shall levy and extend taxes against the real estate of each taxing district which will yield the said percentage or percentages of the debt service on such outstanding bonds. The balance of the amount necessary to fully pay such debt service shall constitute a first and prior lien upon the monies received by each such taxing district through the Personal Property Tax Replacement Fund and shall be first applied or set aside for such purpose. In counties having fewer than 3,000,000 inhabitants, the amendments to this paragraph as made by Public Act 81-1255 ~~this amendatory Act of 1980~~ shall be first applicable to 1980 taxes to be collected in 1981. Warrants shall be issued by the State Comptroller payable to the agricultural education teacher or teachers on vouchers certified by the Department.

If after all approved claims are paid there remains any amount of the appropriation, the remaining portion shall be distributed equally among the participating agricultural education section fairs to be expended for the purposes set forth in this Section. A fiscal accounting of the expenditure of funds distributed under this paragraph shall be filed with the Department by each participating fair not later than one year after the date of its receipt of such funds.

For State fiscal year 2020 only, any section unable to hold an Agricultural Education Section Fair or Fairs shall receive all funds appropriated, at the rate designated by the Bureau of County Fairs, for the purpose of issuing premiums awarded to agricultural education students. (a) As soon as possible after the first day of each month, beginning July 1, 1984, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, from the General Revenue Fund to a special fund in the State Treasury which is hereby created, to be known as the Downstate Public Transportation Fund, an amount equal to 2/32 (beginning July 1, 2005, 3/32) of the net revenue realized from the Retailers' Occupation Tax Act, the Service Occupation Tax Act, the Use Tax Act, and the Service Use Tax Act from persons incurring municipal or county retailers' or service occupation tax liability for the benefit of any municipality or county located wholly within the boundaries of each participant, other than any Metro-East Transit District participant certified pursuant to subsection (c) of this Section during the preceding month, except that the Department shall pay into the Downstate Public Transportation Fund 2/32 (beginning July 1, 2005, 3/32) of 80% of the net revenue realized under the State tax Acts named above within any municipality or county located wholly within the boundaries of each participant, other than any Metro-East participant, for tax periods beginning on or after January 1, 1990. Net revenue realized for a month shall be the revenue collected by the State pursuant to such Acts during the previous month from persons incurring municipal or county retailers' or service occupation tax liability for the benefit of any municipality or county located wholly within the boundaries of a participant, less the amount paid out during that same month as refunds or credit memoranda to taxpayers for overpayment of liability under such Acts for the benefit of any municipality or county located wholly within the boundaries of a participant.

Notwithstanding any provision of law to the contrary, beginning on July 6, 2017 (the effective date of Public Act 100-23), those amounts required under this subsection (a) to be transferred by the Treasurer into the Downstate Public Transportation Fund from the General Revenue Fund shall be directly deposited into the Downstate Public Transportation Fund as the revenues are realized from the taxes indicated.

A local match equivalent to an amount which could be raised by a tax levy at the rate of .05% on the assessed value of property within the boundaries of Madison County is required annually to cause a total of 2/32 of the net revenue to be deposited in the Metro-East Public Transportation Fund. Failure to raise the required local match annually shall result in only 1/32 being deposited into the Metro-East Public Transportation Fund after July 1, 1989, or 1/32 of 80% of the net revenue realized for tax periods beginning on or after January 1, 1990.

(b-5) As soon as possible after the first day of each month, beginning July 1, 2005, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, from the General Revenue Fund to the Downstate Public Transportation Fund, an amount equal to 3/32 of 80% of the net revenue realized from within the boundaries of Monroe and St. Clair Counties under the State Tax Acts specified in subsection (a) of this Section and provided further that, beginning July 1, 2005, the provisions of subsection (b) shall no longer apply with respect to such tax receipts from Monroe and St. Clair Counties.

specified in subsection (a) of this Section and provided further that, beginning July 1, 2008, the provisions of subsection (b) shall no longer apply with respect to such tax receipts from Madison County.

Notwithstanding any provision of law to the contrary, beginning on July 6, 2017 (the effective date of Public Act 100-23), those amounts required under this subsection (b-6) to be transferred by the Treasurer into the Downstate Public Transportation Fund from the General Revenue Fund shall be directly deposited into the Downstate Public Transportation Fund as the revenues are realized from the taxes indicated.

(b-7) Beginning July 1, 2018, notwithstanding the other provisions of this Section, instead of the Comptroller making monthly transfers from the General Revenue Fund to the Downstate Public Transportation Fund, the Department of Revenue shall deposit the designated fraction of the net revenue realized from collections under the Retailers' Occupation Tax Act, the Service Occupation Tax Act, the Use Tax Act, and the Service Use Tax Act directly into the Downstate Public Transportation Fund.

(b) Local Government Distributive Fund. Beginning August 1, 2017 and continuing through January 31, 2021, the Treasurer shall transfer each month from the General Revenue Fund to the Local Government Distributive Fund an amount equal to the sum of (i) 6.06% (10% of the ratio of the 3% individual income tax rate prior to 2011 to the 4.95% individual income tax rate after July 1, 2017) of the net revenue realized from the tax imposed by subsections (a) and (b) of Section 201 of this Act upon individuals, trusts, and estates during the preceding month and (ii) 6.85% (10% of the ratio of the 4.8% corporate income tax rate prior to 2011 to the 7% corporate income tax rate after July 1, 2017) of the net revenue realized from the tax imposed by subsections (a) and (b) of Section 201 of this Act upon corporations during the preceding month. Beginning February 1, 2021, the Treasurer shall transfer each month from the General Revenue Fund to the Local Government Distributive Fund an amount equal to the sum of (i) 5.32% of the net revenue realized from the tax imposed by subsections (a) and (b) of Section 201 of this Act upon individuals, trusts, and estates during the preceding month and (ii) 6.16% of the net revenue realized from the tax imposed by subsections (a) and (b) of Section 201 of this Act upon corporations during the preceding month. Net revenue realized for a month shall be defined as the revenue from the tax imposed by subsections (a) and (b) of Section 201 of this Act which is deposited in the General Revenue Fund, the Education Assistance Fund, the Income Tax Surcharge Local Government Distributive Fund, the Fund for the Advancement of Education, and the Commitment to Human Services Fund during the month minus the amount paid out of the General Revenue Fund in State warrants during that same month as refunds to taxpayers for overpayment of liability under the tax imposed by subsections (a) and (b) of Section 201 of this Act.

Notwithstanding any provision of law to the contrary, beginning on July 6, 2017 (the effective date of Public Act 100-23), those amounts required under this subsection (b) to be transferred by the Treasurer into the Local Government Distributive Fund from the General Revenue Fund shall be directly deposited into the Local Government Distributive Fund as the revenue is realized from the tax imposed by subsections (a) and (b) of Section 201 of this Act.

For State fiscal year 2020 only, notwithstanding any provision of law to the contrary, the total amount of revenue and deposits under this Section attributable to revenues realized during State fiscal year 2020 shall be reduced by 5%.

Beginning with State fiscal year 1990 and for each fiscal year thereafter, the percentage deposited into the Income Tax Refund Fund during a fiscal year shall be the Annual Percentage. For fiscal year 2011, the Annual Percentage shall be 8.75%. For fiscal year 2012, the Annual Percentage shall be 8.75%. For fiscal year 2013, the Annual Percentage shall be 9.75%. For fiscal year 2014, the Annual Percentage shall be 9.5%. For fiscal year 2015, the Annual Percentage shall be 10%. For fiscal year 2018, the Annual Percentage shall be 9.8%. For fiscal year 2019, the Annual Percentage shall be 9.7%. For fiscal year 2020, the Annual Percentage shall be 9.5%. For fiscal year 2021, the Annual Percentage shall be 9%. For all other fiscal years, the Annual Percentage shall be calculated as a fraction, the numerator of which shall be the amount of refunds approved for payment by the Department during the preceding fiscal year as a result of overpayment of tax liability under subsections (a) and (b)(1), (2), and (3) of Section 201 of this Act plus the amount of such refunds remaining approved but unpaid at the end of the preceding fiscal year, minus the amounts transferred into the Income Tax Refund Fund from the Tobacco Settlement Recovery Fund, and the denominator of which shall be the amounts which will be collected pursuant to subsections (a) and (b)(1), (2), and (3) of Section 201 of this Act during the preceding fiscal year; except that in State fiscal year 2002, the Annual Percentage shall in no event exceed 7.6%. The Director of Revenue shall certify the Annual Percentage to the Comptroller on the last business day of the fiscal year immediately preceding the fiscal year for which it is to be effective.

(2) Beginning on January 1, 1989 and thereafter, the Department shall deposit a percentage of the amounts collected pursuant to subsections (a) and (b)(6), (7), and (8), (c) and (d) of Section 201 of this Act into a fund in the State treasury known as the Income Tax Refund Fund. Beginning with State fiscal year 1990 and for each fiscal year thereafter, the percentage deposited into the Income Tax Refund Fund during a fiscal year shall be the Annual Percentage. For fiscal year 2011, the Annual Percentage shall be 17.5%. For fiscal year 2012, the Annual Percentage shall be 17.5%. For fiscal year 2013, the Annual Percentage shall be 14%. For fiscal year 2014, the Annual Percentage shall be 13.4%. For fiscal year 2015, the Annual Percentage shall be 14%. For fiscal year 2018, the Annual Percentage shall be 17.5%. For fiscal year 2019, the Annual Percentage shall be 15.5%. For fiscal year 2020, the Annual Percentage shall be 14.25%. For fiscal year 2021, the Annual Percentage shall be 14%. For all other fiscal years, the Annual Percentage shall be calculated as a fraction, the numerator of which shall be the amount of refunds approved for payment by the Department during the preceding fiscal year as a result of overpayment of tax liability under subsections (a) and (b)(6), (7), and (8), (c) and (d) of Section 201 of this Act plus the amount of such refunds remaining approved but unpaid at the end of the preceding fiscal year, and the denominator of which shall be the amounts which will be collected pursuant to subsections (a) and (b)(6), (7), and (8), (c) and (d) of Section 201 of this Act during the preceding fiscal year; except that in State fiscal year 2002, the Annual Percentage shall in no event exceed 23%. The Director of Revenue shall certify the Annual Percentage to the Comptroller on the last business day of the fiscal year immediately preceding the fiscal year for which it is to be effective.

(3) The Comptroller shall order transferred and the Treasurer shall transfer from the Tobacco Settlement Recovery Fund to the Income Tax Refund Fund (i) \$35,000,000 in January, 2001, (ii) \$35,000,000 in January, 2002, and (iii) \$35,000,000 in January, 2003.

(2) The Director shall order payment of refunds resulting from overpayment of tax liability under Section 201 of this Act from the Income Tax Refund Fund only to the extent that amounts collected pursuant to Section 201 of this Act and transfers pursuant to this subsection (d) and item (3) of subsection (c) have been deposited and retained in the Fund.

(3) As soon as possible after the end of each fiscal year, the Director shall order transferred and the State Treasurer and State Comptroller shall transfer from the Income Tax Refund Fund to the Personal Property Tax Replacement Fund an amount, certified by the Director to the Comptroller, equal to the excess of the amount collected pursuant to subsections (c) and (d) of Section 201 of this Act deposited into the Income Tax Refund Fund during the fiscal year over the amount of refunds resulting from overpayment of tax liability under subsections (c) and (d) of Section 201 of this Act paid from the Income Tax Refund Fund during the fiscal year.

(4) As soon as possible after the end of each fiscal year, the Director shall order transferred and the State Treasurer and State Comptroller shall transfer from the Personal Property Tax Replacement Fund to the Income Tax Refund Fund an amount, certified by the Director to the

Comptroller, equal to the excess of the amount of refunds resulting from overpayment of tax liability under subsections (c) and (d) of Section 201 of this Act paid from the Income Tax Refund Fund during the fiscal year over the amount collected pursuant to subsections (c) and (d) of Section 201 of this Act deposited into the Income Tax Refund Fund during the fiscal year.

(4.5) As soon as possible after the end of fiscal year 1999 and of each fiscal year thereafter, the Director shall order transferred and the State Treasurer and State Comptroller shall transfer from the Income Tax Refund Fund to the General Revenue Fund any surplus remaining in the Income Tax Refund Fund as of the end of such fiscal year; excluding for fiscal years 2000, 2001, and 2002 amounts attributable to transfers under item (3) of subsection (c) less refunds resulting from the earned income tax credit.

(5) This Act shall constitute an irrevocable and continuing appropriation from the Income Tax Refund Fund for the purpose of paying refunds upon the order of the Director in accordance with the provisions of this Section.

(e) Deposits into the Education Assistance Fund and the Income Tax Surcharge Local Government Distributive Fund. On July 1, 1991, and thereafter, of the amounts collected pursuant to subsections (a) and (b) of Section 201 of this Act, minus deposits into the Income Tax Refund Fund, the Department shall deposit 7.3% into the Education Assistance Fund in the State Treasury. Beginning July 1, 1991, and continuing through January 31, 1993, of the amounts collected pursuant to subsections (a) and (b) of Section 201 of the Illinois Income Tax Act, minus deposits into the Income Tax Refund Fund, the Department shall deposit 3.0% into the Income Tax Surcharge Local Government Distributive Fund in the State Treasury. (g) Deposits into the Commitment to Human Services Fund. Beginning February 1, 2015, the Department shall deposit the following portions of the revenue realized from the tax imposed upon individuals, trusts, and estates by subsections (a) and (b) of Section 201 of this Act, minus deposits into the Income Tax Refund Fund, into the Commitment to Human Services Fund:

Section 15-10. The Use Tax Act is amended by changing Section 9 as follows:
(35 ILCS 105/9) (from Ch. 120, par. 439.9)

Sec. 9. Except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, each retailer required or authorized to collect the tax imposed by this Act shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or \$5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. The discount under this Section is not allowed for the 1.25% portion of taxes paid on aviation fuel that is subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for retailers whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final. A retailer need not remit that part of any tax collected by him to the extent that he is required to remit and does remit the tax imposed by the Retailers' Occupation Tax Act, with respect to the sale of the same property.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the retailer, in collecting the tax (except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State), may collect for each tax return period, only the tax applicable to that part of the selling price actually received during such tax return period.

Except as provided in this Section, on or before the twentieth day of each calendar month, such retailer shall file a return for the preceding calendar month. Such return shall be filed on forms prescribed by the Department and shall furnish such information as the Department may reasonably require. On and after January 1, 2018, except for returns for motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, with respect to retailers whose annual gross receipts average \$20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. Retailers who demonstrate that they do not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the electronic filing requirement.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;

[May 23, 2020]

5. The amount of tax due;
- 5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

Each retailer required or authorized to collect the tax imposed by this Act on aviation fuel sold at retail in this State during the preceding calendar month shall, instead of reporting and paying tax on aviation fuel as otherwise required by this Section, report and pay such tax on a separate aviation fuel tax return. The requirements related to the return shall be as otherwise provided in this Section. Notwithstanding any other provisions of this Act to the contrary, retailers collecting tax on aviation fuel shall file all aviation fuel tax returns and shall make all aviation fuel tax payments by electronic means in the manner and form required by the Department. For purposes of this Section, "aviation fuel" means jet fuel and aviation gasoline.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Notwithstanding any other provision of this Act to the contrary, retailers subject to tax on cannabis shall file all cannabis tax returns and shall make all cannabis tax payments by electronic means in the manner and form required by the Department.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of \$150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of \$100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of \$50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of \$200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, the Service Use Tax Act was \$10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act was \$20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985, and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's

actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987, and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than \$9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than \$10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the \$10,000 threshold stated above, then such taxpayer may petition the Department for change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than \$19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than \$20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the \$20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

If any such payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown by an original monthly return, the Department shall issue to the taxpayer a credit memorandum no later than 30 days after the date of payment, which memorandum may be submitted by the taxpayer to the Department in payment of tax liability subsequently to be remitted by the taxpayer to the Department or be assigned by the taxpayer to a similar taxpayer under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department, except that if such excess payment is shown on an original monthly return and is made after December 31, 1986, no credit memorandum shall be issued, unless requested by the taxpayer. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted by the taxpayer to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% or 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and the taxpayer shall be liable for penalties and interest on such difference.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed \$200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February, and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and

with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability to the Department does not exceed \$50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, except as otherwise provided in this Section, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 3-55 of this Act, then that seller may report the transfer of all the aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every person who is engaged in the business of leasing or renting such items and who, in connection with such business, sells any such item to a retailer for the purpose of resale is, notwithstanding any other provision of this Section to the contrary, authorized to meet the return-filing requirement of this Act by reporting the transfer of all the aircraft, watercraft, motor vehicles, or trailers transferred for resale during a month to the Department on the same uniform invoice-transaction reporting return form on or before the 20th of the month following the month in which the transfer takes place. Notwithstanding any other provision of this Act to the contrary, all returns filed under this paragraph must be filed by electronic means in the manner and form as required by the Department.

The transaction reporting return in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of the Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of the Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft and aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the date of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the tax that is imposed by this Act may be transmitted to the Department by way of the State agency with which, or State officer with whom, the tangible personal property must be titled or registered (if titling or registration is required)

if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer, and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Where a retailer collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the retailer refunds the selling price thereof to the purchaser, such retailer shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the retailer may deduct the amount of the tax so refunded by him to the purchaser from any other use tax which such retailer may be required to pay or remit to the Department, as shown by such return, if the amount of the tax to be deducted was previously remitted to the Department by such retailer. If the retailer has not previously remitted the amount of such tax to the Department, he is entitled to no deduction under this Act upon refunding such tax to the purchaser.

Any retailer filing a return under this Section shall also include (for the purpose of paying tax thereon) the total tax covered by such return upon the selling price of tangible personal property purchased by him at retail from a retailer, but as to which the tax imposed by this Act was not collected from the retailer filing such return, and such retailer shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable retailers, who are required to file returns hereunder and also under the Retailers' Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the retailer has more than one business registered with the Department under separate registration under this Act, such retailer may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax imposed under this Act.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund 4% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury, 20% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property, other than (i) tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government and (ii) aviation fuel sold on or after December 1, 2019.

This exception for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

For aviation fuel sold on or after December 1, 2019, each month the Department shall pay into the State Aviation Program Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of aviation fuel, less an amount estimated by the Department to be required for refunds of the 20% portion of the tax on aviation fuel under this Act, which amount shall be deposited into the Aviation Fuel Sales Tax Refund Fund. The Department shall only pay moneys into the State Aviation Program Fund and the Aviation Fuels Sales Tax Refund Fund under this Act for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol. Beginning September 1, 2010, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of sales tax holiday items.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2011, each month the Department shall pay into the Clean Air Act Permit Fund 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of sorbents used in Illinois in the process of sorbent injection as used to comply with the Environmental Protection Act or the federal Clean Air Act, but the total payment into the Clean Air Act Permit Fund under this Act and the Retailers' Occupation Tax Act shall not exceed \$2,000,000 in any fiscal year.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act shall not exceed \$18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit \$500,000 into the State Crime Laboratory Fund.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided,

that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

The Department shall only deposit moneys into the Aviation Fuel Sales Tax Refund Fund under this paragraph for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993 and ending on September 30, 2013, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, and the Energy Infrastructure Fund pursuant to the preceding paragraphs or in any amendments to this Section hereafter enacted, beginning on the first day of the first calendar month to occur on or after August 26, 2014 (the effective date of Public Act 98-1098), each month, from the collections made under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act, the Department shall pay into the Tax Compliance and Administration Fund, to be used, subject to appropriation, to fund additional auditors and compliance personnel at the Department of Revenue, an amount equal to 1/12 of 5% of 80% of the cash receipts collected during the preceding fiscal year by the Audit Bureau of the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

Section 15-15. The Service Use Tax Act is amended by changing Section 9 as follows:
(35 ILCS 110/9) (from Ch. 120, par. 439.39)

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or \$5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. The discount under this Section is not allowed for the 1.25% portion of taxes paid on aviation fuel that is subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for servicemen whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final. A serviceman need not remit that part of any tax collected by him to the extent that he is required to pay and does pay the tax imposed by the Service Occupation Tax Act with respect to his sale of service involving the incidental transfer by him of the same property.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable Rules and Regulations to be promulgated by the Department. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require. On and after January 1, 2018, with respect to servicemen whose annual gross receipts average \$20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. Servicemen who demonstrate that they do not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the electronic filing requirement.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;

3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
- 5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

Each serviceman required or authorized to collect the tax imposed by this Act on aviation fuel transferred as an incident of a sale of service in this State during the preceding calendar month shall, instead of reporting and paying tax on aviation fuel as otherwise required by this Section, report and pay such tax on a separate aviation fuel tax return. The requirements related to the return shall be as otherwise provided in this Section. Notwithstanding any other provisions of this Act to the contrary, servicemen collecting tax on aviation fuel shall file all aviation fuel tax returns and shall make all aviation fuel tax payments by electronic means in the manner and form required by the Department. For purposes of this Section, "aviation fuel" means jet fuel and aviation gasoline.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Notwithstanding any other provision of this Act to the contrary, servicemen subject to tax on cannabis shall file all cannabis tax returns and shall make all cannabis tax payments by electronic means in the manner and form required by the Department.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of \$150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of \$100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of \$50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of \$200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

If the serviceman is otherwise required to file a monthly return and if the serviceman's average monthly tax liability to the Department does not exceed \$200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the serviceman is otherwise required to file a monthly or quarterly return and if the serviceman's average monthly tax liability to the Department does not exceed \$50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Where a serviceman collects the tax with respect to the selling price of property which he sells and the purchaser thereafter returns such property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Use Tax, Service Occupation Tax, retailers' occupation tax or use tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

Any serviceman filing a return hereunder shall also include the total tax upon the selling price of tangible personal property purchased for use by him as an incident to a sale of service, and such serviceman shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Service Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registration hereunder, such serviceman shall not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Tax Reform Fund, a special fund in the State Treasury, the net revenue realized for the preceding month from the 1% tax imposed under this Act.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on transfers of tangible personal property, other than (i) tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government and (ii) aviation fuel sold on or after December 1, 2019. This exception for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

For aviation fuel sold on or after December 1, 2019, each month the Department shall pay into the State Aviation Program Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of aviation fuel, less an amount estimated by the Department to be required for refunds of the 20% portion of the tax on aviation fuel under this Act, which amount shall be deposited into the Aviation Fuel Sales Tax Refund Fund. The Department shall only pay moneys into the State Aviation Program Fund and the Aviation Fuel Sales Tax Refund Fund under this Act for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act shall not exceed \$18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under the Use Tax Act, this Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit \$500,000 into the State Crime Laboratory Fund.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

The Department shall only deposit moneys into the Aviation Fuel Sales Tax Refund Fund under this paragraph for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, and the Energy Infrastructure Fund pursuant to the preceding paragraphs or in any amendments to this Section hereafter enacted, beginning on the first day of the first calendar month to occur on or after August 26, 2014 (the effective date of Public Act 98-1098), each month, from the collections made under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act, the Department shall pay into the Tax Compliance and Administration Fund, to be used, subject to appropriation, to fund additional auditors and compliance personnel at the Department of Revenue, an amount equal to 1/12 of 5% of 80% of the cash receipts collected during the preceding fiscal year by the Audit Bureau of the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act, and associated local occupation and use taxes administered by the Department.

(35 ILCS 115/9) (from Ch. 120, par. 439.109)

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax at the time when he is required to file his return for the period during which such tax was collectible, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or \$5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. The discount under this Section is not allowed for the 1.25% portion of taxes paid on aviation fuel that is subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for

servicemen whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the serviceman, in collecting the tax may collect, for each tax return period, only the tax applicable to the part of the selling price actually received during such tax return period.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable rules and regulations to be promulgated by the Department of Revenue. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require. On and after January 1, 2018, with respect to servicemen whose annual gross receipts average \$20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. Servicemen who demonstrate that they do not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the electronic filing requirement.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
- 5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

Each serviceman required or authorized to collect the tax herein imposed on aviation fuel acquired as an incident to the purchase of a service in this State during the preceding calendar month shall, instead of reporting and paying tax as otherwise required by this Section, report and pay such tax on a separate aviation fuel tax return. The requirements related to the return shall be as otherwise provided in this Section. Notwithstanding any other provisions of this Act to the contrary, servicemen transferring aviation fuel incident to sales of service shall file all aviation fuel tax returns and shall make all aviation fuel tax payments by electronic means in the manner and form required by the Department. For purposes of this Section, "aviation fuel" means jet fuel and aviation gasoline.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Notwithstanding any other provision of this Act to the contrary, servicemen subject to tax on cannabis shall file all cannabis tax returns and shall make all cannabis tax payments by electronic means in the manner and form required by the Department.

Prior to October 1, 2003, and on and after September 1, 2004 a serviceman may accept a Manufacturer's Purchase Credit certification from a purchaser in satisfaction of Service Use Tax as provided in Section 3-70 of the Service Use Tax Act if the purchaser provides the appropriate documentation as required by Section 3-70 of the Service Use Tax Act. A Manufacturer's Purchase Credit certification, accepted prior to October 1, 2003 or on or after September 1, 2004 by a serviceman as provided in Section 3-70 of the Service Use Tax Act, may be used by that serviceman to satisfy Service Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 for reporting periods prior to September 1, 2004 shall be disallowed. Manufacturer's Purchase Credit reported on annual returns due on or after January 1, 2005 will be disallowed for periods prior to September 1, 2004. No Manufacturer's Purchase Credit may be used after September 30, 2003 through August 31, 2004 to satisfy any tax liability imposed under this Act, including any audit liability.

If the serviceman's average monthly tax liability to the Department does not exceed \$200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September

of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the serviceman's average monthly tax liability to the Department does not exceed \$50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of \$150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of \$100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of \$50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of \$200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Where a serviceman collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Occupation Tax, Service Use Tax, Retailers' Occupation Tax or Use Tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Retailers' Occupation Tax Act, the Use Tax Act or the Service Use Tax Act, to furnish all the return information required by all said Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registrations hereunder, such serviceman shall file separate returns for each registered business.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund the revenue realized for the preceding month from the 1% tax imposed under this Act.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund 4% of the revenue realized for the preceding month from the 6.25% general rate on sales of tangible personal property other than aviation fuel sold on or after December 1, 2019. This exception for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

Beginning August 1, 2000, each month the Department shall pay into the County and Mass Transit District Fund 20% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the revenue realized for the preceding month from the 6.25% general rate on transfers of tangible personal property other than aviation fuel sold on or after December 1, 2019. This exception for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

For aviation fuel sold on or after December 1, 2019, each month the Department shall pay into the State Aviation Program Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of aviation fuel, less an amount estimated by the Department to be required for refunds of the 20% portion of the tax on aviation fuel under this Act, which amount shall be deposited into the Aviation Fuel Sales Tax Refund Fund. The Department shall only pay moneys into the State Aviation Program Fund and the Aviation Fuel Sales Tax Refund Fund under this Act for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

Beginning August 1, 2000, each month the Department shall pay into the Local Government Tax Fund 80% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Use Tax Act, the Service Use Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Use Tax Act, the Service Use Tax Act, and the Retailers' Occupation Tax Act shall not exceed \$18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under the Use Tax Act, the Service Use Tax Act, this Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit \$500,000 into the State Crime Laboratory Fund.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be

If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the taxpayer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the taxpayer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The taxpayer's annual return to the Department shall also disclose the cost of goods sold by the taxpayer during the year covered by such return, opening and closing inventories of such goods for such year, cost of goods used from stock or taken from stock and given away by the taxpayer during such year, pay roll information of the taxpayer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such taxpayer as hereinbefore provided for in this Section.

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The foregoing portion of this Section concerning the filing of an annual information return shall not apply to a serviceman who is not required to file an income tax return with the United States Government.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, it shall be permissible for manufacturers, importers and wholesalers whose products are sold by numerous servicemen in Illinois, and who wish to do so, to assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the servicemen who are affected do not make written objection to the Department to this arrangement.

Sec. 3. Except as provided in this Section, on or before the twentieth day of each calendar month, every person engaged in the business of selling tangible personal property at retail in this State during the preceding calendar month shall file a return with the Department, stating:

1. The name of the seller;
2. His residence address and the address of his principal place of business and the

[May 23, 2020]

address of the principal place of business (if that is a different address) from which he engages in the business of selling tangible personal property at retail in this State;

3. Total amount of receipts received by him during the preceding calendar month or quarter, as the case may be, from sales of tangible personal property, and from services furnished, by him during such preceding calendar month or quarter;

4. Total amount received by him during the preceding calendar month or quarter on charge and time sales of tangible personal property, and from services furnished, by him prior to the month or quarter for which the return is filed;

5. Deductions allowed by law;

6. Gross receipts which were received by him during the preceding calendar month or quarter and upon the basis of which the tax is imposed;

7. The amount of credit provided in Section 2d of this Act;

8. The amount of tax due;

9. The signature of the taxpayer; and

10. Such other reasonable information as the Department may require.

On and after January 1, 2018, except for returns for motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, with respect to retailers whose annual gross receipts average \$20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. Retailers who demonstrate that they do not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the electronic filing requirement.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Each return shall be accompanied by the statement of prepaid tax issued pursuant to Section 2e for which credit is claimed.

Prior to October 1, 2003, and on and after September 1, 2004 a retailer may accept a Manufacturer's Purchase Credit certification from a purchaser in satisfaction of Use Tax as provided in Section 3-85 of the Use Tax Act if the purchaser provides the appropriate documentation as required by Section 3-85 of the Use Tax Act. A Manufacturer's Purchase Credit certification, accepted by a retailer prior to October 1, 2003 and on and after September 1, 2004 as provided in Section 3-85 of the Use Tax Act, may be used by that retailer to satisfy Retailers' Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 for reporting periods prior to September 1, 2004 shall be disallowed. Manufacturer's Purchaser Credit reported on annual returns due on or after January 1, 2005 will be disallowed for periods prior to September 1, 2004. No Manufacturer's Purchase Credit may be used after September 30, 2003 through August 31, 2004 to satisfy any tax liability imposed under this Act, including any audit liability.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;

2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;

3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;

4. The amount of credit provided in Section 2d of this Act;

5. The amount of tax due; and

6. Such other reasonable information as the Department may require.

Every person engaged in the business of selling aviation fuel at retail in this State during the preceding calendar month shall, instead of reporting and paying tax as otherwise required by this Section, report and pay such tax on a separate aviation fuel tax return. The requirements related to the return shall be as otherwise provided in this Section. Notwithstanding any other provisions of this Act to the contrary, retailers selling aviation fuel shall file all aviation fuel tax returns and shall make all aviation fuel tax payments by electronic means in the manner and form required by the Department. For purposes of this Section, "aviation fuel" means jet fuel and aviation gasoline.

Beginning on October 1, 2003, any person who is not a licensed distributor, importing distributor, or manufacturer, as defined in the Liquor Control Act of 1934, but is engaged in the business of selling, at

retail, alcoholic liquor shall file a statement with the Department of Revenue, in a format and at a time prescribed by the Department, showing the total amount paid for alcoholic liquor purchased during the preceding month and such other information as is reasonably required by the Department. The Department may adopt rules to require that this statement be filed in an electronic or telephonic format. Such rules may provide for exceptions from the filing requirements of this paragraph. For the purposes of this paragraph, the term "alcoholic liquor" shall have the meaning prescribed in the Liquor Control Act of 1934.

Beginning on October 1, 2003, every distributor, importing distributor, and manufacturer of alcoholic liquor as defined in the Liquor Control Act of 1934, shall file a statement with the Department of Revenue, no later than the 10th day of the month for the preceding month during which transactions occurred, by electronic means, showing the total amount of gross receipts from the sale of alcoholic liquor sold or distributed during the preceding month to purchasers; identifying the purchaser to whom it was sold or distributed; the purchaser's tax registration number; and such other information reasonably required by the Department. A distributor, importing distributor, or manufacturer of alcoholic liquor must personally deliver, mail, or provide by electronic means to each retailer listed on the monthly statement a report containing a cumulative total of that distributor's, importing distributor's, or manufacturer's total sales of alcoholic liquor to that retailer no later than the 10th day of the month for the preceding month during which the transaction occurred. The distributor, importing distributor, or manufacturer shall notify the retailer as to the method by which the distributor, importing distributor, or manufacturer will provide the sales information. If the retailer is unable to receive the sales information by electronic means, the distributor, importing distributor, or manufacturer shall furnish the sales information by personal delivery or by mail. For purposes of this paragraph, the term "electronic means" includes, but is not limited to, the use of a secure Internet website, e-mail, or facsimile.

If a total amount of less than \$1 is payable, refundable or creditable, such amount shall be disregarded if it is less than 50 cents and shall be increased to \$1 if it is 50 cents or more.

Notwithstanding any other provision of this Act to the contrary, retailers subject to tax on cannabis shall file all cannabis tax returns and shall make all cannabis tax payments by electronic means in the manner and form required by the Department.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of \$150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of \$100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of \$50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of \$200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Any amount which is required to be shown or reported on any return or other document under this Act shall, if such amount is not a whole-dollar amount, be increased to the nearest whole-dollar amount in any case where the fractional part of a dollar is 50 cents or more, and decreased to the nearest whole-dollar amount where the fractional part of a dollar is less than 50 cents.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed \$200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April

20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability with the Department does not exceed \$50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

Where the same person has more than one business registered with the Department under separate registrations under this Act, such person may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, except as otherwise provided in this Section, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle retailer or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 2-5 of this Act, then that seller may report the transfer of all aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every person who is engaged in the business of leasing or renting such items and who, in connection with such business, sells any such item to a retailer for the purpose of resale is, notwithstanding any other provision of this Section to the contrary, authorized to meet the return-filing requirement of this Act by reporting the transfer of all the aircraft, watercraft, motor vehicles, or trailers transferred for resale during a month to the Department on the same uniform invoice-transaction reporting return form on or before the 20th of the month following the month in which the transfer takes place. Notwithstanding any other provision of this Act to the contrary, all returns filed under this paragraph must be filed by electronic means in the manner and form as required by the Department.

Any retailer who sells only motor vehicles, watercraft, aircraft, or trailers that are required to be registered with an agency of this State, so that all retailers' occupation tax liability is required to be reported, and is reported, on such transaction reporting returns and who is not otherwise required to file monthly or quarterly returns, need not file monthly or quarterly returns. However, those retailers shall be required to file returns on an annual basis.

The transaction reporting return, in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of the Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of the Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft or aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in

tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the day of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the Illinois use tax may be transmitted to the Department by way of the State agency with which, or State officer with whom the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a use tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of the tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Refunds made by the seller during the preceding return period to purchasers, on account of tangible personal property returned to the seller, shall be allowed as a deduction under subdivision 5 of his monthly or quarterly return, as the case may be, in case the seller had theretofore included the receipts from the sale of such tangible personal property in a return filed by him and had paid the tax imposed by this Act with respect to such receipts.

Where the seller is a corporation, the return filed on behalf of such corporation shall be signed by the president, vice-president, secretary or treasurer or by the properly accredited agent of such corporation.

Where the seller is a limited liability company, the return filed on behalf of the limited liability company shall be signed by a manager, member, or properly accredited agent of the limited liability company.

Except as provided in this Section, the retailer filing the return under this Section shall, at the time of filing such return, pay to the Department the amount of tax imposed by this Act less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or \$5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for the expenses incurred in keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. The discount under this Section is not allowed for the 1.25% portion of taxes paid on aviation fuel that is subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133. Any prepayment made pursuant to Section 2d of this Act shall be included in the amount on which such 2.1% or 1.75% discount is computed. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for retailers whose certificate of

registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was \$10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was \$20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985 and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987 and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of \$10,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than \$9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than \$10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the \$10,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of \$20,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than \$19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than \$20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the \$20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due as a payment and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter

monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

The provisions of this paragraph apply before October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes which average in excess of \$25,000 per month during the preceding 2 complete calendar quarters, shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to September 1, 1985 (the effective date of Public Act 84-221), each payment shall be in an amount not less than 22.5% of the taxpayer's actual liability under Section 2d. If the month during which such tax liability is incurred begins on or after January 1, 1986, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding calendar year. If the month during which such tax liability is incurred begins on or after January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until such taxpayer's average monthly prepaid tax collections during the preceding 2 complete calendar quarters is \$25,000 or less. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

The provisions of this paragraph apply on and after October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes that average in excess of \$20,000 per month during the preceding 4 complete calendar quarters shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which the liability is incurred. Each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of the quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until the taxpayer's average monthly prepaid tax collections during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than \$19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarters is less than \$20,000. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

If any payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Use Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown on an original monthly return, the Department shall, if requested by the taxpayer, issue to the taxpayer a credit memorandum no later than 30 days after the date of payment. The credit evidenced by such credit memorandum may be assigned by the taxpayer to a similar taxpayer under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determined that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% and 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and that taxpayer shall be liable for penalties and interest on such difference.

If a retailer of motor fuel is entitled to a credit under Section 2d of this Act which exceeds the taxpayer's liability to the Department under this Act for the month which the taxpayer is filing a return, the Department shall issue the taxpayer a credit memorandum for the excess.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the retailer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the retailer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The retailer's annual return to the Department shall also disclose the cost of goods sold by the retailer during the year covered by such return, opening and closing inventories of such goods for such year, costs of goods used from stock or taken from stock and given away by the retailer during such year, payroll information of the retailer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such retailer as provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

- (i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.
- (ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The provisions of this Section concerning the filing of an annual information return do not apply to a retailer who is not required to file an income tax return with the United States Government.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

Any person who promotes, organizes, provides retail selling space for concessionaires or other types of sellers at the Illinois State Fair, DuQuoin State Fair, county fairs, local fairs, art shows, flea markets and similar exhibitions or events, including any transient merchant as defined by Section 2 of the Transient Merchant Act of 1987, is required to file a report with the Department providing the name of the merchant's business, the name of the person or persons engaged in merchant's business, the permanent address and Illinois Retailers Occupation Tax Registration Number of the merchant, the dates and location of the event and other reasonable information that the Department may require. The report must be filed not later than the 20th day of the month next following the month during which the event with retail sales was held. Any person who fails to file a report required by this Section commits a business offense and is subject to a fine not to exceed \$250.

Any person engaged in the business of selling tangible personal property at retail as a concessionaire or other type of seller at the Illinois State Fair, county fairs, art shows, flea markets and similar exhibitions or events, or any transient merchants, as defined by Section 2 of the Transient Merchant Act of 1987, may be required to make a daily report of the amount of such sales to the Department and to make a daily payment of the full amount of tax due. The Department shall impose this requirement when it finds that there is a significant risk of loss of revenue to the State at such an exhibition or event. Such a finding shall be based on evidence that a substantial number of concessionaires or other sellers who are not residents of Illinois will be engaging in the business of selling tangible personal property at retail at the exhibition or event, or other evidence of a significant risk of loss of revenue to the State. The Department shall notify concessionaires and other sellers affected by the imposition of this requirement. In the absence of notification by the Department, the concessionaires and other sellers shall file their returns as otherwise required in this Section.

Section 15-30. The Metropolitan Pier and Exposition Authority Act is amended by changing Sections 13 and 13.2 as follows:

(70 ILCS 210/13) (from Ch. 85, par. 1233)

Sec. 13. (a) The Authority shall not have power to levy taxes for any purpose, except as provided in subsections (b), (c), (d), (e), and (f).

(b) By ordinance the Authority shall, as soon as practicable after July 1, 1992 (the effective date of Public Act 87-733), impose a Metropolitan Pier and Exposition Authority Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property at retail within the territory described in this subsection at the rate of 1.0% of the gross receipts (i) from the sale of food, alcoholic beverages, and soft drinks sold for consumption on the premises where sold and (ii) from the sale of food, alcoholic beverages, and soft drinks sold for consumption off the premises where sold by a retailer whose principal source of gross receipts is from the sale of food, alcoholic beverages, and soft drinks prepared for immediate consumption.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident to that tax shall be collected and enforced by the Illinois Department of Revenue. The Department shall have full

power to administer and enforce this subsection, to collect all taxes and penalties so collected in the manner provided in this subsection, and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers, and duties, shall be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms, and shall employ the same modes of procedure applicable to this Retailers' Occupation Tax as are prescribed in Sections 1, 2 through 2-65 (in respect to all provisions of those Sections other than the State rate of taxes), 2c, 2h, 2i, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5i, 5j, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12, 13, and, until January 1, 1994, 13.5 of the Retailers' Occupation Tax Act, and, on and after January 1, 1994, all applicable provisions of the Uniform Penalty and Interest Act that are not inconsistent with this Act, as fully as if provisions contained in those Sections of the Retailers' Occupation Tax Act were set forth in this subsection.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their seller's tax liability under this subsection by separately stating that tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes that sellers are required to collect under the Use Tax Act, pursuant to bracket schedules as the Department may prescribe. The retailer filing the return shall, at the time of filing the return, pay to the Department the amount of tax imposed under this subsection, less a discount of 1.75%, which is allowed to reimburse the retailer for the expenses incurred in keeping records, preparing and filing returns, remitting the tax, and supplying data to the Department on request.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause a warrant to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metropolitan Pier and Exposition Authority trust fund held by the State Treasurer as trustee for the Authority.

Nothing in this subsection authorizes the Authority to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

The Department shall forthwith pay over to the State Treasurer, ex officio, as trustee for the Authority, all taxes and penalties collected under this subsection for deposit into a trust fund held outside of the State Treasury.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this subsection during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the amounts to be paid under subsection (g) of this Section, which shall be the amounts, not including credit memoranda, collected under this subsection during the second preceding calendar month by the Department, less any amounts determined by the Department to be necessary for the payment of refunds, less 1.5% of such balance, which sum shall be deposited by the State Treasurer into the Tax Compliance and Administration Fund in the State Treasury from which it shall be appropriated to the Department to cover the costs of the Department in administering and enforcing the provisions of this subsection, and less any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt by the Comptroller of the certification, the Comptroller shall cause the orders to be drawn for the remaining amounts, and the Treasurer shall administer those amounts as required in subsection (g).

A certificate of registration issued by the Illinois Department of Revenue to a retailer under the Retailers' Occupation Tax Act shall permit the registrant to engage in a business that is taxed under the tax imposed under this subsection, and no additional registration shall be required under the ordinance imposing the tax or under this subsection.

A certified copy of any ordinance imposing or discontinuing any tax under this subsection or effecting a change in the rate of that tax shall be filed with the Department, whereupon the Department shall proceed to administer and enforce this subsection on behalf of the Authority as of the first day of the third calendar month following the date of filing.

The tax authorized to be levied under this subsection may be levied within all or any part of the following described portions of the metropolitan area:

- (1) that portion of the City of Chicago located within the following area: Beginning at

[May 23, 2020]

the point of intersection of the Cook County - DuPage County line and York Road, then North along York Road to its intersection with Touhy Avenue, then east along Touhy Avenue to its intersection with the Northwest Tollway, then southeast along the Northwest Tollway to its intersection with Lee Street, then south along Lee Street to Higgins Road, then south and east along Higgins Road to its intersection with Mannheim Road, then south along Mannheim Road to its intersection with Irving Park Road, then west along Irving Park Road to its intersection with the Cook County - DuPage County line, then north and west along the county line to the point of beginning; and

(2) that portion of the City of Chicago located within the following area: Beginning at the intersection of West 55th Street with Central Avenue, then east along West 55th Street to its intersection with South Cicero Avenue, then south along South Cicero Avenue to its intersection with West 63rd Street, then west along West 63rd Street to its intersection with South Central Avenue, then north along South Central Avenue to the point of beginning; and

(3) that portion of the City of Chicago located within the following area: Beginning at the point 150 feet west of the intersection of the west line of North Ashland Avenue and the north line of West Diversey Avenue, then north 150 feet, then east along a line 150 feet north of the north line of West Diversey Avenue extended to the shoreline of Lake Michigan, then following the shoreline of Lake Michigan (including Navy Pier and all other improvements fixed to land, docks, or piers) to the point where the shoreline of Lake Michigan and the Adlai E. Stevenson Expressway extended east to that shoreline intersect, then west along the Adlai E. Stevenson Expressway to a point 150 feet west of the west line of South Ashland Avenue, then north along a line 150 feet west of the west line of South and North Ashland Avenue to the point of beginning.

The tax authorized to be levied under this subsection may also be levied on food, alcoholic beverages, and soft drinks sold on boats and other watercraft departing from and returning to the shoreline of Lake Michigan (including Navy Pier and all other improvements fixed to land, docks, or piers) described in item (3).

(c) By ordinance the Authority shall, as soon as practicable after July 1, 1992 (the effective date of Public Act 87-733), impose an occupation tax upon all persons engaged in the corporate limits of the City of Chicago in the business of renting, leasing, or letting rooms in a hotel, as defined in the Hotel Operators' Occupation Tax Act, at a rate of 2.5% of the gross rental receipts from the renting, leasing, or letting of hotel rooms within the City of Chicago, excluding, however, from gross rental receipts the proceeds of renting, leasing, or letting to permanent residents of a hotel, as defined in that Act. Gross rental receipts shall not include charges that are added on account of the liability arising from any tax imposed by the State or any governmental agency on the occupation of renting, leasing, or letting rooms in a hotel.

The tax imposed by the Authority under this subsection and all civil penalties that may be assessed as an incident to that tax shall be collected and enforced by the Illinois Department of Revenue. The certificate of registration that is issued by the Department to a lessor under the Hotel Operators' Occupation Tax Act shall permit that registrant to engage in a business that is taxable under any ordinance enacted under this subsection without registering separately with the Department under that ordinance or under this subsection. The Department shall have full power to administer and enforce this subsection, to collect all taxes and penalties due under this subsection, to dispose of taxes and penalties so collected in the manner provided in this subsection, and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers, and duties, shall be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and shall employ the same modes of procedure as are prescribed in the Hotel Operators' Occupation Tax Act (except where that Act is inconsistent with this subsection), as fully as if the provisions contained in the Hotel Operators' Occupation Tax Act were set out in this subsection.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause a warrant to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metropolitan Pier and Exposition Authority trust fund held by the State Treasurer as trustee for the Authority.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their tax liability for that tax by separately stating that tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes imposed under the Hotel Operators' Occupation Tax Act, the municipal tax imposed under Section 8-3-13 of the Illinois Municipal Code, and the tax imposed under Section 19 of the Illinois Sports Facilities Authority Act.

The person filing the return shall, at the time of filing the return, pay to the Department the amount of tax, less a discount of 2.1% or \$25 per calendar year, whichever is greater, which is allowed to reimburse the operator for the expenses incurred in keeping records, preparing and filing returns, remitting the tax, and supplying data to the Department on request.

Except as otherwise provided in this paragraph, the Department shall forthwith pay over to the State Treasurer, ex officio, as trustee for the Authority, all taxes and penalties collected under this subsection for deposit into a trust fund held outside the State Treasury. On or before the 25th day of each calendar month, the Department shall certify to the Comptroller the amounts to be paid under subsection (g) of this Section, which shall be the amounts (not including credit memoranda) collected under this subsection during the second preceding calendar month by the Department, less any amounts determined by the Department to be necessary for payment of refunds, less 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the Authority, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this subsection. Within 10 days after receipt by the Comptroller of the Department's certification, the Comptroller shall cause the orders to be drawn for such amounts, and the Treasurer shall administer the amounts distributed to the Authority as required in subsection (g).

A certified copy of any ordinance imposing or discontinuing a tax under this subsection or effecting a change in the rate of that tax shall be filed with the Illinois Department of Revenue, whereupon the Department shall proceed to administer and enforce this subsection on behalf of the Authority as of the first day of the third calendar month following the date of filing.

(d) By ordinance the Authority shall, as soon as practicable after July 1, 1992 (the effective date of Public Act 87-733), impose a tax upon all persons engaged in the business of renting automobiles in the metropolitan area at the rate of 6% of the gross receipts from that business, except that no tax shall be imposed on the business of renting automobiles for use as taxicabs or in livery service. The tax imposed under this subsection and all civil penalties that may be assessed as an incident to that tax shall be collected and enforced by the Illinois Department of Revenue. The certificate of registration issued by the Department to a retailer under the Retailers' Occupation Tax Act or under the Automobile Renting Occupation and Use Tax Act shall permit that person to engage in a business that is taxable under any ordinance enacted under this subsection without registering separately with the Department under that ordinance or under this subsection. The Department shall have full power to administer and enforce this subsection, to collect all taxes and penalties due under this subsection, to dispose of taxes and penalties so collected in the manner provided in this subsection, and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers, and duties, be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and employ the same modes of procedure as are prescribed in Sections 2 and 3 (in respect to all provisions of those Sections other than the State rate of tax; and in respect to the provisions of the Retailers' Occupation Tax Act referred to in those Sections, except as to the disposition of taxes and penalties collected, except for the provision allowing retailers a deduction from the tax to cover certain costs, and except that credit memoranda issued under this subsection may not be used to discharge any State tax liability) of the Automobile Renting Occupation and Use Tax Act, as fully as if provisions contained in those Sections of that Act were set forth in this subsection.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their tax liability under this subsection by separately stating that tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that sellers are required to collect under the Automobile Renting Occupation and Use Tax Act, pursuant to bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause a warrant to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metropolitan Pier and Exposition Authority trust fund held by the State Treasurer as trustee for the Authority.

Except as otherwise provided in this paragraph, the Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this subsection for deposit into a trust fund held outside the State Treasury. On or before the 25th day of each calendar month, the Department shall certify to the Comptroller the amounts to be paid under subsection (g) of this Section (not including credit memoranda) collected under this subsection during the second preceding calendar

month by the Department, less any amount determined by the Department to be necessary for payment of refunds, less 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the Authority, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this subsection. Within 10 days after receipt by the Comptroller of the Department's certification, the Comptroller shall cause the orders to be drawn for such amounts, and the Treasurer shall administer the amounts distributed to the Authority as required in subsection (g).

Nothing in this subsection authorizes the Authority to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

A certified copy of any ordinance imposing or discontinuing a tax under this subsection or effecting a change in the rate of that tax shall be filed with the Illinois Department of Revenue, whereupon the Department shall proceed to administer and enforce this subsection on behalf of the Authority as of the first day of the third calendar month following the date of filing.

(e) By ordinance the Authority shall, as soon as practicable after July 1, 1992 (the effective date of Public Act 87-733), impose a tax upon the privilege of using in the metropolitan area an automobile that is rented from a rentor outside Illinois and is titled or registered with an agency of this State's government at a rate of 6% of the rental price of that automobile, except that no tax shall be imposed on the privilege of using automobiles rented for use as taxicabs or in livery service. The tax shall be collected from persons whose Illinois address for titling or registration purposes is given as being in the metropolitan area. The tax shall be collected by the Department of Revenue for the Authority. The tax must be paid to the State or an exemption determination must be obtained from the Department of Revenue before the title or certificate of registration for the property may be issued. The tax or proof of exemption may be transmitted to the Department by way of the State agency with which or State officer with whom the tangible personal property must be titled or registered if the Department and that agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

The Department shall have full power to administer and enforce this subsection, to collect all taxes, penalties, and interest due under this subsection, to dispose of taxes, penalties, and interest so collected in the manner provided in this subsection, and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty, or interest under this subsection. In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers, and duties, be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and employ the same modes of procedure as are prescribed in Sections 2 and 4 (except provisions pertaining to the State rate of tax; and in respect to the provisions of the Use Tax Act referred to in that Section, except provisions concerning collection or refunding of the tax by retailers, except the provisions of Section 19 pertaining to claims by retailers, except the last paragraph concerning refunds, and except that credit memoranda issued under this subsection may not be used to discharge any State tax liability) of the Automobile Renting Occupation and Use Tax Act, as fully as if provisions contained in those Sections of that Act were set forth in this subsection.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause a warrant to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metropolitan Pier and Exposition Authority trust fund held by the State Treasurer as trustee for the Authority.

Except as otherwise provided in this paragraph, the Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes, penalties, and interest collected under this subsection for deposit into a trust fund held outside the State Treasury. On or before the 25th day of each calendar month, the Department shall certify to the State Comptroller the amounts to be paid under subsection (g) of this Section, which shall be the amounts (not including credit memoranda) collected under this subsection during the second preceding calendar month by the Department, less any amounts determined by the Department to be necessary for payment of refunds, less 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the Authority, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this subsection. Within 10 days after receipt by the State Comptroller of the Department's certification, the Comptroller shall cause the orders to be drawn for such amounts, and the Treasurer shall administer the amounts distributed to the Authority as required in subsection (g).

A certified copy of any ordinance imposing or discontinuing a tax or effecting a change in the rate of that tax shall be filed with the Illinois Department of Revenue, whereupon the Department shall proceed to administer and enforce this subsection on behalf of the Authority as of the first day of the third calendar month following the date of filing.

(f) By ordinance the Authority shall, as soon as practicable after July 1, 1992 (the effective date of Public Act 87-733), impose an occupation tax on all persons, other than a governmental agency, engaged in the business of providing ground transportation for hire to passengers in the metropolitan area at a rate of (i) \$4 per taxi or livery vehicle departure with passengers for hire from commercial service airports in the metropolitan area, (ii) for each departure with passengers for hire from a commercial service airport in the metropolitan area in a bus or van operated by a person other than a person described in item (iii): \$18 per bus or van with a capacity of 1-12 passengers, \$36 per bus or van with a capacity of 13-24 passengers, and \$54 per bus or van with a capacity of over 24 passengers, and (iii) for each departure with passengers for hire from a commercial service airport in the metropolitan area in a bus or van operated by a person regulated by the Interstate Commerce Commission or Illinois Commerce Commission, operating scheduled service from the airport, and charging fares on a per passenger basis: \$2 per passenger for hire in each bus or van. The term "commercial service airports" means those airports receiving scheduled passenger service and enplaning more than 100,000 passengers per year.

In the ordinance imposing the tax, the Authority may provide for the administration and enforcement of the tax and the collection of the tax from persons subject to the tax as the Authority determines to be necessary or practicable for the effective administration of the tax. The Authority may enter into agreements as it deems appropriate with any governmental agency providing for that agency to act as the Authority's agent to collect the tax.

In the ordinance imposing the tax, the Authority may designate a method or methods for persons subject to the tax to reimburse themselves for the tax liability arising under the ordinance (i) by separately stating the full amount of the tax liability as an additional charge to passengers departing the airports, (ii) by separately stating one-half of the tax liability as an additional charge to both passengers departing from and to passengers arriving at the airports, or (iii) by some other method determined by the Authority.

All taxes, penalties, and interest collected under any ordinance adopted under this subsection, less any amounts determined to be necessary for the payment of refunds and less the taxes, penalties, and interest attributable to any increase in the rate of tax authorized by Public Act 96-898, shall be paid forthwith to the State Treasurer, ex officio, for deposit into a trust fund held outside the State Treasury and shall be administered by the State Treasurer as provided in subsection (g) of this Section. All taxes, penalties, and interest attributable to any increase in the rate of tax authorized by Public Act 96-898 shall be paid by the State Treasurer as follows: 25% for deposit into the Convention Center Support Fund, to be used by the Village of Rosemont for the repair, maintenance, and improvement of the Donald E. Stephens Convention Center and for debt service on debt instruments issued for those purposes by the village and 75% to the Authority to be used for grants to an organization meeting the qualifications set out in Section 5.6 of this Act, provided the Metropolitan Pier and Exposition Authority has entered into a marketing agreement with such an organization.

(g) Amounts deposited from the proceeds of taxes imposed by the Authority under subsections (b), (c), (d), (e), and (f) of this Section and amounts deposited under Section 19 of the Illinois Sports Facilities Authority Act shall be held in a trust fund outside the State Treasury and, other than the amounts transferred into the Tax Compliance and Administration Fund under subsections (b), (c), (d), and (e), shall be administered by the Treasurer as follows:

(1) An amount necessary for the payment of refunds with respect to those taxes shall be retained in the trust fund and used for those payments.

(2) On July 20 and on the 20th of each month thereafter, provided that the amount requested in the annual certificate of the Chairman of the Authority filed under Section 8.25f of the State Finance Act has been appropriated for payment to the Authority, 1/8 of the local tax transfer amount, together with any cumulative deficiencies in the amounts transferred into the McCormick Place Expansion Project Fund under this subparagraph (2) during the fiscal year for which the certificate has been filed, shall be transferred from the trust fund into the McCormick Place Expansion Project Fund in the State treasury until 100% of the local tax transfer amount has been so transferred. "Local tax transfer amount" shall mean the amount requested in the annual certificate, minus the reduction amount. "Reduction amount" shall mean \$41.7 million in fiscal year 2011, \$36.7 million in fiscal year 2012, \$36.7 million in fiscal year 2013, \$36.7 million in fiscal year 2014, and \$31.7 million in each fiscal year thereafter until ~~2035~~ 2032, provided that the reduction amount shall be reduced by (i) the amount certified by the Authority to the State Comptroller and State Treasurer under Section 8.25 of the State Finance Act, as amended, with respect to that fiscal year and (ii) in any fiscal year in which the amounts

deposited in the trust fund under this Section exceed ~~\$343.3~~ \$318.3 million, exclusive of amounts set aside for refunds and for the reserve account, one dollar for each dollar of the deposits in the trust fund above ~~\$343.3~~ \$318.3 million with respect to that year, exclusive of amounts set aside for refunds and for the reserve account.

(3) On July 20, 2010, the Comptroller shall certify to the Governor, the Treasurer, and the Chairman of the Authority the 2010 deficiency amount, which means the cumulative amount of transfers that were due from the trust fund to the McCormick Place Expansion Project Fund in fiscal years 2008, 2009, and 2010 under Section 13(g) of this Act, as it existed prior to May 27, 2010 (the effective date of Public Act 96-898), but not made. On July 20, 2011 and on July 20 of each year through July 20, 2014, the Treasurer shall calculate for the previous fiscal year the surplus revenues in the trust fund and pay that amount to the Authority. On July 20, 2015 and on July 20 of each year thereafter to and including July 20, 2017, as long as bonds and notes issued under Section 13.2 or bonds and notes issued to refund those bonds and notes are outstanding, the Treasurer shall calculate for the previous fiscal year the surplus revenues in the trust fund and pay one-half of that amount to the State Treasurer for deposit into the General Revenue Fund until the 2010 deficiency amount has been paid and shall pay the balance of the surplus revenues to the Authority. On July 20, 2018 and on July 20 of each year thereafter, the Treasurer shall calculate for the previous fiscal year the surplus revenues in the trust fund and pay all of such surplus revenues to the State Treasurer for deposit into the General Revenue Fund until the 2010 deficiency amount has been paid. After the 2010 deficiency amount has been paid, the Treasurer shall pay the balance of the surplus revenues to the Authority. "Surplus revenues" means the amounts remaining in the trust fund on June 30 of the previous fiscal year (A) after the State Treasurer has set aside in the trust fund (i) amounts retained for refunds under subparagraph (1) and (ii) any amounts necessary to meet the reserve account amount and (B) after the State Treasurer has transferred from the trust fund to the General Revenue Fund 100% of any post-2010 deficiency amount. "Reserve account amount" means \$15 million in fiscal year 2011 and \$30 million in each fiscal year thereafter. The reserve account amount shall be set aside in the trust fund and used as a reserve to be transferred to the McCormick Place Expansion Project Fund in the event the proceeds of taxes imposed under this Section 13 are not sufficient to fund the transfer required in subparagraph (2). "Post-2010 deficiency amount" means any deficiency in transfers from the trust fund to the McCormick Place Expansion Project Fund with respect to fiscal years 2011 and thereafter. It is the intention of this subparagraph (3) that no surplus revenues shall be paid to the Authority with respect to any year in which a post-2010 deficiency amount has not been satisfied by the Authority.

Moneys received by the Authority as surplus revenues may be used (i) for the purposes of paying debt service on the bonds and notes issued by the Authority, including early redemption of those bonds or notes, (ii) for the purposes of repair, replacement, and improvement of the grounds, buildings, and facilities of the Authority, and (iii) for the corporate purposes of the Authority in fiscal years 2011 through 2015 in an amount not to exceed \$20,000,000 annually or \$80,000,000 total, which amount shall be reduced \$0.75 for each dollar of the receipts of the Authority in that year from any contract entered into with respect to naming rights at McCormick Place under Section 5(m) of this Act. When bonds and notes issued under Section 13.2, or bonds or notes issued to refund those bonds and notes, are no longer outstanding, the balance in the trust fund shall be paid to the Authority.

(h) The ordinances imposing the taxes authorized by this Section shall be repealed when bonds and notes issued under Section 13.2 or bonds and notes issued to refund those bonds and notes are no longer outstanding.

Sec. 13.2. The McCormick Place Expansion Project Fund is created in the State Treasury. All moneys in the McCormick Place Expansion Project Fund are allocated to and shall be appropriated and used only for the purposes authorized by and subject to the limitations and conditions of this Section. Those amounts may be appropriated by law to the Authority for the purposes of paying the debt service requirements on all bonds and notes, including bonds and notes issued to refund or advance refund bonds and notes issued under this Section, Section 13.1, or issued to refund or advance refund bonds and notes otherwise issued under this Act, (collectively referred to as "bonds") to be issued by the Authority under this Section in an aggregate original principal amount (excluding the amount of any bonds and notes issued to refund or advance refund bonds or notes issued under this Section and Section 13.1) not to exceed \$2,850,000,000 for the purposes of carrying out and performing its duties and exercising its powers under this Act. The increased debt authorization of \$450,000,000 provided by Public Act 96-898 shall be used solely for the purpose of: (i) hotel construction and related necessary capital improvements; (ii) other needed capital

improvements to existing facilities; and (iii) land acquisition for and construction of one multi-use facility on property bounded by East Cermak Road on the south, East 21st Street on the north, South Indiana Avenue on the west, and South Prairie Avenue on the east in the City of Chicago, Cook County, Illinois; these limitations do not apply to the increased debt authorization provided by Public Act 100-23 ~~this amendatory Act of the 100th General Assembly~~. No bonds issued to refund or advance refund bonds issued under this Section may mature later than 40 years from the date of issuance of the refunding or advance refunding bonds. After the aggregate original principal amount of bonds authorized in this Section has been issued, the payment of any principal amount of such bonds does not authorize the issuance of additional bonds (except refunding bonds). Any bonds and notes issued under this Section in any year in which there is an outstanding "post-2010 deficiency amount" as that term is defined in Section 13 (g)(3) of this Act shall provide for the payment to the State Treasurer of the amount of that deficiency. Proceeds from the sale of bonds issued pursuant to the increased debt authorization provided by Public Act 100-23 ~~this amendatory Act of the 100th General Assembly~~ may be used for any corporate purpose of the Authority in fiscal years 2021 and 2022 and for the payment to the State Treasurer of any unpaid amounts described in paragraph (3) of subsection (g) of Section 13 of this Act as part of the "2010 deficiency amount" or the "Post-2010 deficiency amount".

On the first day of each month commencing after July 1, 1993, amounts, if any, on deposit in the McCormick Place Expansion Project Fund shall, subject to appropriation, be paid in full to the Authority or, upon its direction, to the trustee or trustees for bondholders of bonds that by their terms are payable from the moneys received from the McCormick Place Expansion Project Fund, until an amount equal to 100% of the aggregate amount of the principal and interest in the fiscal year, including that pursuant to sinking fund requirements, has been so paid and deficiencies in reserves shall have been remedied.

The State of Illinois pledges to and agrees with the holders of the bonds of the Metropolitan Pier and Exposition Authority issued under this Section that the State will not limit or alter the rights and powers vested in the Authority by this Act so as to impair the terms of any contract made by the Authority with those holders or in any way impair the rights and remedies of those holders until the bonds, together with interest thereon, interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceedings by or on behalf of those holders are fully met and discharged; provided that any increase in the Tax Act Amounts specified in Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund pursuant to any law hereafter enacted shall not be deemed to impair the rights of such holders so long as the increase does not result in the aggregate debt service payable in the current or any future fiscal year of the State on all bonds issued pursuant to the Build Illinois Bond Act and the Metropolitan Pier and Exposition Authority Act and payable from tax revenues specified in Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act exceeding 33 1/3% of such tax revenues for the most recently completed fiscal year of the State at the time of such increase. In addition, the State pledges to and agrees with the holders of the bonds of the Authority issued under this Section that the State will not limit or alter the basis on which State funds are to be paid to the Authority as provided in this Act or the use of those funds so as to impair the terms of any such contract; provided that any increase in the Tax Act Amounts specified in Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund pursuant to any law hereafter enacted shall not be deemed to impair the terms of any such contract so long as the increase does not result in the aggregate debt service payable in the current or any future fiscal year of the State on all bonds issued pursuant to the Build Illinois Bond Act and the Metropolitan Pier and Exposition Authority Act and payable from tax revenues specified in Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act exceeding 33 1/3% of such tax revenues for the most recently completed fiscal year of the State at the time of such increase. The Authority is authorized to include these pledges and agreements with the State in any contract with the holders of bonds issued under this Section.

The State shall not be liable on bonds of the Authority issued under this Section those bonds shall not be a debt of the State, and this Act shall not be construed as a guarantee by the State of the debts of the Authority. The bonds shall contain a statement to this effect on the face of the bonds.

(c-5) The State shall provide financial assistance ("Additional Financial Assistance") in addition to the Additional State Assistance provided by subsection (c) and the amounts transferred to the Authority from the General Revenue Fund under subsection (a) of this Section. (1) The amount necessary and required, during the State fiscal year with respect to which the certification is made, to pay its obligations for debt service on all outstanding bonds or notes issued by the Authority under subdivisions (g)(2) and (g)(3) of Section 4.04 of this Act.

The certification shall include a specific schedule of debt service payments, including the date and amount of each payment for all outstanding bonds or notes and an estimated schedule of anticipated debt service for all bonds and notes it intends to issue, if any, during that State fiscal year, including the estimated date and estimated amount of each payment.

Immediately upon the issuance of bonds for which an estimated schedule of debt service payments was prepared, the Authority shall file an amended certification with respect to item (2) above, to specify the actual schedule of debt service payments, including the date and amount of each payment, for the remainder of the State fiscal year.

On the first day of each month of the State fiscal year in which there are bonds outstanding with respect to which the certification is made, the State Comptroller shall order transferred and the State Treasurer shall transfer from the Road Fund to the Public Transportation Fund the Additional State Assistance and Additional Financial Assistance in an amount equal to the aggregate of (i) one-twelfth of the sum of the amounts certified under items (1) and (3) above less the amount certified under item (4) above, plus (ii) the amount required to pay debt service on bonds and notes issued during the fiscal year, if any, divided by the number of months remaining in the fiscal year after the date of issuance, or some smaller portion as may be necessary under subsection (c) or (c-5) of this Section for the relevant State fiscal year, plus (iii) any cumulative deficiencies in transfers for prior months, until an amount equal to the sum of the amounts certified under items (1) and (3) above, plus the actual debt service certified under item (2) above, less the amount certified under item (4) above, has been transferred; except that these transfers are subject to the following limits:

(A) In no event shall the total transfers in any State fiscal year relating to outstanding bonds and notes issued by the Authority under subdivision (g)(2) of Section 4.04 exceed the lesser of the annual maximum amount specified in subsection (c) or the sum of the amounts certified under items (1) and (3) above, plus the actual debt service certified under item (2) above, less the amount certified under item (4) above, with respect to those bonds and notes.

(B) In no event shall the total transfers in any State fiscal year relating to

outstanding bonds and notes issued by the Authority under subdivision (g)(3) of Section 4.04 exceed the lesser of the annual maximum amount specified in subsection (c-5) or the sum of the amounts certified under items (1) and (3) above, plus the actual debt service certified under item (2) above, less the amount certified under item (4) above, with respect to those bonds and notes.

The term "outstanding" does not include bonds or notes for which refunding or advance refunding bonds or notes have been issued.

(e) Neither Additional State Assistance nor Additional Financial Assistance may be pledged, either directly or indirectly as general revenues of the Authority, as security for any bonds issued by the Authority. The Authority may not assign its right to receive Additional State Assistance or Additional Financial Assistance, or direct payment of Additional State Assistance or Additional Financial Assistance, to a trustee or any other entity for the payment of debt service on its bonds.

(f) The certification required under subsection (d) with respect to outstanding bonds and notes of the Authority shall be filed as early as practicable before the beginning of the State fiscal year to which it relates. The certification shall be revised as may be necessary to accurately state the debt service requirements of the Authority.

(g) Within 6 months of the end of each fiscal year, the Authority shall determine:

(i) whether the aggregate of all system generated revenues for public transportation in the metropolitan region which is provided by, or under grant or purchase of service contracts with, the Service Boards equals 50% of the aggregate of all costs of providing such public transportation. "System generated revenues" include all the proceeds of fares and charges for services provided, contributions received in connection with public transportation from units of local government other than the Authority, except for contributions received by the Chicago Transit Authority from a real estate transfer tax imposed under subsection (i) of Section 8-3-19 of the Illinois Municipal Code, and from the State pursuant to subsection (i) of Section 2705-305 of the Department of Transportation Law, and all other revenues properly included consistent with generally accepted accounting principles but may not include: the proceeds from any borrowing, and, beginning with the 2007 fiscal year, all revenues and receipts, including but not limited to fares and grants received from the federal, State or any unit of local government or other entity, derived from providing ADA paratransit service pursuant to Section 2.30 of the Regional Transportation Authority Act. "Costs" include all items properly included as operating costs consistent with generally accepted accounting principles, including administrative costs, but do not include: depreciation; payment of principal and interest on bonds, notes or other evidences of obligations for borrowed money of the Authority; payments with respect to public transportation facilities made pursuant to subsection (b) of Section 2.20; any payments with respect to rate protection contracts, credit enhancements or liquidity agreements made under Section 4.14; any other cost as to which it is reasonably expected that a cash expenditure will not be made; costs for passenger security including grants, contracts, personnel, equipment and administrative expenses, except in the case of the Chicago Transit Authority, in which case the term does not include costs spent annually by that entity for protection against crime as required by Section 27a of the Metropolitan Transit Authority Act; the costs of Debt Service paid by the Chicago Transit Authority, as defined in Section 12c of the Metropolitan Transit Authority Act, or bonds or notes issued pursuant to that Section; the payment by the Commuter Rail Division of debt service on bonds issued pursuant to Section 3B.09; expenses incurred by the Suburban Bus Division for the cost of new public transportation services funded from grants pursuant to Section 2.01e of this Act for a period of 2 years from the date of initiation of each such service; costs as exempted by the Board for projects pursuant to Section 2.09 of this Act; or, beginning with the 2007 fiscal year, expenses related to providing ADA paratransit service pursuant to Section 2.30 of the Regional Transportation Authority Act; or in fiscal years 2008 through 2012 inclusive, costs in the amount of \$200,000,000 in fiscal year 2008, reducing by \$40,000,000 in each fiscal year thereafter until this exemption is eliminated. If said system generated revenues are less than 50% of said costs, the Board shall remit an amount equal to the amount of the deficit to the State. The Treasurer shall deposit any such payment in the Road Fund; and

(ii) whether, beginning with the 2007 fiscal year, the aggregate of all fares charged and received for ADA paratransit services equals the system generated ADA paratransit services revenue recovery ratio percentage of the aggregate of all costs of providing such ADA paratransit services.

(h) If the Authority makes any payment to the State under paragraph (g), the Authority shall reduce the amount provided to a Service Board from funds transferred under paragraph (a) in proportion to the amount by which that Service Board failed to meet its required system generated revenues recovery ratio. A Service Board which is affected by a reduction in funds under this paragraph shall submit to the Authority concurrently with its next due quarterly report a revised budget incorporating the reduction in funds. The

revised budget must meet the criteria specified in clauses (i) through (vi) of Section 4.11(b)(2). The Board shall review and act on the revised budget as provided in Section 4.11(b)(3).

(3) For the purposes of this Section, "recovered paper material" includes:

(i) postconsumer material;

(ii) dry paper and paperboard waste generated after completion of the papermaking process (that is, those manufacturing operations up to and including the cutting and trimming of the paper machine reel into smaller rolls or rough sheets), including envelope cuttings, bindery trimmings, and other paper and paperboard waste resulting from printing, cutting, forming, and other converting operations, or from bag, box and carton manufacturing, and butt rolls, mill wrappers, and rejected unused stock; and

(iii) finished paper and paperboard from obsolete inventories of paper and

paperboard manufacturers, merchants, wholesalers, dealers, printers, converters, or others.

(g) The Department of Central Management Services may adopt regulations to carry out the provisions and purposes of this Section.

(h) Every State agency shall, in its procurement documents, specify that, whenever economically and practically feasible, a product to be procured must consist, wholly or in part, of recycled materials, or be recyclable or reusable in whole or in part. When applicable, if state guidelines are not already prescribed, State agencies shall follow USEPA guidelines for federal procurement.

(i) All State agencies shall cooperate with the Department of Central Management Services in carrying out this Section. The Department of Central Management Services may enter into cooperative purchasing agreements with other governmental units in order to obtain volume discounts, or for other reasons in accordance with the Governmental Joint Purchasing Act, or in accordance with the Intergovernmental Cooperation Act if governmental units of other states or the federal government are involved.

(j) The Department of Central Management Services shall submit an annual report to the General Assembly concerning its implementation of the State's collection and recycled paper procurement programs. This report shall include a description of the actions that the Department of Central Management Services has taken in the previous fiscal year to implement this Section. This report shall be submitted on or before November 1 of each year.

(k) The Department of Central Management Services, in cooperation with all other appropriate departments and agencies of the State, shall institute whenever economically and practically feasible the use of re-refined motor oil in all State-owned motor vehicles and the use of remanufactured and retread tires whenever such use is practical, beginning no later than July 1, 1992.

(l) (Blank).

(m) The Department of Central Management Services, in coordination with the Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity), has implemented an aluminum can recycling program in all State buildings within 270 days of the effective date of this amendatory Act of 1997. The program provides for (1) the collection and storage of used aluminum cans in bins or other appropriate containers made reasonably available to occupants and visitors of State buildings and (2) the sale of used aluminum cans to buyers of recyclable materials.

Proceeds from the sale of used aluminum cans shall be deposited into I-CYCLE accounts maintained in the Facilities Management State Surplus Property Revolving Fund and, subject to appropriation, shall be used by the Department of Central Management Services and any other State agency to offset the costs of implementing the aluminum can recycling program under this Section.

All State agencies having an aluminum can recycling program in place shall continue with their current plan. If a State agency has an existing recycling program in place, proceeds from the aluminum can recycling program may be retained and distributed pursuant to that program, otherwise all revenue resulting from these programs shall be forwarded to Central Management Services, I-CYCLE for placement into the appropriate account within the Facilities Management State Surplus Property Revolving Fund, minus any operating costs associated with the program.

ARTICLE 30. HUMAN NEEDS

Section 30-5. The Illinois Public Aid Code is amended by changing Sections 5-5.4 and 5H-4 and by adding Section 12-4.53 as follows:

(305 ILCS 5/5-5.4) (from Ch. 23, par. 5-5.4)

Sec. 5-5.4. Standards of Payment - Department of Healthcare and Family Services. The Department of Healthcare and Family Services shall develop standards of payment of nursing facility and ICF/DD services in facilities providing such services under this Article which:

(1) Provide for the determination of a facility's payment for nursing facility or ICF/DD services on a prospective basis. The amount of the payment rate for all nursing facilities certified by the Department of Public Health under the ID/DD Community Care Act or the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities, Long Term Care for Under Age 22 facilities, Skilled Nursing facilities, or Intermediate Care facilities under the medical assistance program shall be prospectively established annually on the basis of historical, financial, and statistical data reflecting actual costs from prior years, which shall be applied to the current rate year and updated for inflation, except that the capital cost element for newly constructed facilities shall be based upon projected budgets. The annually established payment rate shall take effect on July 1 in 1984 and subsequent years. No rate increase and no update for inflation shall be provided on or after July 1, 1994, unless specifically provided for in this

Section. The changes made by Public Act 93-841 extending the duration of the prohibition against a rate increase or update for inflation are effective retroactive to July 1, 2004.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 1998 shall include an increase of 3%. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 1998 shall include an increase of 3% plus \$1.10 per resident-day, as defined by the Department. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care Facilities for the Developmentally Disabled or Long Term Care for Under Age 22 facilities, the rates taking effect on January 1, 2006 shall include an increase of 3%. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care Facilities for the Developmentally Disabled or Long Term Care for Under Age 22 facilities, the rates taking effect on January 1, 2009 shall include an increase sufficient to provide a \$0.50 per hour wage increase for non-executive staff. For facilities licensed by the Department of Public Health under the ID/DD Community Care Act as ID/DD Facilities the rates taking effect within 30 days after July 6, 2017 (the effective date of Public Act 100-23) shall include an increase sufficient to provide a \$0.75 per hour wage increase for non-executive staff. The Department shall adopt rules, including emergency rules under subsection (y) of Section 5-45 of the Illinois Administrative Procedure Act, to implement the provisions of this paragraph. For facilities licensed by the Department of Public Health under the ID/DD Community Care Act as ID/DD Facilities and under the MC/DD Act as MC/DD Facilities, the rates taking effect within 30 days after the effective date of this amendatory Act of the 100th General Assembly shall include an increase sufficient to provide a \$0.50 per hour wage increase for non-executive front-line personnel, including, but not limited to, direct support persons, aides, front-line supervisors, qualified intellectual disabilities professionals, nurses, and non-administrative support staff. The Department shall adopt rules, including emergency rules under subsection (bb) of Section 5-45 of the Illinois Administrative Procedure Act, to implement the provisions of this paragraph.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 1999 shall include an increase of 1.6% plus \$3.00 per resident-day, as defined by the Department. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 1999 shall include an increase of 1.6% and, for services provided on or after October 1, 1999, shall be increased by \$4.00 per resident-day, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 2000 shall include an increase of 2.5% per resident-day, as defined by the Department. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 2000 shall include an increase of 2.5% per resident-day, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, a new payment methodology must be implemented for the nursing component of the rate effective July 1, 2003. The Department of Public Aid (now Healthcare and Family Services) shall develop the new payment methodology using the Minimum Data Set (MDS) as the instrument to collect information concerning nursing home resident condition necessary to compute the rate. The Department shall develop the new payment methodology to meet the unique needs of Illinois nursing home residents while remaining subject to the appropriations provided by the General Assembly. A transition period from the payment methodology in effect on June 30, 2003 to the payment methodology in effect on July 1, 2003 shall be provided for a period not exceeding 3 years and 184 days after implementation of the new payment methodology as follows:

(A) For a facility that would receive a lower nursing component rate per patient day under the new system than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be held at the level in effect on the date immediately preceding the date that the Department implements the new payment methodology until a higher nursing component rate of reimbursement is achieved by that facility.

(B) For a facility that would receive a higher nursing component rate per patient day under the payment methodology in effect on July 1, 2003 than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be adjusted.

(C) Notwithstanding paragraphs (A) and (B), the nursing component rate per patient day for the facility shall be adjusted subject to appropriations provided by the General Assembly.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on March 1, 2001 shall include a statewide increase of 7.85%, as defined by the Department.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, except facilities participating in the Department's demonstration program pursuant to the provisions of Title 77, Part 300, Subpart T of the Illinois Administrative Code, the numerator of the ratio used by the Department of Healthcare and Family Services to compute the rate payable under this Section using the Minimum Data Set (MDS) methodology shall incorporate the following annual amounts as the additional funds appropriated to the Department specifically to pay for rates based on the MDS nursing component methodology in excess of the funding in effect on December 31, 2006:

(i) For rates taking effect January 1, 2007, \$60,000,000.

(ii) For rates taking effect January 1, 2008, \$110,000,000.

(iii) For rates taking effect January 1, 2009, \$194,000,000.

(iv) For rates taking effect April 1, 2011, or the first day of the month that begins at least 45 days after the effective date of this amendatory Act of the 96th General Assembly, \$416,500,000 or an amount as may be necessary to complete the transition to the MDS methodology for the nursing component of the rate. Increased payments under this item (iv) are not due and payable, however, until (i) the methodologies described in this paragraph are approved by the federal government in an appropriate State Plan amendment and (ii) the assessment imposed by Section 5B-2 of this Code is determined to be a permissible tax under Title XIX of the Social Security Act.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the support component of the rates taking effect on January 1, 2008 shall be computed using the most recent cost reports on file with the Department of Healthcare and Family Services no later than April 1, 2005, updated for inflation to January 1, 2006.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on April 1, 2002 shall include a statewide increase of 2.0%, as defined by the Department. This increase terminates on July 1, 2002; beginning July 1, 2002 these rates are reduced to the level of the rates in effect on March 31, 2002, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on July 1, 2001 shall be computed using the most recent cost reports on file with the Department of Public Aid no later than April 1, 2000, updated for inflation to January 1, 2001. For rates effective July 1, 2001 only, rates shall be the greater of the rate computed for July 1, 2001 or the rate effective on June 30, 2001.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the Illinois Department shall determine by rule the rates taking effect on July 1, 2002, which shall be 5.9% less than the rates in effect on June 30, 2002.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, if the payment methodologies required under Section 5A-12 and the waiver granted under 42 CFR 433.68 are approved by the United States Centers for Medicare and Medicaid Services, the rates taking effect on July 1, 2004 shall be 3.0% greater than the rates in effect on June 30, 2004. These rates shall take effect only upon approval and implementation of the payment methodologies required under Section 5A-12.

Notwithstanding any other provisions of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on January 1, 2005 shall be 3% more than the rates in effect on December 31, 2004.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, effective January 1, 2009, the per diem support component of the rates effective on January 1, 2008, computed using the most recent cost reports on file with the Department of Healthcare and Family Services no later than April 1, 2005, updated for inflation to January 1, 2006, shall be increased to the amount that would have been derived using standard Department of Healthcare and Family Services methods, procedures, and inflators.

Notwithstanding any other provisions of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as intermediate care facilities that are federally defined as Institutions for Mental Disease, or facilities licensed by the Department of Public Health under the Specialized Mental Health Rehabilitation Act of 2013, a socio-development component rate equal to 6.6% of the facility's nursing component rate as of January 1, 2006 shall be established and paid effective July 1, 2006. The socio-development component of the rate shall be increased by a factor of 2.53 on the first day of the month that begins at least 45 days after January 11, 2008 (the effective date of Public Act 95-707). As of August 1, 2008, the socio-development component rate shall be equal to 6.6% of the facility's nursing component rate as of January 1, 2006, multiplied by a factor of 3.53. For services provided on or after April 1, 2011, or the first day of the month that begins at least 45 days after the effective date of this amendatory Act of the 96th General Assembly, whichever is later, the Illinois Department may by rule adjust these socio-development component rates, and may use different adjustment methodologies for those facilities participating, and those not participating, in the Illinois Department's demonstration program pursuant to the provisions of Title 77, Part 300, Subpart T of the Illinois Administrative Code, but in no case may such rates be diminished below those in effect on August 1, 2008.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or as long-term care facilities for residents under 22 years of age, the rates taking effect on July 1, 2003 shall include a statewide increase of 4%, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on the first day of the month that begins at least 45 days after the effective date of this amendatory Act of the 95th General Assembly shall include a statewide increase of 2.5%, as defined by the Department.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, effective January 1, 2005, facility rates shall be increased by the difference between (i) a facility's per diem property, liability, and malpractice insurance costs as reported in the cost report filed with the Department of Public Aid and used to establish rates effective July 1, 2001 and (ii) those same costs as reported in the facility's 2002 cost report. These costs shall be passed through to the facility without caps or limitations, except for adjustments required under normal auditing procedures.

Rates established effective each July 1 shall govern payment for services rendered throughout that fiscal year, except that rates established on July 1, 1996 shall be increased by 6.8% for services provided on or after January 1, 1997. Such rates will be based upon the rates calculated for the year beginning July 1, 1990, and for subsequent years thereafter until June 30, 2001 shall be based on the facility cost reports for the facility fiscal year ending at any point in time during the previous calendar year, updated to the midpoint of the rate year. The cost report shall be on file with the Department no later than April 1 of the current rate year. Should the cost report not be on file by April 1, the Department shall base the rate on the latest cost report filed by each skilled care facility and intermediate care facility, updated to the midpoint of the current rate year. In determining rates for services rendered on and after July 1, 1985, fixed time shall not be computed at less than zero. The Department shall not make any alterations of regulations which would reduce any component of the Medicaid rate to a level below what that component would have been utilizing in the rate effective on July 1, 1984.

(2) Shall take into account the actual costs incurred by facilities in providing services for recipients of skilled nursing and intermediate care services under the medical assistance program.

(3) Shall take into account the medical and psycho-social characteristics and needs of the patients.

(4) Shall take into account the actual costs incurred by facilities in meeting licensing and certification standards imposed and prescribed by the State of Illinois, any of its political subdivisions or municipalities and by the U.S. Department of Health and Human Services pursuant to Title XIX of the Social Security Act.

The Department of Healthcare and Family Services shall develop precise standards for payments to reimburse nursing facilities for any utilization of appropriate rehabilitative personnel for the provision of rehabilitative services which is authorized by federal regulations, including reimbursement for services provided by qualified therapists or qualified assistants, and which is in accordance with accepted professional practices. Reimbursement also may be made for utilization of other supportive personnel under appropriate supervision.

The Department shall develop enhanced payments to offset the additional costs incurred by a facility serving exceptional need residents and shall allocate at least \$4,000,000 of the funds collected from the assessment established by Section 5B-2 of this Code for such payments. For the purpose of this Section,

[May 23, 2020]

"exceptional needs" means, but need not be limited to, ventilator care and traumatic brain injury care. The enhanced payments for exceptional need residents under this paragraph are not due and payable, however, until (i) the methodologies described in this paragraph are approved by the federal government in an appropriate State Plan amendment and (ii) the assessment imposed by Section 5B-2 of this Code is determined to be a permissible tax under Title XIX of the Social Security Act.

Beginning January 1, 2014 the methodologies for reimbursement of nursing facility services as provided under this Section 5-5.4 shall no longer be applicable for services provided on or after January 1, 2014.

No payment increase under this Section for the MDS methodology, exceptional care residents, or the socio-development component rate established by Public Act 96-1530 of the 96th General Assembly and funded by the assessment imposed under Section 5B-2 of this Code shall be due and payable until after the Department notifies the long-term care providers, in writing, that the payment methodologies to long-term care providers required under this Section have been approved by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services and the waivers under 42 CFR 433.68 for the assessment imposed by this Section, if necessary, have been granted by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services. Upon notification to the Department of approval of the payment methodologies required under this Section and the waivers granted under 42 CFR 433.68, all increased payments otherwise due under this Section prior to the date of notification shall be due and payable within 90 days of the date federal approval is received.

On and after July 1, 2012, the Department shall reduce any rate of reimbursement for services or other payments or alter any methodologies authorized by this Code to reduce any rate of reimbursement for services or other payments in accordance with Section 5-5e.

For facilities licensed by the Department of Public Health under the ID/DD Community Care Act as ID/DD Facilities and under the MC/DD Act as MC/DD Facilities, subject to federal approval, the rates taking effect for services delivered on or after August 1, 2019 shall be increased by 3.5% over the rates in effect on June 30, 2019. The Department shall adopt rules, including emergency rules under subsection (ii) of Section 5-45 of the Illinois Administrative Procedure Act, to implement the provisions of this Section, including wage increases for direct care staff.

For facilities licensed by the Department of Public Health under the ID/DD Community Care Act as ID/DD Facilities and under the MC/DD Act as MC/DD Facilities, subject to federal approval, the rates taking effect on the latter of the approval date of the State Plan Amendment for these facilities or the Waiver Amendment for the home and community-based services settings shall include an increase sufficient to provide a \$0.26 per hour wage increase to the base wage for non-executive staff. The Department shall adopt rules, including emergency rules as authorized by Section 5-45 of the Illinois Administrative Procedure Act, to implement the provisions of this Section, including wage increases for direct care staff.

For facilities licensed by the Department of Public Health under the ID/DD Community Care Act as ID/DD Facilities and under the MC/DD Act as MC/DD Facilities, subject to federal approval of the State Plan Amendment and the Waiver Amendment for the home and community-based services settings, the rates taking effect for the services delivered on or after July 1, 2020 shall include an increase sufficient to provide a \$1.00 per hour wage increase for non-executive staff. For services delivered on or after January 1, 2021, subject to federal approval of the State Plan Amendment and the Waiver Amendment for the home and community-based services settings, shall include an increase sufficient to provide a \$0.50 per hour increase for non-executive staff. The Department shall adopt rules, including emergency rules as authorized by Section 5-45 of the Illinois Administrative Procedure Act, to implement the provisions of this Section, including wage increases for direct care staff.

Sec. 5H-4. Payment of assessment.

(a) The assessment payable pursuant to Section 5H-3 shall be due and payable in monthly installments, each equaling one-twelfth of the assessment for the year, on the first State business day of each month.

(b) If the approval of the waivers required under Section 5H-2 is delayed beyond the start of State fiscal year 2020, then the first installment shall be due on the first business day of the first month that begins more than 15 days after the date of such approval. In the event approval results in installments beginning after July 1, 2019, the amount of each installment for that fiscal year shall equal the full amount of the annual assessment divided by the number of payments that will be paid in fiscal year 2020.

(c) The Department shall notify each managed care organization of its annual fiscal year 2020 assessment and the installment due dates no later than 30 days prior to the first installment due date and the annual assessment and due dates for each subsequent year at least 30 days prior to the start of each fiscal year.

[May 23, 2020]

(d) Proceeds from the assessment levied pursuant to Section 5H-3 shall be deposited into the Fund; provided, however, that proceeds from the assessment levied pursuant to Section 5H-3 upon a county provider as defined in Section 15-1 of this Code shall instead be deposited directly into the County Provider Trust Fund.

Sec. 12-4.53. Prospective Payment System (PPS) rates. Effective January 1, 2021, and subsequent years, based on specific appropriation, the Prospective Payment System (PPS) rates for FOHCs shall be increased based on the cost principles found at 45 Code of Federal Regulations Part 75 or its successor. Such rates shall be increased by using any of the following methods: reducing the current minimum productivity and efficiency standards no lower than 3500 encounters per FTE physician; increasing the statewide median cost cap from 105% to 120%, or a one-time re-basing of rates utilizing 2018 FQHC cost reports.

Section 30-10. The Energy Assistance Act is amended by changing Sections 6 and 18 as follows:

(305 ILCS 20/6) (from Ch. 111 2/3, par. 1406)

Sec. 6. Eligibility, Conditions of Participation, and Energy Assistance.

(a) Any person who is a resident of the State of Illinois and whose household income is not greater than an amount determined annually by the Department, in consultation with the Policy Advisory Council, may apply for assistance pursuant to this Act in accordance with regulations promulgated by the Department. In setting the annual eligibility level, the Department shall consider the amount of available funding and may not set a limit higher than 150% of the federal nonfarm poverty level as established by the federal Office of Management and Budget; except that for the period from the effective date of this amendatory Act of the 101st General Assembly through ending June 30, 2021 2013, the Department may ~~not~~ establish limits ~~not~~ higher than 200% of that poverty level ~~or the maximum level provided for by federal guidelines.~~

(b) Applicants who qualify for assistance pursuant to subsection (a) of this Section shall, subject to appropriation from the General Assembly and subject to availability of funds to the Department, receive energy assistance as provided by this Act. The Department, upon receipt of monies authorized pursuant to this Act for energy assistance, shall commit funds for each qualified applicant in an amount determined by the Department. In determining the amounts of assistance to be provided to or on behalf of a qualified applicant, the Department shall ensure that the highest amounts of assistance go to households with the greatest energy costs in relation to household income. The Department shall include factors such as energy costs, household size, household income, and region of the State when determining individual household benefits. In setting assistance levels, the Department shall attempt to provide assistance to approximately the same number of households who participated in the 1991 Residential Energy Assistance Partnership Program. Such assistance levels shall be adjusted annually on the basis of funding availability and energy costs. In promulgating rules for the administration of this Section the Department shall assure that a minimum of 1/3 of funds available for benefits to eligible households with the lowest incomes and that elderly households and households with persons with disabilities are offered a priority application period.

(c) If the applicant is not a customer of record of an energy provider for energy services or an applicant for such service, such applicant shall receive a direct energy assistance payment in an amount established by the Department for all such applicants under this Act; provided, however, that such an applicant must have rental expenses for housing greater than 30% of household income.

(c-1) This subsection shall apply only in cases where: (1) the applicant is not a customer of record of an energy provider because energy services are provided by the owner of the unit as a portion of the rent; (2) the applicant resides in housing subsidized or developed with funds provided under the Rental Housing Support Program Act or under a similar locally funded rent subsidy program, or is the voucher holder who resides in a rental unit within the State of Illinois and whose monthly rent is subsidized by the tenant-based Housing Choice Voucher Program under Section 8 of the U.S. Housing Act of 1937; and (3) the rental expenses for housing are no more than 30% of household income. In such cases, the household may apply for an energy assistance payment under this Act and the owner of the housing unit shall cooperate with the applicant by providing documentation of the energy costs for that unit. Any compensation paid to the energy provider who supplied energy services to the household shall be paid on behalf of the owner of the housing unit providing energy services to the household. The Department shall report annually to the General Assembly on the number of households receiving energy assistance under this subsection and the cost of such assistance. The provisions of this subsection (c-1), other than this sentence, are inoperative after August 31, 2012.

(d) If the applicant is a customer of an energy provider, such applicant shall receive energy assistance in an amount established by the Department for all such applicants under this Act, such amount to be paid

by the Department to the energy provider supplying winter energy service to such applicant. Such applicant shall:

- (i) make all reasonable efforts to apply to any other appropriate source of public energy assistance; and
 - (ii) sign a waiver permitting the Department to receive income information from any public or private agency providing income or energy assistance and from any employer, whether public or private.
- (e) Any qualified applicant pursuant to this Section may receive or have paid on such applicant's behalf an emergency assistance payment to enable such applicant to obtain access to winter energy services. Any such payments shall be made in accordance with regulations of the Department.
- (f) The Department may, if sufficient funds are available, provide additional benefits to certain qualified applicants:

- (i) for the reduction of past due amounts owed to energy providers; and
 - (ii) to assist the household in responding to excessively high summer temperatures or energy costs. Households containing elderly members, children, a person with a disability, or a person with a medical need for conditioned air shall receive priority for receipt of such benefits.

(305 ILCS 20/18)

Sec. 18. Financial assistance; payment plans.

(a) The Percentage of Income Payment Plan (PIPP or PIP Plan) is hereby created as a mandatory bill payment assistance program for low-income residential customers of utilities serving more than 100,000 retail customers as of January 1, 2009. The PIP Plan will:

- (1) bring participants' gas and electric bills into the range of affordability;
- (2) provide incentives for participants to make timely payments;
- (3) encourage participants to reduce usage and participate in conservation and energy efficiency measures that reduce the customer's bill and payment requirements; and
- (4) identify participants whose homes are most in need of weatherization.

(b) For purposes of this Section:

(1) "LIHEAP" means the energy assistance program established under the Illinois Energy Assistance Act and the Low-Income Home Energy Assistance Act of 1981.

(2) "Plan participant" is an eligible participant who is also eligible for the PIPP and who will receive either a percentage of income payment credit under the PIPP criteria set forth in this Act or a benefit pursuant to Section 4 of this Act. Plan participants are a subset of eligible participants.

(3) "Pre-program arrears" means the amount a plan participant owes for gas or electric service at the time the participant is determined to be eligible for the PIPP or the program set forth in Section 4 of this Act.

(4) "Eligible participant" means any person who has applied for, been accepted and is receiving residential service from a gas or electric utility and who is also eligible for LIHEAP.

(c) The PIP Plan shall be administered as follows:

(1) The Department shall coordinate with Local Administrative Agencies (LAAs), to determine eligibility for the Illinois Low Income Home Energy Assistance Program (LIHEAP) pursuant to the Energy Assistance Act, provided that eligible income shall be no more than 150% of the poverty level, except that for the period from the effective date of this amendatory Act of the 101st General Assembly through June 30, 2021, eligible income shall be no more than 200% of the poverty level. Applicants will be screened to determine whether the applicant's projected payments for electric service or natural gas service over a 12-month period exceed the criteria established in this Section. To maintain the financial integrity of the program, the Department may limit eligibility to households with income below 125% of the poverty level.

(2) The Department shall establish the percentage of income formula to determine the amount of a monthly credit, not to exceed \$150 per month per household, not to exceed \$1,800 annually; however, for the period from the effective date of this amendatory Act of the 101st General Assembly through June 30, 2021, the monthly credit for participants with eligible income over 100% of the poverty level may be as much as \$200 per month per household, not to exceed \$2,400 annually, and, the monthly credit for participants with eligible income 100% or less of the poverty level may be as much as \$250 per month per household, not to exceed \$3,000 annually. Credits ~~that~~ will be applied to PIP Plan participants' utility bills based on the portion of the bill that is the responsibility of the participant provided that the percentage shall be no more than a total of 6% of the relevant income for gas and electric utility bills combined, but in any event no less than \$10 per month, unless the household does not pay directly for heat, in which case its payment shall be 2.4% of income but in any event no less

than \$5 per month. The Department may establish a minimum credit amount based on the cost of administering the program and may deny credits to otherwise eligible participants if the cost of administering the credit exceeds the actual amount of any monthly credit to a participant. If the participant takes both gas and electric service, 66.67% of the credit shall be allocated to the entity that provides the participant's primary energy supply for heating. Each participant shall enter into a levelized payment plan for, as applicable, gas and electric service and such plans shall be implemented by the utility so that a participant's usage and required payments are reviewed and adjusted regularly, but no more frequently than quarterly. Nothing in this Section is intended to prohibit a customer, who is otherwise eligible for LIHEAP, from participating in the program described in Section 4 of this Act. Eligible participants who receive such a benefit shall be considered plan participants and shall be eligible to participate in the Arrearage Reduction Program described in item (5) of this subsection (c).

(3) The Department shall remit, through the LAAs, to the utility or participating alternative supplier that portion of the plan participant's bill that is not the responsibility of the participant. In the event that the Department fails to timely remit payment to the utility, the utility shall be entitled to recover all costs related to such nonpayment through the automatic adjustment clause tariffs established pursuant to Section 16-111.8 and Section 19-145 of the Public Utilities Act. For purposes of this item (3) of this subsection (c), payment is due on the date specified on the participant's bill. The Department, the Department of Revenue and LAAs shall adopt processes that provide for the timely payment required by this item (3) of this subsection (c).

(4) A plan participant is responsible for all actual charges for utility service in excess of the PIPP credit. Pre-program arrears that are included in the Arrearage Reduction Program described in item (5) of this subsection (c) shall not be included in the calculation of the levelized payment plan. Emergency or crisis assistance payments shall not affect the amount of any PIPP credit to which a participant is entitled.

(5) Electric and gas utilities subject to this Section shall implement an Arrearage Reduction Program (ARP) for plan participants as follows: for each month that a plan participant timely pays his or her utility bill, the utility shall apply a credit to a portion of the participant's pre-program arrears, if any, equal to one-twelfth of such arrearage provided that the total amount of arrearage credits shall equal no more than \$1,000 annually for each participant for gas and no more than \$1,000 annually for each participant for electricity. In the third year of the PIPP, the Department, in consultation with the Policy Advisory Council established pursuant to Section 5 of this Act, shall determine by rule an appropriate per participant total cap on such amounts, if any. Those plan participants participating in the ARP shall not be subject to the imposition of any additional late payment fees on pre-program arrears covered by the ARP. In all other respects, the utility shall bill and collect the monthly bill of a plan participant pursuant to the same rules, regulations, programs and policies as applicable to residential customers generally. Participation in the Arrearage Reduction Program shall be limited to the maximum amount of funds available as set forth in subsection (f) of Section 13 of this Act. In the event any donated funds under Section 13 of this Act are specifically designated for the purpose of funding the ARP, the Department shall remit such amounts to the utilities upon verification that such funds are needed to fund the ARP. Nothing in this Section shall preclude a utility from continuing to implement, and apply credits under, an ARP in the event that the PIPP or LIHEAP is suspended due to lack of funding such that the plan participant does not receive a benefit under either the PIPP or LIHEAP.

(5.5) In addition to the ARP described in paragraph (5) of this subsection (c), utilities may also implement a Supplemental Arrearage Reduction Program (SARP) for eligible participants who are not able to become plan participants due to PIPP timing or funding constraints. If a utility elects to implement a SARP, it shall be administered as follows: for each month that a SARP participant timely pays his or her utility bill, the utility shall apply a credit to a portion of the participant's pre-program arrears, if any, equal to one-twelfth of such arrearage, provided that the utility may limit the total amount of arrearage credits to no more than \$1,000 annually for each participant for gas and no more than \$1,000 annually for each participant for electricity. SARP participants shall not be subject to the imposition of any additional late payment fees on pre-program arrears covered by the SARP. In all other respects, the utility shall bill and collect the monthly bill of a SARP participant under the same rules, regulations, programs, and policies as applicable to residential customers generally. Participation in the SARP shall be limited to the maximum amount of funds available as set forth in subsection (f) of Section 13 of this Act. In the event any donated funds under Section 13 of this Act are specifically designated for the purpose of funding the SARP, the Department shall remit such amounts to the utilities upon verification that such funds are needed to fund the SARP.

(6) The Department may terminate a plan participant's eligibility for the PIP Plan upon notification by the utility that the participant's monthly utility payment is more than 45 days past due.

(7) The Department, in consultation with the Policy Advisory Council, may adjust the number of PIP Plan participants annually, if necessary, to match the availability of funds. Any plan participant who qualifies for a PIPP credit under a utility's PIPP shall be entitled to participate in and receive a credit under such utility's ARP for so long as such utility has ARP funds available, regardless of whether the customer's participation under another utility's PIPP or ARP has been curtailed or limited because of a lack of funds.

(8) The Department shall fully implement the PIPP at the earliest possible date it is able to effectively administer the PIPP. Within 90 days of the effective date of this amendatory Act of the 96th General Assembly, the Department shall, in consultation with utility companies, participating alternative suppliers, LAAs and the Illinois Commerce Commission (Commission), issue a detailed implementation plan which shall include detailed testing protocols and analysis of the capacity for implementation by the LAAs and utilities. Such consultation process also shall address how to implement the PIPP in the most cost-effective and timely manner, and shall identify opportunities for relying on the expertise of utilities, LAAs and the Commission. Following the implementation of the testing protocols, the Department shall issue a written report on the feasibility of full or gradual implementation. The PIPP shall be fully implemented by September 1, 2011, but may be phased in prior to that date.

(9) As part of the screening process established under item (1) of this subsection (c), the Department and LAAs shall assess whether any energy efficiency or demand response measures are available to the plan participant at no cost, and if so, the participant shall enroll in any such program for which he or she is eligible. The LAAs shall assist the participant in the applicable enrollment or application process.

(10) Each alternative retail electric and gas supplier serving residential customers shall elect whether to participate in the PIPP or ARP described in this Section. Any such supplier electing to participate in the PIPP shall provide to the Department such information as the Department may require, including, without limitation, information sufficient for the Department to determine the proportionate allocation of credits between the alternative supplier and the utility. If a utility in whose service territory an alternative supplier serves customers contributes money to the ARP fund which is not recovered from ratepayers, then an alternative supplier which participates in ARP in that utility's service territory shall also contribute to the ARP fund in an amount that is commensurate with the number of alternative supplier customers who elect to participate in the program.

(d) The Department, in consultation with the Policy Advisory Council, shall develop and implement a program to educate customers about the PIP Plan and about their rights and responsibilities under the percentage of income component. The Department, in consultation with the Policy Advisory Council, shall establish a process that LAAs shall use to contact customers in jeopardy of losing eligibility due to late payments. The Department shall ensure that LAAs are adequately funded to perform all necessary educational tasks.

(e) The PIPP shall be administered in a manner which ensures that credits to plan participants will not be counted as income or as a resource in other means-tested assistance programs for low-income households or otherwise result in the loss of federal or State assistance dollars for low-income households.

(f) In order to ensure that implementation costs are minimized, the Department and utilities shall work together to identify cost-effective ways to transfer information electronically and to employ available protocols that will minimize their respective administrative costs as follows:

(1) The Commission may require utilities to provide such information on customer usage and billing and payment information as required by the Department to implement the PIP Plan and to provide written notices and communications to plan participants.

(2) Each utility and participating alternative supplier shall file annual reports with the Department and the Commission that cumulatively summarize and update program information as required by the Commission's rules. The reports shall track implementation costs and contain such information as is necessary to evaluate the success of the PIPP.

(3) The Department and the Commission shall have the authority to promulgate rules and regulations necessary to execute and administer the provisions of this Section.

(g) Each utility shall be entitled to recover reasonable administrative and operational costs incurred to comply with this Section from the Supplemental Low Income Energy Assistance Fund. The utility may net such costs against monies it would otherwise remit to the Funds, and each utility shall include in the annual report required under subsection (f) of this Section an accounting for the funds collected.

Section 35-5. The Environmental Protection Act is amended by changing Sections 22.15, 55.6, and 57.11 as follows:

(415 ILCS 5/22.15) (from Ch. 111 1/2, par. 1022.15)

Sec. 22.15. Solid Waste Management Fund; fees.

(a) There is hereby created within the State Treasury a special fund to be known as the Solid Waste Management Fund, to be constituted from the fees collected by the State pursuant to this Section, from repayments of loans made from the Fund for solid waste projects, from registration fees collected pursuant to the Consumer Electronics Recycling Act, and from amounts transferred into the Fund pursuant to Public Act 100-433. Moneys received by the Department of Commerce and Economic Opportunity in repayment of loans made pursuant to the Illinois Solid Waste Management Act shall be deposited into the General Revenue Fund.

(b) The Agency shall assess and collect a fee in the amount set forth herein from the owner or operator of each sanitary landfill permitted or required to be permitted by the Agency to dispose of solid waste if the sanitary landfill is located off the site where such waste was produced and if such sanitary landfill is owned, controlled, and operated by a person other than the generator of such waste. The Agency shall deposit all fees collected into the Solid Waste Management Fund. If a site is contiguous to one or more landfills owned or operated by the same person, the volumes permanently disposed of by each landfill shall be combined for purposes of determining the fee under this subsection. Beginning on July 1, 2018, and on the first day of each month thereafter during fiscal years 2019 through 2021 and ~~2020~~, the State Comptroller shall direct and State Treasurer shall transfer an amount equal to 1/12 of \$5,000,000 per fiscal year from the Solid Waste Management Fund to the General Revenue Fund.

(1) If more than 150,000 cubic yards of non-hazardous solid waste is permanently disposed of at a site in a calendar year, the owner or operator shall either pay a fee of 95 cents per cubic yard or, alternatively, the owner or operator may weigh the quantity of the solid waste permanently disposed of with a device for which certification has been obtained under the Weights and Measures Act and pay a fee of \$2.00 per ton of solid waste permanently disposed of. In no case shall the fee collected or paid by the owner or operator under this paragraph exceed \$1.55 per cubic yard or \$3.27 per ton.

(2) If more than 100,000 cubic yards but not more than 150,000 cubic yards of non-hazardous waste is permanently disposed of at a site in a calendar year, the owner or operator shall pay a fee of \$52,630.

(3) If more than 50,000 cubic yards but not more than 100,000 cubic yards of non-hazardous solid waste is permanently disposed of at a site in a calendar year, the owner or operator shall pay a fee of \$23,790.

(4) If more than 10,000 cubic yards but not more than 50,000 cubic yards of non-hazardous solid waste is permanently disposed of at a site in a calendar year, the owner or operator shall pay a fee of \$7,260.

(5) If not more than 10,000 cubic yards of non-hazardous solid waste is permanently disposed of at a site in a calendar year, the owner or operator shall pay a fee of \$1050.

(c) (Blank).

(d) The Agency shall establish rules relating to the collection of the fees authorized by this Section. Such rules shall include, but not be limited to:

- (1) necessary records identifying the quantities of solid waste received or disposed;
- (2) the form and submission of reports to accompany the payment of fees to the Agency;
- (3) the time and manner of payment of fees to the Agency, which payments shall not be more often than quarterly; and
- (4) procedures setting forth criteria establishing when an owner or operator may measure by weight or volume during any given quarter or other fee payment period.

(e) Pursuant to appropriation, all monies in the Solid Waste Management Fund shall be used by the Agency and the Department of Commerce and Economic Opportunity for the purposes set forth in this Section and in the Illinois Solid Waste Management Act, including for the costs of fee collection and administration, and for the administration of (1) the Consumer Electronics Recycling Act and (2) until January 1, 2020, the Electronic Products Recycling and Reuse Act.

(f) The Agency is authorized to enter into such agreements and to promulgate such rules as are necessary to carry out its duties under this Section and the Illinois Solid Waste Management Act.

(g) On the first day of January, April, July, and October of each year, beginning on July 1, 1996, the State Comptroller and Treasurer shall transfer \$500,000 from the Solid Waste Management Fund to the

Hazardous Waste Fund. Moneys transferred under this subsection (g) shall be used only for the purposes set forth in item (1) of subsection (d) of Section 22.2.

(h) The Agency is authorized to provide financial assistance to units of local government for the performance of inspecting, investigating and enforcement activities pursuant to Section 4(r) at nonhazardous solid waste disposal sites.

(i) The Agency is authorized to conduct household waste collection and disposal programs.

(j) A unit of local government, as defined in the Local Solid Waste Disposal Act, in which a solid waste disposal facility is located may establish a fee, tax, or surcharge with regard to the permanent disposal of solid waste. All fees, taxes, and surcharges collected under this subsection shall be utilized for solid waste management purposes, including long-term monitoring and maintenance of landfills, planning, implementation, inspection, enforcement and other activities consistent with the Solid Waste Management Act and the Local Solid Waste Disposal Act, or for any other environment-related purpose, including but not limited to an environment-related public works project, but not for the construction of a new pollution control facility other than a household hazardous waste facility. However, the total fee, tax or surcharge imposed by all units of local government under this subsection (j) upon the solid waste disposal facility shall not exceed:

(1) 60¢ per cubic yard if more than 150,000 cubic yards of non-hazardous solid waste is permanently disposed of at the site in a calendar year, unless the owner or operator weighs the quantity of the solid waste received with a device for which certification has been obtained under the Weights and Measures Act, in which case the fee shall not exceed \$1.27 per ton of solid waste permanently disposed of.

(2) \$33,350 if more than 100,000 cubic yards, but not more than 150,000 cubic yards, of non-hazardous waste is permanently disposed of at the site in a calendar year.

(3) \$15,500 if more than 50,000 cubic yards, but not more than 100,000 cubic yards, of non-hazardous solid waste is permanently disposed of at the site in a calendar year.

(4) \$4,650 if more than 10,000 cubic yards, but not more than 50,000 cubic yards, of non-hazardous solid waste is permanently disposed of at the site in a calendar year.

(5) \$650 if not more than 10,000 cubic yards of non-hazardous solid waste is permanently disposed of at the site in a calendar year.

The corporate authorities of the unit of local government may use proceeds from the fee, tax, or surcharge to reimburse a highway commissioner whose road district lies wholly or partially within the corporate limits of the unit of local government for expenses incurred in the removal of nonhazardous, nonfluid municipal waste that has been dumped on public property in violation of a State law or local ordinance.

A county or Municipal Joint Action Agency that imposes a fee, tax, or surcharge under this subsection may use the proceeds thereof to reimburse a municipality that lies wholly or partially within its boundaries for expenses incurred in the removal of nonhazardous, nonfluid municipal waste that has been dumped on public property in violation of a State law or local ordinance.

If the fees are to be used to conduct a local sanitary landfill inspection or enforcement program, the unit of local government must enter into a written delegation agreement with the Agency pursuant to subsection (r) of Section 4. The unit of local government and the Agency shall enter into such a written delegation agreement within 60 days after the establishment of such fees. At least annually, the Agency shall conduct an audit of the expenditures made by units of local government from the funds granted by the Agency to the units of local government for purposes of local sanitary landfill inspection and enforcement programs, to ensure that the funds have been expended for the prescribed purposes under the grant.

The fees, taxes or surcharges collected under this subsection (j) shall be placed by the unit of local government in a separate fund, and the interest received on the moneys in the fund shall be credited to the fund. The monies in the fund may be accumulated over a period of years to be expended in accordance with this subsection.

A unit of local government, as defined in the Local Solid Waste Disposal Act, shall prepare and distribute to the Agency, in April of each year, a report that details spending plans for monies collected in accordance with this subsection. The report will at a minimum include the following:

- (1) The total monies collected pursuant to this subsection.
- (2) The most current balance of monies collected pursuant to this subsection.
- (3) An itemized accounting of all monies expended for the previous year pursuant to this subsection.
- (4) An estimation of monies to be collected for the following 3 years pursuant to this subsection.
- (5) A narrative detailing the general direction and scope of future expenditures for

one, 2 and 3 years.

The exemptions granted under Sections 22.16 and 22.16a, and under subsection (k) of this Section, shall be applicable to any fee, tax or surcharge imposed under this subsection (j); except that the fee, tax or surcharge authorized to be imposed under this subsection (j) may be made applicable by a unit of local government to the permanent disposal of solid waste after December 31, 1986, under any contract lawfully executed before June 1, 1986 under which more than 150,000 cubic yards (or 50,000 tons) of solid waste is to be permanently disposed of, even though the waste is exempt from the fee imposed by the State under subsection (b) of this Section pursuant to an exemption granted under Section 22.16.

(k) In accordance with the findings and purposes of the Illinois Solid Waste Management Act, beginning January 1, 1989 the fee under subsection (b) and the fee, tax or surcharge under subsection (j) shall not apply to:

(1) waste which is hazardous waste;

(2) waste which is pollution control waste;

(3) waste from recycling, reclamation or reuse processes which have been approved by the Agency as being designed to remove any contaminant from wastes so as to render such wastes reusable, provided that the process renders at least 50% of the waste reusable;

(4) non-hazardous solid waste that is received at a sanitary landfill and composted or recycled through a process permitted by the Agency; or

(5) any landfill which is permitted by the Agency to receive only demolition or construction debris or landscape waste.

Sec. 57.11. Underground Storage Tank Fund; creation.

(a) There is hereby created in the State Treasury a special fund to be known as the Underground Storage Tank Fund. There shall be deposited into the Underground Storage Tank Fund all moneys received by the Office of the State Fire Marshal as fees for underground storage tanks under Sections 4 and 5 of the Gasoline Storage Act, fees pursuant to the Motor Fuel Tax Law, and beginning July 1, 2013, payments pursuant to the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act. All amounts held in the Underground Storage Tank Fund shall be invested at interest by the State Treasurer. All income earned from the investments shall be deposited into the Underground Storage Tank Fund no less frequently than quarterly. In addition to any other transfers that may be provided for by law, beginning on July 1, 2018 and on the first day of each month thereafter during fiscal years 2019 through 2021 and 2020 only, the State Comptroller shall direct and the State Treasurer shall transfer an amount equal to 1/12 of \$10,000,000 from the Underground Storage Tank Fund to the General Revenue Fund. Moneys in the Underground Storage Tank Fund, pursuant to appropriation, may be used by the Agency and the Office of the State Fire Marshal for the following purposes:

(1) To take action authorized under Section 57.12 to recover costs under Section 57.12.

(2) To assist in the reduction and mitigation of damage caused by leaks from underground storage tanks, including but not limited to, providing alternative water supplies to persons whose drinking water has become contaminated as a result of those leaks.

(3) To be used as a matching amount towards federal assistance relative to the release of petroleum from underground storage tanks.

(4) For the costs of administering activities of the Agency and the Office of the State Fire Marshal relative to the Underground Storage Tank Fund.

(5) For payment of costs of corrective action incurred by and indemnification to operators of underground storage tanks as provided in this Title.

(6) For a total of 2 demonstration projects in amounts in excess of a \$10,000 deductible charge designed to assess the viability of corrective action projects at sites which have experienced contamination from petroleum releases. Such demonstration projects shall be conducted in accordance with the provision of this Title.

(7) Subject to appropriation, moneys in the Underground Storage Tank Fund may also be used by the Department of Revenue for the costs of administering its activities relative to the Fund and for refunds provided for in Section 13a.8 of the Motor Fuel Tax Act.

(b) Moneys in the Underground Storage Tank Fund may, pursuant to appropriation, be used by the Office of the State Fire Marshal or the Agency to take whatever emergency action is necessary or appropriate to assure that the public health or safety is not threatened whenever there is a release or substantial threat of a release of petroleum from an underground storage tank and for the costs of administering its activities relative to the Underground Storage Tank Fund.

(c) Beginning July 1, 1993, the Governor shall certify to the State Comptroller and State Treasurer the monthly amount necessary to pay debt service on State obligations issued pursuant to Section 6 of the General Obligation Bond Act. On the last day of each month, the Comptroller shall order transferred and the Treasurer shall transfer from the Underground Storage Tank Fund to the General Obligation Bond Retirement and Interest Fund the amount certified by the Governor, plus any cumulative deficiency in those transfers for prior months.

Section 70-10. The Illinois Municipal Code is amended by changing Section 11-101-3 as follows:

(65 ILCS 5/11-101-3)

Sec. 11-101-3. Noise mitigation; air quality.

(a) A municipality that has implemented a Residential Sound Insulation Program to mitigate aircraft noise shall perform indoor air quality monitoring and laboratory analysis of windows and doors installed pursuant to the Residential Sound Insulation Program to determine whether there are any adverse health impacts associated with off-gassing from such windows and doors. Such monitoring and analysis shall be consistent with applicable professional and industry standards. The municipality shall make any final reports resulting from such monitoring and analysis available to the public on the municipality's website. The municipality shall develop a science-based mitigation plan to address significant health-related impacts, if any, associated with such windows and doors as determined by the results of the monitoring and analysis. In a municipality that has implemented a Residential Sound Insulation Program to mitigate aircraft noise, if requested by the homeowner pursuant to a process established by the municipality, which process shall include, at a minimum, notification in a newspaper of general circulation and a mailer sent to every address identified as a recipient of windows and doors installed under the Residential Sound Insulation Program, the municipality shall replace all windows and doors installed under the Residential Sound Insulation Program in such homes where one or more windows or doors have been found to have caused offensive odors. Only those homeowners who request that the municipality perform an odor inspection as prescribed by the process established by the municipality within 6 months of notification being published and mailers being sent shall be eligible for odorous window and odorous door replacement. Homes that have been identified by the municipality as having odorous windows or doors are not required to make said request to the municipality. The right to make a claim for replacement and have it considered pursuant to this Section shall not be affected by the fact of odor-related claims made or odor-related products received pursuant to the Residential Sound Insulation Program prior to June 5, 2019 (the effective date of this Section). The municipality shall also perform in-home air quality testing in residences in which windows and doors are replaced under this Section. In order to receive in-home air quality testing, a homeowner must request such testing from the municipality, and the total number of homes tested in any given year shall not exceed 25% of the total number of homes in which windows and doors were replaced under this Section in the prior calendar year.

(b) An advisory committee shall be formed, composed of the following: (i) 2 members of the municipality who reside in homes that have received windows or doors pursuant to the Residential Sound Insulation Program and have been identified by the municipality as having odorous windows or doors, appointed by the Secretary of Transportation; (ii) one employee of the Aeronautics Division of the Department of Transportation; and (iii) 2 employees of the municipality that implemented the Residential Sound Insulation Program in question. The advisory committee shall determine by majority vote which homes contain windows or doors that cause offensive odors and thus are eligible for replacement, shall promulgate a list of such homes, and shall develop recommendations as to the order in which homes are

[May 23, 2020]

to receive window replacement. The recommendations shall include reasonable and objective criteria for determining which windows or doors are odorous, consideration of the date of odor confirmation for prioritization, severity of odor, geography and individual hardship, and shall provide such recommendations to the municipality. The advisory committee shall comply with the requirements of the Open Meetings Act. The Chicago Department of Aviation shall provide administrative support to the commission. The municipality shall consider the recommendations of the committee but shall retain final decision-making authority over replacement of windows and doors installed under the Residential Sound Insulation Program, and shall comply with all federal, State, and local laws involving procurement. A municipality administering claims pursuant to this Section shall provide to every address identified as having submitted a valid claim under this Section a quarterly report setting forth the municipality's activities undertaken pursuant to this Section for that quarter. However, the municipality shall replace windows and doors pursuant to this Section only if, and to the extent, grants are distributed to, and received by, the municipality from the Sound-Reducing Windows and Doors Replacement Fund for the costs associated with the replacement of sound-reducing windows and doors installed under the Residential Sound Insulation Program pursuant to Section 6z-20.1 of the State Finance Act. In addition, the municipality shall revise its specifications for procurement of windows for the Residential Sound Insulation Program to address potential off-gassing from such windows in future phases of the program. A municipality subject to the Section shall not legislate or otherwise regulate with regard to indoor air quality monitoring, laboratory analysis or replacement requirements, except as provided in this Section, but the foregoing restriction shall not limit said municipality's taxing power.

(c) A home rule unit may not regulate indoor air quality monitoring and laboratory analysis, and related mitigation and mitigation plans, in a manner inconsistent with this Section. This Section is a limitation of home rule powers and functions under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

(d) This Section shall not be construed to create a private right of action.

(f) The Department may establish by rule administrative procedures for the grant program, including any application procedures, grant agreements, certifications, payment methodologies, and other accountability measures that may be imposed upon participants in the program.
